

Students Vote Today in ASB Elections

"THE WAY to a man's heart is through his stomach" is the theory that Epsilon Lambda Sigma will present tonight in the rally to be held in Morris Dailey Auditorium. The five COP stu-

dents are (bottom row) Dave Helbert, Dick Yamashita (top row) Carolyn Martin, Carol Fillmore, and Anna Ferri.

Candidates Listed Polls Expectant In Balloting Race Of New Record

The following is a list of candidates for ASB offices. Elections are scheduled for today and tomorrow in the Inner Quad.

SENIOR CLASS

President—Don Abinante
Vice President—Bob Bush
Secretary—Marylou Cattich, Carol Lucas
Treasurer—Joanne Leise

JUNIOR CLASS

President—Joe Clark
Vice President—Ray Cogo
Secretary—Liz Heath
Treasurer—June Geddes, Everett Gellerman

SOPHOMORE CLASS

President—Ted Terzakis
Vice President—Roberta Evans, Curtis Luft
Secretary—Maysel Dunham, Sheila Emerson, Jolly Hospers, Kay Rieder, Bonnie Soe.
Treasurer—open for candidate.
Female Justice—Alicia Cordona, Didi Smith
Male Justice—Milt Von Damm, Dave Yossem

FRESHMAN CLASS

President—Ernie Castro, Chuck Miller, Jack Rudd, Bill Sturgeon.
Vice President—John Aguiar, Gene Bui, Marlene Tipton, Dennis Palmer.
Secretary—Alanna Freitas, Cathy Gross, Masako Kawouchi.
Treasurer—Barbara Greuner, Yvonne Lemos, Diana Stell-ing.
Freshman Representatives—Gloria Handling, Cindy Klink, Arlene Phillips, Dee Williams Charlene Shattuck, Jim Wood.

Students will go to the polls today to cast their votes for 42 ASB candidates for class offices, Student Council representatives, and Student Court Justices.

"Much student interest and support has been shown so far this year, and it has been very encouraging," only hope it will continue throughout elections," commented Don Hubbard, student body president.

'Tigers' To Appear In Tonight's First Exchange Rally

More than 60 students from College of Pacific will journey to San Jose this afternoon to prepare for the first exchange rally of the semester that will be held in the Morris Dailey Auditorium tonight. Rally time is set for 8 o'clock, according to Dick Yamashita, rally commissioner for COP.

One of the highlights of tonight's rally will be a kitchen scene that displays the fact that football players are always hungry. The song and dance routine, which will be presented by Epsilon Lambda Sigma sorority, will try to prove that "the way to a man's heart, is through his stomach."

Another main feature of the rally will be the "Four-Fifths," popular male quartet that appeared in last year's exchange rally at SJS.

Also on the program will be Walt Elastic and his Rubber Band; a skit presented by Alpha Kappa Phi; two other skits presented by Omega Phi Alpha and Alpha Theta Tau, and a number of songs by the Hawaiian Club.

COP's Homecoming Queen, Shirley Johnson, will be introduced during the rally, Yamashita announced. He also stated that a special secret will be revealed at the rally tonight and urged all Sigma Chi fraternity to be present.

Also on hand for the rally will be the COP song-girls and yell leaders. Master of ceremonies will be Bob "Duck" Gaurin, COP student.

Phi Mu has 72 active national chapters, and Kappa Delta has 90 chapters. Kappa Delta is the fourth largest Panhellenic sorority. Both groups have plans to obtain houses but as yet, there have been no definite decision in this regard. Alumnae associations for both sororities are supposedly located in this region, but they have not yet been available for comment.

Cold, Sloppy, Wet Sez de Witherman

Lawdy Lawdy . . . Ah kin see it . . . feel it . . . smell it . . . Guys and dolls . . . it gives me (whoops lost mah accent) as your dadd from tarrup poisin' witherman. It give me great pleasure to announce that IT'S A GOIN' TO RAIN (lightly). Ever smelled that good arth after a precipitation? Soon yur agoin' to. As you read this it might be . . . alright ah'll be brave, it is aralin' right now. Thar ah said it and Ahm glad. It aint no more fair and warmer . . . its cold, sloppy, wet and exccruciatingly miz zerable. Don't bother me none tho; you folks are the ones thet are a live, heppy bendzine inhalin'.

Tomorrow Is Deadline

Tomorrow is the last day a student may drop a class without a penalty, according to Dr. Gertrude Cavins, assistant to the dean of instruction. Dr. Cavins has urged all those students that feel that they will not pass a course that they are now in should drop the course while they still may do so without a penalty.

Five Appointments For Sparta Camp Made By Council

After a week's delay, the Student Council made four appointments to the Sparta Camp Committee and named a director for the group in its meeting yesterday afternoon in the Student Union.

Ron Schmidt was named director of the committee after George Wildbruger, Jo Roy Turner, Joan Healy and Sally Marimonte had been named to the group.

Gary Clark was appointed male junior justice to fill the unexpired term of Al Figera who resigned last week.

In other action, the Council decided to extend the deadline for applications to the Festival of Arts Committee until Tuesday at 2:30. Al Behr was appointed temporary member of the committee until the new appointment could be made.

Behr asked the Council for, and received, \$25 to cover the mimeographing of the rules governing the awarding of the Selah Pereira Memorial Blood Drive trophy. SJS will assist the San Jose Elks Lodge No. 522 in sponsoring the contest this year.

