# SJSC Gridmen Leave For Tacoma Today

## SPARTANS POLISH DEFENSE AGAINST LOGGER ATTACK

By TOM ROWEN  
Spartan Daily Sports Editor

Coach Bill Hubbard and 33 Spartan gridmen leave today at 1:30 p.m. by train for an invasion of the northwest to keep a Saturday engagement with College of Puget Sound at Tacoma. They plan to arrive in Tacoma Friday afternoon.

The Spartans finished practice yesterday by drilling against Logger plays and now are ready for the trip to the north. Hubbard has had his charges working on Puget Sound plays during the last two practice sessions.

Hubbard scouted the Loggers on the week end and watched the Tacoma eleven defeat British Columbia, 14-0. Puget Sound lost to University of Idaho previously, but they held the Vandals to one score in the first half.

Bob Pifferini returned to action Tuesday and hope was bright in Spartanville. The Modesto center missed the Hardin-Simmons affair because of dizzy spells. He suffered a head injury during the Hawaii All-Star game and missed out on the Spartan's victory over the Cowboys from down Abilene way.

The Puget Sound contest will be San Jose's first day contest, and the Spartans will have to get used to being on the day shift. The game will be played on a cinder field, and may place San Jose on a disadvantage if the rains come, which is true of northwestern weather at this time of the year.

The traveling squad: Mel Stein, George Keene, Erle Johnson, Val Marchi, Marshall DeBisschop, Joe Juliano, Jake Kakuuchi, Bob Pifferini, Dick Voris, Norm Jae, Chuck Blackwell, Glen Smith, Bruce Clarke, Vic Bondietti, John Stansfield, John Buthenuth, Bob Mandemaker, Jack Faulk, Chuck Storey, Herm Knupper, Ray Overhouse, Jim Jackson, Chuck Hughes, Bill Perry, Babe Nomura, Bill Parton, Gene Barbier, Harry Russell, Billy Elaft, Pete Denevi, Jack Donaldson, Steve O'Meara, and Fred Silva.

## STUDENT Y DRIVES FOR INCREASED CLUB MEMBERSHIP

The Student "Y," now in the midst of their 1947-48 membership drive, participated in the Community Chest parade here last Saturday with a decorated jeep upon which a large "Y" had been constructed.

Proclaimed Executive Secretary Malcolm Carpenter, "Freshman and State camps, reunions, retreats, informal discussions, and camping are only a fragment of the activities and functions the Student "Y" engage in and sponsor. Others are speakers, dancing, fellowship suppers, numerous committees, student-faculty groups, and many other social and service types of recreation."

Bruce McNeil, chairman, has given four areas of study and action in the Student "Y." Christian heritage, personal and campus affairs, social responsibilities, and world relatedness.

Members active on committees are Hall Landry, Roy Wood, Vivian Ako, Virginia Cook, Audrey Pickwell, Mary Homachi, Evelyn Williams, Al Grass, Bunny Ako, Sallie Carmack, Jerry Huff, and Dot Brookover.

## BUSINESS OFFICE FOR STUDENTS IS IN ROOM 32

Some confusion exists among students in distinguishing between the Business office, room 34, and the office of the Graduate Manager, room 32, according to William M. Felse, graduate manager.

The Business office is concerned primarily with transactions between the college and the State of California, involving moneys, buildings and equipment. Students who work on campus and receive compensation from state funds are paid in this office. Loans to students are also handled by the Business office.

The Graduate Manager's office is concerned principally with student body affairs. It carries accounts of campus organizations, department of student affairs, Spartan Shop, college cafeteria and McFadden health cottage. Business that students and faculty have in the above categories is transacted in this office.

This office also collects tuition fees, graduation fees, and laboratory fees, and also serves as the college ticket selling agency for football games and other events.

## SOPHS SHOW \$355 PROFIT

A profit of \$355 was realized by the sophomore class from the after-game dance held October 4, according to figures released by Treasurer Shirley Tallman at the class meeting Tuesday night.

