

Elliott Is Elected Senior President

DR. V. PETERSON GOES SOUTH TO CHOOSE SITES FOR WESTERN NATURE STUDY SUMMER SCHOOL

Desirous of choosing sites for the West Coast School of Nature Study, Dr. Victor Peterson, head of the science department of San Jose State, made a trip down south during the Easter vacation. He also visited Death Valley, and commenting upon this area said that a scarcity of flowers was quite evident except along the various river canyons where wildflowers as usual were quite numerous.

SCHOOL SITE CHOSEN

As a result of the trip, Dr. Peterson along with other members of the faculty have decided to hold the first division of the West Coast School of Nature Study at Big Bear Lake during June 17-23 inclusive.

The second division will also be divided, the first trip of the latter division to be held from June 24-30 inclusive, and the other from July first to seventh. These last two trips will be held at Fallen Leaf Lake.

Dr. Peterson was accompanied on his trip by Mrs. Peterson and their son.

Freshman Class Enjoys Fun And Games at Meeting

Dancing and outdoor games furnished entertainment for the freshman class at their first meeting of the quarter held Thursday March 29. After the registration of the class, paddle tennis, ping-pong, volley-ball, darts, lawn tennis, and other outdoor games were enjoyed. The games were so interesting that several upper classmen joined the frosh. Pat Face was in charge of the games and was assisted by other members of W.A.A.

Dancing in the women's gymnasium attracted a large crowd from eleven until one o'clock.

This plan of entertainment proved very successful, and the freshmen are hoping for another two hours of such entertainment in the future.

Earl Kenney Named For Alameda Position

Miss Lydia Innes, secretary of the Appointment office recently received notice that Earl Kenney '32 has been appointed Supervisor of the Emergency Educational Program of the city of Alameda.

Ester Ehrhardt '33 has been appointed to the Isleton schools in the Sacramento Valley and Joseph Freeland '33 has accepted a position for the balance of the year.

The most recent appointment has been that of Miss Marie Delmas to substitute in the college library, filling the position of Mrs. Helen Manker who has resigned.

Recent Census Reveals More Men Teachers

A recent census of the faculty members of this college revealed an increase of four male faculty members and a corresponding decrease of the women faculty. At present there are sixty-six women and sixty-nine men, forty-nine and fifty-one percent. A year ago there

B. Morris Elected Vice-President Of '34 Class

Senior Ball Concludes Last Week Of Class Festivities

Plans Made For Senior Week; Bill Threlfall Conducts Meet

Robert Elliott was elected president of the senior class Thursday at their weekly orientation. Lucille Fonfara ran in close opposition to him.

Betty Morris and Sam Ziegler were in the run for vice-president, with Miss Morris a few votes in the lead.

The office of secretary was given to Mildred Murgotten who ran a close race with Stanley Nelson and Emma Schmidt. A White ballot was cast for Pearl Bohnett for treasurer, while Jim Francis was elected sergeant at arms. Dick Frank and Larry Carpelan were his opponents.

Dorothy Miller was elected A.W.S. representative over Hope Allario.

SENIOR WEEK PLANNED

The election was conducted by Bill Threlfall, retiring president.

Plans for senior week were then discussed, and the costs for the various activities were listed. Dr. DeVoss, senior class advisor, announced that the seniors had the privilege of voting on paying for the expense of the Sprawl, \$12; the banquet, \$65; and the Mt. Mamilton trip, \$51. The remaining activities have become a traditional part of senior week, including the presentation of the numerals during class day and the Senior reception Thursday; the baccalaureate service Sunday; commencement, Saturday; the contribution to the school fund, and a gift to the college. The formal Senior Ball Friday evening concludes the week's social activities.

Miss Innes of the Appointment office announced that all students who were student teaching last quarter and have not had interviews with the appointment office, should make their appointment for them as soon as possible on the Appointment office bulletin board.

Phi Mu Alpha Plans Large Program Day

The local chapter of Phi Mu Alpha, Sinfonia Honorary Music Fraternity of America has been exceedingly busy planning programs to be presented in the near future. An annual Chapter Day program, dedicated to all Pacific Coast chapters of the fraternity will be broadcast Friday night, April 6th, at 8:30, over the local station K.Q.W.

The official Chapter Day program will be presented Thursday evening, April 12, in the Little Theatre. Everyone is cordially invited to attend.

Edward Brown, president of the local chapter, is in general charge.

PLAYREADING GROUP TO MEET

The Playreading group will meet Tuesday April 3 in Rom 159. The club will be definitely organized at that time. Those interested please there at 7:30 sharp.

were sixty-five men and seventy women on the faculty. Twenty-eight of the one hundred thirty-five have received their doctor's degrees.

Music Department To Present Cantata, Band, Symphony, Glee Club

Wm. Greenleaf To Appear Second Time Here

Appearing here for the second time this year, Mr. William Lee Greenleaf, famous Shakespearean reader will be presented by Theatron, San Jose State's Dramatic Honor Society, the morning of April 4, at eleven o'clock in the Little Theatre. Admission charge will be ten cents.

In regard to this program, Mr. Greenleaf states in a letter to the organization sponsoring his letter to the organization sponsoring his appearance, "Expect to bring with me the gestures used in three different programs; Hamlet, The Merchant of Venice, and a recent concoction of materials so old that they will seem new. I call this latter program Types of Humor. It may include your choice of several bits of comedy from Shakespeare, contrasted with the quaint humor of "Bill" Nye, and James Whitcomb Riley. These gentlemen were my personal friends."

