

Covello Leads Prexy Race; Morris, Naas, Cronkite, Moore, Gillmor Win

Bel Canto Presents Annual Concert In Auditorium Friday

Entertainment Will Start at 8:15 o'Clock; Glee Club for Women

ADMISSION IS GRATIS

The annual concert of Bel Canto Club will be held Friday, May 26, at 8:15, in the Morris Dailey auditorium. It is under the direction of Alma Lowry Williams, who is also the founder of the organization. The public is invited to attend, and there will be no admission charge.

The personnel of the group is as follows:

First Sopranos:
Muriel Gillespie
Eleanore Greene
Helen Frisch
Priscilla Keegan
Dorothy Lorentz
Mildred Murgotten
Jane Nowlin
Eva Peterson
Gladys Rood
Irene Wilde

Second Sopranos:
Margaret Gamble
Paulyne Luther
Margaret Melliar
Helen Ohrt
Rita Reed
Dorenda Soite
Norma Tyler
Arlene Woton

Alto:
Nona Anderson
Audrey Colbry
Marcella Gran
Agnes Hagstrom
Pearl Kreps
Wilma Leihhart
Margaret Mellinger
Katherine Smith
Ruth Troutner
Bertha Wong
Betty Hooker.

All departments of the College Library will be open from 9:30 a. m. to 5:00 p. m., on Tuesday, May 30th, Memorial Day.

Afternoon Dance Will Take Place on Friday

An afternoon dance will be held in the Women's Gym tomorrow afternoon from 4:15 to 5:00 o'clock.

Dance music will be played by Jo Jennings's orchestra. The admission price will be 10 cents a person, and Si Simoni, chairman of student affairs, invites all students to attend.

RESULTS	
President:	
Covello	502
Applegarth	363
Jones	363
Vice-President:	
Dobhyns	197

Music Representative:	
Gillmor	1039

President of A. W. S. Is Chairman of Women's Convention at College

With Adah Mae Rhoads presiding, a successful miniature convention was held by the Associated Women Students Tuesday noon.

Reports were given upon the activities of sororities and other campus organizations present, and nomination of next year's A. W. S. officers were made. For president, Evelyn Pritchard and Jean Hawley were nominated. Inez Philbrick and Louise Holcolm were nominated for treasurer, and Corinne Kibler for reporter.

Home Crafts Exhibited In Art Department

The show cases in the Art department contain articles from the Home Craft Class directed by Miss Carol Berry.

There have been recent purchases of the Art department which are also on display in the cases. Among them are three trays of inlay brass work from India, a gourd-shaped jar from Finland, and two examples of Rookwood pottery, which are a very fine grade of original hand-made pottery from the Rookwood plant in Cincinnati, Ohio.

Si Simoni, and Linn Will be in Run-over For Vice-President

In an election marked by a heavy vote and wild excitement four offices were filled and three others were run over till Friday. Many surprises were sprung and several "dark horses" came to light with a bang.

Foremost among these was Betty Morris who defeated Eva Beryl Tree for the post of secretary, and Bill Jones who tied Bud Applegarth for second place in the presidential race.

Bill Moore, Kay Cronkite and Clarence Naas were elected to the positions of Forensics Manager, Health, Cottage Representative and Chairman of Finance, respectively. All carried safe margins.

Dario Simoni failed by a measly two votes to obtain the necessary majority on the first ballot. Ronald Linn, his nearest rival, was far behind.

Ambrose Nichols and Harry Jennings ran a close race for Student Affairs and will battle it out tomorrow at the polls.

The presidential race proved to be the most exciting with Applegarth, Jones and Covello battling for a lead that continually changed hands as the counting progressed. At first Jones held a slight lead only to lose it to Covello, who in turn lost it to Applegarth. Finally, however, Covello's lead increased to the point where his leadership was assured, and Applegarth and Jones battled for the position of runner-up. The final result gave Covello 502 votes, with Jones and Applegarth tied at 363.

