

Pat Spooner Wins Senior Presidency

Bush Is Elected Soph Treasurer

Pat Spooner, write-in candidate for Senior-Class president won the office over Percy Rivers, who was running unopposed. Stan Croonquist, chief justice, noted that this is an extremely rare case, having not happened in a SJS election for four or five years.

Bruce Bush took the office of Sophomore class treasurer, in the only preferential ballot. A close second was Jim Tormey, with Coral Spillane, third.

Ceiling Cracked

The 6400 student ceiling imposed on SJS has been cracked, State officials in Sacramento said late Friday. The new ceiling probably will be set at about 6687 to meet demands of record enrollment here this fall.

An additional \$16,000 will be added to the 1954-55 budget set for the 6400 ceiling which will make it possible for State to hire from two to four new faculty members. The additional sum will come from student fees turned in by SJS.

Nichols Urges Fall Graduates Attend Meeting

All ecember graduates are urged to attend the Senior class meeting today at 3:30 p.m. in Room 127, according to Joan Nichols, class president.

Executive council will meet at 3 p.m. in the Student Union.

A speaker for the December graduation banquet will be decided upon. The banquet, tentatively set for Mariani's restaurant, will be Dec. 13, not the 16th, as previously announced.

Discussion of the Senior orientation class to be held next spring is on the agenda as well as final plans for the Junior-Senior transfer party Wednesday, Oct. 20, from 8 to 11 p.m. in the Student Union.

SOPHS TALK BOOKS

Discussion of the uncompleted Sophomore Class Book will be taken up today by the class council. The meeting is at 3:30 o'clock, in Room S-112.

FROSH DISCUSS MIXER

Freshmen will meet today in the Morris Dailey Auditorium to discuss Friday night's Frosh-Soph Mixer to determine how they can improve the event when they sponsor it next quarter, according to Class President Dick Takaha.

The only landslide ballot was for the senior class treasurer post Missy O'Neill won with 270 votes over 99 for Leah Vayssie. Joyanne Scott was elected secretary of the class unopposed. There was no candidate for vice-president, and the candidate will be elected by the council.

Bob Lindsey was the unopposed candidate for junior class president. Gini Watson won the vice-president office with 237 votes to Rosemarie Pedone's 201. Rosemary Magnasco ran unopposed for secretary as did Barbara Murphy, treasurer.

Allan Behr ran unopposed for sophomore president. George Brown defeated Stella Armento for vice-president 366 to 208. Secretary is Sally Ferris, 345, over Carolyn Stelling, 251.

Sophomore justices, for whom the entire student body votes, are Gary Clark, male justice unopposed, and Nada Stepovich, female justice, over Madeline Planchon, 974 to 749.

A total of 1905 students voted in the election paralleling last fall's record. In fact, there is every reason to believe that this election exceeded it, according to Croonquist. Sophomores cast the most votes with the juniors, second; seniors, third; and freshmen, last. Croonquist commended the admirable turnout of voters, but added that there was a large number of void ballots due to carelessness of students.

Ten quarter finalists in the Homecoming Queen race are Gini Watson, Sigma Alpha Epsilon; Judy Gehring, Gamma Phi Beta; Ruth Oakleaf, Kappa Phi; Joan Dalton, Delta Sigma Phi; Janis Capezzoli, Phi Sigma Kappa; Joanne Wright, Alpha Tau Omega; Pat Butler, Delta Upsilon; Sonja Burrell, Kappa Kappa Gamma; Patti Kaser, Sigma Chi; and Pat Lavery, Pi Kappa Alpha.

Nominations End

Today is the final day to make nominations for "Who's Who in American Colleges and Universities." Applications are available in Room 114. The book is a listing of campus leaders throughout the nation.

State Reveals Five-Year College Building Program

NATALIE FANCHER, Sophomore president (center), accepts the Mixer plaque for triumphant sophomores who downed the freshmen, 259-241 Friday night in the Frosh-Soph Mixer. Dick Takaha, freshman president, looks on as Bob Weiss hands the plaque to Miss Fancher. Freshmen, who took top honors for attendance with 325 compared to 220 for the Sophomores, lost their chance at the plaque when a default in the tug-of-war cost them 25 points.

