

Prepare for Spardi Gras

State College Is Meeting Place Of State Principals

Monday, Tuesday, Wednesday Reserved for Cal. Teachers' Meeting

Monday, Tuesday, and Wednesday of next week the principals of all secondary schools in Central California will meet in their annual convention at San Jose. The college campus will be the headquarters for all activities. Schools to be included will be all major high, high, and junior colleges from as far north as Sacramento to as far south as Bakersfield.

The program for the convention is not yet available, but will be printed in the next issue of the Times. It is suggested that all out-of-town students look up the principals of their various cities and towns and talk over old times with them, and let them know how they are progressing at State.

It is estimated that approximately three hundred principals will be in attendance. During the three day period of three days that they will meet, plans, suggestions, and projects will be worked out in the best interest of all secondary schools in the central portion of the State of California.

Fresh Luncheon Club To Meet on Thursday in Room 1

The first meeting of the members of the Freshman luncheon club will be held Thursday, April 6, in room one of the Home-Making building from twelve until one o'clock.

Election of officers will take place for the coming quarter at this time.

A very interesting program has been arranged by the members of the group.

Mary Lochhead is going to sing three numbers: "In the Garden of Tomorrow," "Romance," "When My Lover Has Gone." Gay Cooper will be the accompanist.

"When My Lindy Sings," a ballad, will be given by Muriel Johnson.

All new freshman girls, as well as others, are invited to the meeting. Bring your lunch and have some fun.

Y. M. C. A. Pictures Will Be Re-Taken

The pictures that were taken a few weeks ago have to be re-taken. The new pictures will be taken at the entrance to the Little Theatre at 12:45 on Friday. Everyone be there on time.

Novel Concessions Are Announced by Two Fraternities

Two fraternities on the campus have announced that they have selected their concessions for the new Spardi Gras Carnival which will make a colorful appearance on the State College Campus Friday, April 21.

The D. T. O. fraternity have, in keeping with the times, chosen the Beer Garden idea as their contribution to the many carnival stunts. Selecting one corner of the Quad, they plan to erect a complete miniature Beer Garden. There will be a platform for dancing, with a competent orchestra to furnish the music. There will be several concessions within the "gardens", among them dart games, nail driving, and hoop-throwing.

The committee in charge, composed of Bob Threlkel, Charles Richards, Dave Gillmore, Stewart Swanton and Kay Lindsay, announce that proficiency in any concession will be awarded with a prize.

The S. G. O., on the other hand, are keeping the details of their concession a deep secret. They refuse to give any information which will disclose the nature of the contribution, but promise that theirs will be so original and so different that they can entertain the whole campus if necessary. Seth Charles Stewart, chairman, is being aided by George Lawry.

Tryouts for "Morn To Midnight" Held Today

This afternoon at 4:30 o'clock in the Little Theatre, Hugh Gillis will conduct tryouts for "Morn to Midnight," in the fifth production of the school year to be offered by the Speech Arts department.

There are 29 speaking parts in the play, and the entire cast is composed of about 75 people. It is easy to see that tryouts for such a production are to be very difficult, and accordingly Mr. Gillis will use a new system for selecting the members of the cast. He asks that those interested in taking a part in the play be present on the stage promptly at 4:30.

"From Morn to Midnight," written by the noted German dramatist, George Kaiser, is going to be a difficult undertaking. The play is written in seven distinct scenes, which are going to require expert staging. The sets for the play are to be constructed by members of the Stagecraft class, who will gain practical experience.

The play is pessimistic in note, telling the story of a man's reactions after he has stolen money from the bank where he was employed as cashier. Kaiser handles the character of the cashier in a terse manner, using no sup- (Continued on Page Three)

Sororities, Societies Originate New Ideas For A. W. S. Capers

State Co-Eds Will Entertain Friday Evening in Morris Dailey

Night clubs, art studies, fashions, music, radio programs—how they have chanted in the last one hundred years and what they will be like after another hundred years will be the fascinating theme of the colorful acts which will be presented by the women's organizations of the campus in their Co-Ed Capers "2033 or Bust" idea in the Morris Dailey Auditorium, April 7, at eight o'clock.

Recreational Idea

The Allenian Society will present their idea of recreation in the year 2033, featuring a night club of that period with its changed color, music and dancing.

Art in a modernistic, or futuristic studio will be the Ero Sophian's contribution to the knowledge of this year, while an original play, "One Hundred Jeers From Now," featuring Eva Beryl Tree, Catherine O'Bannon and Betty Wood will represent the Sappho Society.