"Concour" Will Be Held Saturday Sponsored By Arts Association

On Saturday morning, May 27, from 8:00 to 2:30 o'clock, in the Art department, the Pacific Arts Association is sponsoring an art contest, termed a "concour." It is open to all art students.

A "concour" is a contest in which a group of people work on the same problem at the same time. In this "concour" the best will be chosen to be exhibited in the colleges and art schools of the Pacific States and Hawaii which are members of the Pacific Arts Concour group. Bring your materials and your lunch. Tempers paints or transparent water-color, 15 inch by 18 inch paper, board and thumb-tacks, ruler, brushes, water, pencil or charcoal are required.

Art Department Is Unwilling Victim Of Kleptomaniac

The Art department seems to be quite a popular lair for shop-lifters. Last week some light-fingered person showed excellent taste in relieving the wall of the exhibit room of the latest and one of the best of Miss Estella Hosholt's water-color landscapes.

Not long ago a pair of wooden shoes were taken from one of the show cases in the hall, but this is the first time any piece of art work has disappeared. Also, too many Art Shop signs have had to be made this quarter.

Eighty-Two Business Men Co-operate With Business Survey Class

Eighty-two local business men recently co-operated with the members of the Business Curriculum class at San Jose State in making a survey of business offices to find a program of business education that would fill the needs of local business men.

The results of the survey in summarized form are:

1. Sixty per cent of the business men find it necessary to train their employees to perform duties peculiar to individual line of business.
2. Courtesy and tact in meeting the public are of paramount importance to business workers.
3. Thirteen types of office machines are represented. Typewriters, adding machines, calculating machines, bookkeeping machines, several types of duplicating machines, dictating machines, P. B. X., and billing machines are used.
4. Business men consider the "three R's" an essential part of education. They rank arithmetic, first; grammar and spelling next; and penmanship, third; as to relative value in office work.
5. San Jose business men believe that typewriting and bookkeeping are the most important

Florence Henderson Is Recent Speaker

Miss Florence M. Henderson, member of the Speech Arts picture, lectured on the defects and disorders of speech in Dr. Almack's class in growth and development at Stanford University last Tuesday, May 23. This was the second invitation, the same lecture having been given there last year.

Wilbur Hogevoll Is Selected Foremost Debater Of Campus

'America Should Join League of Nations,' Subject of Heated Debate

KAY HODGES HONORED

Wilbur Hogevoll was selected last Tuesday night as being the best among six prominent San Jose debaters, in a contest to win an honorary key and to have his name placed on the permanent Bothwell Trophy cup.

The subject debated upon was: "Resolved: That America Should Join the League of Nations in Order to Secure World Peace."

Katherine Hodges received first honorable mention, and Ronald Linn was placed second. The other contestants were Charles Pinkham, Joel Carter, and Ann Isaakson.

This "key debate," which is another innovation introduced by the Spartan Senate, will become a tradition. The six debaters were selected by the Spartan Senate and Mr. Eckert, debate coach head, as being the best debaters of the year. The students have been studying for the past month on the subject of America and World Peace, and it was until the morning of the debate that the formal resolution was given them.

Richard Alan Risdon Is Artist at Music Hour

One of the loveliest events of the past week was the Musical Half Hour presented by Richard Alan Risdon in the Little Theatre. Mr. Risdon is a consummate pianist and played a brilliant program.

CHICAGO UNIVERSITY'S STUDENTS HOLD RIOTS FOR "FIRED" TEACHER

Students clashed in free-for-all fights across the campus of Columbia University as the aftermath of a strike to protest the authorities' failure to renew the contract of Donald Henderson, radical instructor in economics. Eyes were blackened, eggs were thrown, clothes were torn and anti-Henderson students inadvertently played a hose on police when the stream failed to reach the demonstrators, but only three arrests were made.

The strike in which some five hundred students participated, started with peaceable picketing, display of banners and distribution of circulars, but bloomed into a general melee around a mass meeting at which the speakers included Diego Rivera, whose work on a mural at Rockefeller Center was stopped last week because of his portraying Lenin in the painting.

The Mexican painter compared his dismissal to the case of Henderson and said freedom was at stake in both situations. While he was speaking a student attempted to tie a black leg around the statue of Alma Mater and the first skirmish started.

