JUNIORS, SOPHOMORES DANCE WHILE SENIORS, FROSH TALK BUSINESS

Frosh Elect Governing Group
At Orientation; Seniors
Hear MacQuarrie

Entertainment and business were featured at each of four class meetings held yesterday morning. The seniors enjoyed musical numbers and a talk by Dr. MacQuarrie, the juniors and sophomores had a joint dance, and the freshmen elected a governing council.

PRESIDENT TALKS

Senior classmen were instructed by President MacQuarrie in the intricacies of politics at the weekly meeting of the class, when he discussed charges of communism which were recently made against the college, and pointed out their absurdity.

Emil Milan, music student, entertained the group with several songs, featuring Jerome Kern's composition "Without A Song."

SOPH-JUNIOR MEETING

Room 1 of the Homemaking building was filled to capacity yesterday when State sophomores and juniors held a joint meeting.

Following a business meeting which occupied about three minutes, the room was cleared for dancing. Mel McDonald's seven piece orchestra played.

The business briefly discussed by president Jim Grimsley, of the sophomores, and Byron Lanphear, of the juniors, was interclass touch-football and the junior barbecue at Alum Rock next week.

Sixteen freshmen were elected to form a governing council for the freshman class at the orientation meeting held yesterday morning. This council will take the place of class officers until next quarter, according to Mr. Charles B. Goddard, group adviser.

The representatives were chosen by groups of the class divided by schools, counties and out-of-state sections. They are William Huxtable, Raymond Stager, Jack Gruber, John Diehl, Frank Sanchez, Madge Klink, James Craig, Alder Thurman, Ervin de Smith, Clyde Voorhees, Albert Castro, Donald Morton, Hugh Cramer, John Butler, Glimp Bodkin, and Agnes Trinchero.

Mr. H.F. Minssen, head of the Mathematics department, and vice-president of State explained the workings of the mathematics department to the class, and stated that the increased enrollment in past years proves that the subject is gaining in popularity.

He also explained the finances of the school, bringing out that merchants of San Jose should appreciate the fact that this college brings \$1,500,000 into the city every year.

Dance To Davis

ARTHUR KELLY SPEAKS TO PI OMEGA PI GROUP

Giving an account of his trip east last summer, Mr. Arthur Kelly, San Jose State commerce instructor, entertained the local chapter of Pi Omega Pi when that group met Thursday evening at the home of Miss Ethel McCoard.

Mr. Kelly's talk followed the business meeting held for the purpose of making plans for several parties to be given soon.

Four Big Daylight Cars To Compose Davis Bound Train

Students To Dance As
Train Speeds To
Aggie Game

All aboard for the big train trip to Davis.

Fun, and the spirit of carnival incited by the prospects of a big game will prevail when San Jose State students board the comfortable "State Special" that will be turned into a veritable fun house.

Dancing to the tune of Mel McDonald's orchestra while rolling along at a clip of 40 miles an hour is only one of the forms of entertainment that will be offered San Jose State students who take the special train to the Cal Aggie-State game at Davis tomorrow.

BAND TO PLAY

The train is ready and waiting, with four big daylight observation cars to accommodate the crowd of students expected. The chairs in the observation car on the end have been removed, and this car will be used for dancing.

In the adjoining car the band, with all its seventy pieces, will furnish the necessary music.

In another car, various forms of entertainment, including bridge and pinocle playing, will be in full blast, struggling along amid the noise, while the members of the football team will have the car next to the engine reserved for them.

In the event that four cars are not enough, another is ready and waiting to be hooked on and taken to the game along the track that has been kept open to Davis, so that the 125 mile trip can be made in three hours.

SPECIAL TRAIN

The "State Special" will leave the 4th street entrance at 7:55 sharp, and will leave from the San Jose station at 8 on the dot in order to avoid the Los Angeles trains. Students from the peninsula way may catch the train at the San Jose depot.

Tickets for the big trip are two dollars and will be sold at the booth in the quad and until on the morning that the train leaves, in the Controller's office.

Any further information may be obtained from Dwight Bentel, journalism and publicity advisor, in charge of the special train.

Dance To Davis

Dean James DeVoss To Visit Eastern Colleges

Dr. James C. DeVoss, dean of the Upper Division and head of the psychology department, will leave Saturday for a tour of colleges in the east and midwest.

