SAN JOSE STATE COLLEGE

SAN JOSE, CALIFORNIA, TUESDAY, OCTOBER 28, 1958

Vets Must Sign

Tomorrow is the last day for Vets to file attendance forms, it was announced from the Korean Vets Office.

The K-Vets office cautioned the failure to sign for it will result in a delay of subsistence checks.

SJS KOED - Radio Opens for Service

SJS radio station KOED went on the air yesterday and offered itself as a service to all students. In turn it was offered the congratulations and well wishes of the faculty and students.

In a broadcast that was well received by a large Cafeteria audience, the following persons welcomed KOED to the air:

Dr. William J. Dusel, vice president of the college: "For many years San Jose State has been pioneering in closed-circuit radio and television. We are glad to provide the opportunity for students in this endeavor a chance to gain practical experience. The faculty sends KOED its best wishes."

Dr. Harold C. Crane, head of the Speech and Drama Department: "KOED is designed to be a service to the student body. We in Speech and Drama would like to welcome it as the newest voice in Santa Clara Valley."

Dean Elizabeth A. Greenleaf, associate dean of students: "KOED can be very valuable to San Jose State. There is at present a need for adequate and good communication on campus."

'CAMPUS COORDINATION'

Robert L. Baron, assistant to the dean of students: "San Jose State is a rapidly growing campus community. A service such as KOED offers will be a big help in coordinating campus activities."

Dick Robinson, president of the student body: "I would like to welcome KOED on behalf of the associated students. For over 100 years, San Jose State has been a pioneer in education and progress. KOED's program is in keeping with that progress."

Henry Oeser, master of ceremonies for the opening 15 minutes, gave some historical background on information about broadcasting at SJS, and presented the plans and purposes of the present operation.

'BEST OF RADIO'

"The best of radio produced by Spartans for Spartans," he said. "In addition to keeping its listeners informed of all campus activities, KOED will present a program of news, music and special features aimed at informing and entertaining San Jose State students."

Some of the interviews scheduled for this week's broadcasting are with Carol Sandell, head song girl, and Mark Duncan, backfield coach for the San Francisco 49ers football team. The weekly Greek Show will open its series on college fraternities and sororities Thursday with a show devoted to Phi Sigma Kappa fraternity.

All campus organizations were urged to contact KOED if they want to advertise any of their functions. This is part of the service offered by the new station.

A special feature of the newscast was a short tape-recorded segment of Saturday night's game with Denver University, as announced by Kevin Swanson, KOED's radio station manager.

Grover Grant, staff announcer, opened the final 30 minutes of the program with, "KOED, the captive audience station emanating from the tomb of King Tut, brings you living, black and white radio."

Cardinals Cast Ballots Again After 9 Failures

by United Press International

VATICAN CITY — The Sacred College of Cardinals will try for the third day this morning to elect a new pope. The cardinals will continue voting—twice in the morning and twice in the afternoon—until a successor to the late Pope Pius XII is chosen.

BROWN SPEAKS IN S.J.

SAN FRANCISCO — Attorney General Edmund G. Brown, Democratic nominee for governor, speaking at a San Jose luncheon yesterday denounced what he called his opponent's "11th hour turntrumps and gutter campaign." Brown asked Californians to repudiate U.S. Senator William F.

Word Usage Of 'Hustler' Explained?

By BOB WILSON

"Why in the heck did they name it 'Hustler's Handbook'?"

Don Brown, public relations personnel committee chairman, looked at me from behind the booth in the Outer Quad, one of the various places where the handbook will be on sale until Wednesday for 50 cents. "It's what the students called the old 'Sparta Key'."

"But why? I always thought a hustler was an aggressive person."

"Oh, hustler doesn't necessarily mean you are aggressive," said a business major standing near Brown. "A hustler is one who is busy, persistent, and resourceful, usually so that he may accumulate money."

"Well, I think . . ." I started to say, when a student in a crew-cut interrupted.

"A hustler is an extremely energetic or 'pushing' person, who is trying to sell himself or something. I know, I'm a public relations major. I make big pedestals for small people."

"Well, in Sinclair Lewis' book . . ." again I started, only to have a language major step in front of me and say, "The word 'hustler' is derived from the Dutch word 'hutselen', meaning to shake together, to and fro."

