First Recreation Night Sponsored By A. W. S. Slated For Tomorrow

Entertainment Is Assured All Students Attending Program

Ada Mae Rhodes, president of A. W. S., is assisting Miss Evelyn Pritchard, general chairman, in the successful staging of the first annual San Jose State Recreation Night. Inasmuch as this is an all organization project, it is expected to come and end in an evening of extreme hilarity from 8:30 until 12:00 o'clock.

Music will be furnished by Prof. Cox and his boys, one of the most popular orchestras on campus. Athletic exhibitions and swimming will be under the direction of Bob Elliott. Other features of this great fun night will include other sub-chairmen to be named by Miss Pritchard. Don't fail to attend, if you are at all interested in having the time of your life. The price is only one thin dime, the student body card.

MISS EVELYN PRITCHARD

Two College Students To Feature in Concert at Musical Half-Hour

Two prominent students of the San Jose State College Music department, will be heard at the Musical Half-Hour this Friday noon from 12:30 to 1 o'clock in the Morris Dailey auditorium.

Bertram Whiting, clarinetist, and Marie Jacquemet, soprano soloist, will share honors at the weekly half-hour period, which, in the last two or three years, has proved to be popular and exceedingly well-attended by not only the music loving portion of the student body, but by a great many of the State students who find that half hour, a quiet period of relaxation.

Whiting is a student of Thomas Eagen, a member of the music faculty, and Miss Jacquemet is a vocal student of Miss Maurine Thompson.

Those attending have been asked not to applaud the artists; appreciation of the programs can be shown just as readily by a courteous and steady attendance.

Insects to Head New Issue of Nature Magazine

"Insects," the newest production in the Western Nature Study Series, is now in page proof. Dr. Pickwell is editor of the periodical. Previously the editions have been in magazine form, but "Insects" is a 300 page book with 139 illustrations. The books will be mailed to subscribers by March 1. Dr. Pickwell's periodicals satisfy a need that has been long felt on the western coast for an adequate Nature Study hand-book. The new book is the result of much research and photography.

Debaters Meet S. F. U. Team Tonight at 8 P. M.

"Does Life Exist for the Joy of Living, and Is the Right to End One's Life a Prerogative of the Individual?" is the question to be debated Thursday, February 9, at 8 p. m., in the Little Theatre by San Francisco University and San Jose State.

The affirmative side of the question will be taken by San Jose State with Ferdinand Palla, Tom Needham and Charles Pinkham upholding it.

San Francisco University is a Catholic institution, and so the question to be debated tonight will be exciting and of particular interest since the Catholic religion firmly believe that suicide is not justifiable.

Y. W. C. A. To Sponsor Miniature Economic Conference at State

A miniature World Economic Conference will be held on February 21, 22, and 23, here, under the sponsorship of the Y. W., with the co-operation of other organizations on the campus. It will be of vital interest to students and to outsiders, not only in a cultural and social way, but also in an economic way.

"The serious situation in which the world finds itself today is a problem demanding the reasoned consideration of every person making claim to any intelligence. It is more grave than many of us realize or are willing to admit since if some positive action is not taken very soon, the world will witness a complete economic collapse. Economic collapse means social and political revolution beyond the shadow of a doubt." This is the opinion of Lois Larry, co-chairman, and W. H. Poytress of the Student-Faculty Committee of the Conference.

Since the depression has not yet ended, and since the high powers of various countries have considered it necessary to have a conference in London, it has been thought wise to have a reproduction here of the one to be held in London. Problems dealing with the economic relationships between nations such as Trade, Agriculture, War Debts, Reparations, Finance, etc., will be considered at the Economic Conference to be held on the campus.

The executive committee in charge includes members from both students and faculty. The members of this committee to promote better understanding of economic problems are: William H. Poytress, head of the Social Science department; Lois Larry, senior student; Charles B. Goddard, dean of men; Anne Aalfs, Y. W. C. A. secretary; Charles Pinkham, sophomore class president; Leon Warmke, student body president; Charlotte Rhines, junior student; Isabel Koehler, Associated Women Students.

