

Phelan Committee Asks That Works Be Sent In

Students Are Asked To Submit Manuscripts In Award Contest Here

Trust Fund Willed By Late Senator Phelan Makes Prizes Available

Have you handed in your manuscript for the Phelan Contest? If not do so at once as material has begun to come in. It is urged that all manuscripts be enclosed in a cover with owner's name on same as names should not be on the material.

This contest is a good chance to build up that much depleted pocket book at an early date as the deadline has been set for March 15th. This not only gives the judges ample time for their selections but also time for a program for the prize material.

Just think \$350 divided in approximately twenty prizes. Although the prizes this year are slightly smaller due to the economic depression which decreased their interest of the \$10,000 trust fund given by Senator Phelan they are still large enough to demand considerable attention from a majority of the students.

The prize money is divided up as follows: Essays, Story Story, and One-act play receive First prize, \$21.00, second prize, \$14.00, third prize \$7.00. Poetry, narrative, sonnets, and lyric will receive first, second and third prizes of \$28.00, \$14.00, and \$7.00 respectively.

In connection with receiving the awards all manuscripts which have received prizes or honorable mention will be printed in the one and only edition of the El Portal which will be issued in May.

Men's Verse Choir Entertains Kiwanis Club at Convention

Ronald Linn, Joel Carter, and Kenneth Addicott presented a program of verse choir selections at the recent convention of presidents of the national Kiwanis club held at Casa del Rey in Santa Cruz last week-end.

The convention delegates included presidents, vice-presidents, lieutenants, and friends. Over four hundred members were present at the affair.

Including in their program many of the familiar poetic selections familiar to San Jose students, the men of the verse choir presented "Gunga Din", "Dead Man's Song", and a group of satirical poems on women, one of which was "Smoke Rings". All numbers were well received by the delegates.

Also appearing on the program were vocal soloists and instrumental numbers. Dr. DeVoss arranged the appearance of the three men from San Jose State.

Student Union Will Soon Be Made Over

The CWA workers who have been assisting in improving the grounds and constructing the Spartan Stadium, will be available for work on the Spartan Union shortly.

Frank Covello, student body president, wishes to know what improvements the students favor most in the building. So far the following suggestions have been received: card tables, dance floor and rugs, piano, magazines, newspapers, fireplace, radiola.

Any other suggestions will be welcomed and given due consideration by the committee. All suggestions should be left at the Times office.

Northern Idea Is Background For S. B. Dance

Music by the Zeigler-Ferren dance orchestra, snappy decorations planned by Bob Leslie of the art department, and we're off for the big student body dance in the men's gym tonight from 9 to 12. Elmer Stoll, who has been responsible for the success of other Student Body dances this quarter, is again in charge.

Offering some of its popular rumba numbers and featuring Jack Fidanque and Judy Wade, former Fanchon-Marco star, the orchestra is set to score one more hit with college dancers. Judy Wade will perform some of her unusual and sensational dance features.

The decoration plans are based on the snowy North theme. Northern lights, igloos, and broad fields of snowy white will provide the setting for the hot numbers of the orchestra. Bob Leslie is the chief designer, and he is assisted by Michael Angelo and a large committee in working out this theme.

No admission except Student Body cards will be charged students. One outside guest is allowed a Student Body member, and the admission charge for this guest will be twenty-five cents. No stags admitted.

The other committee members are: Bertha Carr, Alice Wilson, Catherine Hoffmeister, Arline Langhart, Pete Green, Wilbur Davis, Louise Hocum, Jim Dunlap, Jim Grimsley, Ky Martin, Merritt Metcalf, George Harrison, and Arthur Von Zook.

Night Club Idea Being Planned As Novel Prom Feature

The atmosphere and glamour of a night club, and a good dance orchestra are promised by the Junior class for their Prom to be held Saturday night, February 3 at the San Jose Women's Club.