SAN JOSE STATE COLLEGE
Vol. 43 San Jose, Calif., Thursday, Oct. 20, 1955 No. 22

Decision On Finals Week May Be Given

Final decision as to whether or not graduating seniors will be required to take final examinations will be made at the President's Council meeting tomorrow "if time permits discussion of the topic," according to Dr. Fred Harclerod, dean of instruction.

The recommendation that seniors take finals will be presented to the Council by a special committee headed by Harclerod. It is expected that the Council will approve the recommendation, as three of the members on the Council also served on the special committee. This recommendation has the unanimous approval of the special committee, according to Harclerod.

"I will also add my own personal unqualified recommendation that seniors be required to take finals," said Harclerod.

The reasons for the change are the decreased number of test periods during the semester system and the unfavorable attitude of many seniors during the last half of the term before they are graduated.

Seniors have been assured by Dr. Stanley Benz, dean of students, that senior week need not be changed. Benz indicates that it will be highly desirable to continue the activities, but on a different schedule.

ASB Voting System

Preferential ballots will be used again this year as the system of voting for ASB candidates, according to Bob Becker, chief Justice of the Student Court.

The ballot is arranged so that three columns appear opposite the name of each candidate. The voter is asked to indicate his first choice for a particular office by placing an "X" in column one, opposite the name of his first choice; in the same manner in column three.

The voter is to assume, in making his second choice, that the candidate of his first choice has been eliminated from the race, in making his third choice, that the first two of his choices have been eliminated.

If the voter has only one choice, he need not mark columns two and three.

First choice votes are counted first. If no candidate has a majority of votes after the first counting, the lowest candidate is eliminated and these votes cast according to their second choice. If there is still no majority the candidate with the least total votes is eliminated and these votes are distributed according to second choice if possible.

If the second choice candidate has been eliminated, the votes are given to the third choice candidate. This process is continued until one candidate has a majority of counted votes.

SJS Students Attending Saturday Night's Game Must Have Ticket, Card

All San Jose State students attending the COP game will be required to present their own ASB cards plus their game tickets in order to enter the stadium according to Jerry Vroom, graduate athletic manager.

"Student with ASB cards and game tickets will be entitled to sit in a reserved section for students and those who have tickets but no ASB cards will not be admitted in the special student section," stated Vroom.

Police will also check ASB cards to see if they are in the hands of the rightful owners. This procedure is necessary as the school loses thousands of dollars annually because non-students are admitted to the game free who would normally have to pay to gain admittance.

"ASB cards that are not in the possession of rightful owners will be confiscated," said Vroom.

ISO Elections Slated

Election of officers for the year will be held tomorrow when the International Students Organization meet in the Speech and Drama Building. The meeting is in Room 114 from 12:30 until 2:30 p.m.

New Campus Sororities Seek Interested Girls

Any girl who is interested in investigating either Phi Mu or Kappa Delta, the new sororities on campus, may file her name and telephone number with Miss Helen Dimmick, associate dean of students, in the activities office, Miss Dimmick announced yesterday.

Miss Dimmick said that she would then verify the scholastic eligibility of the girl and refer the name to the colonizing committees of both sororities.

Interviewing of interested girls will be done by Miss Marilyn Larson, field secretary for Phi Mu. Mrs. Carl Benninghoven, national president of the sorority, introduced Miss Larson to the SJS campus early this week.

Dr. Dorothy Kaucher of the Speech and Drama department is a member of Phi Mu sorority, and will assist Miss Larson with the colonizing.

Mrs. Clarence Texdahl of Berkeley is the province chairman for Kappa Delta and is in charge of colonizing for the sorority. She will be assisted by Mrs. Melvin Stuparich.

Phi Mu and Kappa Delta are

both national Panhellenic sororities, and were approved by the Recognition of Student Organizations Committee at the end of September.

Phi Mu has 72 active national chapters, and Kappa Delta has 90 chapters. Kappa Delta is the fourth largest Panhellenic sorority.

Both groups have plans to obtain houses but as yet, there have been no definite decision in this regard. Alumnae associations for both sororities are supposedly located in this region, but they have not yet been available for comment.

Seniors Re-sign

La Torre scheduled pictures to be taken Nov. 11. This day is a holiday, and pictures will not be taken. The seniors who signed for this day must re-sign for another day.

Those seniors are: Ben Pierce, Lou Gambello, Jerry W. Ledin, Betty Anderson, Marna Saufnaur, Bonnie Somes, Ellen Eckert, Anthony Perreira Jr., Mary Childrey, Bill Beasley, Geraldine Sams, and Corwin Bartfield.

Dr. A. L. Williams Announces New Fairness Members

Lori Coppes, George McFaddin, Rick Sherman and Jim Wood are the new student members of the Fairness Committee, according to Dr. Arthur L. Williams, secretary of the committee.

The Fairness Committee will meet today in Room T 207 at 3:30 p.m. according to Francis Gulland, chairman.

Any student who wishes to appeal a case is urged to attend the meeting. Other business of the meeting will include preparing fairness material to send out to new faculty members.

"Faculty and student members of the Fairness Committee are on an equal footing. This peer group relationship makes for greater objectivity in our decisions in both student and faculty case decisions," Miss Gulland commented.

"We meet on call, whenever a student or faculty member has a case to present before us," Miss Gulland added.

MOROCCO PREMIER SET

RABAT, Morocco, Oct. 19 (UP)—The new Throne council asked Si Fatmi Ben Slimane to become Morocco's first premier today.

