

## Rally in Quad

SJS will have its first on-campus, daytime rally in several years Friday in the Inner Quad at 12:30 p.m., according to Jack Clarke, entertainment chairman of the Rally Committee.

"Meet the Team" will be the theme of the rally, and members of the football team, which was victorious over the Denver Uni will be introduced.

No. 5

## Registration Causes IBM Office Trouble

The IBM office is very busy right now, trying to get the final figures on this semester's total enrollment.

According to the latest report there are now 11,879 students attending San Jose State College. Of these 11,879 men and women, 9,491 are regular students and 2,388 are limited. Included in the 9,491 figure are 1,857 new students, 1,749 college transfers, 460 returning students, and 5,425 who are continuing.

## Faubus May Call Special Session Of Legislature

LITTLE ROCK, Ark. — (UP) — Gov. Orval Faubus declared yesterday that "At the moment it appears very likely there will be a special session of the legislature" to take up the Little Rock school integration crisis.

Faubus emphasized, however, that such a session "still isn't definite."

Faubus' words came shortly after the nine Negroes about whom the integration controversy has been revolving began their second week of classes without incident at Central High School.

They again were escorted into the building, but by only one paratrooper in contrast to the 24-man escort that conveyed them into the school Wednesday.

There were no mobs and only a few curious onlookers outside the building.

There was the usual concentration of white students on the front steps, but, in contrast to their past behavior, the students displayed indifference to the Negroes today.

The Little Rock atmosphere had thus changed to one of almost complete calm by the time the solid cordon of paratroopers who had stood a few yards apart along Schiller Street, one block from the school, was quietly removed during the morning. Two-man patrols replaced it.

Faubus, at an impromptu news conference in his office, continued to evade all efforts by reporters to pin him down to a definite statement about his special session intentions.

He said he would confer with state senators and representatives from all parts of the state to sound out their sentiments. He indicated he will let the lawmakers themselves decide whether he should summon them to Little Rock.

"It's well known that I have always yielded to the will of the majority," he said.

## NAVY CONCERT PLANNING

Mickey Simonet (left), Rally Committee chairman, and Don Ryan, ASB president, make preliminary plans for the Navy Band Concert, to be held Sunday, Oct. 20 at 2 and 8:15 p.m. at Civic Auditorium. Sponsoring the performances will be the San Jose Chamber of Commerce and the Associated Students of SJS.

## BELLE OF THE BALL

Keg of Anastasia, inadvertently left off the rolls of the San Jose State student body, discusses the social whirl at SJS with Gini Neilsen, Activities Office secretary. Keg may be a wallflower at dances, but is expected to enliven many a social event with her charming conversation and "rescue services."—Photo by Henning

## 'Keg,' Fulltime Dog Forgotten in Office

By FRANK SCHICKEL

Keg of Anastasia (Freshman, Turlock) SJS's only fulltime dog, was not included in the latest enrollment figures from the Registrar's Office.

States' forgotten coed, a seven months old Saint Bernard, enrolled last spring when she was six weeks old. Keg comes to class escorted by her owner, Ron Schmidt of the public relations office.

Keg attends every class period and is very attentive, Schmidt said. According to one of her professors she shows more of an intelligence response to the lectures than some of the other students.

In psychology last spring Keg received her first house breaking lesson. She is working on Ron to change his major from Public Relations to Audio Visual aids, so she can be near the lights and sound of the movie projectors.

This fall she is carrying 15 units and working in the public relations office every afternoon assisting Ron. She is a confirmed Coke-drinker at break time.

Like most of her fellow students she likes the social side of campus life as a relief from the hours of poring over her studies. Keg goes on dates with Ron and is an "active" of Alpha Tau Omega Fraternity.

At the ATO house she has a full size double bed and is the leading chow hound. Her gourmet of the house with her two pounds of horse meat and one pound of kibble at every meal. Her monthly food bill is close to \$40.

On stag nights you'll find Keg at the Kerosene Club with her fraternity brothers tapping her tail to the latest jazz beat. She has a beer mug reserved with her name on it.

Although Keg of Anastasia wouldn't have enough credits to receive her BA, the chances are good she'll be able to ride to success on Ron's degree.

## Shelley Leaves Union Contest

MIAMI BEACH — (UP) — Rep. John Shelley (D-Calif.) withdrew yesterday as a candidate for president of the huge Teamsters Union and called on his supporters to unite behind a move to defeat James R. Hoffa, the front-running candidate.

Shelley, who claimed 240 votes of the convention's 1,900, said he hoped his backers would get behind one of three Hoffa rivals — Thomas J. Haggerty of Chicago, William A. Lee of Chicago and Thomas L. Hickey of New York.

He described the three as "outstanding unionists who would attempt to keep the teamsters within the AFL-CIO." He said the election of Hoffa, Midwest teamster boss, might result in the ouster of the teamsters from their parent organization.

In the meantime, as the teamsters were opening their five-day convention here, 13 rank-and-file teamsters appealed to the U.S. Supreme Court in Washington to block the elections.

The group asked the high court to reinstate a federal district court injunction against holding the elections, which they claimed were rigged in favor of Hoffa. The injunction was set aside by a federal court of appeals late Saturday. A court aide said the appeal might be heard by Chief Justice Earl Warren.

The Teamsters Union also accepted an offer by the Senate Rackets Committee to make available more evidence challenging credentials of delegates to the convention.

## Delay Required Military Service

A delay from up to three years active duty has been given to Army ROTC graduates who desire to take graduate work, the Army News Service announced recently.

The new change applies to those cadets who will be graduated on or after May 1, 1958. The delay was originally limited to students doing graduate work in technical research and scientific activities.

The policy now permits consideration for any Army ROTC graduate entering graduate study in recognized fields at degree-granting institutions.

## Mystery Man Startles Students

A mysterious male, minus a shirt and clad in Bermuda shorts, startled Jo Ann Thornton and Chris Lee, SJS freshmen, as they were scanning the boarding house situation around campus.

