Friday Is Deadline At Book Exchange

Students who wish to collect their books or profits from the book exchange must do so by Friday at 4 p.m., according to Tom Lambert and Bill Alman, book exchange co-chairmen.

Unclaimed profits will go to college service funds which are jointly administered by the APO and the Student Council.

Style Show Highlights Big-Little Sister Tea

A fashion show presenting 1950 styles for college women will highlight the Associated Women Students' annual big-little sister tea this afternoon at 4:30 in the inner quad. AWS council members urge all new women students to attend.

Miss Marilyn Russell will comment on the fashions to be shown. Miss Gerrie Lopes will give a monologue, and Miss Joyce Malone, a pantomime. Miss Helen Dimmick, dean of women, and Dave Down, ASB president, will welcome the guests with brief talks.

A tea is given each quarter for the purpose of acquainting new women students with the AWS and with their assigned "big sisters", according to Mrs. Izetta Pritchard, AWS adviser, but greatest emphasis is placed upon the autumn tea. Eight-hundred women attended the tea last fall, she said.

The AWS was organized to develop women's social and service activities and to strengthen their relationships with the college. All regularly enrolled women students purchasing ASB cards automatically become members of the AWS, Mrs. Pritchard said.

During the school year, the AWS sponsors social activities which include the Heart's Delight dance, the March Melodies, and a spring fashion show. The organization maintains the AWS lounge on the campus, and publishes the Campus Compass, a guide for new SJS students.

The AWS is a member of the Intercollegiate Associated Women

Profs Accept State Ruling

Spartan Daily

SAN JOSE STATE COLLEGE

Vol. XXXVIII San Jose, California, Thursday, October 5, 1950 No. 6

SJS Teachers Favor Signing Loyalty Oath

San Jose State college President, Dr. T. W. MacQuarrie, two department heads, and several faculty members contacted by the Spartan Daily yesterday expressed their willingness to sign the loyalty oath signed into law by Governor Earl Warren.

Signers must swear within 30 days they do not belong to a subversive group and they do not advocate violent or unlawful overthrow of the government.

They also must list subversive organizations to which they have belonged in the past five years. Failure to sign will cut them off the payroll.

Dr. MacQuarrie stated that he didn't feel that any members of the faculty would refuse to sign the oath. "I have been signing these things all my life," declared Dr. MacQuarrie. "I will gladly sign it again."

Head of the Natural Science department, Dr. Carl Duncan, declared:

"I haven't seen the oath yet and cannot express myself for or against this specific one. However, I feel that any loyal American citizen should not hesitate provided the matter is free from improper pressures. I doubt whether a general oath of this kind is the real means since a communist would also sign it; therefore, proving nothing. On a basis of pure loyalty I would definitely sign it."

Mr. L. C. Newby, head of the Department of Modern Languages, stated:

"Anything that we can do to counteract the pernicious communist propaganda should be done. I shall be very willing to sign."

Mr. Owen Broyles, economics professor, made this statement when contacted:

"I am in complete accord with Judge Harold Medina when he says 'We have got ourselves into an ungodly mess in an effort to catch a few subversives'. The emphasis on oaths represents the usual attempts to get security through promises.

The oath will serve some purpose in that it requires a listing of membership in any known subversive organization during the past five years. Names of definitely subversive individuals could be made known through this provision."

Natural Science department professors lined up solidly behind their department head.

Dr. Albert Schmoldt said: "Yes, I'll sign it, but it's a redundancy. We've already signed an oath when we came to work here."

Dr. A. L. Williams said, "Sure I'll sign it, but I am afraid communists would sign it, too."

Dr. H. M. Clark said: "I'll sign it, but I don't think it will catch any communists."

Dr. Bert M. Morris said: "Sure, I'll sign it."

Campus Chest To Do Choosing

The choosing of delegates to the WSSF convention at Stanford Oct. 14 and 15, will be left to the discretion of the Campus Chest committee, according to action taken at Tuesday afternoon's Student Council meeting in the Student Union building.

