

# Dons Defeat Spartans 13-0 In Opener

Spartan Daily staff meeting tomorrow at 11 o'clock. All members must be there.

Turn in your nomination for football sponsors at the publications office before five o'clock today.

VOL. XXV

SAN JOSE, CALIFORNIA, MONDAY, OCTOBER 5, 1936

Number 8

## NOISE PARADE SET FOR FRIDAY

### Grid Sweetheart Nominations Due Promptly At Five

Instigating a new policy in the selection of gridiron queens, the Spartan Daily staff, sponsor of the idea, requests all sororities, organizations, or private individuals who wish to nominate a candidate for the campus sweetheart role, to bring the girl's name to the editor's desk in the publications office by 5 o'clock today.

In order that the name may go on the ballot which will be published in the Daily tomorrow, this five-o'clock deadline is final. No vote will be official unless it is for one of the names on the ballot, and no ballot will be accepted that has more than one mark.

Succeeding elections for the weekly Sweetheart choice will follow this policy. No girl who has once obtained the honor may be nominated again.

Each queen will be given a seat of honor on the players' bench and will be feted at the football dances. Her duties will be to wish the captains of the teams the best of luck and to act as general sponsor of the week's gridiron battles. Only home games will be sponsored by the campus sweetheart.

### Noise Rally Is Headed By Ward

Sophomores who aspire to repeat this year their last year's noise-making leadership must see Bill Ward, who is in charge of the arrangements for the Noise Rally and Parade, which will be staged next Friday.

Ben Melzer, president of the sophomore class, urges that the second year men be well represented in the parade of noise-making floats in order to live up to their former standards.

### Y.W. Freshman Hobby Groups Meet Tuesday

The YWCA hobby groups for freshman girls will meet Tuesday in Room 14. Any girl who is interested in a verse speaking choir or in learning to knit, is asked to meet from 11 to 12 in the "Y" room. The "Art Shop" group and the "Amateur Hour" group will meet from 12 to 1 in the same room.

Hope Napoli wishes to thank the girls who helped make the freshman picnic at Alum Rock park a success, and urges the freshman girls to sign up for the various hobby groups.

### Men's Gymnasium To Be Starting Point In Annual Event

An annual fete for three years, the noise parade will be held this year Friday of the week, October 9, starting at 5:30 o'clock. The lineup of floats, cars and wagons will take place at 5 o'clock, by the Men's Gymnasium on San Carlos and Fourth streets.

Bill Moore, chairman of the noise parade, has secured the permit from the City Council; thus clearing up all the red tape of starting time and route.

**SAME AS 1935**

This year's route will be identical with that of the last parade. Starting at Fourth and San Carlos streets with the judges' machine leading the procession, it will continue on San Carlos to Second street, then north to Santa Clara, west to First street, and south to San Carlos, where it will disband at Fourth street.

The order of floats has not been settled as yet, but the judges' car will lead the parade with the band directly following. The third unit will be the coffin, denoting the spirit of College of Pacific.

**THREE JUDGES**

The judges, two of which will be faculty members and one a student, will drop out at First and Santa Clara streets, where they will review the parade. Upon the return of the procession to the Men's gymnasium, the judges will make the award, a perpetual trophy which was won by the Allenian Society last year.

"Any small groups which have not as yet been contacted, will please see me today," said Bill Moore, "if they desire to enter a float in the parade." In addition to floats, all private cars that are available are to be welcomed in the procession.

### Music Group To Elect New Prexy Tomorrow

Music majors and minors will hold their first meeting of the quarter in the music building tomorrow night from 7 to 10 when they assemble to elect a president and to acquaint new students in the music department with each other.

According to Bob Ish and Al Brown, committee heads, any student who is taking a course in the music department is welcome to attend the meeting.

Refreshments and entertainers consisting of skits, musical numbers and dancing are plans for the evening's program.

### Dr. Poytress Begins New Lecture Series

"The Present Economic Situation as a Basis of Campaign Issues" will be the topic of Dr. Poytress' "Behind the News" lectures tomorrow morning at 11 o'clock. It will be the first of a series dealing with "The United States and the Election."