Jo Ann and Chris, accompanied by their parents, were being shown through Merton Manor, 43 S. 5th St., by the house mother, Mrs. Roberts. After passing by a boiler room the girls said they were escorted to a basement hall or sitting room.

One of the parents, curious about the closet situation, opened a closet door and was greeted by an 18- or 19-year-old lad wearing Bermuda shorts and glasses.

The young man had apparently heard them coming and had hidden in the closet to avoid being noticed.

## Student Court Meets In Informal Session

Death of one justice, resignation of another and departure from school of a third will force the student court to meet in an informal session today.

Only three justices are on hand, Chief Justice Curtis Luft, Junior Bill Bjorge, and Senior Suzanne Slater, one short of the quorum required by the student constitution.

No agenda is prepared; the court members plan only to discuss possible courses of action this semester.

One justice, senior Ron Ortland, was killed this summer in a construction accident near Napa. Sophomore Barbara Johnson resigned because of lack of time, and Roger Tiffany, also a sophomore justice, left school.

Alice Kunz, court clerk, has resigned because of too many outside activities.

The court will be unable to form a quorum until Oct. 14, when applicants for these posts have been interviewed by the student council. Freshman justices will not be appointed until the December elections.

Two projects that may be taken up by the court this semester are bids to outlaw bike riding on campus and jurisdiction over persons discovered drinking at Spartan athletic events.

Student Court is made up of six justices elected by the students. A chief justice is appointed by the student council. Justices hold office one year.

It is the job of the court to interpret the student constitution and rule on the constitutionality of actions of student officers. The court also has jurisdiction over all associated students and student organizations.

## Class Cards To Be Used For Saving

Privilege cards, which will enable members of the Sophomore Class attend class functions free or at a discount, were explained at the first meeting of the year yesterday. Cards will sell for \$3.50.

Dick Jenkins, chairman of the privilege card commission, explained that the cards "have been tried successfully at other schools."

These cards will be effective as long as the students are members of the class of 1960. Whenever there is a class-sponsored function, members of the privilege card commission will decide how much of a discount will be given, depend on the number of cards sold.

Others on the privilege card commission include Liz Epps, assistant chairman; Paul Johnson, business manager; Sandy Creech, financial adviser; and Nancy Hanselman, secretary.

An intensified sales campaign will be staged during a two-week period beginning Oct. 28 and lasting until Nov. 8. Prizes will be awarded to the person who sells the most cards and to the living group with 100 per cent sales.

## FRESHMEN NOMINATE

The Freshmen Class nominated new officers and laid out future plans at a regular meeting in Morris Dailey Auditorium yesterday afternoon.

Big item on the class social calendar is the "Dance After the Game," sponsored by the Freshmen. Marsh Ward, dance chairman said there are four pages of names of persons who have volunteered to help with the dance.

The "After the Game Dance," scheduled for Saturday night at 9:30 p.m., will last until 1 a.m.

The Freshmen Class also considered a plan presented by Mickey Simonet, rally chairman, which would make it traditional for the freshman class to do a skit at every home rally for every home game.

All interested in working on the skit will meet Wednesday at 7:30 p.m. in the Student Union.

## SENIOR ELECT HISTORIAN

The Senior Class elected Bette Roberts historian at its meeting yesterday afternoon. Chairmen announced were Jan Bruder, Gorgeous Gams; Carroll Perkins, February Senior Banquet; and Curtis Luft, Senior Day.

Gorgeous Gams, the class' annual money-raising project, will be held Oct. 23, 24, and 25. The class also will sponsor an after-game dance Oct. 26, in conjunction with the Gorgeous Gams contest.

The seniors also are planning a party for the freshmen.

Lawton Thomas was appointed as the class' representative to the Community Service Committee.

## JUNIORS NAME COMMITTEES

A larger percentage of Junior Class members were in attendance at yesterday's meeting than at last year's, according to Carol Nanney, class publicity chairman.

Newly appointed committee heads include the following: after-game dance, Jerry Reith, class secretary; entertainment, Jennette McDonald; Junior Prom, Nev Griffin, class vice-president; community service, Bob Kesselrang; fundraising, Sylvia Staub and Dale Scott; and publicity, Carol Nanney.

SEN. WILLIAM KNOWLAND ... blasts Faubus

## Knowland Claims Faubus Urged Little Rock Crisis

Governor Orval Faubus of Arkansas "at least encouraged, if he did not actually invite," the disorder that has taken place in the Little Rock school integration crisis, U.S. Senator William Knowland declared at a press conference at the Hotel Sainte Claire last night.

Gov. Faubus, "from all I know, definitely mishandled the situation," Knowland said.

"The Federal court had given its judgement, and Faubus moved the Guard in to prevent the court's order from being carried out."

Knowland said President Eisenhower gave the authorities of the state "full opportunity" to carry out the court's orders and that "it was only after mob rule took over in Arkansas that he took the action that he did."

Knowland declined to comment on the possibility that he may run for governor of California. "I will make a statement on that subject in Sacramento at 9 o'clock Thursday morning," he said.

Knowland was scheduled to speak later in the evening at the Hawaiian Gardens. At that time, he said, he would "enlarge on union democracy."

"The rank and file of union (Continued on Page 4)

## Fair Weather

The weatherman predicts fair weather, gentle winds and little change in temperature for the Santa Clara Valley today. The high, he said, will range from 70 to 78 degrees. The disturbance that caused recent heavy rains in other areas of the state remains off the coast and probably will cause showers and thunderstorms in the mountains today.

## Deadlines Set For Fraternity Preference

All fraternity rushers must turn in a list indicating the fraternities they are most interested in to the Activities Office, Room 114, by noon Thursday.

