### Students Must Make Up Cuts

By WARREN COFFEY

"On account of complications arising from the granting of excuses by the Health department for absences from classes on account of illness, that procedure has been discontinued," Dean of General Education Jay C. Elder stated.

"The decision to make the change at this time is a result of a request made by a representative student committee. The committee felt that those who did not come under the observation of the health department had no opportunity to obtain absence excuses, while those who did, were excused, resulting in an unfair situation," Dean Elder pointed out.

Students who miss classes on account of illness will be expected to make up the subject matter covered in the class on the days of absence and should make arrangements with the instructor as to the steps that should be taken to compensate for the work missed, the dean said.

Dean Elder said that if the instructor feels that the period of absence has been too long to warrant making up the work he may recommend that the course be dropped for the balance of the quarter.

The dean of general education warned, "Absence from classes for any reason will endanger the student's scholarship record and every student should endeavor to be present in all classes and maintain a good health regime and see that he keeps himself physically fit. He must assume responsibility for being present and participating in every class meeting. No cuts are allowed and no excuses will be granted."

### Seniors Plan Meet Today

Senior classmen at San Jose State college will start wielding the big stick this afternoon at 4:30 when they meet in their first regular meeting of the fall quarter. They will discuss Frosh counseling, Francis McMahon, Senior class president, announced.

The meeting is scheduled to be held in the Student Union, according to McMahon.

McMahon, who assumed office upon the resignation of Winter-Spring quarter-president-elect Dale Brown, stated that announcement of the Student Body general election will be made. New class officers, to be nominated Oct. 13, will be elected by Senior classmen on the announced date, according to McMahon.

### Council Names Barbara Gale

Barbara Gale, women's representative-at-large, was appointed Student Council representative to the Fairness committee at last Thursday's council meeting in the Student Union. Miss Gale is an Occupational Therapy major from San Francisco.

Appointment was also made for two council members, Vince Malone and Mary Lou Carli, to become members of the Student Union board. The appointments were made by Dave Down, ASB president, with the approval of the Student Council members.

### Enrollment Is 7281 Students In Fall Term

Final enrollment leveled off at 7281 students for the fall quarter at San Jose State college, according to figures released by Mr. Glen Guttormsen in the Business office.

Since 4 p.m. Friday was the last day for late registration, Mr. Guttormsen expected no further increase.

Two more SJSC non-veterans enrolled to bring the total to 4117, while J.C. non-vets number 996. Of the 1961 veterans still attending SJS, 1835 ex-servicemen are enrolled in senior college and 126 are veterans in J.C.

Of the limited students attending college, an increase of 40 persons swelled final tabulation in this department to 207 students.

### The Weather

More or less straight from the pedants atop Mt. Hamilton, but more directly from the front page of a local paper comes this cheery forecast: FAIR BUT COOLER. Cooler than last week, that is, which was -chuck full of balmy beach days but empty beaches, because we all hit the books the first week of school like we always do. Huh?

DEAN JAY ELDER

### Daily Reprints Obligations; Student Fairness System

A Bill of Student Obligations  
San Jose State College  
Adopted by the Student Council,  
May 9, 1949

By registering as a student at San Jose State college one takes upon himself certain obligations towards his fellow students, towards his instructors, and towards the larger community which makes possible the educational opportunities of this campus. Among these obligations are the following:

1. The obligation to become informed, so far as information is available, concerning the aims of the College, its traditions, its facilities, and its regulations.

2. The obligation to be fair in one's remarks about instructors and officers of the College, and about one's fellow students, quoting (if at all) accurately and in context, and criticizing only judiciously and on the basis of facts.

3. The obligation to protect the property of others and of the College against theft and undue waste or damage.

4. The obligation to study with reasonable application and faithfulness without permitting other tasks or excessive recreation to interfere.

5. The obligation to recognize that the attainment of grades, although important, is secondary to the main task of obtaining an education.

6. The obligation to cooperate with others in promoting the educational process by such methods as practicing consideration and good manners in the class room, cultivating an interest in one's studies, habitually becoming informed concerning the assignments, and performing them within whatever restrictions for independent work one's instructors may announce.

