SAN JOSE STATE COLLEGE

Volume XXXVIII

SAN JOSE, CALIFORNIA, THURSDAY, OCTOBER 6, 1949

Number 2

Santa Cruz Mountains Scene of 'Y' Confab

The first regional conference of the fall term for student YM-YWCA groups in colleges and universities in Northern California will be held this week-end at Camp Campbell in the Santa Cruz mountains, according to Marie Herold, San Jose State college student Y president. Topic of the retreat, at which San Jose Y members will play an important part, is "What are you 'called' to be and to do as a Christian student in the USA in 1949?" Dr. Robert E. Fitch, professor at the Pacific School of Religion in Berkeley, is the speaker for the retreat.

Students who are interested in attending as representatives of the San Jose student Y are asked to sign up immediately in the Y lounge, 220 S. Seventh street. Five dollars will cover meals and transportation for the week-end. Students will arrive at Camp Campbell in time for dinner at 6:30 and will leave Sunday after lunch. Warm clothing, a sleeping bag or three or four warm blankets are essential equipment for those who will attend.

"Students interested in Y work, in making new friends from other schools, and who are anxious to have a part in San Jose's Y program for the year are urged to attend," said Miss Herold. "This is a good way to start the school year off with a bang."

ASB Council Meets Today

The first ASB council meeting of the new year will take place this afternoon at 3:30 in the Student Union. Wasting no time in scheduling a session, President Don Schaeffer announced that the meeting would be concerned mainly with the sale of student body cards. Student enrollment now has soared to an all-time high for San Jose State.

The other members of the ASB council are: Phil Bray, vice-president; Bob Seal, treasurer; Patty Burke, corresponding secretary; Marge Weaver, recording secretary; Janet Larke, representative-at-large; Ray Lyon, representative-at-large; and Jack Scheberies, Bob Madsen, Jack Passey, and Betty Brisbin, class representatives.

George Jensen Killed In Accident

George A. Jensen, husband of Mrs. Maryjane Adams Jensen of the Veterans' Affairs office, was killed Tuesday in a hunting accident in Trinity county.

The death occurred near Sutter. Jensen's companion accidentally shot him.

Jensen was graduated from San Jose State college last June as a chemistry major. A native of San Francisco, he formerly attended City College of San Francisco. He was 30 years old.

Open House

The Newman club will hold an open house this afternoon and evening at Newman hall.

Club members, under President Joe Garsky, invite all interested students to attend. The doors of the newly redecorated hall will be open this afternoon from 2 until 5 o'clock and this evening from seven o'clock.

New 'Y' Executive

Jim Martin, new executive secretary for the Student Y, will accompany a group of Student Y members to the Northern California regional conference to be held at Camp Campbell Saturday.

Students May Give Blood At College

No food or drink other than black coffee or fruit juices for four hours before donating blood to the Santa Clara Valley Blood center. That is the main stipulation required of prospective donors by Miss Catherine Wallace, associate professor of health and hygiene.

For the first time since the mobile unit was formed a visit will be made to the college and enable students and faculty members to donate blood. Five donors every 15 minutes can be handled in the physiotherapy department, room 37, Monday from 11 a.m. to 2 p.m.

Unmarried persons from 18 to 21 must have parents' consent. Release forms may be obtained from Miss Wallace in room 37 and should be returned when blood is donated Monday. Pledge cards for definite appointments are also available at the office but must be completed and filed by tomorrow.

An opportunity to save a life is one of the best inducements for blood donations, reports the American Red Cross. The donated blood is prepared by skilled technicians, stored by hospitals and administered by doctors in the community.

Record Set As Enrollment Reaches 8265

A record of 8265 students were registered at San Jose State college as of yesterday afternoon, according to Miss Viola Palmer, registrar. This is the first time in its history the college has exceeded 8000 students.

The Registrar's office expects the total enrollment to increase when late registration closes tomorrow. Meanwhile, a record faculty of 400 has been employed and an extensive building program is planned to help alleviate overcrowded conditions.

Veteran enrollment has dropped approximately 200 below last fall's figure, although the total enrollment exceeds last fall's number by about 1200.

Miss Palmer said that two of the factors accounting for the rise in non-veteran enrollment are the large number of graduate and junior college transfer students. There are 500 graduate students, 30 of whom are candidates for the MA degree.

A further breakdown of the figures reveals that 4499 non-veterans are State college students, and 897 attend junior college. Of the veterans, 2674 are going to State and 195 to junior college.

SJSC Pistol Team Wins 1949 Trophy

National honors came to the San Jose State college Military Police pistol team during the summer training period at Camp Hood, Texas. With an average score of 267.4 the team edged out competing teams from eight other colleges and universities to capture the Provost Marshal General's pistol trophy for 1949.

A total of 1337 points was added up by the ROTC men while individual team members shot as follows: Patrick E. Parkes, 274; James S. Oliver, 273; Richard E. George, 267; James E. McDonald, 262; DeWitt G. Hupp, 261. James E. Holcomb qualified as alternate on the team.

The Military Police trophy for excellence in pistol marksmanship is awarded by the Provost Marshal General of the U. S. Army in competition by service corps of MP reserve officer training units. Last year San Jose annexed the coveted honor and will attempt to make it a triple next year, said Col. James J. Hea, associate professor of military science in charge of the unit here.

Highest aggregate score on the winning team was by Parkes while Spencer B. Vay, from the University of California, took the highest individual score with 303. He was formerly enrolled in the police school here.

Nine ROTC Men Get Commissions

Nine San Jose State college ROTC students received commissions as second lieutenants in the military police reserve during summer training at Camp Hood, Texas, during June and July.

A Spartan pistol team also carried home the provost marshal trophy for outstanding pistol marksmanship.

Fifty-one students, the largest

San Jose delegation in history, attended the six week camp. Lt. Col. James Watts was the officer in charge of the group. Other faculty personnel included Capt. Robert Agers and Sgt. Hal Warner and Phil Lumley.

Members of the trophy-winning pistol team were Patric Parks, captain, James McDonald, James Oliver, DeWitt Hupp and Richard

CCAA Champs Play Host To Pepperdine in Grid Contest Friday Night

By WADE WILSON

Breaking back into the win column with a smashing, 40-21, win over the Brigham Young Cougars, the San Jose State Spartans will meet a rejuvenated Pepperdine Waves team in the Spartan Stadium Friday night at 8:00 p.m.