The committee also reported that at Friday's meeting with campus service organizations the goal of the Campus Chest drive was decided. A goal of \$2500 was set, \$1800 for the San Jose Community Chest drive, and the remainder to be divided equally among other charities who usually conduct separate drives on the campus each year.

The chairmanship of the committee will be given to the Black Mask organization for this academic year. The chair is to rotate among the organizations taking part in the drive.

Tax Raise Hits SJS Teachers

Faculty members and college personnel will "contribute" approximately \$3000 more to the U.S. Treasury coffers next pay day, Nov. 1.

The new income tax boost voted by Congress affects wages earned as of Oct. 1, and will raise payroll deductions from 15% to 18%.

According to Mr. Glen Guttormsen, in the Business office, the average SJS check will be depleted about \$6 or \$7. Some faculty members in the higher wage brackets will be paying an additional \$20 or \$30 per month. Guttormsen said that those with fewest exemptions will be hit hardest. Total deductions from the college payroll normally amounted to about \$16,000. They are expected to reach \$19,000 with the new tax ruling in effect.

Vet Payment Plan Helps Card Sales; Funds Still Won't Support Activities

Veterans have purchased 57 student body cards under the new payment plan, according to the Graduate Manager's office. Regular student body card sales have reached 4500 to date. This is considerably less than the 6000 cards needed to be sold in order to support college activities.

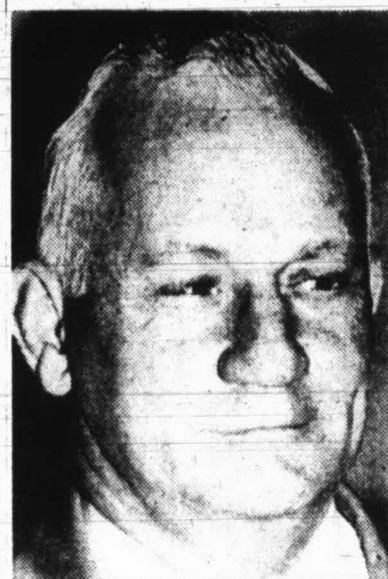

The special cards now available to veterans will not become general policy due to the increased amount of paper work involved. The Student Council voted in the new plan to assist veterans in purchasing student body cards. It will not be extended to cover the general student body.

Wives of veterans may purchase student body cards for \$9. They are entitled to all privileges generally accorded card holding students but may not vote in student government elections nor are they entitled to the Health plan or facilities of the health cottage, the Graduate Manager's office said.

Several Teaching Jobs Now Open

Several openings in engineering, secretarial and teaching fields are now available according to information received from the Placement office.

The teaching positions include elementary schools in San Francisco as well as 29 grants made available by the State Department for citizens to teach in American sponsored secondary schools in Greece, Turkey and Egypt.

DR. CARL D. DUNCAN

Lease Slates Oratorio Audition

Students who want to sing solo parts in one or both of two Christmas oratorios to be sung here should audition Monday afternoon at 3:30 o'clock in Room M5, Music building, according to Mr. Gus C. Lease, director of the choral ensemble.

Bach's Christmas oratorio and Saint-Saens' Christmas oratorio are the compositions to be performed. The first will be presented near the Christmas season; the latter will be recorded.

The Weather

Neglecting our favorite rose-tinted sextant, we (UP and me) regret to inform our many readers (two bartenders, a lady called Lou, and a cocker spaniel) that the weather today will be nauseous. Maybe drizzles in the morning and then again maybe not; but it might clear in the afternoon. High will be around 72. If it hits 76, sell!

Travelaires to Sing Tonight

"The Travelaires", a professional barber shop quartet, will perform at tonight's Santa Clara game rally at 8 o'clock in the Morris Dailey auditorium, according to John Piotti, assistant chairman of the Rally committee.