### Sale Of Rooters' Caps Strikes 200 Mark In One Day

With 200 rooters' caps already sold, and the sale only one day old, members of the rally committee today announced that they were confident the idea behind the caps would go over.

Fifty caps were chalked up to the credit of the Co-op store, and three times that number were sold in the Quad booth, under the direction of Bill Van Fleck, representative for Roos Brothers' store, who is sales manager for the caps.

As the first concentrated effort of the rally committee to win support for the organized rooting section was rapidly gaining headway today, several organizations were battling to win the prize which will be awarded to the group buying the most caps by the College of Pacific game.

At the dance to be held in the men's gym Saturday night, October 10, following the C. of P. game a prize will be given away by the rally committee for the greatest number of caps tabulated during the week for any one organization. The tabulation will be on a percentage basis; thus giving the smallest group an opportunity to compete with the largest group.

The sales will continue during this week, with Friday set aside as "Rooters' Cap Day". Cal Sides, rally chairman, urges that all students who have already purchased caps wear them on Friday, and all those who have not as yet bought one, do so during the week when the booth is in the Quad.

### Co-ed Queen Opens Football Season In Pre-Contest Rites

Escorted by prominent student body leaders, Martha Sayre, elected sponsor of the San Jose State-San Francisco University game, officially opened the 1936 football season as she greeted spectators and players at Spartan stadium Saturday.

Carrying a huge bouquet of yellow and white chrysanthemums, Miss Sayre, accompanied by Paul Becker, student body president, Frank Brayton, Spartan Daily editor, and Jerry Girdner, head yell-leader, waved greetings to San Jose and San Francisco rooters and gave a short address of welcome over the stadium public address system.

Chosen as the first of five sponsors for home games this season, Miss Sayre was driven to the game in an automobile furnished through the courtesy of the Canelo Motor company, and was escorted by motorcycle officer Herbert Miller, graduate of the San Jose State police school.

## DeGroot's Eleven Fails To Show Offensive Power In 1936 Football Debut

### Ray Peterson Leads San Francisco Team To Impressive Victory Over Spartans As 4500 See Opening Clash

By DICK EDMONDS

Led by a superlative driving fullback in Ray Peterson, the University of San Francisco eleven spoiled the 1936 grid opener for the Spartans by pounding out a 13 to 0 victory in the local stadium Saturday afternoon.

The Dons put across their first score late in the opening quarter when Peterson drove into pay territory from the one-yard stripe after Bill Lewis had punted short to the 26-yard line.

Peterson started the fireworks after the short kick with a three-yard gain at right tackle. After Barney Swartzell, Spartan pivot man, had tossed Arneson for a three-yard loss, Swanson wriggled his way 20 yards to the six-yard marker. Gerardin made a yard over Bruce Daily, San Jose tackle, and then Peterson smashed his way to the one yard line from where he took it into scoring territory.

**PASS FOR SCORE**

San Francisco pounded out its second touchdown midway in the fourth quarter with Haggerty, wingman, taking the ball over the last stripe after receiving a six yard pass from Del Baggio, classy little Don back who bothered the Spartans all afternoon.

The score came after Chuck Peach, reserve right half, had fumbled on the San Jose 26-yard line. Peterson tore off 15 yards, being stopped by a desperate last minute tackle by Tony Merino, safety man, on the 11 yard stripe. Peterson picked up another four yards on a buck at the line and then Del Baggio dropped back to pass and finally picked out Haggerty as the receiver. The Dons failed to convert after the first touch-

(Continued on Page Three)

## Council Will Give Decision On Fate Of 'Toro Tonight

### Monetary Standpoint Expected To Bring Heated Discussion

The fate of El Toro, State's humor magazine, will be determined this evening when the council meets at 7 o'clock with Dwight Bentel, director of publications, and James Marlais, member of the publication department.

The magazine which has suffered many set backs since its instigation, is only a year old, the first issue being published by Jewel Spangler and Jordan Kellogg.

Under discussion tonight will be the advisability of continuing the magazine primarily from a monetary standpoint. A heated discussion is expected by Paul Becker, student body president, when the matter is placed before the council members.

