

SJS Greeks Name Fall Pledges; Secret Pinning Rituals Held

The number of "Greeks at State" were increased considerably as the fourteen fraternities completed their fall rushing with the formal pinning of pledges.

Friday, October 6, the rushees picked up their bids in the Student Union. Thereafter the rushees became pledges by receiving their fraternity pins by means of a secret ritual.

The pledges and their respective fraternities are:

State Relaxes Priorities On Salk Polio Vaccine

BERKELEY, Calif., Oct. 12 (UP)—The State Department of Public Health relaxed its priorities on the Salk polio vaccine today to include pregnant women and all children through the age of 14.

The action was taken by the department on the unanimous recommendation of its 17-man Polio Advisory Committee, which met yesterday.

Heretofore, the vaccine was reserved for the 1,250,000 children between the ages of 5 and 9 in the state. Only about 350,000 children in this group have been inoculated so far.

Iran Joins Allies in Bagdad Pact Against Soviet Union; Russia's Molotov Irked at Move, Cuts Neighborly Policy

BAGHDAD, Iraq, Oct. 12 (UP)—Oil-rich Iran formally notified its allies today it was joining the Baghdad Pact, an alliance which will link it with Britain, Turkey, Iraq and Pakistan in a defense belt extending across the southern belly of the Soviet Union.

Iran, once the Kingdom of Persia, announced its intention yesterday but other members of the pact heard of the decision only through newspaper reports.

Hossein Shahrivar, Director General of the Political Department of the Iranian Foreign Ministry, flew here from the Iranian capital of Tehran last night with the announcement and told Premier Nouri El-Sadi at a champagne-drinking ceremony this morning.

The treaty originally included only Turkey and Iraq which joined despite protests of its Arab League neighbors. It was extended to include Pakistan and Great Britain. Iran's accession to the pact closed the last link in western defenses extending from the Mediterranean to India.

Iran is expected to deposit formally the documents of accession once the Iranian Parliament has ratified the move—and ratification is expected to be a mere formality.

RUSSIA WARNS IRAN
MOSCOW, Oct. 12 (UP)—Russia warned Iran today that the Soviet government attaches "grave importance" to Iran's decision to join the pro-western Baghdad Pact.

Soviet Foreign Minister V. M. Molotov summoned the Iranian envoy in Moscow and protested to him that:

"The accession of Persia (Iran) to this military alignment is in-

WHILE PUTTING last minute touches on decorations for tomorrow night's Coronation Ball at the Civic Auditorium, Jack Tyler (right), discusses arrangement plans with members of the Social Affairs Committee (left to right), Beverly Crawford, Bill Squires, and Jean Peterson. Decorations will feature red and gold, copied from the English Coronation.

Coronation Ball Kicks Off Homecoming; 'Biggest and Best' Says Chairman Tyler

Tomorrow night's Coronation Ball at the Civic Auditorium will be "the biggest and best ever," according to Jack Tyler, Social Affairs Committee chairman. "We expect the Ball to be the best yet."

Members of the faculty or students who have not obtained bids will be admitted to the Ball upon presentation of faculty privilege cards or ASB cards. Leftover bids from the booth in the outer quad at the beginning of the week, will be given out free at the Ball.

Dress for the occasion will be suits for men and cocktail or formal length gowns for girls. Music will be provided by Jack Fina and his 12-piece orchestra from 9 p.m. until 1 a.m.

Annual on Sale

Monday and Tuesday, students and teachers will be able to purchase their La Torre in the Outer Quad. The full price of \$6 may be paid or a down payment of \$4.

La Torre Pictures

Graduating seniors can still sign up for pictures in the La Torre office, Room 39. Education majors have one day left to sign. Engineering and mathematics majors have only a few days left to sign.

The crown which will be in the center of the auditorium tomorrow night is nearing completion and at last report from Tyler, decorations are finished and are being assembled today and tomorrow.

Book Publishes Article By Bentel

Dr. Dwight Bentel, head of the Journalism and Advertising Department, has recently had an article published in "Careers in Journalism," a book designed to guide high school students who are interested in choosing Journalism as their vocation.

The book contains several articles written by people eminent in the field of Journalism.

Dr. Bentel's article concerns press photography. He describes the job opportunities for the photographer, and explains the importance of the photographer in newspapers and magazines.

"In fact, a good photographer is a reporter—a person of discernment, drive, a 'nose for news' and the ability to isolate that news and capture its essence . . . in the photographer's case, on a photographic plate. He is far more than a 'shutter clicker,'" Dr. Bentel states.

Sophs Start Search for Lovely Legs As Annual Gams Contest Is Launched

Sophomores are readying their annual Gorgeous Gams Contest for launching on Nov. 1. The contest is designed to weed out for recognition and posterity the most provocative masculine legs in the student body.

Co-chairmen for the event are Don Ryan and Pat Parish. The contest has a scheduled four-day run and both chairmen encourage all living groups to enter a contestant.

Ryan also states that each living group on campus will be sent an official entry blank and a complete list of the new, improved rules and regulations governing the contest.