A second occurred around a Henderson banner while McAllister Coleman, socialist leader, held the forum. Fighting started anew when John Donovan, chairman of the meeting, held aloof an effigy of Dr. Nicholas Murray Butler, president of Columbia, and a student on the other side shouted: "This is why Hitler is doing what he is in Germany."

Other speakers included Henderson himself and Alfred Bingham, son of the former Senator Hiram Bingham of Connecticut, who edits a liberal magazine.

Governor Rolph May Veto Salary Slashes

Governor James Rolph Jr. announced recently that he was seriously considering vetoing the bill providing for an emergency salary reduction for State employees.

Before doing so the Governor will call a hearing on the issue which will be attended by representatives of taxpayers' associations and the State employees' organizations.

Lost and Found

The following was salvaged from a classroom floor, and by an enterprising news hound preserved for posterity. You may read it for the improvement of your cultural background.

The Incessant Whirl
 When God created this wonderful world
 And tossed it from heaven to space
 He smiled as from His Hand He hurled
 The masterpiece—minus a race.

It never stopped, but spun around
 In a whirl of perpetual motion
 Trees and flowers sprang from the ground
 Through evolution sprang a nation.

An interesting personal touch is left to us . . . the unknown author's note on the side which listed ace, base, case, face, grace, lace, pace, race, vase. . . This may give embryonic poets an idea how its done. . .

California Professor Able To Split Atom

Professor E. O. Lawrence of the University of California, has announced to a group of distinguished scientists that during the past two weeks that atoms of aluminum, beryllium, nitrogen, calcium fluoride, sodium fluoride, sodium flouride, fluorium, as well as lithium and boron, have been artificially disintegrated at Berkeley, California.

In speaking of the feat Dr. Niels Bohr of Copenhagen, Nobel prize winner, said: "The dream of yesterday has come true."

By the shattering of the atom, which is the first laboratory success in changing a number of elements to one to the other, helium has been formed by the disintegration.

Heretofore, physicists said the only element ever to have its atom integrated in the laboratory was lithium with a mass of 7. In that work achieved by Dr. Lawrence, protons were used to bombard and shatter the atoms, while the present success was due to the use of deuterons, one of the newest particles known to the physicist.

SPARTAN SPEARS ARE ACTIVE IN COMPOSING ORIGINAL CONSTITUTION

Spartan Spears was organized by the A. W. S. Council and Black Masque, Senior girls honorary organization. To the best of their ability twenty outstanding Sophomore girls were chosen from different organizations on the campus. To be one of the girls thus honored, requirements were active participation in campus activities and a scholastic standing of C plus average, during their Freshman year.

Spartan Spears is patterned from the Sophomore national honor service society, the Spurs. When the Spears have proven themselves worthy as an organization they will then petition for membership into Spurs. The motto is "At Your Service," and every Spear member is willing to do anything possible for their college within their abilities.

At the first period of organization officers were elected. The position of president, which was deemed a difficult one, but also very much of an honor to be elected was filled by Rae Dobbins because it was recognized that her personality, character, and executive abilities were outstanding in every way. Under her careful and whole-hearted leadership the Spears have participated in many activities: Acting as guides for the delegates to the Principal's convention, assisted the Home-Making department at its convention, participated actively in Co-Ed Capers and Spard Gras day.

Thursday evening, May 18, the Spears and Spartan Knights held a joint social gathering at the Lion's Den.

The big problem now under consideration is what girls should be considered worthy for next year's membership into Spears. This is always a difficult task, made so by keen competition amongst the many co-eds.

The regular meeting date is for every Thursday at 12 o'clock noon. The uniform is a yellow blouse, white skirts, adorned with a Spear emblem.

1933-34 Graduates Should See Mrs. Rayner

1933-34
 All persons who intend to graduate next year, must see Mrs. Rayner in the Education Office immediately about next year's assignment in practice teaching.

Applications for practice teaching in all fields for next year have already been made by the majority of candidates. If you have not filled out application blanks for practice teaching next year, you may be held up for graduation.