Appointment of a new council member to succeed Alice Wilson, vice-president, who is doing student teaching this quarter will be the second item of importance to be brought up. Jack Reynolds, who was mentioned last week, was not approved by the council.

As the last issue on a full calendar for the evening is the appointment of permanent committees for the council members. Each member will represent a special department in the college.

## Bruning First In Navy Air Course

According to reports from the Oakland Post Enquirer, Robert Bruning former member of San Jose State varsity football team and industrial arts student, finished first in a class of five men completing solo flights in the primary training class at the navy air base at Oakland airport.

A State register with the class of '34, Bruning received his varsity letter during his senior year and was also a member of the gold award team of that year. He took active part in Iota Sigma Phi, industrial arts honor fraternity.

Bruning is now at home in San Leandro awaiting orders to proceed to Pensacola to receive further training in the regular Naval Training school at that point.

## College Peace Council Presents Dr. Hillyard As Featured Speaker

With war and economics as his theme, Dr. Sidney Hillyard, commercial instructor of the Los Gatos High School, will be the featured speaker at the college Council for Peace meeting Wednesday evening, October 7th at 6:30 in Room 1 of the Home Economics Building.

The College Council for Peace is presenting Dr. Hillyard because he has just completed a three-months' tour through Europe hitting England, Germany, and Russia, and will talk on the conditions prevailing there.

It is also suggested that those who wish to purchase their supper at the cafeteria please sign the sheet posted in Room 1 of the Home Economics building as this would simplify matters considerably.

## Fat In The Fire

By RAYMOND WALLACE

It seems to us that a required high school course for those preparing to enter college should be a semester's training in the interpretations of course bulletins of various colleges. It should include calculus, differential and integral, statistical procedure to and including partial and multiple correlation and the Pearson product-moment formula for correlation, exercises in logic, and argumentation for dealing with an adviser.

Most students are here for a year or two before they begin to get an idea what it's all about, and by the time graduation is upon them most of them can perfectly interpret the mystic cabala of the catalog—whereupon they find that they have taken the wrong course.

But don't let it worry you any if you can't make out right now just what it's all about, because the administration can't either. In the first paragraph on page 31 of the current catalog will be found the statement that no more than 60 units may be offered toward the AB degree in any one department. On page 61 are laid out the requirements for an AB in English, stating that the candidate must take 30 units in the lower division and 36 in the upper division. If that course in ed. measurements is doing us any good, we add that up to 66.

We dislike to seem to harp on the matter of the library clock, but one of the librarians told us that the only way to get it was by student agitation. Lynch mob forms in the quad at noon.

We are also bearing our black underwear for the loss of the pencil sharpener and the bookrack.

Speaking of ballot stuffing, as our brother Fathead was the other day, can it be possible that the election board doesn't know the rules about electioneering? With our omniscient ear stretched around the corner last week, we hear a student ask one of the board members who was a good man to vote for for yell leader—and the board man told him.

The Pre-Legal club will meet today in Room 11 at 12:30 sharp. All members and students interested in law or any particular phase of the profession are asked to be present. Election of officers and an outline of the club's activities will take place.

—Anthony Anastasi.

## 'Students Not So GOOD AS RATS In Tests'—Honzie

"Rats are infinitely preferable to students for Psychological experiments," declared Dr. Charles Honzie, psychology instructor at the University of California, at a seminar meeting of the psychology department and interested students at the home of Dr. James DeVoss, head of the psychology department, Thursday night.

Most psychological experiments depend on rats, which are not temperamental, and are easily trained, according to the noted speaker.

Dr. Honzie was the first speaker in a group of lecturers being presented by the psychology department.

## A.W.S. To Noisify In Parade Friday

Crammed to capacity in the back of a large truck, the Associated Women Students of San Jose State will contribute their share of noise-making to the noise parade which will be launched on Friday, October 9, preceding the College of Pacific-State football game on Saturday, it was decided at an A.W.S. council meeting held Thursday in the organization's club room.

All women students are welcome to participate in the A.W.S. entry, for which the time and place of meeting will be announced at a later date, according to Alberta Smith, chairman of the A.W.S. noise makers.