Clever pupils of Miss Ruth Adele Roberts will be presented by the Pi Kappa Phi Society. A snow fantasy and a dance portraying the history of the dance will be two of the numbers. The members of the society are assisting with the costuming.

The musical part of the program will be taken care of by the Bel Canto Society with "I Hear America Singing," a history of music as it has come down to us through the ages.

"Queer Interlude," a play, will (Continued on Page Three)

"War and Peace" To Be Discussed This Noon in the Quad

"War and Peace" will be discussed during noon in the quad today as the first of a series of discussions for the purpose of formulating student opinion.

Bill Jones, Florence Jewel, Joel Carter, and Wilbur Hogevoil will speak respectively, as representatives of the Y. M. Y. W., the Spartan Senate, and League for Industrial Democracy, who are sponsoring these discussion speeches.

Mr. Eckert, of the Speech Arts faculty, will also give a speech dealing with the subject of war.

In order to make preparations for further speeches, the Spartan Senate Discussion Group will meet this Friday morning, 6:30 to 8:00, on the south lawn.

The Christian Science organization will hold a meeting at five o'clock in Room 1 of the Home-Making building.

Higginbottom Will Deliver Speech on Modern India Today

President Sam Higginbottom

At 3 o'clock this afternoon, in the Little Theatre, a lecture on Modern India will be given by Mr. Higginbottom, who is one of the best known American missionary educators in India and an expert in the science of agriculture.

Inspired by his friend, D. L. Moody, Sam Higginbottom progressed from a penniless Welsh boy to a much sought-after agricultural authority. To such an extent did his renown in this field spread that he was appointed agricultural advisor by the Maharajah of Gwalior for that native state, and in 1924 was awarded the Royal Kaiser-I-Hind medal for public service by King George the Fifth.

Mr. Higginbottom was given a B. A. degree in Princeton University thirty years ago from the hands of President Wilson. He has also in 1911 received a Bachelor of Science in Agriculture from Ohio State University, and has had the title of Doctor of Philanthropy conferred upon him eight years ago by President Hihen of Princeton University.

In addition to his accomplishments in the field of agriculture, Mr. Higginbottom is a speaker who is in great demand because of his experience, his forceful and emphatic manner of speaking, and his knowledge of the actual life of present-day India.

Mr. Higginbottom has spoken in almost every college and university in California, has lectured not only throughout India, but also during furloughs spent in his Welsh homeland. He has been a teacher of economics in the college of Allahabad, India, was made the president of the Allahabad Christian College, and has organized and developed the Allah- (Continued on Page Two)

Loan Fund Dance Plans Arranged; April 15 Is Date

Returns From Dance Will Replenish Loan Fund, Simoni Announces

Working since Christmas on the idea of a Student Loan Fund dance, Si Simoni announces that the next dance of the quarter will be held Saturday night, April 15, in the Men's gymnasium for the purpose of raising funds to replenish the loan fund, which is now in a rather depleted condition.

Assisted by Coach Dud De Groot and Bill Hubbard, Simoni is making great plans for the dance, which is to be one of the biggest affairs of the Spring quarter, and promises a program which should without a doubt attract a large crowd.

Notables To Be Present

Two football notables, known to football fans not only up and down the coast, but throughout the entire country, will be present: Ernie Nevers, former football star, and now assistant coach at Stanford, and "Clipper" Smith, Santa Clara University football mentor, will attend. In addition it is possible that "Navy Bill" Ingram, from California; Tiny Thornhill, newly appointed head coach at Stanford, and "Slip" (Continued on Page Three)

State Will Entertain All Home-Making Teachers of California

Home economic teachers of California will be guests of San Jose State College at a conference to be held in San Jose, Saturday, April 8. William John Cooper, United States Commissioner of Education, will speak at a banquet Saturday evening at the Hotel Sainte Claire.

On Friday and Saturday the College will be host to the State Board of Education and Teachers' College presidents preliminary to the High School principals' conference meeting in this city next week. Vierling Kersey, State Superintendent of Public Instruction, will be among those present.

Executive Board Will Meet Today at 4

At 4 o'clock today there will be an important meeting of the Executive Board in the Times Office. Immediately following the Ex-Board meeting, the Publication Board will meet. All members of the boards must attend their respective meetings, as business of great importance will be undertaken.

Notebook Notes

By Rudolph Engfer

During the past ten days there have been held many mass meetings in this country protesting the policies of Hitler in regard to the Jews. At this writing, the boycott has been reported to be almost complete in the larger cities of Germany.