Ben Slimane flew to Morocco from Paris earlier in the day and almost immediately went into session with the Throne Council inside the white-walled palace of the sultans of Morocco.

UNITED PRESS ROUNDUP

Water Supply Low

BERKELEY, Calif., Oct. 19 (UP)—Agricultural water resources in California are so low that a period similar to the 1927-1934 "dry cycle" would have a "catastrophic" effect on the state's economy, according to State Attorney General Edmund C. Brown.

The Attorney General told the California Personnel Management Assn. last night that the "corner stone of prosperity" in California lies in maintaining the present level of agricultural production.

That production, he said, is seriously threatened by lack of water resources.

HOLLYWOOD, Oct. 19 (UP)—Stage and screen actor John Hodiak, whose latest picture was to be premiered throughout the nation today, died of a heart attack this morning in his San Fernando Valley home.

The veteran actor, long a leading man both here and on the New York stage, was 41. He collapsed in his bath room, his studio announced.

His latest picture, "Trial," in which he plays an attorney, was scheduled to open its first run today.

San Andreas To Strike Again
BERKELEY, Calif., Oct. 19 (UP)—Perry Byerly, University of California seismology professor, predicted yesterday that the great San Andreas fault, which cracked California open for 270 miles in the 1906 earthquake will do so again.

Byerly said, however, he could not predict when the next big earthquake would shake Northern California.

The professor based his prediction on the observation that the west side of the big fault continues to drift northward at the rate of two inches a year.

CONCENTRATE ON ATTACK

WASHINGTON, Oct. 19 (UP)—The Administration has directed the military services to concentrate on the weapons and forces needed in the opening stages of a war and cut down on building long-term war reserves.

Defense Secretary Charles E. Wilson brought the new move to light yesterday in outlining a plan which he hopes will bring annual savings of about \$500,000,000 in defense spending.

Wilson said that the savings sought would be "just one little

piece" of the effort to balance the Federal budget and would help to offset increasing military spending in the field of weapons, radar and other new developments.

The emphasis on forces ready to strike devastating blows at the opening stages of a conflict fits the theory advanced by the air force, that another global war would be decided quickly because of the power of nuclear weapons.

SOMETHING NEW ADDED

WASHINGTON, Oct. 19 (UP)—Atomic researchers have proved the existence of anti-protons, particles of matter long believed theoretically to exist but never before isolated.

Scientists captured the "nuclear ghost" at the Atomic Energy Commission's radiation laboratory at the University of California at Berkeley. They did so with the university's \$9,500,000 bevatron, the world's most powerful atom smasher, in what was called "one of the classical experiments of nuclear physics."

The anti-proton is the negative version of a proton, one of the fundamental particles of an atom's nucleus. It is of the same mass as the proton but of a different charge.

SJS STUDENT casts her ballot today in the ASB election, which will be held today in the Inner Quad from 9 a.m. to 4 p.m. Candidates are running for class offices of Student Council representatives and Student Court Justices. —photo by Hawkins

EDITORIAL

Know Your Candidates!

Strange as it seems, most people actually do have a good reason for not voting. They say that if a person can't vote intelligently, he shouldn't vote at all. That is all too true. National elections could be catastrophic if everyone voted. In a democratic society, the important thing is that everyone who wishes CAN vote and for whom he wishes.

Seriously, nowadays it's probably the less intelligent college students who say they shouldn't vote. Elections are here on the SJS campus and that same apparently valid excuse will be given.

Naturally, there isn't a chance that more than 8000 students could possibly get to know all the candidates they will find running for offices. But a Spartan Daily tradition for years has been to allot space to each candidate to express his thoughts at election time. The national elections are judged in the same manner, not by people who personally know the candidates, but rather by voters who read their newspapers and listen to radios.

The Spartan Daily may not be a metropolitan paper, but it does offer students a chance to compare and judge each candidate for SJS offices on the basis of what that student says in the Daily. It gives each student a chance to vote intelligently and certainly ruins the excuse of "not knowing anything about who is running."

Don't vote just to be voting. Instead, take time to know something about each candidate. Take advantage of the campaigns and space candidates use in the Daily—then, as a voter, you will know your candidate!

M.T.

It's Tradition—No Finals

Dear Thrust and Parry:

In the recent decision made that seniors should take finals in their graduating semester, I was rather struck by the way sentiment over the matter spread rapidly like fire across the campus.

Why should graduating seniors under the semester system have to take finals, when it has long been a standing tradition that they don't? It was remarked that there are fewer tests in the semester system.

Scholastic achievement cannot be determined by the omission of one set of finals. Graduating seniors are assumed to have achieved their educational standards or they wouldn't be graduating!

Then how about the traditional Senior Week activities? Finals would call for a complete change in date, as would the commencement exercises. So let's keep the old tradition! Seniors, voice your opinions through your Senior Class officers so that they will be heard this Friday at the President's Council.

Centennial Junior Class
Plans Various Projects

The centennial class of 1957, who are better known on campus as the junior class, hold the rank as one of the most well spirited classes in several years at SJS.

This year the junior class is headed by Larry Conterno, president; Joe Clark, vice-president; Liz Heath, secretary; and Bruce Bush, treasurer.

Conterno stated at the first class meeting of the semester "This year is the most important year of the many we spend here at SJS. Our main function and project is the planning of the Junior Prom which will take place May 5." This dance is annually put on by the junior class in the Spring. The major planning of such a function does not lie in the mere plans of where and when to hold it, but in the many months of preparation that are needed in an effort to raise funds for the dance.

