Deadline for Homecoming Queen Entries Wednesday

Wednesday at 5 p.m. is the deadline for Homecoming queen entries, according to Caroline King, member of the Homecoming committee.

Confusion has been reigning the past few days over the issue which is eliminating freshman women from running for the position.

Dave Doerr, student council representative, who made the motion that all female students be eligible to run, stated yesterday, "I was not aware when the queen contest deadline is and I hope that tabling the motion last week has had no ill effect."

Doerr said also, "The college puts on Freshman camp and publishes a pamphlet called 'Spartan from the Start' in order to bring the freshmen into the college group as a whole. Now a queen contest comes along and they are the first to be eliminated. I believe that they should feel they are a part of the college and would like to see my motion to make them eligible for the Homecoming Queen contest passed."

John Aitken, president of ASB, took an opposite view. He said, "No harm has been done eliminating the freshmen. They have their college careers before them. I feel that the Homecoming Queen should be recruited from the upper class women."

Reason given for the changing of the deadline for entries from today to tomorrow is that the San Jose photography shops are not open on Monday. Many girls who had intended to enter the contest would have been deprived of the opportunity because of pictures not being available. The extension will allow the Student Council to consider the motion Doerr proposed last week. The meeting of the Student Council will be at 3:30 p.m. Wednesday.

Elections Planned By Student Court

A meeting of the Student Court has been called for this afternoon at 3:30 o'clock by Jim Choate, Senior justice-elect.

Procedures for the class elections to be held Oct. 23 will be worked out at the meeting, according to Choate.

The court also will discuss the vacancies of Chief justice, Sophomore justice and Prosecuting attorney, caused by the draft and graduation.

AAUP Plans to Evaluate Faculty

The American Association of University Professors' local chapter is scheduled to evaluate Faculty Council in an open meeting today at 12:30 p.m. in Room 27 of the Home Economics building.

Administrative officers of the college, as well as all faculty members, especially new ones, will be welcome. Dr. H. Murray Clark, secretary of the group, announced.

Moderator will be Dr. Gene Waller with Mr. Owen Broyles of the social science department and Dr. Dwight Bentel, head of the journalism and advertising department, as the speakers.

Souvenir Papers Go on Sale

The souvenir "send home" edition of the Spartan Daily went on sale at 8:30 a.m. today from a booth in the Library Arch. Papers will be sold at 10 cents a copy today, tomorrow, and Thursday.

The special "send home" Daily was published by the "30" Club, journalism fraternity, and features student activities and the college building program. A two-page pictorial section illustrates campus activities.

Oxford Debaters Win Unanimously In Concert Hall

A capacity crowd in Concert hall last night sided almost unanimously with the Oxford students, Patrick Mayhew and John Peters, contending that Britain has not muddled affairs in the Middle East.

Bill Johnson and Terry Arnold went down, to defeat in arguing the affirmative of the topic, "In the opinion of this house the British have mishandled the Middle East."

Arnold and Johnson held the opinion that Britain had failed in her purpose of insuring political and economic stability to the countries in the Middle East.

British students declared that it was England's duty to defend the Middle East in light of the fact that those countries were not able to do so themselves. And this they contended had been done successfully. The motives behind Britain's actions, according to the Oxford students, was a sense of duty rather than desire for personal profit to Britain.

Mayhew and Peters concluded that there could be no doubt that the Middle East was far better off now than at the fall of the Ottoman empire, which was entirely in agreement with the audience.

Dr. John T. Wahlquist and Dr. Lawrence Mouat, director of forensics, were among the large crowd in attendance.

Fairness Meeting

The first meeting of the Fairness committee will be held today in Room 110, according to Dr. Elmo Robinson, chairman.

Dr. Robinson stated that membership of the committee is not complete, as all student members have not been appointed.

Instructors Meet

New faculty members will be conducted on a tour of the Library and will hear a description of the college's testing and visual aids facilities today at a Faculty Orientation meeting. The meet will be held in the Library at 3:30 p.m., according to Dr. Fred Harclerode, dean of instruction.