We cannot guarantee to place anyone in the quarter for which he applies. For example, those applying for spring, may be placed in the fall quarter, and so on. Watch the bulletin board for your name.

Director, Education and
GEORGE E. FREELAND,
 Director, Education and
 Teacher Training.

COMMUNICATIONS

To the San Jose State College "Times":
 Injustices are far from infrequent, and to the number of injustices another has been added. It must be corrected.

It is unfortunate that I must center this injustice in the writing of Owen Ulph, for he has crossed the general point of view on other occasions. This time he has overstated and under-stated in an article which was intended to be his personal viewpoint on a dramatic production and which was frankly signed as such. (College "Times," May 18, 1933.) Most unfortunately his personal viewpoint became powerfully damaging to people he intended to praise, to people of whom, evidently, he had never heard, and to several long standing friendships. These misstatements I must rectify.

Dorothea Johnston of Saratoga and Frederick Stover of Stanford, were the directors of the Saratoga production of "Alice in Wonderland." This fact Owen Ulph completely ignored. Perhaps he didn't read the program. Miss Johnston financed, promoted, and, with Mr. Stover, created the whole production. Mrs. Elizabeth Johnston of Saratoga, prepared the costumes and aided in the organization. Mr. Stover designed and painted the settings. Twenty-seven people acted in the play. I was one of the twenty-seven.

When "Alice" was brought to San Jose, Miss Johnston allowed me to conduct two rehearsals in order that she might be free to attend to other more important details. All changes and developments in the play during these rehearsals were done in collaboration with her. The production had already been played and was ready for San Jose long before the Women's Club staging was dated. In a tremendous undertaking which was practically a finished work my part was a minute touch.

As to Owen Ulph's direct criticism, it must be remembered that "from where I sit" is the critic's privilege. However, his point of view must have been biased as evidenced in the limitation of his remarks to people whom he believed to be college or college known. It was not a fair criticism of the entire production; the most important elements behind the success of the production were neglected.

I hope that everyone knows who deserves credit for "the real Alice." And, I hope that Owen Ulph becomes more professional and theatre-wise as he develops his talents for criticism.

Sincerely,
RICHARD B. LEWIS,
 San Jose, California,
 May 20, 1933.

Industrialist Laments Ambitionless Graduates

"What college men lack is that good, old pioneer spirit," said Samuel M. Vauclein, veteran industrialist, at his recent birthday dinner.

"I have no sympathy with young men coming out of college who say there is no place for them," Vauclein said.

The industrialist said that if he were coming out of college next

STUDENTS WILL GO ON HIKE TO OBSERVATORY FOR COMING WEEK-END

All of you fellows who want a good time, hold this coming week end of May 27 and 28 open, throw your bedroll in with the rest of the bunch and come up to Mt. Hamilton for the over-night hike.

We have a good camping place staked out; about five miles off the main road. There is a big swimming pool, fed by a running creek, for those who do not care to hike.

At 12:30 Saturday, May 27, the group will meet near the Seventh street entrance of the Home-Making building, and will leave at 1 o'clock for Mt. Hamilton. Saturday evening will be spent at the Observatory, looking through the telescope. After this, the rest of the evening will be spent at the camp in singing songs, playing games and other amusements.

This is an ideal opportunity for everyone. There will be a lot of fun for all. A good number of our professors will go along also, which opportunity does not need explaining.

Sunday, after a good night's sleep, the hikers will travel up Black Mountain, and at this time get a good look at the valley below.

The necessities for the outing are eating and cooking utensils, nothing elaborate, food for three meals, which will be supper, breakfast and lunch; blankets or sleeping bags, 60 cents for transportation and camp ground charge and the coffee. If you bring a car you will be well paid for gasoline. Those who would be interested in going in with a larger bunch and buying the food together for an additional 40 cents see Dr. Robinson. If you should decide to do this you will not have to hither with cooking or cooking utensils.

But remember, all students and faculty are invited; sign up and pay the charge before noon Friday, in Room 110. Tell all your friends and bring yourself along. See you Saturday.

