

# Gymnasium Roof To Be Repaired

Juniors, election meeting  
today at 11:00 in Room 24.

Get a rooter's cap and wear  
it in the noise parade.

VOL. XXV

SAN JOSE, CALIFORNIA, THURSDAY, OCTOBER 8, 1936

Number 11

## Men's Gymnasium Will Have New Roof; Rain-Slippery Floor Caused Many Serious Injuries To Players

**California Inspector Montgomery Visits Here; State Emergency Funds Appropriated To Finance Project Amount To \$7,000**

After five winters of broken noses and sprained ankles caused by rain-slippery floors, the roof of the men's gymnasium at State is to be rebuilt, it was announced yesterday by President T. W. MacQuarrie.

The announcement came following a visit here of California State Inspector Z. J. Montgomery. To finance the work \$7000 has been appropriated from the state emergency fund, it was explained.

### 23 INJURIES

Built in 1930-31, the roof of the gym has always leaked, President MacQuarrie said. Twenty-three serious injuries have been recorded since that time.

Dave Downs, varsity basketball player last year, suffered a concussion of the skull; Howard Burns, yell leader during most of the '34 to '36 quarters, received a badly broken nose; and Luke Argilla, varsity football man, a fractured malar bone—all while playing on a wet floor.

In addition, there have been 14 severe knee, elbow and skin burns, and six sprained ankles.

### COMPOSITION BASE

According to plans being discussed in the President's office yesterday, it is likely that the present tile will be removed, a new composition base laid, and the tile replaced. The new roof may, it was said, be wired through the base.

Work is expected to start in  
(Continued on Page Four)

## College To Erect Yell Leader's Platform On Spartan Stadium Rail

Cheer leaders will no longer be obscured from the rooting section at Spartan stadium games by the cement railing which has heretofore kept them in dignified but inefficient isolation.

This became known yesterday with the announcement by President T. W. MacQuarrie that work would commence next week on a cheer leader's platform on the east side of the gridiron. It is hoped that the platform will be completed in time for the game with the University of Santa Clara on October 17.

According to present plans, the section of railing between the crescent shaped terraces will be removed and a concrete platform constructed. Cost of the work is estimated at \$500.

"The psychological effect of having the yell leader near the rooters will be worth it," Cal Sides, rally chairman, commented when notified of the plans.

Robert Free, a member of the rally committee, has been working with President MacQuarrie in promoting construction of the platform.

Another addition to the Spartan field equipment, according to Dr. MacQuarrie, is two new ticket sales booths.

## Winters Fractures Arm In Practice; Stone Injures Eye

Varsity gridiron hopes received a serious setback yesterday when big Mike Winters, star sophomore guard, received a broken left arm and will be on the sidelines for the remainder of the season. Winters had worked himself up to a first string berth and was considered a sure starter in the Pacific game Saturday.

Another blow to DeGroot's forces was received when Bob Stone, fullback, suffered a badly bruised eye and will be out of suit for a few days, including Saturday's contest.

## Rooting Section's Plans Completed

With the band performing at the half during the College of Pacific game, the final plans for the rooting sections' activities were completed at the last meeting of the Rally committee.

Bing O'Kelly, manager for the band, addressed the committee members upon the stunts which the band would perform Saturday. Stressing the need for secrecy, O'Kelly refused to disclose the exact nature of the stunts, but it is believed that it will be a humorous football game.

In addition to the stunts by the band, the students will be given ample opportunity to perform. Several popular songs will be played and song sheets are to be distributed to the rooting section. Under the joint leadership of Bing O'Kelly and Jerry Girdner, the rooting section will be led in the new songs.

As was invoked at the last game, the arm bands will be distributed, and students are requested to wear their rooters' caps, with the orange side out. Sale of caps will be continued tomorrow in the Quad, and they will also be sold at the game.

Up to the present time, over 300 caps have been sold. Cal Sides, chairman of the rally committee, urges all students to purchase caps so that the sale may reach the 500 mark.

## Juniors Will Meet For Election

**Plan First Dance For Hallowe'en Night Says Walker**

Preparing for a season of "competitive activity", the junior class will meet today at 11 in Room 24 for the purpose of electing officers.

According to Don Walker, acting president of the class, the coming year will be the most successful in the history of the juniors.

"We have reserved Hallowe'en night for our first dance," stated Walker, "and with that as a start we believe we can develop a program of continued activity and spirit that will surely out-do all other rival classes. The less said about sophomores Benny Melzer and Jim Bailey the better."