Everyone around the booth started shouting and yelling their own definition of the word, until I spotted a pretty brunette on her way home.

"Who's that?" I asked, as all heads turned.

"June Swoon," Brown informed us.

"Wow, where does she live?" winked the business major.

"Does she have a telephone?" questioned the language major.

"I don't know, but all that information is here," said Brown, waving a red Hustler's Handbook in front of us.

We all pitched 50 cent pieces at Brown, grabbed a handbook, and started flipping through it towards the S's.

"Where's the nearest phone?" the business major, language major, public relations major, and G.I. student were shouting.

But my chances of getting a date with June Swoon are only spiritual now; for I was the one killed in the stampede to the nearest telephone booth.

'SYLVIE AND PUP'

Pretty Sylvia Clone, SJS graduate, appears concerned over the antics of a certain puppet while rehearsing for Wednesday's television production of "Sylvie and Pup" on a San Jose television channel. Manipulating the puppet is Jerry Juhl, a SJS student.

TV Puppeteer Attends SJS

By BILL PHILLIPS

Jerry Juhl, a junior speech and drama major at San Jose State, becomes the "man behind the curtain" Wednesday when a new puppet television show premieres at 4:30 p.m. on Channel 11 (KN-TV).

Juhl voices and manipulates the puppets on the new "Sylvie and Pup" television program after many performances before organizations in Santa Clara Valley.

The show is a special one-time-only program, but Juhl says, "with any luck it will be scheduled as a regular daily show beginning sometime in November."

Juhl commented that if it is a success Wednesday, all it will need "is a sponsor."

Juhl, from Menlo Park, has participated in many radio-television activities and theater productions at SJS.

SINCE 1955

Jerry established the Menlo Marionettes in 1955, a group that worked together for more than three years. He played some 350 performances.

He also has worked with the Oakland Recreation Department as a member of the Vagabond Puppeteers.

Joining with Juhl is a graduate of SJS—Sylvia Clone. She will be featured as the show's hostess.

Miss Clone, who lives at 2221 Dry Creek Road, San Jose, holds bachelor and master of arts degrees in playwriting and drama.

An accomplished actress, she has performed in Little Theater productions and has had roles with the San Jose Junior Theater, the Actor's Repertory Co., Juliet Playhouse and San Jose Theater Guild.

She won the annual college playwriting contest for her "Chop Chin and the Golden Dragon" which later was produced on the stage and television in San Francisco.

While taking part in the special TV program, she serves as a substitute teacher in drama, speech and literature at San Jose City College.

CO-WRITERS

Both Miss Clone and Juhl are co-writers of the new television program for children. The third member of the team is producer-director Mel Swope, former SJS student.

Swope, who has worked as technical assistant at Stanford University and SJS, was production as-

Voting Booths Open To Select 10 Queen Finalists Thursday

Student body elections will choose 10 Homecoming queen finalists Thursday.

Voting booths are to be located in the Inner Quad and by the south door of the Speech and Drama Building.

Pictures of the 30 candidates will be displayed on posters at each polling place. Booths will

be open from 8:30 a.m. until 3:30 p.m., according to Joyce Rowson, queen committee chairman.

The 1958 Homecoming queen will be selected at a fashion show to be held at 8 p.m. in Morris Dailey Auditorium, Nov. 6.

Announcement of the queen and her court will be made Nov. 7 at

the Coronation Ball. Site for the Ball is Exposition Hall of the Santa Clara County Fairgrounds.

Candidates and their sponsoring organizations are:

Alma Lee Burns, Wendy Glen; Judy Allen, Alpha Phi Omega; Helen Barker, Phi Sigma Kappa; Jean Battersby, Gamma Phi Beta; Ziska Baum, Kappa Kappa Gamma; Diane Chamberlain, Alpha Eta Sigma; Alice Collins, Alpha Chi Omega; Sharron Colombero, Sigma Kappa.

Ellen Covey, Alpha Phi; Patricia Eble, Phi Kappa Alpha; Susan Lee Gaylord, Chi Pi Sigma; Margo Gregson, Kappa Delta and Janice Hill, Marimur Hall.