COMMITTEE HEADS ARE NAMED FOR SPARDI GRAS DAY

The executive board for the annual Spardi Gras Carnival has been announced by Student Body President Leon Warmke. Inasmuch as this is the first attempt to stage a carnival in connection with the Spardi Gras, since co-operation is needed on the part of all organizations in school. If any one is desirous of working on any of the committees will they please see the head of their organization.

The board is as follows: Leon Warmke, supervising chairman; Junior Wilson, general chairman; Jack Murdock, concession chairman; Perry Stratton, construction manager; Ray Rhodes, publicity director; Clarence Naas, prize chairman; Bud Applegarth, planning chairman; Mary Tracy, investigation director; Mary Lou Carmichael, secretary; Ada Mae Rhodes, women's representative; Frank Covello, men's representative; Dario Simoni, dance chairman; and Harry Jennings, contact man.

Deputy chairmen are Harry Krytzer, Glenn Newhouse, Bill Jones, and Jack Hermann.

It is requested that all these people meet in the Little Theater at 4 p. m. Tuesday, to discuss plans. Members of the Spartan Senate, which consists of heads of all the organizations on the campus, are asked to please meet with this committee. Let's put this affair over in a way that will by far surpass any endeavor which San Jose State has ever attempted.

Forty San Jose High Grads To Enter State

Out of two hundred and two senior students of San Jose High School who marched down the aisle in the high school auditorium last week to receive diplomas approximately forty of them will attend San Jose State in the Spring quarter.

Some of those who have already been among the leaders in the High School will probably continue to be active over here, and others among them will perhaps develop talents that will be useful to San Jose State. The graduates who are considering coming over here in the Spring are: Wilton Abbott, Ruth Amnden, George Ballantyne, Murray Barwick, Irvan Beaulieu, Abe Bloom, George Brugnone, Ethel Carlson, Carmella Carmon, Benjamin Chow, Ralph Claypool, Clifford Cunha, Emeterio Ellorin, Wilmer Ewing, Jack Fanning, Mabel Ferris, Harriet Feldman, Thelma Fisher, Leo Magnoli, Dorothy Matthews, Marian Melby, Virginia Melvin, Edwin Mitchell, Burton Smith, William Stegeman, Warren Tormey, Robert True, and George Weber. Others of the graduates will probably enter in the Fall quarter.

A pair of yellow pigskin gloves. Finder please return to Gail Baldwin at the Times office. Large reward.

Tickets For One Act Plays Now On Sale In Quad

Students Desiring Choice Seats Are Urged To Buy Immediately

The sale of tickets for the three one-act plays to be presented in the Little Theatre on Thursday and Friday evenings, the 16th and 17th of February, went on sale yesterday at the usual price of 50 cents a seat.

The plays, which vary in plot and theme, have been in rehearsal for the last few weeks, and all three casts have spent many hours in a diligent effort to make their characterizations consistent. Lawrence Mendenhall, director, has selected plays by European authors, and of a definitely European flavor.

"The Green Cockatoo," which Mr. Mendenhall saw presented by Eva La Galliene in her Repertory Theatre in New York, some time ago, is a play which requires, because of its very large cast, not only deft and patient directing, but exceedingly difficult staging, is the most pretentious undertaking of the evening. Written by Arth Schnitzler, and translated from the original German, the play is a grotesquery of the turbulent, unprincipled days of the French Revolution.

Emile Augiere's "Postscript," a gay and witty French farce, has only two characters, that of the sophisticated Mme. De Verliere, played by Grace Murray, and M. De Lancy, which is being taken by Robert Gitter.

The third play, "The Stepmother," by A. A. Milne, noted and beloved English author, is being directed by Joy Arps, a former member of the Players. This play, likewise, has a small cast of capable players, namely, Dick Glycer, Joy Arps, and Sherman McFedries.