Digging Starts in Dec.

Preliminary construction work on the new \$85,000-\$90,000 Spartan Shop probably will begin by Dec. 1, E. S. Thompson, business manager, announced yesterday.

Thompson said that construction will begin as soon as plans can be completed for the building. "We're just waiting for the final working blueprints," he commented, "and then the bull dozers can start digging in."

Preliminary plans for the structure are now in Sacramento where they are being given what Exec-

utive Dean C. Grant Burton terms a "courtesy approval." Site for the shop was previously approved.

It will be located 10 feet north of the Journalism Building and is slated to contain approximately 6000 square feet, twice as much as the present Spartan Shop north of the Library. A new building is necessary to make room for the addition to the Library.

SJS May Request 31 Million Dollars For Construction

Details of a mammoth five-year building plan for California state colleges including a total of more than 31 million dollars for San Jose State have just been released in Sacramento. Announcement of the comprehensive program came following the first open meeting of the State Construction Planning subcommittee which has been preparing it for submission to the whole committee during so-called "secret" sessions for the past two months.

Largest item on the list, totaling \$31,105,700, is another natural science structure estimated at \$4,407,000. Plans for the already approved Science Building addition which is slated to go into construction soon, are now pending passage by the Public Works committee in Sacramento.

Residence hall appropriations, if granted, will total \$5,654,000. They are scheduled to be built in two installments, at a cost of \$2,827,000 each time and providing living quarters for 350 men and 350 women.

Completing the list are an art building at \$1,437,000, a police and military sciences building at \$773,000; another library addition at \$1,444,000; an industrial arts structure at \$1,563,000; an engineering addition at \$1,115,000; a music hall addition at \$570,000; and a laboratory school at \$1,260,000.

Executive Dean C. Grant Burton explained today that the plan was prepared in response to a resolution passed by the legislature requesting the state colleges to estimate their needs to take care of enrollment increases expected by 1963. The predicted enrollment for San Jose State is 12,000.

Revelries Script Is Half Written

Script writing for the 1955 Revelries production has past the half way point, according to Jim Kason, the show's producer-director.

The plot of the musical show, entitled "In All My Dreams," is about a husband and wife team in show business, Kason said. There are 20 songs in the production.

"Of course," the producer-director noted, "the script might be changed if necessary, as preparations for the production proceed."

Writing the script along with Kason are Patricia Postal, Dick Leyva and Terry Taugner.

The music has been written, Kason said, but not all the lyrics are complete as yet. Writing songs are Kason, Postal and Bob Russell. Russell is also music director.

Incidental music and choral arrangements are by Gene Sterling. Kason said. Choreography directors are Ramona Puccinelli and Nancy

Widdas. In charge of costumes is Doris Mortara.

Director of the show is Wayne Mitchell.

Kason said that interviews of students interested in participating in the behind-the-scenes work of producing Revelries will be held Tuesday and Wednesday from 2:30 to 4:30 p.m. in Room SD-112.

Auditions for parts and chorus probably will not be held until the week before, dead week he said. The casting of the show may be completed by finals week, and rehearsals will start at the beginning of winter quarter.

On the Revelries Board, the show's governing body, are: Joy Mitchell, chairman; Jan Wilson, secretary; Chuck Bucaria, publicity chairman; Kason, producer-director; Owen Lee, Marilyn Matthe, Barbara Fischer, Alby Martin, John Marken and Leyva.

6000 Mile Solo Trip Ends

PAGO PAGO, Samoa (UP)—A 61-year-old New Yorker tied up his tiny balsa raft here to end the longest solo cruise in history—6000 miles from Peru to Samoa in 115 days.

A proud and stately William Willis, in the "best of health," stepped from his raft to the Pago Pago dock. "It was both a fantastic nightmare and a beautiful dream," were his first words.