President Ray Bishop appointed Len Frizzi and Marilyn Norton co-chairmen of the committee for the annual frosh-soph mixer to be held this year on October 23. Last year's chairmen, Vern Baker and Al Pinard, were asked to aid again in this year's activities.

Sophomore class meetings will be held every Tuesday evening at 7 p.m. in the Student Union, according to President Bishop.

## FORUM TO HOLD FIRST MEETING

Bob O'Neill, chairman of the Current Events Forum, announces that the group will hold its first meeting of the quarter tonight in room 20 at 7 p.m.

According to O'Neill, plans for the quarter will be formulated and new officers will be nominated.

A debate in the Morris Dalley auditorium highlighted the Forum's spring quarter activities. Members will also be on hand to lead panel discussions during the International Relations Clubs' gathering in San Jose next month.

## BAND PLAYS TODAY FOR ORIENTATION

The 102-piece marching band under the direction of Forrest J. Baird will play San Jose State college songs and marches today in the Morris Dalley auditorium at 11:20, announces Barbara Jensen, band publicity chairman.

"Various songs will be played for the freshman orientation class meeting at this time," says Miss Jensen. She added that march music would be provided both as students enter and leave the auditorium.

## MISS ROBINSON HEADS WITPA

Miss Doris K. Robinson, head of the Placement office, was elected president of the Western Institutional Teacher Placement Association at their semi-annual meeting in Sacramento last week.

Miss Robinson returned to her office Monday, painting a dismal picture of the teacher recruiting problem which was the chief topic of discussion.

Dr. Aubrey A. Douglass, in charge of state certification, was the main speaker before the group and said that California was in dire shortage of teachers in the primary and elementary fields. In these two branches some 5000 emergency credentials already have been issued. In the secondary field there is no special shortage excepting women's physical education and home economics, Dr. Douglass told the group.

## MEMBERS NAMED FOR BAND COUNCIL

Forrest J. Baird, band leader, announced five appointments to the Band council yesterday.

Members of the council for 1947-48 are Randolph Hunt, chairman; Charles Rhinehart, Norma George, Ellsworth Judy and Morris Dill. Representatives to the Rally committee are Norma George and Ellsworth Judy.

Functions of the council, explained Mr. Baird, include student government of the band and making arrangements for band appearances. New members are appointed each year, said the band conductor.

## SLIP OF A DECIMAL

Whoops! Pardon, but our slip is showing. In an advertisement in yesterday's Spartan Daily it was announced that Slim Penner, ex-Spartan, was offering a free lube, car wash, five quarts of oil and \$1 worth of gas with every \$1.50 purchase of merchandise purchased at his Signal gas station at 199 Race St.

Those who were embarrassed at the thought of accepting so much service and merchandise for such a small sum, and did not attempt to take advantage of the offer may do so, but at a different price. Due to a slightly misplaced decimal, a wrong figure appeared. The correct figure is \$150.00.

## NOON RALLY TO PREP VARSITY FOR LOGGERS

A huge send-off rally for the Spartan varsity, including songs, yells, and gags is scheduled for 12:30 today in the outer Quad, under the direction of Don Titcomb, entertainment chairman for the Rally Committee.

An added feature of the event will be a presentation of the Jules Bozzi player of the week award to Jim Jackson. Armen Hanzad, public relations chairman of the committee, is asking for a terrific turnout and reminds the student body that their team will be leaving for the first out of town game of the season.

## BOOK EXCHANGE RETURNS TOMES IN UNION TODAY

Bill Walker, Alpha Phi Omega president, announced Tuesday that the Student Book Exchange will be open tomorrow in the Student Union from 9 a.m. until 5 p.m. to distribute to the owners books which were not sold and money not previously returned.

The Book Exchange sold 344 books during the seven-day period it operated. Members of Alpha Phi Omega reorganized the service last year to permit sale of books at a nominal cost to men and women enrolled in the college.

Chairman Dale LaMar states, "This service offers an opportunity to sell and buy books at favorable prices. More students than before are entering college from high schools and the need for books at the lowest price possible is vital. By eliminating outsiders and profits the students benefit."