German Club Sponsors Movie on February 10 at the Hester Theater

What's what in our theatres and in the movie world will soon be revealed to the students of San Jose State at the Hester Theater, the tenth of February.

"Das Lied Ist Aus," a treat from the German people, is being sponsored by the members of the German Club. Tickets can be bought from members of the club for thirty cents, or at the theater for forty cents.

Remembering German movies of the past, the students can look forward to a very delightful treat. Many laughs for both the young and old are in store.

If you can't understand German, maybe you can get an interpreter to go along with you.

IS THE EL PORTAL A RACKET?

Audacious remarks that dare challenge are frequently heard on the campus to the effect that the El Portal is rapidly approaching the role of a profiteering enterprise.

Why not choose some outstanding magazines like Harpers or the American Mercury, where they print the works of the best writers of today, is their contention.

There is a reason why such a policy is not followed. The El Portal is not conducted for money making contrivance. It is a literary publication, sponsored by the English department, purely for discovering and encouraging the literary talents of our students.

Genuinely for constructive aims, the English heads ardently believe that the students would profit best by studying the works of their fellow students, thereby seeing and learning at first hand the merits and weakness of student creations.

Looking at the Campus

(A Sequel to the Lookout) The embarrassment of two feminine members of the student body, when, upon opening the door of the borrowed car of the boy friend, a whiskey flask rolled out and broke into a million pieces on the sidewalk, much to the amusement of the passers-by, can well be imagined.

The Y. M. C. A. recreation project at the Detention Home is, in our mind, one of the best things that has been undertaken by a campus organization.

The regulation that was passed by the Times staff forbidding the practice of making cracks about the staff members by other members has sadly failed, judging from some column.

We seem to be hearing a little less of Technocracy these days. It certainly is a great relief. The question is how long will it be before some one brings it up again for re-hashing.

Dates at Montana

It's the women who pay and pay at the Montana State University, but in the future they will have to pay less to entertain their boy friends than in the past.

It is fine for the co-eds to call for the lucky men they date, and take them home again after the dance, but as an economy move, they shouldn't feed them.

ANDREW BRIGHT SPEAKS TO RURAL EDUCATION CLASSES

Mr. Andrew Bright gave a most interesting talk before Miss Tule's ten and eleven o'clock rural education classes last Friday. Mr. Bright is the son of Mrs. Vera Jones Bright, who talks to the education classes each quarter.

Course in Marriage

Butler University at Indianapolis, Ind., is offering a course in marriage. Such burning questions as how to handle a husband, how to treat a wife, and how to be happy though married, and so dodge the divorce lawyers, will be taken up.

According to the International News Service, the divorce rate in Marion County, Ind., is 40.55 divorces for each 100 weddings during 1930, as compared with the rate of the nation, which was 16.6 for each 100 weddings.

The lectures will be on the physical, psychological, economic, social and religious aspects of married life. Some of the lectures are—"History of the Family and Marriage," "Family Financial Independence," "The Adolescent and His Guidance," "Marriage as the Clergyman Sees It," "Problems in Marriage as Seen by the Physician," and others.

This will be the first time that any American College has offered any such course for general registration. The course is open to students, non-students, single, and married persons.

The instructor-in-chief will be Charles E. Metzger, an Indianapolis, in both Europe and the United States. Mrs. Bright deals in prints made by photographs from the originals and in mounting materials. She also designs frames.

Business Trends

The financial reports issued by most of our great corporations make dismal reading. The following list shows the actual operating losses sustained by a few corporations during the last fiscal period ending in 1932.

U. S. Steel Corporation, 1931 op. loss \$19,507,987.00. Bethlehem Steel Co., 1932 op. loss \$19,400,000.00. Swift & Company, 1932 op. loss 5,338,000.00. Texas Company, 1931 op. loss 9,954,000.00.