SECOND PRESENTATION

Those who attended Mr. Greenleaf's performance in the fall quarter will remember him especially for his fine reading of the Stages of Man speech. Although the definite program has not yet been selected, Mr. Greenleaf can always be depended upon for fine entertainment as well as a bit of education.

This marks the second presentation of Theatron in a short period. In the last two weeks of last quarter, that organization also sponsored the appearance here of the Patterson Puppets in two programs. Theatron is headed by Dorothy Viera, prominent speech major, and Dr. Dorothy Kaucher, faculty adviser.

Professor and Student Represented S. J. S. At Fresno Meet

Dr. Jessie Graham and Joseph De-Brum, both of the commerce department of San Jose State, and Mr. Frank Robinson, a December graduate of this college, who is now doing graduate work at the University of Southern California, were State's representatives at the State Conference on Business Education held in Fresno Saturday, March 24.

The Conference was held in the Hotel California, under the auspices of the California State Department of Education, and the California Commercial Teachers Association. Approximately 220 teachers of business subjects were present at the meeting.

New trends in business education furnished the theme of the various addresses delivered during the day. Among the prominent speakers were Vierling Kersey, Superintendent of public instruction, and Dr. Paul Cadman of the University of California.

WHITE SWEATER LOST

Will the person who took the white sweater from the Women's Gym last Thursday during freshman orientation please return it to the lost and found? It will be greatly appreciated.

Recital Of Woodwind Ensemble Will Be Given May 2

S. J. College Chorus To Give Program Of Contemporaries

Opening the spring quarter with a set of plans that is ambitious to say the least, the first presentation of the college music department is to be the Band Concert on the evening of April 11 in the Morris Dailey Auditorium, according to Adolph W. Otterstein, music department head.

The Band, under the direction of Mr. Raymond Miller, has been at work for two quarters on the numbers which it will present on that program.

CHORUS CONCERT PLANNED

Within the first four or five weeks of this quarter, it has also been planned to present the State College Chorus in Concert. Under the direction of Mr. Otterstein, the chorus will sing the work of Mr. George Matthews of the music department faculty, a cantata entitled "Zorayda, the Mad Sultana", the libretto by Miss Irene Alexander of the high school faculty. Also on the program will be a Psalm set to music by Gustav Holst, and Walt Whitman's "Toward the Unknown Region", set to music by Vaughan Williams. The program is complete.

(Continued on Page Three)

Sophomore Class To Sponsor Social On Friday, April 6th

Intent upon eclipsing the excellent social program conducted last quarter, the Sophomores will offer a grand social get-together on Friday, April 6, for all members of the class.

Primarily for the establishment of new and better acquaintanceship among the Sophomores, this affair is to be held from 8 to 12 Friday evening in room 1 of the Art building, the program consisting of games, dancing, contests, and refreshments.

COMMITTEE APPOINTED

President Bill Moore has appointed the following committee to take charge:

Byron Lamphear, general chairman; Louella Fencil, Ed Wetterstrom, and Kay McCarthy. The program will be divided into two periods, the first beginning at 8 o'clock and lasting until ten, during which games and contests will be featured. From ten to twelve dancing to Sam Zeigler's orchestra will be enjoyed. Refreshments will be served to all in attendance.

A nominal price of admission, ten cents, will be charged to defray the expense of the orchestra and refreshments. All Sophomores are urged to attend this special Sophomore frolic.

NOTICE FOR ENGINEERING

All students who intend to register for Surveying or Descriptive geometry during the next college year should register for Pre-Engineering Drawing for the Spring quarter. The class meets at 1 p.m. Tuesday and Thursday.

DESERT SPECIMENS ARE BROUGHT BACK FROM TRIP; PUT ON EXHIBIT IN NEW SCIENCE BUILDING

Returning from a trip from the Southern California desert, a party consisting of Dr. Gayle Pickwell and Miss Emily Smith, college faculty members, and three college students, Tom Rodgers, Mr. Aldrich, and Clarence Hamsker, brought back many specimens of desert life, animals, and flora.

RATTLESNAKE CAPTURED

These were displayed in the Science Building last week. The purpose of the trip was the desire to amass material with the possibility of putting out several publications on the animal and flora life available there.

Special interest was also manifested in the mammal and bird study and also the physiographic features of the area.

One of the highlights of the miniature expedition was the successful capture of a rattlesnake by the students in the party. The four foot reptile with eleven rattles was captured by spearing it with crude spearlike weapons, thus keeping the irritated snake away from the captors; and it was then placed in a cage.

WEATHER PLEASING

The nesting habits of the birds, especially the verdin birds of the desert, was also studied.

Throughout the entire trip cool and pleasing weather which is quite characteristic of this area at the present time of the year, was enjoyed. Photographs were taken of the animals, bushes, and the topography in that section of the desert.

Dr. Carl Duncan and his party also made an interesting trip to the desert also, though in a different area.

Guy. George Attends Employees Meeting

Mr. Guy G. George, a member of the instructional staff of the commerce department of this college, on Saturday, March 24, attended a meeting of the California State Employees Association held in Sacramento.

The main purpose of the meeting, in addition to the regular routine business, was to formulate a temporary draft of the constitutional amendment on Civil Service. The Association proposes to place on the fall ballot an amendment to the Constitution for extending state civil service. This move will strike a definite blow at the spoils system, practically making compulsory the merit system.

This question has been of vital interest for some time, states Mr. George, and promises to prove even more so before long.

