Spartans Trounce Waves 61-6

Pepperdine Completely Outclassed; Menges, Hughes Throw Six TD Passes; Lindsey Place Kicks Five In Row

San Jose State made an auspicious debut down in the land of citrus fruit and movie actors Saturday night by trouncing the George Pepperdine College Waves 61-6 before a sparse crowd of 4,000 in the Veterans Wrigley Field.

Unveiling a pass attack that they have lacked all season, the boys from Washington Square took complete command of the game from the opening kickoff until the final whistle.

Gene Menges playing before a hometown audience started and threw three touchdown passes. Chuck Hughes, veteran signal caller, got into the spirit of things with three more TD tosses.

DREAMS DISPELLED

Any lingering hopes harbored by the Waves of going in time were rudely dispelled by Bill Patton's leads in the dull gold suits, Coach Warren Gaer's boys acted as if they had never heard of the term "pass defense" as time after time Spartan receivers got behind the defenders. Patton's leads in the dull gold suits, Coach Warren Gaer's boys acted as if they had never heard of the term "pass defense" as time after time Spartan receivers got behind the defenders.

The weak side of our defensive line was continually jamming up the single wing reverses and every time one of the Pepperdine boys went to pass he would find down on him. The last touchdown of the game was scored by right end John Smith as he broke through on Dave Drager and knuckled an attempted pass into the air, and loped 25 yards for a score.

TERRY BELL

Little Terry Bell supplied all the punch by the Waves scoring the only touchdown on a 75-yard romp and time and time again rambling and twisted away from tackles before being brought down.

Briefly the scoring was as follows: Fred Silva took the kickoff back to the 28-yard line. Eight plays later Menges threw a 20-yard pass to Junior Morrison who was all by his lonesome at the end zone.

RIDICULOUS EASE

A few minutes later Menges passed to Billy Wilson with riding line for the second score. A second play later the second score. Bill Schommel boomed over the one for the third TD. Terry Bell scored for the Waves and the Spartans took the kickoff and marched 73 yards on twelve plays.

'Nurse Shortage Continues' -- Davis

The continuing shortage of nurses has left many positions in nursing available, according to Miss Pauline Davis of the Nursing department of the college.

Miss Davis revealed that there are approximately 250 students now enrolled in pre-nursing, nursing, and graduate nursing courses. This department, which was established two years ago, will award its first diplomas to the graduating nurses in June, 1949.

Sparta Costs State \$14,000 Day To Run

If there are any students on the San Jose State college campus who have illusions as to the monetary worth of higher education, a report received today from the office of Mr. Edward S. Thompson, college controller, should serve to dispel them.

Every day this year, the State of California will spend \$14,000 on the lion's share of the 7000 students in this college, according to the report.

Salaries for administrative personnel, instructors, maintenance men and office assistants amount to the lion's share of the \$14,000, taking \$11,832 a day, that the state represents a cost of \$100 per student per year, according to the office of the educational officer of California.

Operating expenses, which include supplies, utilities, and public utility, amount to \$1,631 per day. Upkeep on the college equipment costs \$773 per day. Desks, typewriters, and other office supplies, in addition to transportation allowances or grants, cost \$1,000 per day.

The report also states that for the 1948-49 school year, the total cost of the college is \$14,000 per day.

The report also states that for the 1948-49 school year, the total cost of the college is \$14,000 per day.

"WORKADAY" IS THEME OF PAN AMERICAN SHOW

"Workaday theme dominated the program of the Pan American Art Show, which was held at the San Jose State College today. The show was held in the gymnasium and featured a variety of art works by students from various countries.

Mottram declared that most of the artists are using the modern approach "but very few are in the interpretive sense."

Today the workaday theme is being emphasized in the Art Show, which is being held in the gymnasium. The show is being held in the gymnasium and features a variety of art works by students from various countries.

Represented among the 113 paintings are regional areas of the United States, eight provinces of Canada, and 20 South American countries. The last one was held in the gymnasium of the U.S. Art Show.

Dr. Leo Kibby Chosen Advisor To Court At First Official Meeting This Quarter

The campus must place a copy of its constitution, and a list of all members names with student body card numbers attached, in the S box in the coop by Oct. 31.