This national fraternity recently constructed a student body barbecue pit on the campus between the Women's P. E. department and the Home Economics building to be used by individuals and organizations.

## BAYLIS TELLS OF PARTY TONIGHT

All San Jose State college students and their friends are invited to the "Get Acquainted" party to be given by Collegiate Christian Fellowship tonight in the Student Union at 7:30, according to President Bob Baylis.

Reminiscent of the welcoming party of last year, at which over 800 freshmen were entertained, the evening's program will consist of games led by Dave Fraley, singing and skits presided over by Phil Philobosian, and other surprises.

Refreshments will be served following a short address by Mel Friesen, Inter-Varsity staff member.

The party is admission-free.

## STEWART AWARDED SCHOLARSHIP

Bruce Stewart, senior music major, was awarded a full, four-year scholarship to the Curtis Institute of Music at Philadelphia, Pa.

Stewart, a voice student while at San Jose State college, told of his appointment in a letter received by the Music department yesterday.

Stewart is a member of Alpha Phi Omega, Tau Delta Phi, and Phi Mu Alpha.

Putting various performers through their paces will be Ray Bishop, acting as master of ceremonies. Outstanding on the list is an anonymous instrumental combo, under the direction of Ross Bergantz. Other featured stars will be Dotty Lyons and Nadine Jensen, both of whom appeared in last year's Spartan Revelries. In addition a portion of the NBC Frances Langford show, featuring San Jose State college alumnus, Carmen Dragon, will be broadcast from a recording.

Leading yells to give the football squad an oral vote of confidence will be Glen Stewart and Bob Barron.

## SEASON BOOK SALES CLOSE

"Season book sales for Drama department productions will end tomorrow," said Miss Helen Mineta, Speech department secretary. She also stated that the new Speech office, located in room 57, is now open for business.

Prices of season books are \$2.40 for student body members and \$3.60 for those without cards. Students wishing season books may purchase them in the new Speech office, where all sales of tickets for forthcoming productions will be handled.

The office of Dr. Gillis, Dr. Clancy and instructors John R. Kerr and Elizabeth Loeffler are to be found in the new location. All other speech professors may be located in room 159, also headquarters for the Speech Clinic.

## WATER POLOISTS DROP CLOSE DECISION TO CAL

By JOHN GOTHBERG

A hard fighting University of California water polo team overcame a 4-2 lead in the final quarter and edged out San Jose's Spartans, 5-4.

Sparked by Bill Morketter, ace of last year's Cal swim team, the Golden Bears had come from behind and won in their own outdoor pool last night.

Ed Rudloff and Otis Kaeler scored two goals each, and Morketter topped the Cal scorers with two tallies.

In a preliminary match the Spartan Frosh, in need of more practice, went down to a 4-1 defeat at the hands of their Cal counterparts.

## COTTAGE INFIRMARY PART OF COMPLETE HEALTH SERVICE

By DAVE LEONARD

(This is the second in a series of three articles on the college health service.)

One of the most complete health services of any state college is found at San Jose State college. This service includes the McFadden Health cottage at 430 S. 8th street.

Admission to this 15-bed infirmary is by Associated Student Body card. When a member of the Associated Students feels something amiss in the old anatomy, he can drag himself into the Health office where a physician will make a diagnosis. Then the ASB member will probably head for the Health cottage.

The Health cottage is not a hospital in the usual sense, for it does not maintain clinic or emergency service. The cases for which it can care are limited not only by its equipment and personnel, but also by the insurance which it holds and by the Hospital Licensing act.

### GRATIS SERVICE

One nice thing about this service is that the ASB members receive it gratis. A regular member is a student carrying a minimum of six units. A college physician gives free medical supervision to patients at the infirmary. The patient may employ a private physician should he wish.

Special drugs not routinely supplied must be obtained at the expense of the student. The ASB member may receive free nursing care for a period of 30 days.