McCoard Vacations In Southern Part of State

Sailing on the S.S. Yale, Mr. William McCoard of the Speech Arts Department visited the southern part of the state during the recent vacation. He visited many friends and attended several plays. He also traveled around to various universities of that region including U. S. C., U.C.L.A., Occidental, and the Los Angeles Junior Colleges.

Mr. McCoard reports that he enjoyed himself immensely.

Music Department Plans Large List Of Entertainment For This Quarter

Alumni Association To Award Prizes For Compositions

(Continued from Page One)
posed entirely of contemporary works. Orchestra accompaniment will be used. The work of the chorus will be remembered especially by last year's fine interpretation of Mendelssohn's oratorio, "Elijah".

On May 2, the Woodwind Ensemble will present a recital under the baton of Mr. Thomas Eagan, woodwind instructor. Though plans for the numbers to be played are not yet complete, this program promises to be one of the finest events of the quarter.

The third Symphony Concert of the year will be heard the evening of June 5, in the Morris Dailey Auditorium. The program will include the Fifth Symphony of Tchaikowski, "Night On Bear Mountain" by Mousorgski, "Sargasso Sea" by Edwin Schnyder, the local composer, and one big number by a soloist. Though this quarter's soloist has not yet been definitely named, it is understood that the choice lies between Robert Rath, pianist, and Frank Triena, violinist, and concert master of the orchestra. The selection of one of these students is the first time in two or more years that the soloist has not been a girl.

BEL CANTO RECITAL

Although it is not certain as we go to press, the annual Bel Canto recital is expected under the direction of Miss Alma Lowry Williams. The Men's Glee Club is also to be heard in concert.

One of the important events of the quarter will be the awarding of the original composition prizes under the sponsorship of the Alumni Association. The deadline for handing these compositions to the music department office is April fifteenth. \$100 in prizes is to be distributed among the winners in the contest.

Cooperation Is Asked In Obtaining Money

Fuller cooperation of the nation's leading educators in obtaining more than \$500,000,000 in federal appropriations for public schools and colleges was asked of the National Education Association's department of superintendents tonight in an address by William F. Russell, dean of teachers college, Columbia university.

The program already submitted to federal authorities calls for: 1—A \$100,000,000 appropriation to meet actual deficiencies in school funds in many parts of the country; to be apportioned among them according to their needs. 2—A \$300,000,000 fund as additional school aid for all parts of the country, to be divided among the schools by states on the basis of approximately \$11.00 for each student enrolled. 3—Special grants for school buildings, and loans to school administrations whose assets are frozen in now closed banks.

Other parts of the program which already have received some federal support, Dean Russell said, are requests for \$50,000,000 for this year's school emergencies, and \$30,000,000 to aid students attending institutions of higher learning.

RECORD NUMBER OF TEACHERS EMPLOYED IN WINTER QUARTER

Traditions for the winter quarter teacher employment were shattered last quarter when a twenty per cent increase in the employment of graduate teachers occurred. Never before in the history of the college have so large a number of graduates been placed in the public schools of California as that placed in the period from September 1933 to March 1934, according to the Registrar.

Last year only 62 were placed during that time, while jobs were found for 76 this year, with good prospects for the summer, according to Miss Innes, placement secretary of San Jose State College.

Higher Education At Nebraska Produces Religious Agreement

LINCOLN, Neb. (U.P.)—Higher education at the University of Nebraska is not conducive to irreligion, a survey made here by Dr. Stephen M. Corey has revealed.

Representative groups of seniors and freshmen were asked to agree, or disagree, with religious propositions outlined in a standardized questionnaire submitted by Dr. Corey. The reactions were definitely on the side of religion.

In tabulating the results of the survey, the professor noted that crystallization of thought, that follows development of more mature thinking processes among seniors, had resulted in the older men possessing a more clear conception of a Deity than freshmen.

A suggestion that the "church was losing ground" was definitely rejected by both groups submitting to the questionnaire. Dr. Corey pointed out, however, the idea was more definitely discarded by seniors than by freshmen. Such also was the case in reaction to a proposition that "the church is trying to adjust itself to a scientific world and therefore deserves support."

On the other hand, freshmen were a little more certain than seniors that a superior Deity always must be expected to support the right and condemn the wrong and were more tolerant of demonstrations and church theology than older men.

NOTICE

The following members of Harry Jennings' La Torre sales staff are requested to attend an important meeting at 12:30 today, Monday, April 2, in the La Torre office: Louise Hocum, Hugh Staffelbach, Elmer Stoll, Rae Dobyns, Marba VanSickle, Carl Palmer, Clarence Naas, Jim Fitzgerald, Bill Moore, Evelyn Pritchard, Jim Girmsley and Ambrose Nichols.

Former President Will Visit Spartan Spears Thursday

Miss Thompson to Tell Spears Purpose Of Spurs

Miss Hazel Thompson, former president of Spurs, national honorary organization for women, will be a guest of the Spartan Spears, local honorary society for Sophomore women, at their regular meeting Tuesday evening, April 3, in room 34.

Miss Thompson, as a student at Montana University, was not only head of her college chapter, but also held the honor of officiating as president of the national organization. She will tell the Spears, who plan to join Spurs in the near future, of the purpose of the organization, its activities, and its advantages.

Planning an extensive program of service to the college during the spring quarter and for the fall of next term, the Spears feel that the scope of their activities warrant entrance into the National group, and will welcome the advice and suggestions Miss Thompson is qualified to offer.

