COUNCIL APPOINTS THREE TO GROUP

Ramona Hicks, Dale LaMar, and Bob Madsen were appointed by the Student Council yesterday at its regular meeting in the Student Union to fill vacant positions on the Fairness committee. Madsen, sophomore councilman, will represent the Council on this committee, while Hicks and LaMar will serve as student body representatives-at-large.

The fairness committee, the only one of its kind in the United States, was set up last quarter to study examination procedures and suggest possible means for improvement.

Student attitudes and opinions toward examinations will be studied by the committee this quarter, whereas last quarter the study was conducted from the instructor's viewpoint.

Vote By-Law Acceptance

The Council next voted to accept the by-laws to the student body constitution. The by-laws were accepted by articles, rather than by content, which will leave room for additions at a later date if needed.

Al Raffaelli, rally committee chairman, then reported his plans for the sale of food and soft drinks on the COP train, and the council voted on the motion of Jane Potter, corresponding secretary, to authorize the sale.

The refreshments will be sold at a profit, probably by the freshman class, with 25 per cent of the net going to the college chapel fund.

Unable to reach an agreement as to the status of the rifle team

Sophomore, junior and senior classes will hold their nomination assemblies today at the following time and place.

Sophomore class, Morris Dalley, 4:30; junior class, room S112, 5:30; senior class, room S210, 6:30.

on campus, the council decided to wait until next meeting before coming to a decision.

Prexy Suggests Questions

Tommy Wall, ASB president, suggested that the council consider the following questions. Is the rifle team a departmental organization? Where does the responsibility lie? Does it violate the constitution? And by putting out funds does the council make the rifle team responsible to it?

This organization was separated from the Athletic department and took the \$400 allotted the team by that department's budget. Last week the council froze the teams funds until further investigation, but released the money yesterday.

Wall, following the meeting, announced that he had corresponded with Bob Wilson, student body president of COP, concerning tactics for defending both campuses from raiding parties.

"Raiding parties which get out of hand and result in the destruction of campus property are certainly not conducive to friendly relations between colleges," Wall declared.

SJ STATE RALLY GROUP DESIGNS BIG COP DOINGS

Plans for "the best rally State will ever have" were decided upon last night at a meeting of the Rally committee.

The affair will be held Thursday night on the City Hall steps. Led by the band and drum majorettes, the yell leaders and song girls, the rally will parade down San Fernando from the Student Union to the City Hall. The group will meet at the Student Union at 7 o'clock. It was Ed Mosher, Rally Entertainment committee head, who said it would be the "best ever."

Other matters decided at last night's meeting were:

1. Tickets for the COP train trip should be purchased by students before noon Thursday.

2. Soft drinks and box lunches will be served on the COP train.

3. Alpha Omicron Pi will continue its pom-pom sale. The pom-poms will be on sale at Thursday night's rally, at the S.P. depot before the train leaves, and at the Lodi stadium.

4. All students having rooter's tickets for the COP game will be expected to sit in the S.J. rooter's section and wear white shirts and rooter's caps.

5. Plans for Homecoming Day will be announced this week by Al Raffaelli, Rally committee chairman.

SB, FACULTY CARDS NEEDED FOR ADMIT TO COP-SJS GAME

Presentation of ASB and faculty cards plus a ticket will be necessary for admittance to the College of Pacific football game Saturday night, according to Bill Felse, graduate manager.

This game is under the jurisdiction of COP officials, and Spartans must abide by their rules, Felse said.

Students are reminded that all tickets must be picked up by 5 p.m. Wednesday. This includes tickets obtainable with an ASB or faculty card, as well as tickets for sale to the general public. Wednesday evening all tickets will be sent back to COP.

SOPHS TO DISCUSS FROSH MIXER PLANS

Further plans for the coming frosh-soph mixer will be discussed by the sophomore council in the Student Union immediately after class nominations at 4:30 this afternoon, according to Publicity Chairman Florence Winning.

This year the Council will be divided into six working committees, said Miss Winning. In this way, activities can be more equally dealt with and efficiency increased, she added.

Committees to be appointed include Spardi Gras, publicity, extra-curricular, soph hop, frosh-soph mixer, and special events.

