LEADER TALKS TO POLICE

When things start to roll, it is our job to get out and sell tickets, and to carry buy tickets. Only with this support can La Torre become our college's standard program.

Under the cut in the college budget, La Torre has been left without a cent from student body funds. Most editors, under these circumstances, would perhaps have decided that the Junior Class should resign. La Torre's College Annual was not worth the extra effort, but Adele Melville has decided that she would continue to produce it, and is putting out the 1932 La Torre with our aid. "Success," has organized a book that will be representative of the student body instead of one that sacriﬁces teacher interest to the work of a few students.

This will probably be a step toward the greatest La Torre in the history of the college.

Now it is our job to get in and show that a football team isn't the only thing that this college can produce.

Students' contributions will be added as needed. The price of admission will be increased to 45 cents. Parking space will be provided for those who purchase a pass. A special hoist will be placed over the parking area for those who wish to carry a bag or hat.

The evening show is a regular production of the college and is entitled "The Voice of the Student." Students are invited to participate in this show.

The only support that La Torre has is that of the student body, and it is the job of the students to carry this show on.