Organized and directed by "Ozzie" Palos, former San Jose State college student, the quartet has just finished an eight-week stand in Yosemite park. The group specializes in barber shop ballads and is donating their time for the rally.

A comic monologue by Ed Hayden, SJS student, will also be one of the featured attractions. "Ed puts on a good act," states Ed

Dickinson, co-chairman in charge of the rally.

San Jose State college yells will be led as part of the rally. Yell leaders will be present in their game costumes and will lead the majority of the yells.

A famous girls' trio has been contacted to perform for the Santa Clara rally, but no definite word has been received on acceptance. According to Piotti, the name of the trio can not be released for ethical reasons.

Also on the agenda will be yells led by Masters of Ceremonies Dickinson and Piotti. "When we lead a yell, it'll be Geo-o-orge all the way," stated Piotti.

First presentation of the song "Now and Then", written by Spartan Fred Cooper, and Dick Weigum, will be one of the highlights of the evening. The selection will be sung by Doris Tyler, SJS student.

"We are looking forward to a large crowd for this rally and hope that all students who can possibly attend will be there."

"More work has gone into this rally than any in my experience and should be a tremendous success and, we hope, a good send-off for the football team on its first introduction of the year to the student body," Piotti predicted.

'Checkmate' Fans Meet Tomorrow

A Chess club is being started on campus, and all interested persons are invited to a meeting tomorrow in the Student Union at 4 p.m., according to Les Talcott, club president.

Planning of tournaments and team matches and of the organization of the club will be the main purpose of the meeting, Talcott reported.

At the first gathering last Friday, Talcott was elected president; Elmo Innocenti, tournament director, and Jerry Slavich, San Jose city champion, secretary.

Inter-scholastic matches are planned by the group. Mr. Francis N. Crofut, industrial arts instructor, is the faculty adviser.

United Press Roundup

Gov. Earl Warren Signs Bill Demanding Loyalty Oaths

SACRAMENTO, Oct. 3—Governor Earl Warren yesterday signed into law a bill requiring loyalty oaths from civilian defense workers and public employees, and immediately took the oath himself.

The act, approved last week by the legislature, will require 300,000 public employees, and up to 1,000,000 defense volunteers who would be recruited in an emergency, to swear that they are not members of any subversive organizations.

The public employees have 30 days from today to take the oath, or have their pay stopped.

SACRAMENTO, Oct. 4—The California Highway commission today announced its plans to spend \$78,808,500 in the 1951-52 fiscal year in improving 4712 miles of road in the state.

The improvements will range from a \$6,000,000 freeway job in Los Angeles to minor surfacing projects.

Road improvements in Santa Clara county will total \$1,917,000.

HOLLYWOOD, Oct. 4—Harry Crosby, 80, father of crooner Bing Crosby, died this afternoon shortly after the California Highway patrol issued an all-points bulletin to find Bing, who was motorizing from Monterey, Calif.

The elder Crosby was stricken with a heart attack this morning at his North Hollywood home.

WASHINGTON, Oct. 4—A convention under the auspices of the Association of Land-Grant Colleges and Universities will draw some 600 college presidents to this

city next month.

The group will gather to discuss national defense and manpower.

MARYSVILLE, Calif., Oct. 4—James Roosevelt said today he agreed with his mother that thought should be given to legalizing gambling. But he said he was "unalterably opposed" to a legalization proposal on the California ballot this November.

Mrs. Eleanor Roosevelt said in her syndicated column that "perhaps it would be better" to legalize gambling and tax it heavily. She said a gambling scandal in New York showed "how difficult it is to prevent people from doing what they want to do."

SJS Graduate Suffers Wounds in Korean War

Distinguished Military Student and Graduate Patrick E. Parkes, who has been serving as a second lieutenant with the 2nd Infantry division in Korea, is reported by his wife to be in a hospital in Japan recovering from wounds suffered in battle.

Parkes, a 1950 San Jose State college graduate, was wounded three times by shrapnel during a month of fighting on the Far Eastern battlefield. Mrs. Jewel Parkes said, He was first injured on Sept. 14, when a grenade burst blew shrapnel into his face. He continued fighting, however, and was later hit in the hand by additional shrapnel.