Beverly Hoffdahl, Sigma Alpha Epsilon; Barbara Johnson, Chi Omega; Corrine Lobdell, Catholic Women's Center; Susan McIntyre, Kappa Alpha Theta; Nancy Newman, Alpha Tau Omega; Ruth Nielson, Delta Upsilon; Sheila O'Brien, Delta Sigma Phi; Merle Osborn, Theta Xi; Diane Perry, Delta Gamma; Lana Porter, Kappa Alpha.

LaDonna Schulz, Sigma Nu; Bonnie Smathers, Delta Zeta; Georgie Steele, Phi Mu; Julie Williamson, Sigma Phi Epsilon; Joyce Wilson, Marian Hall and Marilyn Wylie, Alpha Omicron Pi.

Passage of Prop. 11 Could Aid Railroads

By RUDY DEL RIO

Proposition 11, Local Street and Road Bonds, would add wording to the present law to permit issuance of bonds for roads and separation of grade districts by cities and counties.

Under present law money accrued from vehicle registration and fuel tax must be used "exclusively and directly" for highway purposes. Bonds cannot be issued under present wording.

Backers of Proposition 11 contend that it will take over 30 years, using present revenue allocations, to bring streets up to today's traffic. They argue further that street, road and grade separation projects must be undertaken immediately, through issuance of bonds. Interest on bonds could then be paid off from gasoline tax revenues, according to backers.

Opponents of Proposition 11 argue that passage of this measure would make it possible to use gas revenues to meet grade separations cost previously borne by railroads. Previous 50% railroad contributions of such costs were whittled down by 1957 legislation and measure 11 would make it possible to eliminate railroads' share altogether, according to opponents.

Legislation as Notary, Proposition 12, would permit members of Legislature to become Notary Public. Under present provisions a legislator cannot hold a notary public commission during his elected term.

The State Constitution prohibits members of Legislature from holding any office under the state, and the state Supreme Court has stated that a notary public is an officer of the county which commissioned him, hence the ban on notary commissions for legislators.

Backers of measure 12 say that it would be a great convenience to the public if Legislature members could notarize documents. They argue that there is no conflict of interest.

Opponents of Proposition 12 argue that there is no need for further notary publics, since there is no shortage. They also argue that it would violate tradition of legislators holding only one office.

Proposition 13 would make the office of State Superintendent of Public Instruction appointive by State Board of Education with Senate approval. The Superintendent's office is now elective.

Proponents of this measure argue that voters are not qualified to judge competence of professional educators interested in the Superintendent's office. They also argue that appointment would bring selection method in line with school districts throughout the state. Backers further contend that the Governor has full responsibility for educational programs but does not have the staff (Continued on Page 2)

Red China's 'Admittance' to UN Wins by Slim Margin, Poll Shows

Results of the International Relations Club poll concluded Friday showed 242 "Yes" votes; 227 "No" votes; and 97 "No comment" ballots.

"Should the United Nations admit Red China?" was the question asked.

"The U.S. cannot bury its head in the sand any longer . . . it cannot continue to be indifferent . . . it is the withholding of Red China from the U.N. that's causing pres-

ent world tension over there," was one student's views.

Another student voted in favor of admitting Red China "if West Germany and Japan were added to the Security Council."

A "No" balloter felt that Red China should be kept from the U.N. "due to their current actions in Quemoy."

"The International Relations Club would like to thank all students who participated in the poll," Paul White, president, said.

Junior Dance 'Huge Success'

Dean Eslick, Junior Class president, reported that due to the success of the class after-game dance held Friday in the Cafeteria, any organization wishing to use the new campus building can contact Michael Dolan, Cafeteria manager.

"Dolan was very pleased with the turnout and the conduct of the students at the dance," Eslick said.

Coffee will be sold to night class students from 8:15 to 8:45 on the first and third floors of Centennial Hall by the Junior Class. Sales will start Monday night.

Interested Juniors may sign up for Junior Prom committees Thursday at 3:30 in CH236.

SENIORS

"The Good Earth" will be Friday's Flick sponsored by the Senior Class.

Walt Newberger was appointed public relations chairman and senior La Torre pictures were discussed at yesterday's meeting.

Refreshments were served at the meeting, according to Jack Wise, publicity chairman.

SOPHOMORES

Further plans for the Sophomore Class after-Homecoming dance were discussed at the class meeting in S210.

David Lubker was appointed to the dance committee and Tom Doak was appointed class community service representative, according to Lisa Gray, publicity chairman.