## Mother Hubbard OLD STUFF, 'DOC' Takes The Cake

You can't fool "Uncle Jimmy". When Mrs. DeVoss went to the place where she'd so carefully hidden a large birthday cake baked in celebration of Dr. J. C. DeVoss' and Mr. Harrison Heath's birthdays, she couldn't find even a crumb.

Frantic searching finally revealed the cake under a bed—a hiding place selected by Dr. DeVoss when he discovered the "surprise".

There will be a Social Affairs committee meeting Tuesday at 12:30 in the Student Council room.

## Just Among Ourselves

By Dr. T. W. MacQuarrie

Dear me, what a gang, and how many strangers! Almost a stranger myself. In the good old days when there weren't so many of us, we said "hello" or "good morning" or something, as we

passed in the halls. I did, I know, and many responded. That always seemed to me a friendly thing to do. So much better than going along totally oblivious of others, or pretending to be oblivious. The old students have been most gracious this fall. A little show of recognition, a bit of a smile, "Good morning", and the day goes better.

Anyway, if you don't like that sort of thing, I hope you won't object if I say "hello" to you. You don't need to respond, but I get sort of a kick out of it making myself believe I'm on friendly terms with aristocracy. Candidly bragging, you know, saying to myself, "It wasn't so long ago when I was young and interesting just like that".

But if you see me down town, you take the initiative. You say "hello" first, I'll respond, delighted, but I don't like to start it down there. I don't know all of you, and I've made a few bad blunders. I'm afraid if I make any more, someone will call a cop. "Fresh old guy. Tried to pick a date with me."

Be sure you get the "Daily" daily. Might be a good idea to keep a file. If you're not here certain days, have some one keep a copy for you. The "Daily" is a good college paper. It took a great effort to build it up to its present efficiency and cost a lot of money. I have been particularly pleased with the issues this year. Full of real college news, and that's what the paper's for. My own attitude toward the paper is that it should be free to discuss all matters pertaining to the colleges. I make only two requests of the editors: First, that we mind our own business and not attempt to run the city of San Jose, and second, that the material be decent. I don't think a college paper should stoop to smut even if there is a precedent for that in other institutions. I feel this way about the general policy of the paper. Certainly any editor, or any student, should be just as much concerned about the welfare of San Jose State as I am. You will all want to be proud of your Alma Mater. It's up to you, then, to use your own judgment to that end. If you make a blunder, we'll all take the rap with you. If you accomplish your objective, we'll all climb on the band wagon and pretend we did it. I hope the whole student body will support the "Daily" this year.

Young lady wishes transportation from Milliken Corners, 101 highway. Will pay part of expenses. Call Charline Armond—Santa Clara 389W.

## POYTRESS TO CONDUCT EXTENSION COURSE IN ECONOMICS AT U. OF C.

William H. Poytress, Head of Department of Social Science at San Jose State college, will conduct a University of California Extension Division Course in Modern Economic Problems, Extension Division officials announced today.

The course will begin Tuesday, October 6 at 7:30 p.m.; meetings to be held in Room 24. The enrollment fee for 15 meetings will be \$12. The annual registration fee for Extension courses, which covers every course taken in the academic year 1936-37 is \$1.00. Two units of credit are allowed for the course.

Those interested may attend the first meeting of the class without charge, Extension Division officials said.

Social Dancing club will meet Monday, October 5, from 9 to 10 p.m. in Room 1 of the Art building. Obtain guest cards from Mrs. Calkins in the women's gym.

## Noted Authority On Use Of Voice Speaks To Choir

An example of the interest created by the Speaking Choir under the leadership of Miss Elizabeth Jenks, speech department head, is revealed in the local appearance September 27 of Mr. Frantz Proschowski, world renowned voice authority.

While conducting a lecture series in San Francisco and Berkeley Mr. Proschowski listened to the choir's group recitation of poetry. Such was his interest that he invited the group to work with him, and made an unscheduled appearance at the home of Miss Jenks in San Jose where he spoke on "The Logical Use of the Human Voice".