Still remaining in the front lines, Parkes was again injured on Sept. 16 as three pieces of shrapnel tore into his left leg. The last injury sent him to an army hospital in Osaka, Japan, where he is to stay until the wounds have healed.

At San Jose State college Parkes was enrolled as a police major, and was active in the Army ROTC program. He won the title of Distinguished Military Student as well as Distinguished Military Graduate for his outstanding ROTC work and scholastic ability.

He served as captain of the pistol team during the 1949 officer's training encampment at Camp Hood, Tex. While there Parkes was known not only for his excellent marksmanship, but for leadership as well.

Upon graduation in June, 1950, Parkes was awarded a permanent commission in the Military Police corps of the U. S. Army as a second lieutenant. However, he was immediately detailed to the infantry for a period of two years to gain troop experience—a requirement which sent him to Ft. Lewis, Wash. and then to Japan and eventually Korea.

For the injuries suffered in

Health Dept. Seeks Registered Nurse

A registered nurse for part-time work in the San Jose State college student health cottage is currently being sought by Miss Margaret Twombly, director of the SJS Student Health service.

Miss Twombly stated that the position would call for a person to work two eight-hour shifts a week. One would be a day shift from 3 to 11 p.m., while the other shift would be at night from 11 p.m. to 7 a.m.

Mrs. Ben Smith formerly held the position but resigned because of her recent marriage.

fighting, Parkes was awarded the Purple Heart and has been notified that he is eligible for two Oak Leaf clusters and possibly the Bronze Star. He will not be able to return home, Mrs. Parkes said, but will remain in the Osaka hospital until his recovery.

Another distinguished military student and graduate of last year, Second Lieut. Don Larson, also is known to be in Korea at the present time. He is a friend of Parkes, and both men received their commissions at the same time.

Larson though, was sent to Camp Stoneman, Calif., for a brief period and then on to Yokahama, Japan, where he has been most of the summer. His wife reports that he left Japan two weeks ago for Korea, but remained aboard ship for one week in the port of Pusan, and from there moved inland into Korea.

Quartet Performs Tonight

"The Travelers", who will perform tonight at the rally in Morris Dailey auditorium. The group was organized by "Ozzie" Palos (far left), former SJS student. Palos was formerly a member of "The Hearts' Delighters", judged the second best male quartet in California.

Just Among Ourselves

By Dr. T. W. MacQuarrie

The city of San Jose should subsidize fraternities. They take old, disreputable, smelly buildings, and slick them up so their builders wouldn't recognize them. I've been passing two unpleasant places for years, and wished something would happen to them. Suddenly they have taken on a new look. They are clean, well-ordered, attractive. They add much to the appearance of the community. (Those poor neophytes—must have tough masters in those organizations.)

The new arch—several people have asked me why we didn't have a passage on the ground level.

The point was argued. The engineers found that practically everything was out of line—floors, roofs, hallways, bearing pillars—and the ground wouldn't hold a heavy arch. One of the architects told me that they had never met a more baffling problem. So we took what we could get, and it does satisfy the fire marshal—his royal highness!

There was talk about an outside stairway, too, but it would have thrown the arch off center or reduced its size. Also it would have been a hang-out for pests, and it would have required two more outside doors to lock. I hope it is finished before the first rain.

(My, how this year is flying, just 34 more weeks!)

Parkers Face Citation Issue For Violation

The Dean of Men's office will notify the San Jose Police department when anyone parks in the area reserved for disabled veterans on S. Seventh street who has no permit, according to Miss Bernice Van Gundy of that office.

There are seven parking spaces reserved for 13 disabled veterans and when inconsiderate students park there, it places a hardship on the veterans that have permits to park there, Miss Van Gundy said.