Among the schools he will visit are the State College at Emporia, Kansas, where he was once an instructor, the University of Nebraska, and the University of Chicago. Dr. DeVoss intends to investigate the different personnel organizations in these institutions.

He will spend three days in Cleveland, where he will attend the meeting of the National Council of the Y. M. C. A., planning to return home by the first of November.

ALL ABOARD!

Michael Angelo

On To Davis

A day filled with fun and frolic is in store for every State student making the train trip to Davis tomorrow.

Aboard the "circus train" will be a continuous round of every type of entertainment to please the college student. The entertainment to be offered is so varied that anything the student may desire can be found on the "circus train."

And this is just the start of the day! When the train arrives in Davis, San Jose students will be met by a delegation of Cal Aggie students and escorted over the world famous training school for agriculturists.

The tour of the Aggie campus will be followed by lunch, and then the football game. As a grand, smashing climax to the day there will be another three hours of dancing and entertainment on the homeward bound train, arriving in San Jose early enough in the evening to allow those who wish to, to continue the day's festivities on their home grounds.

THE DOPE FOR TOMORROW

Here's all the dope on Saturday's "circus train" trip to the Aggie game at Davis:

Train leaves from in front of college at 7:55 sharp. Leaves Market street depot at 8:10 sharp. (Note—the train will leave on the dot, to make way for the Los Angeles express.)

Round trip tickets are two dollars. They may be purchased at the controller's office, at a special ticket booth in front of the school, or before boarding the train Saturday morning.

Train goes by the way of Oakland, reaching Davis in three hours. The band will be aboard; so will coaches and the football team. Mel McDonald's five-piece or-

chestra will play for dancing in a special stripped observation car. Continuous entertainment will be provided.

A reception committee will meet the train at Davis, and students will be taken on a personally conducted tour of the plant.

The Aggie cafeteria will serve lunch at a nominal price.

Game begins at 2:15—special admission price of 35 cents IF A STUDENT BODY CARD IS PRESENTED.

Train leaves on return trip at 6 o'clock. Will be back at college shortly after 9 o'clock. Dancing all the way home to McDonald's orchestra.

Bidding for the six recognized women's societies will close at 3:00 p.m. today, Friday, October 19. Notices for these bids are already in the mail boxes

in the co-op. Those girls who receive these notices should call at Miss Dimmick's office before 3:00 p.m.

Spartans Rated On Even Terms With Cal Aggie Gridmen

Both Teams Free From
Injuries; San Jose
Needs Victory

By GIL BISHOP

A band of forty spartan grid-ders will leave San Jose tomorrow morning headed for Davis and a hoped-for Conference victory over "Crip" Toomey's California Aggies. The contest will either boost San Jose hopes for a Conference championship or drive them into the mire of defeat.

The Aggies offer the first of four tough hurdles between the Spartans and a victorious season, having a 0-0 tie with Nevada's surprising Wolves hanging in the stable at Davis.

It will be a white-shirted squad of Staters who troupe onto the field tomorrow to celebrate Home-Coming day on the "farm". The Mustangs wear a gold and blue jersey, a decided clash with Sparta's own golden uppers, forcing the San Jose team to don chalk-colored shirts to offset the Aggie colors.

AGGIES MAY PASS

Exactly what Toomey will use against DeGroot's silk-panted invaders is a matter of guess-work. The probability is that tomorrow will find the Aggie backs throwing a multitude of passes from a short punt formation. The Spartans have been weak all season on the aerial basis, and since the Chico game was well scouted by the Toomey-Wilson combination, the odds are that the spectators will see plenty of footballs flood the Davis ozone.

DEGROOT BUILDS DEFENSE

DeGroot has not been exactly blind to the situation confronting his squad and the past week has found the Spartans concentrating on a bulwark against the expected

STATE ACTIVITIES TO BE DISCUSSED AT LUNCHEON

Activities open to State students—their benefits and demands—will be discussed by the members of the Freshman Luncheon Club at their meeting next Monday noon in Room 1 of the Homemaking building.

The journalism and physical education departments and Spartan Spears, sophomore women's honor society, are the activities to be given consideration Monday in the first of two meetings which have been planned to deal with the subject.

MICHAEL ANGELO STAFF ARTIST

Have A Good Time

San Jose State college is unusually fortunate this year in being able to offer to the students a number of attractive activities. No one needs to complain of the lack of entertainment here.