Violence-Torn Plant Reopens, But Labor Strife Blazes Away

A violence-torn plant reopened today at New Castle, Ind., and St. Louis' strikebound streetcars and buses were scheduled to roll again. But labor strife broke out elsewhere in the nation.

"Another New Castle" was reported at Latrobe, Pa., where between 300 and 400 united mine workers attacked non-strikers at two strike-bound Kennametal, Inc., plants. Company officials said the pickets threw stones and bricks and attacked cars before police and state troopers drove them off.

Waco, Tex., meanwhile, 950 union workers went on a sit-down strike at the General Tire and Rubber Co. Plant because a Negro had been transferred to a department previously manned entirely by white employees.

One thousand national guardsmen were in the New Castle area today to prevent further violence at the Perfect Circle Corp. Foundry. They stood guard with tanks and machine gun nests as 110 non-strikers walked back into the battered plant.

The non-strikers returned exactly one week after a gun-slinging battle between 1,200 demonstrators and 100 persons inside the plant. Nine persons were injured, eight of them shot, and Gov. George N. Craig imposed full martial law on a three-city area.

The striking CIO United Auto Workers said they planned no more demonstrations today. But they vowed at a mass meeting last night to keep on striking until they have won.

Another mass union meeting at St. Louis was expected to put the city's buses and streetcars back into operation following a day-and-a-half strike.

Leaders of the AFL Transit Union bowed to Gov. Phil M. Donnelly's order seizing the transit company and ordering the men back to work. The governor's order was to be read to a mass meeting today and union leaders said the transportation system should be working in time for the evening rush hour.

Climate Like Love In Warm Bloomers

The chamber of commerce is 4000 miles from here so I can tell you (psst) it rained in Miami yesterday. And another thing it's going (my heart is in my mouth . . . I should drop dead) to precipitate in Northern California, but alas way way WAY north.

At State its going to be and is (and if it isn't I'm dead) fair, like spring, like flowers, like love in (bermuda) bloomers, like just plain warm.

Went to the funeral yesterday . . . you remember my brother don't you . . . tall white . . . ugly . . . well . . . I wonder if he can see me now . . . humm.

Council Will Publish Blue Key; Society Says, 'Lack of Help'

Student Council voted yesterday to take over the publishing of the Blue Key Directory after the Blue Key Society dropped the project because of a reported lack of cooperation from persons who have access to information vital to the publishing of the booklet.

The Council voted to have the Public Relations Committee take

over the publishing of the directory.

After more than 50 minutes of debate, the Council sent the request of the Intercollegiate Rifle team for \$648 to buy five new rifles for the three varsity shooting teams on campus to the Board of Control.

Sgt. Patrick Whalen, coach of

the three teams, appeared before the Council in a personal plea for the additional weapons. He cited the needs of his group in finding equipment for the 113 members of his three teams.

At present, according to Whalen, the school has only two rifles on campus that could be used by the civilian teams. Military sources furnish another 12 weapons, but those cannot be taken off campus for outside meets.

Jeanette Furtado's recommendation that the request be sent to the Board of Control without any recommendation ended in a 7-7 tie. President Don Hubbard voted against the motion and killed it.

The Don Ryan's motion that the request be sent to the Board of Control with the Council's favorable recommendation was passed. Al Behr cast the only opposing vote on the Ryan motion.

The Council also voted to open applications for two appointments. Chief among the new jobs opened is the post of Junior Male Justice of the Student Court. The applicant must have between 45 and 75 semester units. Applications will remain open until Tuesday.

Also opened is the appointment of one member to the Festival of Art Committee. It will remain open until Wednesday noon.

In other action, the Council accepted the resignation of Senior Class representative Joyce DeBenedetti who is student teaching this semester. In her place the Senior Class Council appointed Rosemarie Pedone to fill the unexpired term.

Paul Thompson was approved as director of Freshman Camp by the governing body.

Sparta Camp appointments, slated to be taken up yesterday, were postponed because the Student Activities Board had not had enough time to make recommendations to the Council.

The Faculty Recognition Committee, formed during the Spring quarter, was disbanded because members reported that they had hit a "stone wall" in efforts to keep the recognitions from merely being a popularity contest.

Driver Instruction Will Be Available In Spring Semester

The driver training course, Ed. 192, Driver Education, will be offered during spring semester, according to Dr. Jim Stevenson, professor of industrial arts and education.

Classes will meet twice a week and two semester units of credit will be given upon successful completion of the course.

Ralph Bohn, auto mechanics instructor, will teach the course. In addition to the regular class meetings, each member of the class will actually teach someone else to drive an automobile.

All students interested in taking the course during spring semester or learning to drive should contact Miss Mary V. Baker, I.A. secretary, as soon as possible.

ENROLL OR LEARN?

Students should state whether they want to enroll in the course or learn to drive. From the number of applicants the college will know how many cars to order from the state.

Upon successful completion of both Ed. 192 and Safety Ed. 191, students are eligible to receive certificates.

