Oxford Students to Debate On Middle Eastern Question

John Peters and Patrick Mayhew will represent Oxford university at the debate to be held Monday at 8 p.m. in the Concert hall.

The topic for debate is "In the opinion of this house the British have mishandled the Middle East." Oxford will take the negative.

John Peters, 24, was born in Surrey and is a direct descendant of a family of Huguenot emigres who practiced medicine in Canterbury from the reign of Charles I to that of George II. He attended Downside school and Balliol College, Oxford.

Reading Latin, Greek, ancient history and ancient and modern philosophy are of special interest to Peters, who hopes to become a civil servant. His student activities include the presidency of Oxford Union society for 1953. During the war Peters served as a lieutenant in the Royal Army Education Corps, serving in Germany.

The second debater, Patrick Barnabas Burke Mayhew, 24, is a direct descendant of Edmund Burke, and the great-grandson of Viscount Goschen, Chancellor of the Exchequer from 1886 to 1891.

Mayhew was educated at Tonbridge school and Balliol College, Oxford. He is working for a law degree.

He also was president of the Oxford University Conservative association and the Oxford Union society in 1952. Mayhew served in Germany and Tripolitania during the war as a lieutenant in the Royal Dragoon Guards.

PATRICK MAYHEW

Theme Chosen For Parade

"Circus at Sparta" is the theme for the 1953 San Jose State homecoming parade to be held Nov. 6 at 8 p.m., according to Art Lund, male representative-at-large.

Friday afternoon at 5 o'clock is the deadline for submitting float plans for all organizations, added Jim Bernardi, homecoming chairman. Any groups who have not already received a letter about float entries may turn in their idea Friday also.

Floats will be judged on adherence to the theme, originality, workmanship and effectiveness. Sub-themes are the usual "Beat COP" and "Welcome Alums."

Tentative judges are Dr. John T. Wahlquist, Mayor Parker Hathaway, Chief of Police Ray Blackmore, president of the merchants and the Chamber of Commerce head.

An Ancient Order of Egyptian Scouts, who are holding their national convention in San Jose that weekend, will parade downtown at 6:30 p.m. on Nov. 6.

Polio Hits Again At UC Sorority

The second case of poliomyelitis within a six-day period was reported at the Alpha Gamma Delta sorority house at the University of California, according to a United Press release yesterday.

In the Children's hospital of the East Bay for treatment of the crippling disease is a 20-year-old student, Frances Richardson of Los Angeles.

Last week, Marilyn Paul, 19, of Burlingame, was stricken by polio and is now being treated in a respirator. Miss Richardson is less seriously affected, it was reported.

State Board Surveys SJS Departments

San Jose State college will undergo inspection and surveillance Nov. 9 and 10 by two visiting accreditation teams, from the Western College association and the State Board of Education, for the purpose of finding whether the college is suitable for accreditation.

The state board will conduct its inspection, as it does every five years, in conjunction with the Western College association through each department, according to Dr. James C. DeVoss, executive dean.

Advance plans have been laid for the accreditation procedure, with scheduling of the operation laid out to allow the teams to survey in a more efficient fashion.

The college Journalism department, under Dr. Dwight Bentel, professor of journalism, will be inspected for accreditation separately from the rest of the college by a special representative of the Western College association.

In preparation for the grand undertaking, faculty committees are conducting a college self-survey to aid the visiting teams in better understanding the functions, facilities, and methods of the college.

Self-evaluation manuals have been completed of the major part of the self-survey and 25 copies have been sent to the State Board of Education and 15 to the accreditation team of the Western College association.

The pamphlet, "Manual of Accreditation Procedures," was required by the accrediting groups to be composed by a faculty committee to aid the teams in the two-day tour.

According to Dean DeVoss, the self-survey and manual aids San Jose faculty members to better understand their own institution and fosters inter-departmental unity.

Dr. DeVoss pointed out that most of the college faculty aided in the survey and said, "Cooperation of the college faculty in the self-evaluation was splendid without exception."