FRESHMEN

No information was available from the Freshman Class.

Music Prof Gives College A 'Touch of the English'

We have a touch of the English in the Music Department. Leslie G. Orrey of Goldsmiths College, University of London, is an associate professor. This makes his second time at SJS upon invitation.

He taught in the 1953 summer quarter and now is replacing Harold Johnson, associate professor of music, on sabbatical leave in Mexico.

Orrey, born in Durham County, England in 1908, since 1926 has lived in London, where he was educated and later known as lecturer, conductor and broadcaster.

STUDIES, EXPERIENCE

Orrey studied at Royal College of Music, London, and with Doctors C. H. Kitson, Gordon Jacob, also the late Doctors Constant Lambert and Herbert Fryer.

He is an associate of the Royal College of Music, a music bachelor (comparable to a U.S. doctorate) and fellow of the Royal College of Organists, the highest honor given English organists.

Until World War II, he was an instructor at Westminster School and Morley College, both in London.

After serving in the Royal Air Force, he joined Goldsmiths, where he has taught except for a term at Ohio State University and the summer in San Jose.

He conducted Goldsmiths choir and orchestra and this semester is teaching counterpoint, orchestration and composition.

Author of four books, he has written articles for music magazines including "Music Review," "Music in Education" and "The Listener."

ABOUT THE U.S.

"The sunshine, especially in San Jose," was the Englishman's reply to a question of what he liked most about California.

He and his wife, the former Elsa Todd, live at 325 Williams St. Mrs. Orrey, a pianist, met her husband, then her instructor, at Morley College.

"If I were younger, I might consider teaching permanently in the U.S.," the professor stated. As it is, he will return to Goldsmiths when Johnson's sabbatical is terminated.

WELL WORTH WITCHING

Halloween Time Brings 'Good Witch' To College Theater

"The Good Witch of Boston," first of two children's theater productions to be staged by Speech and Drama students this season, features a large cast in an early-American, fairy-tale setting.

The show, opening Thursday, marks the first directorial assignment for Jack Neeson since he joined the faculty this year.

Heavy ticket sales of last season's children's plays prompted the department to play the production on Main Stage in the College Theater.

Shown in picture, left to right, are Sally Cotton, schoolmaster's wife; Gretchen Given, the Good Witch; and Dan Knowles, Schoolmaster.

Performances are Thursday and Friday at 4 p.m. and Saturday at 10:30 a.m. and 2 p.m. Tickets are available at the Theater Box Office for 50 cents.

Arts in the Area

Until Nov. 30—Van Gogh's paintings and drawings on exhibit at de Young Museum in San Francisco, 10 a.m. to 5 p.m. daily.

Until Dec. 20—"The Music Man" produced by San Francisco Civic Light Opera Co. at the Curran.

Opens tomorrow Oct. 29—International Film Festival at the Metro Theater, San Francisco.

Nov. 6, 7 and 8—"Showboat," produced by San Jose Light Opera Co. at Civic Auditorium, San Jose. Curtain time 8:30 p.m. Proceeds to go to Ming Quong Home, Los Gatos (Thurs.) and Notre Dame High School (Sat.).

Nov. 7—Concert, Mezzo-Soprano Irene Dalis featured by Santa Clara Philharmonic Orchestra, University of Santa Clara Auditorium, 8:30.

Nov. 3.—Audubon Screen Tour, featuring Robert C. Hermes. Lecture and film titled "Ranch of the Purple Flowers" wild life of Venezuela. Morris Dailey Auditorium, 8:30 p.m.

Music Lit Class Features Solos

Frederick Loadwick, tenor, and assistant professor, and Jane Fritz, soprano and senior student, will sing solos composed by Dietrich Buxtehude and Giacomo Carissimi today at 11:30 a.m. in the Music Building Concert Hall.

They will be accompanied on strings and the piano by Gibson Walters, professor; Donald Homuth, assistant professor; Miss Frances Robinson, associate professor; Janice Down, graduate; and Joan Goodwin, senior.

Three piano students of John Delevoyas, assistant professor, will play Bach and Mozart compositions Thursday.

Students are Wayne Nadeau, graduate; Karen Becker, junior; and Sylvia Woodkey, sophomore. Helga Kinman will accompany Miss Woodkey. Public is invited.