Lower Classmen Prove Pugnacious at Ohio U

The annual sophomore-freshmen battle at Ohio State University ended in a riot when two score policemen and firemen attempted to stop the affair in which 1,000 students were involved.

Instead of complying with the violent requests of the officers, the students defied them for three hours, in spite of three hose lines turned on the contestants. Eggs, fruit, and vegetables were hurled at police and passing automobiles, and student leaders declared an "armistice" only after the "cops" threatened to use tear gas guns.

month with no job waiting he would squat out on some bit of ground and raise enough to eat, and pretty soon he would have something.

"Women today are standing the depression far better than the men. When it comes to the pioneer spirit they've got more of it than their grandmother's had," said Vauclein in his conclusion, and stressed the point that the nation was on the up-grade.

ETA SIGMA PHI PLANS DANCE FOR SATURDAY IN ROOM 1 OF ART BLDG.

ETA Sigma Phi is sponsoring a dance for this Saturday night, May 27, in Room 1 of the Art Building.

Paul Cox's inimitable campus orchestra will provide the music. A committee has been appointed which Arthur Atwood is the general chairman, Perry Stratton in charge of the decorations, and Dwight Sandafur and George You are in charge of the refreshments and other details.

The patrons and patronesses of the affair are: Dr. and Mrs. Quarrie, Mr. and Mrs. Santzin, Mr. and Mrs. Neil Thomas, Mr. and Mrs. B. W. Spalding, Mr. and Mrs. Spearman, Dean Dimnick, and Dean Goddard.

Mathematics Contest

The mathematical contest between Harvard and West Point is on, but no one knows who won. Professor Arnold Dresden of Baltimore, president of the Mathematical Association of America, must struggle through ages of figures to tell the winner, and he probably won't know until eight or nine days.

Artisans Hold Meeting Last Monday Evening

Last Monday the Artisan Club, an art organization for men art students, held a meeting at the home of Daniel Mendelowitz, at 475 South 15th street.

Mr. Clark, the manager of the Art Department at Hale's, spoke on the "Different Aspects of Commercial Art."

Refreshments and cards concluded the evening.

Bibliophiles Club Holds Bridge Party Recently

Sponsored by the Bibliophiles, library society, a bridge party was held last Saturday for the benefit of the student loan fund. The Turner Studio was the scene of the pleasant affair.

The attractive color motif of red and white was carried out in decorations, tallies and candy cups. The tallies were in the form of little books.

Miss Ferris, faculty member of the Language department, won the door prize. Candy was sold during the afternoon.

BILL JONES ATTENDS AN EXECUTIVE MEETING GIVEN AT PASADENA

Bill Jones, president of the local Y. M. C. A., returned from an executive meeting of Pacific Southwest Field Council of Student Y. M. C. A. heads at the California Institute of Technology, at Pasadena, held from May 12 to 14.

Problems discussed and decided upon, were: A Change in the Policy of Having a Regular Men Student Y. M. C. A. Intercollegiate Conference at Asilomar to Having a Men's and Women's Conference on December 26; Stressing the Help of Orienting Freshmen into Campii.

Bill was chosen as first vice-chairman of the Pacific Southwest Field Council, as was the new secretary to the Council, Beverly Orton, who succeeds Hugh Landren.

Radio Program Is Given Over KQW Thursday Afternoon Last

A most timely and interesting program was presented over Radio Station KQW last Thursday from 3:30 to 4:00 o'clock by the International Relations Club of San Jose State. The College Woodwind Choir furnished music between significant talks by Harold Caldwell, Lesta Joubert, and Dr. William Poytress.

Y. M. C. A. Detention Home Proves Successful

Under the able leadership of Gus Standish, chairman of the Y. M. C. A. Detention Home Committee, the physical education periods at the San Jose Detention Home have been a great success.

Each day a different probation worker, who is a member of the "Y" and interested in such work, takes out former inmates who are assigned to them by Mr. Cook, Juvenile Probation Officer. They are taken to the city "Y" for a recreational period.