Caterpillar Tractor Co. 1932 op. loss, \$1,617,872.00. Baldwin Locomotive Co., 1932 op. loss \$4,312,000.00. Radio Keith Orpheum Corp. 1932 op. loss est. \$8,500,000.00.

Studebaker Corporation, 1932 op. loss \$4,390,508.00. Crane Company, 1932 op. loss \$7,900,000.00. Hart Schaffner & Marx, 1932 op. loss \$2,332,777.00.

N. Y., New Haven & Hartford R. R. 1932 op. loss \$393,047.00. This list might be extended indefinitely because almost every corporation operating in the industries represented, with the exception of a few oil companies and some railroad companies, are in a similar situation.

Every steel company, for example, with the exception of the National Steel Co., has sustained heavy losses during the past year 1932. This is not surprising in view of the fact that the steel companies are operating at about 18% of their capacity.

LOCAL ARTISTS ARE HONORED IN CURRENT SANTA CRUZ EXHIBIT

Several members of the faculty, students, and former graduates of State College have paintings on display at the annual exhibition given in the Casino in Santa Cruz from February fifth to the fifteenth.

Both Mr. Mendelowitz and Miss Hoisholt of the Art department have had paintings accepted for this exhibit. The Salt due to the collapse of their trade, both freight and passenger. For example consider the condition of the Chicago & North Western Railroad Co. which was prosperous in 1929.

This exhibit, which commenced last Sunday, is one of the most versatile ones to be given in California. This is so because a variety of subject matter has been considered, and all techniques, of water color, of charcoal, of oil, have always been accepted for the Santa Cruz, and the line has never been drawn on either the conservative or radical styles.

Since San Jose State is well represented at this exhibit a special effort is being made to organize a faculty and student trip to visit this exhibit.

Student Teaching Is College Requirement

Each student who is working for a teaching certificate must do one quarter of student teaching before graduation.

Half of this time they spend in a city and half in a rural situation. This Friday, February 10, is the last day that the student teachers will teach in their first positions, for on Monday they will have changed to the new.

Students! Remember that February 10 is the last day upon which courses may be dropped from study lists. Consult your adviser and the Registrar's Office when dropping subjects. Courses dropped after this date will receive a failing or incomplete grade.

NEW OFFICERS CHOSEN AT WEEKLY MEETING BY SPARTAN KNIGHTS

The Spartan Knights held their semi-annual election of club officers at the weekly meeting of the organization Tuesday noon in the clubroom.

The election was marked by several run-overs for the various offices, and the entire meeting was permeated with an enthusiastic and lively spirit of genuine interest.

The newest addition to their list of accomplishments will be when they will take charge of the State College night at a local theatre in the near future. Duke, Charles Pinkham; Earl, Dick Sanders; secretary, Ambrose Nichols; chancellor of exchequer, Carl Palmer; sergeant-at-arms, Dick Glycer.

The weekly meeting of the members of the Freshman Luncheon Club will be held Thursday, February ninth, in room one of the Home-Making building, from twelve to one o'clock.

Freshmen Luncheon Club Meets Today in Room 1

Gilbert C. Wrenn, member of the student personnel at Stanford, will be the speaker of the hour. He graduated from Stanford in psychology and education. The last two years he had an office at Stanford for the benefit of the students. This program is open exclusively to Freshman women students.

SPARTA'S SLUGGERS BATTLE WITH LOCAL SEMI-PROS TODAY

Promising Schedule Being
Drawn Up for State
College Nine

The varsity baseball team will get down to serious work this week when they tangle with the Kelly's, local semi-pro team, today at Spartan Field. Coach Bill Hubbard's nine have had little practice thus far this season, but from the line-up of games, the boys will have little time to play around.

Erwin DeSelle, a veteran from last year, will probably start behind the bat. Art Strong, a J. C. transfer, who was ineligible last year, will be on hand to back up DeSelle. Either Joe Blacow or Ichishita will be on the mound. Blacow has been winning all his games for the Irvington club, while Ichishita is a Frosh from San Jose High.