Visiting the Pacific coast for the third time, Mr. Proschowski, whose studio is in New York city, numbers among his pupils Tito Schipa, of the Metropolitan Opera company; Paul Robeson, negro basso; and Al Trahan and Miss Virginia Rea of Broadway musical shows.

"Mr. Proschowski is undoubtedly one of the finest teachers of speech in the United States," states Miss Jenks, who enrolled in the voice authority's classes in Berkeley.

CHART SCHAFFNER & MARX CLOTHES

## ARROW SHIRTS

### HERE ARE THREE WINNERS IN ONE LEAGUE

The American and National League this month, offer one winner each. But the Style League offers three. Three shirts. Three ARROW shirts.

NO. 1—The new (TRUMP), with a NEW ingeniously woven soft collar, the longest-wearing collar ever sewn on a shirt.

NO. 2—(HURON) whose more formal (AROSE) collar LOOKS starched WITHOUT starch and keeps fresh all day.

NO. 3—(Gordon), Arrow's famous oxford that WON'T shrink.

## Spartans Show Sturdy Defense As Dons Victors

Peterson Sparks U.S.F. Victory; Lewis And Rocchi Leaders

(Continued from Page One)  
down but Peterson booted the ball through the uprights after the fourth period score.

San Jose State's offense gave Spartan rooters little opportunity to cheer. Burly Bill Lewis was the only back able to do better than a couple of yards at a time without the aid of blocking in the line.

Diminutive Gene Rocchi brought the crowd to its feet several times with some flashy runbacks of Peterson's punts. The 148-pounder was a tough man for the massive city linemen to stop and he squirmed for many an extra yard after he had appeared to be boxed in. Rocchi is likely to see plenty of service because of Saturday's exhibition.

### DEFENSE STRONG

The defensive line play of the Spartans was at times superb as time and again Don backs drove deep into San Jose territory only to be turned back by a band of fighting Spartan linemen.

Particularly standing out in the goal defense was the work of Mike Winters, massive State guard. Jess Wilson, junior tackle, was also outstanding among the linemen of the day.

George Cannell, guard, Clyde Vorhees, center, Joe Ferreira, guard, and Bob Wing and Joe Lantagne, ends, came through with steady play which drew comments of approval from Coach Dudley DeGroot.

### PASSES HURT

San Jose State's pass defense, while excellent at times, permitted the Dons to gain many yards through aerial maneuvers. Several times Don receivers appeared to be well-taken care of by defending backs but the passes were completed anyway.

Frequent fumbles marred the otherwise well-played tilt. Both teams were guilty of loose ball-handling with perhaps the Dons being even more guilty than the Spartans, who received several S.F.U. fumbles only to lose the ball because of fast whistle-blowing on the part of the wideawake officials.

SPARTAN DAILY, MONDAY, OCTOBER 5, 1936

## SAN JOSE STATE SOCCER TEAM LOSES CONFERENCE OPENER TO U. S. F. DONS EIGHT TO ONE IN LOOSELY-PLAYED TILT

San Jose State's soccer eleven met tough opposition Saturday morning on Spartan field and went down to defeat before the strong University of San Francisco Dons by a score of 8 to 1.

The Bay city squad which had profitted much by its experience gained in many previous tussles kept the local men on the defensive during most of the fray. The Don encounter was only the second for Coach Charles Walker's team, and consequently the squad is still not up to good season form.

Norman Sloper, Lyle Hastings, and Lorenzo Quilici were the main cogs in the Don offense, and they kept the San Jose backs and goalie on the alert during most of the game. Bill Pitcher and captain Ray LeCercue played consistently for State throughout the contest.

San Jose's lone goal came late in the last quarter and was booted through the uprights by Bill Pavoni, a substitute for Mendes Nepote.

## INTRA-MURAL SPORTS

By KERMIT ANDERSON

Aspiring casaba flingers of State who desire some pre-season playing, are to have their chance in the Intra-Mural basketball tournament starting October 12, according to Coach "Tiny" Hartranft, Intra-Mural head.

Any organization or individual may enter with only one rule being enforced, that: not more than ONE letterman or TWO squad men of the Varsity quintet, are allowed in one team.