In the past, the junior classes have stumbled across the problem of financing the prom, which costs approximately \$750 to put on. Conterno feels that this year's junior class may profit by the past experiences of the other classes. He stated that various projects are planned for the coming year in order to raise funds.

AFTER GAME DANCE

Among these projects are an after-game dance which has been awarded to the juniors. The controversy of who was to sponsor the after-game dance was finally straightened out last week by SAB. The juniors were awarded the decision of the fricas because they had submitted their application last May, while the battling

DON ABINANTE (left), president of the Senior Class leads the class council in the discussion of senior week activities. The council hopes to get the Exposition Building at the fairgrounds for the Senior Banquet. There is no definite date set for the Senior Ball, as the question regarding when seniors are to take finals has not been settled. —photo by Downing.

Frosh Class Spirit
High; Objective List
Is All Encompassing

By DIANE COXHEAD

Enthusiasm and spirit within the Freshman Class is booming, and those who doubt this fact should stop by Morris Dailey Auditorium some Monday at 3:30 p.m. and see the number of students who attend and take an active part in the class meetings.

Due to lack of enough seating, the class was forced to move from the old Little Theatre into Morris Dailey Auditorium which is always more than half filled.

The Freshman Class, traditionally the most active, has four main objectives, according to Dr. Eleanor Coombe, class adviser.

1. To acquaint new students with student government, and offer opportunity for student leadership.
2. To give students a chance to know each other better; thereby, uniting the class.
3. To acquaint students with the many activities and committees that are available to them.
4. To bolster school spirit.

During the year, the Freshman Class takes turns with the sophomores in sponsoring the Frosh-Soph Mixer which is held once a semester. Other activities include fund-raising projects which not only benefit the class, but usually some worthy charity as well. The money-raising projects vary in scope from pizza sales and dances, to city-wide paper drives and carnivals.

'PENNY AN INCH'

This year, the Freshman Class has decided to hold a "Sadie Hawkins" dance on Dec. 2, for the purpose of raising money. The theme will be "A Penny An Inch," and girls will have to pay a penny for every inch their date is tall. The dance is open to all students, and it might be added that a terrific band is in store.

SJS Profs Slated
For O.T. Confab

Representatives of San Jose State College will participate in the 38th annual conference of the American Occupational Therapy Assn. which will be held Oct. 22-28 in San Francisco, according to Miss Mary D. Booth, associate professor of occupational therapy and head of the O. T. Department at SJS.

Dr. John T. Wahlquist, president of the college, will deliver the address of welcome at the opening general session Oct. 25.

"HOW ABOUT ONE OF YOU OTHER GUYS HOLDING THE BALL FOR A CHANGE?"

Senior Week Unaffected
By Council Says Jacobs

By RITA SABOL

It is almost certain that an SJS tradition will be broken and that graduating seniors will have to take finals this year. The President's Council will meet Friday and according to Dr. Fred Harclerod, dean of instruction, the recommendation that seniors take finals probably will be approved.

SENIOR WEEK TO GO ON

Don Abinante, Senior Class president, announced at a recent class council meeting that James Jacobs, co-adviser to the class, said Senior Week activities would not be curtailed as a result of the President's Council meeting.

Abinante also said in a recent interview that the class council would recommend to Dr. Wahlquist that senior finals be taken from a Thursday until the following Tuesday, leaving the remainder of the last week in school for senior activities.

Plans for Senior Week will be discussed in detail at the coming class council meetings and all seniors are urged to attend and lend a hand in the activities.

PRECEDENT BROKEN

The class of '56 will be the first group of seniors taking finals. Not only in this respect will this class be remembered on campus; it also will be remembered for its outstanding spirit and leadership.

"The spirit of the class has been unique," Dean Stanley C. Benz remarked in a recent interview. "The class has produced outstanding campus leaders in place of responsibility in student government," he continued, referring to Don Hubbard, ASB president; Jim Morley, ASB treasurer, and Sherry Nuernberg, former Freshman Camp director.

Harrison McCreath, co-adviser to the class of '56, said that as freshmen, this class impressed the college administration by taking the responsibility for a blood drive which was scheduled to be sponsored by the student body.

Approximately 300 pints of blood were donated in the drive and Dean Benz, on looking back at the event, commented, "Some of the freshmen were not even eligible to donate but since they had accepted the responsibility, they found people old enough to contribute."

CLASS MAKES MONEY

As sophomores, the class sponsored the Faculty Show, a ten-act performance which netted \$250, McCreath said. The money was turned over to the World University Service Fund.

Castlewood Country Club was the place decided upon for the class Junior Prom. The class of '56 is one of the few classes which has been able to get administration approval of an off-campus dance, McCreath explained. Although the prom made a deficit of \$150 in the class budget, McCreath said that it was "terrific planning and quite a success."

McCreath has advised and guided the class for almost four years and Dean Benz said of him, "the class adviser deserves a vote of thanks, too." Abinante summed up the entire class feeling with, "He sure has been great!"

MEETINGS

Institute of Radio Engineers will meet today in Room E103 at 12:30 o'clock. Guest speaker will be William Hightower, who will give a talk on "Microwave Panofamic Adapters." Refreshments will be served.

International Students Organization will meet tomorrow in SD 114 at 12:30 p.m. Election of officers will take place.

Physics Society will meet tomorrow at 1:30 p.m. in S126. All persons interested are invited to attend.

