**Spartan State College Scores Six Times To Three**

In a track meet last week the Spartans defeated Portland College, 78-44, Saturday morning at Portland Field.

Spartan sports included individual scoring honors, winning first in both dashes, running the hundred and the 220 in 12.5 and 21.4. But late in the second the Spartans took second in the hurdles and third in the 880 yards.

The Spartans scored two clean wins in the hurdles, with Astin defeating Church in 15.6. Stoll, IND; second, Knight (21.2); third, Astin (21.5)

A. W. S. Council to Cook Own Dinners at Thursday Meet

An article in which the A. W. S. Council is going to have the last word on the problem of raising money was given Thursday evening in the A. W. S. clubhouse.

Every organization has pressed one hundred percent attentiveness—so don't be one of those.

There is no reason why one can't have a little fun, either. The ticket which is to be sold will be a $1.00 advance payment on your behalf in order to guarantee that you will be present at the La Lomita meet when the books are opened and ready for purchase seven weeks in June. It will be available for only 80 cents.

SAN JOSE, CALIF., WEDNESDAY, APRIL 6, 1963

Editor's Note: This is the third in a series of articles by Mr. Bertrandias on Miler, Harper, and Hatch, similar to that which was written last year. As the season is now in full swing, time will tell which runner will win the title this year.

By Dick Bertrandias

Fresno Will Have It Fast in the Two Mile Division

A portfolio of representatives in the two mile division will be on hand at the San Jose Relays on Saturday at the College of Pacific. Coach Oakes, who has just returned from the meet in Denver, was pleased with the all-around show of the Pacific Carnival. He also gave a special compliment to the four men all capable of under 2:112, Orem has done his share in the mile, he has been the best of the three airlines. The last time they met at the University of California, he was the only one capable of under 2:112.

However, there is a distinctly jittery feeling in the 880. Hatch has had a half quality that has been hampering him. He has not run in the track meet this season and at the last meet in San Jose, he was the only one capable of under 2:112. The notice that he has received from the University of California has not been helpful. It looks like Hatch, Harper and Hinkle had first place, but Hatch will be primed for this race and the time will be an indication of the quality of the three men.

The very latest in the mile division will be at the San Jose Relays. The demand for the mile division is now in full swing, and at the last meet in San Jose, there were a number of races which are now taking place. The time will be an indication of the quality of the three men.

In the mile, it seems to be an even match between Harper and Hatch, but no one has been able to supervene. Hatch will be primed for this race and the time will be the determining factor.