Army Club Meets

All upper-division Army ROTC students are invited to attend the Silver Saber meeting tonight at 8 o'clock in the IES hall, 1401 Santa Clara street, according to Kenneth Fare, president of the organization.

Training films will be shown and refreshments will be served.

'Successful Dance,' Senior Class Says Of Saturday Affair

The Senior class council received a report yesterday on one of the most successful after-game dances ever held. Bill Hushaw, dance chairman, told the council that 921 people had attended last Saturday's dance following the Arizona State-SJS tilt.

The council voted to hold the \$15 fee which is charged June graduates for graduating expenses and activities. They also set the December and March graduating fees at \$10.

Three members of the council volunteered to serve with President Bernice Rapley as senior representatives on the Senior Week Evaluation committee. They were Janet Creole, Barb Hollenberk and Bill Hushaw.

JUNIORS TO ELECT OCT. 23

Junior class office elections will be held Oct. 23, it was announced in yesterday's meeting of the Junior class council in Room 127.

The council voted to hold the Junior Prom on April 17.

Phil Trowbridge said the junior and freshmen classes would combine to hold an after-game dance.

Representative-at-large Don Scholte urged all juniors to investigate job opportunities on the Student Council and Student Court. He also asked, and received consent from the council, to recommend to the Student Council a change in the college constitution that would allow the senior class treasurer and the senior committee of social affairs to be year-long jobs.

THOMSEN FROSH PREXY

Paul Thomsen was elected president of the Freshman council group D at the meeting yesterday.

Fred Temps was chosen vice-president, Norine Plummer, secretary; Madeline Planchon, treasurer; Fred Volz, program chairman. Yell leaders are Nada Stepovich and Dennis Brisbin.

SOPHS PLAN MIXER

The sophomore class council decided to suspend judgment on the class' new constitution yesterday in a meeting in Room 117, and tabled discussion of it until the entire class will vote on it Oct. 23.

It was announced that an 18-piece orchestra, a group of Stanford students known as the "Star-dusters," would play at the Frosh-Soph mixer, scheduled for Oct. 23 in the Women's gym. The Palo Alto group is denoting its services free of charge, according to temporary sophomore president Bill Kennedy.

Kennedy said that sophomore classes in both San Jose State college and Stanford university were working on plans for a mixer of the two groups. He stated that the two classes have been corresponding regularly, and that the forthcoming gathering should be an excellent one.

Meet Is Success

Mrs. Dolores Spurgeon, journalism faculty member and coordinator for the Peninsula Scholastic Press Association, states that she considers the association's meeting, held on campus last Saturday, "a big success." She reported no interference from Saturday's rain, although students walked about the campus in attending different parts of the meeting. Representatives from 17 high schools attended.

Ed Majors Pre-reg

Education majors who plan to student teach or do observing winter quarter must pre-register this week. Pre-registration will be Oct. 14-9. Rooms 185C and 161 will be used for pre-registering in Education 143, 144, 145, 104, 141, 207, 145.

Author-Educator Slated For Two Speeches Here

Dr. Henry Goddard Leach was scheduled to have delivered the first of two speeches to San Jose State students this morning in the Music building's concert hall at 9:30 o'clock on the subject "Why Sweden Does Not Join the Atlantic Pact."

Social Science department head Dr. Leo Kibby was to have dismissed all students in 9:30 social science classes in order that they

have the opportunity to hear Dr. Leach's lecture.

The second of Dr. Leach's lectures today will be given at 11:30 a.m. in the Little Theater. In this talk Leach, an author and educator, will concern his remarks with "Magazine Editing."

All students in 11:30 a.m. journalism classes will be dismissed to hear Dr. Leach, according to Dr. Dwight Bentel, head of the Journalism department.

Dr. Leach, 73, is the former editor of Forum, one of the nation's outstanding literary magazines and one of its strongest opinion-builders.