Psi-Chi will meet tomorrow in T201 at 12:30 p.m.

Student-Faculty Stamp Club will meet tonight at 7:30 o'clock in the Student Y. Guest speaker will be Dr. Alvin Beckett of the Business Department. All interested students and faculty members are invited to attend.

Student Y Cabinet will meet tomorrow morning at 7:45 o'clock in the Student Y.

Wesley Foundation will hold a buffet supper with COP Wesley Fellowship at 6 o'clock, Saturday evening. Transportation will leave the First Methodist Church at 7:15 p.m. for the game.

De Molay Association will meet tonight in Room 20 at 7:30 o'clock. All members are urged to attend.

Potential Class Officers Announce Platforms

Freshman Class

PRESIDENT

Ernie Castro—"I hope to establish the kind of government and activities that will make every freshman proud to be a member of the class of 1959. In order to do this, I will plan, with my cabinet, more activities so that more freshmen will be able to make the class of '59 the best class in San Jose State."

Chuck Miller—"Because of my activities in high school I feel that I am qualified to run for the presidency of the Freshman Class. I realize the importance of money in carrying out ideas both social and otherwise. Therefore, I would like to see our class have sufficient finances in its treasury."

"Three possibilities for raising money are aftergame dances, rummage sales and inter-class athletic events. My main objective is to see that the freshmen work together for greater benefit of both the class and the school."

Jack Rudd—"To get something out of college you have to work and work hard. Along with the work there is also a lot of fun such as dances, parties, football games and many other activities. Some of the organizations who sponsor these events are social groups, classes and the student body."

"Behind these organizations you find students who are leaders, who like to work and produce the various activities. I am convinced that I have the ambition and the leadership qualities to lead the Freshman class through a very successful and enjoyable year."

Bill Sturgeon—"To me there are two kinds of qualifications for president of a class. Qualifications of the past and qualifications of the present."

"My past qualifications are the offices I held in high school. However, I believe that the present is more important. The present qualifications for president are sincerity of purpose, willingness, eagerness, ability and last, the desire to see his class the most active class in SJS history."

"These are the qualifications of a good president. These, I believe, are my qualifications."

VICE PRESIDENT

Gene Hui—"I want to see the Freshman class get ahead. I feel that I am qualified, as I served as vice-president of both my junior and senior classes in high school, and as vice-president of the Northern California YMCA conference. I have also served as temporary vice-president here at SJS."

Dennis Palmer—"My aim is to coordinate all committee work initiated by the Freshman Class. I shall consistently strive to evolve the class of '59 into the most dynamic one that San Jose State has seen yet."

"While in office I shall continue all SJS customs and traditions, which play an important part in college life. I am looking forward to knowing my fellow classmates and to enjoying a great Freshman year at State."

Marlene Tipton—"With the thought in mind that our Freshman Class is one of the best, I should like to be elected as vice-president of this class to help start it out in the right direction in Social affairs."

"If elected I should like to be able to listen to every idea that is given with the idea to help the Freshman class. The individual is the nucleus of the class, and the individual would be represented."

SECRETARY

Masako Kawauchi—"I want to be active, I want everyone to be active and I want the class itself to be active on campus. I served as Junior Class president in high school and have been temporary Freshman Class secretary here at SJS. I want to help push our class forward so it will soon be on top."

TREASURER

Barbara Greuner—"If I am elected Freshman treasurer I will add my money-making ideas to those of the rest of the class. SUBTRACT money worries from committee heads and from the other class officers; MULTIPLY the Freshman Class Treasury and DIVIDE the money I can save among all the members of the class for loads of Freshman activities."

Yvonne Lemus—"If I am elected Freshman Class treasurer I will attempt to apply banking methods to the bookkeeping and financial matters of the Freshman class. I have had three and one half years banking experience and formerly was a member of the Associated Business Girls of California."

REPRESENTATIVE

Gloria Handling—"If I am elected I will work as hard as I can to get the ideas and advice of my fellow students over to the council. I am now serving on the Social Affairs Committee."

SECRETARY

Maysel Dunham—"I feel that I have had adequate experience in knowing and being able to carry out the duties of sophomore secretary, as I was secretary of the senior class at Palo Alto High School. At SJS I worked on the entertainment committee for the winter Frosh-Soph Mixer. Being able to serve the class again, this time as a class officer, would be an honor."

Sheila Emerson—"If I am elected Sophomore Class Secretary, it will be my greatest ambition to make the school year an even more successful one for my class. I shall work in close cooperation with the other members of the class council and my fellow officers."

Jolly Hospers—"I have been interested in the many activities of the Sophomore Class and would like to be able to be an active part of the organization. If I am elected, my aim will be to meet the standards which the previous class secretary has so ably set. In high school I was secretary to both the board of commissioners and the student council."

Kay Reider—"Like most students who run for class offices, I have a sincere desire to serve my class. I would like to have the opportunity to work with the class, promote unity within the class and promote good relations with other classes. I have served on the Homecoming Committee, Rally Committee, and have been active on Class Council."

FEMALE JUSTICE

Dick Smith—"Whether it is an organizational, individual or particular issue being reviewed, impartiality will be the guideline for my term in office as Sophomore Female Justice, if I am elected."

"During my freshman year at SJS, she served as vice-president of the class for two quarters and president for one quarter. In high school she gained judicial experience as Student Court Justice for a year, vice-president of the Student body and chairman of the school senate."