CLUBS INVITED TO PLAN ALUMNI HOMECOMING

Campus organizations having alumni groups are invited to participate in the Homecoming conference of the San Jose State college Alumni association to be held at 1 p.m. Nov. 26 in the Hotel Sainte Claire, announces Bob Schulenberg, '33, president of the organization.

The fall conference, first of such gatherings to be held at this time of year since 1934, will have the SJS-St. Mary's football game as its main attraction.

The Alumni association will meet for the purpose of organizing an Alumni advisory council, Schulenberg indicated, which will aid the Alumni association executive board in the administration of alumni affairs both on and off campus.

Former student body officers, and present and former alumni group officers of campus organizations are invited to attend the conference-luncheon, Schulenberg said.

Reservations for attendance may be made with Miss Doris Robinson, secretary-treasurer of the Alumni association, in the Placement office.

WARREN GIVES SPEECH IN S. J.

Vice-presidential Candidate Earl Warren stressed the need for national and congressional unity yesterday in an impromptu talk before 4000 persons in front of the Santa Clara county court house in San Jose.

Governor Warren arrived on a special train at 10:20 a.m. and spoke at the court house ten minutes later. The governor was accompanied by Mrs. Warren and their daughter, Virginia.

Warren urged voters to go to the polls election day, and expressed his confidence that the "voters will elect the right man."

Immediately after his half-hour speech, the campaigning California governor boarded the train for Santa Cruz and Watsonville. He will be in Southern California today in his last speech-making tour before election day.

Large numbers of San Jose State college students heard the smiling Warren speak. An unidentified State student is reported to have received a kiss on the cheek from attractive Virginia Warren.

PITMAN TALKS TO STUDENT SEMINAR

Dean of Men Paul Pitman will address students gathered this evening at St. Paul's Methodist church, according to Marie Herold, chairman of the committee sponsoring the talk.

Dean Pitman's topic will be "The March of Religious Time," Miss Herold said. His talk will be followed by general discussion.

Second of a seminar series devoted to the discussion of comparative religions, the meeting will be sponsored by the Student Y.

The gathering will convene at 7:30, Miss Herold stated.

State Flyers Crash

STUDENT'S CONDITION CRITICAL IN CRASH AT MOUNTAIN AIR STRIP

Melford Doan and Marvin Edner, members of Spartan Flyers, Inc., who crashed on the Bonnie Doon air strip about 4:30 Sunday afternoon, are reported to have good chances of recovery. Both men are suffering serious injuries as a result of the crack-up. They are in Santa Cruz hospital. At 7:30 p.m. Sunday, Doan had not regained

consciousness and was on the operating table, according to Duke Deras, State student who was eye-witness to the tragic accident.

AWS JINX TO FEATURE CIRCUS ACT

Animals, circus tents, and balloons will fill the Men's gym tonight when the AWS "Circus" starts its one-night stand at 7:30.

The "Circus," the annual AWS Jinx, will feature games and entertainment for all women students, according to "Jeff" Brewster, president of the group.

Keeping with the "Circus" theme, cider, donuts, and apples will be served.

Girls are asked to don jeans or peddle-pushers, and old shirts for the event.

Committees for the affair include: Adeline Clark and Marian Swanson, general chairmen; Carol Nystuen, recreation; Winona Lyons, refreshments; June Periera, tickets; and Jinny Luke, bandwagon.

Tickets may be purchased on campus for 10 cents.

Music Scores Needed For Revelries Revue

Ray Bishop, Revelries director, today repeated his plea for original music scores to be used in the 1948-49 Revelries.

"We need musical numbers for this revue-type show," he said. "We want your composition and we want it as soon as possible."

Scores were first requested by Bishop last Wednesday. Final date for submitting scores is Nov. 3, according to Bishop.

REDS VETO COMPROMISE U.N. PLAN FOR BERLIN

PARIS (UP)—Andrei Vishinsky of Russia vetoed the United Nations Security Council's compromise proposal for settling the Berlin crisis yesterday.

Vishinsky denounced the resolution as a violation of the Western Powers' "agreement" in Moscow last summer with Premier Josef Stalin. The West claims the agreement was dependent on negotiations in Berlin which broke down.