The fraternities will be able to pick up these lists in Dean Martin's office between 4:30 and 5 p.m. Thursday. The fraternities must turn their bids into Dean Martin's office by 9 a.m. Friday. The rushers will pick up their formal bids on Friday afternoon in the Student Union Building between 1:30 and 4:30 p.m. The fraternities may pick up the bids in Dean Martin's office Friday afternoon between 4:30 and 5 p.m.

## Announce New Heart Instrument

WASHINGTON — (UP) — Development of a simple, safe and reliable electronic instrument to revive the human heart was announced by the government today. Officials said the invention holds promise of eliminating the need for thoracotomy, an emergency operation in which the surgeon opens a patient's chest and massages the heart with his hands in an effort to revive it.

The commerce department said the "simple, compact, safe and reliable" device was developed by the Air Force Aero Medical Laboratory. So far, it has been used experimentally on animals.

## Spartan Datebook

## Editorial

### Comes the Revolution!

The time has come fellow automobile owners. Throw off the shackles of high gasoline prices and low availability of parking spaces. Join the glorious bicycle movement.

This is not a pseudo-Karl Marx speaking. These comments are prompted by hard, cold observation.

Let's face it. There just isn't any space to park a car reasonably near our campus. That is, unless you have a 6:30 a.m. class. If you get here any later, forget parking any closer than 12th street.

To lapse into understatement, this is a problem. There is, at present, little regulation of parking facilities.

Perhaps one solution would be to issue parking stickers at registration. Then, the campus gendarmes could check the parking lots and evict any non-students.

Use of the SJS parking facilities by people other than students is definitely a problem. It has been reported that even during school vacations and holidays, when the majority of the student population is not around, the lots are virtually filled.

Some unscrupulous rascals are sneaking in. Merrily parking their cars. Giving students ulcers. And high gas bills.

However, until some means of regulating parking is devised, the bicycle revolution will continue to grow. It has reached such proportions already that bike racks have been placed on campus. And they're usually filled.

Cyclists, we salute you. You have, in the face of adversities, found a solution. Your parking problem is nil. You are getting healthy, riding in the clear, almost smog-free, San Jose air. No carbon monoxide fumes. No gasoline worries.

And to you, the poor oppressed automobile owners, we say, look forward. Make the switch from four wheels to two.

Drivers of the world, arise!

## The Circular File

By LEIGH WEIMERS  
Spartan Daily Editor

By way of a preface to this new column, let me tell you about the picture of me you see above.

I do not always look this way. At least, I don't think I do. Every once in a while, a smile actually crosses my countenance. Actually.

This picture was taken during the first week of school. That should be explanation enough.

Also, I was photographed right after lunch. Not that I have anything against lunch. Except that it comes right after the morning hours. And I hate mornings.

Mornings should be abolished. They come too early in the day. Everything should start at noon when the sun is up and the little birds are not stomping around on the rooftops.

According to a Boy Scout manual, which is required reading for one of my upper division classes, I am supposed to leap out of bed in the morning like a young deer, eyes shining, muscles rippling, alert.

Hah!

When the alarm goes off, I wish I was dead. Also, I wish everyone else was dead.

I have not seen what I was eating for breakfast for the past five years. Moreover, I have not cared. My eyes are not open until noon anyway. Teachers think I am dead and they are more right than wrong.

But even now, some elementary school teachers have the bald-

headed audacity to require their tiny pupils to recite:

"Good morning to you. Good morning to you. We're all in our places, with bright shining faces. And this is the way we start a new day."

Do not be misled, kiddies. You are being brainwashed. When you grow older and wiser you will realize this. You will be disillusioned.

Fight this movement. You could wind up looking like me.

## LITTLE MAN ON CAMPUS

by Dick Bibler

"Your term paper is sloppy, bad spelling, no organization, poor topic—but I'll accept it. I want to finish grading these papers so tell mother I may be a little late for supper."

## Audio-Visual Center Offers Variety of Instruction Aids

By CHARLENE SHATTUCK

Is it true that "movies are better than ever"? One of the best places for you to find out is at the Audio-Visual Center, which is now located in the new Centennial Building.

But movies (over 700 of them) are not the only type of instructional material which the Audio-Visual Center has available. They also offer 2200 film strips, pre-recorded tapes, production facilities, preview rooms, equipment operation services and consultation services.

Extension 422 is the number to call for materials or equipment for classroom showings. The center will guarantee projection service if given three days notice. In less time they try to do the best they can but make no promises. It is also possible to order materials which are not available on campus, but again you must give plenty of advance notice.

### CARD FILES

How do you locate materials for use? Inside the Center are located a series of card files containing the card catalog of films, filmstrips and pre-recorded tapes which are deposited in the AV Service Center. These are listed in the card file both alphabetically and by subject. Each card also gives a full annotation of the material, including its running time, its producer and its content. These cards are color-coded according to the materials listed. Cards for motion picture films have an orange stripe at the top, filmstrips are color-coded green, and pre-recorded tapes are blue.

There are also complete card catalogs of audio-visual materials in the Curriculum Laboratory which is located in the Education Reading Room, third floor, and in the general library card catalog. Cards on audio-visual materials of use in the different subject areas are also deposited in the Departmental Offices.

### THREE PUBLICATIONS

To find out about materials which the Center does not own a student may consult any of three publications which are placed on the table by the card catalog in the Center. The Center may rent motion pictures for you from outside sources or order materials for preview. There are also university extension division and other film library catalogs available.

If a teacher wishes to have a special film list for a given course prepared for him he may call the Center, and ask for Tom Clemens, Coordinator of AV Utilization Services.

To preview materials for use, one should see Mrs. Kay Bosshardt or Walter Fox at the Service counter. There are three small preview rooms and one large preview room located in the Center, which are all equipped with record players, tape recorder, filmstrip-slide projectors, and motion picture projectors. A projectionist may be secured to operate this equipment or you may do so yourself.

### STANDARD FORMS

There are standard order forms

available which are used to order materials from a source other than the AV Service Center.