Sophomore Class secretary candidate, **Bonnie Soc**, did not submit her platform to the Spartan Daily office. The position of Sophomore Class Treasurer is open for a write-in candidate, after the disqualification of the only candidate who was running for that office.

Junior Class

PRESIDENT

Joe Clark—"If elected Junior Class President I plan to get as many people into activities as possible. As the big event for the Junior Class is the Prom, I hope to build for it, and make it the best one ever held at San Jose State. With experience gained in other activities in which I have participated, I have found a few new ideas I would like to bring into the Junior Class. These include ideas for both the meetings and the class in general."

SECRETARY

Liz Heath—"If elected as secretary of my class I will endeavor to fulfill the office to the best of my ability. I will work with the

Three candidates running for Junior Class offices did not leave their platforms in the Spartan Daily office for publication in this issue. They are Ray Cogo, vice president; Everett Gellerman and June Geddes, treasurer.

executive committee to get more class members interested in the activities of the class and will promote the activities of the class in every way possible."

Senior Class

SECRETARY

Carol Lucas—"Having worked with our class council since its freshman year and served a term as representative to Student Council, I feel that I have the interest and background for the office of Senior Class secretary."

SPARTAN DAILY 3
Thursday, Oct. 20, 1955

"The senior year should be the biggest and the best and I would like to work on the class council to make it so. It is my hope that you will give me the privilege and pleasure to work toward realizing this ambition."

The following candidates for Senior Class offices did not leave their platforms in the Spartan Daily office for publication. They are Don Abinante, president; Bob Bush, vice-president; Marjorie Catich, secretary and Joanne Leisi, treasurer.

Walt Disney To Display Personal Car At Pacific International Auto Show

Walt Disney will be one of the many exhibitors at the Pacific International Auto Show when it opens Saturday, Oct. 29, for a two-week run at the Oakland Exposition Building.

Disney wired confirmation to Jo Baldwin, exhibits manager, for a display space for his personal "Autopia" automobile, direct out of Disneyland. R. H. Carr, head of Disney's own automobile division and builder of the car to Disney's fantasy design, will be in charge of "Autopia" for the special Oakland showing. Disney drives the car which has never been outside of Disneyland.

"1956 Glamour Cars on Display" will be the theme of the show, according to M. L. Slonaker, show director. It will be the first major showing of the full 1956 line of American manufactured automobiles and the latest foreign models.

Thirty-six large center ceiling lamps and a new glamorous Champagne Patio will be among the Oakland Exposition Building innovations when the show opens.

Marketing Students Get Tour of Hart's Department Store

Twenty-five marketing students will take a tour of Hart's department store Friday, Oct. 28, according to Dr. Theodore J. Sielaff, accounting and marketing instructor.

Dr. Sielaff said that the students, members of his marketing class, will tour the store in groups of five or six so that they may have a chance to ask questions and informally discuss features of the store.

Store executives will act as guides and show the students the store layout, advertising methods, display procedures and warehouse facilities.

Another tour is planned for Nov. 16, according to Sielaff. He added that although the students participating in the tour are members of his marketing class, anyone particularly interested in department store procedures may make arrangements with him to make the tour.

I.A. Spring Student Teachers To Meet

All industrial arts majors and minors who plan to do student teaching during spring semester should meet in the I. A. lecture room tomorrow afternoon at 4 o'clock, according to Dr. Jim E. Stevenson, professor of industrial arts and education.

Placements for student teachers in the spring semester student teaching program depend upon attendance at this meeting. Placement applications will be filled out.

During the meeting, there will be a discussion of school assignments and the student teaching program itself. Student clearance will be checked by faculty members.

The huge lamps will extend the block length of the building, said Slonaker, and add illumination to the cars on display.

Pontiac, a General Motors product, landed a choice display space, adjacent to the new Champagne Patio, Baldwin reported. While details of the engineering and designing of this new model are trade secret, Pontiac assured itself of advantageous showing.

In addition to America's 1956 look in luxury cars, a special exhibit will be arranged to feature mechanical wonders yet undisclosed, experimental cars, jets as applied to the automotive industry, and special new accessories.

Skiers To Skate In Iceland Tuesday

The Ski Club will be traveling to Berkeley for a whirl in Iceland Tuesday, Oct. 25 at 6:30 p.m. A bus will leave from the Student Union at that time and all members who have paid their dues plus the \$1 transportation fee are eligible to participate.

Rental of ice skates and admission price will be 75 cents, payable at Iceland.

Interested students must make reservations and pay fees by Friday, if they intend to go. The money is being taken in the Student Affairs Business Office, Room 16, according to Pat Base.

Credential Candidates To Take Fingerprints

Candidates for credentials in January, who have submitted their applications, may make appointments now for fingerprints.

The appointment hours are Tuesdays, from 2 to 4 p.m. and 6:30 to 7:30 p.m., and Fridays, 2:30 to 4:30 p.m. Appointments may be made in the basement room below Room 34. Entrance to this room is on the outside of the Administration Building, below the windows of the Accounting Office.

Atomic Disaster Shelf Displayed in Showcase

The display case in the Home Economics Building this week is entitled "Emergency Shelf for Atomic Disaster."

It shows foods that should be on hand in case of atomic attack. There are also sample menus that could be used with these foods when there is no fuel available and also when both fuel and water are available.

The display was organized by Jo Ann Vick, home economics major.