The decoration committee under the direction of Geneva Payne are planning to convert the club into a night club. Small tables will be placed around the floor; colored lights and special decorating effects will lend to the night club atmosphere. A floor show of professional talent has been secured by the Juniors, and is expected to be the feature of the evening.

Carmen Dragon's ten piece orchestra, which has lately been playing in Hawaii, is to provide the dance music and also several intermission and specialty numbers. Refreshments of the best kind are to be served to the guests at the Prom.

Tickets for the Night Club prom are now on sale to any member of the student body for only \$1.25 each. Get them in the Controller's office or from any member of the Junior Prom ticket selling committee.

College Rainbow Girls Form Local Club

Twenty-four Rainbow girls from all parts of the state became charter members of the newly organized college Rainbow club at its initial meeting last Friday. This organization representing nine assemblies of the Order of Rainbow for Girls, will be patterned after similar clubs at Stanford University and San Mateo Junior College.

Louise Bendelich is chairman of the local group, Rosamond Rhoads is secretary, and Florine Goldeen is reporter.

An invitation is extended to all Rainbow Girls to attend the next meeting at noon on Friday, January 26 in room 24.

MACQUARRIE FINDS COST PER STUDENT LOWER THIS YEAR

Following a recent visit here of Mr. J. C. Burkman, advisor from Sacramento to teachers colleges, San Jose State proved to be the third from the bottom on the lists of costs with \$192 per student per year.

Dr. MacQuarrie announced that he was pleased with the figures given. Contrasted with those presented to the legislature two years ago when the cost was \$210., those compiled lately showed the San Jose college in a very favorable light.

"We are doing pretty well considering the fact that we have many expensive classes", President MacQuarrie said. "Our method of practice-teaching in the public schools rather than a special one maintained on the campus has greatly reduced our expenses."

Figures given by Mr. Burkman listed San Diego with \$169 per student per year; San Francisco, \$191; San Jose State \$192; Fresno \$199; Santa Barbara \$221; Chico, \$261; and Humboldt, about the most expensive, \$275.

The reason for San Diego having the lowest cost, according to Dr. MacQuarrie is the fact that San Diego has more students registered in the lower division, 68 per cent in the lower and only two per cent in the upper.

San Jose State is the only teachers college in California to have the upper division larger.

Sixty-one per cent of the population of San Jose State are registered in the upper division and 39 in the lower. This naturally entails a greater cost than San Jose since the upper division classes are more expensive, smaller, and greater in number than those of the lower division group.

President MacQuarrie believes that San Francisco State College costs are less than San Jose State because San Francisco offers less courses than San Jose. San Francisco offers no industrial arts courses, and has practically no homemaking classes.

San Jose State College, according to Dr. MacQuarrie is the only one in California that offers work in all the fields, including science, homemaking, art, and music.

Full Week For Fall Registration Period

That September 12-17 will be the period for registration for the autumn quarter this year, was decided by the Registration Committee last week.

Students will be allowed to secure registration booklets on Wednesday, September twelfth and register in the department head's offices from the thirteenth to the seventeenth.

The plan was introduced by Dr. DeVoss to the senior class recently; it was approved of to a great extent by the class.

"This plan tends to reduce the usual waiting line that is quite noticeable on registration day, and gives the students a chance to receive better advice and more attention from the advisers," explained Joe West, registrar.

College Administration Will Settle Arguments Of Student Officers

Frequent Financial Reports Is One Of Major Points Of Discussion

For two and a half hours four students were closeted yesterday with Dr. MacQuarrie and vice president Minssen in an attempt to straighten out the situation of "secrecy" surrounding the money derived from student fees.

The students, Dario Simoni, Clarence Naas, Bob Leland, and Frank Covello are attempting with the aid of president MacQuarrie and Mr. Minssen to clear up the difficulties surrounding student finances and the budget of student activities.

As a result of the conference, a thorough investigation will be conducted by the president and vice-president of the college in conjunction with Dr. Petersen, financial advisor, and Mr. Thomas, controller. The four men will meet with Naas, student chairman of finance, with a view to making the controller's office more efficient.