Daily Prints Extra

The Student Activities board yesterday granted permission to the "30" club, a journalism organization, to issue a special edition of the Spartan Daily next Tuesday.

The edition will be a "send home" paper which will contain information about the college and student activities. The issue will feature two full picture pages.

Joe Bryan, editor of the Spartan Daily, said yesterday that the "30" club will meet today at 4 o'clock in Room 38 to discuss the issue and to elect officers.

To Receive Trophy

Winner of the Homecoming poster contest will receive a trophy at the Homecoming variety show, Nov. 4, according to Dave Redmond, member of the Homecoming committee.

Deadline for all posters is Oct. 12. Judging will be done by committee members, he added.

Contest rules state that all posters must say: SJS Homecoming, Nov. 1-7, 1953. There are no regulations as to size, he concluded.

Friend of Boxing Coach To Take Over Monday

Julius Menendez, a personal friend of the late Dee Portal, who was boxing coach and instructor at the college until his accidental death last week, has been named to succeed Portal, Glen "Tiny" Hartranft, head of the Men's Physical Education department, has announced.

Menendez is slated to take over his new duties on Monday. He has been released from his present position as athletic director at Tulare high school in order that he might accept his new appointment.

Boxing Mentor

JULIUS MENENDEZ

The new instructor and coach met Portal while both were stationed at the University of Georgia Pre-Flight school during World War II. Menendez served four years in the Navy.

Following the end of hostilities, Menendez, urged on by Portal came to San Jose State college to work towards a bachelor degree. He graduated Magna cum laude in June, 1950, and then went on to Stanford university where he earned his master of arts degree a year later.

The 31-year-old boxing coach has never boxed in intercollegiate circles. Before entering college, he boxed professionally, thus was ineligible for college competition.

During his professional career Menendez ran up a string of 17 straight victories before he broke his hand in the eighteenth bout, his only loss. He retired from the ring because of his injured hand.

While he was studying for his master of arts degree he served as boxing coach at Santa Clara university.

Menendez lived at Dee Portal's ranch home during his stay at San Jose State college and made the 22-mile drive to classes each day in Portal's surplus Army vehicle.

Several members of the Men's Physical Education department have expressed their pleasure with Menendez' appointment and have said that he would have been Dee's choice if he had been able to select his own successor.

Dr. John T. Wahlquist said, "I have met Mr. Menendez and have examined his credentials and references. I know DeWitt Portal would be pleased."

He gave Mr. Menendez a good reference. Mr. Menendez has been extolled by the professors of the Physical Education departments both here and at Stanford.

"I believe that he will be a satisfactory replacement for Portal and I wish him well in this difficult assignment."

'Hawaiian Isle' Theme of Rally

Ukuleles and grass skirts will transform the Morris Dailey auditorium into a Hawaiian island Thursday night at 8 o'clock for the Arizona State rally, according to Jerry Ball, head of Rally committee.

Hui Kamalina, campus Hawaiian club, will provide native singing and dancing. The "Jazzberries," Jerry Scoggin and Jim Houston, will entertain with a ukulele duet.

San Jose State football team members will be introduced to the student body at this time.

Music Classes Swell Building

The San Jose State college Music department, which boasts the newest building on campus, is reported to be a 15 percent larger organization than in the past, according to Dr. Lyle W. Downey, professor of music.

There are 200 music majors, 200 music minors and 300 additional people at present taking courses in the department.

The cost of the new building was \$1,000,000. The equipment budget alone is \$149,000.

In the course of one week, 2,000 students use the practice rooms. The orchestra holds a record over last spring with 79 members now in that organization. The band consists of 93 members. The capella choir now has 70 members. The choral ensemble is divided into two classes, one in the morning and another in the afternoon.

The Weather

More study time and less Santa Cruz party time may be the order of the day. Without the slightest apology, the weather man announced cooler weather for the Northern California coast today.