7. The obligation to take exam-

inations in accordance with the announced rules and without giving or receiving unpermitted aid.

8. The obligation, if one has knowledge of unfair behavior by another, to take some action, such as covering one's paper during an examination, talking directly with the person involved, or reporting him to the Dean of Men or the Dean of Women.

9. The obligation to promote student public opinion in favor of honesty in student work and in (Continued on page 2)

### Sprained Ankle Sends Mendonsa to Sidelines

By TOM MARQUIS and GLENN BROWN

The Spartans of San Jose State college scored a decisive win over the San Diego State college Aztecs in the Spartan stadium season opener Friday night.

Showing ability in both running and passing departments the Gold and White scored four touchdowns and made the final tally 26-0 in their own favor.

### Introducing the Spartan Council

Dave Down, ASB president. This 20-year-old engineering student from San Jose has taken

ASB PRES. DAVE DOWN

an active part in student government throughout his college career.

Some of Dave's positions have been: Sophomore class president, several class councils, Student Activities board chairman, Fairness committee member, Camp Miniwanca committee, Student Union board, Rally committee and Social Affairs committee.

The friendly 6 ft. 2 1/2 in. senior is a member of Delta Upsilon-Ion fraternity, Alpha Phi Omega service fraternity and the Blue Key honor society.

Dave is your president and is working hard to make the year's activities a success, so co-operate with him for a better student government.

### Aero Dept. Adds Course in Flying

A new aeronautics course, Aero 192A Instrument Flight Techniques, may be offered now according to Tom Leonard, aeronautics instructor.

The course will feature work with the Link Trainer. All interested students should meet today at 3:30 in the Aero Lab.

### Use of College Library Is Explained in Pamphlet

Students who have never used the facilities of the college library can obtain the necessary information as to procedure and location of materials in a pamphlet entitled "Know Your Library."

The library publication has been in use for some time and can be obtained at the main desk.

Each of the four subject reading rooms contains reference books, periodicals, pamphlets, and catalogues of special materials and collections. Indices in each room guide the reader in the location of periodicals in the particular subject field.

In the general reference room on the first floor of the main library are works on languages, literature, religion, journalism and the social sciences. Also here is the master index which gives the location of all periodicals.

Materials in the science room, also on the first floor, are concerned with the natural and ap-

plied sciences, home economics, commerce, business and industrial arts.

The education room, on the left at the top of the stairs, contains

### Student Catches Only Wrong Room

Dr. William Vatcher, instructor in political science, opened Friday's class with this announcement: "This class is International Relations of the Far East." Thinking the words were unnecessary, the class laughed.

Dr. Vatcher, answered quickly with the story of a student in the instructor's class last quarter who went into Final Exam week before he found out he was in the wrong class. The class laughed.

Then a student in the second row stood up, smiled and walked out.

San Diego's Aztecs played a first rate game and looked sharp despite being on the short end of the evening's score.

But San Jose was never in serious trouble and turned on a display of aerial prowess that should convince even the most skeptical sports fans that we have a top-notch passing-receiving combination right in our own back yard.

Menges' passing accounted for one touchdown and the Spartan quarterback proved his versatility by going over from the seven yard line on a bootleg play.

Wilson, the other end of San Jose's aerial combination, made even his misses look good. In the third quarter he took one of Menges' passes over for a touchdown, and all during the evening he was a constant threat to San Diego defensive players.

Other Spartans who looked especially good were Buddy Traina, (Continued on page 3)

### Freshman Adviser Calls for Meetings

Freshman group meeting will be held at the following times this week according to Mr. James Jacobs, freshman class adviser.

Tuesday, 11:30 a.m., Morris Dailey auditorium.  
Tuesday, 1:30 p.m., S31.  
Wednesday, 10:30 a.m., B25.  
Friday, 12:30 p.m., B92.

### Don't Park Here

Students must not park automobiles in front of the entrance to the construction area of the addition to the Women's gym, warns Mr. O. E. Anderson, contractor.