Under the budget change suggested by Naas and Leland, the "Times" would receive a sum approximating \$250 a quarter more than in previous years. "Such an arrangement," Leland stated, "would allow the Times to be put out a daily without curtailing its activities for fear of running over its budget. A good paper is a wonderful advertising campaign for any college."

The conferences of the past week have come as the culmination of combined student effort in a drive to make student finances available for publication. In the past, accounts have not been made public and it has led to a great deal of dissention on the part of some students who did not know the true situation and had to rely on supposition.

It is certain that the situation will be remedied as soon as possible by the combined efforts of students and faculty most interested in the welfare of this situation. The student leaders have defined their intentions of carrying the fight to a successful conclusion and Dr. MacQuarrie has promised to back them insofar as he is able.

A. W. S. Council Holds Supper For Freshmen

Honoring the new freshmen women, the A.W.S. Council held a supper meeting last Thursday evening in their club room on the campus.

Following supper, a business meeting was held, with president Evelyn Pritchard presiding. Kathleen McCarthy, new president of the Spartan Spears, explained the purpose of that organization and its plans for joining the national group, Spurs.

Elizabeth Simpson, who is conducting arrangements for Recreation Night, which is to occur Friday, February 23, announced the general program, consisting of recreational swimming at 8 o'clock, followed by exhibition swimming at 9 o'clock. Under the direction of the W.A.A., games will be played in the gym during the interim. Dancing will start at ten-thirty, with no outside guests allowed, the affair being strictly for the student body. Stags, however, will be permitted.

A letter from the A.W.S. of Fresno State College, announcing that they are hostesses this year in the Alta California Conference, was read to the Council. Appointment of delegates to this convention was postponed until the next meeting, which will be held on Thursday at 5 o'clock in the A.W.S. clubroom.

MEN'S GLEE CLUB FEED POSTPONED FOR LACK OF SUFFICIENT DINERS

The date for the annual "feed" of the men's glee club is being held up until some new members come over to join. Any man who likes to sing is welcome to come to the meetings of the glee club on Tuesday and Wednesday evenings at 6:45 in the music building. Charles Hansen, director, announces that the club needs new members.

Several out-of-town trips are being arranged for the group as soon as it has been organized. Montezuma School for Boys and the Community House in Palo Alto are two of the places to be visited. Besides these, the club will meet many local engagements, among them the annual concert.

The repertoire of the Glee Club has been increased by several new numbers. "David Jazz", by Joseph Wagner; "The Pirates" by Frederick Converse; "Youth", by Paul Allen; and Vene's "A Sea Dirge" are among these.

Allenian to Hold Their Formal At Belle Monte

Allenian Society will hold its yearly formal at the Belle Monte Country Club Saturday evening, January 27, according to Blanche Miller, president of the society.

Members of the group who are working on committees for the success of the dance are Phoebe Hamilton, general chairman; Marion Neuman, music; Dorothy Vail and Betty Philpott, refreshments; and Jane Elliot, programs.

Primary Groups Work On Interest Centers

The primary curriculum classes are stressing centers of interest this quarter by having unusual interest centers in Room 153 and 157. A beauty table, a nature table, and bulletin boards are part of the class work and the students are having actual experience in planning and presenting these centers. Miss Crumby's 8 o'clock class had charge for the first two weeks, Mrs. Walsh's 9 o'clock for the present two weeks, and Miss DeVore's and Mrs. Gray's classes will have charge of the centers during the coming weeks. A cordial invitation is extended to all who are interested to come in and examine the different centers.

Yvonne Castle, who has just returned from a very successful season with the Carmel Players where she plays Portia in "The Merchant of Venice", plays the leading role of Kitty Dick Lewis whose work is well known at State, plays opposite her. Also in the cast are Marjorie Collins, who does Baccalaureate, the eccentric old Frenchman and is exceptional in the part, Victor O'Neil, Ruth Sandkuhl, and Arlene Anthony.