To the average lay man these policies are highly undesirable—and considered as an action of intolerance, which, incidentally, is not confined to Germany.

One factor, which does not appear upon the surface, should be considered: The Jew, by and large, are exponents of liberalism which is not popular with the German people at this time. The Jews have been persecuted almost as much as the gypsies—and in almost as many countries. It is obvious why the Jews make liberalism their war cry.

Today, with the monarchy about to be returned, their actions have made them obnoxious in the eyes of the people in sympathy with the present movement in that country: to restore the monarchy.

Why the people of Germany desire the return of the monarchy appears to be the result of the continued hard times that they have had to endure since the end of the war. Under the Kaiser, they enjoyed comparatively good times—they have seized upon this idea as their salvation.

Whether or not the monarchy, or a government based upon it, will succeed, can only be conjectured. The same appears to be true in the United States. Confidence is one of the most important factors to be dealt with; if they can get it by restoring the monarchy, recovery will be advanced considerably.

For some reason or the other while listening to Walter Lippman's address during the Charter Day exercises at U. C., I would have given a few pennies to know what was going through Governor Rolph's mind when the speaker touched upon the policies of our present day politicians. Lippman gave, in my opinion, one of the finest talks on the trend of present day humanity in regard to their social and economic policies.

A book of blank verse came my way the other day. It is still in keeping with its brothers: rank verse.

The book writing craze has hit the school. It is said that Dr. Poytress is writing one on first aid, which will include every-

thing from how to obtain ten bucks from a friend and to how to remove a lipstick print in a hurry. A ghost writer must be doing the last assignment. Probably Mr. E. Robinson.

Off the Record: Something should be done about Dr. Barry's dramatic impersonations of famous folk. He favors his classes with one or two each quarter. Dr. MacQuarrie should investigate the advisability of giving public performances. His naive but effective work with such character parts as Will Rogers, the college boy working his way through school by taking subscriptions for a paper, and the fluttering knight of ye olde times, are some of his best. What might happen if a megaphone was placed in his right hand can only be conjectured. It deserves consideration.

About the only bit of humor coming from the parting of retiring or defeated senators, after the lame-duck session, came from Senator Jim Watson, of Indiana: "Fellow members—I retire from this august body with the assurance that I do so with almost unanimous approval of the people of Indiana."

Higginbottom To Speak at College Today

(Continued from Page One)

habad Agricultural Institute, one of the most successful demonstrations in India.

Convinced that India's need was agricultural and that in India "we need to supplement the gospel with a few plows, some better seeds, and a little modern instruction," Sam Higginbottom studied agriculture in Princeton and Ohio State University.

On his return to India he secured two hundred and seventy-five acres on the Jurma river bank. There he invaded the land with modern machinery, and erected farm buildings, a bungalow, and cattle sheds. The fame of his agricultural experiment farm spread rapidly, and young Indians became his students, who were later sought for important public positions.

Cattle, only twenty in number, which are capable of giving ninety gallons of milk a day, cauliflower weighing five pounds, and grasses from one acre that has yielded over eighty long tons in six months, are among the marvelous successes occurring on

DR. ROBERT G. SPROUL PROTESTS U. OF C. CUT IN RADIO BROADCAST

Economy of University Is Discussed by President

Dr. Robert Gordon Sproul, president of the University of California, spoke Wednesday evening at eight o'clock over Station KPO. He presented facts and figures showing the economy of the university, its needs, and the danger which has threatened it from drastically reduced support.

He presented to the legislature and the people of California the issue of an economical university of high quality versus a shoddy university not worth the money expended upon it. It was stated that in the achievement and administration of genuine economies will stand ready to co-operate fully and enthusiastically, without any mental reservation whatsoever. To agree to a program of bogus economies in which we are asked to compromise would be no less than social treason.

The facts of economy were recognized by the president. Need for retrenchment in the total cost of our governmental activities. It cannot nevertheless, reconcile himself to the disorderly and unscientific assault which is now being made on the higher education of our state and particularly on the public financial support of its university.

Under the present proposed legislative appropriations for 1933-35 the university's income will be unable to maintain for education and research that long-swinging prospective which trained economy demands.

Three Classes in Directed Reading Being Given This Quarter

This quarter three interesting sections of directed reading are being given to over sixty students of English and otherwise, under the direction of Professors Holliday, Wood, and Hicks.

Dr. Holliday has taught this course before to many students. Dr. Wood, who has just returned to the campus, also is instructing a large group. Mr. Hicks, who is a new member of the English faculty, shares in this instruction.

