...the most successful of them all: "La Torre," the pleasant color combination used.

The keynote of the annual—activity and entertainment—appears throughout in numbers, shadow technique pictures on the di

visions, and in the clever cartoons and art work done by Michael Angelo and Donald Wells, respectively.

Adding Mary Bixby and Ray Khodoe is organizing material for the La Torre staff, composed of Jessie McGraw, Charles Finkham, Patricia Hady, Steve Marshak, Katherine Epps, Louise Hooen, Harry Jenny, Michael Angelo, Richard Weir, Deborah Prentice, and Corinne Kibler.

Members of the appointment staff are: Eugene C. Lila, William Beddoe, and Deborah Prentice.

Each member of the staff has been given full responsibility in his position, and with the cooperation of the campus organizations, the La Torre should be ready for circulation a month ahead of the usual time, as the editors plan.

PICTURE REQUIREMENTS

In order to complete all necessary preliminary arrangements, pictures which will be used in the annual and immediately forthcoming appointments may be made in the La Torre office, but all other arrangements for picture use may be made at the Peter Pavley studio at Second and Seventh.

Dr. Holliday Pens Magazine Article On The Heathen

"Why Do The Heathens Rage?" an article by Dr. Holliday is included in the December issue of "The Catho-

lic World." It follows in part.

Why do the heathens rage against me?

I feel like repeating that cry of an-

night of the ancient prophet whenever I read about division of some of our mo-

tions modern religious questions.

America is the only occidental world that puts up with a constant barrage of heaven-thought aimed at every custom and ideal held for

mankind. We are ready to and send

Pegasus Holds First Meeting of Quarter; Jean Smith Presides

Pratt, literary honor society, led by

Jean Smith as president, held its first meeting of the quarter in room 11 of the education building. The club out-

lined its plans for the coming quarter, which will do away entirely with business procedure and instead devote all to active contribution of

of manuscript.

The best of manuscripts will be pri-

ce with a prize essay in the S.F. Times, Catherine Wodrow will be in

charge of this part of the plans.

Plots are little made to have different

literary men from different university of Calif-

nia or Stanford lead a group discus-

sion concerning their literary field.

The members are now writing for the Pratt Current which will close on

June 15. Some very good material is expected from the group.

**SPARTAN SPIRITS**

By R. GRANT & CONWAY

Hardly enough can be said about that splendid exhibition of basketball turn- out by the deem Spartans last week. No one can claim to have been more enthusiastic than when we saw the players face the court at the last request of Don McDonald to try to get more of them on the floor.

Both Haubert takes the liberal decision for the price shot of the evening. Must have been with that one that beat us last. But...

We are naturally surprised at the poor performance of the Pacific quintet as it is not like the sort of thing we have been used to.

The Stanford representative proved capable of developing the finishing touches. They have a shot to their advantage, for the sort of thing they do not do, but the limit of his loop.

One of America's finest quarterbacks proved that he was the man to produce the finishing touches. Unfortunately for their advantage as they were unable to follow the limit of their loop.

The Stanford representative proved capable of developing the finishing touches.

Another commendable exhibition of what he is capable of doing under pressure, is no bad business, and for the season this has been perfect, but Conencann turned it out at 11 attempts at the basket. With the period, which is better than 90%

**STATE FROSH TRIM BIG BOYS OF MONTEREY**

By Everett Lyda

The Spartans faced the Mon. in Monterey last Friday and scored 44 to 18 to the advantage of the Pacific at the Monterey Saturday night.

The first quarter ended with the score tied at 6.

The second quarter ended with the score tied at 18.

The Mon. were used to playing against a much smaller team and most of their shots fell short or missed the basket. After the insertion of Brown, Brown and Rienert returned the scores to give the Mon. 60 points, but the Mon. still missed shots in their basket. The Mon. led 21 to 10 to the second half. But Rienert ran the score up to 78 before the team was able to escape to the Monterey.

The high lights of the game were Brown and Rienert running up the scores with their fast break play and Brown's steady all-around play.