Spartans Off On Reno Trek

SPARTAN SPURTS

By
Bertrandias & Conroy

And while you folks are reading this, Coach H. C. McDonald and his little band of Basketeers are well on their way to the "Biggest Little City in the World", where they confront the "big bad Wolfpack" of the University of Nevada.

Just another hurdle for the Spartans in their determined effort to go to town in the Far Western Conference this year, and if they clear it successfully, we predict a favorable future for them.

Carrying twelve of his best, Coach McDonald will be strong in reserve strength, when the locals clash with the Nevada outfit, and should they play the inspired style of basketball they exhibited against a surprised Pacific Tiger, we sincerely believe they should come home with a couple of wolf hides.

It makes us feel rather badly to see our Spartan stick wielders take such a drubbing from the Cardinal nine, but it was just one of those things.

We have to take into consideration the fact that it was the first game for the San Jose boys this season, and we look for better things to come in the near future.

The boys couldn't get together and the Cardinal club seemed to have what it takes, pounding the apple all over the lot at the expense of the Spartan chackers.

Coming in the form of a complaint is the demand for bigger and better competition for our aspiring yearling hoopers, who consider themselves worthy of far superior competition than that which they have been encountering in the past; and some of those scheduled for the future appear to be in the kumby down category.

We have an excellent freshman hoop aggregation, a bunch of fellows who are willing and capable of taking on some tough outfits, but who have, in the past, been favored with push-overs for the most part.

There must be a few good outfits in the valley or some such approximate vicinity that would be willing to give this snappy bunch of Spartan babes a good workout, and if they don't get one soon, chances are they'll turn stale.

How about some Stanford frosh, Santa Clara Frosh, and maybe one or two Jaysee's thrown in? How can we tell to what heights the youngsters can go if they aren't pressed to victory?

House of David Cagers Meets Jacob's Five

Something novel in the way of basketball will be offered tonight in the San Jose High School Gymnasium when the local Leon Jacobs Clothiers take on the colorful House of David Bearded Giants. The bewhiskered boys had the crowd at Redwood City Thursday night in hysterics during the entire game with their clever antics on the court. Besides displaying their famous "pepper game" the House of David has demonstrated that they can play real basketball with a record of fifty-one wins out of fifty five games this year.

The Leon Jacobs team is composed mostly of S. J. State students and alumni with Bill Hubbard, Earl Goodell, Bill Niles, "Soapy" Dick Johnson, Bud Schnable, Jay Tod, "Flash" Olsen, and Jim Sweeney among them. The ex-Staters have won seventeen out of twenty games this year.

San Jose State students will be admitted for twenty-five cents.

Want Something Spartans?

Spartans Tangle With Wolf Under Travel Difficulty

Early this morning Coach Hovey C. McDonald and a squad of aspiring Spartans entrained for Reno, Nevada, where they will meet the University of Nevada quintet in a two game Far Western Conference series this week-end.

Psychologically speaking the Spartans are on the spot for the Nevada contests. While the San Joseans are riding on the crest of a recent Conference victory over Pacific, the Nevada Wolfpack is still smarting from their double set-back at the hands of Chico State last week.

Captain Hank Leibrandt will have to lead his men to battle against more than five opposing Nevadans. Among other objects the Spartans will be forced to fight on—strange court, high altitude, and train legs.

Playing on Nevada's home floor is going to go tough with the locals, particularly with the Wolves out to avenge their recent Chico disasters. For the Reno cagers this will be the opening of the 1934 F.W.C. race before their own student body, and the boys will give everything they have to beat the Spartans and put themselves back in the Conference running.

High altitude, an alibi which many a coach has offered on returning from the divorce city defeated, still carries some weight. Leibrandt is the only Spartan having had playing experience in Reno. The remainder of the squad never having played in such a high altitude might find their breath coming harder and legs getting wearier sooner than they expected. McDonald will find strong second string at his call tonight and tomorrow nights.