Propositions—

(Continued from Page 1)
for the Board of Education to carry out its policies.

Opponents of Proposition 13 argue that the democratic right to pass judgment on candidates for the highest educational office must be preserved. They also argue that since the Governor appoints the Board of Education, and the Board would appoint the Superintendent of Public Instruction, the Governor virtually would be appointing the State Superintendent.

The present elective system has worked well for over 100 years

Idaho Vandals To Be 'Tough' Says Head Coach Titchenal

By RALPH CHATOIAN

"Idaho will be as tough as any team we have played so far this season," Bob Titchenal, head football mentor, said yesterday. The Spartan gridders will meet the Idaho Vandals, Saturday afternoon, in Boise, Idaho.

San Jose State, fresh from its 27-7 smash over Denver University Saturday night in Spartan Stadium, will be making ready for its tough encounter with the Idaho 11, who are coached by J. Neil (Skip) Stahley.

Titchenal had praise for the Spartan front wall who he thought did a great job last week against the Pioneers.

"We made the crucial plays Saturday, which I think was a big factor. In our previous games, we missed the crucial; that really hurt us," Titchenal said.

The head grid mentor believes the SJS backfield did a tremendous job carrying the ball. Titchenal named fullback Sam Dawson, halfbacks Oneal Cuterry, Ray Norton and Doug McChesney as running "real great."

Sam Dawson, who was switched from halfback to fullback prior to Saturday's contest, will be pressing John Colombero and Kent Rockholt for the fullback

slot. According to Titchenal, all three men will be seeing plenty of action.

"It seemed the SJS Student Body had more spirit Saturday than it has had, in the past," Titchenal stated.

The young coach pointed out the importance of student backing at the grid games, stating how it helps the footballers drive harder for those first downs and extra yardage.

"We are in better shape than ever before," Titchenal said. Dick Earler had to be helped off the field after he was knocked unconscious in the Denver battle. McChesney suffered a minor injury in the contest also, but both men will be ready to meet the pesky Vandals from Idaho.

The Idaho squad will be much larger than the Spartans. The smallest inner lineman on the Vandal team weighs 215 lbs. They will average close to 15 lbs. per man more than the Spartans, according to Titchenal.

Idaho uses the same type of offense as SJS. It plays a wide-open type offense with a flanked halfback and a split end. The Idahoans have been passing 50 per cent of the time.

Fullback Ken Hall will give the Spartans plenty of trouble when he packs the leather. Hall is a squatty 5-8, but he tips the scales at 192 lbs.

Jim Norton, the split end, and Bob Dehlinger, the flanked half, will give the Spartans plenty of static receiving Idaho passes.

Finmen Gain Decisive Win Over Maritimers

SJS varsity water polo team gained a decisive victory last night, to return to their winning ways, with a 16-2 win over the California Maritime Academy in the Spartan pool.

The victory was the first, following two defeats suffered at the hands of the San Francisco Olympic Club and the Cal Bears for the Spartans.

High point men for the Spartans were Bill Augenstein, Daryl Uecker, Roger Scaife, K. C. Cooper, Mike Bozzo, Jim Watts and Pete Ueberroth with two goals each. Don Delany and Rich Donner collected one goal each.

The Spartans will now prep for the tough Oakland Athens Club, who will appear at Spartan pool Thursday at 8 p.m. Friday will find the Spartans playing Cal Aggies at Davis.

When the Spartans take to the water lanes Thursday against the Athens Club they probably will face their toughest competition to date. Oakland's lineup is dotted with former Cal players. The foremost of the select group are Kirk Bathgate, Bill Mize, former All-Pacific Coast and Ervin Zador. Zador has been selected to the

All-World water polo team for two years. According to the experts Zador has been rated one of the best all around polo players in the world.

In an early season engagement with Cal, the Athens Club defeated the Bears 5-4. SJS has played Cal twice and split with the Bears. The first game played in Spartan pool resulted in a 6-3 Spartan victory. However, the second time around, the Bears proved a formidable foe as they defeated the Spartans 12-7 in the Cal pool.

Game time is set for 8 p.m. in Spartan pool.

ROBERT H. SWISHER, B.S.E.E., GROVE CITY COLLEGE, '54, SAYS:

"I like my job. Here's why."