Judges To Choose Finalists Tonight; Queen, Attendants Revealed at Ball

Who is the fairest of them all will be decided tonight in Morris Dailey Auditorium at 7:30 o'clock when impartial judges will select five finalists for homecoming queen.

Joan Dalton, homecoming queen of 1954, will announce the five finalists at the end of the program. The identity of the queen and her four attendants will be revealed at the Coronation Ball by Joe Vallanari, Homecoming Committee chairman, tomorrow evening at 11 o'clock.

The 10 campus cuties in the semi-finals are Donna Curley, sponsored by Sigma Alpha Epsilon; Barbara Dale, backed by Phi Sigma Kappa; Pat Lawless, presented by Alpha Chi Omega; Sandra Lederman, sponsored by Kappa Phi.

Judy Raubenheimer is backed by Lambda Chi Alpha; Nancy Tipton, Sigma Kappa; Lori Triolo, sponsored by Sigma Nu; Gail Wilson,

supported by Delta Sigma Phi; Gail Wood, backed by Theta Xi and Robin Wurzburg is sponsored by Alpha Phi Omega service fraternity.

The girls will be judged on poise, personality, beauty and good appearance and grooming.

The board of judges includes Dolores Keewood, assistant director of John Robert Powers Modeling School; Maurice Badger, merchandise manager at Harts Department Store; Dr. Gertrude Cavins, assistant to the dean of instruction; Sal Millan, public relations director of the San Jose Chamber of Commerce and George A. Starbird, mayor of San Jose.

The judges will be taken to dinner at Havenly Foods by the Homecoming Queen committee and will return to the school at 7 p.m. for judging instructions.

Bruce Waite will introduce the judges at 7:30 p.m. Waite will then introduce Jan Heter, chairman of the Homecoming Queen committee, who will be mistress of ceremonies for the fashion show.

ASB Candidates Asked To Voice Election Views

All candidates running for ASB offices are invited to come to the Spartan Daily office and state their platforms for publication in the election issue of the paper. Those running for presidential offices should make appointments to have their pictures taken for the issue.

The Spartan Daily office is located in J107 and is open from 1:30 p.m. to 4:30 p.m. daily.

Mystery Blasts Rock Bay Area Residents

SAN FRANCISCO, Oct. 12 (UP)—Three more mystery blasts in the sky rocked the Bay Area again last night similar to the two recent unexplained explosions over San Francisco.

Military air bases, as before, reported no planes were in the air at the time of the blasts and hence could not have produced the phenomena.

The first explosion last night occurred over Contra Costa County at 8:15 p.m. Residents said the blast sounded something like a howitzer, the explosion rocking homes and rattling windows.

Menlo Park and Palo Alto residents reported a similar explosion at 11:25 p.m., and both towns were given a repeat performance at 11:45 p.m.

The explosions last night were not as heavy as the one felt here on Sept. 29 and on Oct. 7.

Spartan Shields To Guard Campus

Starting Monday the Spartan Shields will begin guarding the campus nights, according to Harrison Gibbs. The COP-SJS football game is played Oct. 22.

Approximately 8 to 10 men will be on campus all the time until Saturday morning, Gibbs said. The guards will sleep in the Student Union during the week.

During a recent meeting of the service club, four sophomore men were chosen to pledge. They are Al Walford, Curtis Luft, Ron Hunter and Ernie Zotola.

Dr. J. C. DeVoss To Conduct Talks

Do you have a problem? If so, Dr. James C. DeVoss, retired executive dean and counselor, will be available at a luncheon to be held each Thursday from 11:30 a.m. to 1:30 p.m. in the College Room of the Grace Baptist Church.

Students interested in discussing campus, personal or world problems are invited to bring a bag lunch and attend the meeting. Coffee and dessert will be served following the first discussion.

Dr. DeVoss, who acted as a counselor at Freshman Camp and is a well-known campus personality, will conduct personal interviews in his study at the church, located on the corner of 10th and San Fernando streets. His office hours are Monday 2 to 4 p.m. or by appointment.

San Jose State Rules Against Stanford Rally

The Rally Committee decided at a recent meeting not to have a rally with Stanford on Friday, Oct. 28, the night before the game, since the Panhellenic dance is scheduled for that same night.

Furthermore, Stanford showed no desire to exchange rallies.

AFTER ONLY three and a half weeks of school the mail boxes in the Student Union Building are already beginning to bulge with unclaimed mail for members of the SJS student body. (Left to right) Ann Bandson and Anita Zaro decided to see if they had received any letters . . . and they had! Why don't you take a look and see if some of those envelopes belong to you?

EDITORIAL

To Park Or...

Have a hard time parking your car this morning?

You aren't the only one. With a great number of faculty and students trying to cram their cars into the limited parking lots and spaces, parking is at a distinct premium by 8:30 a.m. every day.

With the college creeping out of its boundaries in the great expansion plan now going on, the situation is going to become increasingly worse. The parking lot behind the social science offices soon will be turned into a playing field, cutting out many parking spots.