Oliver Redington Elected New IA Club President

Members of the I. A. Club elected Oliver Redington as their new club president during a meeting held Tuesday in the I. A. lecture room.

Other newly elected officers include Dave Martinson, vice president; Russell Thorap, secretary; Art Till, treasurer; Harry Barton, refreshment chairman, and Bob Buckner, program chairman.

The club also discussed the success of the spaghetti feed they sponsored last Tuesday evening. Approximately 80 persons attended the affair.

SJS Faces Broncs In Own Pool Tonight

The SJS water polo team will attempt to change its luck in the home pool when it takes on the University of Santa Clara at 9 o'clock tonight. The freshman team meets the Santa Clara frosh in a preliminary game at 7:30 o'clock. Admission is free to anyone, and early arrival is advised in order to get a seat.

The Spartans have been away from home for the last three games, and came out on the short end each time. SJS suffered its worst defeat against USC, and played its best game of the season in bowing to El Segundo Swim Club.

Coach Ed Rudloff will start his second team against the Broncs tonight. He said that he hopes to play them the whole game—"if Santa Clara will cooperate."

Standing by to lend assistance if needed will be regulars Lee Walton, Art Lambert, Dick Threlfall, Ron Mann, Jim Vinzant and Larry Wood.

Starting for the Spartans tonight will be Rollo Koivisto and Jim Anderson from last year's varsity; Herb Colt and Hank Abouaf, up from the frosh; J. C. transfer Stan McConnell, and Harvey Corbin and Mike Thornton.

The Spartans will complete the week of action by hosting powerful Fullerton J.C. tomorrow night, and COP Saturday afternoon.

Probable starters for the frosh will be Ron Tuttle, Don Tuttle, Ron Paradiso, Cal Chamberlain, Dick Kirkland, Pete Ueberoth and Dick Silva.

SJS STARTING LINEUP 9 P.M.

Center forward—Rollo Koivisto
Left forward—Mike Thornton
Right forward—Jim Anderson
Center back—Herb Colt
Right guard—Hank Abouaf
Left guard—Stan McConnell
Goalie—Harvey Corbin

Chalk Talk

By JIM EGGERT

The next two weekends will either make or break the 1955 SJS football team. The Spartans have looked good so far this season in winning four straight games—three by shutouts, but the calibre of competition will be much greater tomorrow night and next Saturday.

COP and Stanford are having mediocre seasons to judge by the won-lost records of these teams. The Tigers have won three out of five games, and the Indians only two out of five.

But, on taking a look at the opposition they have faced, COP and Stanford aren't doing so bad. The Tigers got off to a bad start by getting dumped by Stanford, 33-14. Then they began to click. A fourth quarter touchdown enabled Purdue, then a top contender for the Big Ten crown, to nip the Tigers, 14-7. COP followed with convincing victories over Cincinnati and Idaho, and a close 13-7 win over Oregon State, especially impressive because of the Beavers' victory over Stanford and strong first half stand against UCLA.

Stanford's 6-0 victory over Ohio State (which we had the audacity to predict), and second half mauling of UCLA are enough to show that the Indians have a rugged outfit.

How, then, will the untested Spartans fare against such opposition? Man for man, the Spartans don't appear to suffer too badly. Tony Teresa, although not a Jacobs, Brodie or Gustafson when it comes to passing, must be rated their equal because of his running ability, timing on split-T plays, and fine defensive work.

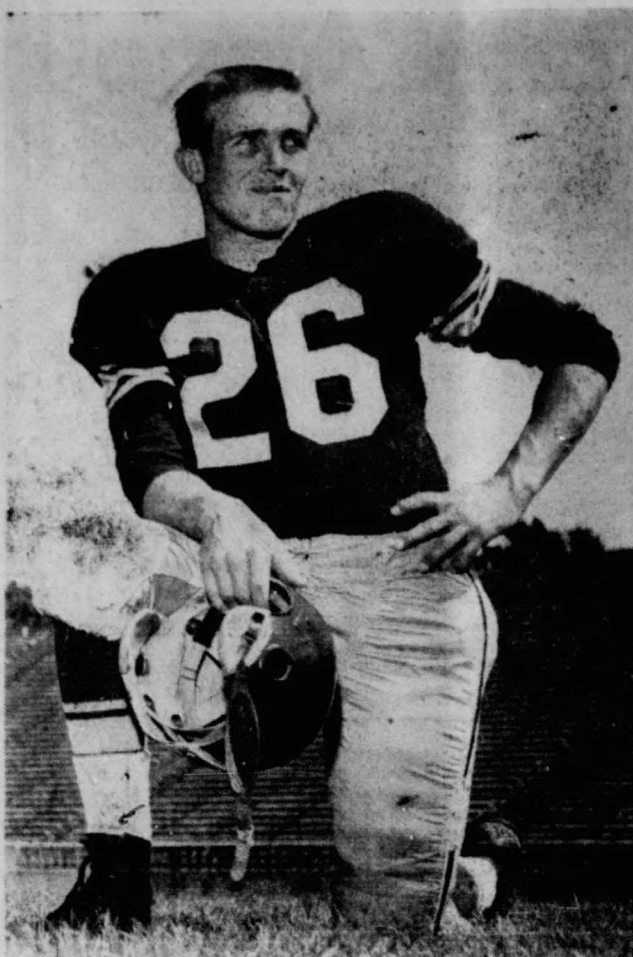

Elsewhere in the backfield SJS can match the Tigers and Indians first teams. However the answer might lie in COP and Stanford depth. These teams can run two backfields without too much worry. However, lack of depth at SJS is noticeable, as was evident in the Arizona State game.