However, for the warm bloods, there is some hope. Cooler weather means 78-85 degrees, as compared to yesterday's high of 93.

Wildly waving his diploma from the University of Wrong Guesses, Foggy McCloud summarized, "High barometric pressures over the Great Basin continue to dominate the weather. The thermal trough, normally over the central valleys, is centered along the Oregon and California coast and accounts for the recent unseasonably high temperatures."

Lecturer Arrives At College Tuesday

Henry Goddard Leach, the first of the lecture committee's speakers, will arrive on campus Tuesday to talk at 9:30 a.m. in the concert hall of the Music building and again at 11:30 a.m. in the Little Theater.

Frosh and Juniors To Sponsor Dance

The Freshman class and the Junior class yesterday proved that big brother and little brother can get along when they want to.

Early this year the freshmen signed up in the date book to have a dance after the SJS-N. Texas State football game. Later, big brothers signed up in the date book on the same date for an after-game dance. Somewhere a mistake had been made.

In a meeting of the Student Activities board, Rocky Pisano, adviser for the Freshman class, and Phil Throwbridge, vice president of the Junior class, asked the board who would get the dance date.

As it turned out, there was no argument, no hostile over dates. Pisano suggested that the two classes jointly sponsor the dance, and Throwbridge agreed.

Administration Officials Say JC-State Split Helps Both; Raises Student Grade Level Here

On June 30, 1953, San Jose State college and San Jose Junior college separated into two distinct schools.

The junior college is now a row of long, modern buildings on a 50-acre campus located at 2060 Kingman avenue, near the county hospital.

How has the split affected San Jose State college?

It hasn't caused a decline in enrollment. The administration, which had expected a decrease in the number of students, found instead, an increase of nearly 1000 students.

"By the end of registration this quarter," said Registrar C. W. Quinley, "7034 persons had enrolled as full-time day students. This compares with 6083 enrolled at the same time last year."

Quinley attributed this rise to "an increase in the general population" and to "the college's rapid rate of expansion."

Whether or not the separation caused a lowered enrollment, it definitely caused an overall rise in the grade level of new students, many believe.

Under state law any person who is 18 years old or has a high school diploma may enter a junior college. The requirements for attending a state college are quite different. According to the California Administrative code, a state college student must have attained five recommended units in the last three years of high school.

"A's" and "B's" are "recommended" units. With some exceptions — like physical education — attaining an "A" or "B" average for a year's work in a subject entitles a student to one recommended unit in that course.

The junior college became a part of the campus in 1922, recalls executive Dean James C. DeVoss. San Jose Normal school recently had been approved to grant the AB degree.

Previously the normal school had been attended mostly by girls, and offered two-year and three-year courses leading to a teaching credential.

"Now," said Dean DeVoss, "the addition of the junior college made the school respectable for men and they began to flock to the campus."

The Dean commented on "an interesting paradox. In 1921-22 the addition of the junior college brought respectability. Now, more than 30 years later, its separation seems to be just as powerful in adding to our respectability."

Because a state college has higher standards for entrance, many mistakenly believe a junior college is inferior.

Our aims are entirely different," explained John Brokenshire, dean of the junior college Technical and Industrial division.

"The state college's job is to give a four-year training in profes-

Leaders Discuss Plans

DISCUSSING THE ROLE of San Jose Junior college are (left to right) John R. Brokenshire, dean of the Technical and Industrial division and Dr. Ed Waller, acting dean of instruction.

sional and pre-professional courses. Our goal is to provide thorough technical training which a state college does not offer.

"It's because the two schools have different aims that the separation was made."

Brokenshire formerly was a part-time journalism instructor at the state college and served for many years as city editor of the San Jose Mercury.

Those taking vocational training at San Jose Junior college may become technically proficient in such skills as auto mechanics, carpentry, electricity, machine shop, mill and cabinet work and plumbing.

