A LIBERAL COLLEGE PUBLICATION

SAN JOSE, CALIF. WED., JUNE 29, 1932 SUMMER SESSION, NO. 1

Failure of First Talkies Cause Early Dismissal Of Tuesday Assembly

FULL ANNOUNCEMENTS ARE MADE BY DR. FREELAND

Exhibits Shown

THE APPARATUS FAILS TO WORK IN FIRST ATTEMPT AT SCHOOL TALKIE

With nearly 1000 students seated in Morris Daily Auditorium to witness the first assembly and the showing of Dr. Mearns' educational picture, "Greater Growth to Education," a supreme disappointment in order when the talking picture failed to function properly enforced dismissal ensued.

Although the picture was a many announcements of importance to the students made by Dr. Freeland, head of the Education Department of the college.

The program was opened with solo and an encore by Egbert of Oakland School of Music and accompanied by Hanchett.

The following announcements were then made: There will be a new organization for girl leadership for the summer quarter. The first 3 weeks will be devoted to Girl Scout leadership and the following 3 weeks to Camp Fire Girls. The course will include mostly outdoor meetings and cooking and if possible visits to a camp site. Next there will also be given a course in boy scout leadership. It was announced that visitors and auditors will be allowed in all classes upon arrangement with the instructor and upon the payment of regular fees.

Miss Knapp head of the girls' department of the college, stated that there will be a women's golf class at 10 o'clock four days a week. The fee will be \$6.00 for the six weeks. It would be appreciated if having automobiles will bring them to the gymnasium at 10 o'clock.

Those who wish to play golf should secure information by seeing Dr. Freeland.

The wrestling class will be organized under the direction of Mr. Hanchett. This is a beginning class and it has been said that age is no barrier.

Dr. Freeland also stated that if there is high student interest is shown in these productions, they will be held in the evenings as all regular Tuesday Assembly space is now being used.

While waiting for the picture assembly was closed by every singing and singing, America.

Miss Fee and Mrs. Dowdle, two regular faculty members, will have an enjoyable "between sessions" vacation in Yosemite Valley and riding the many beautiful trails.

Elected Pres. Of Kappa Sigma Rho

MISS ADAH MAE RHOADS

Climaxing the events of a successful year, the girls of Kappa Sigma Rho sorority held an impressive initiation ceremonial at the Colonial House on Morse Avenue on the evening of Saturday, June 18.

The girls who received bids to the sorority are the Misses Marion Bailey, Frances Tuggle, Eleanor Thompson, Irene Tripp, Frances Stiver, Verna English, Eileen Johnson, Edith Sorensen, and Antoinette Zilmer, Miss Grace Iliff, grand president of the grand chapter of Kappa Sigma Rho officiated at the initiation ceremony and was assisted by Mrs. Lilah Buck, president of the Alpha chapter, Miss Beth Peterson, president of Beta chapter of Oakland, as Faith, Miss Thelma Falsom, Hope, Miss Prylena Dunham, Charity, Miss Adah Mae Rhoads, Service, Miss Winnifred Heple, Love, Miss Frances Forward, marshal, and Miss Helen Fisher as musician. Guests from Oakland and Redwood City enjoyed this affair with the San Jose girls.

A very successful year is anticipated for the 1932-33 term under the leadership of Adah Mae Rhoads as president, assisted by the following officers: Eva Peterson, vice president; Roberta Hargreaves, secretary; Phylena Dunham, treasurer; Constance Pash, historian, and Winifred Heple, reporter.

MANY GUEST TEACHERS IN MUSIC DEPARTMENT

That music will play its part during the 1932 summer session, was proven to be a fact yesterday through an interview with the Music department.

The guest teachers this year include Mrs. Pearl Weaver Guild of the University of Wisconsin on "Teaching Methods", Professor Herman Trutner, of the Oakland Public Schools, who will have the instrumental section, and Helen Kalas of San Francisco, voice teacher.

There will probably be an orchestral concert toward the end of summer session and possibly a vocal concert although plans are as yet incomplete.

Small Registration Marks Opening Day of Summer Session; 1000 Will Attend

SUMMER SESSION BRINGS TO STATE A NEW GROUP OF STUDENTS

Teachers Attend

HAVE BEEN ON SALARIES IN POSITIONS IN MANY STATE SCHOOLS

The Summer Session of San Jose State brings to this city approximately eight hundred teachers, who have been working on salary for the last few years. A large new buying public is thus opened to the city of San Jose, for these teachers do much of their buying here.