The problem isn't unnoticed by members of the administration, either. The College Parking Committee has already met and is formulating plans to alleviate the situation. Suggestions such as no driving if you live within a certain radius of school and taking the bus have been made.

The big thing is—the problem must be tackled with the full cooperation of the student body, headed by the Student Council. It cannot be solved by a small group of people working alone.

How about it—do we find a solution or do we continue to park 5 blocks from campus every morning?

Meetings

CAHPER (California Association for Health, Physical Education and Recreation) will meet tonight at 7:30 o'clock in the Women's Gym. Special guests include Ed Rudolph, Buford Bush and Julie Menendez. An excellent program will be on hand.

CSTA will meet today at 4 p.m. in Morris Dailey Auditorium. Dr. William Rogers will speak on "Your Future in Teaching." Refreshments will be served.

Delta Phi Upsilon, honorary K.P. society, will meet tomorrow at 2:30 p.m. in B13. Miss Frances

Gulland will speak on "Recreation for the Small Child."

Engineering Society will meet tomorrow night at 7:30 o'clock in E118. A movie will be shown, "Man, Steel and Earthquakes." Also a short talk will be given by Dr. Lorell on "Steel Structures."

All engineering students are invited to attend. Refreshments will be served following the meeting.

Occupational Therapy Club will meet tonight in Room B72 at 7:30 o'clock. Dr. Benjamin Siegel, staff member at Agnew State Hospital, will discuss occupational therapy and its value in relationship to mental hospitals. All O.T. majors are urged to attend. Coffee will be served.

Physics Society will meet today at 1:30 p.m. in S126. All students interested are invited to attend.

Presbyterian Students and Faculty coffee dessert hour will be held today from 11:30 a.m.-1:30 p.m. in the Student Y. George Day will be the honored guest.

Sigma Delta Pi will meet tonight at 7:30 o'clock in Room 25.

Sparvets (Veterans club) will meet tomorrow at 3:30 p.m. to discuss plans for a dinner party at Heavenly Foods.

Catholic Students Enjoy Newman Club's Evaluation of College Life

By MEL BOWEN

"Newman Club is an agency by which the Catholic Church tries to supply the needs of Catholic students at any college that isn't Catholic," stated Father John S. Duryea, adviser to the club.

The needs may be broken down into three categories, he added. They are spiritual, social, and intellectual. "For intellectual needs we provide college level religious instruction in various ways," Father Duryea added.

"For social we give Catholic students a chance to know one another, not with just the idea of marriage, but for moral solidarity," he said.

"In the way of spiritual needs,

we have various religious services and retreats."

Besides being adviser to Newman Club, a position he has held since 1950, Father Duryea is a professor of ethics and psychology at O'Connor School of Nursing, teaches Senior Religion Problems at Notre Dame High School. He is San Jose Regional Chairman of the Christian Family Movement and a resident at Sacred Heart Church where he says Mass every day.

Father Duryea explained that Newman Club is not an exclusive organization. Membership and the activities are open to anyone. Just the elected officers must be Catholics. "We usually even have a

few non-catholics on the council, but they are not elected officers," he said.

Bishop Saw Growth

Newman Hall was built as a special interest on the behalf of Arch Bishop Riordan in 1913. Bishop Riordan evidently foresaw the growth of SJS, for the hall is still very adequate.

The organization is self supporting with one-half of the money coming from dues and student affairs and the other one-half coming from a mothers and fathers guild. Newman Hall is rented for wedding receptions, from time to time.

Newman Club's biggest attendance wise events of the year are the after-rally dances. In the way of significance, Father Duryea thinks the Dedication Mass of the school year and the following open house in the Hall are very important. The first annual Dedication Mass was held Oct. 5th, with 400 students and faculty members attending.

Pre-Marriage Course

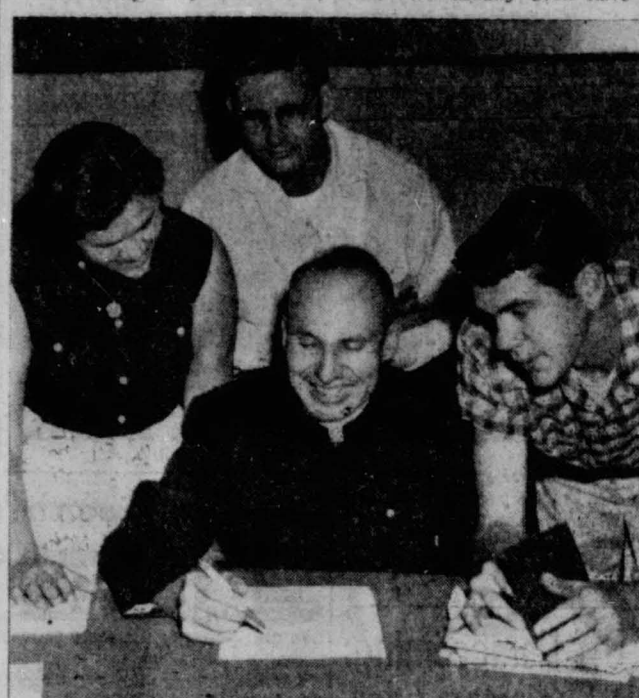

Another big event which the Newman Club offers is a pre-marriage course held on four Wednesday evenings in the spring. Most enjoyed of the events is an annual camping trip in June after the school is out. Last year 53 students spent six days at Silver Lake. This was the fifth annual trip.