Students take this course to fill in the gap of their other English classes. You may take Great World Writers, Modern Writers, American Authors and many others. Any section of English may be taken up. Six novels must be read for one unit, twelve for two units, and sixteen novels for three quarter units. Reports are written on the works and each student holds a conference with his instructor each week.

Much enjoyment is taken in this method of instruction, because you can do just as you wish, with more individual instruction.

this farm near the Jurma river bank. The romantic and amazing story of enterprise has been written by Mr. Higginbottom in his book, "The Gospel and the Plow," published by Macmillan Company, and will be partially retold in his lecture on Modern India this afternoon.

Simon's Ice Cream Crown Rumored In Danger

Si Simon's crown is in very grave danger. In case you don't understand what we mean, Si was crowned the unofficial ice cream eating champion of the campus recently when he devoured ten very large scoops. As soon as the announcement appeared in a recent issue of the Times, the office was besieged with several challenges, foremost of which was that of Bill Jones, junior, stating that they could out-eat Simon in ice cream or anything else. Si immediately accepted with the statement that he would give his adversary a handicap, and pay for the ice cream himself if he lost, providing his opponent would pay if he were the loser. The event to wait for now is to see what happens when Bill and Si get together and prove which has the greater capacity. Announcements will be made in a later issue of the Times as to the outcome.

Joel Carter, Ralph Eckert, Marion Frubling, Laura Henry, Wilbur Hogevoel, Florence Jewell, Bill Jones, and Barbara Vaughan, who were student and faculty delegates from San Jose State College, participated in the heated discussions that finally resulted in the drafting and passing of the resolutions.

Eggs Fly as Prof Denounces College Dances

A 50-year old rule at Simpson College in Indianola, Iowa, forbidding college dances, was responsible for an indignation demonstration recently, with A. V. Proudfoot, president of the college trustees, as the main target for the students' attack.

Proudfoot declared in a chapel talk that it is "better to close the doors of the institution than to have the rules violated and abrogated," referring to two recent dances which students conducted in defiance of the Methodist institution's rules.

At the termination of his talk, students hurled eggs and oranges at him in protestation, accompanied by firing of blank shots and vociferous booing.

As a result of the demonstration six students were temporarily suspended, because they refused to sign pledges not to violate any of the college rules. Later the six signed and were reinstated.

The anti-signers were supported by the student council, which charged unfairness by college authorities in selecting only a few for punishment, when many more students had attended the parties that caused the disturbance.

Proudfoot declined to state what further action might be taken, and the president of the institution is on vacation. The college numbers about 800 students.

Spardi Gras Plans Are Most Elaborate at State

And if you haven't ever planked your chips down on the felt board and risked it on one turn of pitch and toss you'll get your chance at the Spardi Gras celebration. There is to be the reincarnation of an old California Gamblin' hall, with all the necessary accoutrements. Faro, Chuck-a-luck, Roulette, Dice, and Black-Jack are all featured by the Spartan Knights in their concession. These games are, however, to be run "on the level," the house taking an even percentage with the player. Rules for these games, and the best ways to place your bets will appear in later issues—

EIGHTY ATTEND NORTH CALIFORNIA CONFERENCE ON WAR AT STANFORD

General Feeling Is Against War and Armament

Eighty students from seven Northern California colleges gathered at the conclusion dinner of the Conference against War held at Stanford University Friday and Saturday, March 31 and April 1, to pass a series of electrifying resolutions expressing the feeling of that group in regard to war.

The conference was sponsored by the Associated Students, Y. M. C. A., Y. W. C. A., and L. I. D. of the University of California, and the Y. W. C. A. and L. I. D. of Stanford.

Joel Carter, Ralph Eckert, Marion Frubling, Laura Henry, Wilbur Hogevoel, Florence Jewell, Bill Jones, and Barbara Vaughan, who were student and faculty delegates from San Jose State College, participated in the heated discussions that finally resulted in the drafting and passing of the resolutions.

The resolutions upon which the conference voted, and the ballot count are as follows:

1. That this group praises the Oxford Union and other British University groups for their recent courageous action in defying perverted patriotism. Vote: yes, 72; no, 3; 8 not voting.

2. That this group, believing that it is unnecessary and absurd to settle political or economic disputes between nations by violence, will refuse to be conscripted into any war service whatsoever. Vote: Yes, 64; no, 9; 16 not voting.

3. That this group opposes the hypocrisy of political groups which, under the guise of working for peace, agitate for violent civil land class war. Vote: Yes, 44; no, 18; 15 not voting.