On this coming weekend, a train, full of enthusiastic students, will leave for Davis and a good time. They know when a thing is good, and how to take advantage of it. This same weekend, several hundred students will sit at home and grouch because "there isn't ever anything going on around this dump." And they won't all be students who couldn't afford the trip, either.

And another group of students will smile sarcastically, and say, "We wouldn't have had any fun on a trip like that, anyway." There is too much of this attitude. How do you know whether you would or not?

How many of you have ever tried cooperating with the college in the matter of having a good time? Don't all answer at once.

Surely you could spare one evening out of your sweet young lives to use in making an experiment like this. You never know. You might even have a good time doing it.

M. R. D.

School Spirit

School spirit—that dragged in the dust issue—is again called to our attention. Or rather, the lack of it is called to our attention. With it we are forced to include a few words on disgraceful behavior—shame on you college students;

Booing, yelling, hissing, and other characteristics of the primitive still have their place in our meetings, apparently. But it seems pathetic. Can't a speaker get up and say what he has to say without being embarrassed, interrupted, and otherwise hindered because some people won't refrain from acting up? The Chico-rally was a good (or is it bad?) example of what we are driving at.

D. F.

Just Among Ourselves

By Dr. T.W. MacQUARRIE

Note: This column is personal between the president and the college. Outsiders are requested not to make use of the material.

Do you realize how fortunate we are in our linoleum block artist? He's simply unusual, that's what. Most of his stuff is outstanding, but I nonestly believe he struck a high point with his strip for the Aggie "circus" train. There was festivity, abandon, speed, and thrill, a jolly suggestion of a good time. I could feel my old bones tingle when I saw it. Made me want to go, and I'm afraid I am. Of course, the cow. I felt a bit disturbed for the poor creature. But even cows have to get off the track when youth goes adventuring. There was ip it, a suggestion of agriculture, and it's all right with me. And what's a cow catcher for anyway?

I hope you know that our artist is none other than Michael Angelo. That name on our editorial page is no attempt at levity. It's a fact. Mike's a soph. He came here just a year ago, and he's been going great guns ever since. To cut an interesting, artistic, well executed picture out of common floor linoleum, to make it all backwards and turn it over to us for a bit of entertainment every day is an outstanding contribution to the welfare of the college. Mike does that, and incidentally develops most of the ideas.

We have them here. Artists, musicians, singers, writers, poets, scholars, athletes, and good old fashioned hard workers. They're here all right. I don't always get a chance to know them very well, and that's my loss, but every little

while I run across one and it's compensation for a whole raft of nagging troubles.

If you have a special ability, now's the time to develop it. The college offers hundreds of courses in so many fields that you can be reasonably sure of expert instruction along the line of your interest. Suppose we make a special effort to be constructive in our contributions. Suppose we take our talents and devote them to the general welfare. We go through college only once. It's quite truly now or never.

I hope as many of you as can will take that train trip. It's something you will remember for years. It's almost a tradition in San Jose history. Thirty-five years ago we had a special train to Chico, and alumni who were on that train still talk it over. Autos are fun, of course, but there's an esprit de corps which develops on a train that cannot be matched in any auto tour. Also, autos in the middle of the night are very dangerous affairs. And if we can help the team break into the win column in the Far Western Conference we may find that easy to take.

I hope you are all having a good time yet. It won't be too long before the mid-quarters. Don't be afraid to put a little effort on your courses. I am looking forward to the personnel committee meeting at the end of the quarter with no enthusiasm whatever. I talked to a little freshman the other day and asked her how she was getting along. She said "Well, I've learned to yawn with my mouth shut." College has its advantages.

WORLD NEWS HIGHLIGHTS

Two justices of the supreme court in Washington yesterday held that compulsory military training is not required in land grant colleges under the federal law.

Bruno Richard Hauptmann will know by sundown tonight whether he must face "Jersey justice" for the murder of Charles Augustus Lindbergh.

The trail of the kidnapper of Mrs. Alice Speed Stoll was picked up by federal agents at Louisville, Kentucky, yesterday.

As a result of the freakish play of the elements at Los Angeles yesterday, two children were missing and hundreds were temporarily homeless. Property damage was estimated in excess of \$100,000.

Asa Keyes, former district attorney of Los Angeles and later convicted of bribery, died yesterday in Los Angeles following a stroke of paralysis.

D.T.O. "BIG GAME" DANCE

With all the collegiate magic that is associated with the words, "Big Game", Delta Theta Omega fraternity announces a formal Big Game dance to be given November 24 at the Devonshire country club. The Stanford Ambassadors will provide music for dancing.