In the line the same thing is true, but probably to a greater degree. However, both Stanford and the Bengals have been hurt by injuries to linemen, and don't have the depth there that they would like to have. One thing for sure, the Spartans won't have the weight advantage up front that they enjoyed in previous games.

Aside from the score, we got a big kick out of one thing in particular in the 49er-Detroit Lion game at Detroit Sunday. Detroiters proved that fans are the same all around the country. Up until his injury and removal from the game, Lion signal-caller Bobby Layne was plagued with boos and cries of "we want Gilmer" (second string quarterback Harry Gilmer).

We imagine that the 49ers' Yelberton Abraham Tittle got quite a laugh out of that. The Lion fans had their fill of Gilmer, too, for he proved less effective than Layne, and the once mighty Lions went down to their fourth straight loss without a win.

If the 49ers should lose their next game at home with the Chicago Bears (no offense intended to loyal rooters), we might be easily moved to sign a petition to have the San Franciscans play all their games on the road.

VETERAN HALFBACK Stan Beasley, above, leads the SJS backs in rushing yardage. Beasley overhauled former leader Joe Uhn in the New Mexico game. Beasley, Uhn and the other Spartan backs will find it tough going through the COP line.

GOOD NEWS for Spartan fans is that Tiger halfback Dewey Tompkins, above, may miss the game Saturday due to injuries. Tompkins ranks second in rushing for COP with 159 yards gained, and first in scoring with three touchdowns for 18 points.

Menard to Talk in Santa Clara Tonight

N. J. Menard, district attorney of Santa Clara County, will be the speaker at the Santa Clara University Student Bar Association meeting to be held tomorrow night at 8 o'clock. The meeting will take place in the Moot Courtroom in Bergin Hall, at the corner of Grant and Santa Clara streets, on the Santa Clara campus.

Menard will speak on the functions of the district attorney's office and will relate some of the famous cases in which his office has participated.

All San Jose State College students are invited to attend the meeting, according to Bill Smeed public relations director for the Student Bar Association.

Record Crowd Expected For Homecoming Clash

The crowd record for Spartan Stadium most likely will fall by the wayside for Saturday night's clash between San Jose State and College of the Pacific, the top two West Coast independents.

Grandstand seats on both sides of the stadium have been completely sold out and tickets for the bleacher section at the south endzone were being sold yesterday afternoon.

The record crowd for the stadium occurred in 1949 when 18,857 fans saw these same two traditional rivals battle for the bell.

Meanwhile, Coach Bob Bronzan's Spartans ended their heavy contact drills yesterday and appear to be in good physical shape for the Bengals. A doubtful starter for San Jose, however, is center John Perkins who injured his hand in San Jose's 14-0 victory over New Mexico last week.

Over in the Tiger camp, Coach

Jack Myers announced yesterday that COP may be without the services of starters quarterback Bill Jacobs and halfback Dewey Tompkins. Jacobs twisted his in-

jured ankle in drills Tuesday, and Tompkins' twisted ankle has not responded to treatment.

A light workout is scheduled for the Spartans today.

For Junior Class President

Jesse Owens Named Greatest Track Star

LOS ALTOS, Calif., Oct. 19 (UP)—Jesse Owens was named the greatest track and field star of all time; Cornelius Warmerdam the top field man and the track at Turku, Finland, as the fastest in the world, in a poll of 100 experts announced in the October issue of Track and Field News, international publication.

The experts gave 49 per cent of their votes to Owens, 12 per cent to Bob Mathias and 10 per cent each to Emil Zatopek of Czechoslovakia and Cornelius Warmerdam of U.S.

Owens, who was setting world records nearly a quarter of a century ago, has the oldest world mark still on the books: a leap of 26 feet, 8 1/4 inches in the broad jump on May 25, 1935. Five other world records, including one tie, made by Owens that memorable day, have since been bettered. He still is co-holder of the world mark for 10 meters and the 400-meter relays.

US Foreign Service Official Here Friday

David H. Schindell, chief of the Bureau of Recruitment, U.S. Department of State, will be at San Jose State at 2:30 p.m. on Friday afternoon to interview anyone interested in appointment opportunities in the Department. He will be in the Lecture Hall of the Engineering Building.

Schindell will welcome the opportunity to talk with anyone in the community, as well as college students, about the requirements for positions as service officers in the United States or abroad. Arrangements for Friday's interviews have been made by Dr. S. Laird Swagert, professor of political science.

CAMPUS INTERVIEWS FOR ENGINEERING AND SCIENCE EMPLOYMENT OPPORTUNITIES.

offered to persons trained in . . .

ELECTRONICS • MECHANICS
AERODYNAMICS • THERMODYNAMICS
MATHEMATICS • PHYSICS

CONVAIR-POMONA (California), a Division of General Dynamics Corporation, offers unusually challenging opportunities in one of the most modern, air-conditioned and best equipped engineering departments in the country.

The division, located in Southern California, is engaged in research, design and production of special weapon systems for the U. S. Navy Bureau of Ordnance.

The well-known guided MISSILE, "Terrier," is a product of this division.

The training program for engineers with no previous experience generally includes an orientation to the department and division, product familiarization, and first work assignment in the test laboratories or design groups working with experienced engineers.

See posters on your bulletin board or contact your placement office for specific time and place interviews will be held.