The entrance is on San Carlos street on the west side of the new building. If any cars are found parked there, a police tow car will be called to haul them away, Mr. Anderson advised.

## College Library Adds Books To Interest Many Students

By JOE SHEEHAN

A volume of 250 full-color photographs of the nation's finest historic homes is included among the latest additions to the college library. The title of the work, by Richard Pratt, is "A Treasury of Early American Homes".

The publishers comment that the "real historical monuments are the fine old homes that tell the story of our American people," rather than palaces, temples and cathedrals as in other countries.

In general, five periods are represented in the book of photographs. They are, Early Colonial, Georgian, the Greek Revival and American Provincial. Pictured are both the interiors and exteriors of such renowned structures as Jefferson's Monticello, Berkeley, and Carmel mission.

Book of more general interest are headed by "Catalogues and Counters" by Emmet Boris, recounting the history of Sears Roebuck & company. The giant chain department store and mail order house was the subject of a similar account in a national magazine recently.

A voice from a generation ago is Ted Shawn's "Gods Who Dance". The year of publication, 1929, indicates the time that has passed since Shawn and Ruth St. Denis were in the height of their popularity as the leading dancers in the country.

Marking a renewed interest in the works of Somerset Maugham is the appearance of "The Writings of W. S. Maugham: Maughamiana", by Raymond T. Stott. Volumes by Robert Penn Warren, George Santayana, Sherwood Anderson and Frank E. Hill add to the library's store of books by and about leading novelists, playwrights, poets and short story writers.

In the midst of the greatest anti-Communist fight in the history of the country comes the addition of "Condition of the Working Class in England in 1844" by Frederick Engels.

## B'nai B'rith Holds Meeting Tonight

B'nai B'rith Hillel foundation, on-campus Jewish youth center, will hold its first meeting of the fall quarter tonight at 8 o'clock at the YMCA, Third and Santa Clara streets.

A reception for new students will begin at 8 p.m., followed by a special program. Interested persons are invited to attend.

Students interested in joining the local Hillel chapter for the year's activities may do so at that time, according to Bernie Schorr, president.

## Gathering Held At Cheim Home

Members of the art faculty and their wives made new acquaintances and refreshed old at a gathering held Friday, Sept. 22, at the home of Mrs. Robert Cheim in Willow Glen.

The faculty members met their wives at the Willow Glen home following an afternoon business meeting. After refreshments, served buffet style, the group retired to the garden.

The newly welcomed art faculty members and their wives were: Mr. and Mrs. Nels Eric Oback, Mr. and Mrs. Benjamin Steiner, Mr. and Mrs. Donald Skoro, Mrs. M. Louise Haskin and Mrs. Mary Jean Alexander. Mrs. Evelyn O. Wennberg, returning from sick leave, also attended.

## Just Among Ourselves

It's like this, folks, we take what we can get. I know it's bad to have that front walk torn up at this time, but we asked for it

DR. T. W. MACQUARRIE

a long time ago, and got approval only the Friday before registration. The workmen were ready to go, so we said, "Go".

Same with the Arch. We asked for it more than twenty years ago, and year after year we were refused. Finally it got through, and we hoped it would be finished for the opening of school. But it isn't. However, it will probably be ready before the rains come, and you can then go to your science classes without getting wet, and that's one of the things we were arguing about. (It's a fire escape, too).

The Women's gym will be finished probably some time before Christmas. It's a fine building. I doubt if there is a better one.

It was a nice cool registration, wasn't it? Unusual!

## Commerce Dept. Enrolls 3600

The Commerce department began the fall quarter with 3600 students enrolled in 87 separate commerce courses. The department has 20 instructors.

Most of the commerce classes had to limit their enrollment because of limited numbers of machines or the limited seating capacity of the class rooms.

## Seniors to Sign

Today will start the week of senior sign-up for La Torre picture appointments.

A booth, located in the library arch, will be open from 9:30 a.m. to 3:30 p.m. every day of the week.