Craig Baugness Strikes Way To Recent Victory

In a thrilling quarter final round upset, Craig Baugness stroked his way to victory over Vic Maffey, 1 up. Hardly conceded a chance in the tournament, Baugness proved that he must be considered as a distinct threat in the battle for the Bothwell plaque, trophy for the winner of the school golf championship.

All the other matches ran true to form. Both were defaults. Chappell and Ischista were the men who benefited by the failure of Countryman and Covello to appear.

The startling performance of Baugness puts an entirely different light on the tournament. Heretofore Chappell and Maffey had been considered as the chief threats. Now Baugness is out of the way and Baugness is the logical stumbling-block for anyone who wishes to win.

COACH DUD DE GROOT SPEAKS RECENTLY AT FATHERS' SONS' DINNER

Coach "Dud" De Groot of San Jose State College, spoke of birds and their habits at the Fathers' and Sons' Dinner, which was held Wednesday, May 24, at 6:15 o'clock, at the Woodrow Wilson Junior High School.

The coach spoke on his hobby, "Birds, Their Nests and Eggs." He has spent much time and taken a great deal of care in preparing his valuable and interesting collection.

One little realized what birds and their nests and eggs meant, until De Groot told of his many interesting experiences during the making of his collection.

Lambda Omega Beta Holds Meeting in Room 1

A formal meeting of Lambda Omega Beta was held Tuesday evening in Room 1 of the Art building for the purpose of installing the sponsor, advisor, and four patronesses of the society.

Those installed at the lovely candlelight ceremony were: Mrs. Edith Latta, sponsor; Mrs. Florence Bryant, advisor; and the patronesses: Mesdames John D. Crumme, Amos O. Williams, R. R. Irons, and C. B. Sylvestor.

Althea Harper played a violin solo, accompanied on the piano by Veva Nicholls, and Charlotte Rhines gave a short talk about the aims and ideals of the chapter. Refreshments were then served by Harriet Vincenz and Gertrude van Beek.

Business Survey

(Continued from Page One)

technical business subjects.

6. Personality and character traits are considered of vital significance in obtaining and holding positions. While all traits were ranked of major importance by some of the business men, the final ranking places them in the following order: Honesty, dependability, accuracy, appearance, intelligence, loyalty, health, courtesy, speed, initiative, judgment, pleasing voice, and tact.

7. The business men agree that future employees should have as much general education as possible before starting specialized training. The demands of modern business are such that mere technical skill is not sufficient for the acceptable filling of a position.

The results of this survey will be published in a national journal of business education and will also be used for the benefit of students in the college.

LEGITIMATE GROCERS FOR OVER 10 YEARS

HOLT, DRAPER, AND HOUSER ARE ACES OF LOCAL MERMEN

Trio Holds School Records In Six Flat Events and Five Relays

Climaxing a successful season by winning the Junior College class relay at the Stanford Relay Carnival, the trio of Holt, Houser and Draper placed themselves almost in a class apart. Between them they hold school records in six flat events and five relays.

Bill Draper, high scorer for the season, led the assault on the record book by setting new marks in 100 and 150 yard back stroke, 150 yard medley swim, and 220 yard free style. Holt ran up a season's average of 12.267 points in the diving, or nearly twice the old mark. Houser proceeded to play havoc with the 100 yard breast stroke record, and finally set it at 1.31.1. But that was not good enough for him, and at the Northern California Intercollegiate championships, he was timed in 1.11 in a short course pool.

Heading the list of relays, is of course, the 150 yard medley event at the Relay Carnival. The time of 1.31.2 is 1.5 seconds faster than the pool record now held by the San Francisco Y. M. C. A., and 3.2 seconds faster than the old school record. Draper and Houser teamed with Martin to set a new mark of 42.5 for the 75 yard medley relay. Holt, together with Plat, Lynn and MacQuarrie, stopped the tickers at 1.48.7 in the 200 yard sprint relay. Last, but not least, we find Holt and Draper combined with Tait, Lynn, Plat and MacQuarrie setting a new mark for the 150 yard six-man relay.