The junior college personnel is optimistic. "We are a going concern," said Charles Francine, director of the junior college. He feels the enrollment is "what we expected."

San Jose Junior college has 546 full-time day students — 365 men and 181 women. Ninety-one of these students are veterans.

When the school moved to a new

Guild Prepares Officer Training Team Here Show on UN

A public service program on the history and organization of the United Nations is now being prepared by the Radio and Television guild with the cooperation of Robert I. Guy, adviser to the student group.

The guild also met recently to discuss the re-organization of the weekly Campus Variety and News show, formerly known as "29-30."

The organization began a two-week membership drive last Monday, according to Stu Grannis, president of the guild. Those students interested either with or without radio experience should sign up for an interview on the sheet in B93 before Oct. 19. The executive board will select new members at that time.

Officer Training Team Here

A Marine corps officer procurement team will be in the Administration building today and tomorrow from 9 a.m. to 4 p.m. to explain officer training programs leading to a commission in the Marine corps.

All freshmen, sophomores, and juniors, who have at least a "C" grade average, are eligible to enter the program. Training is concentrated in two six-week, summer-training periods in Quantico, Va.

Capt. W. J. Skvaril, USMC, from the officer procurement office, will explain the program to interested students.

Engineers on Tour

Members of the American Institute of Electrical Engineering are scheduled to tour the college's Engineering building tomorrow at 7:45 p.m., it was disclosed today.

Ralph J. Smith, head of the department, is to start the proceedings with a talk on the newly-erected building and its equipment.

Meetings

AWS will meet in Room 24 at 4:30 o'clock this afternoon.

Alpha Delta Sigma will meet in Room J105 at 8 o'clock tonight.

Gamma Alpha Chi will meet in the Spartan Daily office at 7:30 p.m.

Hul-O Kamaaina will meet in Room 7 at 7 o'clock tonight.

International Students Organization will meet in Room 17 at 7:30 o'clock tonight. All students are welcome.

Public Relations committee will meet at 7 o'clock tonight.

Rally Executive committee will meet on the Morris Dailey stage at 7 o'clock tonight.

Student Y will meet at 7:30 o'clock at the Student Y.

Tau Delta Phi will meet in the tower at 7:30 o'clock tonight to plan for fall initiation.

Greek Show, Pushcart Relays Most Popular

The All-Greek show and the Lambda Chi Alpha Pushcart Relays reign as the two most popular competitive Greek events on campus. The two events earned the highest number of retaining votes in a straw ballot aimed at determining which, if any, of the numerous Greek competitive affairs could be disposed of.

Spartans Get Bid to SF Ball

Special invitation to State students has been issued by the San Francisco Opera guild to its annual Opera Ball and Fol-de-Rol to be held in S.F. Civic auditorium Thursday night.

The show will include arias by Licia Albanese, Jan Peerce, Nicola Rossi-Lemeni and Gertrude Grob-Pradnl. Lighter in the vein will be a parody on the smoke chorus from Carmen, with chorus and stars singing lyrics which rib the LSMFT and T-zone commercials.

Doug Pledger, radio's crazy mixed-up operaphile, will emcee the program.

Following the program, the audience will dance to Ray Hackett's music. The dance floor will be an elevated circular stage in the center of the auditorium, specially constructed for the occasion.

Tickets are on sale at the Sherman Clay box office in San Francisco and Oakland and the Peninsula box office in Palo Alto. Prices are \$1.50, \$2.50 and \$4.75 for the evening.

Rough Rider CORDS

Rough Rider
MARIANA, CALIFORNIA

Results of the ballot, distributed to all sorority and fraternity members, were released Monday night to the fraternities by Dean of Men Stanley Benz.

Question under consideration was "Are you in favor of Greek society competitive participation in the following events," followed by a list of 12 yearly activities.

The All-Greek show and Pushcart Relays each led the list of "yes" votes with 87 per cent, followed by Homecoming floats and the IFC Spring Sing with 86 per cent. March Melodies placed third, with 82 per cent, followed by the novice boxing rooting section.