Martinez Speaks On Mission Work

Mac Martinez, prominent boxing figure at Washington square who spent the summer doing missionary work in Guatemala, will speak before a meeting of Collegiate Christian Fellowship at 12:30 p.m. in B67 tomorrow.

Martinez is well known to students at San Jose State college for his accomplishments in collegiate boxing for the gold and white. At present, he holds both the National and Pacific coast championships in the 125 lb. class.

All persons interested in hear-

Ex-SJS Co-ed Loses Spouse; Shoots Self

Mrs. Hilda M. Roy, 36, a student at SJS this summer, lived on hope for eight years. Monday, Oct. 2, this hope expired and Mrs. Roy shot herself fatally at her home in Berkeley.

Eight years ago the Navy department informed Mrs. Roy that her husband of six weeks, Lieut. William C. Roy, was missing on a submarine patrol. His submarine, the USS Grayback, had been sunk by the Japanese.

Mrs. Roy had a son some months later. She held patient vigil for her husband's return.

Three years ago she saw her husband's image so clearly in a dream that she suspected some significance, so began visiting a fortune teller. The clairvoyant nurtured her apparition further.

Finally Mrs. Roy's parents refused to give her money to see the fortune teller. They decided to send her to SJS to renew her teacher's credentials thinking perhaps the change might do her good.

Mrs. Roy attended school here this summer. Then, still thinking her husband to be alive, she returned to Berkeley.

Monday, Oct. 2, she was found dead in her basement.

Vet Records Due

Miss Edith Graves of the Veterans office asks all California Veterans to bring in their book and supply estimate and attendance records to Room 32 by Friday, Oct. 6, 1950.

ing Martinez speak are welcome to attend the meeting, according to Marianne Johnson, missions chairman of CCF.

Announcements

Newman Club: Open house at Newman club tonight after the rally. There will be dancing and refreshments.

Wildlife Conservation: Today, 4:30 p.m. meeting in Room S210. Anyone interested in conservation welcome.

GAX: Meet tonight at 7:30 o'clock in Spartan Daily office for short meeting.

Radio Guild: Election of officers in Room 165C today at 3:30 p.m.

Delta Sigma Phi: Rushing committee meet at the house today, 3:30 p.m. for a "second wind" meeting.

CCF: Dr. Belshaw will speak today in S31 at 12:30 p.m. "What Christianity Has to Offer You" is his topic.

Phi Upsilon Pi: 2:30 p.m. meet tomorrow in chem. building.

Engineering Society: Meet in Student Union tomorrow night at 7:30 p.m. Mr. Larry Hemphill from the local G.E. plant is the speaker. All engineering students welcome. Refreshments will be served.

Students: Bus drivers needed for field trips. Pay is \$.75 an hour. Chauffeur's license required. Contact Barbara Curtis at Natural Science department office.

Newman Club: Business meeting at 7 o'clock tonight in Newman

hall.
WAA Hockey: Meet at Women's gym today at 4:30 p.m. Attendance is required at each practice.

Delta Phi Epsilon: All members meet today at 3:30 p.m. in B7.

Pi Nu Sigma: Will discuss election of officers today at 11:30 a.m. in B72.

Occupational Therapy Club: Potluck dinner meeting today, 5:30 p.m. at barbecue pit near Women's gym.

Cuttin' Capers

By FERMO CAMBIANICA

Glancing through the sports pages of the various newspapers from day to day, one can't help but realize the ignorance of a few of the so-called sports writers who don't know what is going on around them.

Take for example the story written by some gent named Ray Haywood of the Oakland Tribune in last Saturday's edition. It seems that this character doesn't even know what is happening outside of the city of Oakland.

His pre-game story of the Stanford-USF encounter appeared on page one of the Tribune Saturday. Mr. Haywood uses almost a whole column explaining how bad Stanford is and how good the Dons are. However, the part that gets my goat is:

"On the other hand, the Cardinals (trade name for Stanford) were highly unimpressive as they won their opener against San Jose State, a neighboring institution which specializes in teaching prospective teachers the ways of the world's children."