Inasmuch as the Summer Session has paid for itself by indirect taxes, the bringing of these new buyers to San Jose has not cost the people of this city a cent. Later in the summer a check-up will be undertaken to find out exactly how much the newcomers have spent in San Jose.

NOTICE

PIANO CLASSES VIOLIN CLASSES

All students interested in joining piano or violin classes see Mrs. Hanchett or Mr. Painton, Room 6, Music Building.

Classes will be limited to ten in a group, hours to be arranged. There will be a fee of 25 cents per hour, or \$3 for the course of 12 lessons, payable in advance.

Piano classes will lay special emphasis on practical schoolroom problems.

It must require a tremendous degree of vacation boredom to drive one to miniature golf.—Hamilton Pyfe.

GREEN ROOM Opposite H. S. on San Fernando

Art Department Will Offer Its Exhibit Here

During the remainder of this week work done by art students throughout the year will be on exhibit in Room 1 of the Art Department as announced by Miss Ruth Turner, head of that department.

The exhibition shows the type of work accomplished on each problem in design and composition.

Of special interest to lovers of art is the showing of Fresco Paintings both upstairs and downstairs of the Art Department. These have been made by students in an advanced class of the Spring Quarter. Fresco painting is the earliest form of painting and is usually done on the bare wall.

In the words of Mrs. Turner, "Any picture to be hung on a wall should be without a frame for it detracts from the beauty of the thing." Paintings that are framed are classified as easel paintings to designate them from wall paintings.

The exhibit in Room 1 is truly worth while and everyone attending summer should take a moment's relaxation and view the variety of work attempted by State students during the year.

Dr. George Freeland, head of the education department of the college, spent a most enjoyable week in the high Sierras. He is reported to have been in the country near the headwater of the

UNUSUAL RECORD MADE BY S. J. STATE IN BEING SELF SUPPORTING

Students Happy

SCHOOL TO TURN SURPLUS OVER TO THE STATE OF CALIFORNIA

Approximately a thousand students flowed through the registration lines at the Men's Gym on Monday, as San Jose State opened its educational facilities for the summer session. Although the registration was smaller than was expected, many of the one hundred and forty students now at the Asilomar class are expected to return on Wednesday to swell the number at State.

Under the direction of Dr. Freeland, the college will be more than self supporting. It is expected that the college will turn over approximately two thousand dollars to the State of California. This, after paying approximately eighteen thousand dollars in salaries to regular and guest teachers, maintaining the Health Cottage and paying a janitorial staff to keep the grounds in order.

Not only will the college offer its usual excellent training for teachers this summer, but it will also make a real contribution to the budget of California.

Stanislaus River.

Besides being an accomplished fly fisherman, Dr. Freeland is also reputed to shoot a championship brand of golf.

Editorial

MORE THAN A THOUSAND State students are returning for the 1932 Summer Session. A large number of us are students regularly enrolled in the College and have returned to pile up the units that will enable us to graduate. Many are graduates returning to the college to "keep up with the times"—to gain knowledge that will aid in teaching the youngsters.

In whatever capacity we may be returning, however, we are glad to be back. The sight of the old Tower, the Quad, and the familiar corridors touches the strings of memory, bringing back recollections of happy days spent inside these ivy-covered walls—of studies and pleasures—dances in the gym (and in the Quad)—the romances of earlier days. Yes, we are glad to be back.

This summer efforts have been made to bind the student body together as a unit.

Under the direction of John Horning, president of the Associated students for the year 1931—1932, dances will be given in the gymnasiums. The Times is being issued weekly to keep students in touch with school events.

Many changes have been wrought on the campus since last summer. The Men's new gymnasium stands proudly on the northwest corner of the campus, while near it the science building is being erected.

Soon Washington Square will be too small to hold San Jose State within its confines. Even the ivy on the walls seems greener.

Yes, we are glad to be back!

Fresno State Boy Drowns In River

FRESNO, Calif., June 19, Suddenly seized with cramps as he was swimming in the San Joaquin river at Riverview, Stephen Garcia Jr., 21 year old Fresno State college sophomore, disappeared from sight and drowned before his companions could reach him.

