Physical Description: 61 boxes

Series Scope and Content Summary

The contents represent both regional and national periodicals. The publishers are both small and large, thus print quality varies from newspaper to newspaper. Few titles contain a complete print run, but holdings for many of the periodicals are chronologically contiguous. Certain individual issues are not complete representations of the full issue.

Arrangement

This single series collection is arranged alphabetically by title. Each title is arranged by publication number and then by edition number. If there is no publication or edition number, the items are arranged chronologically. Numerical titles are listed in chronological order before the alphabetical listing.