Bill Hubbard, head coach for the Spartans, is tapering off the

ASB Card Sale Reaches 6600 False Reports

Total sales of student body cards reached 6,600 early yesterday afternoon, but Graduate Manager William Felse said that many students, apparently freshmen and transfers, were not taking out student body membership.

The figures released by the graduate manager's office yesterday indicate that about 80 per cent of the approximately 8,200 students on the campus are card holders.

"Students who have been here before know the advantages of ASB membership," Felse said. "Freshmen and transfer students should obtain cards at their earliest convenience."

Student body membership is a passport to all athletic events in which San Jose State college participates, Felse pointed out, except on rare occasions when both schools agree to charge students. It entitles the student to the college health service, paves the way for participation in student body activities, and provides admission to all free student body dances.

Felse said that cards would entitle their holders to free admission to the remaining home and road football games this season.

ASB membership simplifies attendance for the student at sell-out games such as St. Mary's, COP, and USF, where students without cards will have to take their chances with the general public.

The cards which cost \$15, are on sale at the graduate manager's office.

Almost 2800 cards have been issued to veterans, Mr. Felse said. Students enrolled under Public Laws 16 and 346 receive student body membership automatically from the government.

The total figure of 6,600 does not include many cards sold yesterday at the graduate manager's office, and cards issued yesterday to GI students. Many of the latter will obtain them upon completion of eligibility forms.

Social Affairs

Social Affairs committee will meet at 3:30 p.m. Monday in the Student Union, according to Duke Deras, chairman of the committee.

All interested students are urged to attend. Attendance at three consecutive meetings will qualify any ASB holder to membership on the committee, said Deras.

heavy work and concentrating on light contact work in an effort to reduce further possible injuries. Harry Beck is back in form and will bolster the fullback spot so ably filled by Jack Donaldson.

Don Dambacher, breakaway halfback, will be out for a week with a sprained ankle, but will be back in uniform for the USF game of next week. Fred Silva has responded favorably to treatment for a back injury he received in the Santa Clara game, but probably won't see action until the game with USF.

Line Coach Bob Bronzan has his charges in top shape with the exception of End Mel Stein and Tackle Harley Dow. Stein is still hampered by an ankle injury, and Dow, co-captain with Jack Faulk, is bothered by a stiff neck. Neither injury should keep them out of the game.

Waves Have Passing Attack
Scout reports by Bud Winter, backfield coach for the Golden Raiders, reveal that the Waves show a good brand of football. He reveals that they support a good passing attack with just a fair ground game. The Pepperdine line is reported fair, both offensively and defensively.

The Waves gave a good showing against the San Diego State Aztecs, which is reportedly one of the strongest in the CCAA. The Aztecs eked out a 9-7 win over the Waves in a loosely played game last week. Coach Ray Richards' squad is liberally sprinkled with veterans from last year's eleven that ended the season with a record of 4 wins and 5 losses.

Change To T Formation
Richards is in his first year as head mentor of the Waves and has changed from the single wing to the T formation, and occasionally springs the ends and backs side to work out of a spread T.

The Waves seem to improve with age and from their showing against the San Diego State team could give the Spartans quite a tussle. Pepperdine is not in the conference in football but will gain membership with the coming basketball season. Terry Bell, their outstanding star of last year's squad, has been ruled ineligible and Dick Meltvedt or Clayton Bleck will operate in the right half slot while Mel Embree has moved Dale Drager out of the starting call in the fullback position.

Jr. Class To Plan After-Game Dance

Plans for an after-game dance, scheduled to follow the football game with the University of San Francisco will be set up tomorrow at a special meeting of the junior class council.

Bob Madsen, junior class representative, announced that the meeting will be held at 3:30 in the student union. Committees will be appointed to get preparations for the dance underway.

Conservation 50

Classes in Conservation 50 will be held in Room 24 beginning tomorrow. Dr. William Graf, associate professor of zoology, announced yesterday. Hours and days for the course are unchanged.

Editorials

A Bill of Student Obligations

By registering as a student at San Jose State college one takes upon himself certain obligations towards his fellow students, towards his instructors, and towards the larger community which makes possible the educational opportunities of this campus. Among these obligations are the following:

1. The obligation to become informed, so far as information is available, concerning the aims of the College, its traditions, its facilities, and its regulations.
2. The obligation to be fair in one's remarks about instructors and officers of the College, and about one's fellow students, quoting (if at all) accurately and in context, and criticising only judiciously and on the basis of facts.
3. The obligation to protect the property of others and of the College against theft and undue waste or damage.
4. The obligation to study with reasonable application and faithfulness without permitting other tasks or excessive recreation to interfere.
5. The obligation to recognize that the attainment of grades, although important, is secondary to the main task of obtaining an education.
6. The obligation to cooperate with others in promoting the educational process by such methods as practicing consideration and good manners in the class room, cultivating an interest in one's studies, habitually becoming informed concerning the assignments, and performing them within whatever restrictions for independent work one's instructors may announce.
7. The obligation to take examinations in accordance with the announced rules and without giving or receiving unpermitted aid.
8. The obligation, if one has knowledge of unfair behavior by another, to take some action, such as covering one's paper during an examination, talking directly with the person involved, or reporting him to the Dean of Men or the Dean of Women.
9. The obligation to promote student public opinion in favor of honesty in student work and in opposition to all forms of unfairness.

Bouquet for the Faculty

A long overdue bouquet should be handed each and every faculty member who took part in this week's Registration Frenzy. A tremendous task of handling a record throng of students was accomplished with a minimum of jangled nerves by the competent group of faculty people.

They all came up smiling, too, despite two days worth of gripes and groans from approximately 8,000 registering students. It isn't a cinch to listen to 8,000 sets of varied troubles for two days running and retain any semblance of sanity.

There were a few incidents of hitches and slightly hard feelings but it would be humanly impossible to process such a mob in two days without stubbing a few toes here and there. In the hectic rush for classes there were no reports

of riots or insurrections. Peace reigns over Washington Square once again — thanks to the hard working army of faculty members.

Also in line for cheers and sky-rockets from a grateful student body are hundreds of anonymous students who volunteered their services for the occasion; without them the campus would be a shambles today.