On the recommendation of Shirley Anthony and Tom Eddy, senior justices, the Student Union was chosen as the location for all student body elections. They reported the ease with which the election was conducted from their experience.

Chief Justice Helm expressed an opinion that if the students could become accustomed to voting at the same location they would probably turn out for elections more often.

The new PA system with its 16 loud-speakers replaces temporary apparatus that produced little else but booming echoes. The program of acoustics in the gym has taken two years to solve. Dr. Rhodes said the system will be used for dances, meetings and sports activities.

The system was estimated at \$500 including the installation, but it cost the college only \$225. Dr. Rhodes, Mr. Shellhammer and the superintendent of buildings and grounds installed the system themselves. One hundred forty-five speakers (\$50 apiece) were obtained from the Army free, which further cut costs.

The Morris Dailey auditorium is next to be fitted with a new public address system. Loud-speakers will be concealed in the ceiling over the lights, Dr. Rhodes said.

All art majors who plan to do their student teaching winter semester must sign up in the Art office before Friday, Oct. 15. Miss Clara Bianchi, secretary.

All art majors who plan to do their student teaching winter semester must sign up in the Art office before Friday, Oct. 15. Miss Clara Bianchi, secretary.

RED FEATHER CAMPAIGN PLANS PERSONAL CONTACT IN RAISING SPARTANS' QUOTA OF \$3,600.00

Solicitation on a personal basis will mark this year's drive for Community Chest funds, which gets under way at San Jose State college today. This year the quota asked to provide \$6300 in support of Santa Clara County's quota which has been set at \$280,000. Under the leadership of John Logan, co-chairman of the Chest drive at State, donations will be solicited by personal contact. Sixty representative members of the student body have been selected by the Chest committee as key figures in this year's solicitation system.

These sixty students, according to the plan related by Logan, spokesman for the committee, will contact ten friends each. Each of the 600 students thus contacted will be asked in turn to contact ten of his friends.

"Theoretically," Logan says, "this system should insure coverage of almost the entire student body."

The break-down of the \$6300 figure into faculty and student donations is not yet available. These figures should be available today, according to T. W. MacQuarrie.

State's 1947 quota for the Community Chest was \$6423. Donations in 1947 exceeded this total. The Santa Clara County Chest Board of Directors has expressed its pride in State's showing in the Logan showing at the Chest drive.

Logan emphasized that solicitation this year is on a good will basis. "The Community Chest is not a charity," he said. "The 26 organizations which the Chest supports stand for service to the community. They are organizations that anyone, regardless of rank or station may have occasion to call on for help."

The organizations for which the Community Chest solicits funds are: Boy Scouts, Camp Fire Girls, Catholic Social Service children's aid, Catholic Women's Center, Council of Social agencies, Girl Scouts, Home of Benevolence, Jewish Social service, PTA city milk fund, PTA rural milk fund, Salvation Army, San Jose Day Nursery, Santa Clara County Humane society, Santa Clara Youth Center, Sisters of Holy Family, Stanford Convalescent Home, Student YMCA-YWCA, Travelers Aid society, Visiting Nurse association, Volunteers of America, YMCA, YWCA, Family Service association, American Social Hygiene association, Child Welfare league, and the USO.

PRESIDENT CANCELS PLAN FOR SPECIAL RUSS ENVOY

WASHINGTON, (UP)—President Truman disclosed that he had considered and then rejected, on the advice of Secretary of State Marshall, a special envoy to Russia. The envoy, Chief Justice Vinson, was to have told Moscow how the American people felt about the "atomic problem."

Plan was dropped because of the general situation as reported by Marshall and because of the misunderstandings that might arise from independent action by the United States.

The announcement revived the old fears of British and French diplomats that the U.S. might some day yield to Stalin's desire to exclude all but the two chief powers from the settlement of postwar problems.

Churchill Asks For Russ Showdown
LONDON, (UP)—Winston Churchill asked for a showdown with Russia, and warned the United States that it would be committing suicide if it destroys the atomic stock piles.

