APRIL 25 FROM 4 - 5PM

King Library 225/229
San José State University

FREE & OPEN TO THE PUBLIC

**Come hear Alejandro Garcia talk about
his work with Dreamworks Animation.**

Computer animation in feature-films is a modern-day nexus of art and science. Professor Alejandro Garcia developed and teaches Physics of Animation, a science course for visual artists. During 2011, he took a professional leave and worked in Dreamworks Animation's department of Artistic Development as a physics consultant on *Madagascar 3: Europe's Most Wanted*. His talk will describe the animation industry from both the scientific and artistic perspectives.