**Marty and Graber To Enter Eastern Meet**

Walter Martin and Bill Graber, two California world record holders in the mile and the two hundred-yard dash respectively, entered in the eastern indoor limits. They will enter competition in four events this year. They are from the Minneola, Boston A.U., New York A.U. and the New York A.U.

At the same time that Dan Fenn, secretary of the Amateur Athletic Union received the notices of Marty and Graber, he received a notice from Sam Garrett, holder of the world record in the half mile, that he would be unable to attend the meet because of school work.

Tilden Picks World's Leading Neatmen

Upon request, Tilden picked the following players and placed them accordingly:

The selection was based upon the following:

1. The selection of the players for this list plus the combination of "two men's" and "one man's" who have been chosen in addition to the other ten men.

2. The fact that the ten best men have been chosen in addition to the other ten men.

3. The fact that the ten best men have been chosen in addition to the other ten men.

4. The fact that the ten best men have been chosen in addition to the other ten men.

9. The fact that the ten best men have been chosen in addition to the other ten men.

10. The fact that the ten best men have been chosen in addition to the other ten men.

Willard LeeCoys deserves a good deal of credit for the way he has administered the organization. The Mon. seem to be the men's team at the moment.

The Sage of Sokomo

The Sage of Sokomo can think of several things the world could easily do without. They are briefly:

- cracks about Garbo’s feet and Gable’s ears, the Barymore profile, Connie Bennett, poetry in general, high-salad movie magnates, and Benny Rubin.

- And, by cracky, there’s a few things right around this institution that could use plenty of correcting.

- The system cannot give justice in many cases. For instance, if you didn’t know it but your life is really a collection of very small, very familiar curves.

- The Sage of Sokomo can think of several things that will replace it without causing too much trouble for the exponents of the inevitable curve.

Ladies And Gentlemen

Well ladies and gentlemen, I greet you . . . with a little something that will warm the cockles of your tickled little hearts . . . Won’t tell you, I mean everyone is Hick, inconsiderate, ego-satiating . . . people who are not . . . people who have tamed human nature . . . saddled themselves with the mark of property . . . and deserve the name of a true lady or a true gentleman.

There are very few ladies and gentlemen in the world . . . but it is something to strive to be lady . . . Oh, yes, you have to strive for such a goal . . . don’t ever let anyone tell you that you are a born lady or gentleman . . . and all you have to do is sit down and enjoy your great talent! . . .

Who brought this up anyway? . . . Betty Wood was out at a certain place last Monday night with “Cow” Anderson . . . and there was again the next woman with the same name! . . .

I’ll be seeing you . . .

I understand that this Friday (it will be last Fri- day when you read this) that the Inter-Fraternity Council is having a small dinner at the Oh Grill. And these young men will be delightedly entertained by a dancer and a picture featuring . . . JEAN HARLOW!!!

Oh, yes, Marjorie Atkinson and Helen Durnham were seen out at a certain place . . . and Marjorie was without the old fashion.

Did you know that there is a mural painted by that celebrated artist Riverra, in San Francisco? Yes, it is in an art school on Green Street . . . out of the way, but majestic and beautiful in its peculiar setting. Did you know that Riverra was lit- tled several years ago in his home? Were you ever sorry you didn’t come to the show? But I wonder if anyone was.

The city . . . Riverra had learned the art of sculpture, another step in an already accomplished career. Member of the city council, Riverra is a man of the people.

Speaking of symphonies, he con- tinues to give the college orchestra his personal approval. Did you ever hear of the symphonies of Brahms and Dvorak? Mr. Riverra has been heard of a song or two, too. In fact, another step in an already accomplished career.

The Sage of Sokomo is having a smoker at the Country Club! The Sage of Sokomo.

Why is it that no flowers have ever been planted in the bed that is now a rosebush? Who’s to say that Dvorak would be the first to say that Dvorak is the best? . . .

That is something that will replace it without causing too much trouble for the exponents of the inevitable curve. . . .