Angelo Butera will take the pictures again this year and will charge \$1.50 each for the prints.

## SJSC Graduate Will Head Florida Journalism School

Dr. Laurence R. Campbell, San Jose State college alumnus, class of '26, was recently appointed director of the School of Journalism at Florida State university. The announcement was made by Doak S. Campbell, president of the university.

Dr. Campbell was born in Batavia, Iowa, in 1903, was graduated from Fort Collins high school in 1922, and entered SJSC in September of the same year.

## Spartan Spinners To Sponsor Dance Tomorrow Night

Spartan Spinners, San Jose State college folk dance group, is sponsoring an open party for all folk dancers on Tuesday, Oct. 2, at the YWCA gymnasium. Dancing will start at 7:30 p.m. Spectators also will be welcome. Refreshments will be served during intermission.

A program of folk and square dances suitable for both beginning and advanced dancers will be presented, including "Cotton Eyed Joe", "Corrido", "Korobuchka", "Hambo", and "Russian Peasant Dance". Robinette Woodside, past president of Spartan Spinners, will show costume materials collected in Europe.

Dr. and Mrs. Carl Duncan will be in charge of the party, and Mrs. Sarah Wilson, Spartan Spinners' adviser, will be introduced.

### Obligations

(Continued from page 1)

opposition to all forms of unfairness.

Recommendations of the Fairness Committee

Approved by the President and Deans of the College

Any student knowing of unfair practices by another student should take some action. Possible actions include talking directly with that student, discussing the situation with other students, reporting details to student members of the Fairness Committee, or consulting with the Dean of Men or the Dean of Women.

Any student who believes an instructor has treated him unfairly in assignments or examinations first should discuss the matter with the instructor. If he is not satisfied, he then should consult with the Dean of Women or the Dean of Men. It is the Dean's privilege to refer the question to a special committee of investigation.

# Spartan Guns Too Much for SDS

## New Backs Flash Over San Diego

(Continued from page 1)

Gibby Mendonsa, and Arch Chag-anjian among the old-timers.

Transfers, on whom a lot will depend this year, proved they have the stuff it takes to keep the Spartans winning. Bob Amaral, sophomore end from Visalia, refused to be taken out on end plays and was in on a score of tackles. Orland DiCiccio, a Chaffey JC transfer, broke away for several long runs while operating from his halfback position.

Doyle Burnett, Stan Wachholz, Bob Osborne, Bob Sykes, and Frank Morris all showed winning form at their respective positions.

San Diego elected to receive after winning the toss and San Diego took up its defensive position in front of the north goal.

Art Preston took the first play from scrimmage for the Aztecs and went off tackle to his own 14. On the next play Bob Embrey went to the 32-yard line and a first down on a trap play.

The Aztecs threatened a short time later when Beck's punt from the Spartan 38 was partially blocked, and San Diego took over on their own 48. Preston powered through the center of the Raider line and picked up beautiful interference to reach the San Jose 35.

Seconds later a pass, Thompson to Embrey, gave the Aztecs a first down on the 21, and the same combination clicked to set the ball on the 9-yard line. At this point the Spartans bared their teeth and proceeded to stop the drive. A five yard penalty and heads-up pass defense by Wacholz were instrumental in this chore.

The first Spartan TD came with but three minutes and 15 seconds remaining in the first half. Starting from the SJS 34, the Raiders put on a 66-yard drive. A pass from Menges to Wilson carried to the 47, and then Menges, employing the split-T, scampered behind nice blocking to the San Diego 34. The Spartan line opened a large hole for Beck who carried down to the 2, and boomed over

### Men Still Needed In Marching Band

The San Jose State college marching band, which performs at football games, needs men, reports Mary H. Boyer, Music department secretary.

If any former members of the band can play at football games, they should see Robert Olson, director of bands, in Room 103 or B33 today.

Any non-music majors interested in joining the band should see Mr. Olson next week.

in two more plays.

Kluewer's conversion try was good and the score went to -0 in favor of San Jose.