The Russians used their veto power to kill a council resolution and council action for the 27th time.

Troops Seize Communist-Held Mines

PARIS (UP)—Thirty thousand troops and security guards in full battle kit swept through 300 square miles of Northern France yesterday and seized the nation's richest coal mines from Communist-led strikers.

U. S. Politics Threatens Israeli Policy

PARIS, Oct. 25 (UP)—A flareup between President Truman and Governor Thomas E. Dewey over Palestine policy came just as the American diplomats here thought they had the issue well buried until after the elections.

U. N. Reports Fighting in Palestine

TEL AVIV, Oct. 25 (UP)—United Nations truce headquarters at Haifa reported that fighting is continuing between Israeli troops and Arabs in Northern Palestine on the Syrian frontier.

Chinese Manchurian Forces Withdrawn

NANKING (UP)—Chinese forces are preparing to withdraw from Manchuria to China proper, reliable sources said yesterday.

British Call Markos "Puppet Brigand"

PARIS (UP)—Britain touched off a new exchange of bitter East-West debate in the United Nations Political Committee yesterday by charging that the Greek guerilla leader, General Markos Vafiades, was a "puppet brigand."

Pickets Arrested in Strike Violence

RICHMOND (UP)—Police arrested 21 oil strikers near the Standard Oil refinery early yesterday as violence continued in the 51-day-old walkout despite efforts of management and the union to reach agreement.

14-0 -- REMEMBER

REMEMBER -- 14-0

Pictured above are the three Spartan hustlers now operating the Richfield Service station at Sixth and San Carlos streets. Dean of Women Helen Dimmick's car is being given the "treatment" by the service-conscious operators. Joe Leahy (left) applies the standard 32 pounds of air. "Smilin'" Bob Landis uses a bit of elbow grease on the windshield, while Al Cadman checks the oil.

VETS BUY STATION; SPEND DAY DASHING FROM JOB TO CLASSES

By CLIFF MINNERS

Those three words first caught our attention in the Oct. 4 issue of the Spartan Daily. There was a big box, 3 inches long and four inches wide, on page 3. Inside the bold border was blank space—except for those three words, SPARTANS TAKE OVER! "Huh," we thought, "guess the Daily couldn't get enough ads today, so had to fill in with something."

Next day, same thing. "Okay," said we, "so classes have started and we've taken over again. So what?"

Those same unenlightening words appeared again in the following issue. Now, like an old maid who sees a young couple walking along carrying a blanket (to sit on at the football game), we were really curious.

"Spartans take over what?" we mused.

Next day a tremendous sigh of relief escaped our lips as we found the answer.

THREE SPARTANS TAKE OVER RICHFIELD SERVICE STATION AT SIXTH AND SAN CARLOS STREETS!

The Big Three Speak

The next question was: "How are our fellow Spartans doing?" No one would know better than the owners, we reasoned. So, aided by a gentle nudge from the editor, we started on the long journey across San Carlos street to find the answer.

"We're doing swell," smiled spokesman Bob Landis, junior engineering major. Joe Leahy, junior public administration major and Al Cadman, junior engineering student, nodded assent.

"San Jose State college students, in particular, have made our first few weeks here successful ones, and we are very grateful," Landis added.

When asked how the three Spartans got started in business, Bob unfolded a lengthy tale of hardship and perseverance.

"We were fishing off the Santa Cruz coast one Sunday in mid-September," he began. "All of us are married and Joe and I are having little bundles of joy delivered soon. We were discussing the bleak outlook for winter—how we were going to complete our education and still eat."

"Al mentioned an acquaintance who had a service station for sale. We decided this would be a swell opportunity for us to form a triple partnership and go into business."

Upon returning, the young businessmen-to-be found the station already sold.

"By this time we were determined to get ourselves a station," chimed in Joe, "so we covered the town looking for possibilities. This is the only place we found close enough to enable us to take over and still continue school."

Financial Worries Begin

"Any financial difficulties?" we inquired.

"Was there!" laughed Al. "I

had to re-finance all my earthly possessions. Bob borrowed his share from his parents. Joe finally got a well-to-do friend of his father's to co-sign his promissory note."