Projection service may be requested at the same time you order films and filmstrips.

Students may check out equipment for course assignments if they give the Center a signed note stating the time and the course for which the equipment is needed. But it is not possible to check out equipment for functions other than instruction or to check it out over the week-end.

Bill Card, in charge of Preparation of Materials Services, will help anyone in planning charts, graphs, tapes, etc. Ray A. Litke, Coordinator of AV Technical Services, will give advice or assistance on a technical or electronic problem and will also help on set-ups for showings with special problems. If you have any other audio-visual problems, according to the Center, Tom Clemens is the person to see. If he can not help you he will try to find someone who can.

## Starline

HOLLYWOOD—(UP)—Filmtown celebrates its 50th birthday next month by loading a plane with stars and dropping in on 20 of the nation's largest cities.

Sponsored by the major studios, the golden jubilee is a departure from the usual exclusive wing-dings where only the elite are invited to sip champagne and nibble hors d'oeuvres.

This party will have the stars meeting the public face-to-face.

Cities scheduled for the tour are San Francisco, Portland, Seattle, Salt Lake City, Denver, Kansas City, Minneapolis, St. Paul, Milwaukee, Chicago, Dallas, Houston, Indianapolis, Detroit, Cleveland, Pittsburgh, Washington, Philadelphia, Boston and New York.

### RETURN TO TV

Eve Arden, returning to television after a year's hiatus, plays a chic woman of the world in contrast to her former plain-Jane "Our Miss Brooks" role—and she's hoping televisioners can make the switch, too.

"I'll miss being a schoolmarm," Eve concluded with a wry smile. "But even the teacher is allowed to graduate once in a while."

NBC-TV's Perry Como, having knocked off CBS-TV's Jackie Gleason, is squaring off against a new CBS-TV challenger this season—a detective named Perry Mason...

But Como, who is as limp as a girl scout's first tent, isn't worried. They're already making up gags about Perry vs. Perry," laughed Como. "The funniest one I've heard so far is—it's Perry the Catholic against Perry the Mason."

However, Perry Mason won't be his only competition, observed Como. The singer will be involved in a scramble for big-name guests with a mob of other musical shows.

### 17 SHOWS

"There are going to be 17 musical shows on this season," said Como as he shook his head gravely. "Well, the networks feel this is the kind of show people like—I like westerns myself—but I wonder what I'm going to be like in a couple of months."

"I have a feeling that around the first of the year, a lot of people are going to be hurt. It's impossible for 17 musical shows to keep going. But for a while, it's going to be pretty messy for everybody—competing for audiences and for guests."

"You know, guests are getting more and more difficult to get. Some of them, want, well, \$20,000 for an appearance, some of them. And you know our show has a top of \$7,500 for one shot."

Como figures his show has one advantage though over other shows. "I think we've got a small edge because many guests who have been on our TV show know how they've been treated by us and that makes 'em want to come back."

### NO PRESSURE

"As a result we don't feel too much pressure yet—we're going to have the Nat Coles, the Patti Pages and the Tony Bennetts on our show. Of course, you can always swap appearances with other stars—(Bob) Hope and Dinah (Shore) have offered me swaps—but I'm going to turn them down. You can't do your own show adequately and guest on other shows."

Como scratched his head and looked down in his coffee container. "You know, I've done a lot of thinking about this show and I keep trying to figure out what has made it so popular. Sometimes I try to analyze just what the heck I contribute to it anyway."

## Feeling Tired? Maybe It's Flu

By CHARLENE SHATTUCK

Are you feeling tired? Does your head ache? Do you have a sore throat? Chances are you are just suffering from Fallsemestertitis, but it may be that you are coming down with the Asiatic Flu, or as the Los Angeles State College Times calls it, "the Chinese answer to the Spanish Plague."

It seems that the flu has hit many campuses. The Daily Californian surprised its readers with this headline: "Flu bug star on TV show with UC aid." Not only is the nasty little fellow getting into all of the colleges, but he even managed to appear on a KRON television program, "Science in Action" (under the University of California's electron microscope).

But down Ventura way someone other than "Mr. Flu" is currently in the spotlight. She is Kathleen Fransen, an 18-year-old Ventura College coed who recently took a one-day cruise aboard the USS Philippine Sea. It seems that she was the only girl aboard a ship containing 3000 men. The Ventura College Pirate Press put it this way, "Purpose of the cruise was to 'show what the navy was doing—and with the VC coed aboard, the navy was doing a lot of ogling (in a very refined way of course)."

And while SJS is boasting a registration of over 11,000 students, Hartnell College in Salinas, California is reporting a new high in their enrollment. The total? According to the college paper, the Panther Sentinel, there are now 931 students enrolled. (Bet their Coop isn't half as crowded as ours!)

# Strong Devils Here Saturday

By RANDIE E. POE

The Spartan grid team had better have its arsenal loaded Saturday when it struts before the home folks for the first time this season at Spartan Stadium. Here's what a few notables have said about their opponent, Arizona of Tempe.

**COP Coach Jack (Moose) Myers:** "Arizona State should rank among the top 10 teams in the country." (Ouch.)

Denver U. backfield coach, John Shelley: "I just returned from Michigan State. They told me Arizona State beat the Big 10 out of at least 10 players." (Don't hit me.)

Bob Bronzan, SJS skipper for seven years: "Arizona State has the roughest backfield I've seen in years. They're in the same league as California when it had Johnny Olszewski. . . Halfbacks Bobby Mulgado and Leon Burton are simply terrific and fullback Joe Belland is the roughest line-backer I've ever seen." (Horror!)

## POWER OF WEST

A school of 7000 scholars which will have a brand-new, 30,000-seat stadium ready for occupancy next year, ASC bids to become the football power of the West. It is making a giant step toward that goal.

One thing seems certain: The team they'll trot onto the Spartan lawn Saturday might be the toughest all-around test this year for SJS.