In emergency cases occurring when the Health office is closed, a private physician should be consulted. When diagnosis is made by a private physician, admission should be arranged for by contacting one of the following before applying at the Health cottage: Dr. Fleta Williams, college physician in charge of medical care (Columbia 10J); Miss Margaret Twombly, director of the college health service (Columbia 4603W); or the nurse in charge at the Health cottage (Ballard 7863.)

Miss Twombly emphasizes that there are times when medical aid may be obtained most promptly by taking the injured person im-

mediately to the emergency service of the nearest hospital.

### WHOM TO CALL

An emergency directory for ASB members follows:

#### Local Hospitals:

San Jose Hospital, 14th and E. Santa Clara streets; Santa Clara County hospital, Los Gatos road; and O'Connor hospital, Race street near San Carlos.

#### Ambulance Service:

Bigley Ambulance company, Ballard 448, and San Jose Ambulance company, Ballard 861.

For physicians available in emergency, call the Physicians' Exchange, Columbia 2260.

## ELEANOR JOY FLIES PLANE TO GAMES; IS LOYAL ROOTER

Miss Eleanor Joy, former secretary in the Music department and holder of a private pilot's license, hasn't missed a single Spartan football game, even though she now is living in Concord.

Friends report that she plans to be on hand when the teams meet COP. Miss Joy, being both a football and flying enthusiast, kills two birds with one stone by flying to San Jose in the evening, arriving in time to enjoy the football game, and returning to Concord the same evening.

The former instructor left the Music department here during the summer of 1946 and took a job at Buchanan field in Contra Costa county, where she became interested in flying to the extent of taking it up as a hobby. During the ensuing year she has become quite a proficient pilot, it is reported.

## ENGINEERS MEET

Engineering students will discuss plans to attend a demonstration of the University of California's cyclotron at their first meeting of the year, Friday, in room S210, according to John H. Clarke, president of the organization.

Engineering students are cordially invited to attend the meeting, Clarke said. Election of officers for the coming year will be held.

## Let's Have Another Cup of Coffee

By DAVE LEONARD

12:30—Two sweet young things were planted on their coop stools, daintily tipping demi tasse in true lady-like fashion, noisily discussing the affairs of others.

12:40—Freshman Goudge trots into the coop after a hectic morning, for a cup of coffee and a quick sandwich. He came early to assure himself he would be fed. He checks the nack bar which is ten deep. He glances around for the quickest way to service. Spying a mere cup of java before the girls, he blesses his luck and plunges through the crowds towards them.

12:50—Goudge heaves a sigh of relief as he reaches his goal and stakes a claim—that sandwich is almost melting in his mouth.

1:00—The girls decide to settle for another demi tasse and rack their brains for some new affair to dig into. Goudge says nothing, but politely clears his throat attempting to let his presence be known—to no avail—the women are oblivious of their surroundings.

1:10—Most of the other lines have changed personnel several times, but Goudge is in mid-stream now and determined to reap the clover.

1:20—Goudge is getting a little shaky but aside from a slight paling at the temples his composure remains intact. He still says nothing but by now is thinking plenty.

1:30—Too late for food now Goudge, but at least he can tell them what they ought to hear—but he must watch his language. So Goudge gave the nesters what was left of his mind.

1:30½—Honestly Mabel, I don't know what the college is coming to. It's getting so a girl can't even sit down for a simple cup of coffee anymore!

### 'TINY' MUST HAVE AN ALMANAC

Glenn "Tiny" Hartranft, college director of athletics, and weatherman extraordinary, conveniently scheduled the Spartans' first out-of-town game on the very week that Santa Clara County's autumn drizz and dribble began.

## IT'S ONE IN SIX FOR COMMERCE AS MAJORS TOP ENROLLMENT

"Speak to every sixth student and you speak to a commerce major," is the slogan Dr. Earl W. Atkinson, Commerce department head, is offering his students.

The Commerce department is going great guns this year with its largest enrollment in San Jose State college history, totaling 3250, which is almost 1000 above last year's record, according to recently released figures.