People who have money would not keep it long if they did not ask how much things cost before they buy.—Doris Duke.

Beta Gamma Chi Gives Luncheon

A lovely party of recent date was the bridge luncheon given last Saturday afternoon by Miss Ruth Larkey at her home in Hayward. The guests were alumnae members of Beta Gamma Chi Sorority of San Jose State college.

Luncheon was served on small tables placed in the pretty garden. Each table was smartly appointed with lines of striking design and there were colorful centerpieces of flowers in novel jugs. Many of the courses were served in quaint jugs, which added to the novel effect.

Bridge was played outdoors during the earlier hours of the afternoon, and later the session was finished indoors.

Miss Mary Weidner Is Married

Miss Mary Elizabeth Weidner, a graduate of San Jose State college and member of Kappa Delta Pi, and Eugene Jackson Overman, Stanford alumnus, were married June 10 in the Stanford Memorial church. They are now honeymooning at Carmel but will make their home in Portland. Mrs. Overman is a daughter of Mr. and Mrs. Frank Weidner of Dunnigan. Her husband holds degrees from Reed College, Portland, and Stanford. Her father, Frank Weidner of Portland, gave her in marriage. She was attended by her sister, Mrs. Bernard K. Quimet of San Mateo.

Vandergrift Gives Costs Statement

Roland Vandergrift, state director of finance, who has been delving into costs of school courses has discovered that the highest cost in school curricula is for training in woodwork—\$5.31 per hour.

Student Jobs To Be Hard To Get

Jobs for State and Stanford students will be mighty scarce this year, if reports from the Stanford University appointment office and employment bureau are to be believed.

While a few students already have jobs awaiting them, the larger number haven't—particularly those who have "just gone to college" and have no specific skill or training, reports say.

Bigger companies are not surveying colleges and universities this year to pick likely employes, they add. For example, one large corporation which usually takes from six to eight Stanford graduates every year, took only two last year. This year it doesn't want any at all.

School Budget Suffers Cut

CUT FOCUSES ATTENTION ON NEXT YEARS' SAN JOSE STATE BUDGET

In order to meet the 10 per cent cut the state has ordered for the local college, an addition of \$3.35 has been added to the quarterly enrollment cost. It was previously stated an additional fee of \$4.35 would be necessary to cover the slash as far as enrollment was concerned, but as \$1.00 of the previous fee was used for student purposes, \$3.35 will be all that is necessary.

As the salaries of the local college professors are about as high as those of high school teachers, the State Director of Finance has asked that there be no cut in salaries. However, a portion of the cut can be covered here, as there are a number of leaves of absences and resignations; so now teachers will be hired at a lower salary than those leaving.

As a result of the budget slash, no improvements will be made, no additional members other than those who will fill in leave of absences, or resignations, will be hired, and no increases will be made in salaries. Also, the college library's new book budget planning for 7000 new volumes, had been dropped, and the construction of a \$2200 electric wiring system has been postponed, as well as the construction of a fence around the athletic field.

San Jose State is next to the most economical college in the state. The reason the other is lower is that it offers no industrial art or laboratory courses, and as both of these are quite expensive, State ranks second economically.

It is hoped student expenses can be cut down in order to bring enrollment down further still, as enrollment will increase greatly for the coming year.

Summer school fees are \$21, whereas they were \$17 before.

NATURE STUDY FIELD TRIP HELD AT ASILOMAR

Under the guiding eyes of such instructors as Dr. Peterson, Dr. Pickwell, and Professors Duncan, Hazeltine, Buss and Smith, the Nature Study field trip at Asilomar was opened with an enrollment of 140.

These students are divided into groups and each goes out with one instructor on a field trip. All phases of the subject will be entirely covered as each man is superb in his own field.

S. J. Players To Offer Fine Plays

Meeting to choose a portion of their 1932-33 season, San Jose Players voted to open the coming season with Eugene O'Neil's "Anna Christie."

"Hotel Universe" is also scheduled for presentation. Being San Jose Players first step in the realms of fanciful two hour "one-act" plays, the production will prove to be interesting for all lovers of dramatics.