The history of Newman Club dates back to 1905 when it was organized on the San Jose campus by Miss Nicholson, then a faculty member, who had the meetings in her home.

The club was actually organized formally in 1918 under Father Collins of St. Patrick's Church. From 1918 to 1950, it was handled by a series of different priests from St. Patrick's Church. The club met only once a week, and the advisory job was only a part-time one. With Father Duryea's appointment in 1950, the job became a full-time one.

Thrust and Parry

(Ed. Note: Will DMA, who wrote a T&P Oct. 11, please come to the Spartan Daily Office and sign his letter. Although names may be withheld on request, they must appear on the original copy of the letter.)

Dear Thrust & Parry:

As the start of a new intramural season rolls along, I'm sure that many others feel as I do about this special point.

Last year, as the year before, our newspaper, the Spartan Daily, directed little or no attention to our intramural sports. Maybe once a week or so the paper gave a score or two, and every now and then a short summary of the intramural standings.

I feel that the intramural athletics should receive as much attention as our student government and other school activities receive, for if you were to check into it, you would probably see there are as many students concerned with intramural sports as public relations are any of the other San Jose State College committees.

There is a tough football game going on nearly every afternoon and I think the Spartan Daily should have a reporter of some sort at the games to give the students a fairly complete summary of the games. I also think a couple of pictures every now and then would help immensely or at least one per week.

The competitors would have more to strive for if they felt they would be rewarded in some way. All this would lead to a much better and more successful intramural season.

San Jose State is trying to go big time, which is no secret to us, and a real sharp newspaper would help a lot.

Varsity Rifle Team To Offer Classes For New Members

Beginners classes are now scheduled for students signed up for the Varsity Rifle Team, according to Sgt. 1/c Patrick J. Whalen, team coach. Two ranges will be used with bus schedules set up for those members needing transportation.

The beginning members will be coached on Monday, Tuesday, Wednesday and Thursday from 1 p.m. to 4:30 p.m. at the Spartan Range. This rifle range is located at Spartan Stadium.

Classes have also been scheduled for the National Guard Range, according to Sgt. Whalen. These classes will be held Monday, Wednesday and Thursday from 1 p.m. to 4:30 p.m. Classes on Tuesday will run from 1 p.m. to 3 p.m.

Judo Team to Open Season in S.F. Meet

Sunday the SJS judo team travels to San Francisco for its first action of the year—a promotional tournament. In addition some Spartans may see action in an all-star match between the northern California and southern California all-stars.

The actual season does not start until December, however. This year the Spartans are shaping up as better than last year's team, which took second in the state tournament and first in every other meet in which it entered.

SJS lost Win Dahl, second degree black belt, but aside from him has the same personnel as last year plus additions. Let-termen off of last year's team are John Sepulveda, Jack Crawford and Ro Wauer, first degree brown belts, and John Perata, second degree brown.

George Uchida, fourth degree black; Hideo Sato, third degree black; Mel Augustine, second degree black; Chuck Babcock and Ben Campbell, first degree blacks; George Watanabe, third degree brown; and Al Stones and Louie Tucker, second degree browns, are other experienced men whom coach Yoh Uchida can call on this season.

Ron Flora, Steve Chelsey, Bob Salazar, Roy Isles, Bud Hill, Ike Hernandez, Arno Ziesnitz, Tom Lyons and Walt Yates, all third degree browns, will also participate in the San Francisco tourney Sunday.

Uchida's varsity had a good season last year. The Spartans opened the year with a 6-0 shut-out of Santa Rosa J.C. Then they edged the University of California, 2-1. The Spartans annexed first place in both the junior and senior PAAU tournament. They capped the season by placing second behind the Hollywood Buddhist Club in the state championships.

Judo was started as a sport at SJS in 1937, and in 1941 Yoh Uchida, who holds a fourth degree black belt, took over as coach. In the last few years, SJS has become one of the hot-beds of judo in the United States.

Judo as a sport is comparatively new. As late as 1882, Jigaro Kano, a master of jujitsu, established the Kodokan in Tokyo. Today's judo is that which was developed by Kano after the founding of the Kodokan.

Western people think of Judo as something mysterious. They imagine small weaklings throwing giants over their shoulders with a flick of the wrist. This impression is incorrect. Judo is a well-regulated sport based on ancient Japanese methods of bare-handed fighting. It is a kind of wrestling with clothes on.

Judo men, or Judoka, are classified in two general groups, the beginners and graded or black belts. There are five classes of beginners called kyu.

SJS Seeks Fourth Win In Lobos Game Saturday

The unbeaten Spartan football squad will be seeking to extend their winning streak to four games Saturday when they clash with the University of New Mexico in Albuquerque.

