## Class Election Applications Ready at Noon

Applications for class officers and positions on the Student Court will be placed on top of the piano outside the ASB office in the Student Union at 12 o'clock noon today, according to Mary Alice Grimes, female sophomore justice.

Positions on the court which are open are male sophomore justice and male junior justice. The senior, junior and sophomore classes will elect a president, a vice president, a secretary and a treasurer each. Election day is Friday, Oct. 23.

Filing date for applications has been set for this coming Friday, Oct. 17. The petitions which must be filled out after the applications are approved will be ready at 8 a.m. Monday. These must be returned to the ASB office by Wednesday. Approved candidates can begin putting up posters on Thursday, Oct. 22. The election will follow on Friday.

At today's meeting of the Student Council it is expected that the numbers of the court will be increased by the appointment of a chief justice and a prosecuting attorney. These will combine with the remaining members of the court to total seven.

Present at yesterday's meeting were: Joan Aubrey, female senior justice; Jim Choate, male senior justice; Joyce Orlando, female junior justice; Mary Alice Grimes, female sophomore justice; and Marlene Watkins, secretary.

Two members of last year's Student Court were graduated and one was drafted.

## \$175,000 Law Suit Against Officials Continues Here

A \$175,000 law suit against the San Jose Unified School district, involving three San Jose State college officials, a retired dean, and Dr. T. W. MacQuarrie, college president emeritus, was continued yesterday in Superior court and a jury was sworn in to try the case.

The suit was filed three years ago by Mary F. and John R. Kahle for burns suffered by their son, James B. Kahle II in an accident on the campus June 14, 1950.

Named as defendants in the complaint are E. S. Thompson, business manager; Byron Bollinger, supervisor of buildings and grounds; Victor C. Jansen, maintenance engineer, and Dr. MacQuarrie, who in June of 1950 was also principal of the junior college.

Also named is Dr. Jay C. Elder, retired dean of instruction.

The complaint says that the child fell into a hole filled with boiling water from a defective steam pipe. The pipe was located between the Home Economics building and the Women's gym.

It also charges that the officials, who were connected with the junior college at the time, had previous knowledge of the damaged steam pipe and that "the proper steps to correct the defect were not taken at the time."

A separate action, for the same accident, against the state of California is now under appeal.

The case against the San Jose Unified School district is being tried in Judge M. G. Del Muto's Superior court, department 1.

## Rally To Offer 1920's Theme

Homecoming Queen candidates will be reviewed for the first time.

In two lectures yesterday, Dr. Henry Goddard Leach proved he could speak at 9:30 a.m. on Sweden's military psychology and at 11:30 a.m. to discuss magazine editing with equal authority.

His first lecture, given in the Music building's concert hall, was so well attended that President John T. Wahlquist remarked upon the number present.

## Queen Contest Deadline Nears

The deadline for entering the Homecoming Queen contest is 5 p.m. today, reports Caroline King, member of the homecoming committee. According to this report, freshman girls are still ineligible in the contest.

However, the Student Council today is expected to act on a motion by Dave Doerr at the last council meeting which moved that the freshman girls be allowed in the contest. The motion was tabled last week.

If Doerr's motion is approved today, the 5 p.m. deadline will have to be extended to accommodate the freshman girls who wish to enter the contest.

Candidates so far entered in the contest include Janet Good, Kay Dennis, Connie MacLean, Betty Richert, Alice Holland, Dot Laine, Colleen Collins, June Baffanno, Sue Raubenheimer, Ruby Stickel, and Cam Kammerer.

Bernardi also announced that elaborate and expensive house decorations are being discouraged by the Homecoming committee this year. Simple decorations, carrying out the theme of "welcome alums," are the by-word this year, according to Bernardi.

No prizes for house decorations are being given this year, he said.

## Thrust and Parry

### Cooperation Good!

Dear Thrust and Parry:

Alpha Phi Omega thanks the students of San Jose State for their wonderful cooperation in making the Student Book Exchange the biggest success in many years! This quarter we had one of the biggest rushes in the history of the Exchange—more books taken in and more sold—despite the many changes in texts.

There is one matter concerning the operation of the Book Exchange that I would like to make public. On each card filled out for a book there is a contract which states that books must be picked up or money called for by the date stamped on the claim stub or the student forfeits all claim to the money or book.

The student signs this contract when he submits the book for sale. The money not called for goes into the fraternity's service fund for use in campus service projects. The books not claimed will be sold if possible, the receipts going into service work, while unsold books will be given to such organizations as WSSF.

# Sport Notes

By KEITH KALDENBACH

Last week a disturbing report came out of Fresno that Clark Van Galder, Fresno State college football coach, had charged San Jose State college paid its football players.

The story sounded so incredible that we at first doubted Van Galder said this. However, enough has been said since then to convince us that the report was true and that for some reason, perhaps "sour grapes," Coach Van Galder had made the ridiculous charge against SJS.