Wisconsin Inaugurates Education Experiment

Two new experiments in education, one designed to train young men and women for public leadership and the other inaugurating a new and more economical system of graduate study, were started at the University of Wisconsin recently. One of the experiments, involving the training of students for public leadership, will consist of a four-year course in classical humanities providing for the study of Greek and Roman civilization in a manner that will provide an indirect attack on modern American problems.

NOTICE FOR SENIORS

All Seniors who plan to graduate this June or August should make application for graduation as soon as possible. It is important that this be attended to early in the quarter. Please see Miss Palmer in the Registrar's Office if you have not already filed your application.

SAGE IN SEARCH OF LOST SCHOLARS WHEN NEW TERM CHANGES CLASS

It was the first day of school. The bell for the first class had just clanged out the news that anyone not yet in his respective classroom was late. The corridors were deserted except for a few sleepy-eyed hurrying students, when from the Times Office there appeared a little man, black-haired, spectacled, leisurely moving down the hall toward a waiting class.

He opened one of the doors on the corridor, started to enter.

"Did you wish to see me?" the instructor on the platform of that room interrupted his "sunshiny" good morning, etc. etc.

"No—er—no", the little man seemed nonplussed for a moment, backed out of the room with apologies and again started down the hall.

The performance was repeated at the next door, an instructor on the platform being surprised to see the eminent Ph. D. entering an elementary course, meeting, inquiring, receiving apologies. The little man kept on around the corridor, proceeded upstairs and started his little game in the class-rooms there.

Finally, nearly out of patience and approaching a state of fatigue, he found a room where there was no instructor, but only a group of students staring at the blackboard and exchanging vacation adventures. With an expression of immense relief covering his visage, the instructor closed the door behind him, mounted the platform and took out his class role.

Success at last! Dr. Holliday had found his class!

Ero Sophian Alumnae Will Meet Tonight

The alumnae chapter of Ero Sophian society will meet at the home of Miss Margaret Geoffroy, 230 North San Pedro street this Monday.

The alumnae members are very active in San Jose. Both the campus chapter and the alumnae have aided in keeping families that are in need supplied with clothing and food.

Any member of the Ero Sophian society who have not been active with either group are welcome at any time to attend these meetings.

Second Quarter Of Primary Curricula Lab Been Given Again This Spring

Course Organized Last Year; Offered In Industrial Arts

This quarter the primary curriculum laboratory course is entering its second year. It was organized last year and was put in the industrial education program for the spring quarter to show students in primary curriculum the practical side of the course, and to show them means of getting students of the lower grades interested in social science.

The laboratory students are taught the fundamentals of woodworking and given the basic knowledge required to develop an activity work program for children. They are taught to use a hammer, saw, and other simple wood working instruments in making serviceable and instructive articles.

In the course of the quarter every student constructs a small tool chest. It is equipped with a saw, coping saw, hammer, screw driver, chisel, plane, rule, square, and a small C-clamp. The students keep these chests and take them with them when they get their teaching assignments, so that they will be able to construct articles to assist in interesting children in school work.

The course also includes construction models which represent social conditions of different ages and races. The students have made, in miniature, a mission such as the padres built in the reinforced with straw. Its rafters are made of rustic wood, and it is roofed with little sundried tiles.

The class also learns to construct miniature theatre stages from scrap wood. Teachers may make films on a role of paper, or have children make them, showing pictorial stories about the three little pigs or other children's topics.

Dr. MacQuarrie believes that the course has a very high practical value. "The primary curriculum laboratory," he stated, "is a real contribution to proper methods in the elementary field."

NEWMAN CLUB MEETS TONIGHT

There will be a meeting of all Newman Club members, 7:30 Monday night, April 2 at Newman Hall on South Fifth Street. This is the first meeting of the quarter and all members are urged to be present.

FROSH WIN THREE-WAY MEET

THE SPORT SPOTLIGHT

By Conroy and Cox

If ever any San Jose State athletic team had the right to complain about not getting the "breaks" it is the baseball team.

Neglected Ball Club Can "Take It"

For three long months the baseball team has been constantly receiving promises of having their field at Eighth and Humboldt Streets conditioned for smooth play. To date the promises have failed to materialize.

True, they have moved back to their regular diamond from the Washington Field on which they held their practice sessions last quarter, but as yet the Spartan diamond is not in what one would call suitable condition. Good sized mounds of dirt still dot the far from smooth infield. All Spartan infielders are in a precarious position every time an infield hit leaves the bat in their direction. Of course they always judge the ball as though it were coming through an ordinary infield, but a large majority of the times the ball manages to pick one of the many rocks or small boulders scattered thickly through the infield, making it practically impossible for any one to stop its progress.

Spirit of Coach

And Players Admired

The spirit shown by Coach Bill Hubbard and every member of the Spartan baseball team is remarkable. Not one word of complaint has been heard from any one connected with the ball club about their mis-treatment, despite the fact that they have received unkept promises regarding the conditioning of their field for over three months.

Regardless of the conditions of their practice field, Bill Hubbard has succeeded in moulding a nine that can stand up to the best aggregations in intercollegiate circles.

To date this season they stand as the only college or university to take the measure of Clint Evans' Golden Bears when played on the new Edward's Field.

In the game against the Bears, which at Berkeley, the Spartan infielders turned in catches that even surprised their own coach. In fact the Spartans' win over the Bears was a great surprise to Coach Hubbard, as it certainly was to the State student body.

No, we are not trying to take credit away from the Spartan players, rather we intend to heap glory on them by telling of surrounding conditions.