The cruise saw him drift along the Pacific's Humboldt current. His voyage took him almost 2000 miles farther and 13 days longer to complete than the famous Kon-Tiki expedition of 1947.

USSR ASKS ACTION

UNITED NATIONS, N.Y. (UP) Russia Friday asked the General Assembly to take up the Red Chinese complaint charging the United States with aggression against China in Formosa.

Soviet Delegate Andrei Y. Vishinsky submitted a formal note

to the U.N. secretariat requesting a new item for the assembly's agenda.

SMOG CAUSES DEATH!

LOS ANGELES (UP) — The worst smog in more than a year was blamed as a "contributing factor" in the death Friday of a 10-year-old girl who choked to death on mucous from throat irritation.

As the Los Angeles area wallowed for the ninth straight day in a filthy haze, Gov. Goodwin J. Knight flew to the city for a personal inspection.

HONDURAS NEXT?

LOS ANGELES (UP)—Russia now is attempting to gain a foothold in Honduras following overthrow of the Red government in Guatemala, a State Department official told a congressional subcommittee Friday.

WHO WILL WIN?

WASHINGTON (UP)—Demo-

cratic political experts said today that by "conservative" estimates they expect to pick up 20 to 40 house seats in next month's election and to take firm control of the chamber in January.

Republicans said only that they expect the outcome of the voting to be "close." They figure they have a good chance of retaining house control by a few votes. But they also think the Democrats may win control by a narrow margin.

INDOCHINA TARGET!

WASHINGTON (UP) — Defense Department officials have said gloomily that free Indochina is so torn by dissension and confusion that it presents a ready target for Communist infiltration and conquest.

One official said the situation is so bad that if there were free elections in Southern Vietnam tomorrow "the Communists would win in a sweep."

Three Officers Join ROTC Staff

Three officers—two of whom find themselves in adjacent chairs after a separation of three years—have been added to the ROTC staff here.

Maj. E. B. Colladay and Dean M. Bressler, who served together at Governors Island, N. Y., in 1950-51, arrived at SJS this fall to find their desks side by side again.

Upon leaving New York in 1951, Maj. Colladay joined an artillery unit in Korea where he served until 1952. He was sent then to Far Eastern Command Headquarters in Japan. Maj. Bressler was named the same year to a United Nations commission engaged in patrolling the cease-fire line between Pakistan and India.

Both men were graduated from the U. S. Military Academy at West Point, N. Y. Maj. Colladay left the Academy in 1942, and Maj. Bressler was graduated two years later.

Capt. William A. Herring, third addition to the military detachment, came to SJS from the Military Police School in Camp Gordon, Ga.

Majoring in geology, Capt. Herring attended the University of Missouri from 1938 to 1941. After leaving the university, he joined the army and gained a commission by attending Officer's Candidate School at Camp Bullis, Tex.

During W.W.II, Capt. Herring served with a Military Police battalion in the Pacific, and in the Korean conflict he was with the Seventh Division.

Gil's Galley

By GIL CHESTERTON

Across the nation grid fans are chanting "let George do it," referring to the marvelous feats being performed by the Oregon quarterback whiz.

The sports writers and Oregon rooters are booming him for All-American honors by dressing up his performances with superlatives, adjectives and other flowery words.

While the pigskin followers point with amazement to Shaw's achievements, which include the nation's No. 1 passing and total offense leadership, they overlook San Jose's sensational quarterback product, Benny Pierce.

The good-natured signal caller, ranked fourth to Shaw in passing and 10th in total offense, can do as many things with a football, as good if not better, than the Oregonian.

Yep, you heard me right, as good, if not better.

Benny has ramblled at a 6 yard per clip running average compared to Shaw's 5.6 mark, to rate the edge in that department.

Shaw does lead Pierce in passing yardage per play, 13.4 to 14.1, but the Spartan senior has a 55.9 completion average to George's 49.4 percent.