In view of all the hullabaloo down in Fresno about whether or not they will continue to schedule the Spartans, it appears that Van Galder's unfortunate statement was an attempt to discredit the Golden Raiders in order that there would be no question of dropping SJS. Also it could have been Van Galder's method of gaining revenge for the many defeats his teams have suffered at the hands of the Spartans.

On the other side of the fence is the refreshing way in which Spartan Mentor, Bob Bronzan, expressed himself following the loss to Arizona State (Tempe) Saturday night.

In the dressing room following the game Bronzan told his boys, "We lost, but that doesn't end the season. We still have five more games, and we can win our share of them. Let's profit by tonight."

Bronzan's methods lay bare his extreme sense of good sportsmanship, which is the basic essential of the game. Not "sour grapes."

## Coach Says Men Lack In 'Experienced Height'

Three lettermen from last year's squad led more than 30 athletes in the first basketball practice of the season Monday in the Men's gym.

Backing up the three returnees are a good crop of junior college transfers plus eight men up from last season's freshman squad. Walt McPherson, varsity basketball coach, said yesterday.

The three men returning from last year are: Carol Williams, 5'10" guard; Dick Brady, 6'4" forward; and Bud Hjelm, 6'6" forward who was the tallest man on the court Monday.

McPherson described his embryonic team as "lacking in experienced height." Only nine men are 6'4" or taller, which is not good in this day of emphasis on tall players.

One dark note in McPherson's future picture is that Dick Brady has been classified as 1-A by selective service officials and told that he would be called up in the November draft.

Two other men are returning from last year and they are: Bob Steinbach, 6'4", and Howard Rapp, 6'2".

Those up from the frosh squad include: Tom Crane, 5'11"; Don Fausset, 6'5"; Denny Harris, 6'5"; Jack Harris, 6'4"; Al Hood, 6'2"; George King, 5'11"; Andy Locatelli, 6'; and Phil Monteith, 5'10".

Three men who have recently returned from the service are: Bill Brumberg, 6'1", who played on the frosh squad in former years; Bob Campbell, 5'11"; and Bob Cousins, 6'.

Junior college transfers and their former schools include: Bob Bondanza, 5'10", San Francisco City college; Roger Briggs, 6'1", San Mateo JC; Len Cantando,

6'2", Vallejo JC; Buster Burgos, 5'11", and Ed Ferdnansen, 6'4", both of Sequoia; Glen Griffith, 6'5", of Orange Coast JC.

Tor Hansen, 6'3", of Menlo JC; Jerry Long, 6'3", of Marin JC; Al Giorgetti, 5'10", and Norm Pontil, 6'4", both of East Contra Costa JC; Griffin, 6'1", Mt. San Antonio JC; Glen Albaugh, 6'2", of Hartnell JC; and Bill Hudson, 5'11", and Wes Juke, 6'.

Last year the Spartans ran up a 4-4 win and loss record in the California Basketball association. SJS, Santa Clara, St. Mary's, University of San Francisco, and College of the Pacific comprise the CBA.

SPARTAN DAILY 3

## SJS Meets California Saturday For First Time Since 1900

Dropped from the unbeaten ranks, San Jose State is right back into deep water this week meeting University of California, Saturday, at 2 p.m. in Berkeley. It will be the first game between the Spartans and Bears since 1900.

Although bowing to Arizona (Tempe) State, 35-20, Saturday night, for their first loss in four games, the Spartans showed some improvement over the last two starts. A difference on a couple of key plays could have easily turned the result the other way.

Against California, the Spartans will face the dark-horse club of the Pacific Coast conference. Although losing two games, to Baylor and Ohio State, the Bears have made startling progress and last week showed tremendous form in blasting Pennsylvania, 40-0.

Prior to the season, Coach Bob Bronzan expressed optimism about his Spartan team but warned that it would take at least half a season or more before the host of junior college transfers could be integrated as a team.

Saturday's loss to Arizona State, the second thriller between the clubs since they renewed their rivalry last year, was a good example, Bronzan and his aides have done a fine job of bringing the Spartans along and when they coordinated their efforts, both offense and defense was outstanding. But there were enough lapses, both ways, to enable a good Sun Devil team to win.

Bronzan reported no serious injuries from the hard fought Sun Devil game. Guard Dale Summers and Halfback Herman Stokes, neither of whom suited up, are on the doubtful list for the California game, too.

## Brand-new national survey shows college students prefer Luckies

Last year a survey was made in leading colleges throughout the country which showed that smokers in those colleges preferred Luckies to any other cigarette. This year another nation-wide survey was made—a representative survey of *all* students in regular colleges coast to coast. Based on thousands of actual student interviews—this survey shows that, as last year, Luckies lead again—lead over all other brands, regular or king-size—and by a wide margin! The reason: Luckies taste better.

**P. S.** Once again we're buying student jingles! \$25.00 goes to every student whose Lucky Strike jingle is accepted—for our advertising. So hurry! Send yours in right away to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.