Besides electing officers, the meeting this morning will be held for the purpose of deciding where the first dance and the Junior Prom shall be held. It is believed by class officials that if an out-of-town location could be procured for the Junior Prom, the dance would attract more attention than in the past.

All juniors are urged to attend the meeting today.

"Fie, fie, fie on the juniors," was all sophomore Vice-President James Bailey had to say.

## 'Ermine Lady' To Lead Parading Tomorrow

In addition to her other duties, Henrietta O'Brien, newly-elected Ermine Lady of the campus, will lead the noise parade in its raucous trek through the streets of San Jose tomorrow afternoon.

Big things are being planned for her entrance upon the gridiron during Saturday's Homecoming game with the College of the Pacific. Besides her activities as football sponsor, Miss O'Brien will be honored at the student body dance Saturday night in the men's gym.

Majoring in chemistry and planning to become a professional chemist upon her graduation from college, the Campus Sweetheart is a freshman, having entered this fall from Notre Dame high school in San Jose.

Monday afternoon at five o'clock will mark the deadline for next week's nominations of football sponsor. Only names appearing on the ballots may be voted for and ballot-box stuffing is absolutely banned.

Organizations or individuals who wish to nominate girls must have the name of their choice in the Publications' office before the deadline Monday.

## PARADE JUDGES CHOSEN

**Jungle Beast From Pacific Is Took By Fearless Spartans**

By FRANCES CUENIN

In the swamps of Stockton, after a fierce hand to hand battle (?) the famous bengal tiger of Pacific was captured, after having been turned loose by the Pacific Traitors following their terrific defeat in the year 1934 at the hands of the Spartans.

The wild cat, thin and almost dying from hunger, was caught with the aid of tiger nets and poles lent to the alert members of the rally committee by the Barnum and Bailey Circus, on its last trip to these here parts.

Following a week's diet of steer and horse meat, the feline will be in perfect condition for the forthcoming game. Its appearance will be short, though, due to the extreme ferocity of the animal.

The cat will be brought on the field by the queen in the same cage that it was transported in from the swamp land of Pacific. Since its recuperation from the starvation diet it was subjected to during its exile, the tiger has become so fierce that no one dared move it into a larger cage for fear of being maimed for life.

The tiger's appearance on the field is expected to create consternation among the Pacific rooters who believed the cat dead, after its cruel treatment of two years ago.

## March 19 Deadline Of Sen. Phelan Contest Says Eng. Department

The Phelan Literary fund, which each year provides awards for the best work achieved in the fields of poetry, drama, short story, and essay, has set the entrance deadline for March 19, 1937.

Senator Phelan left \$10,000 to the school trustees with the stipulation that the interest from the money should be divided among the students who did outstanding work in the field of literature.

### HELP GENIUS

Senator Phelan felt that the genius in these students should not be wasted.

The contestants must have their material typed, with their name on a special title sheet fastened on the outside, and in Dr. Barry's office not later than March 19.

Members of the English department may be consulted on matters pertaining to the contest.

### ORIGINALITY

The material must be original, and a limit of 1000 words has been set on the short story and the essay. Plays and poems may be any length.

The English department is not responsible for damage to the manuscripts, but the rejected manuscripts will be kept several days after the awards are made.

## Prof's, Students Comprise Body

**Floats Will Be Ranked On Three Counts**

Dr. L. C. Newby, Mrs. Rae O. Wirtz, and Elbert Garcia will serve as official judges at the third annual noise parade, which will be held Friday starting at 5:30 o'clock.

The procession will start from the men's gymnasium at Fourth and San Carlos streets, and follow the same route as last year's parade, which will take it up to Second street, over to Santa Clara, then to First, and back to the starting point.

### JUDGES LEAD

The judges' car will lead the parade, but will drop out at First and Santa Clara where it will rank the floats according to originality, noise, and percentage of students in attendance.

In addition to the awarding of the perpetual trophy, another cup will be given to the float with the greatest percentage of student wearing rooters' caps. This prize will be presented to the organization at the dance Saturday evening, following the Pacific game.

### THIRD YEAR

Instigated by Elmer Stoll, former State student and rally committee chairman, the noise parade has  
(Continued on Page Four)

## Dance Celebrates Game Victory Saturday

Pacific and San Jose students will mingle Saturday celebrating one victory or the other when the second student body dance of the year is held in the men's gym from 9 to 12.

Henrietta O'Brien, sweetheart of the Pacific-State game, will be feted during the program, which will also include the presentation of the trophy for the largest number of rooter's caps entered by an organization in the noise parade.

If safe from high priests' rage, Galle and Garrety, star performers for the B and D thespian troupe, promise to present the pre-season performance of their famous religious dance of Banji-bungo-bungo.