The trio then started an overall clean-up job, putting in over 400 hours and hauling four trailer loads of junk away.

Hectic Reg. Day

On Sept. 27, the three hopeful veterans opened for business.

"What a day that was! We registered on the 27th, and couldn't seem to arrange our schedules so one of us would be free at all hours to run the station," said Bob.

"So," he gestured, "we were charging, back and forth all day, asking each other if we were free at this or that hour, changing our schedules and attempting to keep the station open."

Now that the proprietors are firmly established, they say they want to put the word "service" back in service station.

Good Service For Everyone
"We know new cars usually get good service. But I own a Model-A Ford and no one but me ever washed the windshield," exclaimed Landis.

"A Model-A is as important to a struggling college student as a Cadillac is to a millionaire. We want to help take care of old cars as well as new. We give all cars the same complete service," concluded Bob.

HEAR... from THERE

By JACK GOLDEN

No matter what exchange paper I pick up, the first thing I see is a big story (a front pager, at that) telling about some big rally or pageant that has been planned to stimulate school spirit and indirectly to stimulate the football team to a win.

Take San Diego State for instance. They not only had a mammoth rally preceding the Pepperdine game, but they also staged a parade in cooperation with civic units.

Our namesakes, the Michigan State college Spartans, demonstrate their loyalty to their hard driving football squad by having serpentine parades, which always culminate in a firelight rally.

Another institution that promotes spectacular parade-rallies is Washington State college,

Santa Clara Valley Blood Donor Center Needs Donations; Spartans Are Urged To Share This Community Responsibility

By JOHN DEL SECCO

San Jose is going all out to save blood.

Miss Catherine Wallace, member of the Blood Donor Improvement committee, reveals Santa Clara Valley Blood Center's interest to make the giving of blood a community project. She emphasizes the large part San Jose State college plays in the community and urges students to consider donating their blood regularly.

A Community Responsibility

"All residents of this community are asked to cooperate in this important enterprise," she explains. "It is hoped that San Jose State college, with about 7500 students and faculty, will desire to assume a share of the community responsibility."

A monthly quota of 500 pints of blood urgently needed by metropolitan San Jose has been set up to maintain an adequate supply of blood at all times to meet all emergencies.

The blood center, 400 N. First street, is operated jointly by the San Jose Red Cross and the Santa Clara County Medical society. "It provides the facilities which enable volunteer blood donors to save lives and to protect themselves and their families in cases of illness, surgery and accidents," Miss Wallace continues.

Donations Are Painless

She further explains that donating blood is painless and devoid of risks. The physical conditions and medical histories of all prospective donors are carefully checked. If there is any doubt about physical fitness the gift of blood is rejected, safeguarding the donor and the recipient.

Requirements for donors, Miss Wallace tells, are that they be between 21 and 60. Anyone between 18 and 21, unless married, must have his parent's consent. The minimum weight is 110 pounds. Prior to giving blood, donors are asked not to eat for four hours, though they may have black coffee and fruit juices.

Walter Luick, room 159A, will furnish speakers for any group interested in learning more about the blood program. Further information may be obtained from Miss Wallace, room 37, where appointments for blood donations may be made.

Miss Wallace urges students to discuss with their group the donation of blood as a community project. She suggests the appointment of a member who is interested and who would be responsible for getting at least two donations a month during the school year from his group.

Your gift of blood may save a life. Your life may be saved by a gift of blood.

THRUST and PARRY

To: San Jose State student body.

From: Community Chest committee.

We wish to take this opportunity to extend our sincerest thanks to every student who took part in the Community Chest drive on campus this year. This has been another example of what can be done when we all work together.

We would like to give special thanks to those individuals who gave their time on Friday to go into the classrooms and take up the collection which put us over the top.

Rest assured that the money that you, as a student, have contributed will be well spent, and that we, as the student body, have once again done ourselves proud.

Thanking you again for your co-operation and assistance, we remain,

Sincerely Yours,

Bill Logan and John Peterson,
Co-chairmen of the campus Community Chest committee.

Dear Thrust and Parry:

This is not to be classed as a gripe, . . . It is just a reminder to the campus organizations who receive their mail in the Coop boxes.