I'm just wondering what Mr. Haywood will think when his boys, the San Francisco Dons, take a beating from the Spartans in November. (It can happen. All we have to do is stop Ollie Matson and the passing of Ed Brown).

Don't take the Santa Clara Broncos too lightly this weekend when they meet the locals at Spartan Stadium. Although they were handed a couple of decisive defeats by the California Bears and the Rice Owls, the visitors may prove to be a tough bridge to cross.

They want to regain some of their lost prestige, and a win over the Spartans would not do them any harm.

Losing to the Bears and the Owls is nothing to be ashamed of as Cal is one of the favorites in the Pacific Coast Conference race and the Owls have lately been one of the leading teams in the Southwest.

The Broncos have a good quarterback in Johnny Pasco, with

other capable backfield men such as Bernie Vogel, Fran Hare, and Jack Kaplan lending a hand to the Santa Clara cause. However, another outstanding performance by Spartan Quarterback Gene Menges Saturday night might be too much for Dick Gallagher's boys.

Another outstanding game this weekend will be staged at Seattle when the UCLA Bruins and the Washington Huskies tear into one another. This game may have a lot of bearing in the final PCC standings. The Bruins are again the surprise team of the conference, while the Huskies' 28-13 win over Minnesota raised a few eyebrows, one of the few exceptions being Glenn Brown, Spartan Daily sports writer, who guessed the exact score in Friday's Spartan Daily.

Both teams have an all-American candidate in End Bob Wilkinson and Fullback Hugh McElhenney of the Westwooders and Huskies, respectively. Wilkinson has been doing double duty lately, playing offensive end and safety on defense, while McElhenney has been running wild so far this season.

Cross Country Members Hold Informal Meet

Coach Don Bryant of the Spartans' cross country squad announced that veterans Frank Johnson and Dore Purdy will captain the two teams which are to compete in an informal meet at 4 p.m. tomorrow on the Spartan Stadium course.

Returning from last year's harrier squad are Dan Sawyer, Al Weber, Bob Weber and Purdy. Some of the more noted newcomers to SJS cross country are Johnson, who has competed for the San Francisco Olympic Club and Long Beach city college; Elwyn Stribbuis, State prep mile champ two years ago; Paul Bowen, PAL prep mile champ and Paul Flanagan, two-miler from Napa.

Meanwhile, prospects for next spring's track team are working out daily at the Spartan field and Coach Bud Winter stated that an intra-squad meet will be held soon.

Among those working out are George Mattos, college record holder in the pole vault; Owen Moore, outstanding quarter miler; Ruben Derrick, half mile ace and broad jumper Jim Council.

COP Will Conform To Coast Rulings--Next Year, Though

The Pacific Coast Conference's threatened ban of the College of Pacific may be all off as COP officials announced yesterday they will conform to PCC athletic eligibility rules by next year.

Dean Edward Betz, who is also the faculty athletic adviser, stated that the decision was reached without pressure from the conference.

"From now on, no more Stockton college sophomores will play on the Pacific varsity while eligibility and transfer rules will soon be amended to conform to PCC regulations," Betz said.

Earlier this week Commissioner Victor Schmidt, PCC arbiter, had sent a letter to conference schools notifying them that the Tigers were following a 15-year practice of using players from Stockton college on the Pacific varsity. Actually Stockton college represents the freshman and sophomore years of College of the Pacific's four year term.

TD Club Luncheon Hosts Grid Heads

A luncheon honoring the San Jose State college and Santa Clara university coaching staffs and team captains will be held at the Hawaiian Gardens today at 12:15 p.m.

Prep stars of the week will also be hosted at this gathering.

Jules Bozzi, president of the TD club, is extending a cordial welcome to anyone who wishes to attend.

The Saturday night grid contest will mark the second athletic meeting between the two schools since athletic relations were renewed in 1949.