"I'm a radio transmission engineer for Bell Telephone Company of Pennsylvania. My work is interesting and full of variety, and I get all the responsibility I can handle. Have a look at today's assignment, for example —and see for yourself."

"8:30 a.m. I'm at my desk applying a new method for overcoming interference on Pittsburgh's mobile radio channels. It involves operating inactive channels on reduced power."

"1:30 p.m. After lunch, I take a company car out to the transmitter tower site. Here I check wiring and explain our plan to one of our mobile radio maintenance men."

"Final phase. The operational test is made from an actual mobile radio unit. I'll make test calls and monitor the channels from various points within the Pittsburgh area."

"10:45 a.m. Before any modifications can be made, it's important that I check apparatus and wiring options. That's what I'm doing here at the Remote Control Terminal equipment."

"3:15 p.m. I review my proposed modifications of auxiliary control circuits with Supervisor Sid Graul. Now I'll prepare work orders, and next week we'll make operational tests."

"See what I mean? I really get to 'carry the ball.' Soon I'll be taking a special course in advanced electronics at Bell Labs—a great opportunity. As I said—I like my job."

Like Bob Swisher, you may find a bright engineering future with the Bell Telephone Companies. Talk with the Bell interviewer when he visits your campus. And read the Bell Telephone booklet on file in your Placement Office.

Wilson Fellowships Nominations Open To Grads, Seniors

Woodrow Wilson Fellowships for the academic year 1959-60 are available to college seniors and graduates interested in becoming college teachers.

Only faculty members may nominate candidates for the fellowships. Interested persons should have their names and addresses in the hands of the regional chairman by Oct. 31, 1958. The regional chairman is Dr. Travis Bogard, professor of English at the University of California.

Beginning next year each fellowship will carry a living allowance of \$1500 for single students, with increments for dependents, and will pay the full cost of tuition and fees.

The fellowships, 1000 of which will be awarded nationally, are open to college seniors and graduates in natural and social sciences and in the humanities who have not yet entered a liberal arts graduate school. A number of fellowships will be awarded to outstanding juniors of the class of 1960.

Interested students may contact their department heads for more information.

I.A. Club Hopefuls To Be Introduced At Meet Tomorrow

Nominees for office in the Industrial Arts Club will be introduced at a meeting tomorrow evening at 7:30 in HES.

Bob Maxwell and Floyd Fowels are running for president, David Roeder and Douglas Preston are running for vice president and Ralph Tillotson and Paul Smyly are candidates for the recording-secretary post.

The meeting is open to anyone interested in any phase of industrial arts. Students may join the club and members can pick up membership cards, at this meeting.

Baptist Dinner

San Francisco business man Niles Herron will speak to the Tri-C, the Baptist organization on campus, at its fall semi-formal dinner tonight at 7 at the Tri-C Building, 3rd and San Antonio streets.

WIND RUNNING RAMPANT

A swirling tornado, sweeping everything in its path, smashes 50 migrant workers' homes at Pahocee, Fla., killing one person, injuring 30.

Danforth Foundation Offers SJS Students Scholarships

The Danforth Foundation, an educational foundation located in St. Louis, Mo., invites applicants for the eighth class (1959) of Danforth Graduate Fellows.

Eligible are college senior men and recent graduates who are planning to enter graduate school September 1959, for their first year of graduate study in preparation for a career in college teaching.

The Foundation welcomes applicants from the areas of natural and biological sciences, social sciences, humanities and all fields of specialization found in under-graduate colleges.

Dr. John T. Wahlquist, SJS president, has named Dr. Theodore Sielaff as the liaison officer to nominate to the Danforth Foundation two or three candidates from SJS for these 1959 scholarships.

Qualifications of the candidates are: outstanding academic ability, personality congenial to the classroom, integrity and character, including serious inquiry within the Christian tradition.

Students with or without financial need are invited to apply. A Danforth Fellow is allowed to carry other scholarship appointments, such as Rhodes and Fulbright, concurrently with his Danforth Fellowship.

All applications, including the recommendations, must be completed by Jan. 31, 1959. Any student wishing further information may contact Dr. Sielaff in the Business Department, TH112.