How about getting your secretaries on the ball and get your mail out of the boxes when it comes in? Some of the groups haven't called for their mail since this quarter began.

ASB 1537

Thrust and Parry:

What is the matter with the rally committee? There was no mention in the Spartan Daily at any time last week that white shirts and rah-rah caps would be necessary to sit in the rooting section at the Santa Barbara game. I agree that it is a good idea to have everyone wearing caps, but how about giving a word of warning?

Another thought is, how about teaching the yell leaders not to swallow the mike when they try to give instructions to the "gang"? It sounds like they have a mouth full of potato chips. All they have to do is talk normally into the thing and the loud-speaker will do the rest.

ASB 5053

John G. Larsen

Dear Thrust and Parry:

Thumbs up for the abused, defenseless, cornered, trapped, little mouse in the upstairs showcase of the Science wing.

He has survived the onslaughts of five greedy snakes since last Tuesday.

Now the only shelter, a shelf, has been denied him. From now on it is a matter of time before he either starves to death or meets his doom.

Such fortitude should not be left unrewarded! Release the captive!

ASB 4232, 2294, 6320, 4352, 4225

There is nothing either good or bad, but thinking makes it so.—Shakespeare.

which has a student body of less than 6500. To show their contempt for the University of Washington "Huskies," the WSC student body traipsed around the campus clad in pajamas and other items; they eventually wound up in the stadium where a stupendous rally was presented by the rally committee. Their slogan was "The Huskies can't stop the Cougar Cub."

CHOWDER SOC. PLANS ANOTHER BUSY SEASON

The Young Men's Southwest Almaden Chowder and Marching Society, one of the campus' most active social organizations last quarter, has recently begun another season of gay parties and festive holidays, announced the most highly exalted chowdermaster, R. Bruce Heisey, today.

Although the society has been dealt a severe blow by the loss of two of its highest officers, E. Lewis Halsey, and R. Smedley Cline, as well as having to relocate its chowderhouse, K. E. G. Outter, not-up-highly exalted chowdermaster, has announced the group intends to make this season one of its greatest.

Ladies Auxiliary Assists

The ladies auxiliary to the society which was organized last quarter to assist the parent group in their work has also planned a jam-packed program of events according to Miss Norma Herring, who was elected most munificent potentate of the gentle ones, at the final meeting of the society last June.

The young men's society at State led the country last year in efforts to combat clam vivisection, as well as spending much time and money at the coast rebuilding and decontaminating the mating grounds of the Pismo clam.

Seek 'Clam Day'

The group has also been instrumental in having a national "Clam Day" proclaimed in the United States. Clambro (brother of the clam E. Lewis Halsey is now in the south conferring with important national figures on which day of the year to select.

Cal Chapter Planned

R. Smedley Cline, last quarters chowdermaster, has unselfishly given up his studies at State and sacrificed his hope for an education by enrolling at the University of California, where his chances for education are doubtful but the opportunity for organizing a U.C. branch of the chowder society are excellent.

Meetings of the society will be held this quarter in the newly re-furnished clam room of the Theta Mu Sigma house, 191 S. Tenth street, the fraternity having graciously extended an invitation to the group until funds can be solicited and a new and more modern chowderhouse constructed.

COP TIGERS LICK SPARTAN HARRIERS

Spartan harriers received their second set-back of the current season Friday, when the College of Pacific Tigers won 30 to 25 on the Stockton course.

Kirkpatrick (COP) edged Sparta's Dore Purdy out of first place by a scant yard in the excellent time of 17:53.8. Purdy's time was 17:54.

The order of finish: first, Kirkpatrick (COP); second, Purdy (SJ); third, Haney (COP); fourth, Day (SJ); fifth, Chapman (SJ); sixth, Richeson (COP); seventh, Garmire (COP); eighth (COP); ninth, Slater (SJ); tenth, Riddle, (SJ).

On the return trip the car which the state college team was riding in, driven by Slater, was forced off the road in a three-car accident. A broken axle resulted, thus making the arrival home late. None of the cross-country team was injured, according to reports from the men.