But the main aim and purpose today is to extend a sincere "Thank You" to the faculty for their excellent registration job. It isn't often that a student takes time out to thank his or her instructor for leading the way to a better life. Perhaps this little note will serve as a reminder to the faculty that there are now nearly 8,000 grateful students confronting them each day in class.

Memorial Chapel Plans Progressing 'Nicely'

Two noted California architects are progressing "very nicely" with preliminary plans for a memorial chapel dedicated to the 201 San Jose State college students who gave their lives serving with the armed forces in World War II.

Dean of Men Paul Pitman has expressed gratification over the sketches submitted by Chester Root of the San Jose firm of Higgins and Root; and Winsor Soule of Santa Barbara, a member of the state examining committee for architects. Soule is a noted specialist in ecclesiastical architecture.

"The building will not be a church, but a non-sectarian memorial chapel," Dean Pitman said. "Its chief value will not lie in its

utility, but in its symbolism."

Dean Pitman said that he hoped ground would be broken for the structure sometime before the end of the current academic year. The chapel will stand among the redwood trees near the Commerce building.

Financing is being handled through the college's alumni association, with contributions coming from students, relatives of men lost during the war, interested San Jose citizens, and current college enrollees.

A circular issued by the San Jose State college Memorial Chapel Fund estimates that \$50,000 will build "a simple chapel seating more than 200 of which none of us need feel ashamed." Funds raised in excess of the \$50,000 goal would be used for such decorations as stained glass windows, wood carvings and so forth.

Fairness Committee Needs Replacements

Resignations from the college Fairness Committee left two replacements to be named by Dr. T. W. MacQuarrie, it was learned yesterday.

Ruth M. Tiedeman, associate professor of psychology, resigned to teach at the University of Maryland; and Glenn "Tiny" Hartranft, athletic director, resigned because of other duties.

THRUST AND PARRY

(For the benefit of new students, this column is open to all holders of ASB cards. Letters must be signed with your name and card number, however names will be withheld on request. Letters should be left in the tin box marked, "Thrust and Parry", in the Spartan Daily office, B93).

Dear Thrust and Parry:

After having gone through it seven times I have come to the conclusion that someone should do something about the mess they call registration here at SJSC.

At best it is a foul mess and this quarter's set-up was extra putrid. Booklet distribution was often half an hour behind schedule, thanks to someone's bright idea of doing the entire job in the Reserve Book room.

And then of course there is the booklet situation. Granted that all 12 pages are necessary (about which I'm highly dubious) you can't tell me that all information on each page is vital. For instance instead of putting department, course number, course name, units, days, hours, instructor, and room number on all cards, why wouldn't course number, days, hours, and room suffice on some.

Another point is the upper division dean's approval after the department head has already approved. As far as I can determine it is a useless formality. If it's mistakes they are seeking they are just duplicating the work of the people to whom the booklet is finally given.

Also, have the powers that be never heard of pre-registration—at least for upper division students? This would accomplish the dual purposes of easing registration congestion and assuring upper division students room in their necessary courses.

And so on ad infinitum. If the people in charge can do no better than they are doing, they should go to work for the Federal government or the Army where their red tape methods would be appreciated. They sure ain't here!

F. C. Nofziger, ASB 4767.

C.C.F. Resumes Campus Activity

Campus activity of the Collegiate Christian Fellowship, San Jose chapter of the Inter-Varsity Christian Fellowship, will begin with the first regular meeting Thursday at 12:30.

Speaker for the introductory meeting will be Mr. Carl Thomas, I.V.C.F. regional secretary, according to Stan Eckstrand, president.

Personal, academic and social problems of the Christian and non-Christian will be discussed by Mr. Thomas when he comments on "Christ and the College Student." Freshmen and new students are urged to attend.

The CCF is an on-campus all-student organization aiming at the support of historical Christianity. Main activities include an address each Thursday noon by outstanding speakers from all walks of life. Parties, conferences, and discussion groups are held at regular intervals.

Super Secret Room Is Guarded by Cangialosi

Here on the San Jose campus there is a man who is known to very few students but whose business affects every student even remotely connected with Washington Square. His name is Tom Cangialosi, and his official title is Head of the Mimeograph department.

Secluded in room 18 of the science building, Tom and his part time crew run off nearly all the examinations which are given in any department of the college.

To meet him during working hours is practically an impossibility, for the mimeograph office is off-limits to all unauthorized persons, faculty and students alike. The only keys to the room are held by Tom himself and the head grounds-keeper. A strong combination lock further protects the inner-sanctum where the actual printing is done.

"Our work here has multiplied many times over since I first started work in this department 2½ years ago," he said. "At that time we had one mimeograph machine, an A. B. Dick-100, which could turn out about 150 copies per minute and we were plenty rushed to meet the 48 hour deadline which is set for us."

Add New Equipment

"Now we have added a new, faster A. B. Dick-450, machine with a capacity of 200 copies a minute, plus a multi-lith press with a 100 per minute top speed, and we're still pushed to get out all the work on time."

The amount of paper ordered and used by the department over a 10 month period amounts to nearly 8 tons, and costs approximately \$3,200. A person purchasing a like amount would have to buy over 4000 reams of 8½ x 11 and 8½ x 14 mimeograph paper, or well over 2 million separate sheets.

In addition to this paper, purchased by the school, Tom and his crew run off nearly a million sheets of copy on paper that is supplied by various campus organizations.

System Is Fool Proof

In conjunction with the Fairness committee, the mimeograph men have set up a seemingly fool-proof system for delivering tests to the various offices around the campus. The Information office

handles all the go-between work from the mimeograph to the instructor. Tom delivers, every morning, all the requested tests to the Info office in sealed packages where they are routed, via secretary to the proper department.

The tests are sealed in wrapping paper before they leave S18 and are not opened until they are in the hands of the instructor.

"These precautions were made necessary," Mr. Cangialosi explained, "when about a year ago tests started disappearing in numbers up to 20 before they reached the instructor."

After the test has been run off, the old stencil is kept in a scrap box in the mimeograph office until that evening when it is taken out and burned by a custodian who watches until the paper is ashes.

"I can usually run the everyday work by myself," the department head pointed out, "but comes the time of mid-term, and finals and I have to put on extra help in the persons of Roland Smith and Ken Rostomily."