Commerce maintains a high place as one of the most crowded departments, offering a total of 66 classes with an average of 50 students per class. The number of students listing commerce as their major field total 1250, or one out of six.

"Augmenting an already long list of instructors are two new members who will increase considerably the departmental scope," Dr. Atkinson said.

Dr. Charles L. Suffield, one of the new members, has set up courses in real estate for the first time here. It is the intention to build a new major around these courses. Mr. John W. Aberle also has been added to the staff of the accounting section.

Miss Dolores Bassi, Commerce department secretary last year is back in a full time teaching position after her marriage to football player Al Chasuk. New secretary for the department is Miss Lillian Tofano.

## ON THE SPORTS TRAIL

By TOM ROWEN

Our bouquet of the week naturally goes to Coach Bill Hubbard and his Spartan football team that upset the dope sheets by knocking over the highly touted Hardin-Simmons Cowboys Friday night.

San Jose showed class and that they are ready to move in the "big time."

Hubbard tells us he had the wrong defensive set up for the Cowboys at first but as soon as the Spartans got their correct line spacing, they were on their way.

On to Tacoma, is San Jose's byword now and then Santa Barbara the following week.

We like the Spartans in both games after the way they played against the Abilene Cowboys at Spartan Stadium.

### DIVOT DIGGINGS

Hats off to Morgan Fottrell Jr., No. 2 man on San Jose State college's golf team last year who went a long ways in the California Amateur Golf championships held recently at Pebble Beach.

Warren McCarthy was another Spartan who was in for awhile. Nice going, Spartans.

### OUR WEEKLY SELECTIONS

Did we miss them last week? We are going to try a little harder this week and see if we can't bring up our percentage from last week's .660.

Tere they are:

San Jose State over College of Puget Sound.

Fresno State over Cal Poly.

San Diego State over College of Pacific.

USF over Mississippi State.

USC over Ohio State.

UCLA over Oregon.

California over Wisconsin.

Stanford over Santa Clara.

Notre Dame over Purdue.

### OUR BOY PAUL

Sports writers usually are a hard-hearted bunch but Paul Von Hafften who serves as our spotter at football games, gets so excited during a game that we usually have to rely on the services of Louie Duino, local sports editor, to call plays while we are covering a game.

Paul who doubles as our wrestling expert gets into the spirit of the contest by rooting for the Spartans throughout.

However, he always does an excellent job of interviewing Coach Bill Hubbard and phoning us the information.

### MR. POPE GETS AROUND

An old friend dropped in to see us recently. His name is John Keith Pope, one-time Spartan Daily sports editor.

Keith is Chief Justice of the student court. We understand he has some big affair cooking down town which will be announced shortly.

### DID YOU KNOW?

A recent publicity release from Chuck Mallary, Spartan puff artist, tells us that Jim Jackson caused Johnny Lujack to be shifted to left half when the two were playing service ball for Fort Pierce Amphib Base.

Some boy, that Jackson.

## FROSH GRIDDERS VIE FOR POSTS

By PAUL VON HAFFTEN

More than 65 eager and aggressive football candidates are battling hard for their positions on the first Spartan post-war freshman football squad to be fielded since 1941.

There are several promising boys on the line, and Coach Winter is especially pleased with his backfield material which is at least four deep in each position. Each backfield quartet can be substituted as a unit without weakening it, he boasts.

Coach Winter and his assistants, Al Vedovelli and Bud Nygren, have been putting their boys through hard workouts which included scrimmages Saturday and Monday.

There is a terrific battle for positions on the line especially at the left end and left guard positions. At left end, George Persha stars on offense, while Dick Nashland and Sam Jones are outstanding on defense. At left tackle, Ed Miller and Wood Wymond are battling it out, while the left guard spot is a hot contest between Ron Padilla and Don Desch.

Wayne Calhoun and Harold Cornell are vying for the center spot. Louis Fregoso and Johnny Santos are putting up a good scrap for the right tackle position.