4. That this group advocates the establishment of leagues and pacts dedicated to peaceful diplomatic relations between nations. Specifically: (a) entrance into the League of Nations and the World Court; (b) recognition of Russia; and (c) establishment of a "League of the Pacific," including China, Russia, Japan, the United States, and other interested nations, for peaceful settlement of local controversies. Vote: Yes, 51; no, 9; 16 not voting.

5. That this group opposes the manufacture and shipment of war materials. Vote: Yes, 67; no, 3; 10 not voting.

6. That this group opposes economic imperialism. Vote: Yes, 56; no, 16; 16 not voting.

7. That this group recommends that "Old Ironsides" be taken out to the Pacific and sunk. Vote: Yes, 12; no, 54; 20 not voting.

8. That this group advocates international control of tariffs, which, under national control are an instrument of aggression no less powerful and unjust than the military. Vote: Yes, 67; no, 12; 20 not voting.

9. That this group opposes all dictatorships instituted or maintained by force. Vote: Yes, 31; no, 24; 23 not voting.

keep in touch with this column and win enough to buy your lunches for the rest of the quarter.

STATE COLLEGE LOSES RIFLE MATCH TO CAL. COLLEGE; 1760 TO 1710

High Point Man With 374 Out of 400

The State College Rifle Club just finished a Rifle Postal match with the California State Agricultural College at Davis. Competition was close and State won the match by a score of 1760 to 1710.

All positions, standing, sitting, kneeling and prone were fired at the National Guard armory where Dick Sanders fired the highest score with a 374 out of a possible 400.

Even though the match was collectively, this score was shared by several points that the team were fired by the Aggie team were Leland Russell, Kertz, J. Parmer, and Paul Kertz, named in the order of their respective scores.

The match was fired under the direction of Lieutenant Breerton of the California State Agricultural College according to N. R. A. rules. Several more matches are scheduled in the near future, and with the possibility of a rifle range may be fitted in the basement of the new engineering building, the superior conditions there will assure the squad a good percentage of

Many Novel Surprises and Ideas To Be Featured In Co-Ed Capers

(Continued from Page One)

be offered by the Y. W. C. A. It will be a satire and will be directed by Vera Parr. A television idea with Miss Beatrice Kelly to dancing, will be another attraction sponsored by Beta Gamma Chi. The Woman's Athletic Association will add two more dances to the evening's entertainment, one of which will be a skeleton tap dance. Kappa Kappa Sigma will present a skit showing the fashions of the days of 2033.

Due to the fact that the Student Loan Fund is very low, the committee has decided to present Co-Ed Capers free of charge and to take a silver offering. Those who have purchased tickets may have their money refunded.

'Morn To Midnight' Tryouts Scheduled for Today

(Continued from Page One)

erfluous words. The whole play, in fact, is written with striking brevity of words, and yet the characters are brought out with startling clearness.

The play has been produced in the United States only once, and then by the noted Theatre Guild. This is due to the difficult staging and characterizations required to make the play hold up as a unified piece of work.

PALM SUNDAY SERVICE WILL FEATURE STATE COLLEGE INSTRUCTOR

Miss Maurine Thompson To Sing at Stanford Chapel

Miss Maurine Thompson of the vocal department, will be the guest soloist with Warren D. Allen, organist, at a Palm Sunday program to be given at Stanford Memorial Chapel on April 9th, at 4 p. m.

Miss Thompson, who has had a great deal of experience as soloist for the largest churches in New York City, will sing "Christ Went Up Into the Hills," by Richard Hageman, and the aria, "He Was Despised," from Handel's Messiah.

All friends are invited to attend.

Loan Fund Dance Given by Block S. J. Club

(Continued from Page One)

Madigan from Saint Mary's, will also be present.

Ziegler's Orchestra To Play
Sammy Ziegler's well-known campus orchestra has been obtained to furnish the dance music. In dances of the past quarter, their music has become popular with the students.

A football, autographed by the members of the championship football team of 1932, will be offered as a prize, and the person winning the prize will have some-

Complimentary Letter Is Received by Campus Radio Club

The following letter was recently received by the members of the San Jose State College Radio Club:

Gentlemen:
You may be interested to know that the message which I filed at your station for transmission to Bandoeng, Java, on Jan. 26/33 was received at its destination Feb. 10/33, having been relayed from Manila Feb. 8/33.

With many thanks for your efficient services, I am,

Very truly yours,
Andrew Bennett.