If permission can be obtained from the author, "Smiling Thru" will be presented for the Christmas play. "Michael and Mary" is to be used as an alternative, and possibly may be incorporated into some other place on the season.

Sheridan's "School for Scandal" with two unchosen plays will complete the season.

Children's Theatre To supply a demand for a children's theatre in the bay region, Players are organizing a group which will present children's plays to the Oakland schools which have requested them.

"Peter Pan" will probably be the first production.

EXHIBITS BEING HELD IN AUDITORIUM

Exhibits of educational interest are being shown at State in the Morris Dalley auditorium and in various classrooms at the present time.

These projects are the work of many schools throughout the State of California. They provide a good advertisement for the cities from which they come; since the quality of the work in them is excellent.

Many of the classes which have schools where State College student teachers are placed. The work on these exhibits, however, has been done under the supervision of the teachers under whom State student teachers are placed.

A picnic for the Home Making Department is also being planned for the latter part of this summer. Many students perhaps remember the enjoyable time spent at this function last year. Committees will be hard at work soon preparing for good eats, entertainment and music.

Miss Lila O'Neale, has just returned from South America where she spent a year's study on a Guggenheim fellowship on the subject of Anthropology. She was working at Lima, Peru under the auspices of the University of California.

Miss O'Neale is a former faculty member of San Jose State. She will attend the University of California next year.

Captain Richard J. Werner, former prominent faculty member of our science department, has resigned his position here to take over the Field Managership of the Golden State Butter Company.

His friends here at State wish him the best of luck and happiness in his new position.

Golf Wrestling Offered Students

Under the supervision of H. C. McDonald, head of the Physical Education Department at San Jose State, Walter Norris, a student here, will offer a course in wrestling for beginners throughout the summer.

"Wrestling need not be a dangerous sport", smiles Norris. Under the system we are using, even the most aged and decrepit man may enjoy the tussle. There will be small chance of being injured learning to wrestle."

This course is offered here as one of a series of feature courses.

An unusual course is offered the women of San Jose State this summer—one which will provide exercise for the co-eds, as well as giving them physical education training. Golf is being taught as a feature course at the Hillview Golf Club during the summer session of State.

Y.W.C.A. Appoints Ann Aalfs Secty.

Anne Aalfs, graduate of the college of religion of Columbia university and Morningside college, Sioux City, Iowa, has been appointed San Jose college Y. W. C. A. secretary to succeed Dorothy Phillips who was forced to resign because of ill health.

Ruth Townsend, a student, has directed the college "Y" activities during the past several months.

Miss Aalfs brings a wide experience as a high school instructor, discussion group counsellor and Girl Reserve advisor to her new position. She was recently awarded her master's degree in religion at Columbia.

At present she is touring Europe with her parents and will assume her duties here in September.

PHI KAPPA PI

The first summer meeting of Phi Kappa Pi, prominent campus sorority will be held next Wednesday, according to Ruth Montgomery, president of the chapter. There will be a picnic dinner and a swimming party. All members are requested to attend.

MACQUARRIE PRAISES THE COLLEGE

A note of pride in the college's steady advancement, and of optimism for its continued growth, was sounded by President T. W. MacQuarrie on Saturday, June 18, in the commencement address to the largest class ever to graduate from San Jose State.

As for increase in enrollment—the current year topped last year by exactly 300 students, and last year was that many ahead of the preceding one, he said.

"It is significant," he continued, "that our student body today includes 1087 men. In the old days we only had one per cent of men. Now we have 43—and when our men and women are 50-50, then you can expect some real development."

Tells Future Plans

The official outlined tentative plans for the future. They include a quad running around the entire college property, with a gate building over the main entrance on Fourth street. A new library, music building and students' union are needed, and a stadium is also being considered.

Standards of instruction are high, he pointed out. For years, State has been training its young teachers out in the field, under actual conditions. The Suzzallo commission recently commented favorably on this method. State's health service is outstanding—probably the finest in California, he said.

Mentioned also were the College Times, now a daily; La Torre, the annual, entirely prepared at State, the new A Capella choir, and similar developments also.

In conclusion Dr. MacQuarrie referred to the senior class as remarkable in many ways, and wished them luck during future years.