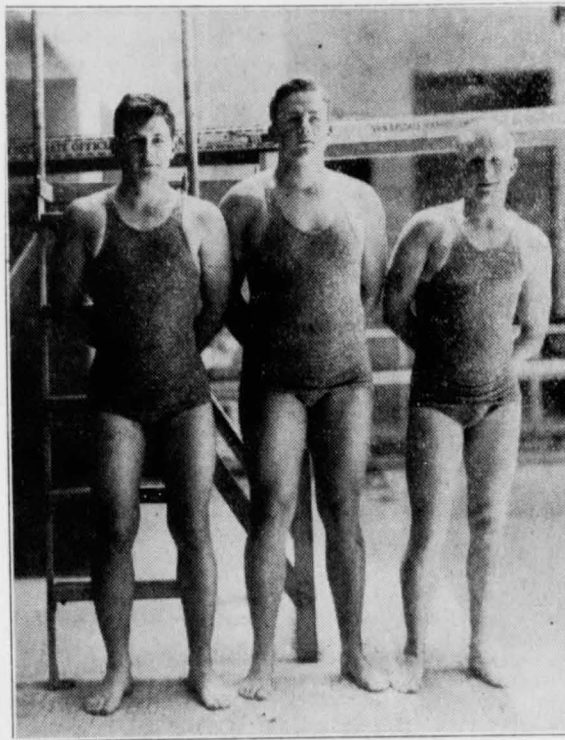

Besides all that, those three added a few outside trophies. Holt and Houser won the diving and the 100 yard breast stroke events at the Bay Counties Open championships. Holt placed second in diving at the California Intercollegiate, while Houser and Draper did likewise in 100 yard breast stroke and 300 yard medley events.

A final summary, including points scored in championship meets, places Draper first with 71, Holt is second with 66, and Houser third with 61. All together the three scored 346 points in dual meets, or nearly half the points scored by the whole team for the dual season.

There are two other men who deserve much praise for their work during the season just closed. They are Captain Dave Lynn and Manager Welburn Robertson. Captain Lynn, by his unselfish work during the season, lost chances to score lots of points, but feeling that his coach knew more about what he should swim than he did, Dave made himself a work-horse for the good of the team. The other members realized this and rewarded him by bestowing the captaincy on his capable shoulders.

Manager Robertson was all that could be desired as a caretaker.

Sparta's Three Aquatic Aces

Above are the three most important members of Coach Charlie Walker's swimming team which has just concluded a successful season. They are, left to right, Draper, Houser, and Holt. Besides scoring most of the points for the season, these three won the 150 yard medley relay at the Stanford Relays, and set a new mark of 1:31.2 for the event.

Intra-Mural Ballyhoo

By Bob Leland

Well, the Seniors carried off the major share of the points in the two track events Tuesday. Brown and Countryman nabbed the first two places in the 120 yard low hurdles, and Frankie Covello grabbed the third position in the 440.

Not to be outdone, Murray of the Frosh won the quarter mile in 57.5, while his team-mate Wallace took a close decision over Covello for the second place points. Berratta gave the Sophs a point in this event.

The Sophs are still leading, al-

though the Seniors have gained a lot in the last two days. The score to date gives the Sophs 28 1-3; Seniors 23 2-3; Frosh 19; Juniors 5.

The spirit (or lack of it) shown by the Juniors in this Intra-mural tournament is certainly nothing to boast about. They failed to show up for their baseball game with the Sophs, and they have only one man entered in the track meet **ONLY ONE MAN!!**

Let's be on time for the ball games and track events tonight. Track at 4 o'clock, and baseball at 5.

CUNNINGHAM AND TAYLOR IN A. A. U. MEET IN CHICAGO

Spartan Aces Have Chance To Capture National Championships

When Doug Taylor and Frank Cunningham journey to the National A. A. U. Championships at Chicago in the latter part of June, they will not be the first San Jose State men to wear the colors of the Olympic Club in the National Classic.