Another Big Season for Speech and Drama

'Faust' Opens 1949-50 Season; Six Top Productions On Tap

Goethe's monumental "Faust" rings up the curtain on the 1949-50 drama season of the Speech and Drama department inaugurating another versatile and entertaining season of plays for San Jose State college students. "Faust", directed by John R. Kerr, will be presented in the Little Theater Nov. 10, 11, 12, 14, and 15, celebrating the 200th anniversary of this great writer. The play concerns itself with a compact made between man and the devil, and through "Faust", the main character, Goethe presents the eternal striving, failure and redemption of man.

Mr. Kerr, set designer J. Wendell Johnson, and technical director, Jim Lioi have already spent considerable time in planning and construction of stage settings needed to handle the many scene changes.

"John Loves Mary," the successful Broadway comedy made recently into a movie, will be the second of the six plays scheduled for the enjoyment of all theater goers along the entire Peninsula. This comedy is the story of a young bride-to-be who gets hopelessly involved in Army red tape, foreign war brides, and innocent mistakes in attempting to marry a returning veteran. Written by Norman Krasna "John Loves Mary" is the department's yuletide offering for December 8, 9, 10, 12, and 13.

There will be no Sunday performances of the Speech and Drama department plays this year.

Miss Elizabeth Loeffler, well-known actress and director of numerous summer plays, will direct the third of the college productions, "Taming of the Shrew" and share directing assignments with Mr. Kerr. A model for the current musical show "Kiss Me, Kate," Shakespeare's most popular comedy is the well known story of how Petruchio tames his shrewish wife, Katharine. It will be presented February 2, 3, 4, 6, and 7.

"Tonight At 8:30," featuring the finest of Noel Coward's best short plays, will be presented by the college actors March 9, 10, 11, 13 and 14. Of the nine plays in the series, the college will present three: "Red Peppers," a peek backstage in a third-rate vaudeville theater in British provinces; "Family Album," a Victorian comedy set with music; and "Still Life," poignant moments in an indiscreet love affair that begins and ends in a little railroad station cafe.

"The Corn Is Green," a touching character study by Emyln Williams will be presented during the Spring quarter. It is the story of an understanding teacher who succeeds in stimulating a backward Welsh country boy to pull himself up from a lowly destiny to a scholarship at Oxford University. It is the same play Ethel Barrymore made famous on Broadway, prior to World War

II. Play dates are May 4, 5, 6, 8 and 9.

Closing the drama season will be "Time And The Conways" by J. B. Priestley. The story deals with the barriers of time and shows a glimpse of the future of a family with highly practical and materialistic aims. Performance nights are June 8, 9, 10, 12 and 13.

Tryouts For Plays Get Under Way

Tryouts for speaking parts for Goethe's "Faust" and "John Loves Mary," will continue today and Friday at 4 p.m. in the Little Theater, Director John R. Kerr announced.

Dancers as well as actors are needed, emphasized Mr. Kerr. Twenty dancers are needed for "Faust" dance sequences. There are 40 speaking parts.

"John Loves Mary," a successful play, contains 12 speaking parts.

Both old and new students are urged by Mr. Kerr to try out. Copies of the plays can be obtained in Room 57, Speech office. "Faust," the first play of the season, will be presented November 10, 11, 12, 14 and 15. "John Loves Mary" plays December 8, 9, 10, 12 and 13.

New Lockers

Approximately 150 new lockers are available to students in the basement of the Science building this quarter, according to Byron Bollinger, supervisor of building and grounds.

Students using the lockers must supply their locker with a padlock. This is the only requirement governing the use of the lockers.

Vet Supply Lists Due Tomorrow

Veterans studying under California public law must turn in their estimate of supplies and their attendance vouchers by tomorrow, Oct. 7, announces Miss Edith Graves of the college Veterans' office.

The estimates and the vouchers may be turned into the Veterans' Information office, room 32, Miss Graves also announced that the supply deadline for all veterans is Oct. 28. No extensions will be granted.

Miss Graves clarified a situation that has confused many veterans by pointing out that only one dictionary and one drawing board are permitted to each veteran for their entire school training period. Veterans are allowed one binder for each school year, however.

Just Among Ourselves

You have been cooperative about registration. You have understood our crowded conditions and have been most considerate. Thank you.

It's a big job, but our registration procedure is truly efficient. Worked out by many changes over the years, it is now pretty good. It takes a little intelligence.

Dr. T. W. McQuarrie

of course, to go through registration, but intelligence is what you are supposed to have if you come to college.

Housekeeping is going to be a year-long problem. Please do not add to our difficulties. We cannot supply you with valet service. Please don't throw papers around, and while those stubs at the doorways are unsightly, they do show that you made an effort. Perhaps your aim will improve some day.

Smoking needs some understanding. I realize that many of you are uncomfortable when not smoking. At the same time, many others are uncomfortable when you are smoking, so we must compromise.

Announcements

SPANISH 1A taught by Mrs. Pinkston will meet in room 21, starting today.

ORCHESIS meeting to be held on Tuesday, October 11 at dance studio, time, 7 to 9 p.m.

TAU DELTA PHI will meet in the tower Friday, October 7 at 12:30 p.m.

ALPHA DELTA SIGMA members asked to please check the bulletin board in the Spartan Daily office.

HOMECOMING committee will meet on Monday, October 10 at 3:30 p.m. in the Morris Dailey Auditorium. Auditions for homecoming show will be held. Freshmen invited.

ALL ORGANIZATIONS planning to enter a float or house decorations must have one or more representatives at a meeting next Tuesday in the Student Union at 8 p.m.

SAN JOSE STATE SENIOR class will have its initial council meeting tomorrow in the student union at 3:30 p.m. All council members are urged to attend and start the ball rolling early. An executive meeting will be held previous to the council meeting.

Students wishing work in the speech clinic this quarter must fill out their schedules in rooms 157 or 165A before noon on Friday. Miss Wilda Merritt of the clinic made this announcement yesterday.

WILL THE FOLLOWING people report to the Speech Office in room 57 to fill out a form for the Speech Clearance committee: Nona McGinn, Bill Drew, Drennon Snyder, Fred Samain, Barbara Grishy, Alan Baldwin, Byron Davis, Pete Fransich, David Wise, Willard R. McAtee, Clyde A. Richardson, and Phil Kearney.