Sweetheart contests of various types sponsored by individual fraternities were at the bottom of the list, indicating that they were the least favored by Greeks as a whole.

Contests voted on and the order in which they received "yes" votes are Sigma Chi sweetheart, Lambda Chi Alpha Crescent girl, Theta Chi dream girl, Delta Sigma Phi Neptune bride, Phi Sigma Kappa moonlight girl and Sigma Pi orchid girl contests.

The poll was distributed by the Deans of Men and Women after it had come to their attention that members of Greek organizations felt they were called on to participate in too many competitive events during the year.

Tough Workouts Slated This Week For Spartan Foes

Tough workouts are being scheduled this week for San Jose State college's football rivals on the west coast, according to a UP wire release.

The University of Oregon Webfoots worked on defensive strategy today, preparing with their weekend clash with the Washington State Cougars.

Coach Len Casanova said he will try improving the passing arm of George Shaw who sparked the first appearance of Oregon's passing attack last Saturday.

Winless and scoreless so far this season, the Oregon State Beavers worked to tighten up their football muscle for next weekend's game with Stanford.

Coach Kip Taylor put the squad through rough, heavy practice sessions yesterday and said the squad was almost at full strength. Laird Brattain suffered a minor leg injury against Washington last weekend.

Coach Lynn (Pappy) Waldorf said today his University of California Bears "looked pretty good" during a practice scrimmage yesterday.

Waldorf said Mike Casey, second string quarterback, has shown a great deal of improvement over past performances. The Bears lost to Ohio State last Saturday, 33 to 19.

Chuck Taylor, coach of the Stanford Indians, said today his team will hold only light practice scrimmages in preparation for Saturday's game with Oregon State at Portland.

Arizona State Seeks Revenge On SJS Squad

Arizona State (Tempe) invades Spartan Stadium Saturday night in an attempt to avenge their 21-14 defeat at the hands of the Spartans last year.

The Sun Devils, lead by veteran Halfback Dick Curran, boast a big line and a fast backfield that is noted for their wide-open style of play.

Curran was a nationally ranked ground-gainer for the Devils last year, running up a total of 870 yards in nine games for a 7.6 yard average per carry.

Arizona ended last season with a 6-3 won-lost record, winning all four of their Border Conference games. San Jose had the same record plus one tie against similar opposition. The only two other defeats the Devils suffered last year were against Houston university, 6-0, and a strong San Diego Navy squad, 35-13. The Devils lost again this year to the pro-stud sailors by a narrow 19-14 margin.

The return of all expected letterman and some promising freshmen and transfer students has painted a promising grid picture for Coach Clyde Smith of the devils.

Their experienced line is headed by All-Border Conference linemen Tom Fallon and John Jankans. Fallon played defensive guard last year but has been switched to tackle. Jankans played every game last year and is made for 60-minute play. The 200-pound sophomore is considered a cinch to duplicate his feat of winning conference honors again this year.

Arizona (Tempe) is a small school with an enrollment of 4500 students. They have become fairly well known in recent years, however, for their fine football teams.

Notre Dame Leads UP Pigskin Poll

NEW YORK, Oct. 5 (UP) — Powerful Notre Dame, which in its first two victories so far has all but drowned the pre-season forebodings of Coach Frank Leahy, topped the United Press college football ratings today for the second week in a row.

Michigan State, last season's mythical national champion, gained some ground on the Irish, while UCLA and Ohio State retained last week's third and fourth ratings.

Maryland, Southern California and Michigan were bunched closely for the next three places, with 147, 144 and 142 points, respectively.

Baylor, with 85 points; Georgia Tech, with 69, and Duke, with 68, rounded out the top 110 teams in that order.

Camp Delegates

All delegates to Sparta Camp will meet in front of the Student Union at noon on Friday. The camp will be over in time for the Arizona State football game on Saturday.