When it is said that Hubbard was surprised at the California win, it is the truth. In fact he doesn't see how his team can be expected to win any ball game, when it is played on a rockless, lumpy, dirt-mounded, diamond.

Hubbard's point is that his men are accustomed to watching and expecting the horsehide to take a bad hop on their practice field that they lose all timing of the ball bouncing down a smooth one.

But, Sammy Filice and all his Spartans have been playing good ball on every diamond. Their win over Cal was more than sensational, it was nothing short of miraculous.

With such a loyal group of fellows upholding San Jose in the baseball world it certainly is too bad that the school authorities don't give them a little consideration.

Pete getting his batting eye back. (Did he ever have one?)—Sarge Corbello socking the fast balls, but if fed a slow ball is not so good—It seemed funny to watch the whole "first string" look foolish over a hook and look much better on fast balls—Hardiman's hit with Simon's bat in practice—Ray Abenathy taking 15 teammates back to the Gym on his small Ford roadster.

Spartan Mermen Outpoint Golden Gate J.C. 45 To 39

State College Times Sports

SAN JOSE STATE COLLEGE TIMES, MONDAY, APRIL 2, 1934

Frosh Tracksters Trim Alameda, Commerce

Showing their class quite conclusively, Harry Stoddard's Freshman track team, walked off with their triangle meet with Commerce and Alameda High Schools Friday afternoon. San Jose scored 63 points to 45 for Commerce and 29 for Alameda.

The highlight of the meet was Gerhart's 53 second race in the quarter-mile, when the strong breeze blowing on the back-stretch is taken into consideration. Following Estebay all the way until the last turn his driving finish gave him a good margin of victory.

With the wind at their backs, True nosed out Hanley in the hundred yard dash in ten seconds flat. The two San Jose boys clearly showed their superiority over McDaniels of Commerce.

Bud Everett ran a good race in the mile. The time, 4:51.6 was good considering the climatic conditions found out at Spartan Field Friday. Everett had to much of a sprint at the finish for the fast tiring Commerce entry, Jordan.

Disclosing unexpected strength, Carpenter, Kinnard, and Bordorsky took one, two, three in the shot put.

The closest race of the day was the 880 yard relay in which San Jose was unable to quite make up the handicap of running on the outside the whole race.

The Commerce boys showed their class in the low hurdles, half-mile and discus and high jump. Borland and Lief tied for first at five feet ten inches in the high jump.

Stalman, Spartan pole-vaulter, showed good form in winning his event as did Kido, Alameda broad-jumper. Olmstead jumping twenty-one feet seven and a half inches was only able to get a third, indicating the class of the two Alameda broad-jumpers.

Everett and Hanley tied for high point honors this week. Everett with a first in the mile and a second in the half-mile, and Hanley with a first in the 220 yard dash and a second in the hundred, earned eight points apiece.

Mile run—Won by Everett (SJ); second, Jordan (C); third, Gordon (C); fourth, Brown (SJ). Time 4:51.6.

100 Yard Dash—Won by True (SJ); second, Hanley (SJ); third, McDaniels (C); fourth, Crocker (A). Time 10 flat.

440 Yard Dash—Won by Gerhart (SJ); second, Estebay (C); third, Sunby (A); fourth, White (SJ). Time 53 flat.

120 High Hurdles—Won by Brown (SJ); second, Day (A); third, Wright (A); fourth, Meadows (C). Time 16:2.

220 Yard Dash—Won by Hanley (SJ); second, Taylor, (SJ); third, Crocker (A); fourth, Lewis (C). Time 22:3.

220 Yard Low Hurdles—Won by McPhail (C); second, Day (A); third, Brown (SJ); fourth, Cammack (SJ). Time 26:3.

880 Yard Dash—Won by Lewer (C); second, Everett (SJ); third, Hiatt (C); fourth, Gates (SJ). Time 2:09.7.

880 Yard Relay—Won by Commerce (McFarland, Lewis, Estabey, Lewen). Time 1:33.8.

Discus—Won by Susoeff (C); second, McClenahan (SJ); third, Carpenter (SJ)

Spartan Nine Trims Santa Maria 10-7

Bill Hubbard's Spartan baseballers trounced Santa Maria Junior College 10 to 7 in their return game on Spartan Field Saturday afternoon. Both Simoni and Leibrandt toiled on the mound for the locals, the former getting credit for the victory.

Just About Swimmers

By Al Rhines

California Regrets

California regrets to say that they will be unable to send a team to the Championships because of lack of financial backing. This, in effect, was the tone of the letter received from the Berkeley Institution last week in regards to entering a team in the N.C.I.S.C. to be held in the Spartan pool next Saturday afternoon and evening.

Only \$200

It seems that the Bear swimmers were allotted only \$200 in the annual budget balancing act at the university, and \$200 is not enough to do all the things they must, so pool, goes the Bear management and says, "We won't take in the championships, boys." I'll bet those Bear mermen were plenty disgusted.

Anyway, I know of one who was certainly disgusted with the idea. None other than Dave Higuchi, Bear diver, formerly of the Spartans, thought not too much of not coming down, so Charlie Walker gave him some entry blanks, and Dave said he would see what he could do to get some of the boys down on their own hook. Thanks, Dave, and of you weren't diving against Kinsley, I could almost wish you a first place medal for that.

These California boys must have extravagant tastes if they can't do any traveling with their meagre budget of \$200. Here at San Jose we were only allotted \$125, and here's what they are doing with it:—

2 trips to San Francisco.

2 trips to Stanford.

1 trip to Menlo.

3 guarantees to teams coming here.

and buying medals and ribbons for the championships.

fourth, Sonong (C). Distance 113 feet.