Navy in Atlantic For War Maneuvers
Washington, (UP)—The Navy announced today that 65 ships, 30 aircraft squadrons and 31,000 men will warm in the North Atlantic from Nov. 1 to the 23 to train under "wartime conditions."

Ickes Says Dewey Is Avoiding Issues
WASHINGTON, (UP)—Former Interior Secretary Harold L. Ickes accused Governor Thomas E. Dewey of ducking important campaign issues and challenged the GOP presidential nominee to get down to cases.

Court May Reconsider White-Negro Rule
LOS ANGELES, (UP)—The California Supreme Court may be asked to reconsider its decision holding that the state cannot legally prohibit inter-racial marriages.

RED FEATHER--OR WHITE?

EDITORIAL

Will you step forward to earn the red feather of courage?

Today, as the cost of living soars to an all-time high, it takes real courage to dig down deep and give to the Community Chest. By the same token, it takes more to carry on the humane activities of this great community service.

The purse strings of most college students are pinched. Of that there is no doubt. Every penny counts to you, to the Chest! Stop! Think! Will you dig down to earn the red feather of courage or turn the other way, accepting the white feather.

There is no stigma to giving five or ten cents. For many students, struggling through college on a shoe string, such a contribution may take courage with a capital "C." If every Spartan could see his way clear to give a dime, our record would not be one to scoff at.

When you become an investor in the Chest, your money is not lost; it is your investment in a better community, a better nation for yourself. When you give to your Community Chest, you are giving to yourself through others.

We need not say here how many widowed or deserted mothers are aided, how many families are reunited, how many neglected children are rehabilitated, how many delinquents are set on a new path, or how many of the hungry are fed. Every student knows what the Chest does.

Sobs welled up out of the darkness of a narrow, crack-box room, moaning through the night. The girl who lay on the unclean bed in that dollar-a-day room was pregnant. Her money was gone. She did not know where her soldier husband was. In a matter of hours the Chest fed the girl, gave her medical attention, and located her husband ill in an army hospital. Friendless, alone, broke, pregnant—what would she have done without the help of your contribution?

There is no question that working to rehabilitate lives is better than placing in prisons those who illegally helped themselves. There is no question as to the goodness, the need that is served. The only question is: No matter how it hurts, will you give?

When workers of the campus Community Chest drive ask, will you give, accepting the red feather of courage, or make yours the white feather?

WEARY WRITER WRINGS HANDS OF REQUISITES

By PHIL SMITH

There was a day when all a college graduate had to know was Latin, Greek, rhetoric, and how to dance a mean minuet. Nobody taught the college student how to make a living, because that incidental had been taken care of by the noble family from which he sprang. The wealthy young man inherited his money; he never sank to the degradation of earning it.

Fortunately, or unfortunately, depending on what side of the fence you're on, all that has changed. The colleges and universities of today strive to fit the student for the rigors of his chosen profession. That's great, as far as it goes; but the academicians believe also that the graduate should be "well rounded."

REQUIRED COURSES

On this score they defeat their original purpose, because the technical student is so full up with music appreciation, drama appreciation, art appreciation, principles of economics, sociology among the anthropoids, history of East Bavaria, mental hygiene for microcephalics, and folk dancing (all these being or soon to be required courses for any major), that the student never quite gets around to remembering why he came to college in the first place.

SUCCESSFUL GRADS

We all know of the journalism major who is now art director of the Milpitas Medieval Art museum, or the ceramics major who's advertising manager for the Pismo Beach Beacon.

However, some students report hearing an unconfirmed rumor concerning a distraught journalism major who turned down a lucrative offer as a folk dancing instructor because he wanted to write for a newspaper. Nevertheless, this is only hearsay.

Needless to say, the story was quickly hushed up by the administration and education marched on!

HEARTBROKEN SPARTANS MAY RECEIVE AID

This space is reserved especially for those students having difficulties, not scholastically, not financially, but broken-heartedly.