Harry Hardiman will be on first base. Harry is a letterman and a hard hitter—when he connects. Second base will be held down by Reg Thurber, another letterman, and a smart ball player. Captain Sammy Filice, the "old man" of the team, will be at his regular position at the hot corner. The only new face in the infield is that of Ed Carlson at short. Carlson looks to be the goods.

The outfield is just a trifle indefinite. "Lefty" Blethen will probably cover one position. Blethen is one of the hardest hitters in the valley and should run up a high average in the collegiate circles. Gil Bishop has been shifted from second to the outfield, and is the only veteran from last year in the fly-chasing group. Mike Nelson, a new player on the Spartan team, also looks good in the sticks and at the bat. Dick Tykol is another promising man in the garden and it is anybody's race this far.

The schedule this year has not been completed as yet, but games have been arranged with San Mateo J. C., Menlo J. C., San Francisco State, Modesto J. C., Fresno State, and a number of high schools. Games with Stanford and California are up in the air as yet, but the Spartans have hopes of getting on the schedules of the Bear and Cardinal varsities.

The game this afternoon is scheduled to start at 4 o'clock, but may begin sooner if the Kelly's get together in time.

Yes sir and yes mam! It's all decided that when the going gets rough the Faculty can take care of itself. That's exactly what they did when they ran up against a Frosh Z bunch, and it was more fun than a Frat smoker. No one could seem to get along and the result was a win for the Frosh, 23-20, a five minute extra period, and a grand total of 23 personal fouls. Fact is, each man had so many fouls that the boys decided to forget 'em—uh huh—forgive and forget.

Post Grads	1	3	230	
Senior D	0	3	000	
Junior B	0	3	000	
Frosh J	0	4	000	

The highest score yet was run up by the Soph B against the Frosh bays, 68-7. However, the Frosh were handicapped due to a man playing with one arm in a sling. Incidentally this was one of the nicest bit of sportsmanship on the courts yet. Angelo Covello was the lad, and he played the entire game to save his team from a forfeit. Some of you mugs might well use this for an example.

The Faculty were out again, but it was the same old story. However, they show splendid spirit, and let's hope they get a break soon. They deserve it.

Too many forfeits again—aw, what's the use.

COACH McDONALD'S BASKETEERS TO TANGLE WITH STOCKTON AMBLERS HERE SATURDAY; CLOSE GAME SEEN

Amblers Club basketball players of Stockton will furnish strong opposition to Coach H. C. McDonald's Spartan eagles here this Saturday night in the last practice game before the winding up of the Far Western Conference season against Fresno and Chico.

Always a power in valley club team circles, the Amblers bring one of their strongest teams in years. A brilliant pre-season record shows victories over Sacramento J. C. by a 34 to 20 score, and Modesto J. C. They dropped a hard fought game to the College of Pacific five, 48 to 34.

Thompson, a forward, has averaged fifteen points a game, while his running mate, Hussey, plays a great floor game. He was an all-state high school man from Stockton. Minahan, who takes care of the pivot spot, hails from St. Mary's College, and is an aggressive ball hounder. Miloslavich and Dinkle hold down guard spots. The former was a star high school

player, while Dinkle needs no introduction as one of the best club team guards to be seen in the local gym.

For San Jose Coach McDonald will start Countryman, Downs, Rea or Mathieson, George and Leibbrandt. As this looks like the last chance for the Spartans to break into the win column this season, the San Joseans are expected to exert themselves to the utmost. The Spartans have taken down the Amblers for five succeeding years, although some of the contests have been exceptionally close.

The Stockton squad is coached by Fred Solomon, High School coach, and former Stanford football star.

Starting line-ups:
San Jose State Amblers Club
Countryman F Thompson
Downs F Hussey
Rea C Minahan
Leibbrandt G Miloslavich
George G Dinkle

SPARTAN SWIMMERS MEET CARD FROSH

LOCALS EXPECT HARD BATTLE TO WIN

Friday, February 10, will find our varsity mermen on a little jaunt to the Indian camp, at Palo Alto, where they will attempt to push over the Indian Babes in their first swimming meet of the year.