Pole Vault—Won by Stalman (SJ); second, Wright (A); third, Byekley (A); fourth, Headstrom (A). Height 11 ft 9.

High Jump—Won by Leaf and Borland (C) Tied for first; McMillan (A)

second, Teshima (A); third, Olmstead (SJ); fourth, Leaf (C). Distance 22 ft. 4

Shot Put—Won by Carpenter (SJ); second Kinnard (SJ); third Bordorsky (SJ); fourth, Gungon (C). Distance 45 feet 99 inches.

Totals, San Jose—63; Commerce—45, Alameda—29.

Doug Taylor Wins From Salvato In 100 Yard Dash

The time trials held Saturday morning at Spartan Field were very disappointing to the spectators and to Coach Erwin Blesh. The trials were for the purpose of selecting a team to meet U.C. L.A. next week. (Maybe the stiff wind that was blowing has something to do with the poor performances.)

The mile was finished in slow time of 4:50. 4 with Orem arriving at the tape first with Clemo a few yards behind. Harper trailed 10 yards behind. The highlight of the meet was the 100 yard dash in which Doug Taylor beat Captain Lou Salvato in the very good time of 9.8. Salvato seemed to be out of shape and will have to get down to extensive training if he is to place next week. The quarter milers were handicapped by the wind, and the time was very discouraging. However, Ken Provan, a freshman sprinter of last year, won the race in 53.4. Provan is still inexperienced in this race but he has all the possibilities of a really good quarter miler. Anson Hayes, another freshman of last year, came through beautifully in both hurdle races to nose out the veteran Harry Murphy. His time in the "high" was poor as he ran only against time, but in the "low" he covered the distance in 25.1 which is considered conference time. Murphy had hard luck in the shorter race when he fell on the first hurdle. Lynch, a transfer from Sacramento J.C., ran the two-mile against time, and succeeded in breaking his best time. He covered the eight laps in 10:24.7.

Lack Of Funds Stops California Swimmers From N. C. I. S. Meet

University of California has, according to a letter received by swimming coach Charlie Walker, decided not to enter the Northern California Swimming championships to be held in the local pool next Saturday. Lack of finances is said to be the cause for this failure to enter a team by the Berkeley institution.

According to reports, the Bear swimming team was allotted but \$200 in this year's budget, and they are unable to do any traveling with this small amount. It seems rather peculiar that a school the size of the University cannot afford \$15 or \$20 to send ten men to San Jose to swim in the championships, while they can afford thousands to send the crew back to Poughkeepsie.

The Stanford team will include such luminaries as Goodman, Gardner, Van Saitza, Graves, Danforth, Boothe, and Friedman. The Menlo Jaysee team has entered but one man, Sexton, in the meet. Sexton is a distance man of no mean ability and will swim in the 400 yard freestyle race.

The meet will open at two o'clock next Saturday afternoon with the preliminary trials, while the finals will be run off in the evening.

ART LINDGREN'S LOSS IS HANDICAP TO JAYSEES IN SECOND TANK MEET

Golden Gate Junior College, weakened by the loss of Art Lindgren, were defeated by a fighting band of Spartan mermen 45-39 Friday night. The loss of Lindgren, who has dropped out of school, handicapped the Bay City Team enough to allow San Jose her second consecutive victory over them.

Harold Houser swam a beautiful 200 yard breast stroke race to win in the fairly fast time of 2:51.6. Dave Lynn took second in this to give the Spartans a 16 to 5 lead at the end of two events, as the 400 yard relay team of Plat, MacQuarrie, Bateman, and Fitzgerald won the first event.

The Jaysees, however, pulled up again when Bud Park and Tuffo took one-two in the 150 yard backstroke, while Condia took a third.

Bill Ambrose and Ray Sherwin took one-two in the 50 yard sprint, however, when Sherwin pressed Ambrose to the last time of 26 seconds flat.

The 100 yard freestyle saw the only great upset of the evening. With Lindgren out, the Golden Gaters were conceded little chance to take a first in this event, but Bud Park did the unexpected, and although Fitzgerald stuck with him for 75 yards, Park outprinted him to win in the fast time of 57.9.

The diving was average, with Bob Kinsley and Charlie York taking first and second to move San Jose into the lead by ten points.

After the 220, won by Tuffo of Golden Gate, the score stood 39 to 36 in favor of San Jose, with but one event left, the medley relay, the worst the Spartans could do was to gain a tie.

The medley relay, as in the meet at San Jose, was the most exciting race of the evening. The Spartans got off to a poor start when Walker took a ten yard lead over Fitzgerald in the backstroke. Harold Houser made up about five yards of this on Park, Golden Gate breast stroker, as he swam the 100 yards in about 1:12. Ambrose with a terrific handicap to overcome, put on speed to beat out A. Sprague in the freestyle by a good margin, giving San Jose the meet, 45-39.

Summary—

400 Yard Relay—Won by team of Plat, Fitzgerald, MacQuarrie, Bateman (SJ); second, team of A. Sprague, R. Sprague, Goodman, Windbering (GG). Time 4:11.