The Spartans are in a position to be hampered by "training legs" in this evening's encounter, as they will be riding the rails from six this morning from four o'clock this afternoon. They have from four until seven to work out the kinks collected in the eight hour trek from San Jose.

In these parts the actual strength of the Nevadians remains unknown. They dropped a double header to Chico, who previously split in a series with Sacramento Jaysee. It will be remembered that the Spartans drubbed the same Jaysee team in an early season contest.

"Doc" Martie, Nevada mentor, has been forced to replace three All-Conference men from last years quintet, namely, Bledsoe, forward; Gould, center; Guffrey, guard. His two returning veterans are Vic Carroll, guard of last year who is at present being used at the center post, and Jack Hill, forward. Other Nevada mainstays are Tharp, guard; and Ronnow and Phillips, forwards.

In all probability Coach McDonald will start his recently discovered scoring combination of Rea at center with Holmberg and Concannon forwards, and Leibrandt and Hubbard at the guard posts. If these five fail to deliver the goods, they will be replaced by Biddle, center; Downs and Scott, forwards; Taylor and Arnerich, guards.

Coach McDonald took the following men to Reno: Wes Scott, Remo Caccitti, Dave Downs, Malcom Holmberg, Bart Concannon, Paul Rea, Carl Biddle, Captain Hank Leibrandt, Bud Hubbard, Laury Arnerich, ud Taylor, Frank Gibson, and Manager Art Strong. Sports Editor Dick Bertrandias accompanied the team.

FROSH SQUAD JOURNEYS TO MT. VIEW

Babes Meet Prep Cagers In Return

The Frosh basketball team will travel to Mountain View to play a return game this week end. Coach Bob Elliot expects a much harder game than was played here a few weeks ago when the Mountain View outfit appeared in the local gym.

The frosh will be without the services of two of their players probably for the remainder of the season. Schwartzell was forced to drop his basketball activities because of too much work, while Rice also had to give up the game because of his taking insufficient units last quarter. Both men have showed great promise to date, especially Schwartzell who has led the team in scoring in its last few games.

Coach Elliot will probably start Waddington and Crawford at the forward spots with Pease and Hudson at guards. The starting post at center will go to either Welsh or DeSelle. The Mountain View preps will probably be a much tougher outfit on their own court but the frosh should not have any trouble with them after trouncing them in our large spacious pavilion.

The rugby representatives of our fair city will be forced to do some tall stepping to take the Berkeley boys into camp.

Intramural

By PAUL COX

With water activities, gymnastics, foul shooting and basketball on his schedule, Coach Walker should have quite enough to keep him relatively busy for the next few weeks, intramural speaking.

The basketball games are being run off in great fashion and even at this early date the teams are being picked for the winners. According to Byron Lamphear (whom we wouldn't trust because he is very much of an interested party, being manager of the Soph B's) the title will be decided between the Soph B's and the Senior A's.

Little has been said about the gymnastic part of the intramural program. Coach Walker says that he has some second Tarzans lined up to give us some thrills when the time comes for the big meet, which will be held in about two weeks from now in the acrobatics room in the men's gym.

George Kelley, one of our contact men, reports that the most enthusiasm in the history of the school is being shown this year, which is quite a compliment to the intramural Prexy's.

Speaking of the gymnastics meet reminds me of Winslow Stuart, who in practicing the other nite in one of his plunges over a fellow man, forgot to

Houser, Swim Star Shows Increase

The development of Harold Houser, breaststroker, has been encouraging to the eyes of Coach Charlie Walker this year. Houser, who is school and pool recordholder for the 100 yard breast-stroke distance, has been growing rapidly into his mid-season form. He seems to have developed more endurance this year than he had here-to-fore.

Houser graduated from Stockton High, where he won the C. I. F. for two consecutive years. He placed second to Clarke of Stanford in the Northern California Championships last year, and won the Bay Counties Championship in San Francisco.

Bateman, a newcomer to the Spartan fold, is one of the surprises of the present season. Upon his entrance into the squad for the first time, his slight build and quiet personality gained him little attention. The surprise came when his time for the 50 yard sprint was announced, where he placed third in the time trials. Several obvious faults can be corrected according to Walker, and with these he should easily be among the front rankers when the sprint events are finished.