Crushing nine of 10 foes last season, Coach Don Devine's team have swept past two opponents, Wichita and Idaho, in '57 play. Devine motored to Arizona State in 1955, leaving the head backfield coaching job at Michigan State.

He admits ASC now has his best team depth in three years, with 21 of last season's 33 lettermen returning. Only at quarterback will ASC present inexperienced operatives.

## MILLION-BUCK BACKFIELD

Coaches and spectators alike drool at the Sun Devils' Million-Buck Backfield, which spotlights Mulgado, Burton, and Belland.

A powerful, antelope-legged Negro, Mulgado rushed for 721 yards in 107 carries last season, scoring touchdowns in seven of his team's 10 games. On the halfback running pass, a weapon which Denver used to muddle the SJS defense last week, Mulgado hit 12 out of 23 passes for 289 yards.

Professional scouts have been trailing Mulgado since he drifted west from McKeesport, Pa. High School. Spartan Coach Bob Titchenal hopes they sign him before Saturday.

## BURTON IN FULL GEAR

Burton, whose 73-yard TD gallop took the tiger out of Idaho last week, is a midget-sized (5-7) halfback who speeds the century in 9.7. He migrated to the Arizona campus from Flint, Mich.

## Albert Offers No Alibis for 49er Loss

Coach Frank Albert had no alibis today for the 20-10 defeat his San Francisco Forty Niners suffered at the hands of the Chicago Cardinals Sunday, but he hinted he thinks his club is still the better of the two.

"I think if we played them 10 times, we'd win seven," Albert said.

Coach Ray Richards, apprised of this remark, was decidedly not in agreement.

"That's his opinion," he said emphatically.

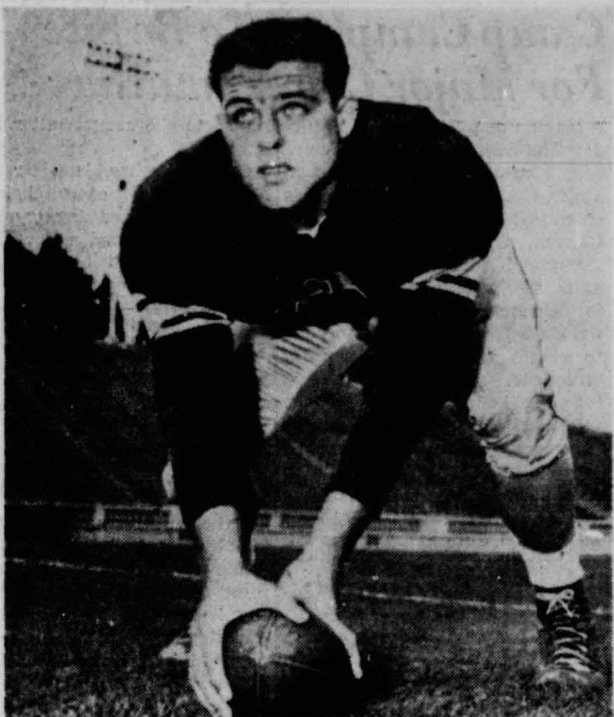

Albert said the Cards were "The finest team we've met."

SPARTAN DAILY—Page 3

## ARIZONA WHO?

Defensive-offensive stalwart Ron Earl, Spartan Center, gets set to meet powerful Arizona State Saturday night. Earl starred in SJS's 27-20 upset victory over Denver last Friday.

## Gridders Work Minus Pads, Face Toughie

Sending his charges through a light workout yesterday in sweat suits, Spartan grid coach Bob Titchenal lamented that "we'll probably be facing the toughest team this season in Arizona State Saturday."

Scouts Max Coley and Gene Menges, who watched the Sun Devils punture improved Idaho, 19-6, last week, reported that the Arizonans are everything people have said they were.

Titchenal believes Bobby Mulgado is "as good as any of them." Mulgado plays tailback in ASC's single-wing, switching to left half in the T.

## ALTITUDE HURTS

The SJS skipper and line chief Marty Feldman were happy with the Spartans' first-half blocking against Denver U. last Saturday, but both coaches felt Colorado's Mile High altitude took some steam out of the locals as the game progressed. The Spartans scored their initial win of the year over D.U., 27-20.

"Blocking and tackling will be our main points of emphasis," Titchenal cautioned, "because we can't let these Arizona State backs break loose."

## COLCHICO SHINES

End Dan Colchico, a hard-rocked sophomore, turned in an outstanding game against the Pioneers, muddling the Skyline team's pass-run option. Guards Herb Boyer and Stan Keith, one of the top combos on the Coast, also carded creditable showings in Denver.

The Injury Hex (knock on wood) has not visited the Spartans as yet. Paul Webb will be out of action for a day or so with an arm ailment and Fred Blanco is still bothered by a pinched nerve in his shoulder but neither injury is serious.

## Whitey Ford Opens Series For Defending Champ Yanks

NEW YORK (UP)—Southpaw Whitey Ford was nominated today by Manager Casey Stengel to pitch the opening World Series game for the New York Yankees Wednesday at Yankee Stadium. Left hander Warren Spahn will start for the Milwaukee Braves.

Stengel named Ford during a Yankee workout this morning. Milwaukee Manager Fred Haney designated Spahn as his starting choice two days ago.

"As long as he (Haney) is naming his guy," Stengel said, "I'll name mine. Everybody's been guessing Ford and that's who it will be." Ford, hampered by arm trouble a good portion of the season, had an 11-5 record while Spahn was Milwaukee's ace with 21 victories. Stengel said he still wasn't sure whether Bill Skowron would be ready for the opener but he indicated that Mickey Mantle would play.

Then, in his characteristic offhand manner, the Yankee manager pointed out that Hank Bauer would open in right field, Gil McDougald at shortstop, Andy Carey at third base and Yogi Berra behind the plate. He said he was still thinking about some of the other positions.