AIR FORCE RESERVE MEN who are navigators, bombardiers, or radar observers, and are inter-

Refunds Ready For SC Game

Veterans who purchased tickets for the Santa Clara football game, and are entitled to the \$2 refund, can obtain their money at the graduate manager's office if they have filled out the necessary refund cards.

The return of the admission money for the Bronco contest arises from the fact that student body card holders were entitled to reduced admission to the game. However, no cards had been issued at that time, so tickets had to be purchased and a refunding system provided.

ested in an active reserve group are asked to contact Mr. Cauhape in room S9 any Tuesday or Thursday between 10 and 10:30 a.m. or 1:30 and 2 p.m.

time. San Jose won 103-0. —photo by Haddon.

Police School Hits Enrollment of 210

Following the general trend of surprise enrollment figures, the San Jose State college police school reported 210 applicants on the department rolls as registration ended Tuesday. This represents an increase over the 175 expected and 135 registered in spring quarter. Mr. Willard E. Schmidt, department head announced.

Due to the unexpected increase, Police I, general administration of justice and Police II, introduction to police organization and administration, will be held in the Congregational church, Third and E. San Antonio streets.

Keep Off Grass!

Students are requested to keep off the newly installed grass in the vicinity of the Student Union and the Spartan shop, Robert Alexander, in charge of grounds, announced yesterday.

The new lawns were planted two weeks ago and the grass has not had time to mature, Mr. Alexander said.

SJSC Girl Wins Second Looie's Bars

Miss Barbara Jean Fillmore, Boulder Creek, Colo., has been appointed a Second Lieutenant in the Women's Medical Specialist Corps, The Surgeon General, Department of the Army, announces.

Lieutenant Fillmore received her occupational therapy certificate from San Jose State college this spring. She received her A.B. degree in 1948.

Lieutenant Fillmore's first assignment is Oliver General Hospital, Augusta, Ga., where she reported for duty on September 12. In November, she will go to Brooke Army Medical Center, Fort Sam Houston, Texas, to take the two months' orientation course for female officers in the Army Medical Department.

The Women's Medical Specialist Corps, United States Army, in which Lieutenant Fillmore has been commissioned, consists of women officers who are dietitians, physical therapists, and occupational therapists. WMSC officers are assigned to Army and Air Force hospitals in this country and overseas.

2614 Receive Physical Exams

Entrance physical examinations topped the 2614 mark at the close of registration Tuesday afternoon, revealed Miss Margaret M. Twombly director of the student health service. More than 2225 students had chest X-rays in the mobile health unit.

A request to students who have not had a physical or do not have an appointment has been made by the director. They are urged to report to the office in the administration building as soon as possible.

CampusCompasses Mailed Last Week

Copies of Campus Compass, the college's introductory booklet for new students, were mailed out last week. All out-of-state students and others who did not receive a copy, can obtain one at the Dean of Women's office.

The 80-page gold booklet contains information helpful to new students on social activities, sports, regulations, and traditions of SJSC. Elaine Williams edited the new publication, which is prepared and sponsored by AWS. Cartoons are by Jerry Melcher.

Dr. Peterson Named Head of New College

With the opening of the Los Angeles-Orange County State college near Long Beach, Dr. P. Victor Peterson, former science department head at SJSC, assumed the presidency of the institution. Sessions at the school, as yet without a formal campus or buildings, got underway last week with 200 upper division students registered in classes.

Heading the science department here after a year and four months as acting head is Dr. Carl D. Duncan. "The prime function of the college is education and not research," Dr. Duncan said, "but faculty members are encouraged, as in the past, to pursue their individual research interests."

After he joined the faculty in 1921 the new department head instructed in various courses including general biology, botany, ento-

mology, conservation and physiology. The latter two courses were wartime sessions offered at the college.

Dr. Duncan is a Stanford graduate, and received his doctorate in zoology, specializing in entomology. Separation from active teaching will be the most difficult change brought about by the promotion, he deplored. Active in the Entomology club activity, Dr. Duncan and his wife take high interest in off-campus pursuits for the students, Spartan Spinners, a folk dancing group, tops their student activity program now.

Citing the advancement of the college in recent years, Dr. Duncan revealed that the entomology courses here are second only to the University of California in the state.

Commerce Dept. Welcomes 4070

Commerce courses received a deluge of students as enrollment soared to 4070 at the close of registration Tuesday afternoon. Faculty members had expected 3500.

Four new commerce department faculty members have been secured to aid in the instruction program, Dr. Earl W. Atkinson, department head announced yesterday.

Students majoring in commerce reached 1440, slightly under the 1500 anticipated by the department. Accounting classes boasted the highest registration for one course with 929 officially in Tuesday evening.

New members of the faculty are Wesley Overton, of the firm of Overton and Zavalarias, instructing business law; Edward Cundiff, from Syracuse university, in accounting and marketing; J. Hugh Jackson Jr., in accounting and Jess Reynolds, CPA, University of Denver, in advanced accounting.

Dr. Irving Christiansen, former associate professor of commerce here, is presently associated with the Commerce department of University of Mississippi, Dr. Atkinson said. Overton replaces the late Mr. Guy G. George in business law classes.

Polio Victim Requests Mail

George Curnow, student at San Jose State college during the last Summer session, was stricken with infantile paralysis during final exam week. He is now undergoing treatment at Stanford Memorial hospital in San Francisco.

Curnow's family reports he is doing well, but would greatly appreciate hearing from his college friends. Address him care of the Stanford hospital, San Francisco.

SPARTAN DAILY 5

Chemistry Department Tops All Records

Heavy registration in the Science department Monday and Tuesday broke many existing records, according to Dr. Carl D. Duncan, department head. To cope with the increased enrollment new faculty members have been secured and more additions have been approved for the future.

Hardest hit by the surge of students are courses in zoology, chemistry, bacteriology, physiology, hematology and conservation. Department estimates anticipated 160 students in Chemistry 30. Registration totalled 300. Conservation 50 looked for 35 students and ended with 112.