The dance is to be a "no cor-sage" affair. Bids, which may be obtained from any member of D. T.O. are to be sold at \$1.25.

Bud Thompson has been selected for Art director for the dance.

The new officers who will be hosts at the dance are: Grand Master, Charles Pinkham; Master, Jim Grimsley; Recording Secretary, Irvin Beaulieu; Corresponding secretary, Robert Rector; and Reporter, Burton Abbott.

KAPPA KAPPA SIGMA

With gay Hallowe'en as the motif, Kappa Kappa Sigma held their last rush party of the season Wednesday evening at the Sainte Claire Hotel.

The guests enjoyed informal bridge, in which the winners wore garden gloves and the losers paper hats.

A buffet supper was served preceding the bridge and the guests were seated at individual tables.

FIRST STREET AT SANTA CLARA

Frosh Gridders Meet Marin J. C. Tonight

INJURIES CAUSE PORTAL TO SHIFT LINE-UP FOR NIGHT GAME AT MARIN

By Dick Edmonds

The State Freshman football squad, coached by DeWitt Portal, will meet the Marin Junior College eleven tonight at Kentfield in what should be an even and hard fought clash.

The Marin team so far has had an up and down season but is a heavy team with great potentialities. The big star of the eleven is Herman Pete, a negro backfield man. It is a coincidence that the star of the Spartan team should also be a negro. It should produce an interesting feature to the game with "Bull" Lewis, the San Jose fullback pitting his skill against another great negro boy.

MARIN LOSSES

Marin has suffered three losses so far this season. The S. F. U. frosh defeated them 24 to 2, St. Mary's frosh team was the winner by an 18-0 score, and the San Mateo Jaysees, received a 12-0 decision after a hard fought game. The Mariners defeated the Mare Island Apprentices, who held the California Aggie freshmen to a one point victory and who met the Spartans later, by a 12-0 score. The Kentfield boys were winners over the strong Galileo high team 7-0, and defeated the Mission grid-ders by a 12-0 count.

SPARTAN INJURIES

The Spartans have been weakened badly by a series of injuries. Four players, in the last three weeks, have received broken noses. Henning, Fink, Hesse, and Hanson are the boys with the dislocated "breathers". Probably one or two of these will see action tonight, however. Frank Sanchez, who has started all the games at halfback, is in the hospital with a badly wrenched knee. Heigle will be out with tonsillitis, and Kelly with a sprained ankle. In practice Wednesday, Goodwin ruptured a blood vessel in his leg and will be out of the game for some time. The other casualty is Johnson, a promising tackle who suffered a badly torn eyebrow.

STARTING LINE-UP

The starting line-up, according to Portal, will be slightly changed. John Costa, who has been out for two weeks, has replaced the injured Sanchez. Harold Buffa will start in one guard position and Rianda will hold down one of the end positions. Portal declared he had not decided on the center position. Voorhees or Colburn will get the starting call.

Trowbridge and Westall, who played fine football against the Stanford Paposes, will hold down the tackle positions. Collins at end, Hudson at guards are the standbys in the line and are not likely to be displaced.

Mickey Slingluff, flashy open-field runner, will get the signal calling duty for this game, and Lewis will complete the backfield. Wes Raso, 129 pound halfback, has shown up exceptionally well in practice and may be found in the lineup before the game has been under way long. Portal declares he is a bundle of iron with speed and cleverness and is a hard worker.

The squad, including 34 players, coaches, and managers, will depart for Kent field at three this afternoon.

NOTICE

Fencing Club meeting at 12:30 today in the women's gym.

SAN JOSE, CALIFORNIA, FRIDAY, OCTOBER 19, 1934

Intramural Activities

By JAMES WELCH

In the touch football games yesterday the Juniors defeated the Sophs 12-0 while the Frosh won on a forfeit from the Seniors, who again failed to show up for the game.

The Juniors with Jennings, Covello and Lanphear leading the way took the Sophs by a two touchdown margin. The first score came as a result of a long pass from Lanphear to Bill Jennings. A few minutes later Covello intercepted one of the Sophs passes and ran fifteen yards to a touchdown. Bill Jennings, former star end on the varsity starred for the Juniors.

The Sophs started a drive in the last quarter and advanced to the Junior 5 yard line where the game ended. Bud Everett and Dick Main starred in the Soph backfield.