The Weather

Foggy McCloud glared into the typewriter, then nervously looked out the window at the morning fog.

"Dad-blame these Alviso smogs," he said. "It's enough to run an honest weather forecaster out of business. These smogs are getting bigger and better all the time. Fellow don't know what's smog an fog these days."

He felt the bump on his head — "Hmmm — Fair today and tonight, slightly warmer today.."

Seek Play Ushers

Ushers are needed for the Drama department production "Twelfth Night," according to Dr. Hugh W. Gillis, department head. Those interested may apply in Room 56.

"Twelfth Night," is scheduled to be presented the evenings of Oct. 23, 24, 26, 28, 29, 30 and 31.

(EDITORIAL)

Attitude of News Sources Vital

How is it possible to get a news story in the Spartan Daily?

Under the guise of communications this question was probably the most discussed topic at Sparta Camp last Friday and Saturday. The purpose of this editorial is to give some of the answers which the editor of the college newspaper presented when the matter was brought to his attention. This is necessary because, regrettably, many persons and organizations who should have attended Sparta Camp or have been represented were not.

Here is his answer: "The Spartan Daily has a regularly scheduled class which meets at 1:30 to 4:30 p.m. each day, Monday through Friday; on the upper floor of the Journalism building. It is given for three units credit and includes two-hour lectures on Tuesday and Thursday mornings in addition to at least three hours one evening a week spent at the Globe Printing plant on S. First street.

Getting a news item in the paper is a matter of contact. If one wishes to contact the reporter assigned to his particular committee or organization the best time to make this contact is at 1:30 p.m. when the reporter appears in the office of the Spartan Daily for roll call. At that time the reporter is available also to answer calls on extension 210 of the college telephone exchange.

This brings to mind the question, "How does one discover which reporter is assigned to write which stories?" This is a two-sided question, since the reporter can ask, "Whom should I see about this story?" Often neither is acquainted. In such instances we take this stand: The Spartan Daily office is a physical reality which is easily located. If a news item is vital and no one has tried to solicit it, the person whose business it is to release the news will try and discover why he is being neglected. Such a person must take into consideration that students in the Journalism department are graded by the conventional A, B, C, D, and F, as in other departments of the college. In other words, some effort should be made on the part of the news source as well as on the part of the reporter. Organizations and committees are encouraged to appoint publicity representatives because of this.

A newspaper usually expects to be swamped with telephone calls and requests for publicity, and this is a normal condition throughout the country. Yes, to our amazement, we learned at Sparta Camp that the Spartan Daily's society editor is expected to solicit information from more than 400 organizations.

Rita Patterson, who holds that position this quarter, has been assigned, purposely we might add, the desk nearest the entrance to the door of the staff room of the Spartan Daily so that she may interview publicity representatives and others who are bringing in news of a social nature. The material she has collected to date has been mostly the results of her own initiative.

Since the primary evaluation of a news item which is to appear in the Spartan Daily is, "How important is this to the student body as a whole?" some criteria must be set up. The judgment exercised by the editor is one method by which the Journalism faculty determines the editor's grade. The editor is a student. He can't possibly please everyone with his news selection. In addition, the person who "makes up" the paper has much to do with selecting the material which enters the Spartan Daily. This is a revolving job handled each day by a different person and means that a different perspective is used each day. Often the result is good training for the journalism student but dissatisfaction at times for a percentage of the readers. The Thrust and Parry column can be used to express this dissatisfaction.

Another problem is deadlines. What are they? Are they enforced? They are! The reporters observe them. The editors observe them. In many instances the person who acts as a publicity representative does not even bother to find out what the deadline is. In such cases he or she takes his chances on the good-will of the day editor, the news editor or the editor-in-chief. This is a situation which exists on all newspapers.

This editorial is not intended as an alibi for the Spartan Daily. We have related the remarks made to the students who attended Sparta Camp. Many have been deleted because of limited space. Our hope is that as a result there will be no confusion about "How to get a news item in the Spartan Daily?"