Hartranft has asked for immediate attention, so, those interested should get in touch with him at their earliest convenience at the Men's gym.

## Water Poloists Have Game For Tonight Postponed

Coach Charlie Walker is wondering just when his three water polo teams will be able to splash water in their opponents' eyes.

According to the schedule, Charlie's aqua-ducks should already have disposed of the Dolphin Club in the junior and freshman divisions, and his varsity and junior squads should be waiting for their meet tonight with the Athens Club first and second stringers.

The Dolphin Club, however, informed Coach Walker that due to unavoidable circumstances its meet with the Spartans would have to be indefinitely postponed.

The Athens Club now finds lack of funds forces postponement of their scheduled meet, which was to have been held tonight in the

## Spartan Yearlings Push Over Last Period Touchdown For Win In Grid Season Opener

Favor Hits Pay Dirt After Zimmerman Leads Advance

An inspired Spartan Frosh grid team took a determined offensive during the waning minutes of the fourth quarter in its clash with Menlo Saturday and drove 70 yards for the winning and only score of the game. After an inflicted penalty on Menlo had put the ball on the one yard line, Larry Favor took a reverse from Leroy Zimmerman and drove across the line for the touchdown. The conversion was missed, making the count 6-0. The game, played on the turf of Spartan Stadium, as a preliminary to the San Francisco University-Spartan Varsity affair, was an auspicious

opener for Coach DeWitt Portal's proteges who entered the fray with only a week and a half of practice behind them.

### MENLO GOOD

The Menlo Junior College boys spent a great part of the game in Spartan territory due mainly to the splendid passing and running of dynamic Ray Hansen, bulwark of the opponent's strength. However, one of Hansen's aerial heaves landed in the outstretched hands of Charlie Lavannino, Frosh center, who took the pass on his own 30 yard stripe and was downed in his tracks. Here the Spartan offense began to function.

Zimmerman passed to Mayberry for five yards and then

(Continued on Page Four)

Oakland pool.

Walker is wondering now if his three teams will really meet with the Olympic club here this Friday. The schedule reads—"Olympic Club October 9, Spartan pool, 8 p.m., frosh, juniors, and varsity"—and if precedent is to be judged by, Charlie's waterdogs will go through the season undefeated and without having aggravated an opponent's sinus trouble.

## Women's Sports

By PEGGY LUCIER

### TENNIS

Use of the San Jose Tennis club courts has been granted State Women tennis players this quarter for six hours a week, it was announced yesterday by Miss Marjorie Lucas, women's physical education instructor. Members of the tennis classes and the Women's Tennis club will be permitted to make use of the courts offered by the club.

Increased interest in tennis this quarter has made it possible to have nine women's classes which are completely filled. Approximately 160 are enrolled in these classes.

Arrangements for an inter-organization tennis tournament are being made at present by leaders of the tennis club. Definite plans will be announced tomorrow.

## Plunging Ray Peterson . . . .

## . . . . Finds Another Opening

Ray Peterson, ace Don back, who consistently rammed the Spartan line for gains Saturday afternoon, is pictured above finding a gaping hole in the San Jose line.

The State players whose numbers are clearly visible are (left to right) 27, Capt. Carpenter; 40, Jack Martin; 12, Joe Ferreira; Ray Peterson, U.S.F., with the ball; and 30, Lloyd Wattenbarger.

# FROSH WIN 6 To 0

(Continued from Page Three)

fired a beautiful straight toss down the center to Don Pressley that was good for 17 yards. Work-horse Zimmerman crossed up the opposition on the next play and plowed over center for 8 yards and picked up 1 more on the following. Larry Favor came around on a reverse and, taking the ball from Zimmerman, found a hole in the line and scampered 23 yards through a broken field only to be hauled down on the 16 yard stripe. Here came the penalty on Menlo for talking, putting the pigskin one yard away from touchdown territory. Zimmerman cracked a stubborn line but was held for no gain, and then Favor took the reverse that produced the score.