Frank Paradise and musicians will play for the affair which will be free to all holders of student body cards, with 50 instead of 25 cents, as has been the price in the past, for non-members. Pacific students will be admitted for 25 cents with student body cards.

Harold Kibby, social affairs head, is general manager of the dance aided by Marion Clikker and Betty Jean Keller who are in charge of decorations and patrons and patronesses.

## Kappa Phi Club Initiates Eleven New Members

Receiving the "Degree of the Light" at a unique candle-light ceremony, eleven new members were formally initiated into Kappa Phi club last night in the lobby of the Home Economics building.

Proceeding down the stairs leading to the Home Economics lobby between rows of old Kappa Phi members who formed a candle-light arch over the neophytes, the eleven initiates were greeted by Kappa Phi President Helen Dally and her assistants.

Written tests formulated by the Kappa Phi National were administered by Vice President Doris Arnold and successfully passed by the pledges previous to the initiation.

The new members are Miriam Carr, Leila Merritt, Doris Gordon, Anne Webb, Carmella Carmon, Pat Tandrow, Evelyn Moeller, Frances Young, Barbara Titcomb, Jeanne Ewing, and Virginia Farrell.

Patronesses of Kappa Phi who attended the initiation were Miss Doris Robinson, Mrs. Ruth Praise-water Cromwell, Mrs. Myrtle Calkins, Mrs. Vesta Ross, Mrs. Sarah Hestwood, Mrs. Florence Bryant, faculty adviser; and Miss Berta Gray, sponsor.

#### Notices

Important meeting of Delta Phi Upsilon Thursday in Room 3 of the Home Economics building at 12:00. All members please attend. Bring your lunches.

Will all women students who are planning to ride in the A.W.S. truck in tomorrow's parade please bring their own noise-maker.  
—Roberta Smith, chm.

Will those who intend to participate in the Entomology club field trip please sign notices posted for that purpose on bulletin boards in the science building. The charge for the barbecue will be 15 cents per person, and for transportation 1 cent per mile, to be paid to the driver of the car. Don't forget your own lunch.

## Record Enrollment In Music Department For Fall Quarter Reported

Continuing the steady increase which has characterized it in past quarters, the State College music department has opened this quarter with a record breaking enrollment, according to music department head, Mr. Adolph W. Otterstein.

Registration of music majors has reached the total of 207 students in comparison to that of 179 of last quarter.

Enrollment of music minors has reached the hundred and fifty mark, making it a new high.

This increase has overcrowded the music building and its classes with students declares Mr. Otterstein.

## Hilda Hanchett Taken Into Pegasus Society As First Fall Entrant

Hilda Hanchett, a freshman from Los Gatos and daughter of Mrs. Sybil Hanchett of the music department, was the first State student of the fall semester to be taken into Pegasus, the literary honor society, when her manuscripts for entry, several poems and a short story, were read and accepted at a meeting held Tuesday night at the home of member Barton Wood.

Drs. Josephine Chandler and Lu Emily Pearson, new members of the English department, were present as guests of honor.

Membership in Pegasus is open to all college students who are interested in creative writing. Applicants are required to submit to the society for approval original poems, short stories, essays, magazine articles, or any other type of original writing.

Manuscripts can be submitted to Dr. James Wood of the English department, and faculty adviser of Pegasus, or to any member.

#### NOTICE

Lost: A crystalline gray waterman fountain pen Saturday at game. Reward. Please return to Lost and Found.

Students who have registered for Contemporary Philosophy please see Mr. Robinson this week for information as to time and place of meeting.

## Just Among Ourselves

By Dr. T. W. MacQuarrie

Don't be afraid, Freshmen, it's not a reception. We wouldn't feel comfortable at one ourselves, Mrs. MacQuarrie and I, so we just call it an afternoon with the Freshmen. The college patrons and the officers of the student body help because there are so many of you.

We're having it next Sunday, the eleventh, from three to six.

Usually about four hundred, and we hope as many of you as can do so will come this time. Don't let it worry you, if you can't. We understand dates and things, but we'd surely like to see you.

It isn't a stand around affair, and you don't have to dress up like a rush party. Wear everyday clothes, or at most sport. We have some good old fashioned games such as ping pong, horse shoes, croquet, deck tennis, niblick golf, and skittles. (We may not have skittles this time on account we can't find one of the balls.) Oh, yes, and refreshments.

If you know where we live, and have transportation, well and good. Arrange to take a car load with you. If you have your own transportation and don't know the road, just start out toward the eastern foothills on Julian street, which becomes McKee Road beyond the city limits. It's just short of six miles from the college. Julian is the third street north of Santa Clara. McKee is straight most of the way and protected by boulevard stops. (But don't take that too much for granted on a Sunday afternoon.)