The editors of the Spartan Daily, realizing that many students flunk out of college each quarter simply because they have allowed minor problems in their love-life to drive them to desperate measures, have inaugurated an advice to the lovelorn column. This column, which will appear frequently under the head, "Broken-hearted Clinic," will be written by the nationally recognized authority on love's little problems, Madame Spoutsnot, A. F., P. D. Q., and R. of P. M.

Miss Spoutsnot, or Snoz as she is affectionately called by her friends, graduated cum lade from the famous institute of mediocre learning, Smeagle university, with the class of '89. Since that time Madame Spoutsnot has been studying for her MRS degree, and has been doing research work on the subject of leap year. She has headed the widespread movement to have the leap year season extended by 36 months. She explains that this will aid the women who are slowed down by ingrown toenails.

Heart-broken Spartans may seek the confidential advice of Madame Spoutsnot by simply addressing a letter describing their particular problem to the "Broken-hearted Clinic" in care of the Spartan Daily. The letters and answers will appear in this confidential column.

Miss Spoutsnot guarantees one sort of reaction on the part of the loved one, if her advice is followed. The Spoutsnot motto is, "That sucker isn't the only fish in the chowder."

Michigan was the top passing team in 1947.

SPARTAN COOP EMPLOYEES REQUIRED TO CARRY HEALTH CARDS, DECREES CITY ORDINANCE; STUDENTS COMPLY

On Sept. 10, City Ordinance No. 3374 invaded Washington Square and added additional worries to the already full worry-schedule of Mrs. Eva Carver, manager of the Spartan Fountain.

Ordinance No. 3374 requires that all food handlers carry a health card. In order to obtain the card, certain requirements must be met. Within a certain time limit set by the City Health department, food handlers must have completed:

1. A course in the Food Handlers school. This course includes instruction in "How and Why Diseases Spread," "Washing, Sterilizing Dishes and Equipment," "Sanitary Methods of Handling Food and Equipment," and "Insect and Rodent Control"; 2. Obtain a chest X-ray free of charge from the Santa Clara County Tuberculosis X-ray unit, and 3. Complete a Health Record questionnaire.

In addition, the Health department is asking all food handlers to consider two optional requirements: 1. Be vaccinated against small pox and typhoid fever, and immunized against diphtheria; 2. Obtain a blood test for syphilis.

In addition to the above, all food handlers must pay a \$1 health card fee. Mrs. Carver explained today that the new requirements do not work a serious hardship on her department but that it has been difficult for some of the student help in the fountain to attend the down-town, evening classes. However, during the summer session, the health authorities were very cooperative and moved the classes for college personnel on to the college campus, according to Mrs. Carver.

In commenting on the general condition of the Spartan Fountain, Mrs. Carver remarked that the Health department inspector, on his last visit, complimented the Coop personnel on the sanitary conditions maintained there.

Fulling Speaks To Alpha Gamma

Department store window and interior display will be the subject at tonight's meeting of Alpha Gamma, national art fraternity. Mr. John H. Fulling, Blum's display manager, will be the guest speaker.

The meeting will begin at 7 p.m. in room A1 in the Art building.

The subject is of great interest to all commercial art majors, as well as the rest of the members of the fraternity, according to John Devincenzi, president.

KA Holds Smoker Thursday Night

Kappa Alpha fraternity entertained 20 guests at a smoker Thursday night held at the fraternity house on South Ninth street.

The affair, an informal one, featured refreshments and entertainment.

The San Jose chapter will be formally installed on Oct. 16.

It Was Strictly A Lot Of Hot Air

The authority who invented the adage, "Where there's smoke, there's fire," would turn over in his grave if he happened to be on the corner of Sixth and San Carlos streets Wednesday afternoon, because there was smoke—but no fire.

Screaming brakes and screaming sirens of several fire trucks and police vehicles would lead the average pedestrian to think that something catastrophic had occurred. Black-helmeted firemen jumped off of the fire trucks on the run and headed for the ivy-covered apartment house next to the Signal gas station.

Minutes later the majority of the firemen returned to their trucks and left. The remaining fire fighters prowled around the premises and could find a few wisps of smoke, but nothing else. After much investigation, they, too, left the scene of the smoke.

"Where there's smoke, there's just smoke, that's all."