## FUMBLE RECOVERED

With about two minutes remaining, Menlo opened up its bag of tricks, and on the kickoff pulled a reverse, Wilson to Hansen, and Hansen ran to his own 44 yard marker before he was stopped. Zimmerman came in on the next play to intercept a lateral and head toward the Menlo goal, but a hard tackle stopped him and sent the ball scooting out of his hands. Lavannino again proved a man of the moment when he pounced on the elusive pigskin. A couple of safe line plays kept the ball in Sparta's possession until the final gun was fired.

## OUTLOOK DARK

The Spartan Babes were in hot water more than once, and at the very start the outlook was none to bright. After the kickoff and Menlo punted back, Wilson inter-

cepted one of Zimmerman's passes and carried it to his own 46. An exchange of punts gave Menlo the edge when Hansen returned to the San Jose 39, and after a line play, he heaved a pass to Wilson that went to the Spartan 15 yard line. Here the threat stopped as Carmody recovered a fumbled lateral, giving the locals the ball. The second quarter saw the ball in Spartan territory almost all of the time. Fumbles played havoc with the local boys, although the new backfield which was in during that time made some good gains. Shortly before the end of the half, Charles Preston, half-back, was taken from the fray with a badly cut and broken nose. He will probably be out of action for some time.

During the third quarter both teams threatened but were stopped after advancing to each other's 20 yard marker, and in the fourth period, Menlo was advancing dangerously fast, when an intercepted pass paved the way for San Jose's touchdown march.

## STANDOUTS

For Menlo, Hansen, Wilson, and Hogan bore the main burden. Of the home team, Larry Favor looked good on running plays and in the safety position, and Leroy Zimmerman, who was in on almost every offensive play, was a decided standout. Hugo DeGroot showed much good football, making good line plays and heaving and kicking the ball with accuracy. Pressly and acting Captain Carmody were brilliant in line play, crashing through several times to throw the opponent backs for losses.

## Burial Custom Shown To Be Root Of Ancient Nile Valley's Pyramids

Mention Egypt and promptly our minds register two words, pyramids and adventure. One feels the urge of the wanderlust, and a thousand and one questions flit through the mind about this land of mystery, romance, and adventure. Next we start thinking about those huge, massive, and forbidding looking structures, the pyramids, and then we ask ourselves the reason why they were built.

Several thousand years ago man migrated from the cradle of man into the Nile Valley region. Here he remained and lived in comparative peace for an indefinite time. It was not long before that irresistible urge in man to see what was in the valley beyond took hold, and small groups departed to migrate into the deserts of Egypt.

It was not long before the deserts were fairly cluttered with these wandering bands of nomads. Among these wanderers there arose a custom of burying a person's belongings with him when he passed into the region beyond.

At first a shallow hole was dug, the body thrown in, and then forgotten. With these bodies often were buried fabulous fortunes of gems and other valuables. Because of the custom, wandering bands of bandits found it quite profitable to rob these graves.

In order to prevent this desecrating, the people began to pile rocks over the graves. As time marched on, the nomads started to settle and form cities. Here in the cities this custom, through force of habit, was continued. Soon the rich settlers began to think and found no reason why the poor and the rich should have the same size rock pile over their graves.

This started competition between the different castes of the com-

## S. J. PLAYERS TRYOUTS TODAY AND TOMORROW

With speaking tryouts to be held in the latter part of the week, students trying out for the San Jose Players, the college dramatic organization, today and tomorrow take the written tests on technical phases of dramatic work in Room 49 between 4:00 and 6:00 p.m.

Wednesday and Thursday candidates for the Players will deliver selections chosen from a group of four monologues selected by the speech arts department, and Friday in the Little Theater the candidates may offer any selection of their own choice.

Mr. Hugh Gillis, Dr. Dorothy Kaucher, and Mr. Earnest Mendenhall of the speech faculty, and two members of Players, Bill Gordon and Frank Hamilton will act as judges for the tryouts.

## Stanford Professor To Speak Here Thursday

In the second lecture of the regular weekly series presented by the college psychology department, Professor Paul Farnsworth of Stanford University will speak on the psychology of music Thursday evening, October 8, at 7 o'clock in Room 110.