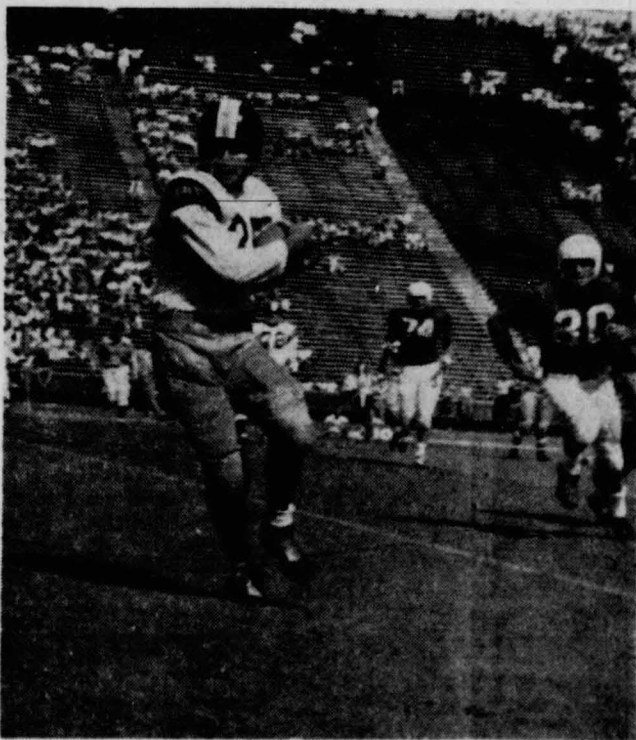

## State Soccer Team Meets Cal. Aggies

Coach Julie Menendez's San Jose State soccer team faces a tough foe in battling the California Aggies Saturday in its 1957 California Intercollegiate Soccer Conference opener.

The Aggies, boasting the services of several South American players, will make their conference debut against the Spartans at 1:30 p.m. at Spartan Field. The SJS team suffered a non-league loss to the Aggies last season.

Wenzel Gerhardt and Bob Bergman were singled out by Menendez as turning in outstanding efforts in last Friday's season opener against Santa Clara. The Spartans dropped a close 4-3 decision.

## RILEY ROLLS

Spartan halfback Jim Riley (with ball) accepts pass from Marv McKean and starts downfield against Stanford. Riley tallied once against Denver Friday in SJS' 27-20 upset triumph.

# Uppercuts

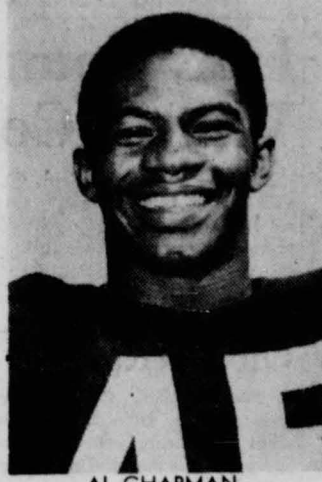

by Randie E. Poe Sports Editor

Aside from fooling most of the football saints and prophets Friday when they bopped Denver University, 27-20, the Spartan grid entry had a successful sojourn in other respects, too.

Two Spartan linemen, Herb Boyer and Ron Earl, captured a unanimous Denver abstaining from the vote) decision in the extracurricular fisticuffing which broke out in the final five seconds.

A serious-minded real estate major, Earl rushed to the aid of Boyer, who was being hooked and jabbed by 213-lb. D.U. tackle Bob Carter. In less time than you can say Faubus, elbows and fists cut through the crisp, 69-degree Colorado air.

Order was restored, however, before the Denver University band tooted its sophisticated version of the "Star Spangled Banner." Still, SJS copped the nod, without using its gruesome twosome, Nick Sanger (226) and Al Severino (230).

AL CHAPMAN

Al (Senator) Chapman, usually in the thick of most altercations, did an about-face Friday night and played the role of peacemaker. Chapman stepped briskly between the combatants, calling for peace and quiet. He seemed to be asking Denver to accept its defeat cheerfully.

Sports departments are accused from time-to-time of ignoring the human element of an athletic team's journey. The Spartans' victorious pilgrimage to Denver left this corner with the following word-pictures:

Boyer marching slowly up the aisle of the airplane, announcing that "Your next stop will be Little Rock."

Dick Volmer putting his harmonica to use, playing "Shane" over the loudspeaker.

## MATSUDA SPEARS STEAK

Ken Matsuda, preparing to spear a king-sized steak, complaining to the stewardess: "All we do around here is eat."

A hot poker game in the plane's rear-end, with KEEN sportscaster Bob Blum, Boyer, Bob Dunivant, Dan Colchico, and Ron Spilholz in the starring roles.

## EYE PEELED ON TEACHER

Bill Montero and John Colombero playing catch with the kids at a Denver grammar school, keeping an eye peeled on the kid's nicely-proportioned teacher.

Stan Keith quietly watching the plane's propeller, seemingly entranced.

Spartan athletic publicist Danny Hill scoring a decision over a Denver TV announcer, who asked how "a small school such as San Jose State felt after losing to big Stanford." Hill's reply: "Big Stanford has 7500 students; SJS has over 11,000."

## ARCHIE ARCHES HOMEWARD

Archie (Steakhouse) Ledman, at whose restaurant many Spartan gridders dine, wandering back to the Park Lane Hotel at 3 a.m. after celebrating the SJS triumph.

Chapman striding up the aisle chanting, "cigars, chewing gum . . ." The elevator boy approaching you in the bar to ask, "I thought you didn't have a football team."

## Sooners Pace Nation's Top 10 Grid Teams

NEW YORK—(UP)—Michi-

gan State's Big Ten powerhouse moved up to challenge position behind first-place Oklahoma in the United Press college football ratings today, and Iowa and Auburn advanced among the top 10 teams.