The Spartans had light workouts for the most part during the week, with the exception of a regular scrimmage yesterday. A light workout is also scheduled for today.

Except for the two polio-stricken linemen, Tom Bass and Tom Ryan, San Jose is in good physical shape, according to Coach Bob Bronzan. The Spartan coach has made some minor adjustments to fill the holes at guard and tackle. Guard Eli Gardner has learned

some tackle assignments and center Jim Craig has been briefed on guard plays. Moving into Ryan's spot in support of Captain Jack Adams is sophomore Nick Sanger. Bronzan stressed pass defense and protection in workouts this week in order to correct weakness shown in the Arizona State game.

To date the Golden Raiders have defeated Utah State, Hawaii, and Arizona State (Tempe). The New Mexico Lobos have won one and lost three. Their last defeat was at the hands of Utah State, 18-0.

The Spartans will leave the San Francisco airport tomorrow morning at 10:30 o'clock and are scheduled to arrive in Albuquerque at 4:30 p.m.

Voshall Hurts Knee, Undergoes Surgery

Max Voshall, first string soccer player and 1955 165-lb. NCAA boxing champion, will be out for the rest of the soccer season as a result of a knee injury sustained in Saturday's game with the USF soccermen.

Voshall underwent surgery on his right knee yesterday at the San Jose hospital for the torn ligament he suffered in the contest.

It was believed that Voshall will recover in time for the boxing season which will begin in January.

SJS, 2 Players Get Well Earned Praise

SAN FRANCISCO, Oct. 11 (UP) — If Southern California, University of Washington and UCLA will move over in the headlines for just a minute, we'd like to point out that some of the finest football on the west coast this year is being played elsewhere.

To be exact, at places like San Jose State, Whitworth, Fresno State and Whittier, to mention just a few.

If you think that is unlikely, take the case of George Maderos, start of last year's Chico State team, who has been a standout for the San Francisco Forty Niners in nearly every game this season, or, if you want to go back a few years, how about Dutch Clark, an unheralded youngster from Colorado A&M, before he became one of the professional game's all-time greats with the Detroit Lions.

Of course, San Jose State plays what amounts to nearly a big-time college schedule—without all the fanfare that accompanies such teams as California or USC. So, somewhat overlooked in the headlines, have been quarterback Tony Teresa and fullback Joe Uim.

"Teresa is the best split-T formation quarterback in the country," says head coach Bob Bronzan, "and Uim is one of the top fullbacks." The scouts seem to agree.

'Leadership Methods' Is CSTA Confab Theme; 10 To Attend from SJS Chapter

Leadership methods in the California Student Teacher's Assn. will be the theme of the annual CSTA leadership conference scheduled Friday and Saturday at Sonoma Mission Inn.

Officers of the SJS Chapter of CSTA will attend the two-day intensive leadership course. Twelve Northern California colleges comprising an estimated 200 delegates are scheduled to attend, according to Scott Mize, SJS chapter president.

In commenting on SJS CSTA activities, Mize said that plans are being laid for an intensive campaign to interest high school students in the San Jose area in the teaching profession.

"Last quarter SJS membership in CSTA numbered 350. There is no reason why we can't have 1000 members by the end of this semester," Mize said.

Those attending the conference are: Mize, Tom Williams, vice president; Howard Bryden, public relations; Clair Strauss, social committee; Miranda Torykian, secretary.

Henrietta Tello, publicity; Bill Blum, nominee to CSTA State Committee; June Baffum, news letter; Shirley Anderson, historian; and Eleanor Harding, treasurer.

Faculty Council Will Meet Today

Faculty Council will meet today at 3:30 p.m. in the Speech and Drama Building, Room 120, according to Dr. William Gould, president.

A plan for pre-registration will be discussed. Stanley Benz, dean of students, and Leslie Ross, registrar, will be present to offer suggestions on pre-registration which at a future time may take the place of our present method of registration.

Therapy Club To Hear Speaker From Agnew

Dr. Benjamin Siegel, an occupational therapist from Agnew State Hospital, will speak to the Occupational Therapy Club tonight in room B-72 at 7:30 p.m. The subject of Dr. Siegel's talk will be "Occupational Therapy and its Value in Mental Hospitals," according to Flo Kawahara, vice-president.

Kawahara stated that all O.T. majors interested are urged to attend. The club will make further plans for their cake sale tonight at the meeting. The sale will be Oct. 21.

Women Ushers Needed

Women students are needed to usher for the coming production of "A Midsummer Night's Dream," which will be presented Oct. 21, 22, 26, 27, 28 and 29. Anyone interested in ushering any of the nights may sign up in SD100. Uniforms will be provided.

Music Department Invites All Students, Faculty to Recitals

The Music Department invites all students and faculty members to attend faculty recitals being held every Tuesday and Thursday at 11:30 a.m. in the Concert Hall of the Music Building. These recitals, featuring faculty members and advanced students, are being offered in connection with the Survey of Music Literature course.

These recitals are designed to give students a chance to hear good music "live" instead of on record, according to Patrick Meierotto, music instructor.