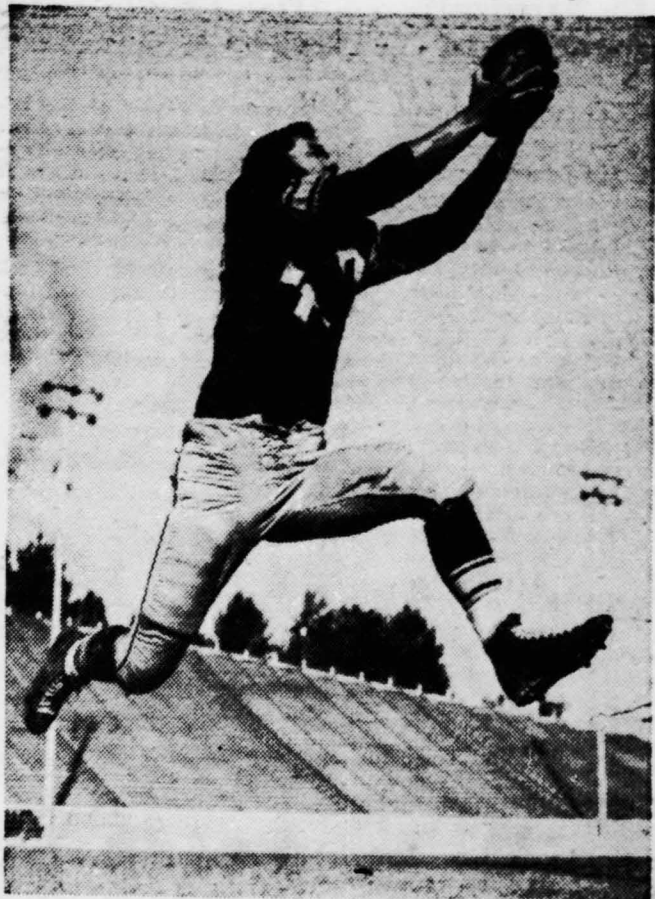

The Oregon back racked up the majority of his yardage against a pitifully weak Idaho, who has yet to win a game this season.

While Shaw went wild against Idaho, Pierce was forced to watch the game from the sidelines in the second half with a foot injury, losing a chance to fatten his totals.

The versatile pair will match their pigskin talents Saturday in Eugene, Ore., when the Spartans trek north on a Duck hunt which could settle the question.

Redlegs Purchase Werle

CINCINNATI (UP)—The Cincinnati Redlegs today purchased left-handed pitcher Bill Werle from Louisville in the American Association.

HIGH AND MIGHTY fine catch is being made by End Mervin Lopes, who returns to drills this afternoon. Lopes was sidelined two weeks with a knee injury. The 165 pound Hawaiian is one of the SJS midget ends.

Spartans Soccer Team Defeated, 5-1, by USF

San Jose State's soccer team, improving with each contest, meet California this week-end after being defeated by University of San Francisco, 5-1, defending NCISC Champs, Saturday morning on the local field in a loop encounter.

Playing their first home game since they dropped the sport in 1942, the Spartans showed a sharper brand of passing and a tighter defense than last week when they were beaten by Stanford, 6-1, in their opener.

Leo Pilinski, outside right, tallied the only Golden Raider goal midway in the third period to spark a rally that saw two other scores called back by penalties.

The Dons, somewhat irked by dropping their first game in 56 league outings last week, accounted for one point in the first period, two in the second, and a pair in the third.

Golden Raider Coach Julie Menendez singled out Tony Bell, Max Voshall, Jim Maher and Werner Grosshans for their play against the Hilltoppers, who have captured the Northern California Intercollegiate Soccer Conference since 1943.

San Jose's starting line-up included: Francis Betancourt, goalie; Allen Gilkey, right back; Jim Inglis, left back; Max Voshall, right back; Maher, center half; Bob Allan, left half; Pilinski, outside right; Grosshans, inside right; Nick Leonoris, center full; Pastor Valle, inside left; and Bell outside right.