An impressive list of new fac-

ulty members includes Dr. Charles Richards from Stanford, teaching general zoology and parasitology; Dr. J. Gordon Edwards, from Ohio State, teaching physiology, entomology and general biology; Dr. Hubert Harris, University of Colorado, instructing botany and plant pathology classes; Dr. Charles Sibley, University of Kansas, teaching general zoology and ornithology; Mr. Frank Gale, McClatchey high school, Sacramento, in general biology; Mr. Robert Patterson, on a part-time basis, in bacteriology and hematology.

Dr. Ralph A. Smith, associate professor of zoology, has returned to staff work following a leave of absence due to illness.

Dr. Clancy Marries Stella Pinoris; Couple Intend to Study in Europe

Newlyweds Dr. and Mrs. James Clancy sailed Tuesday from New York for Italy.

The couple were married Sept. 10 in an afternoon ceremony at the Del Monte chapel in Monterey. Before her wedding, the new Mrs. Clancy was Miss Stella Pinoris. Clancy is a member of the college faculty. Following the rites the two Spartan graduates spent a 10-day honeymoon in Carmel.

Dr. Clancy has been teaching at San Jose State college since 1936. After his graduation at Sparta, he was a part-time director.

He obtained his master's degree at Stanford university and did graduate work at Northwestern university. Clancy received his Doctor's degree in dramatic literature at Stanford.

During the war, he was a captain in the army and was on Gen-

eral Eaker's staff in Naples, Italy. He was Communications and Liaison officer between the Allies.

According to Dr. Hugh Gillis, head of the Speech and Drama department, Dr. Clancy is considered one of the outstanding college directors in the west.

As an actor, he also has received high acclaim. Among the major roles that he has played are Hamlet, Lear, Romeo, and Mercutio.

The new Mrs. Clancy is also a graduate from the Speech and Drama department at San Jose State college. The couple met while the former Miss Pinoris was acting under Dr. Clancy's direction. She is considered an outstanding heavy dramatic actress, said Dr. Gillis. Her most remembered work was the leading roll in Ibsen's Rosmersholm.

On Sabatical leave, Dr. Clancy

will study contemporary theater production in Europe until June, 1950. Among the places he will study are the University of Naples, University of Florence, the Sorbonne in Paris, and the University of London. The work is being done in preparation for a project at Stanford.

For the afternoon wedding, the bride wore a grey tailored suit. Her headpiece was a coronet of white begonias, and she carried a white bridal bouquet.

Kay Pinoris, sister of the bride, was maid of honor.

Dr. Gillis was best man, and Mr. Harrison McCreath, also of the college, was usher.

The couple will make their home in San Jose upon their return from Europe. Dr. Clancy will be back at school for fall quarter, 1950.

New Leading Role

Dr. James Clancy, of the Speech and Drama department, has a new starring role since he became a married man this summer at Del Monte chapel in Monterey. His bride is the former Miss Stella Pinoris. She is a San Jose State college graduate, active in dramatics, and Dr. Clancy's new leading lady.

Shown above are Dr. Clancy in his bachelor days and Miss

Ann Helling, student in drama, when they performed in a summer session play here.

The couple sailed for Europe Tuesday for a stay there.

Nancy D. Scherf Marries In Impressive Ceremony

Miss Nancy Dina Scherf and Lane De Laro were married during the summer in the chapel of the Stanford Memorial church.

The bride was given in marriage by her father, Mr. Rudolph Scherf. She carried a bouquet of orchids and stephanotis.

For the Sunday ceremony she wore a traditional gown of white slipper satin of princess style, which was accented with white lace as was her veil.

Following the wedding rites a reception was held in the Palo Alto community center.

Miss Elda Beth Payne was maid of honor. For the occasion she was gowned in white marquisette, and complementing her ensemble was a white picture hat. Her bouquet was of orchids and carnations.

Four bridesmaids gowned in white were in the bridal party. They were the Misses Pat Phil-

lips, Betty Brown, Vivian Cortese, and Virginia Toste.

The former Miss Scherf attended San Jose State college for two years. She was graduated from Stanford university.

De Laro attended both the University of California at Berkeley and Stanford university.

Former Spartans Wed

Miss Janice Power and Redmond A. Rudolph, former Spartan graduates were married at Carmel Mission this summer in formal wedding rites.

Petty-Johnson Reveal Marriage

San Jose State college graduates Miss Mildred Jear Petty and Newell W. Johnson married recently in a formal ceremony at the First Christian church.

The bride did post graduate work at the college this year. She is a member of Alpha Gamma, art fraternity.

Johnson graduated in the spring. His affiliations are Alpha Phi Omega, Key club, Tau Delta Phi, and Tri Beta.

Students Have Wedding During Summer Vacations

Wedding bells rang for Miss Connie D. Layva and Willard Kimmel late in August in a formal ceremony which united the couple in marriage.

Kimmel has been attending San Jose State college.

The couple reside in Alameda.

Thursday, October 6, 1949

SPARTAN DAILY 7

Formal Rites Unite Couple

Miss Thelma Yocum, senior student at San Jose State college, became Mrs. C. Ernest Wrahtz in a double ring ceremony at Burlingame recently.

The bride chose for her wedding a white crepe gown with full skirt, V neckline, and cap sleeves. The blusher veil of net with chantilly lace was held in place with a heart-shaped tiara.

Sister of the bride, Mrs. Ralph Hudek of Pocahontas, Iowa, was matron of honor.

Following the ceremony, a reception was held in the Wrahtz home.

The bride's going away costume was a green taffeta coat dress complemented with black velvet accessories.

The new couple will reside in Palo Alto.

Former Miss Yocum is attending San Jose State college.

She was graduated from Pocahontas high school, Iowa, and attended Iowa State Teachers college. She is a graduate of Kellberg Institute of Massage and Physical Therapy.

Wrahtz is a Stanford university graduate. He attended The San Francisco Institute of Accountancy and is employed as a certified public accountant.

LUCKIES PAY MORE *to give you a finer cigarette!*

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco —and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much *more* real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! It's a finer, milder, more enjoyable cigarette!

DAN CURRIN, independent warehouse operator of Oxford, N. C., has smoked Luckies for 20 years. He says: "To me, Luckies taste better. I've seen the makers of Luckies buy fine, prime tobacco, you know!" Here's more evidence that Luckies are a finer cigarette!

Graduate Manager's Office Says USF Tickets Available

All student body card holders are entitled to tickets to the football game with the University of San Francisco.