This letter is of interest because it represents a saving of over a month's time in communication, as a ship bearing a letter with the information telegraphed would have taken well over six weeks to reach its destination.

[This is just a single example of the everyday service that the Radio Club offers to anyone who wishes to communicate with anyone, anywhere. The service is not only efficient, but free.

thing worthwhile to have in future years.

Simon announces that tickets may be bought from the following people at 25 cents each. If tickets are bought at the door they will be 35 cents.

Bud Applegarth, Hugh Staffelbach, Bud Hubbard, Frank Yearian, Kay Fisher, Pearl Bohnett, Louise Winans, Bill Jung, Amby Nichols, Gil Bishop, and the Controller's Office. A cash prize from a downtown merchant is being offered to the student selling the most tickets.

PHI MU ALPHA ENJOY A PLEASANT MEETING LAST TUESDAY NIGHT

Bob Schuilenberg Entertains Fraternity at Home

Last Tuesday evening the local chapter of Phi Mu Alpha held a regular old-fashioned smoker at the home of Bob Schuilenberg. During the course of the evening cards were enjoyed by those present, with bits of entertainment by some of the most talented members given between hands. The meeting was one of the best attended this year.

The next event of interest to the Phi Mu's will be the visit of Charles F. Rogers, National Vice President, to State. Mr. Rogers was Western Province Governor before his election to the national council. The fellows are planning a reception in the form of a stag banquet at the Hotel Italia in honor of his visit, during which time topics of interest will be discussed and interesting entertainment will be furnished.

College Home-Making Teacher Writes Article for Vocational News

Miss Verna M. Temple, who is in charge of the child training laboratory in the Home-Making department, had a most interesting article published in "California Vocational News Notes." This article would be of special interest to student teachers of home economics and to future teachers of that subject.

"The course in child training," explains Miss Temple, "offers a real opportunity for self-analysis and personality development on the part of the student through conferences, and indirectly through her contacts with children."

The article also explains that the student teacher is helped through contact with the parental education meetings, and through the conversation of the instructor and parents the student teacher gets a better understanding of the problems that come before a teacher and parent.

The concluding paragraph of the article explains that "through this rich and varied experience in the children's laboratory we hope that student teachers will gain an appreciation of childhood and its needs, and a knowledge of some of the necessary skills and attitude which will be of value to them as future parents as well as teachers of home economics."

Spartan Trackmen Defeat Pacific By 97-32 Score

Locals Annex Meet Without Trouble; Doug Taylor Stars

Cunningham, Javelin Ace, Tosses Spear 193 Feet in Only Attempt

Sweeping every first place but three, San Jose State's powerful track and field team submerged the College of Pacific Tigers under a 97 1/2 to 32 1/2 count in a dual meet held at Spartan Field yesterday afternoon.

Captain Doug Taylor once again led the way for the locals to garner his customary three first places and individual scoring honors for the day. He won the hundred in 10 flat, the 220 in 21.6, and then exceeded the Far Western Conference record in the broad jump with a leap of 23 feet 4 1/2 inches.

Pacific's lone first places were garnered by Lawrence Hatch, who won the mile from his old rival Glenn Harper of the Spartans in 4:36.2; Johnny Hoohyar, who ran the quarter-mile in the excellent time of 50.6 seconds; and Russell, who won the shotput with a toss of 41 feet and 1/2 inch.

Frank Cunningham, Spartan javelin star, tossed the spear 193 feet 2 inches with only one throw and was content to call it a day.

Harry Murphy, local hurdler, took the 120 yard high barriers in 15.6 seconds, while his teammate, Knight, captured the 220 yard low fence event in 25.7 seconds.

Following is the summary of yesterday's meet:

Mile run—Won by Hatch (P); second, Harper (SJ); third, Reed (SJ). Time, 4:36.2.

100 yard dash—Won by Taylor (SJ); second, Salvato (SJ); third, Martin (P). Time, 10:00.

120 yard high hurdles—Won by Murphy (SJ); second, Knight (SJ); third, Richardson (P). Time, 15:6.

440 yard dash—Won by Hoohyar (P); second, McFedries (SJ); third, Murdock (SJ). Time, 50:6.

Two mile run—Won by Clemo (SJ); second, Parsons (P); third, Bonari (SJ). Time, 11:05.5.

880 yard run—Won by Orem (SJ); second, Francis (SJ); third, Wicker (P). Time, 2:03.8.

220 yard dash—Won by Taylor (SJ); second, Hoohyar (P); third, Robinson (SJ). Time, 21:6.