One of the main attractions at the camp will be the keynote address by Dr. W. H. Cowley, professor of higher education at Stanford university.

Wednesday, Oct. 7, 1953

SPARTAN DAILY 3

Ulm Is Third In Rushing

The Golden Raiders of San Jose State college are second in the nation both in total offense and in total rushing, according to recently released statistics.

The Spartans are second to Wyoming in rushing with a 310.7 yard per game average. Wyoming has an average of 333.7 yards per game.

In the total offense department, Northwestern leads with a game average of 466.5 yards, while the Spartans follow with a 400.7 yard average.

The Golden Raiders have an overall total offense of 1202 yards for their first three games. Both the Northwestern and Wyoming figures are based on only two games.

Individually, "Shoeless" Joe Ulm is third in the nation in rushing with 296 yards, and 17th in total offense. Larry Matthews is ninth in rushing. Larry Rice is currently 116th in the nation in passing with a total of 17 completions in 33 pass attempts.

Students Warned On Game Tickets

Friday will be the last day to obtain student tickets for the Arizona State (Tempe) game to be held here Saturday night, Jerry Vroom, Graduate athletic manager, warned yesterday.

Students may pick up their tickets at the Graduate Manager's office for both this game and the California contest.

Varsity Waterpolo Team Opens Year Against Stanford

The Varsity waterpolo team will open its season today at 4 p.m. against Stanford in the Men's gym pool.

Coach Charlie Walker had not selected his starting lineup late yesterday, but will make his choice from the following list of swimmers: Taylor Hathaway, Jay Flood, Chet Kell, Bill Finch, Dick Miller, Don Gorman, Norton Thornton, Don Threlfall, Ron Mann and Larry Mitchell.

Miller is the only new man on the squad, the others having played in either varsity or frosh competition last year.

PHOTOGRAPHIC HEADQUARTERS

66 S. 1st St. • SAN JOSE • 603 Almaden

the haunt of the Baskervilles

ONCE there was a ghost named Leroy, who lived in a haunted cottage near a large Eastern university. Every Friday night, at exactly seven o'clock, he'd slide under the door of Baskerville Hall, (the main dorm), and give the students all the answers to next week's quizzes.

This was quite a set up. No studying, no cramming... and straight A's all term long. But then, one Friday, the hour came and went. No Leroy! And the following week, all the Baskerville Boys got an F on every quiz!

The Friday after that, all of Baskerville Hall waited... and waited. But still no Leroy! In high dudgeon, they set out to find him. Creeping into Leroy's haunted cottage... the Baskerville Boys found him moaning and groaning. "What's the matter, Leroy?" they asked.

Leroy wiped a ghostly tear from his ghostly eye. "The weather's so hot, every time I put on a shirt the collar curls and wilts. I haven't been out for two weeks!"

In high glee, the Baskerville Boys hurried to the local Van Heusen dealer and bought a dozen Van Heusen Century Shirts with the revolutionary soft collar that won't wrinkle ever. Regular collars, spread collars. \$3.95 for whites, \$4.95 for colors. "A very good investment," they thought.

Leroy was delighted. He rewarded the boys with all the answers to the following week's quizzes. Two months later, all the boys from Baskerville Hall had flunked out. Leroy's good-looking Van Heusen Century Shirts made him so popular with the co-eds, that he didn't have time for quizzes or answers.

Science Dept. Teaching Staff Is Now Largest on Campus

The Natural Science department, with a teaching staff now numbering 62, is by far the largest department on campus in comparison to other division staffs. The second largest faculty, that of the Education department, has approximately 44 members, as recorded in the Placement office. The list of undergraduate science majors stretches just beyond the 300 mark and nearly every SJS student is enrolled in at least one science course during his college career.

Lectures in the department are generally for classes numbering in the hundreds rather than the thirties as is common in most other divisions.

Approximately 500 students are enrolled in nature study lecture classes alone, 384 in biology and 255 in advanced chemistry.