Menges Eighth Best Passer; SC 'Vows' Win

By 'ROD' RODRIGUES

Saturday night's 'big' game clash between the Spartans and Broncos will feature the passing wizardry of two of the nation's top aerial artists in the persons of San Jose's magician, Gene Menges, and Santa Clara's Johnny Pasco.

Statistics released this week by the National Collegiate Athletic Bureau show both Menges and Pasco to be among the top 20 of the nation's leaders.

Menges ranked eighth in total offense with a 364 yard total in 54 plays and ninth in passing, compiling 342 air yards with 21 completions out of 42 attempts and two touchdowns. His passing yardage ranks fifth in the country.

Pasco ranks 16th following only Don Heinrich of Washington (and Menges) on the West coast. The Santa Clara field general has pitched 20 completions for 212 yards.

Wilson Rated

Glue-fingered Billy Wilson, brilliant Spartan end, and Menges' favorite battery mate, also ranks high among the country's pass receivers. Wilson has glommed on to eight heaves for 167 yards and two TDs. He rates second on the coast and 13th in the nation.

The 1936 and '37 teams earned Sugar Bowl victories and the 1949 eleven won the Orange Bowl championship. The 1949 Spartans also were Bowl champs defeating Texas Tech 20-13 in the Raisin Bowl.

With the Santa Clarans yet to cop their first win, the pressure is very heavy. Defeated 27-9 by California and 27-7 by Rice, the Mission towners have got to take the Raiders into camp.

Next week they meet potent, Rose Bowl bound Stanford. A vic-

tory must be salvaged somewhere, and it's got to be right here against the Spartans.

Spy reports have it that the Bronco varsity squad held a secret meeting Monday night without the knowledge of the coaching staff, college officials or student body.

They vowed not to let the university down again, vowed to emerge from the Saturday night encounter with a victory.

Vows or not, the Mission men will be tough to beat regardless. They want a win so bad they can taste it, especially over San Jose, even if they have to resort to Stanford tactics of making vows for victory.

As Mike Welds, Santa Clara's publicity director, puts it: "Both schools are very close athletically as well as geographically, with very little to choose between them. Recent basketball and baseball games and last year's football game proves how athletically even both colleges are. You would have to flip a coin to predict the outcome of a game between two colleges such as these, they are so much on par."

Football experts, remembering last year's last minute surge by the Broncos and also the upset-minded play of the Spartans, have rated the game a toss-up. Anyway, with so much at stake for both squads, it's going to be a very interesting game.

Football Deadline Tomorrow Noon

Tomorrow is the last day to sign up for the two intramural touch-football leagues, according to Coach Bill Perry, in charge of intramural sports. No teams will be allowed to compete if their applications are turned in after the deadline at 12 noon tomorrow.

The limit for each team is 15 men, with six men playing in the game at one time instead of the regular 11 men. There will be two leagues, the fraternity league and the independent league.

The frat teams will play all their games at Rose Gardens, while two playgrounds to be announced soon will be used by the independent squads. Games will be played on Mondays, Tuesdays, Wednesdays, and Thursdays at 4 p.m.

The Tijuana Terrors, a dark-horse entry in the independent league, is the latest team to turn in its application. Coach Jerry Thomas stated, "With all-Pacific Coast Tackle Bill Chambers, formerly of UCLA, on our side, how can we lose."

Engineering Graduates Find Ample Positions

Prospective engineers studying for degrees at San Jose State college, need have no fears about scarcity of jobs if last summer's placement is any indication of future employment situations, Dr. Ralph J. Smith, engineering department head revealed today.

In June, 38 men were graduated with BS degrees in engineering

and 10 received AB's in Industrial Technology. Of the total 48 graduates, the engineering office has records of jobs being held by 42. One of the remaining six has been attending summer school in Mexico, and the rest have not been heard from.

"When word is received from the rest of the students," Dr. Smith said, "I hope to hear of 100 per cent job placement. San Jose State college is definitely becoming recognized by organizations employing engineers. The fine records turned in by our graduates on the job vouch for the college and make the demand for our students high. In the future, I think the demand will be even greater."