Go out McKee until you come to a row of tall eucalyptus trees along the road on your left. (They're beautiful.) At the last tree make a sharp hair pin turn to the left. We're on the first corner, about three blocks north. If you run into the country club grounds, you've gone too far. If you don't, you're probably at our house, and you just park your car, come right in, sign the guest book, and make yourselves at home.

For those who do not have transportation, President Becker has arranged to have the college bus make regular trips. The first bus will leave Fourth and San Antonio in front of the college at about ten minutes to three and on the half hour thereafter. (There's a chance for you to get a ride in that bus. I haven't been in it myself yet. They've been sort of snooty about it.)

I hope you can come. It's quite the thing, you know. Raymond Wallace came when he was a freshman, years ago.

## Series Of Four Plays To Be Produced Soon By State Dramatists

Rehearsals are now in progress for a series of one-act plays to be presented free of charge in the Little Theater October 29.

Entirely student acted and directed, the four plays range from fantasy to dialect themes. Directors of the plays will be Bill Gilson, Bill Gordon, Diane Wood, and

## Wild Bill Poytress CLEANS UP WITH New Style Eraser

Monday morning found Dr. William Poytress—Wild Bill of behind the news fame—with a fresh suit and probably fresh admonitions from home to keep it that way.

But alas, the social science maestro has a disturbing habit of leaning back against the blackboard in Room 24 and erasing the notations some former instructor has put there. Obviously this method of erasure is tough on a suit.

During the first part of the hour Monday a very discerning person might have noticed a guilty gesture or two as the prof brushed the board, but as the hour wore on the outline wore off as usual.

## Y.M. Completes 'Mixer' Plans

Final plans were completed today for the "mixer" for all new men students and male faculty members to be held tonight from 7 to 9 at the city Y.M.C.A., Third and Santa Clara streets.

The social affair is being sponsored by the college "Y" for the purpose of getting all new men well acquainted, and the program arranged by Glen Campbell, president of the college group, will feature boxing and wrestling, with also games, sports, stunts, and refreshments.

Lenard Dahlquist, general secretary of the city association and President Glen Campbell will welcome the guests. All cabinet members of the State college club will be in charge of the evening's activities.

There is no charge for the entertainment, but students must present complimentary tickets which have been distributed. Those wishing to attend and who have not yet received their tickets may have them by calling at the Dean of Men's office.

## Transfers Welcome To AWS Tea Today

Offering an opportunity to women who have transferred to San Jose State from other colleges to become acquainted with their fellow associates, members of the A.W.S. council will welcome all transfers at an informal tea in the club room today from 3:00 to 5:00 o'clock.

Frances Churin is general chairman of the tea, and Vivian Sheaffer is in charge of refreshments.

## Prof. Farnsworth To Lecture Here Tonight

Second speaker in a series of weekly lectures being given by the psychology department, Professor Paul Farnsworth of Stanford University will speak on the psychology of music tonight at seven o'clock in Room 110.

Members of the psychology department and students, particularly music students, are invited to attend this meeting.

Julio Francescotti.

"The Last of the Loweries", a southern dialect play, will be directed by Bill Gilson; "Mere Men", a comedy is to be directed by Julio Francescotti; Bill Gordon will present "Grandma Pulls The Strings"; and Miss Wood will direct "Spring", a fantasy.

All of the plays will be set and staged by Peter Mingrone, Gordon Roth, and Gary Simpson.

## Fat In The Fire

By RAYMOND WALLACE

In response to numerous requests as to what happened to our former column, "Let 'Em Eat Cake", we feel obliged to provide a word of explanation. There was a rumor—small and without foundation, it is true, but nevertheless insidious—that after two years of serving, the cake had gone a shade stale. Accordingly, we are cooking up a fresh batch in this column, only rather more in the nature of a suet pudding.

To inquiries upon the welfare of our famous feeble-minded roommate, Joe F.-X. Kallikak-Juke, we can only say, He is not Dead, but Sleeping.

Our present title was chosen by reason of the fact that in this type of writing we make a good deal of noise and do considerable sputtering, but we usually end by being burnt up.

It looks a little peculiar to us to see girls still wearing white anklets so late in the year. Not that we personally care, but a lot of them seem to be crossed with mud marks from the heel of the other shoe, something no girl would permit to happen to her silk stockings.