220 yard low hurdles—Won by Knight (SJ); second, Wittenberg (SJ); third, Murphy (SJ) and Richardson (P) tied. Time, 25:7.

Relay—Won by San Jose (Hubbard, Arjo, Murdock and McFedries. Time, 3:31.5.

Javelin—Won by Cunningham (SJ); second, Challis (P); third, Farina (P). Distance, 193 ft. 9 in.

Shotput—Won by Russell (P); second, McPhetres (SJ); third, Brown (P). Distance, 41 ft. 6 in.

Pole vault—Won by Wool (SJ); second, Stevenson (SJ); third, Easterbrook (P). Height, 11 ft.

High jump, four-way tie—Marquis (SJ), Wittenberg (SJ), Murphy (SJ), Arnold (SJ). Height, 5 ft. 8 in.

Broad jump—Won by Taylor (SJ); second, Shtebanian (SJ);

SWIM COACH WALKER UNCOVERS SIX NEW PROSPECTS IN TRIALS

Coach Walker has uncovered six men to add to his Spartan swimmers. The new swimmers are Dave Condit who surprised with a fast 100 yard time trial. Condit has been doing the 40 yard swim, but his trial time of 65 seconds marks him as a threat in the 100 yard event. Brunning, who won the intra-mural 100 yard dash, is another sprinter that will cause plenty of trouble to opponents.

In the sprints Ed Brown is showing promise and he may get into the S. F. State meet Friday. Ted Meyer, another intra-mural swimmer, is breast-stroking his way to consideration.

Gordon Leland, former San Jose High star, in the 220 yard swim, and Norman Fitzgerald, distance man, are the others. These men have possibilities and with a little more conditioning they will be right in the money.

The Spartans meet S. F. State here Friday. More about that later.

Intra-Mural

By Dick Bertrandias

Once again the timely advice, "Deadline for Volleyball and Doubles Tennis is Friday, 7th," so see Coach Walker or your class manager, and sign up now.

It is with great regret that I announce the athletic manager of the Frosh class, Byron Lanphear, is no longer with us, due to an unfortunate motorcycle accident in which Byron received a serious fracture of the leg. A new man must be appointed, but it will be hard to find one who will accept the responsibility and carry out the work with the diligence shown by Byron.

Until a new manager is announced the Frosh should see Coach Walker in order to sign up for intramurals.

The winner of last quarter's Times League, which played games at 4:00 o'clock, was the UTWOHB. They easily won the final game from the Pale Ponies by a 33-8 score. The UTW bunch was made up of Vagts, Kalas, Goodell, Atkinson, Liebrant, and Rose.

third, Bardin (P). Distance, 23 ft. 4 1/2 in.

Discus—Won by McPhetres (SJ); second, Marquis (SJ); third, Seaber (P). Distance, 122 feet 7 1/2 inches.

Girls' Sports

By Virginia Gardner

One hundred girls wanted—your applications are guaranteed to be accepted if you sign your name to the list on the bulletin board before Friday, April 7th. Your duties will consist of performing all such enjoyable obligations as befit a member of the team of your choice.

In other words, there is to be a play day in San Mateo Saturday, April 22, to which girls from San Francisco, San Mateo, and San Jose State are invited. Transportation is to be furnished.

Various sports furnish you with plenty of choices. Baseball, hockey, basketball, volley ball, swimming, tennis, archery, and riding are among the sports in which you may participate.

The first hour of the play day will be devoted to team games, the second to exhibitions of swimming, riding, etc. If you have a car and can provide some transportation, it will be very much appreciated. It is very important that you sign up immediately.

Spring is on and so is the competition for the most attractive sun tans. However, some lovely cases of sun burn are on exhibition about the campus. Bathing in the sun is fast becoming as important a sport as bathing in the pool, and the roof of the women's gym is a most popular place.

Yesterday the W. A. A. Board met to discuss the new amendment to the constitution which revolutionizes the form of the W. A. A. It is hoped that the plan which provides for the formation of separate clubs in such sports as tennis, swimming, hiking, bicycling, archery and any other favorite of the co-eds. The organizations are to be entirely in the hands of the girls interested and organizing these clubs. They will elect the W. A. A. representative. It is hoped that this new movement will encourage enthusiasm of the non-majors in P. E., and make the W. A. A. an organization of all the girls and not just P. E. majors.

Enter a petition to the W. A. A. and then you can form a club in your favorite sport.