All students are invited to attend the lecture, particularly those studying music to whom the talk will be of major interest.

munities and in due course of time one was able to tell a deceased person's importance by the size of the rock pile over his grave.

It was this custom that eventually led directly to the building of these huge constructions that we call pyramids.

**Hospital Attendant.** Open to men only; age 21-45; salary \$50 per month and maintenance. Application must be filed by October 10.

## Archers Divide In Teams At Meeting

Archery enthusiasts were divided into two groups when the Archery Club held its first meeting of the quarter Friday noon on the San Carlos street turf. The division separated inexperienced archers from master archers in order that skilled shooters would not be competing with beginners.

Norma Fammatre was chosen to head the group in place of Martha Pye, representative who was elected last year but who did not return to school.

Both men and women students are eligible for membership in the club which will meet every Friday during the noon hour. One quarter of archery is required unless the individual has had some experience in the sport. A number of new heavier bows have been purchased during the summer to be used by master archers.

## First Afternoon Hop Features Grid Queen

Featuring the appearance of Martha Sayre, football queen for the San Jose State-San Francisco game, the first afternoon dance of the quarter was held Friday afternoon in the women's gym.

Miss Sayre was introduced to the students, and Jerry Girdner, newly elected yell-leader, led the crowd in yells. Myer Ziegler's orchestra furnished music for the affair.

## B And D Artists WILL PERFORM For Game Dance

## Thespians Come From Triumph Abroad

"The B and D thespian group has condescended to show here the night of the State-Pacific dance, and will be presented in an artful and delightfully entertaining floor show during two intermissions," stated Harold Kibby, social affairs committee chairman, upon returning from San Francisco where he had just completed negotiations with the heads of the group.

The famous B and D entertainers, fresh from new conquests in Australia, have been in San Francisco for the last month originating a new and greater show in preparation for a years engagement at the Waldorf-Astoria hotel in New York city, and will use their appearance here as a final rehearsal. Immediately after the show they will entrain for the east. State and Pacific students will be the first nighters of their newest and greatest presentation.

B and D officials were not exceedingly verbose about their new origination, but conclusions drawn from a few chance remarks have it that a new and beautiful bevy of chorus girls will be featured.

Harold Kibby advised all students to arrive at the dance early as a tremendous crowd is expected, and late comers might have to be turned away at the door.

## Nature Study Club To Hold Open House Meet

The Nature Study club, directed by Dr. Karl Hazeltine will hold an open house meeting in Room 222 of the Science building tomorrow evening at 7:30 sharp.

Dr. P. Victor Peterson, head of the Science department, and Mr. J. Peterson from Alum Rock Park will be the speakers of the evening. All those who are interested are welcome to attend the meeting.

## Today's Program Requires Schools In Police Work

"Today a police school is an accepted part of every modern police department or program, and the idea has gained such momentum that it is now established forever in our national police program," stated Mr. William A. Wiltberger, director of the San Jose State college police school, in his article entitled "Some Trends In Identification" which appeared in the September issue of "International Association for Identification".

The article considers the field of instruction in the art of fingerprinting and also the problems encountered by a young police officer who desires a career in this phase of activity.

Mr. Wiltberger, in his paragraphs discussing the modern problems in the science of description and identification, expressed an urgent need for further development in these two fields. "One realizes how inadequate our technique and information has been in the description of stolen property when attempting to teach new men in the field. The problem is a great one and requires constant thought."

## Ashworth Leaving Tonight; Will Bring Back Club Airplane

Postponing his departure because of unforeseen complications, Hillis Ashworth will leave for Bradford, Penn., tonight or early tomorrow morning, revealed Bob McEuen, president of the State Flying Club.

The date of the plane's arrival was scheduled for next Monday but has been changed to an indefinite date.

Plans at present are for Ashworth to leave for Bradford by train and on the return trip, fly the plane back to San Jose Airport, King Road.

## Notices

There will be a rally committee meeting tomorrow night in the student council rooms at 7 o'clock. Important.—Cal Sides, chairman.

There will be a Home Economics club meeting Monday, October 5, at 8 p.m. in Room 1 of the Home Economics building.