We note in our colleague's summation of the desirable traits of an All-Spartan football sweetheart that he neglected to include the feet. Now, our experience of feet, outside of those which are strictly personal to us, is extremely limited, but having taken a good look at those possessed by Henrietta O'Brien, we should say that they are well within the standard specifications. Besides combining as nearly as possible in one person all the other desirable traits outlined by comrade Bailev, she then adds this extra qualification, marking, we might say, the best football queen this week. N'est ce pas?

Our personal entry in tomorrow's noise parade may not be original, but we think it will be loud. We are going to wear our green and purple shirt with our tomato-colored pants.

## 3000 Shown In Final Enrollment Figures

Exactly 3000 is the final enrollment figure for State as reported to the California state Board of Education. This includes both regular and part time students.

At its high point the figure reached 3021, but there have been 21 withdrawals since the quarter opened. Of the total, 2943 students are enrolled full time and 57 as limited students.

Still maintaining the largest enrollment, the state college includes 1727 students—nearly three-fifths of the total—while 1237 are registered in the junior college.

This mark represents an increase of 180 over last year's final figure. A registration of 3000 has long been the goal of San Jose State; now that it is an actuality this college is classed as one of the largest on the Pacific coast.

#### NOTICE

Attention Sophomores: There will absolutely be a Noise committee meeting at Dean Goddard's office at eleven o'clock today. It is imperative that all members of the committee be present. We are out to beat the juniors in the parade.

—Jim Bailey.

# DeGroot Serious About Gridiron Shakeup

## Spartans Were Too Confident Of Win Against Dons

### Pacific Brings Real Eleven Here For Saturday Game

By DICK EDMONDS

Deflation is now in order on Coach Dudley S. DeGroot's Spartan eleven.

Entering in the clash with U.S.F. after seeing their unimpressive showing against St. Mary's of Texas did the local aggregation little good. The Dons in this tilt failed to show an indication of the strength which existed here last Saturday and some of DeGroot's warriors were in for a rude awakening.

Too much had probably been said about the possible "great material" on the Spartan campus. At any rate the State grid-ers are now faced with the fact that unless they get in and dig they are going to be in for a really drab and dreary season this fall.

As a result of the lack of spirit shown by various members of the San Jose team since last week's defeat, there has been a big shake-up and if any of the former first-string players think that Coach DeGroot was only fooling when he relegated them to the second string they are in for a rude surprise in case they don't decide to do something about the present state of affairs.

College of Pacific is coming here with a real football team and if the Spartans feel that they can go into this tilt with a feeling of utter confidence they are apt to receive another bouncing around.

## INTRA-MURAL SPORTS

By KERMIT ANDERSON

Breaking all records for interest in intra-mural basketball play, 22 teams have signed to compete in the 1936 leagues.

Under the direction of Coach Glen Hartranft, the actual competition will get under way Monday afternoon. The schedules are being drawn up today and will be announced in tomorrow's daily.

Present plans call for games to start at 4 o'clock in the afternoon with four contests being billed for each day. Some few tilts are slated to be played after 6 o'clock in the evening.

Each team will be limited to two candidates for the varsity casaba five, only one of which may be a letterman.

Following is a list of the signed quintets:

1. Van Acker Vultures
2. Daily Staff
3. Donadio Dubs
4. Freshman Flashes
5. Stafford Tobies
6. Gusky Wolves
7. Palo Alto Pirates
8. Sequoia Stoops
9. Varich Varmints
10. DeSelle Dudes
11. 479 Club
12. Watsonville Lettuceheads
13. Varsity House Hods
14. Main Mummies
15. D. T. O.
16. Senior All-Stars
17. Senior Bums
18. Los Gatos Lunkheads
19. Hoosier Hotshots
20. Five Jokers
21. Hayward Hunks
22. Fowler Fumblers

## NEW FACES LEAD IN RACE FOR BASKETBALL POSITIONS IN 1936-37

Although graduation struck heavily on the ranks of Coach Bill Hubbard's varsity basketball squad, welcome transfers from the junior colleges, and the return of stars of former years, is making the approach of the coming season look reasonably bright.

Frank Carroll, captain of the Marin Junior College team in 1934, leads the list of candidates from the junior colleges. Ranging around six feet two inches in height, Carroll played stellar basketball at center for Marin.

According to all indications Carroll should ably fill the hole left by Captain Arnerich.

Charlie Bendeich, diminutive left-handed forward from Redwood City, appears to be in line for a berth at forward. Bendeich was for three years high scorer of the P.A.L.

Ralph Johnson, who was on the shelf due to illness most of last season, appears to be in better form than ever this season.

Pinkey Garcia, whose red head was a danger signal to the opposition of State's freshman team of two years ago, is also back.