Rally Committee To Plan SB Game

Plans for the Santa Barbara game will be discussed at the second regular meeting of the Rally committee tonight, in the Student Union, according to Al Raffaelli, chairman. The game will be played Oct. 22, in Spartan Stadium.

Raffaelli stated that plans for an automobile caravan to San Luis Obispo next Saturday, will also be discussed.

The meeting will begin at 7 p.m. Raffaelli urges all members of the Rally committee to be in attendance.

Guild Auditions To Be Held Soon

Members of the Radio Guild and all persons interested in radio work are asked to attend a meeting this afternoon at 4:30 in room 155, to organize and elect officers, Script Editor Jim Caputo announced today.

The organization plans to present at least two radio shows this quarter, to be transcribed on campus and presented over a local radio station at a later date, Caputo said. An additional program will be aired by the cast, directly over a local station.

Auditions for parts in the shows will be held commencing Wednesday. Persons who desire to participate in the Guild productions are urged to see the bulletin board outside room 165B and sign a list there, with the time they would like to audition, Caputo stated.

Aquatic Stars Win, Dump Bears In Pool

With Otis Keeler scoring six out of the eight points scored by San Jose, the Spartans won their first inter-collegiate meet of the season by outscoring the University of California, 8-7, in the San Jose gymnasium pool Friday night.

Fisher, of California, opened the evening's scoring midway in the first quarter after an early tight defensive game by both teams. The Spartans tied the score when Bob Keeler flipped one in from close quarters and forged ahead on another of Keeler's thrilling tosses. The quarter ended 2-1 in favor of the San Jose club.

Ted Foley tossed in the first score of the second quarter with Bob Keeler again scoring twice on beautiful passes by Foley and Fred Hanssen, respectively. Prisbrey scored once for the Bears to end the scoring in the first half with the Spartans leading, 5-2.

Coach Charlie Walker's boys opened the second half with Keeler again scoring and then a lob pass by Foley bounced over the goalie's head to score one more for the Spartans. California came back fighting and scored twice in succession when Prisbrey fired one past Goalle Tom Daly and Widman also duplicating the feat. The quarter ended with California on the short end of the score, 4-7.

The fourth and final period started with a bang as Keeler scored for the sixth time. The Spartans looked like a sure winner, but the Bears' sustained drive almost upset the local boys.

Daly was making some beautiful saves until Prisbrey sneaked one by. Widman also whiffed a couple by Daly in the closing minutes of the game and it looked for a fleeting moment as if the Bears were going to overtake the Spartans. With 20 seconds to go, the San Jose boys took control of the ball and held until the whistle ended the game.

Goalle Tom Daly was all over

the goal in saving many a sure point from the Bears, while Bob Keeler, the chief scorer of the game, played an outstanding game throughout. Ted Foley, in his passing and scoring, kept the Spartans in the game and fed the ball consistently for Keeler to score. Dave Thomson, George Hodgins, Fred Hanssen and Captain "Howie" Ruweeler played fine defensive and offensive ball at all times.

Starting lineups and scoring:

CALIFORNIA	SAN JOSE
Mensing	G
Cook	CF
Prisbrey (3)	LF
Widman (3)	RF
Fisher (1)	CB
Lacomble	RB
Steiner	LB
	Daly
	(6) Keeler
	Hodgins
	(2) Foley
	Hanssen
	Thomson
	Ruweeler

In the preliminary game between the California frosh and the San Jose frosh, Coach Charlie Walker's yearlings walloped the Bear first-year men, 11-1. Dale McElroy, for San Jose, was very impressive in his fine play and scoring five goals. Bill Armstrong was right behind him with four markers and George Haines racked up two to end the scoring. Sanderson, for the losers, scored their only tally. Lilley, Hibner, Spoon, and La Coste rounded out the frosh team and gave creditable performances.

Armstrong and McElroy, from Palo Alto High, played outstanding ball and their backhand shots were little short of being sensational.

Saturday, Oct. 16, the varsity travels to Cal Poly for their second intercollegiate meet. Friday, Oct. 15, the frosh engage San Jose High in the Spartan pool.