Today Mozart's "Quartet for Oboe and Strings" will feature Wayne Sorensen, oboe; Myriam Zunker, violin; Frances Robinson, viola; and Donald Homuth, cello.

This work by Mozart is one of the few pieces of chamber music which was written especially for the oboe.

Art Group Plans Trip

A field trip to the art department and museum at Stanford will be taken Saturday at 10 a.m., by art fraternity, Alpha Gamma, it was announced by the president, Tom Richardson.

All members and those art majors and minors contemplating membership are invited to attend.

Delta Phi Delta To Hold Meeting

Delta Phi Delta, national art honorary fraternity, will hold its first meeting of the year Thursday, Oct. 15, at 7:30 p.m. in Room A22, according to Audrey Horsford, publicity chairman.

The agenda includes a report on the annual Beaux Arts Ball and discussion of trips which the group plans to take during the year.

Registration To End For Big Basin Trip

Today at 4:30 p.m. student signups close for science overnight to be held Saturday and Sunday, Oct. 15 and 16 at Big Basin, according to Bill Kurtz, president of Beta Beta Beta, honorary biological science fraternity, which is sponsoring this trip.

Students may sign-up for the trip in Room S120. Registration fee is \$2, and covers the price of four meals.

The activity is planned to instruct students in methods of leading field trips, according to Kurtz. "I would like to stress that this overnight is open to all students and not just to science majors," said Kurtz.

New Extension Course To Open Oct. 13 For Business, Industrial Relations Majors

Through the cooperation of Dr. Edward P. Shaw, head of the Industrial Relations Department, and Dr. Frank G. Willey, coordinator, Extension Services, a new extension course will supplement the curriculum of business majors and industrial relations people.

The course, Business x188, Safety, Training and Employment Techniques, will begin Tuesday, Oct. 13. The course will be conducted at Peter Burnett Junior High School from 7 to 10 p.m.

A tuition fee of \$15 will be payable at the second meeting of the class. The course, open to SJS students and employees of local industries, will give two semester units of credit on completion.

The new course is intended to introduce the student to the specific techniques utilized by business and industry in the fields of safety, training and employment.

Special emphasis will be on practical procedures involved in interviewing applicants, recruiting and testing and orienting. Safety and training techniques also will be emphasized. Practice, not theory, will govern the course.

Robert P. Thompson, personnel supervisor at SJS, will be the instructor. Thompson's major field of study was public administration and sociology.

At Westinghouse Electric Corp. in Sunnyvale, Thompson was an instructor in Westinghouse's supervisory training program. He was also supervisor of the transfer and promotional bidding procedure

Ticket Deadline Set

Deadline for picking up student tickets for the College of the Pacific homecoming game is 5 p.m., Wednesday, Oct. 19. All students must pick up tickets in the Graduate Manager's office by that time.

Clare Gard

Do you throw it away
or make it pay?

"You've heard it said that necessity is the mother of invention?

"Seems to me plain everyday American initiative is pretty inventive, too. Take the way Union Oil got into the dry ice business.

"Union, you know, supplies much of the natural gas used in Southern California. Well, some years back, we needed to increase the

DRY ICE ON THE WAY TO THE CUTTING MACHINE.

heating value of our gas as it came from the field.