## Women's Sports

By PEGGY LUCIER

### TENNIS

The first tennis tournament of the quarter, an All College Women's Tournament, will begin Friday, October 23, according to Marian Foulds, women's tennis representative.

The tournament, which will be open to all students, will last three days starting with the first round on Friday afternoon and continuing Saturday morning. Third round and quarter finals will be played off Saturday afternoon and the tournament will end with semi-finals and finals on Sunday.

Entrees will be accepted until October 16 in the women's gym or by students in charge of the various classes. Mabel Duncan will accept sign-ups for senior contestants; Edith Norton, juniors; Marjorie Serio, sophomores, and Frances Fischer, freshmen. Drawings will be posted in the gym on the 19th.

Following the first tournament several more are being arranged by the Women's Athletic Association, starting with a mixed doubles tournament.

### W. A. A.

Mildred Bloom, Marjorie Serio and Virginia Hastings, new members of the Women's Athletic Association, took over their offices Tuesday noon at the regular weekly meeting of the W.A.A. Miss Bloom on entering was elected to the office of athletic manager and treasurer of the organization. Betty Moore was chosen the new volley ball manager.

Faculty supervisors for the quarter will be Miss Evelyn Amaral, a new member of the physical education department, in charge of hockey and Miss Doris Dean, in charge of volleyball.

Hugo Boschetti, left half, 170 pounds, 22 years old; home, Richmond. A reserve left halfback with possibilities who may flash this season.

SAN JOSE, CALIFORNIA, THURSDAY, OCTOBER 8, 1936

## "TING-A-LING" SET FOR BENGAL INVASION

Joe Lantagne, senior end from Santa Cruz, appears ready to foil the vaunted attack of the College of Pacific eleven which comes here on Saturday.

## WHO IS THAT CHUBBY LITTLE RASCAL? Nevertheless, Stay Out Of His Way

Looking more like a sturdy guard than a fleet wing man, Joe Lantagne is now serving his third year of football at San Jose State as a first-stringer at one of the end positions.

Weighing 197 pounds and stretching only five feet and seven inches into the ozone, the roly-poly Santa Cruz lad is an exceptionally peculiar looking end.

Don't let his looks deceive you. When Coach DeGroot lines the boys up for a wind sprint, you can almost wager your last dime

that the rotound wing man will finish within the first four or five in the race.

Lantagne has been a terror to opposing interferences who find him a poor target to put a block on. He has the faculty of keeping his feet at the most trying times and his very aggressiveness carries him into rival backfields to upset well laid plans for an advance into Spartan territory.

## Walker's Water Sprites Kickoff Here Tomorrow

### Olympic Club Squad To Oppose State In First Contest

Splashing into the Spartan pool tomorrow evening at 8 p.m., Coach Charlie Walker's junior and varsity water polo teams will meet the strong Olympic Club water-splashes after a series of delays which saw meets with the Athens and Dolphin Clubs indefinitely postponed.

The freshmen squad, probably the most likely looking bunch of ball-pushers of the three teams, will join the juniors in an attempt to defeat the Olympic Club second team men.

Because of lack of funds and other reasons, the novice or frosh schedule has been cancelled. Freshmen are eligible to play for the juniors, which should bolster their chances in the league play a great deal.

### FROSH POTENT

The junior swimmers will start with practically all freshmen in the first line-up. Grissell at goalie; Garcia, Butler, and Hoey, backs; and the two Wempe brothers and Savage in the forward line will constitute the junior first-string.

Varsity starters will be the same as mentioned for the two previously cancelled meets. With Fenton Murray at the goalie position; Bob Shaffer, Bob Locks, and Elmer Leslie at the defensive positions; and breast-stroker Howard Withycombe, Edmund Cary, and Captain Davie Lynn in the forward line, Olympic Club swimmers will have a tough time keeping their heads above water.

Reports from the Olympic Club have it that in their recent meet with the California varsity and juniors, California won the varsity meet by three goals while the Golden Bear juniors were defeated by the Olympians by a one goal margin.

## Harry Harter Elected Music Club President

Harry Harter, sophomore music student, was elected president of the major minor Music club when it held their first party of the year in Room 8 of the Music building Tuesday night. Frank Bettencourt was elected vice-president and Ruby Anderson was chosen to fill the combined office of secretary-treasurer.

Bob Ish and Al Brown had charge of the entertainment. Featured on the program were John Andrews, Harry Harter, Miss Lucille Roberts, and Clifford Cunha.