In 1931 Jack Wool accompanied Charlie Hunter's aggregation to Lincoln, Nebraska, and in the midst of the muck and rain turned in one of the best performances of his career. After taking second to Don Zimmerman of Tulane in the Junior Division pole vault, he came back to win the Senior event the following day at 13 feet 4 1/2 inches.

With such a performance as precedent, the Spartan aces ought to place in the money in their respective events. Each of them have marks which stand as the best made in the country this year, which indicates that they have excellent chances to cop national championships in both the Junior and Senior divisions.

Cunningham has an excellent chance of breaking the Junior Championships javelin record, which is only 198 feet 4 inches, having been established by L. D. Weldon of the University of Ohio in 1929. Viano Hoover of the Los Angeles Athletic Club won the event in 1931 with a heave of 190 feet 2 1/4 inches. The Senior record is more secure, however, being 222 feet 6 1/4 inches established by Jim De Mers in 1930.

Neither the Junior division broad jump or hop, step and jump titles are out of the reach of Taylor. The broad jump mark is 24 feet 8 3/4 inches held by John Brooks of the Chase Park Athletic broad jump or hop, step, and jump record is 47 feet 11 1/2 inches held by Levi Casey of the Los Angeles Athletic Club. Taylor did 46 feet 2 1/2 inches the very first time he ever tried the event, which indicates that, with a little practice, he will go far.

Consequently, do not be surprised if San Jose's two entries come home champions and record holders.

DID YOU KNOW?

That yesterday's sport page of this paper did NOT feature track, which ought to satisfy some of the boys who have been grumbling of late.

That the oldest IC4A record is the low hurdle mark of 23.5 seconds, established by A. C. Kraenzlein of the University of Pennsylvania in 1898.

That Bracken of the University of Washington is developing into quite a hurdler. He ran the highs in 14.9, and the lows in 23.6 recently.

That Elroy Robinson, sensational Fresno State half miler, is only a Sophomore.

That Fresno State has won the College division of the Fresno Relays for five consecutive years.

That Frank Cunningham was more afraid of Clarence Rowland, ex-Fresno star, who entered the Pacific Association meet unattached, than he was of Johnny Mottram, Clem Friedman, and the other "greats" who were present. Rowland failed to place, however.

That Beller of Roosevelt High School in Fresno, who ran the high hurdler in 14.9 in the Fresno Relays, only finished third in the State meet.

That the interscholastic half mile record for the State of Oregon is 1:56.8 seconds.

That Sherman "Barjimer" McFedries, the erstwhile quarter-miler of Coach Erwin Biehl's track team is the first man ever to be starred in a dramatic production at San Jose State. "From Morn to Midnight" is the name of the opus.

That when Cornelius Johnson high jumped 6 feet 5 and 1/2 inches in the State meet he broke Walt Marty's C. I. F. record of 6 feet 1/4 inches. Maybe someday he will break Marty's nice new world's record.

That Talbot's record breaking pole-vault mark of 13 feet 4 and 1/4 inches, made in the Conference meet, will probably be allowed. It is the only one of the record breaking performances to be so honored.

That Bob Grayson, Stanford's great all-around Freshman star and outstanding football prospect for next year, holds Oregon's interscholastic records in the hundred yard dash and 220 yard low hurdles. His marks are 9.9 and 25.5.

That every single member of San Jose State's track squad is eligible for further competition.

That the P. A. A. meet did much to awaken San Francisco newspapermen to the ability of secondary and junior college athletes.

That three athletes won the State track meet for El Centro High School.

That track summaries from eastern schools like Yale, Harvard and Princeton always carry a man's full name, including his middle initial. Dear me!

That Frank Cunningham will have to watch out for Duane Purvis of Purdue in the National Championships. He threw 208 feet in the Big Ten Meet.

That Robert Kelley, veteran hop, step, and jumper, whom Doug Taylor beat at San Francisco Saturday, won the National A. A. U. Championship in 1931.

Complete School Swimming Marks Are Listed

Event	Time	Held by	Old Mark	Held by
50 yard free style	27.0	MacQuarrie	27.3	Draper
100 yard free style	61.6	Martin	64.2	Draper