John Pear and Ive Kanalakas look good at right tackle, and Ed Williams and Norman Enzensperger show plenty of promise on the right wing.

In the backfield which probably has more depth than even the line, we start out with the left halfbacks. They include Gil Younger, Gil Mendosa, Robert Campbell and Jack Armstrong. At the right halfback spot we have Gil Cemintina, Bill Hurst, Bob Metz, and Tom Talesfore.

At quarterback, the first four include George Bergner, Bill Kogelhatz, Bob Finnegan and Pete Mesa. The fullbacks are Davis Richardson, George Barich, Bob Schuyler, and Dale Alley.

Another good back is David Rebltis who is out with injuries but the coaches hope that he will be ready for the Santa Cruz Seahawks.

Harley Dow, giant tackle, comes from Verdugo hills in Southern California. He tips the scales at 225 and played for Bob Bronzan's junior varsity basketball team last year.

Coach Bill Hubbard left Washington Square in 1940 to go to Rochester University as an assistant coach under Dud DeGroot. When DeGroot was head mentor for the Washington Redskins, Hubbard scouted for him and acted as an assistant coach during the summer practice sessions.

Backfield coach Walt McPherson played fullback for Dud DeGroot and Bill Hubbard in 1936, '37 and '38. He also lettered in basketball and baseball at San Jose State. McPherson was a lieutenant in the Navy during the war.

## WRITER SURVEYS SPORTS PROGRAM

By JOHN GOTHBERG

"The trouble with San Jose State college's athletic setup is a lack of adequate facilities," the vet told us as we shuffled out of the coop.

"Facilities," we said in our startled manner. "Do we lack athletic facilities? Conditions might be crowded but in comparison with other colleges we are very fortunate."

We told the campus newcomer about our swell gym which is one of the finest in the state for a college of this size. Next our friend was told about the well equipped gymnastics room. To make sure that no doubt was left in the mind of the fellow, we walked him over to the gym and showed him all the boxing, wrestling and judo equipment. His face began to show signs of amazement.

"And now let us show you our swimming pool," we said to the dissatisfied student. "We admit that this fast-growing college is in need of another to better accommodate the fair sex, but you can't deny that we have a nice pool."

Next we had our unconvinced friend drive us out to the stadium in his jeep.

"Well," he stated as he looked down on the green turf from the top of the stadium, "this is nothing; you should see Southern Cal's."

"Yes," we came back, "but look over to the left and you will see what we had back in 1930."

He looked over at our present practice field and track and saw the bleachers that seat approximately a thousand.

"You mean this is all we had back in 1930?" he queried.

We replied in the affirmative and then told him about the 3000 additional seats to be put in the stadium before next season.

From here we took our amazed ex-GI over to the Municipal Baseball park to show him where the Spartan nine play all their home games.

Before we left the area of Spartan stadium, he had seen our track, baseball diamond, tennis courts and football stadium. Our "Doubting Thomas" was beginning to change his tone now.

The Jose Bowl was our last stop. Here our friend saw where San Jose State bowling classes are held.

Although our athletic facilities are kind of spread around the city, our grumbling friend now was convinced that his new alma mater has a lot more than he even dreamed of.

About this time we were getting quite curious about this newcomer to our campus who at first tried to appear so all wise.

"Where are you from?" we asked.

....We walked away disgustedly as we heard him answer, "Fresno."

Bob Cheim is the lone ex-Seabee on the football squad. He shoots a 70 game in golf and played for Bellarmine Prep.

## ROTC TO FORM RIFLE TEAM

Lt. Col. Francis Tremayne of the ROTC unit here announced plans yesterday to form a rifle team composed of ROTC members.

"The team will compete against other college ROTC units along the coast," Tremayne said. He added that they will also be eligible to compete for honors in the annual Hearst Trophy matches.

Col. Tremayne is an outstanding marksman, having fired in many meets, including the National President's Cup matches held yearly at Camp Perry, Ohio.

Assisting Tremayne will be another crack shot in the person of Master Sgt. Alvin Ousey. Sgt. Ousey holds expert medals in the use of all infantry weapons.