## Reproductions From Great Works Announced On Exhibit In Art Room

Pictures On Loan Mostly By Modern Artists,  
El Greco's 'View Of Toledo' Interesting

A series of handsome reproductions from the studio of Vera Jones Bright in San Francisco will be on display in Room 1 of the art department beginning today and continuing to the end of next week, it was announced yesterday by Edward F. Serpa, art student and Mercury Herald correspondent.

With one exception the pictures are all works of modern European painters. The exception is El Greco's "View of Toledo". "The artist's marvelously expressive and Medieval manner have won for him a place among the greatest of the great."

### PICTURE DESTROYED

"The picture should be of interest because last week El Greco's most famous work, the "Burial of Count Orgaz", located in a church there was destroyed," said Serpa, speaking of the exhibit.

Of the modern masters, Ganguin is emphasized in conjunction with

the exhibition of his work held in San Francisco last month. "Choice works in the collection," said Serpa, "display his sophisticated 'primitivism' and his great sense of color which he orchestrated most superbly." Included is Ganguin's famous "Le Cheval Blanc". An unusual group of the artist's water colors are also in the group.

### VAN GOGH

Other artists whose works will appear in the exhibit are Van Gogh, Sisley, Picasso, Kokoschka and Karl Hofer. The college will extend the group by hanging some of its own prints from the great works in the Moscow museum. Included are Cezanne, Van Gogh, Ganguin, a Renoir nude, and examples of Matisse's intellectual art and Picasso's emotional art.

The public is invited to see these prints while they are on display any day between 9 a. m. and 4 p. m. All prints are purchasable.

## New Rain Proof Roof For Gym

(Continued from Page One)  
time to finish the repairs before the basketball season. Engineers were going over the building yesterday preparatory to actual completion of working plans.

### PLAYERS RELIEVED

Players, who had to take time out at games last year while pools of water were mopped off the playing floor, were relieved at the announcement of the contemplated renovation.

Gil Bishop, graduate manager and assistant coach, tersely suggested the prevailing sentiment when he remarked:

"It would be just as well if the water fell on the roof instead of on the floor."

## National Honorary Fraternity Meets

First regular meeting of Delta Phi Upsilon, national honorary fraternity of early childhood education, was held recently at the apartment of Miss Barbara Franklin.

After the business meeting, Miss Franklin gave an account of her experiences as the representative of the local chapter at the National Delta Phi Upsilon Convention which was held last June 27th to 29th in Pasadena.

It was decided that the San Jose chapter will act as hostess for the convention next summer.

## B And D Troupe To Entertain Saturday At Football Shindig

By JIM BAILEY

Harold Kibby, chairman of the social affairs committee, announced late last night that he had received full information from the officials of the B and D thespian group about the acts which are to make up the floor show to be given by them Saturday night at the State-Pacific football dance.

### "SIMPLY DIVINE"

"It's simply divine. It's simply stunning," was all Harold could mutter as he stared at us with a strange light in his eye. "I never dreamed a show could be so beautiful; so appealing to the wild in me."

From his ravings we finally garnered the following information:

The main attraction of the entire program is to be the continental dance team of Gaile and Garrety, whose interpretation of the Indian Banji-bungo-bungo dance will hold those fortunate enough to witness it spellbound with its fascinating and passionate rhythm.

### ORIGINALITY

These two will add intrigue to the oriental dance by spicing it with steps from their original "Love in Bloomers" dance.

Next in importance to Gaile and Garrety will be a gorgeous line of chorus belles. These girls, known as the Carolina Cuties, will fascinate the crowd with their singing and light stepping.

## Theme Announced For Big Game Fete Oct. 17

"Football while you dance" is announced as the theme of the San Jose-Santa Clara "big game" fete, the gentlemen in charge declare.

They furthermore add that not only will the fete provide a fitting climax to a big game, since the affair is being held at the Scottish Rite hall with music by the Stanford Ambassadors, but will also provide a more fitting fit to the escort's pocketbook since the bid price has been set at one dollar.

Bids for the dance, which is to be semi-formal, may be purchased at the controller's office or from members of Sigma Gamma Omega fraternity.

## DON COSSACK CHORUS SCHEDULED TO APPEAR IN SAN JOSE CONCERT

### Banished Russians To Sing October 18

Drama, color, and feeling are prominent in the singing of the Don Cossacks, world-famous Russian male chorus, scheduled to sing in the municipal auditorium October 18.

Sponsored by the college, this is the second appearance of the 36 "Singing Horsemen of the Steppes" in San Jose, their other concert having been given in October of 1934 in the Morris Dailey auditorium.

### 3000 CONCERTS

Ex-officers of the czarist and White armies, these giant Cossacks have given over 3000 concerts on three continents since their organization in 1923 by Serge Jaroff, their conductor.