The Graduate Manager's office said this morning that a pasteboard for the Don contest will be available to any ASB card holder who calls at the office before

five p.m. Wednesday, October 12.

Rumors have circulated on the campus that the student quota of tickets was used up, because the booth near the entrance to the quadrangle was discontinued. The Graduate Manager's office made it plain that this is not the case.

A similar policy will govern the distribution of tickets for the College of the Pacific and St. Mary's. Tickets will be made available to any ASB card holder who requests them. There is no "quota" of tickets for students. Any ASB card holder who beats the deadline for each of these games will be assured of a free seat.

The games with Santa Barbara State college and Pepperdine can be seen simply by presenting your student body card at the stadium on the night of the contest.

For the USF, COP and St. Mary's games, the sections in which the students sit are reserved, but the seats are not. Just go to the right section and grab the best place you can find.

Little Train Derailed

A Broken Collarbone suffered in the Santa Clara-San Jose State game has placed scabback Buddy Traina on the sidelines for five weeks, and possibly longer. The former Palo Alto High school star played a year at Lassen Junior college before entering San Jose State. A star in spring practice, the lithe half-back was the leading Spartan scorer until injured.

Traina scored three times against the University of Mex-

ico and dashed for one touchdown against the Broncos before being felled.

For rapid results try the Spartan Daily classifieds. Campus-wide coverage guarantees you a large daily readership.

Water Polo Teams Open Season With Contest at Davis

San Jose State's varsity and frosh water polo teams go to Davis today to open the season against Cal Aggies. Coach Charley Walker's boys go into action with only two practice sessions under their caps.

Starters for the varsity are Jack Hibner, Fred Hanssen, Dick Garrett, Chesley Douglas, Norm Keeler, George Haines, and either Wally Hoffman, Al Grass, Dick Lebedeff, or Dave Millovich.

Fred Hanssen will Captain the Spartans, who are National AAU Junior Indoor champions. Garrett and Millovich are transfers from Compton J.C. and Glendale J.C., respectively. Haines was the star of last year's frosh team.

1949-50 Cage Sked Best In San Jose State History

When Walt McPherson's varsity squad opens its 1949 season on December 1st against the University of San Francisco Dons, the Spartans will be embarking on the most rigorous casaba schedule in the history of the school.

Besides the National Champion USF cagers, the Staters will face Bowling Green college, semi-finalists in the 1948 NCAA basketball tournament, West Virginia State, and Santa Clara university.

The Spartans will also participate in the Los Angeles Invitational Basketball Tournament from December 12th to 16th. Also slated for the San Jose entry is a two-game series with the Nevada Wolfpack, a pair of contests with Pepperdine, and a single game with St. Mary's.

McPherson lost only forward Bob Hagen from his '48 squad. The other four regulars, forward Don McCaslin, center Stu Iman, and guards Ralph Romero and Bob Wuesthoff, will all return, which indicates a great Spartan aggregation for the 1949-50 court wars.

First Scrimmage For Frosh Football Team Tomorrow

The 1949 edition of the San Jose State Freshman football team goes into its first scrimmage tomorrow afternoon in poor physical condition, according to Coach Tom Cureton. "The first two practice sessions showed that the boys are in bad shape."

Cureton will carry men five deep at every position through the first two games. Then they will be screened down to three deep. "We won't let any good

prospects go doing that," said Cureton.

The frosh play five games this year, all away from home. On Oct. 15 they open with Lassen J.C.

The remainder of the schedule follows:

Oct. 22—U.S.F. frosh.
Oct. 29—Stanford frosh.
Nov. 5—Cal Poly frosh.
Nov. 12—Fresno frosh.

Morgan Scores

End Junior Morgan grabs a touchdown pass from quarterback Gene Menges in end zone after eluding Santa Clara de-

fenders. The score boosted the Spartan lead to 13-0.

Bariteau Beats Prof In State Golf Tourney

A former student and a faculty member, both of San Jose State college, met in the first round of the California State Amateur Championships, held at Pebble Beach last week. Eli Bariteau, Jr., a former member of San Jose's NCAA championship team, beat Walt Williams, baseball coach here at State, 3 and 2. Bariteau, defending Amateur champ, was then defeated.

Jay Hopkins, another Spartan golfer, fared better. Hopkins reached the quarter-finals before he was eliminated.

No Paper Friday

There will be no edition of the Spartan Daily on the stands tomorrow but starting Monday editions will appear on regular daily schedule.

Thursday, October 6, 1949

SPARTAN DAILY 9

Freshman Football Team Has Former Prep Stars

Danny Hill, Athletic News Director, has just released a list of new men entering San Jose State college that will be eligible for future Spartan glory. This list is composed of men who will compete on this year's freshman football team.

New faces for the frosh team will be: Phil Hatzenpiller, halfback from Lincoln high; Bob Farmer, fullback from McClatchey high, Sacramento; Gene Gatti, quarterback from San Leandro; Ernie Jordan, fullback from Los Gatos; Dick Hadama, quarterback; Takeo Shishido, guard; Donald Shishido, end; Vern Windreth, tackle, all four from Honolulu.

San Jose Fold-Up Against Indians Music To Aztecs

"If the Spartans are thinking of joining the PCC they have plenty of room for improvement. Marchie Schwartz and his band of Stanford Indians blew San Jose apart, 49-0. The score was no fluke, the Indians are tough as is California, USC, UCLA, and the rest of the Coast loop. Too tough for San Jose. Our advice to the Spartans is stay in your own backyard where you can still win a few."—San Diego 'Aztec'

Ed Salcadalena, guard from Tacoma; Henry Skock, guard from Oakland; Stan Wacholz, end from Santa Clara high; Searey Miles, fullback from Los Angeles; John Trezza and Wiley McClain, halfbacks from Pittsburg High; Elio Abrami, center from San Francisco; Dave Barry, halfback from Glendale.

"My
cigarette?
Camels,
of course!"

WITH SMOKERS WHO KNOW...IT'S

Camels for Mildness

Yes, Camels are SO MILD that in a coast-to-coast test of hundreds of men and women who smoked Camels—and only Camels—for 30 consecutive days, noted throat specialists, making weekly examinations, reported

NOT ONE SINGLE CASE OF THROAT IRRITATION DUE TO SMOKING CAMELS!

