CHORE LEADERS BACK THE SECOND ANNUAL BOAT TRIP

You two more days left in which to get your tickets for the boat trip. This means that the company has two more days in which to sell one hundred and fifty tickets before the trip is sold out.

Sailors, let us ask you directly: do you realize what you are missing if you don't go on this trip? Do you realize that it is a trip that is worthy of any like or university student's approval? Do you realize what you are losing if you do not go on this trip? Do you realize that this trip embodies all the new and exciting events of the year?

This is what the following people of San Jose State have to say about the trip:

Dr. McQuarrie: "A project that should be supported by the students of San Jose State." (Continued on Page Four)

Largest Graduating Class on Record To Leave State June 15th

On Saturday, June 17, San Jose State College will turn out the largest graduating class on record.

The Teacher's College group, plus the Technical College group, contains some of the most active members of the student body and an appreciable loss to the school as a unit will be felt due to their absence.

TEACHERS COLLEGE GRADUATES

Expect to graduate at least one hundred and fifty students.

Comprehensive is a word that comes to mind when you think of the impressive number of students who will graduate this year. The class is made up of students from every department on campus, with a wide variety of majors and minors.

And as a parting word to the college administration, we hope that the school will continue to support and encourage these students as they continue their studies.

Verse Choir Speaking Choir will present a devotional service at the Lyric Theatre at the end of the day. All students and faculty are encouraged to attend.

Prevalent Poverty of People Laid to Errors of Economic Leaders

"Our economic leaders—our economic engineers, so to speak—have made their escape from the world, and all the arguments and all the gibbets of the contrary will not cover up the fact.

"Our sophistry and puerile allusions to the world-wide economic malaise which is rapidly growing are not going to cover up the fact."

Please fill out the form below and drop in one of the boxes in front of the Times office and Assembly Hall.

Do you prefer the Times in its present form, or did you like it better as a weekly or bi-weekly?

Do you think the Times has better than a fair coverage of school activities?

What suggestions have you for improving the Times?

The Boat Ride Is Done

At last the flood which raged for several days around Wash,ington, has dropped, and more will it be necessary to creep across the turbulent stream caused by the act flow from the newly-completed well.

All requirements have been satisfied, and the well will soon be equipped with the water tank.

The saving effected by State's owning its supply-water can readily be seen when it is noted that the water used since the former well was put on in 1930, cost the State $690, more than the cost of the new well.

San Jose Players Begin Work on Oscar Wilde's "The Importance of Being Earnest." Last Play on the Third Season

Stepping from the stark realism that was found in "Silver Cord," San Jose Players will present Oscar Wilde's "The Importance of Being Earnest" on June 2 and 3 in the Morris Dailey Auditorium.

Characters in the play are to be played with a stylization of bouche movements and distinct accentuation that will accentuate the cleavage of the dialogue and plot so real as to be almost clad.

This stylization will even be carried out in the stage. This will be accomplished through the intimate use of severe that have not been used by Players this year.

Even the plants used in the garden are to be suggestive of reality, and will add to the effect of the style. A "Flower Fairies" on the life of the times, by Mrs. Alden, who was seen in the ingenue in "Queen's Head," will also be an ingenue in "The Importance of Being Earnest," by Mrs. Yancey, William Wallace, and the three sweeties in "Last Fiesta de los Bons papayers" will be seen as John, who becomes Earnest II.

Other prominent Players in the cast are: Edna Wolfsow, Bob Stef- fens, Louis Mendelesohn, Jim Fitzgerald, and Al Dunn.

Mendelesohn Featured in Musical Half Hour

Musical Half Hour, which will start the annual Fiesta will feature Mr. Herman Mendelovitz in a symphony of "Ludwig Van Beethoven." Mr. Mendelovitz, who is a member of the Art Department, has received his degree in music for several years. Everyone is welcome to come.

Debate Coach and Manager Are Back from Conference

GAWAIN AND LINN GET AWARDS FOR THEIR DEBATING

Wells Harrington, debate coach, and Ronald Linn, forensic manager, returned to San Jose Sunday after their trip to the California Coast League Debate Conference, which was held in Santa Rosa, Saturday, May 7.

A banquet was held Saturday night to honor the debate teams coming from Sacramento and Modesto Junior Colleges, San Jose State, and Golden Gate College. After the banquet speeches were given by the debate coaches from the various schools on subjects regarding the Oregon style of debating and cross-examination by opponents during a debate, and the advisability of our taking more of the mono-decision debates.

Dr. Smith of Modesto, is of the opinion that the Lemon Leader debate should be tried and each school report on its experiences at the Conference.

Mr. Harrington gave a very interesting discussion showing why he was of the opinion of non-decision debates. He pointed out that great care should be exercised in the selection of judges for debates and in his opinion only debate teachers or experienced debaters were capable of rendering a fair decision.

The regular business of the conference was held in the Junior College building. After minutes of the meeting had been read and there being no old business, President Harold Maloney of Santa Rosa, appointed members to decide the questions to be debated next year by the conference colleges. He appointed Ronald Lim as chairman of a committee to decide on amendments to the constitution.

The committee soon reported. It was decided to allow the school whose team won the pole-vaulting competition to award for three successive seasons, a permanent trophy for the contest. A special debate was also recommended. Debating awards for students who had participated in at least two debate sessions were presented to several students from the various colleges, among whom were Ronald Lim and Howard Gathrop of San Jose.

Officers for the coming year were elected: Miss Mary Brevoort of Modesto, president; Mr. Albert Searoog, of Sacramento, vice president; Mr. Walter Melo, of Modesto, secretary.

The conference convened during the annual Rose Festival so that our delegates were fortunate in being able to see the famous festival parade. One of the most beautiful of the rose-covered floats was a float presented by the City of San Jose, which depicted the Akron Zeppelin.

SUMMER SUITS

Imagine the mermaid having maidesty? It's truly beside the point. The newest swimming suits have skins, no matter what the style on the side, until they at the waist, and there you are—the one-piece swim suit! The skirt serves as a cape to come a dripping out of the water.

Menlo Swimming Matches Are Cancelled Over Week-end

Because of a slight case of infantile paralysis in the school, Menlo J. C. was forced to close pool, and in the same time call off the Menlo-State swimming matches, which was scheduled for last Tuesday.

Coach Walker has been trying to find a suitable opponent for the squad, but other schools either are beginning summer vacation or have no squad.

If no opponent can be found, the team will hold interclass competition.

Wells of Sacramento, is Salvo's strongest competitor in the 100 yard dash, and he, as Salvo, has been clocked at 9.7.

Coach Erwin blush is looking for Sacramento to give State a battle in the 880 yard relay.

Little is known of the southern schools, other than that they have strong competition, and a southern man may step out and take first place away from a favorite.

Colleges Must Raise Quota for the Olympics

Universities and colleges are trying to encourage students in the drive to raise a $30,000 quota in the national fund to defray the expenses of the athletes going to the games in London. The money is to be raised through the sale of pens already on sale on the campus of the University of Southern California, Los Angeles. Students of the University of Southern California, Occidental College, Pomona College, the California Institute of Technology, Whittier Junior College, and Los Angeles Junior College, have a great interest in the Olympic fund committee.