Sports Of The Year Are Reviewed By Critic; 1932 Season Brings More Optimistic Outlook To The Spartans

With the fall quarter of 1931 bringing the opening of football season, the team showed promise of great success in spite of the fact that games were scheduled with such opponents as the University of Nevada, Pacific, San Diego Marines and others.

However, the crippling of Jack Wool, captain and triple threat ace of the Spartan backfield proved a fatal accident and although the team fought hard they were unable to chalk up a conference victory.

This year brings a promise of the greatest prospect for the Gold and White on the gridiron. The addition of Dud DeGroot, former Stanford star, recently coaching at Menlo J. C., gives certainty to local fans of seeing the famous Warner reverse plays in action. With De Groot, as his assistant, comes Bill Hubbard, previous Spartan star, who was a great sprinter and backfield man.

Basketball at San Jose State proved something of a disappointment. Fresh from a 1930 conference championship, the locals were forced to break even,

winning five and losing five in the conference. San Jose defeated Pacific, Fresno and the California Aggies and lost to Nevada and Chico.

San Jose won the opening game in the dedication of the new gymnasium in a thriller by a 25 to 21 score.

Baseball season proved a huge success, the Spartans winning 14 out of 19 games from surrounding Junior Colleges and High Schools.

Coach Crawford, who left the institution this spring will be greatly missed.

With track season under way, many records were shattered by the speedy Spartans. Salvato was clocked at 9.7 in the 100 yd. dash in one meet. Taylor of San Jose stepped the 440 in 49.8 seconds and Stoddard the two mile in 9.59 seconds.

San Jose placed second to Fresno in the Far Western Conference Meet.

Soccer was also brought to the fore last season in many brilliant performances against Stanford, California and San Francisco Uni-

Sports Chatter

The Golden Bears of California once more rule the waves, scoring a smashing triumph over seven contestants at the Poughkeepsie regatta. Cornell was second, two and a half lengths behind, and Washington another Westerner was third.

Fight fans are still trying to figure out who won the championship heavyweight battle between Jack Sharkey and Max Schmeling. "How could Sharkey win backing away all the time" were the words uttered by Schmeling after the battle, and local boxing followers seem to be of the same mind. It seems that the worst the German boy should have received was a draw.

Along this same line comes the news that Fidel La Barba, former Stanford student, fought in the San Jose Arena last night. Although no report has yet been received, La Barba should win as he is regarded as a dangerous contender for the featherweight title.

They are still clouting them in the big leagues as Jimmy Foxx of the Philadelphia Athletics is first with 28 trailing him are:

Babe Ruth, Yankees	21
Klein, Phillies	18
Simmons, Athletics	15
Gehrig, Yankees	14

It looks like the N. Y. Yankees are a cinch for another pennant in the American League while Pittsburgh, Chicago, and Boston are all fighting it out for the National League cup.

Wedded Pair Use Lie Detector; No Chances Taken

When the former Miss Harriet Berger, 21, and Vaclaw Hund, 24, both seniors at Northwestern University, were married last week they loved each other.

While it is assumed that such is the case in most marriages, there was no guess work about this ceremony, for the couple had a lie detector, developed at the university, strapped to each of them when they said: 'I do'.

The record of the detector was that each told the truth when he said: 'I do'.

The bride's heart—but not the bridegroom's—nearly stopped as Judge Charles B. Adams asked the bridegroom: "Do you take this woman?" and also when the judge said: "I pronounce you man and wife."

The bridegroom's blood pressure rapidly and steadily decreased during the ceremony, while the bride's rose steadily.

In keeping with the new gym, a swimming team was established for the first time and local patrons of the aquatic sport can look for a continuance and improvement in this branch.

Gym To Be Open For Swimming For Summer Students

The new gymnasium will be open to summer session students from three to five for the enjoyable purpose of recreational swimming. However, there will be no further indoor gymnastic activities, Coach H. C. McDonald, head of the Physical Education group, quoted.

The women students will swim from 3 to 4 o'clock and then the men will have the pool from 4 until 5 o'clock.

Baseball League a Prospect
It is very possible that an indoor baseball league will be formed among the students, following the example set last year, by the shop men, who under the direction of Dr. Sotzin, showed many former grads a chance to iron out the muscle kinks.

Definite plans will be announced next week.

No one can say that the man's shirt has any style, nor has it changed in fifty years or more.—B. Gross