Dates of matches and more detailed information will be available soon, according to Sgt. Ousey.

Col. Tremayne and Sgt. Ousey urge all ROTC members with a desire to shoot in competition, to contact them for more details.

Coach Bill Hubbard came to San Jose State in 1932 as an assistant coach under Dud DeGroot. The two won the old Far Western Conference title in their first year at San Jose. Their record for 1937, '38 and '39 shows 35 wins against two defeats and one tie.

Val Marchi, varsity tackle, and Kenny Blue, varsity guard, played for USF before the war. Marchi played for King City high school during his prep days and Blue starred for Galileo in San Francisco. Both served in the Army during the war.

# NEWS BRIEFS

## LYCURGUS WANTS SPOT ARTISTS

Lycurgus Art Editor Bill Wagner is looking for artists and cartoonists. "Artists with experience in spot cartoons and all types of art work are needed for the fall quarter magazine," says Wagner.

He urges all artists to contact him this week in room 17, and to leave a note indicating name, address, and telephone number on the Lycurgus bulletin board if he is not there.

## W.A.A. RIDING CLUB HOLDS FIRST MEET

The WAA Riding club will hold its first meeting this afternoon at 1:30 in the dance studio of the Women's gym. Plans will be made concerning weekly rides and a week-end trip, according to Donaldine Bridges, riding manager.

All girls interested may sign up on the WAA bulletin board in the gym, even if unable to attend the first meeting.

## BIOLOGY STOREROOM BEING ENLARGED

Workmen are expanding the biology storeroom in the Science building this week to provide room for more physiology equipment, according to Mrs. Eva McRae, the technician in charge of the storeroom.

## Afternoon Tea to Welcome Home Economics Majors

An afternoon tea welcoming all two-year and four-year home economics majors and minors will be sponsored by the home economics faculty Tuesday, October 14, from 4 to 6 p.m., reports Mrs. Joan Greenwood, home economics secretary.

Some invitations, which cannot be delivered due to lack of programs filed in the Home Economics office, are posted on the bulletin board in the Home Economics building.

All students in the department are welcome to attend the tea.

## Faculty Production Is Near Sellout

There are still a few tickets left for the all-faculty production of Ferenc Molnar's "The Guardsman." Opening night tickets, October 10, and the following Thursday evening performance are complete sell-outs.

Tickets for all of the remaining seven nights' shows are going rapidly, according to Miss Helen Mineta, Speech department secretary.

The play will run from October 10 through 19. Tickets are on sale in the new Speech office, room 57, for 30 cents.

Included in the cast are Dr. James H. Clancy, Elizabeth Loefler, John R. Kerr, Wallace Murray, Ruth McKenzie and Marie B. Carr. Dr. Hugh Gillis, head of the Speech and Drama department, will direct. Harrison B. McCreath is technical director of the show.

## VET BENEFITS BOOK IN OFFICE

The veterans' desk in room 16 of the Administration building now has on hand a limited number of copies of a Veteran Benefits digest compiled by the public relations division of the First National Bank of San Jose. They are free for the asking.

Contained in the digest are brief accounts of such benefits as terminal leave, readjustment allowance, medical treatment, hospital care, civil service preference, and others, including a complete account of state benefits. The basis of eligibility, deadline dates, and the administrative agency is given for each item.

## PONTARELLI IS FIRST TO JOIN CHAPEL SHOW

Ted Pontarelli, freshman of San Jose State college, was the first person to sign for an audition for the Spartan Caravan, a variety show which soon will go on the road as a Memorial Chapel fund benefit.

Better known as Ted Nichols in the music world, Pontarelli was a former vocalist with Bob Russel, a local orchestra leader. He has just finished an engagement at Lou's Village, and previous to that had been studying music at the Pontarelli Brothers Institute of Music in Los Angeles.

Sign-ups for show auditions are still being held in the Student Union for those with potential talent. With the show soon to go into rehearsal, it is hoped that all talented students will turn out for the Caravan.