Board Publishes Meeting Minutes, Asks For Reports

An Executive Board meeting was called to order on January 23, 1934, by President Covello in the Times Office.

Following roll call, Miss Gail Tucker and Mary Binley, new members of the Executive Board were introduced. The Executive Board was honored with the presence of Dr. MacQuarrie.

The minutes of the previous meeting were read and approved.

Elmer Stoll, Student Affairs Chairman announced that a Student Body dance would be held Friday, January 26, 1934, and that elaborate decorations had been planned.

Mr. Neil Thomas reported that the charge for the "City of Sacramento", with a capacity of two thousand persons would be \$380.00 for a five hour trip, and, that the Southern Pacific Railway Fare would be \$1.00 a round trip for one to three hundred and ninety-nine people, and \$.90 for four hundred or more people, making the price of a Boat Ride this year about the same as last. For a smaller boat with a capacity of four hundred and fifty people, the charge would be \$250.00 for four hours.

Clarence Naas thought the idea too expensive and suggested a Student Body picnic. This idea is to be more fully investigated.

President Covello announced that Mr. Otterstein had not heard from the various committees concerning the price of band uniforms, but that he would have a report by the next meeting.

Mary Binley announced that all members of the Executive Board should have their pictures taken in street clothes by the end of this week.

Bob Leland, Editor of the Times, announced that there was a \$392.34 deficit in the Times Budget, and that \$238.97 of this was from last quarter, and \$153.37 from the year 1932-33. Clarence Naas stated that the Editor from last quarter had not been informed when he had gone over his budget.

Mr. Thomas said, concerning this deficit, that \$80.00 of it was for over-time, \$30.00 for news service, and that about \$100.00 from ads had not yet been collected.

Mr. Naas wanted to know if it wouldn't be possible to anticipate how much the paper would cost each quarter. He also stated that the advertisements had doubled last quarter over the previous quarter.

President Covello asked Mr. Thomas if he would notify the Editor of the Times when a deficit was about to occur.

It was brought to the attention of the students by Dr. Peterson that there always would be the difficulty of meeting the difference between the appropriation each quarter and the amount taken in from advertisements.

Dr. MacQuarrie suggested that a voucher from the controller be taken to the printing shop each day a paper is to be printed, and in that way eliminate another such deficiency.

Mr. Thomas announced that the Times deficiency from last quarter had been paid from the general fund, and Mr. Naas read section V from the Financial Statutes: "All expenditures of the General fund in excess of \$25.00 must be remanded to the Finance Committee by the Executive Board for recommendation. It shall then be referred back to the Executive Board for final action."

President Covello asked Mr. Thomas if he would give a complete financial report at the next Executive Board meeting. This report is to include the finances of the different activities, as well as the salaries of all Student Body employees.

Mr. Naas called the attention of the members of the Executive Board to the fact that the Times would have to make up the deficit to the general fund this quarter, and wanted to know if there was some way that this deficit could be more gradually absorbed. He stated that it would be possible to put out daily papers for eight weeks, and two papers the last week of the quarter if there had been no deficit to clear. Mr. Leland suggested that the Times was within its budget to date.

Dario Simoni suggested that: We have five papers

NO STAGS . . . By Micheal Angelo

Tattle-tale

Did you know that Katherine Green is torching for an Englishman named Reggie? But—he has other interests in Palo Alto, and gently but firmly declined to escort Kay to the Sappho hop.

Looks like Lorraine Lawson's lost her chance. "Micky" Gallagher has a clear road to Bill Jenning's heart according to latest reports.

Despite the fact that Helen McDaniels is still sporting that Stanford fraternity pin, she's been giving a certain Santa Clara man a Great Big Break.

June Raynor, campus exponent of feminine innocence, has been carrying on a Collateral Reading Room affair with Bob Wright. Another illusion shattered.