200 Yard Breast—Won by Houser (SJ); second, D. Lynn (SJ); third, Goodman (GG). Time 2:51.6.

150 Yard Backstroke—Won by Park (GG); second Tuffo (GG); third, Condit (SJ). Time 2:17.2.

50 Yard Freestyle—Won by Ambrose (SJ); second, Sherwin (SJ); third A. Sprague (GG). Time :26..

440 Yard Freestyle—Won by Tuffo (GG); second, Walker (GG); third, D. Lynn (SJ). Time 6:01.1.

100 Yard Freestyle—Won Park (GG) second, Ambrose (SJ); third, Fitzgerald (SJ). Time :57.9.

Diving—Won by Kinsley (SJ); second, York (SJ); third, Goodman (GG)

220 Yard Freestyle—Won by Tuffo (GG); second Walker (GG); third Plat (SJ). Time 2:40.2.

350 Medley Relay—Won by team of Fitzgerald, Houser, Ambrose (SJ)

:-: HOT AIR :-:

Tonight's radio gems begin at a somewhat earlier hour than usual with Bing Crosby taking his weekly workout over KFRC at 5:30 to the assistance of Carol Lofner's aggregation, aided, perhaps by the dusky Mills Brothers who will return to this program should their present San Francisco theater schedule permit.

These four boys and their guitar are packing the Orpheum Theater at every performance, and Ted Lewis (he of the dented topper and silky clarinet) will have to do more than sing "Is Everybody Happy?" in order to continue this record when he comes here next Saturday. Incidentally, Bing's feature number tonight is a brand new song which has something to do with "Here am I, here is you, here is love."

SCREEN STAR FEATURED

The Shell "Show" goes etherward at 8 with another full hour of this and that presented by the usual standbys of this broadcast. In addition, another famous Hollywood star will perform during the hour, and those having a moment to spare should listen to this as it may be your favorite tonight. Former screen stars on this program have been Lee Tracy, Marjory Rambeau, and Edward E. Horton. If you want to catch only

KAPPA DELTA PI EXAMINATION

Don't fail to take your entrance examinations to Kappa Delta Pi on next Tuesday, April third, at 4:30 o'clock in Room 155.

If you have not received the Kappa Delta Pi consultation and by-laws to study for the examination see Joseph DeBrum in office 137A. Also if for some good reason you are able to be examined on next Tuesday, make arrangements with Joseph DeBrum immediately.

Oregon U. Freshmen Hold Telegraphic Meet

EUGENE, Ore. (UP)—University of Oregon freshmen will hold three telegraphic track and field meets this Spring which will be the first time the north-western championships will have been

this latter feature try tuning in from 8:36 on.

SINGER PLUS DRAMA

KGO steals the laurels for the remainder of the evening. 8:30 will find the Metropolitan Opera baritone, Richard Crooks, singing three or four requested songs, and at 9 the National Players emote in another of Sam Dickson's original radio programs.

The Orpheum Theater's new policy of nothing but the best in stage entertainment plus only one feature film will prove a decided advantage to radio addicts. The Mills Brothers have already appeared in person over the air since their stay here, and the roster of coming stage stars for this theater looks like a Warner Brothers film musical cast. Here they are: Duke Ellington, Kate Smith (yes they've enlarged the stage), Guy Lombardo, and others. All we can say is hurrah! At last San Francisco will have a chance to see these amazing and elusive Lombardo boys. Maybe some hotel can kidnap them for a week or so!

Did you know that statisticians have figured that every time a studio audience laughs at Baron (tall story) Munchausen, it costs the ciggie firm \$506 for air rental alone?

Marion Johns Engaged To Kenneth Addicott

Coming as a complete surprise to many friends, was the recent announcement of the engagement of Miss Marian Johns and Mr. Kenneth Addicott. The announcement was made at a lovely party given in the bride-elect's honor by friends. The date of the wedding has not been set.

Miss Johns is a resident of Oakland. Mr. Addicott transferred from Stanford to State where he has been prominently connected with dramatics ever since. His most outstanding work is probably his participation in the Verse Speaking Choir over which he is very enthusiastic. He wishes to become at some future date, a school administrator.

decided by telegraphic results.

The Pickle Jar

The biggest pickle in the jar goes to Miss Margaret Jewell of the women's P.E. department, who was seen reading "Anthony Adverse" when not signing up the future Pavlovas at registration. As she seemed to be actually reading it, the pickle will be inscribed: "Awarded for extreme power of concentration—and much valor." (If you don't understand the last—try reading it yourself!) Miss Jewell may receive her prize by calling at the Times Office for same.

Lee Barnes is back—seems to be all pepped up—and struts a new hair cut. Glad to see you back, Lee.

I hate to make this thing common, giving away pickles, but if there's anyone who did not say to himself this quarter, "I'm going to study more this time—" I'll give him the whole jar.

You and Miss Jewell can settle it between yourselves who is to receive the biggest one.)

(Sweet) Mystery of Life: How one was able to go to the registration dance after fighting his way through that mob all day.

Why does the state co-ed who necks when in the Padre always have to sit in front of ME? Maybe I'll include the name. (You scart?)

Things we think of comparing: Dr. MacQuarrie looking benevolently at the freshmen during orientation, The

Old Woman in the Shoe." Dr. DeVoss, addressing the seniors, with his kindly air, "Socrates".

That's a cute little girl Carey Guichard is seen with, isn't she?

Things every freshman should know: Letta Allen and James Lawrence Bill-willer haven't talked that way always. (Thank Heaven.)

The Times Office has once again welcomed to the fold some of its members who strayed from home. Both Tracy girls are putting in their appearance.

Adah Mae was seen around registration day, too, with her cheery smile and efficient air.

What do you do when there's a horse in the bath tub?— Oh, pull the plug out.

COMMERCE STUDENTS MEETING

A very important meeting of all commerce students is to be held Tuesday April 3 at 11 o'clock in Room 139 of the Commerce Department. All commerce students should be there.