Before the half had ended the Spartans were on the move again. Keith Carpenter, defensive center, recovered a San Diego fumble on the visitors' 28 shortly after post-TD kickoff. Menges faked a hand-off to Traina on the first play and then passed to the speedy back who carried to the 5. On a straight running play Traina went to the 2, and then Menges, faking beautifully, bootlegged to the weak right side and went over standing up.

Kluewer's conversion was good and the Spartans moved out in front 14-0 with 50 seconds remaining in the first half.

Shortly after the second half opened Bill Gallagher recovered an Aztec fumble on the San Diego 24. From that point the Menges to Wilson magic clicked again for 6 points. The conversion try by Kluewer was no good, and the score went to 20-0.

Halfback Doyle Burnett intercepted a San Diego pass in the fourth quarter and the Spartans took possession on their own 44. A 54-yard drive was climaxed when transfer Bob Sykes, on dazzling deception by Max Houlihan, went across untouched from the 12. Kluewer's conversion was unsuccessful and the game ended with the Spartans leading 26-0.

### Gymnastics Squad Loses 3 Lettermen

The woes of a gymnastics coach were sung by Ted Mumby today when he discovered but one letterman returning to the 1950 squad.

Among the missing from last year's team are Glenn Walthall, who received an appointment to Annapolis; Jim Melton, who transferred to Stanford; Art Yates, a recent victim of the draft.

Walthall and Melton were star performers on the rings, parallel bars and in free exercise. Yates was a doubles standout.

The sole remnant of last year's squad is Don Peckham, high bar star.

Coach Mumby is asking all gymnast candidates to report to his office in the gymnasium building.

Monday, October 2, 1950

SPARTAN DAILY 3

## Water Polo Prospects Report To Walker; Haussen Returns

Coach Charley Walker welcomed 15 varsity prospects for water polo this week, while 17 others reported for the frosh squad.

An unexpected turnout for the varsity was last year's captain, Fred Haussen, who was not counted upon in Walker's plans this

Two record holders of the Spartan pool also were among the players turning out. They are Don Lee, holder of the 1500 yard college swim mark, and Bob Hamilton, last year's 100 yard free style and 150 yard backstroke champion of the CC-AA and the current college record monarch 100 yard backstroke event.

Stanley Sonden, who was runner-up in the northern California junior college breast stroke event last spring, also will try his hand at water polo.

Two outstanding frosh candidates from Palo Alto high are Chester Keil and Taylor Hathaway. Keil was the top scorer in the PAL swimming meet, and the latter was all-PAL forward and the league's top scorer.

Other candidates for the varsity team are Fred Postal, David Millovich, Homer Lour, Richard Sebedeff, Harvey Like, John Hiberner, Glen Farnum, William Chang, Earle Hassell, Chesley Douglas, and Gerard Bright.

Among the freshman prospects are Doug Murray, Charles Mayhew, Walter Symons, Thomas Stannard, Byrom Smalley, Henry Down, Dave Merrick, Ray Kramer, Don Henrichsen, Charles Hoppe, Robert Filler, Keith Endersby, Don Wegener, Fred Alvord, and Jack Simon-ton.

## Trophy Won in Georgia By ROTC Pistol Team

For the third year in a row, the San Jose State college Army ROTC pistol team shot highest scores at the summer encampment and brought home the Provost Marshall General's trophy.

The five-man team, captained by Jack W. Croughan, scored over 1400 points to beat the nine schools represented at the Camp Gordon, Georgia, pistol meet. The other team members, were Arthur V. Ciambetti, Duane H. Miller, George L. Best and Walter A. Van Dekey.

Col. James J. Hea, professor of military science and tactics at SJS, was camp commander for all ROTC men at the Georgia base. According to Col. Hea, "When a team wins any trophy three successive times, the usual procedure is to give that team the trophy as a permanent award. Whether the Spartans will keep the award remains to be seen

since a new trophy is not available without congressional action."

During the summer, 39 Spartans were at the ROTC encampment. The six weeks training is part of the course required of a student before he may receive a military police commission.