June graduates hold a great variety of jobs. Some men are now working at positions such as assistant to the plant engineer at Libby, McNeil & Libby, radar technician for North American Aviation, and design draftsmen for Westinghouse, while others are in training for future jobs.

Types of training include sales engineering for Singer Sewing Machine company, overseas communications field engineering for Philco Radio corporation, and sales work for the Peerless Pump company.

Seniors Prepare Post-Game Hop

Saturday night's after-game dance and mixer will be held in the Student Union and the Newman club building on Fifth street, Fran McMahon, Senior class president announced today.

Senior class members will sponsor the event which begins after the San Jose-Santa Clara game.

Price of admission to each hall is 35 cents a student, McMahon stated.

Although a combo might be available, McMahon said, "the newest records will be used to accompany dancing."

WELCOME, STUDENTS!

Dean Dimmick Enjoys Tour To Northwest

Miss Helen Dimmick, dean of women at San Jose State college, enjoyed a 12-day motor tour of the Northwest and Canada during the summer months. Included in the itinerary, made with a friend, were the Grand Tetons, Wyoming, the Jackson Hole country, Yellowstone, Glacier park and Canada.

Leaving California, Miss Dimmick and her friend made a first visit to the Grand Tetons. It was the dean's second trip to Yellowstone and Canada. Across the northern border for three hours the two women visited Waterton lake.

The return trip took them through Montana, Salt Lake City, Las Vegas, and into Los Angeles. Miss Dimmick stated that she didn't have much time to enjoy the latter part of the trip "because it was so hot." The weather otherwise was favorable, she stated.

After short visits with friends in Los Angeles and Santa Barbara, the dean returned to her college administrative duties in San Jose.

Industrial Arts Majors and Minors Hear MacQuarrie, Sotzin, Peterson

An Industrial Arts indoctrination meeting for all majors and minors in the department was held Tuesday morning in the Industrial Arts court. President T. W. MacQuarrie was guest speaker.

Members of the staff were introduced to the new students by Dr. Heber A. Sotzin, head of the Industrial Arts department. Mr.

Goodwin Peterson, assistant professor, spoke for Epsilon Pi Tau, Industrial Arts national honorary fraternity.

Ed Geritz, co-chairman of the newly formed Industrial Arts club, a general department organization, outlined plans for a club barbecue Oct. 12 on campus. Cornelius Maloney, co-chairman with Geritz, called the meeting to order.

The business of the meeting was preserved through the medium of a tape recording which can be played back for the benefit of those students who were unable to attend. Another general meeting was set for the near future.

Mr. Derward Burbank, assistant professor of industrial arts, initiated Tuesday's meeting.

meetings as chairman of the student division of the CWME.

Dr. L. Downey Attends Meet In San Diego

Dr. Lyle W. Downey, head of the music department here, is attending the California - Western Music Educators association's planning conference in San Diego. The group has met to formulate plans for the association's meeting in that city next spring.

While in San Diego, Dr. Downey also will attend a meeting of the heads of the music departments of California state colleges.

Miss Elizabeth May, member of the music department faculty here, will attend the planning conference's Friday and Saturday

SJS Librarians Attend Meeting

Library staff members Miss Maude Coleman and Mrs. Grace London will attend a meeting of the northern California chapter of the Music Library association Saturday at the San Francisco public library.

First on the order of business at the session will be a report on a national meeting of the association in the East recently. Chapter President Edward Colby, music librarian of Stanford university, will deliver the report.

Art Class Designs Blood Drive Cards

Miss Marian Moreland's commercial art class Friday began making posters for the Santa Clara Valley Blood Center drive.

The posters will be placed in downtown windows and office bulletin boards in an effort to increase blood donations. The blood is needed for Korean servicemen and other emergency uses.

The Public Information committee of the Red Cross enlisted the help of the students. Prizes will be awarded for the best posters, according to Miss Moreland.