JOY CAMPBELL WINS DOUGHNUT SUPPLY

Doughnuts, not orchids, and a supply of five dozen of them at that, are due Joy Campbell for her guess of the San Jose State-Santa Barbara game Friday night. Joy's guess missed by only one point. Her prediction was 42-13 in favor of the Spartans and the final score was 43-13. Frisco Sartor was second with a guess of 45-13 and Elmo Brown was third with a prediction of 40-13.

FORMER SJ STUDENT TAKES GOLF CROWN

Bobby Harris, National Inter-collegiate golf champion, and a former San Jose State Spartan, won the San Jose city championship for the second year in a row at Hillview Sunday. He defeated Vern Brown 6 and 5 after 31 holes of a 36-hole match.

Harris may return to school next quarter. A National Guardsman, Harris is required to stay near San Jose, and figures that he might as well continue his education and incidentally help the Spartan golf team, intercollegiate team champions, to retain their title.

On another golfing front, Howard Verutti, also a member of last year's champions, was eliminated in the quarter-finals of the Pasatiempo Club championships near Santa Cruz. Verutti evened his match with Bobby Troyer, COP star, on the 17th, but three-putted the 18th green to lose the match.

GRID GAZERS MAKE GOOD GAME PICKS

It was a better than average weekend for the Spartan Daily Grid Predictions. Every sports scribe, with the exception of Wade Wilson, hit the .800 mark for the games last week. Wilson, who had a poor week, hit only seven out of the ten predictions he made.

LANINI AUDITIONS TO BE HELD TODAY

Sophomore or junior stringed instrument music majors at San Jose State college have until 3:30 p.m. today to register for the Donald Lanini Memorial award audition.

The fall preliminary audition will be held at 4:30 p.m. today in room 107, announced Dr. Lyle W. Downey, music department head. A cash prize of \$100 awaits the winner of the May, 1949 finals, he said.

Music required for the audition includes:

1. Standard etude.
2. Standard composition for demonstration of tone production and quality.
3. Standard composition of own choice (optional in preliminary).

Tom Cureton, San Jose State frosh coach, is a graduate of the University of California where he assisted as a boxing and football coach during the war.

SPARTAN ELEVEN BELOW BEST IN GAUCHO CONTEST

Although they waltzed through a weak Santa Barbara eleven 43-13 Friday night, Coach Bill Hubbard's Spartans definitely did not play their best brand of football.

The Golden Raiders were slowed down by the unorthodox 4-4-3 defense used by Santa Barbara, and did not look very potent at times. The Gauchos were successful in stopping Spartan thrusts nine out of 10 times, but the few times they failed, six more San Jose points were chalked up on the scoreboard.

4-4-3 Baffles S.J.

Because of the 4-4-3 setup (four men on the line, four secondary line backers, and three deeper backfield defenders), the Spartans were unable to make much headway through the Santa Barbara forward wall. This formation also played havoc with Chuck Hughes and Gene Menges as they attempted to pass, according to Coach Hubbard.

Several times San Jose linemen failed to block properly which resulted in Hughes or Menges being dumped for losses before they could get the ball away. Although these two passers, along with Dick Finnagen, found the mark only eight times in 26 attempts, Coach Hubbard feels the situation will definitely be improved against COP, providing the Spartan forward wall gives them proper protection.

Gauchos High Friday

Hubbard also said he thought the Gauchos were much higher for Friday's game than his squad. The Spartans had the natural tendency to look ahead to the crucial with College of Pacific and were not keyed up for the Santa Barbara clash.

The Spartans held an unprecedented practice for about two hours Sunday morning in preparation for the COP battle. Most of the session was spent on further perfecting offensive patterns. Coach Hubbard was not too pleased with San Jose's overall showing against the Gauchos, and hopes to have his team razor sharp for the all important conference crucial Saturday.

SPARTAN DAILY 3

SPARTAN-TIGER GRID SERIES BEGAN IN 1899; COP LEADS TO 1930

Ed. Note: This is the first of a series of four articles describing the progress through the years of that fine old gridiron rivalry between San Jose State and College of Pacific.