Cal Nips Harriers In Season Opener

Don Hubbard and Don Berry copped the first two places but that wasn't enough as the San Jose State cross country team lost their season opener to California, 27-30, on the Big-C course at Berkeley Saturday.

Hubbard finished the four-mile run in 20 minutes 53 seconds and Berry in 21 minutes four seconds. Other Spartans to finish in the top ten were Melvin Stroud, seventh, 21:39 and Duane Ludlow, eighth, 21:45.

Lopes, Davis Injuries Heal

After a weekend of grid leisure, Spartan footballers go into their final week of preparation this afternoon for the University of Oregon clash Saturday in Eugene.

End Mervin Lopes and Guard Jim Davis are slated to return to scrimmage, after being sidelined with knee injuries.

Lopes' knee, injured in the Idaho contest, kept him out of the Arizona State game and last week's drills.

Davis missed both the Idaho and ASC encounters but is ready to win back his No. 2 guard spot behind Tom Louderback.

The Ducks center their attack around triple-threat George Shaw, who leads the nation in passing and total offense.

Shaw has a total offense record of 661 yards in four games. He leads the aerial artists with 41 completions in 83 attempts for 580 yards and a 49.4 percentage.

J O B M A R T

Mrs. Babs Hodson of the Placement Office reported today that there are still 24 jobs unfilled for this fall quarter. Only nine were unfilled last year at this time.

Office work seems to be the most popular with the women, while most of the men ask for service station jobs. However, most of the jobs that are filled for girls are babysitting, ironing and housework.

Men are needed for such varied jobs as gardening, parking lot attendants, theater work, selling, occasional housework and manual labor.

Last year 190 jobs were listed for men and 89 for women, but this year only 174 jobs have been listed for men, 80 for women.

Since many employers make only one listing for a number of jobs there are always more jobs filled than are listed.

SJS Students Debate Tonight

Four members of the SJS forensics team will join with representatives from Santa Clara University and Stanford for a triangular debate tonight at Stanford, according to Dr. Lawrence H. Mouat, forensics director.

They are Edith Alcock, Jack Vierhus, Harry Heffner, and Bob Murphey.

Accompanying the debaters as "kibitzers" will be Don Douglas, Chuck Bucaria, Ron Sherriffs, Jim Peel, Sarah Cox, and Jack Hyrtad.

The debate will begin at 7 p. m. The event is one of a series of activities sponsored by the Northern California Forensics Assn. of which San Jose State is a member.

Miss Doris Linder Will Speak On Scandinavian Study Tour

Miss Doris Linder of the Education Department will show slides of the summer session Scandinavian study tour at this week's meeting of the International Students' Organization, Wednesday at 7:30 p. m. in Room 24.

This SJS-sponsored eight-week tour was conducted by Miss Linder, and attended by 21 students and teachers. Four weeks were spent in the Scandinavian countries and almost three weeks in other parts of Europe.

An important feature of the

tour was attendance at a two week course at the University of Oslo, where the cultural and social relations of Norway were studied.

Hosts to the group while visiting Stockholm and various parts of Denmark, were the cultural relations branches of Sweden and Denmark's foreign departments.

A short ISO business meeting will precede the showing and refreshments will be served following the showing, according to Johnny Arreola, club president.

JACK WEBB AND BEN ALEXANDER

You know them best as Sgt. Joe Friday and Officer Frank Smith—stars of Chesterfield's award-winning "Dragnet" on TV and Radio. They're now starred in the movies, too, in Warner Bros.' great new picture, "Dragnet."

WHAT A BUY! Chesterfield regular and king-size. (Both at the same price in most places).

Jack Webb and Ben Alexander want what you want from a cigarette. Relaxation, comfort, satisfaction. They know where to find it—because in the whole wide world, no cigarette satisfies like a Chesterfield.

Chesterfields are best to smoke because they alone have the right combination of the world's best tobaccos.

Chesterfields are best for you because they're highest in quality, low in nicotine.