Theta Sigma Phi, Women Scribes, Pledge Tonight

Pledging ceremonies will be conducted by Beta Pi chapter of Theta Sigma Phi, national fraternity for women in journalism, tonight at 6:30 p.m. in J107.

Bunny Robinson, newly elected chapter president, announced pledges are Mrs. Milly B. Amlie, Fran Faulkner, Joyce Flores, Phyllis Mackall, Arlene Phillips and Myrna Touchon.

Campus Theta Sigma Phi officers serving with Miss Robinson are Nan Barattini, vice president; Estella Cox, secretary; Mary Goetz, treasurer; and Cathie Treagle, keeper of the archives and publicity chairman.

Jazz Trio To Appear In City of San Jose

The Kingston Trio, male vocalists, will appear in the city of San Jose Nov. 16. The location is not known.

Bob Shane, Dave Guard and Nick Reynolds—trio members—have sung in San Francisco and Chicago. The trio will not appear at SJS.

Mrs. Irene Epstein, assistant professor of journalism, is associate member. Mrs. Dolores Spurgeon, associate professor of journalism, is group adviser.

La Torre Pictures

If you're graduating in '59, Your picture in the La Torre is mighty fine. You've got two weeks to do it in.

In the basement of the Tower Building.

These could well be the sentiments of La Torre editor Jack Smith. Pictures for the '59 La Torre now are being taken in the Tower Hall basement located south of the Speech and Drama Building.

If you are a male student expecting to graduate sometime in 1959, you'll need a white shirt, tie and \$1.50. Females only need to bring the \$1.50.

According to Smith, the photographer can photograph about 250 graduates-to-be per day. However not that many are showing.

Forum Holds Panel; Hears Water Needs

An informal panel discussion of "How To Meet Our Water Needs" was held last night in Morris Dailey Auditorium. Featured participants were Assemblyman Bruce F. Allen (R-Lo Gatos), Congressman B. F. Sisk (D-Fresno), and moderator Alfred T. Henley, legal counsel for Tri-County Water Authority.

The two politicians presented their views of the water problem to an audience of about 150. The discussion was sponsored by Sunday Evening Community Forum, an organization of San Joseans bringing free weekly programs of cultural interest to the San Jose area.

Both politicians pointed out that the water problem "is not a partisan issue; the disagreement is between area representatives."

Assemblyman Allen said the water problem is getting worse because per capita use of water is increasing twice as fast as the population.

Congressman Sisk said a workable solution will require "Give and take." He said, however, that if an economical way to refine sea water can be found "our troubles will be over."

The panelists answered questions from an enthusiastic audience after they had presented their views.

New Speech Club Forming at SJS; Meets Tomorrow

An organizational meeting for students interested in a conversational speech club will be held tomorrow afternoon at 1:30 in the Speech and Drama Library, SD115.

The club is now forming on campus, according to Pat Belardes, spokesman for the group.

With a nucleus of 12 active participants, the organization is planning to expand and further classroom experience by discussing topics of popular interest in a forum-like atmosphere.

Their activity will not be limited to discussion groups, according to Miss Belardes. Members of the new club will represent the college formally in intercollegiate debates and other forms of speech competition.

The idea to form a club grew from stimulation received in a class called Activity Projects in Forensics, taught by Dr. Herbert Craig, she said.

A constitution is being prepared and will be presented to those attending the first meeting. Miss Belardes stressed that all interested persons are invited.

'Freshman Faces' Continues Tonight

Dick Robinson, ASB president, and Dr. Elizabeth A. Greenleaf, associate dean of students, will discuss "The Freshman Faces Activities" tonight at 7:30 in the Student Union, according to the Rev. Don Emmel, Presbyterian campus pastor.

Tonight's lecture is the fifth in a seminar series of six entitled "Freshman Faces," and is sponsored by several religious campus groups as a non-sectarian service to all freshmen.

Concluding the series next Tuesday night, Nov. 4, will be Dr. Leo W. Tighe, associate professor of sociology, with his talk on "The Freshman Faces Sex."

Wahlquist Plans Thursday Return

Pres. John T. Wahlquist is expected to return to campus Thursday, Vice President William J. Dusel said yesterday.

Dr. Wahlquist attended the inauguration of the University of Southern California's new president in Los Angeles last week. He also attended a meeting, which ended Saturday, of the Western Colleges Assn. executive committee.