And, as it is the Spartan's first meet of the year, and they are weakened by numerous ineligibles too much cannot be expected of them. However, some good times were established in the recent inter-squad meet and with Holt on the springboards the boys should put up a good showing.

Eddie Plat will swim the 220 yards along with Holt. Both boys are good in this event. Last week Plat made a time of around 2:40, and is expected to chop off three or four seconds before the meet. Holt should also cut his time to around 2:37 which he was clocked at while with the Stockton Amblers.

Draper, MacQuarrie and Dave Lynn will have to be depended on in the 50 and 100 yard dashes. Draper and Lynn established good times in these events last year, and Bill MacQuarrie, according to Coach Walker, has improved more over last year than any man on the squad.

Draper is a fine back-stroke swimmer and along with "Granny" Schofield, State should prove strong in this event. Schofield has just returned to the squad, having been kept out of the water with an injured hand.

Hauser and Stromquist will bolster up the breast-stroke ranks, and with his past record, Hauser should take a first place.

Martin, an ineligible, who is one of the best all-around men on the squad, will be missed in the medley swim, and either Draper or

Lynn, or both, will take over this responsibility.

Bruce's :25 flat will be missed in the 50 yard dash due to his ineligibility. Higuchi and Murray, both divers, and Condit, a dash man, are also on the shelf, and the loss of these men naturally lessens State's chances this quarter. The other boys will carry on until spring, until joined by these men, and anyway all the big meets will be scheduled in the Spring quarter.

There is a lad by the name of John Neff from Santa Cruz, who appears to have a great deal of ability, but he has done little or no diving for several years. However he is practicing and is expected to break forth in Friday's meet along with Holt. Holt is considered the best on the squad and he should rate a first place in the diving.

Spartan Spasms

By Murdock and Bishop

Sidelights from the Berkeley Trip:—

That very very spacious California Gym. We were in constant fear of becoming lost in the endless maze of halls, stairs, ante-rooms, etc., which surrounded the main playing court.

The California Frosh—not too impressive. The way they were playing against Galileo High we would not have hesitated to lay even money that the local babes could have taken them.

The crowd. Very good, considering. Our estimate, coupled with that of Bob Elliott, was that there were well over a thousand people present.

The dressing rooms, showers, etc. Very luxurious indeed.

Coach Nibs Price sending two of his pet varsity men, Captain Read and Hal Eifert, into the fray late in the proceedings with instructions not to shoot.

"Skinny" approaching Eifert during a time out and saying, "Gee, I hope you're not hot tonight like you were against the Henrys!"

Read sinking a bucket in spite of instructions, mainly because there wasn't anything else to do.

Price nearly falling off the bench when Tower, unsung guard, sank a sensational one-handed shot.

California players being issued milk and sandwiches after the game, apparently an old Berkeley custom.

Many ex-Spartans now attending Cal turning out for the game.

Speaking of scores, the Soph B aggregation ran up a 65 score Tuesday evening in the Intra-Mural tourney. It's our guess that this will be high for Coach Walker's event.

The Frosh team tangled with the Frosh A, who are leading the Spartan League at the present, in an informal scrimmage Tuesday afternoon. The A's put up a good battle and were leading 16-14 until the arrival of Carl Biddle and Al Lindner, which put an entirely different complexion on the matter. The final score was 25-18, although no time was kept.

Our pal Robinson, the little sprinter, seems to have acquired the cognomen of "The Lover." What's behind all this, Robby?

The big Stanford man who monopolized the space between the Co-Op and the Times office the other day and excited so much comments from the coaches has been discovered. That is, his name has been discovered. Don't delving into the matter has unearthed the fact that he is Hal words, sub Stanford line-mate. Satisfied, girls?