SPARTAN SENATE WILL MEET

A meeting of Spartan Senate will be held on April 2 at the home of Grace Lepitich in Cupertino.

SOCIETY SIDELIGHTS

Ruth Audrey Fieger Presides At Supper

Miss Ruth Audrey Fieger, who is one of the season's interesting bride-elects and former State student, presided over a bridge supper last week at her South Second Street home, sharing her hospitality with a number of college and sorority friends. Miss Fieger announced the date of her marriage to Leland H. Schauer, which will be at high noon on Sunday, April 22. The wedding will take place in the historic Mission Santa Clara. Miss Betty Biddle, popular Beta Gamma Chi coed, will be her maid-of-honor.

Marion Jones And Joseph Ethan Marry

Miss Marion Jones, former State coed and Joseph Ethen Jr. are announcing their marriage to their friends. The couple were wed at St. Thomas Aquines Cathedral in Reno, Nev., on August 12, 1932.

Mrs. Ethen attended San Jose State college where she was affiliated with the Delta Kappa Chapter of Sigma Phi Gamma of which she is now corresponding secretary.

Mr. Ethen is a graduate of the class of 1933 of Santa Clara University. He is prominent in athletic circles, and while at college distinguished himself in both basketball and football.

Mr. and Mrs. Ethen Jr. will make their home in Monterey, where he is employed.

Elinor Hamsher Weds Robert Bruce

Miss Elinor Hamsher became the bride of Mr. Robert Bruce on March 14 at a beautiful ceremony at the Hamsher home; in Saratoga road. The wedding was solemnized at 1 o'clock in the evening by candle light, with the Rev. E. M. Sharp of the Los Gatos Presbyterian church officiating.

Mrs. Bruce was a student at Mills college and graduated from San Jose State. Mr. Bruce is the son of Mrs. Mary Bruce of San Francisco.

Upon their return the young couple will take an apartment in San Francisco. Mr. Bruce is in the employ of an oil company.

Kappa Delta Pi Holds Pledge Service

An impressive pledge service was held Tuesday evening, March 27, by Kappa Delta Pi, honor education society at which 25 new members were pledged to the society. Room 1 of the Home Making Building was attractively decorated in the colors of the society for the ceremony.

After the pledges were welcomed into the society by the old members, a program was given. Miss Marba Van Sickle, delegate from Beta Alpha chapter, gave a report of the convention held at Cleveland, Ohio. Miss Dorothy Loren sang, accompanied by Miss Ruth Metzger. A violin solo was played by Carl Welz, accompanied at the piano by Sylvan Wetmore.

At the close of the meeting, a committee headed by Miss Metzger served refreshments.

Helen Heber Weds Cecil Armstrong

Miss Helene Heber, former State coed, and Cecil W. Armstrong of San Francisco were married Saturday afternoon, March 17, in Grace Cathedral, San Francisco.

The bride is a very popular in San Jose. She attended San Jose State college for three years and plans to continue her studies at the University of California upon her return from the honeymoon. She is a member of Alpha Theta Beta sorority, and is a gifted singer.

Mr. Armstrong is the son of Mr. and Mrs. S. Armstrong, and is connected with the Federal bank in San Francisco. The young couple will make their home in San Francisco, where they have taken an attractive place and will be at home to their friends after March 31.

Our Constitution

For the last few weeks, there has been considerable agitation for a new student constitution, one that will do away with present evils of politics and inequality of representation.

It is the wish of some to form a board of seven or nine members elected as a board from the entire school. The officers would be chosen by its members.

All matters of import would go before this body for action. In other words, it would be a new executive board under a different name and different manner of selection.

It would have the last word (subject to Dr. MacQuarrie's approval) in the matter of the budget. Yet few if any of those students would have the knowledge necessary to a full understanding of the needs of various organizations.

The membership of the board would be president, vice-president, secretary, Health Cottage representative, athletic representative, and four others not as yet agreed upon.

No matter who the others would be the inequality would be more pronounced than before. Some organizations would be forced to come to the meetings of the board and present their budgets to some one who might not have any conception of the needs of that organization. What kind of a budget would they get?

In all forms of representative government the basis is the well know compromise between delegates at large and of specified areas. Yet it is hoped to eliminate entirely the specified representation for some and not for others.

The solution of the problem will not come in that way. If a true representative government is desired, it must be in the form of the present executive board.

However, if a board of totally unbiased students is desired, certainly then, NO organization can have a vote on that board. A true dictatorship would be the result if any strong organization were allowed representation and weaker ones were not.

THE SOLUTION TO THE PROBLEM MUST COME FROM A COMPROMISE BETWEEN THE PRESENT FORM OF GOVERNMENT AND THE MORE RADICAL PROPOSITIONS BEING MADE AT THE PRESENT TIME.

IN REPRESENTATION, IT MUST BE ALL OR NONE. AND IF IT IS NONE, WHERE IS THE DEMOCRACY?

Lost And Found Sale To Be Held Today

Monday and Tuesday, April 2 and 3, will be the occasion of the quarterly sale of lost and found articles in Room 14 of the main building. Everyone who lost fountain pens, textbooks, purses, sweaters, gloves, and similar articles is requested to call for them this Friday

J.C. TRANSFERS TO STANFORD

All Junior College Students who intend to go to Stanford next year please call at Room 103.

If these articles are not claimed Friday, they will be sold Monday and Tuesday at 9 a.m. Miss Sadie Mae Sanor will be in charge of the sale.