The first San Jose State-College of Pacific game was played in 1899 and according to football brochure, edited by Danny Hill,

Spartan publicity man, was won by the Spartans. No records of the score or other facts about the game exist.

It wasn't until 22 years later that the two teams, members of the California Coast conference met. Football at Washington Square was not then in the high state of organization that it is today. The coach, David "Doc" Wooster didn't arrive from Kansas until October and the football suits arrived about the time the schedule was drawn up on Oct. 21. COP was scheduled for a Nov. 4 date.

The teachers, as we were known then, bit off more than they could chew when they offered to play the Stockton team. The Pacific team had walloped Fresno State 35-0, while San Jose team had tasted defeat twice by San Jose and Santa Clara high schools.

Tigers Score Early

The game can be described briefly. The Tigers scored three times in the first quarter, and were held scoreless until the last six minutes of the game when they added two quick tallies for the final score of 35-0. Star of the game for San Jose was Stan Acres, a courageous end.

In 1922, the Spartans were better organized. Practice started Sept 15 and the COP game was scheduled for Nov. 24. For the second time in a row San Jose travelled to Stockton. The Tigers coached by "Swede" Righter trounced the Spartans 23-0. Tickets for the game sold for 50 cents.

In 1923, a new coach, H. C. McDonald, brought no luck to San Jose. His team scored three points in six games and received a 46-0 shellacking from COP.

Six years passed before the two teams met again. State was

gradually building up athletic strength and had joined the Far Western conference which included such teams as Nevada, Chico, and College of Pacific.

Fifty Turn Out

Fifty candidates turned out in 1929 including Dee Portal, who made varsity quarterback; Howard Hornbuckle, now sheriff of Santa Clara county; and Bill Hubbard, present football mentor.

Spirit was high for the game. State had a huge rally bonfire and several Stockton raiders were caught during the week trying to smear the campus with orange and black paint.

The game was played at Spartan field and 3500 spectators attended. COP had lost one game previously and State had dropped two, so it wasn't a battle of champions although the Tigers were highly favored.

COP scored first when their Halfback Jack Crandall intercepted a Spartan lateral and travelled 45 yards for a score in the second quarter. San Jose came back just before the half and scored after a 35-yard march. Herbie Winters plunged over from the four. In the fourth quarter the Tigers drove down to the San Jose 2-yard-line only to be repulsed. The Spartans had the advantage of the statistics, garnering 151 yards from scrimmage to Pacific's 88 and 38 yards on passes to nine.

NEWMAN CLUB MASQUERADE BALL TICKET COMMITTEE: Today, 3:30 p.m., YWCA lobby. Members: Helen Hogan, Joan Schwartz, John Hassur, Barbara Fontes, Inez Arias.

'LEAR' CAST IN FINAL REHEARSALS; READY FOR THURSDAY OPENING

With two days left before opening night, full dress rehearsals for "King Lear" are in progress. Dr. James Clancy, director, reported yesterday. The tragedy opens Thursday night at 8:15 in the Little Theater for a run of seven days. "King Lear" is one of the least known Shakespearean plays, at least through stage production. Therefore, the production of the Drama department will offer a rare opportunity to find out if it's true what they say about "King Lear."

For one thing, "they" have said that it is "unactable." Victorian theatergoers turned up their noses at it the few times it was offered. In these troubled times, its horrors may not seem to be outside the realm of human experience.

Dr. Clancy, who is playing the title role, as well as directing the tragedy, said, "Whether or not the results are rewarding to an audience, working on Lear has been rewarding to me, and, I feel sure, to many of the cast."

The University of Washington Huskies were unbeaten over a 63-game span which started with the last game in 1907 and lasted until 1917.

ATOM EXPERT TALKS TODAY

Social, medical, political and economic aspects of atomic fission will be discussed by Dr. R. R. Newell in Morris Dailey auditorium today at 11:30. Dr. Newell, professor of biophysics at Stanford university, is also on the staff of the School of Medicine in San Francisco.

According to an announcement by Dr. William H. Poytress, head of the Social Science department, Dr. Newell was active at Oak Ridge and Argonne national laboratories during development of the atom bomb. He was in charge of radiology safety at the Bikini atom bomb tests.

TRIP THE TIGERS.