While Oklahoma was idle, Michigan State opened its season with a crushing 54-0 victory over Indiana and jumped two places to second. In points, Coach Duffy Daugherty's Spartans clipped Oklahoma's margin of last week from 130 to 62. The Sooners had 338 out of a possible 350 points to Michigan State's 276.

The 35 coaches who make up the United Press Rating Board placed four Big Ten teams among this week's top 10. Besides Michigan State, there was Minnesota in third place, Iowa in seventh and Michigan in eighth.

## TEXAS A&M CLIMBS

Texas A and M, Oregon State and Navy occupied the fourth through seventh rankings, and Duke and Auburn were ninth and 10th. Auburn, 7-0 upset winner over Tennessee, made the biggest advance of the week, vaulting all the way from a tie for 26th place.

Twenty-seven of the leading coaches, whose ratings have become recognized as the most authoritative in college football, made Oklahoma their No. 1 choice. Four voted for Michigan State and one each for Texas A and M, Iowa, Duke and 17th-ranked Texas.

Minnesota jumped two notches to third place, Oregon State advanced five places to fifth. Navy went from seventh to sixth and Iowa from 12th to seventh. Texas A and M and Michigan each fell two places from last week.

## OKIES FACE IOWA ST.

Oklahoma, seeking its third straight national championship, resumes play next week against Iowa State. The Sooners have won 41 straight games. Michigan State takes on California and Minnesota plays Purdue.

Georgia Tech, tied by Southern Methodist, and Tennessee, beaten by Auburn, dropped out of the top 10 this week.

## Soviets Plan Satellite Can't Track

WASHINGTON—(UP)—Soviet Scientists disclosed conditions yesterday which will make it difficult if not impossible for most other nations to track Russian earth satellites by radio.

They also refused to give any details about when they expect to launch their first artificial moon and about the orbit they expect it to take in its flights around the world.

Four Soviet scientists joined scores of their colleagues from a dozen other nations at a conference being held there this week on rocket and satellite programs for the International Geophysical Year.

The other scientists had looked forward eagerly to getting technical information about the Soviet program to put artificial satellites into the sky. The United States, the only other nation with a satellite program, has supplied a wealth of such information.

Such information is necessary for international cooperation in tracking the artificial moons, and precise tracking is necessary for success of scientific experiments associated with the satellites.

The United States and cooperating countries have set up 10 so-called "minitrack" radio stations which will get the first information about the U. S. moons.

## FRANKIE AND 'BABY'

Smiling as they leave a Hollywood theater are Lauren Bacall, widow of Humphrey Bogart, and Singer Frank Sinatra, who are dating frequently. (International Soundphoto)

## Testing Office Announces Test Times

Personnel tests for graduate students who have not yet taken them will be given Saturday in Room 17 from 8 a.m. until noon, according to Robert Hicks, psychometrist in the SJS Testing Office.

Personnel tests for freshmen and transfer students will be given on the same day from 8 a.m. to 5 p.m. in Morris Dailey auditorium. Students in this group who have not taken the tests are required to do so, Hicks said.

## L. A. Counsel Proposes Water Compromise

SAN FRANCISCO, Sept. 30 — (UP)—Los Angeles County Counsel Harold W. Kennedy yesterday proposed a compromise solution to the California North-South battle over water based on the principle of equitable proration.

### Cal Veterans

The following Cal Vets are requested by Glen E. Gutormsen, accounting officer, to report to the Accounting Office, Room 34, as soon as possible:

George R. Baker, Alfred Beck, Eldon R. Brewster, Gene W. Buffum, Joaquin Chavez, Harry A. Fromm, Robert O. Lindemann, Norman E. Little, Charles M. Nader, Berkeley J. Summers, James L. Williams, and Miss Norma I. Williams.

## SDX To Edit Spartan Daily Home Edition

This year's annual "send home" edition of the Spartan Daily will be on sale, at 10 cents a copy, the week of Oct. 21, according to Bob Craft, president of Sigma Delta Chi.

Members of SDX, national professional journalistic fraternity, will compile the four pages of the paper, which is published in addition to the regular issue.

Pictures and news of campus life and activities will constitute the highlights of the publication, Craft added. He expects to sell 500 more copies this year than were sold in 1956.

## SJS Extension Service Schedules Several Classes in Evening School

San Jose State will offer evening classes in education, real estate, industrial management, and secretarial work, according to Dr. Frank G. Willey, Coordinator of Extension Services.

Classes in education beginning this week are Evaluation of Elementary School Instruction, Seminar in Economic Education, Home and Community Relationships, School Personnel Policies

and Procedures, and a course for experienced teachers who are seeking a general elementary credential.

A real estate course for salesmen and brokers who are interested in improving their real estate knowledge or in taking the examinations for a real estate license begins tomorrow at Burnett Junior High School.

Opening Oct. 7 will be a course for secretaries to executives or administrative assistants of industrial plants.

Fremont Union High school has held first sessions of the four courses in industrial management already. There are classes in Cost Control, Management Training, Production Materials and Processes, and Engineering Economy. Interested persons may contact SJS Extension Services.

## Camp Campbell To Be Site For Major Camp Saturday

Major Camp will be held Saturday and Sunday at Camp Campbell, according to Janice Carlin, Major Club adviser. The camp is sponsored by Major Club and Tau Gamma.

Physical education and recreation majors and minors interested in attending should see Janice Carlin before tomorrow afternoon to obtain tickets and camp instructions.

The tickets are \$3.75 for the weekend trip. This price includes transportation, four meals and overnight facilities. Transportation provided will be on the college bus which will leave the campus at 7:30 a.m. Saturday. The bus will

return to the campus after lunch Sunday.

Colette Freitas, junior P. E. major, will be camp chairman. Various sports and singing and entertainment around a campfire in the evening will be among the planned activities.

## Best Essay Writer To Get U.S. Bond

A prize of \$200 in U. S. Savings Bonds will go to the student writing the best essay on "What Philosophy and Principles Should Guide the Relations of Management and Employees?" The contest is open to full-time students majoring or minoring in personnel administration or industrial relations.