Davis, of Hardin-Simmons, was the leading ground gainer in the nation last year. In '93 carries he travelled 1173 yards, an average of 6.08 yards a carry.

Forest Peters kicked 17 drop-kicks in one game while performing for Montana State in 1944.

PASS, PUNT AND A PRAYER

By BOB BLACKMON

Something should be done about our rallies. Wednesday, a rally for the football team before its first game away from home was attended by about 150 students. We realize the difficulties of the Rally committee trying to get a large crowd out during class time. Something could be worked out though. Either it should be made legitimate for those students whose class times interfere, to attend, or the rallies should be held at night time.

Premature thought department: Why don't we name the week of Oct. 25-30 climaxed by the COP game at Lodi, "Revenge Week." Just the thought of last year's 14-0 debacle is enough to cause me to bite my nails in vexation. As we see it the cause of last year's upset was the overconfidence of the football squad, staff, and student body. Things will be different this year. We will probably be underdogs, the game is in the Bengal's lair, and we will win if we start pointing towards the game.

Your correspondent has already started whipping himself into shape. Virgil Wilson, day editor, and a handful of other persons can testify to my struggling through ten push-ups Friday—I'm going to hold the tape at the finish line, you see.

That petite little mademoiselle seen struggling every day towards the administration building is Miss Doris Barbarez, secretary of the PE department. Every day Miss Barbarez directs a heavy traffic of burly athlete in and out of the PE office. The boys are always in the way; asking questions, telling tales of woe, and just generally slinging the bull, but when Miss Barbarez makes her daily trek with an armful of letters, directives, etc., and wants aid—that's right, the office is empty or else the boys have to go downtown on "important business."

Have you made your pilgrimage to the Student Union to pay obeisance to the "We lost the game" plaque? If not, do your penance. Look at the beastly thing, face Spartan Stadium, and murmur, "Soon (Nov. 19) will ye be back in the home of the enemy."

WAA Rally In Student Union Tomorrow Night

A rally night will be held by the Women's Athletic association tomorrow at 7:30 p.m. in the Student Union, according to an announcement from Mona Morris, president of the group.

The rally, which was planned by the executive committee of WAA, is open to all girls interested in participating in sports.

"We want all the new girls to get acquainted with each other and to meet the WAA officers," Miss Morris said.

Among the activities to be sponsored by the WAA are archery, bowling, golf, hockey, orchesis (dance), riding, swimming, tennis, volleyball, and riflery.

San Jose State college had champions in six sports last year. Basketball, track, swimming, golf, boxing and wrestling teams walked off with top CCAA honors.

30-DAY SMOKING TEST PROVES CAMEL MILDNESS!

1 In a recent test, hundreds of men and women all across the country ... of all ages and occupations ... were closely observed as they smoked Camels—and only Camels—for 30 consecutive days. And they smoked on the average of one to two packages of Camels a day. But only Camels!

2 Every week throughout this dramatic 30-day test, their throats were carefully examined by noted specialists—a total of 2470 exacting examinations. And among all these smokers, these famous throat specialists found not one single case of throat irritation due to smoking Camels!

3 Prove it yourself. In your "T-Zone"—T for Taste and T for Throat. Smoke Camels for 30 days. Let YOUR OWN TASTE tell you about the full, rich flavor of Camel's choice tobaccos. Let YOUR OWN THROAT tell you the story of Camel's cool mildness. Yes, prove for yourself that there's

NO THROAT IRRITATION DUE TO SMOKING CAMELS!

Prove it Yourself!
 Make the Camel 30-Day Test in Your "T-Zone"

Money-Back Guarantee!

Smoke Camels for 30 consecutive days. Smoke only Camels. If, at any time during these 30 days, you are not convinced that Camels are the mildest cigarette you have ever smoked, return the package with the unused Camels and we will refund your full purchase price, plus postage. This offer is good for 90 days from this date.

According to a Nationwide survey: **MORE DOCTORS SMOKE CAMELS than any other cigarette**

Doctors smoke for pleasure, too! And when three leading independent research organizations asked 113,597 doctors what cigarette they smoked, the brand named most was Camel!