We wonder why Rita Greco picks such a public spot as "George's" in the afternoon to do her stuff for Kenneth Ramer.

Have you heard that Harry Jennings consoles himself with a good cigar when he hasn't his little Ruthie? They make him a bit dizzy, too.

Edith Slade has just become president of Sappho. Nice work, Mon.

Betty Hooker lately appropriated Rex Dunipace's ring. Serious at last, Betty?

We noticed Herman Simon collecting Times all day Monday after he had crashed a well known column. Did you frame 'em — Hoiman?

And—we congratulate you on your taste, Mr. Naas. The girl friend is very charming. When's the day?

Wilfred Gibbs' lofty manner.

Elena Cipolla's boredom with things in general and this institution in particular.

Charlie Tonkin's naive way of forgetting dates.

Janet Ghatti's sugary "hello-o-o" on the telephone.

Marion Noonan's penchant for plaids.

Ruth Whidden's sudden blossoming out in the last year.

Monroe Ledyard staying home last Saturday night. He didn't say anything about being alone, though.

Miss Curtis's highschoolish piles of homework.

Erma Faxon's hidden sophistication.

Dorothy Vierra's poise at all times.

Frank Hamilton's contradictory sanctimoniousness.

Torrance O'Dell's faithfulness to his little Marry.

That outfit of checks that Harry Jennings wears so often—or is it all the time

The way some people (names on request) write their own names all over their binders during lectures.

"The way any and everyone is handing in "dirt" to the Times Office these days.

"Soapy" Johnson. The walking color ad. Profile that makes John Barrymore turn green. Kindly smile for the admiring multitude. Formerly partial to Allenians. Now is partial to Allenians. Admits he is a star in basketball, baseball, football and what have you. How Saint Mary's must have died when he decided to forsake them for S.J.S. all on account of Lee Barnes. Can't figure his having been at a recent dance with Evelyn Pritchard.

Graphic Art—First prize \$25.00, second prize \$15.00, third prize \$10.00.
Handicraft—First prize \$12.00, second prize \$8.00, third prize \$5.00.

a week; that the Times be given its appropriation in addition to the money collected from the advertisements; and, that the Times deficit of last quarter be made up from the reserve fund.

Following a discussion Clarence Naas moved that the deficit of the Times be cleared up to the present quarter from the general fund. The motion was seconded and carried.

Dario Simoni stated that the Times deficit of last quarter was a matter of inefficiency on the part of the Controller's Office.

Dr. MacQuarrie said that there should be a statement of finance published each quarter, and that the complete audit in the fall should also be published.

Concerning the Student Body Trust Fund of \$20,000.00, Mr. Naas wanted to know if it was available. Mr. Thomas stated that it was not, since it had been put in Building Loans. Mary Binley suggested that our economic experts be consulted concerning this fund, Frank Covello appointed Miss Binley and Mr. Naas to consult Dr. Foytress and Mr. Broyles.

Miss Tucker thought it advisable for certain organizations to stay within a yearly budget, and others to stay within a quarterly budget.

President Covello asked the Chairman of Finance to advise organization managers at frequent intervals as to how much money they have to spend.

Concerning a radio for the Health Cottage, Mr. Thomas said that, following a discussion with Miss McFadden, the matter would have to be thought over carefully.

Following the recommendation of the Athletic Board that C. Gilbert Bishop be appointed as Athletic Representative, a motion was made and seconded that Mr. Bishop be appointed to that office. The motion was carried.

Respectfully Submitted,
Edith Grider,

RADIO ADVERTISING

In view of the fact that radio advertising is fast becoming a thing of gigantic proportions it might be well to see just what civilization is headed for, should it believe wholly in what is told over the radio.

Starting at noon on any given day (this would be impossible in Scotland) one can hear such as this—smoke cigarettes . . . as your dentist does . . . with genuine Bayer . . . yeast will bring you . . . that schoolgirl complexion . . . by adding two parts of . . . Blue Ribbon Beer.