Future officers are given field training in use of the pistol, riot gun, rifle and machine gun. Classes are also held to teach the men to be officers as well as to teach them to instruct others in the military sciences.

DR. ROBERT D. RHODES

## Dr. Rhodes Accepts Long Beach Position

Have you seen Dr. Robert D. Rhodes this quarter? This question is being heard with increasing frequency along the corridors of the Natural Science building these days.

The answer to this question is always the same and is always in the negative. Even Dr. "Desert Rat" McCallum has been casting a scouting eye about for someone

to replace Dr. "Death Valley" Rhodes as a sparring partner.

The many curious minds can find the solution to the disappearance of our well known biology professor through the explanation offered by Dr. Carl Duncan, head of the Natural Science department.

Dr. Rhodes, according to Dr. Duncan, has resigned his duties here to accept a position with Long Beach City college as a professor of biology there. His many new activities include his able assistance in setting up a natural science program for that college. It is also understood here that he stands a good chance of being named Dean of Instruction at this new state college now in its formative stages.

During his 13 years of teaching at San Jose State college, Dr. Rhodes has contributed much toward the team of Drs. McCallum and Rhodes in setting up our present series of biology courses. In addition to this, he has been an active figure in the West Coast Nature school. Many, of course, will remember him for his continued efforts toward creating a stronger interest in student activities.

We are convinced that the strumming of Dr. Rhodes' faithful guitar will attract a considerable student following on any college campus much the same as it did during his time with us.

## US Army Calls Two Graduates Of SJS French Department

The long arm of Uncle Sam reached into Barron-Gray cannery this summer and whisked way two San Jose State college June 1950 graduates.

Bill Adams, Redwood City, and Jim Fortney, Gridley, both French

majors while in school, were called to active duty in August and left for Camp Rucker, Ala., on Sept. 11. Both are being trained for military intelligence.

Adams and Fortney, both veterans of World War II, joined the reserves last winter with the hope of making use of their knowledge of language.

They were working in the cannery this summer and had hoped to continue their educations. Adams planned to follow a career of law, and Fortney wanted to become a teacher.

While at San Jose State college both boys were members of the French Honor society and served as presidents. Adams was also affiliated with Pi Kappa Alpha fraternity.

## Caputo Gets Job

James Caputo of San Jose, a 1950 graduate of San Jose State college, has joined the promotion and advertising department of the Associated Oil company. He is a past president of the college chapter of Alpha Delta Sigma, national advertising fraternity, and was active in student affairs during his college career. He will be employed in the San Francisco offices of the company.

# STUDENTS! MAKE MONEY WRITING LUCKY STRIKE "HAPPY-GO-LUCKY" JINGLES!

It's easy! It's fun! No box tops to send! No essays to write! Just write a simple four-line jingle, and you may make \$25! Start today!

Write a "Happy-Go-Lucky" jingle, like those you see on this page, based on some phase of college life. If your jingle is selected for possible use in Lucky Strike advertising, we will pay you \$25 for the right to use it and your name in our advertising. Start today. "Happy-Go-Luckies" will soon be running in your paper. Send in your jingles—as many as you like—right away, and \$25 can be yours pronto if your jingle is chosen. Be the first to write a jingle in your school. Watch this paper for more "Happy-Go-Luckies."

### READ THESE SIMPLE INSTRUCTIONS

1. Write your "Happy-Go-Lucky" four-line jingle on a plain piece of paper, or postcard, and send it to Happy-Go-Lucky, P.O. Box 67, New York 46, N. Y.

Be sure your name, college and address are included—and that they are legible.

2. Every student of any college or university may submit jingles.

I really am a Lucky guy.  
Just got my Ph. D.,  
To prove to you how much I know,  
L.S., sir, means F.T.

I study French and English lit,  
I study Latin too,  
But words that I like best to hear  
Are Lucky Strike, don't you?

## Be Happy-Go Lucky!

Enjoy truly fine tobacco! Enjoy perfect mildness and rich taste!

## L.S./M.F.T.-Lucky Strike Means Fine Tobacco