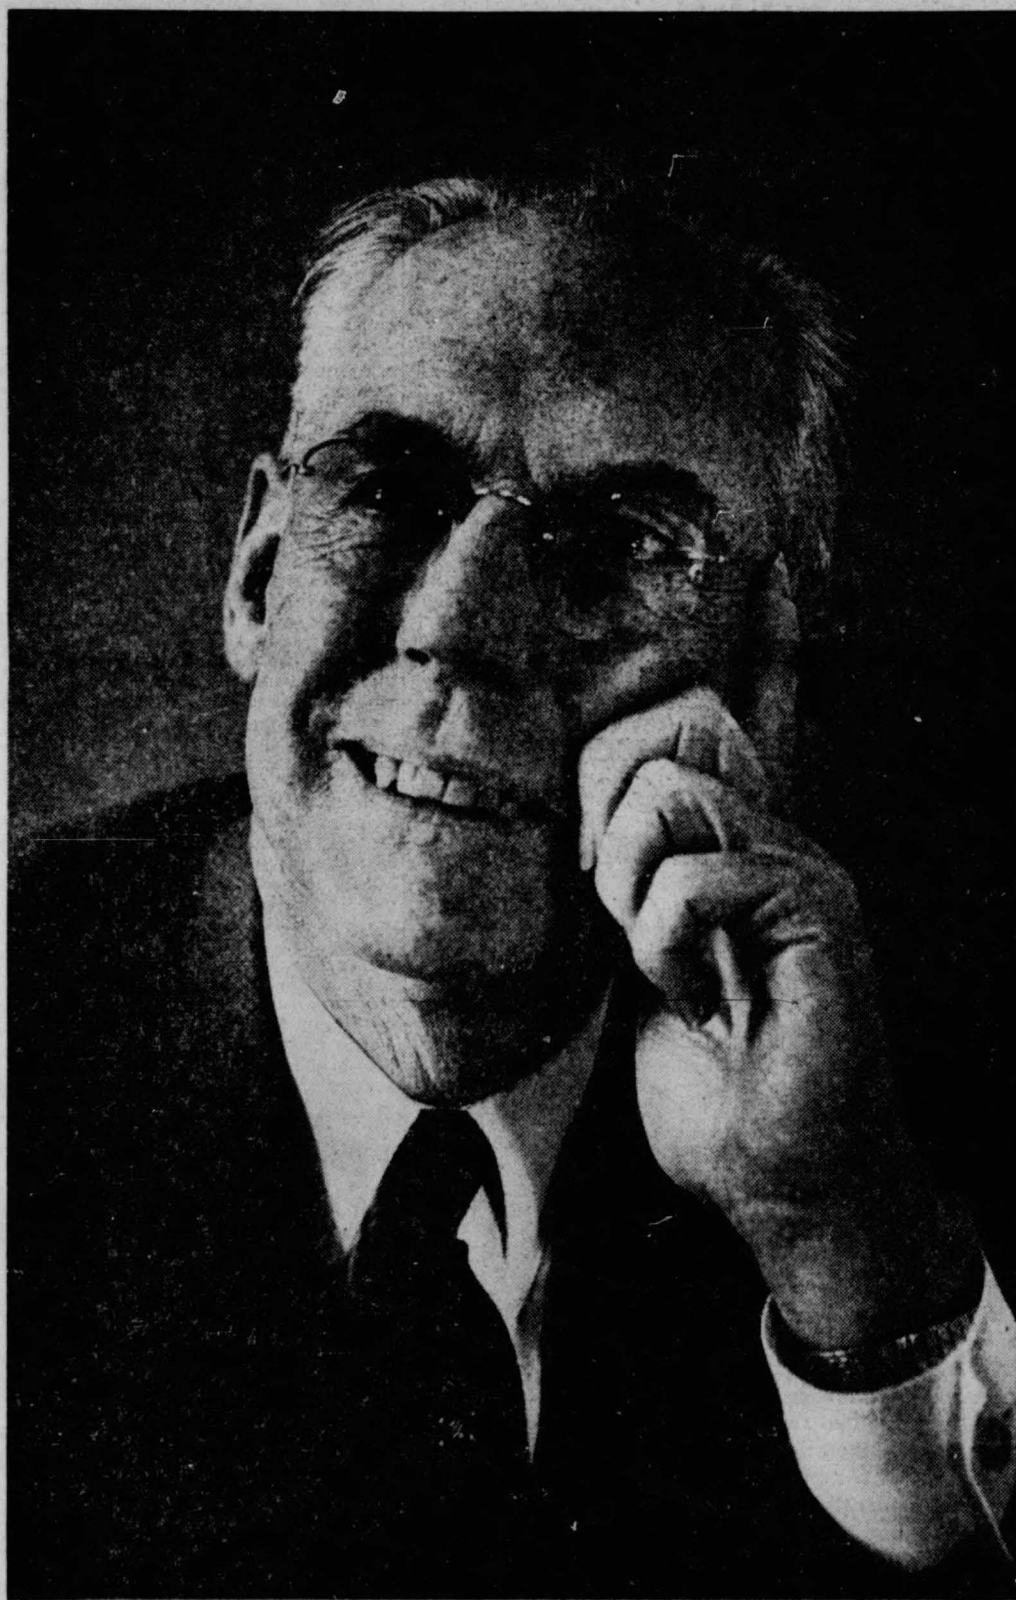

"We had a choice. We could enrich our product by adding other gases to it. Or we could accomplish the same thing by removing the CO₂, or carbon dioxide, from it. It was purely a matter of economics.

"We experimented removing the carbon dioxide with a process that had, till then, been used for quite a different purpose. It proved so effective it paid us to take out the carbon dioxide, even if we were to throw it away after we got it out of the gas.

"But that's the point. Instead of throwing the CO₂ away, we surveyed the dry ice industry, built an \$800,000 plant at Santa Maria,

THE PACKAGED DRY ICE READY FOR SHIPPING.

CLARE GARD, PROCESS ENGINEER—THIRTY-FIVE YEARS WITH THE UNION OIL COMPANY.

and converted our waste carbon dioxide into dry ice.

"That was 1948. Since then we've produced and sold over 102,000 tons of dry ice. And the plant's about paid for. See what I mean by American initiative?"

* * * *

Part of the initiative and inventiveness was Gard's, certainly. He was Process Engineer on the Santa Maria project.

A subsidiary company of ours has since built an ammonia plant which also makes dry ice. Union Oil is now the largest producer of this product west of the Mississippi.

So long as you and Gard and all of us continue to enjoy the encouragement and rewards of America's free competitive economy, this kind of inventive initiative will thrive.

YOUR COMMENTS ARE INVITED. Write: The President, Union Oil Company, Union Oil Bldg., Los Angeles 17, Calif.