Menendez Describes First SJ Coaching Days

Sport Notes

By KEITH KALDENBACH

We did it! We'll take the blame! The Spartans didn't have a chance against Arizona State (Tempe that is) Saturday night.

First, we lauded the Golden Raiders in this column last Thursday and freely predicted that they had the goods to blot out the days of the Sun Devils from Arizona. We still believe the goods are there, but that they were not in the right place Saturday night.

Second, sports staffer Bart Williams, one of the Monday Morning Migraine Makers, cold-heartedly picked Arizona to win. This little feat put him in top spot among the pickers with a 100 percent score.

Finally, one of the printers at the Globe Printing company, where the Daily is published, put the finishing touch on the Golden Raiders' chances for victory when he inserted the wrong one of two headlines on page one Friday night.

On weekends, it is necessary that we write two headlines covering an event to take place Saturday or Sunday. In the case of sports, we write one stating that we lost and another saying that we won, then use the proper headline after the game. The printer put the losing headline in before the game took place.

So, you see, the Spartans' chances were nil Friday night after the above jinx makers got through. We will be in the Spartan Daily office each day at 1:30 p.m. for the convenience of anyone wishing to take a pot shot at us.

Another force working against the Spartans Saturday was Harold Brown, line coach of the team from Tempe who devoted most of the evening to relaying information about the Golden Raiders to Head Coach Clyde Smith by telephone from atop the press box.

Early in the game Brown told Smith, "The halfbacks are charging too fast. Send Pearson in to tell Mackey to flip a pass over their heads." The result was two touchdown passes caught by end John Allen.

Brown later set up several nice runs by reporting to Smith that San Jose linemen were out of position for certain plays. In the

Julius Menendez was a happy man yesterday. It was his first day as instructor and coach of boxing at Sparta and his fourth day as father of a whopping eight-pound fleaweight by the name of Jack Dee Menendez.

The new member of the Menendez family made his debut in a Visalia hospital near Tulare where his father has been serving as high school athletic director.

Menendez honored his predecessor, the late Dee Portal, by giving the boy the middle name of Dee. Portal and Menendez were close personal friends and it was the late boxing coach who first urged Menendez to attend San Jose State college.

The 31-year-old boxing instructor described his first day on the job as an attempt to "fill an awfully large pair of shoes left by Portal." He said that he would be out to do his best and hoped to be able to maintain the high standard left by Portal.

While commenting on the current boxing situation, Menendez said that all positions on this year's boxing team are open and that men are needed in all weight divisions.

Any man wishing to train for the team may do so by working out with the advanced boxing class at 3:30 p.m. daily except Thursday, he explained. It is not necessary to sign up for the class for credit.

Menendez emphasized that start of the boxing season is in the future and that now is the time to begin workouts.

The personable young coach boxed professionally before entering college and thus was ineligible for collegiate competition. He won 17 straight bouts in his pro career before losing the 18th because of a broken hand which forced him to retire from the ring.

closing minutes he reported that most of San Jose's best boys had been taken out of the game. This contributed to the punt return for a TD.

This system is not new and has been used with varying degrees of success by Pappy Waldorf of the California Bears. Last year, Pappy expanded on this system by viewing much of the Cal games on a TV set placed beside the Bear bench.

Rumor has it that next year Cal players will startle the football world by showing up with antennas on their helmets for direct communication with the coaches. Won't be long before only PhD's in Engineering will be qualified for football coaching jobs.

Cal Tickets Going Fast, Says Vroom

Student tickets for the Cal game are going fast, according to Jerry Vroom, graduate athletic manager.

Vroom said yesterday that more than 3,000 tickets have been issued by the Graduate Manager's office, and that they were forced to order more to meet the demand.

Tomorrow is the final day for students to get their tickets, which may be obtained by presentation of the ASB card.

Golden Raiders Preparing For Battle With UC Bears

By BART WILLIAMS

San Jose State's footballers started familiarizing themselves with California plays yesterday. The Spartans meet the Golden Bears at Berkeley this Saturday.