Grigger Breaks Wrist In First Spring Casualty

The first casualty in Spring football practice occurred last Tuesday afternoon, when Glenn DuBose, promising Frosh backfield man, suffered a fractured wrist which seems destined to keep the boy out of action for a week or two. DuBose, former Mission Hi star, has been showing plenty in the way of football performance and should prove valuable in the yearling eleven of next fall. Long twisting spirals have been ominous forerunners that the peninsula star will be in plenty of evidence when the fall season rolls around.

Spartan Tracksters Set for Sacramento Relays on Saturday

Locals Stand Good Chance of Taking Individual Team Championship

The best College and Junior College competition in Northern California. That is what Coach Erwin Blesh's San Jose State Spartan tracksters will be up against when they enter the Superior California Relays at Sacramento Saturday. Among the more prominent teams will be those representing the University of San Francisco, Fresno State College, College of Pacific, Modesto Junior College, and Sacramento Junior College.

This meet will give Blesh his first chance to see how the locals stack up against Fresno State, defending Conference Champions, whom they engage in dual competition at Fresno on the 15th of this month.

Blesh is entering men in every event in hopes of garnering enough points to carry off the individual team championship of the carnival. Relay events will consist of four-man mile, two-mile, medley (220-440-880-mile), and 440 sprint races. There will also be regular field events, and, in addition, two special flat races, a 100 yard dash and a flight of 120 yard high hurdles.

In the relay events the locals are conceded the best chances in the 440 sprint, medley, and two-mile events. Salvato, Taylor, Robinson, and a fourth man not yet selected will make up the sprint relay team. In the medley honors will fall to Captain Taylor, McFedries, Orem, and Harper, while the two-mile team will consist of Messrs. Harper, Clemo, Orem, and Francis.

The medley is expected to be one of the most cleverly contested events of the meet with Sacramento, San Francisco, Fresno, and San Jose battling it out for honors.

Spartans who are expected to place in other events are Cunningham in the javelin, Taylor and Salvato in the hundred, McPhetres in the discus, Wolo and Stevens in the pole vault, and Taylor and Bennett in the broad jump.

Roamin' Greeks To Meet

Roamin' Greeks will hold their meeting at the home of Mrs. Grace Aldrich at 280 E. William Street this Thursday, April 6 at six o'clock. All members of Roamin' Greeks who plan to attend this meeting should get in touch with any of the officers or with the hostess.

Spartan Spasms

By Murdock and Bishop

A few things noticed in Spring football practice:

Glenn DuBose, first quarter frosh from Mission High, booting the old oval thither and yon for yards and yards. Looks like swell material for next year. Frosh eleven.

George Embury also getting plenty of distance with his spirals. George will get plenty of work with Jack Wool sadly missed.

Some comparison. Johnny Leo and Al Lindner. Leo built close to the ground and carrying 265 pounds brooks plenty of trouble for the opposing line. Lindner towering 6 ft. 3 in. or better, no experience, but naturally an athlete.

Sammy Filice out from baseball and scampering over the turf like a scared rabbit. Sammy should have a good season, barring injuries.

Amongst the numerous gripes turned in every day by disgruntled track men is the one by Bert Watson—no sawdust in the pole vault pit. Oh, well, think of the weight you lose when you hit real hard. Bill Hubbard goes on record as saying no one creates more than a track man—just ask one how he feels and get ready for the crying towel. We don't mind our outfit crying as long as the performances keep rolling in.—witness Saturday's records.

The Sacramento Relays ought to produce some rip-roaring relay races. For instance, there is the medley consisting of 220, 440, 880, and mile run in that order. Sacramento Junior College, with such men as McFap, McRea, Lemon, and Tommey handy, is admittedly pointing for this event. However, San Jose, with Taylor, McFedries, Orem, and Harper; and such teams as Fresno State and S. J. U., will also have something to say in the matter.

Then there is the two man event consisting of four man each running an 880. Here the locals will have the services of Clemo, Orem, Harper, and Francis. Orem is good for two minutes flat or better. Clemo and Harper have marks of 2:02 and their credit this season, while Francis is capable of 2:04 or better, depending on his condition.

Captain Doug Taylor will get his first crack at his old rival Floyd Wilson of Fresno State, in the Relays Saturday. Taylor has already surpassed Wilson's conference record of 23 feet 11 inches this year, and it is more than probable that he will take the diminutive Fresnan out of camp.

Wallace Leslie, senior high jumper and hurdler, who was stricken with appendicitis last February will be ready to jump again by the 15th of the month. They certainly put people up in a hurry these days. Leslie is already taking his work-outs, and he avows that he will be right in there clearing six feet in the high jump before the Conference meet rolls around.