The demand is greater than the supply of graduate laboratory technicians and chemistry majors and science education graduates are always assured a position, according to department information.

The department not only serves the thousands of students who study courses ranging from gemology to photography but also the public in the San Jose area through its exhibits, evening classes, and other activities.

Highlight of the year is the annual Science Open House which approximately 1500 students and San Jose area citizens attended last year.

Special activities organized for student participation during the year include the recent Science Overnight to Big Basin, club activities and the annual West Coast Nature school trips.

Recent developments in the department have been the grant of an extensive and valuable mounted bird collection and the addition of a rare clutch of eggs laid by a boa constrictor being studied.

Pianists Sought

Piano players are needed by the Women's Physical Education department to accompany classes in modern dance. Times open are 1:30 p.m. on Monday and 9:30 a.m. and 1:30 p.m. on Wednesday. Accompanists will be paid.

Deans To Attend Education Meeting

Dr. James C. DeVoss, executive dean, Dr. Fred Harclerod, dean of instruction, and Dr. William Sweeney, professor of education will attend the fall conference of the California Council on Teacher Education to be held Nov. 5, 6, and 7 at the Ahwahnee hotel, Yosemite, according to James C. Stone, organization secretary.

Home-school-community relations, student teaching, and moral and spiritual values of teacher education will be some of the topics of discussion at the meet.

La Torre Editors Name Editing Staff

Appointment of editorial staffs for La Torre, college yearbook, was announced recently by Roger Flanagan and Frances Rabanus, co-editors of the annual.

The appointments include Grace Beiter, photo editor; Hubert Vargas, art editor; Patsy Postal, copy editor; Iris Gruwell, college section editor; Claudia Lefever, activities section editor; Don Gordon, athletic section editor; Pat Stuart, residences section editor; Trudy Staples, organization section editor; Jim Cottrell, graduate section editor.

SENIORS — This is the week to sign up to have your pictures taken for the La Torre, the editor said. A booth will be open every day this week in the outer quad from 9:30 a.m. to 2:30 p.m. and there will be an appointment sheet in the yearbook office, Room 9 of the Journalism building, from 2:30 to 4:30 p.m.

Former Honor Student Gets Top HE Spot

Roberta Quinn, 1947 graduate of the Home Economics department, has been appointed the top position of Home Economist with Dole Pineapple company, San Francisco, Mrs. Mary Morgan, head of the department, announced yesterday.

Miss Quinn, who was previously assistant to Pat Collier, a trade name for a Home Economist, now holds the title of Pat Collier.

In her new position, Roberta will promote contracts through recipes and different advertisements of the company's products.

Through the courtesy of Dole Pineapple company, Miss Quinn sailed to the Hawaiian Islands last Saturday for a two-week tour of the company's factories.

While at the college, Miss Quinn held the highest scholastic average of the 1947 Home Economic graduates, graduating with Departmental Honors. She also was President of Delta Nu Theta, home economic honor society.

ISO Welcomes All To Attend Meeting

The International Students organization will hold its first meeting of the fall quarter tonight at 7:30 o'clock in Room 17, according to Siouss Nownjned, president of the organization.

The meeting will be a get-acquainted affair and will be followed by a dance.

The International Students organization was founded in 1949. It has many American students in its membership, as well as representatives from 23 other countries.

Job Office Lists Teacher Openings

Immediate openings for teachers of mentally-retarded are now available in Dover, Del., Miss Doris K. Robinson, director of teacher placement, announced recently.

In addition to the five openings in this field, one job is open for an audiologist, teacher of the deaf, and three are open in the field of speech and hearing therapy, she said.

Besides the requirement of a college degree, a certain number of hours of instruction in these fields are required.

Interested persons are asked to inquire in the Teacher Placement office, Room 100 for further details.

K-P Majors Meet

Alpha Chi Epsilon, kindergarten primary organization, held its first meeting Oct. 1 for the fall quarter at the YWCA.