The nationwide contest to stimulate the interest of college and university students in industrial human relations will be co-sponsored this fall by Industrial Relations News and the American Society for Personnel Administration. Contest will close midnight, Dec. 14, 1957. The prize winning essay and two honorable mentions will be announced in May 1958.

Entry blanks and contest rules may be obtained from Industrial Relations News, 230 West 41st St., New York 36, N.Y.

## Knowland Claims Faubus at Fault

(Continued from Page 1) members are not now properly represented by their unions," Knowland said. "If they are not granted this proper protection of their rights, I will urge at the next session of Congress that measures be enacted to insure that they get the protection they deserve."

"And," Knowland said, "if I was governor of this state and the legislature passed a fair and equitable right to work bill, I would approve it." Knowland avoided a discussion of the educational system in San Jose State and other state colleges "I will not comment on my views regarding public education in California until and if I announce my candidacy," he said.

## MARINES HIT BEACHES

## French Premier Ousted; Algeria Policy Rejected

PARIS—(UP)—The French National Assembly toppled the government of Premier Maurice Bourgès-Maunoury yesterday by rejecting his plan for home rule in Algeria. Unofficial results showed he lost a confidence vote 279-253.

## CAHPER Holds Council Meeting

CAHPER members will hold their first executive council meeting at 7 p.m. tonight at the home of Janice Carlin, associate professor of physical education, 540 S. 7th St.

Purpose of the meeting will be to plan further meetings and projects and to start a membership drive.

Officers for this year's unit will be Bob Wallace, president; Carolyn Hodge, vice-president; George Wildburg, program chairman; and Patti Turk, publicity chairman.

## French Honor Society Will Hold Open House

Iota Delta Phi, French honor society, will hold open house for all students interested in French at 7:30 p.m. Tuesday, Oct. 8, in the Student Union.

Short talks explaining activities and background of the group will be given by Dr. A. B. Gregory, faculty adviser of Iota Delta Phi, and Ted Johnson, president. In

addition, a movie depicting life in France will be shown and refreshments will be served.

Officers for the spring semester also will be introduced. They are: Johnson, president; Robert Davis, vice-president; Rod Norton, secretary; and Leonard Sumney, treasurer.

Iota Delta Phi was established 25 or 26 years ago by Dr. Gregory, Johnson said. French is spoken at all of the meetings. Qualifications for membership include a semester's residence at San Jose State College and a three point (B) grade average in French.

The group meets biweekly and is currently considering the presentation of a French play in the French language.

## SJS Contributes Books To Asia

San Jose State College has contributed 1840 books and 29 journals to become second largest donor in the national drive for Books for Asian Students.

The student body gave used books in the drive sponsored on campus last spring by Tau Delta Phi, men's honorary scholastic fraternity. The books will be given to the Ministry of Education in Seoul, Korea, according to the Asian Foundation.

## Upper Division

The SJS Nursing Department has juniors for the first time, reports Miss Grace Staple, head of the department. A department for SJS nursing students was established in 1955.

On Wednesday the faculty held a "get acquainted" party for teachers and students, Miss Staple added.

## 'Y' Firesides Will Continue

The Student "Y" will continue its program of student-faculty firesides tomorrow evening when two SJS professors will open their homes to students, according to Lee Crider, president of the group.

Dr. Marion Bird, professor of mathematics, and Dr. Whitaker Deininger, assistant professor of philosophy, will host students in their homes.

All students who wish to become better acquainted with these two faculty members and their fellow students are invited to attend this fireside, Crider said.

Transportation will be provided for students wishing to go to the fireside. Crider stated that those who wish to attend should meet at the Student "Y", 205 S. 9th St., at 7:30 p.m.

## Language Clinic To Hold Meeting

First meeting of the language clinic will be held at 12:30 p.m. in SD 122 Friday, Oct. 11, according to Philip Persky, assistant professor of English and foreign student adviser. The meeting, open to all interested persons, is designed to help new foreign students master the English language, Persky explained.

At each session, one or more students will give a brief talk about his homeland. Since these students come from every continent except Australia, these meetings will offer interesting glimpses of countries all over the world and permit foreign students to meet both their American hosts and other foreign students, Persky added.

Refreshments will be served at each meeting.

## Spanish Club Names Officers

Spring semester officers of Sigma Delta Pi, national Spanish honor society, were announced recently by Dr. William Moellering, society adviser.

Society officers and their respective positions are as follows: Philippa Stewart, president; George Potos, vice-president; Donald Leininger, recording secretary; Claudia Mapes, corresponding secretary; and Sydney Henry, treasurer.

In order to become a member of Sigma Delta Pi, Dr. Moellering said, a student must have a 2.5 over-all grade point average, a 3.5 grade point average in Spanish, and must have completed six units of upper division Spanish.

In the past, the Spanish honor society has presented plays and programs in Spanish.

## SJS Graduate Gains AF Wings

Lieut. Raymond P. Farlin, a January 1956 graduate of San Jose State, recently received his silver navigator wings of the United States Air Force in graduation ceremonies at Harlingen AFB, Texas.

Lieut. Farlin received his commission through the Air Force ROTC program at the college, where he received his bachelor of arts degree in business administration.

He is the son of Mr. and Mrs. Raymond L. Farlin of Redwood City. Lieut. Farlin will receive further advanced specialty training in radar bombardment and electronics.

## Policy Statements Are Delayed

"Guidelines for 200-Level Courses" is the title of a series of policy statements recently developed by the Graduate Studies Committee. These statements concern planning, staffing, teaching and evaluating graduate courses. They have been approved by the Dean's Council and President John T. Wahlquist, according to Dr. James W. Brown, head of the graduate division.

Copies of the series are now being distributed to graduate faculty members in the various departments, and will be discussed in more detail at a later date.