Jaroff's perception of the beauty of the voices of the men as they sang around campfires during their incarceration of their government, built a group of untrained voices into one of the best known choral organizations of the world.

### "EN VOYAGE"

Banished from their homeland, the Russians must always travel, for their "Nanssen" passports issued by the League of Nations carry no nationality, merely the words "en voyage."

Their programs provide a wide variety of appeal, ranging from liturgical songs to folk songs realistically presented.

Tickets may be reserved at the controller's office. Prices will be 50 cents for students, 75 cents for faculty members, and ranging to two dollars for the general public.

## Officials To Be Parade Leaders

(Continued from Page One)

been an annual event for three years. At the time of its conception, L. C. Bothwell donated a cup to the school, which was to be a perpetual trophy. The parade is held for no special game, but usually comes in the middle of the season as a part of the series of rallies staged by the rally committee.

A complete list of the organizations competing in the race for cup honors is not yet known, but according to Bill Moore, chairman, all groups which have been contacted have accepted the invitation

## Dr. MacQuarrie Leaves For Institute In Oregon

Bound for Salem, Dr. T. W. MacQuarrie, president of San Jose State College, was to have left here by train yesterday afternoon.

Dr. MacQuarrie will take part there in the Marion county institute, which will be attended by about 500 teachers.

The president is expected to return to San Jose on Saturday.

## Otterstein, Thomas, Have Pair OF HEADACHES; LOTSA TAPE Entwines Li'l Music Packages

Entangled in miles of bright vermillion tape at the San Francisco customs are three little packages of music from Austria which are giving Adolph Otterstein, State music czar, and Controller Neil Thomas a pair of headaches.

When and if, as a few optimists here still hope, the music eventually does arrive, the San Jose State music department will boast a quite distinctive addition to its library.

### \$300 SYMPHONIES

Included in the packages, valued at nearly \$300, are complete symphonic arrangements of Beethoven's Sixth and Seventh Symphonies, Tchaikowski's Fourth and Fifth, and a symphony by Hyden.

"It will be a big asset to the orchestra if it ever gets here," Otterstein sighed.

### 'NEIL GOT ANTS'

In the meantime Controller Thomas is filling out stacks of forms and has hired a broker to post bond in an attempt to get the music through the customs before the students now registered here graduate.

According to Otterstein, the struggle has now been going on for ten days and the end is not yet in sight.

"After we do get permission to take the music, we still can't get it," he explained. "You have to be a government man to get into the yard of the warehouse where it is stored."

## Abbott Elected Prexy At Meet

With Paul Becker, past president of the organization presiding, the Interfraternity Council elected Burton Abbott president at a meeting held late yesterday afternoon in the Council room.

Other officers elected include Robert Schnabel, vice-president; William McCann, secretary; and Harold Randle, treasurer.

January 30 was set as the date for the Interfraternity dance, according to McCann.

The next meeting will be held Wednesday, October 14.

## Francois d'Artenay Is Commerce Prexy

Selecting officers for the coming year, members of the Commerce club met Tuesday in Room 139.

Francois d'Artenay was elected president; Marian Ruge, vice-president; and Francis Lee, secretary-treasurer. Don Mills was put in charge of membership, with registration of new members starting next week.

As the club's contribution to the noise parade tomorrow, a ruble band made up of Commerce students, is being organized.

to participate.

Organizations in the procession which will not compete for prizes include the band, which will directly follow the judges' car, and the coffin, which will exemplify the spirit of Pacific. As a forewarning to the townspeople, a sign with the words, Noise Parade, on it will precede the entire unit.

## Valuable Books On Early Calif. Presented Lab.

Two valuable books pertaining to early California history have recently been presented to the San Jose State College library by William Randolph Hearst, famous American publisher.

The books, titled "The Life of George Hearst, California Pioneer" and "The Life and Personality of Phoebe Apperson Hearst", are biographies of Hearst's father and mother. The former was written by Mr. and Mrs. Fremont Older, the latter by Bonfils. Both were published in 1933.

### NASH, PRINTER

The printer of the books was John Henry Nash, foremost American printer, whose office is in San Francisco. The two books presented to the library he has made entirely by hand; the pages have been set up and the type designed to fit the subject.

The books are exceedingly large, bound in thick parchment covers, and the paper is imported and hand-made. The frontispiece and headbands of each book have been etched. Each of the chapters begins with an etching typical of early California times and appropriate to the chapter content.

### 1000 COPIES

One thousand copies of each book have been printed for private distribution only.

When they have been catalogued the books will be kept on exhibition in a locked case in the library.