Buddy Traina, leading State ball carrier until sidelined by injuries, packs ball against Stanford as Spartan halfback Don Dambacher runs interference. The Indians romped all over the San Jose grids by a 49-0 count.

San Diego State Freshmen Have Soaking Fine Time

SAN DIEGO STATE COLLEGE—Freshman hazing reached its colorful, egg-splattering end last Thursday, Sept. 22, in the Greek Bowl as violators of the sacred laws of Montezuma were tried and punished at Court of Traditions. The annual affair was well attended by both upper classmen and whether participating or not, frosh. Everyone in attendance enjoyed an interesting 60 minutes of water squirting and brawling in general.

Led by Ed Nuttal, Al Fodor, Bruce Kern and Thelma Ellis, the members of Ocotil, Alpha Phi Omega, and Cetza summoned Frosh who had violated Aztec traditions during the previous week to the rostrum. Their punishment included nosing eggs across the stage and sitting on blocks of ice. For more serious offenses a group of male frosh were blindfolded and forced to apply lipstick to the faces of female offenders who were simultaneously ordered to shave the legs of their masculine partners in crime.

A group of rebel freshmen in the stands on several occasions attacked the guards posted to maintain order. A seltzer-bottle barrage, however, repulsed the rebels.

Oops - Sorry,

UNIVERSITY OF IDAHO—The first day of classes is over and has brought forth many humorous events. There were instances of unfortunate students wandering into wrong classrooms, such as the sweet young thing who wandered into an algebra class thinking it was shorthand. Another co-ed, when going through the registration line, was told to abbreviate course names as much as possible. When registering for a course in American History, she wrote down the initials "A.H." The poor gal ended up in animal husbandry lab out in one of the Ag barns.

One of our wily seniors, a former editor of this paper, walked into the wrong history class. Upon discovering his error, he turned to this writer and said, "I'm in the wrong class but I think I'll stay anyhow. This prof is pretty interesting."

There was also the large crowd of new and old students at the Nest and Perch "coffying-up." For many it was like coming home again. Many of these "Nestology" majors will tell you that this is the second best course offered to the students here on the campus.

The situation is normal, not all fouled up. This happens every year and without its humorous events registration and the first few days of classes would be a fairly unhappy time for many.

Cavemen Chisel 'Best Sellers'

SAN FRANCISCO CITY COL.—So you think you have troubles! Before you hum the Lecture Note Blues take pity on the cave-man who shunned the use of paper, not that he was without ready cash, but only because someone had neglected to invent the stuff.

With his trusty hammer and chisel, the man, whose castle was his cave, took pride in picking the right size rock, trimming the edges to fit requirements and turning out an esthetic literary accomplishment in a mere day's time.

The quill did all right for awhile, but history proves it was laborious scratching, and the ink used frequently rebelled.

Of course in this modern day of television and recording machines, some feasible system of note-taking should have surpassed the antiquated form of pencil and paper, but fellow sufferers remember: 'tis better to have a pencil and paper than a hammer and chisel.

For the trouble with the portable wire-recorder, even specially designed for lecture note use, is that it can be wiped out too easily and finally.

Note-taking is a necessary evil and therefore here to stay.

Gals and Seniors Top 'Brain' Poll in Potato State

UNIVERSITY OF IDAHO—The men were outsmarted by women again—and both have higher grade averages for the 1948-49 academic year than they did in 1947-48, statistics released by University of Idaho Registrar D. D. DuSault revealed.

University of Idaho women out-ranked the men by receiving an average of 2.69 out of a possible 4.00 while the men received an average of 2.41. In the academic year 1947-48, the women had a 2.66 average and the men had 2.40. The all school average for 1948-49 was up from 2.46 in 1947-48 to 2.47.

Highest honors by classes was held by the senior class with an average of 2.81.

'Flunk Insurance'

S.F. STATE COLLEGE—Journalism students are notorious for their abilities at taking an old idea and adding a new twist to it, but Alpha Phi Gamma, journalistic fraternity at San Francisco State college has come up with a real pip.

The latest wrinkle at State, it seems, is "flunk insurance." The rates are based on scholastic standing, the higher the grade point average, the lower the insurance rates.

SJS Faculty Numbers More Than 400

Largest faculty employed on campus in the college's 92 years will be on hand this quarter. Eighty new members have been added to San Jose State college this fall, bringing the total to over 400.

Fifty of the 400 faculty members are new and 30 are replacements for persons who have resigned, are on leave, or who have died.

Enrollment of 7800 is expected this quarter which is an increase of 800 over last fall's registration.

Administration

Miss Viola Palmer has been appointed registrar, replacing William H. Neal who resigned last May.

Seven members of the faculty on leave this year are Mrs. Evelyn O. Wennberg, art department; Dr. Roy D. Willey, education; Dr. Josephine Chandler and

Miss Louise Shoup, English; Wesley Goddard, modern languages, and Dr. James H. Clancy and Miss Ruth M. Daubenspeck, speech.

One faculty member, Miss Emily DeVore, retired from the education department last June.

Dr. Karl S. Hazeltine died last March and Guy G. George died recently.

New Faculty Members

New faculty members appointed to date are:

Art: David W. Curry, Mrs. Helene L. Hawkins, Robert E. Huffman, Miss Rito A. Freeland, William C. Randal and Miss Maria E. Stenzel.

Commerce: Edward W. Cundiff, J. Hugh Jackson Jr., Wesley E. Overson and Jesse D. Reynolds.

Education: Richard B. Lewis, Dr. William R. Rogers, Mrs. Grace Rowe and Dr. E. H. Staffebach, who is returning to the faculty after a leave of two years.

Engineering: Sherwood J. Brady and Carlton L. McWilliams.

English: Harry H. Crosby, Miss Mildred E. Jones, Perrin H. Lowrey Jr., and C. Ralph Westerman.

Industrial Arts: Angelo C. Centanni, Robert Johnson and Daniel C. Lopez.

Journalism: Marion O. Atkinson.

Library: Miss Virginia Harden, Mrs. Marion P. Kilpatrick, Bruce A. Munly, Miss LaFern Shields and Miss Ruth Thoenges.

Mathematics: Dr. Abram V. Martin.

Modern Languages: Miss Winifred Ferris, returning from sabbatical leave.