The big question the Spartans are trying to find an answer to is, "How do you stop that guy Larson?" Paul Larson, the "Mister Big" of the Golden Bear attack, is orienting himself at the quarterback slot this year and if he continues to improve with each game, as he has to date, "Pappy's" Bears could very easily wind up in Pasadena come New Year's day.

Larson played his most outstanding game Saturday as Cali-

Intramural Football Sponsors Two Fraternity Games Today

Intramural Touch Football league jumps off to a fast start this afternoon with two games scheduled in the American division of the Fraternity league.

Because of the illness of Frank Bramhall of the San Jose Recreation department the location of the games was still up in the air yesterday. However, Wade Wilson, intramural football manager, said that he would notify the managers of the teams today and also that he would place a notice on the

sports bulletin in the Men's gym.

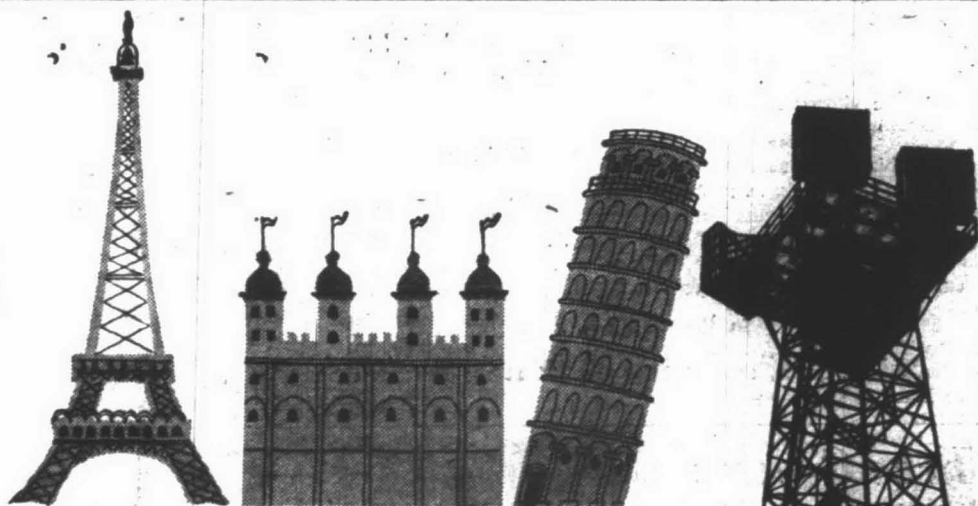

The four teams having the honor of setting off the intramural battle are Sigma Alpha Epsilon vs. Kappa Alpha and Delta Sigma Phi vs. Sigma Chi.

Tomorrow is the deadline for entry of independent teams and the first game in their league will be scheduled later this week, Wilson said.

He said yesterday that several officials are still needed to serve as referees and that pay offered amounts to \$1.25 an hour. Any male student interested in the position should contact Wilson or Miss Doris Barbarez, Men's Physical Education department secretary, in the Men's gym.

Eventual winners of the American and National leagues will meet in a playoff and the winner will meet the champs of the Independent league for the title at the end of the season. Trophies will be awarded the winning teams.

Move over, Famous Towers

The world's most famous towers are, left to right, the Eiffel Tower, the Tower of London and the Leaning Tower of Pisa.

But in America, the tower-come-lately (extreme right) may rapidly become as familiar as the old landmarks of Europe. It is one of the Bell System's radio-relay stations which speed telephone calls and television programs coast to coast.

In May, 1948, these towers connected only five Eastern cities. Five years later the TV network included 95 towns and more are being added all the time.

Being the first network of its kind in the world, the planning, research, engineering and construction requirements are providing real opportunities for the kind of people who like to pioneer.

If working on new developments appeals to you, check with your Placement Officer for the details on employment with the Bell System. There are positions open for electrical, mechanical and civil engineers, as well as business administration and arts and science graduates.