The Frosh again turned out in great numbers but were disappointed when the Seniors failed to appear. This forfeit victory puts the frosh out in front with two victories and no defeats.

Gil Bishop, Russ Margolotti and Burt Watson, physical education majors refereed the games played this week. Coach Charlie Walker wishes to thank them for their services.

ARCHERY CLUB

Alice Vetterle and Josephine Williams were the high point archers at the Archery Club shoot held last Wednesday afternoon.

San Jose At Full Strength For Cal Aggies Saturday

(Continued from page one)

forwards. Considerable improvement has been shown and a spread defense should be a tough proposition for the Mustang to penetrate.

Early season bleacher coaches had it already tabulated that the Aggies were to be the doormat of the Conference in 1934 along with Chico, but just now the predictions seem to be all washed up. With the heirs of the Gallagher, Coombs, Wolfe and Frazer families back in the line-up, Toomey has a team that is far from a soft touch.

FEW SPARTAN INJURIES

On the Spartan side of the picture the gloom that has been be-fogging the horizon somewhat seems to be lifting. For the first time this season injuries are at a minimum. The entire State aggregation looks to be in tip-top condition for the contest on the Mustang stamping ground.

The practice of the last week indicates the State coaching staff have drilled their proteges well in a wide open game and tomorrow should find the speedy Spartan backs running wide and far

around the Aggie defense.

The probable starting team for San Jose will be Laughlin and Baracchi, Daily and Simoni, Pors and Cannell or Azevedo and Whitaker as the seven men in the forward wall. In the backfield, either Corbella or Carpenter at quarter, Wren, Shehtanian or Watson at halves, and Stockdale or Barr at fullback.

Since the tie with Chico the Aggie game has taken on an added significance. A loss or a tie will just about force San Jose out of the picture while a win will put a rosier hue on the season's outlook.

THE SPORT SPOTLIGHT

By Dick Edmonds

It is beginning to look as though sophomore domination over freshmen is about finished. The latest indignity to be forced upon the sophomores of State was a loss in touch-football competition. Tuesday the freshmen, cockier than freshies should ever be, defeated the sophomore grid aggregation by the score of six to nothing. The end was never in doubt. The freshmen, to make matters worse, even put in their second team at the end of the first half and still the upperclassmen were unable to dent the goal line. It looks like the freshmen will end the season undefeated if the showing of the seniors is any prediction. After the annihilation of the sophomore eleven, the seniors became awed and failed to show up to meet the freshmen Terrors yesterday.

CLOGGING AND TAPPING CLUB

A meeting of the Clogging and Tapping club is to be held today at 12:15 p.m. in the women's gym.

COMMUNITY CHEST PLANS ARE MADE BY COMMITTEE FOR COMING YEAR

Formulation of plans for the coming student body Community Chest drive in November were discussed by the chest committee which met yesterday in the council room.

Charles Pinkham and Dario Simoni, the leaders of last year's drive, gave talks on difficulties encountered then, and made suggestions in order to elude last year's mistakes.

Feeling that the drive which will be held this year from November sixth to sixteenth, is a strictly student body project, Dr. T. W. MacQuarrie, president of the college, is not participating in the drive. Last year's was a cooperative student-faculty arrangement.

MILITARY IDEA

Bill Moore suggested a plan of military organization which has been successfully used by the down-town community chest committee. It consists of a graded arrangement of generals, lieuten-

ants, and captains. The committee approved of the plan.

Ronald Linn, student body president, presided at the meeting and appointed Barbara Bruch as secretary of the committee. Katherine Hoffmeister was appointed to obtain publicity from the down-

town committee.

MEET THURSDAY

Another meeting of the committee will be held next Thursday, at 7:15 a. m., and all students wishing to participate in the work are invited to come.

Members of the chest drive committee are Charles Pinkham; Dario Simoni; Adrian Wilbur; Bill Moore; Ronald Linn; Katherine McCarthy; Barbara Bruch; Bonita Hooker; and Katherine Hoffmeister.

Junior Barbecue Will Feature Mel McDonald

Two floors for dancing, plenty of food, and Mel McDonald's popular orchestra, will be features of the annual junior barbecue on October 26, with Alum Rock Park

the scene of the festivities.

From 8:30 to 12:00 o'clock, dancing will be enjoyed on either an open or closed floor and a public address system will be part of the specially secured facilities. The barbecue will begin at 7:00 o'clock, making five full hours of entertainment.
