Gridders At COP Rally

CURRY, POYTRESS, GROSS WIN IN CLASS ELECTIONS; JUNIORS VOTE "YES" ON CONSTITUTION

With less than four hundred votes cast, an intermittent trickle of students from the three upper classes elected officers for the quarter yesterday.

Running on a platform of organization for senior activities during the socially more important Winter and Spring quarters, Douglas Curry was elected to the presidency of the senior class.

Assisting Curry will be Dan Meenan in the role of vice-president.

Elyse Bartenstein and Margaret Bailey were elected to the offices of secretary-treasurer and student council representative, respectively, on white ballots.

Earl Poytress won the junior class executive post by a small margin, barely eking out Doug Aitkin. Dick Fry, running as an independent, was victorious in the race for vice-president of the third year class. Glenn McMenomy was elected as student council representative, while Jewel Abbott captured the post of secretary-treasurer.

Gross triumphed over Bert Holland in a nip-and-tuck contest. In the only other contested vote, Mary Stowe got the office or secretary-treasurer. Ed Kincaid and Donna DeMahy, both unopposed, were automatic winners for the offices of vice-president and sophomore council representative.

The junior class overwhelmingly accepted the new class constitution which is the result of two years of steady revision by class officials.

Eight Campus Groups Give To War Chest Fund

Results of the first day of the \$25 campaign for campus organizations showed splendid possibilities of putting the drive over the top within a few days, stated Don DeVoss, War Chest chairman.

1. SPARTAN KNIGHTS.
2. SPARTAN SPEARS.
3. ERO SOPHIAN.
4. PHI KAPPA PI.
5. DELTA SIGMA GAMMA.
6. MU PHI EPSILON.
7. BLACK MASQUE.
8. YOUR ORGANIZATION?

"Only a few organizations have taken part in this, and by the time all have participated, we will have been successful." He urged the great need for one hundred per cent co-operation on the part of all organizations.

Pre-Game Rally Set For Tonight

Climaxing spirited activities at the big pre-game rally to be held in the Morris Dailey tonight will be the introduction of San Jose State's varsity team and Coaches Tiny Hartranft, Dee Portal, Bud Winter and Gene Rocchi.

Other guests of the evening will be members of the COP Rally committee, who promise to liven up

There will be a meeting of the Rally Committee at 12:30 today in the Student Union.

the entertainment already afforded by local groups. Besides the antics of the school yell leaders and lively music by the college band, there will be selections by talented members of the student body.

Jean Rochwell will give a reading; Margaret Smitherum, vocal solo; Darrell Bond, banjo novelties; and songs by the Ero Trio made up of vocalists Jane Reed, Barbara Trelease and Betty Stuhlman.

There will be no dance following the rally, according to Rally Chairman Hugh Manley. The official COP dance will be held Saturday night following the game.

In charge of entertainment is Master of Ceremonies Scrappy Squatrito.

LT. McGLINN, WAAC LEADER, SPEAKS TO COEDS THIS MORNING

By CLAIRE LAWS

Women—365 of them—are needed by December 31 from Northern California alone! That is the message which Lieut. Mary E. McGlinn, WAAC recruiting officer for this area will

Army Air Corps Lieutenant Will Address Men Today

Lt. Joseph C. Dixon, Army Air Corps, will speak to the men of the college today at 11:15 in the Men's gym on the advantages of enlisting as a volunteer in the United States Army Air Corps.

All men, excepting those holding 4F classifications, are requested to attend the meeting, according to Dean of Men Paul Pitman. All reservists should come and the latest Army information will be given those in Selective Service.

"This is an opportunity to get highly specialized training and at the same time pick the locale of your training at one of three nearby bases—Mather, Stockton, or Bakersfield," says Lt. Dixon.

"Three months in the Air Corps as an enlisted volunteer gives you priority consideration for Officer Candidate School and also a priority for training as pilot bombardier or navigator. There are but two weeks left to take advantage of this offer," says Lt. Dixon. "All men should try to attend," Dean Pitman emphasized, "as important information to all will be given out."

discuss in detail before the women students of San Jose State college at 10:34 this morning in the Morris Dailey auditorium.

ACTIVE DUTY

Lieut. McGlinn, in an interview yesterday, declared that jobs of every type are waiting to be filled in the Army for those women anxious to do their part in this war. As soon as her basic train-

SHORT PERIOD SCHEDULE

8:10	to	8:48
8:58	to	9:36
9:46	to	10:24
10:34	to	11:12
11:20	to	12:00

ing has been completed she will be assigned to active duty. Everyone now enlisting in the WAACS will go in on the same basis as a private and then have the opportunity for officer's training.

The WAACS are replacing men in administrative duty, buying, motor transport, radio, messengers, nurses' aid, aircraft warning, public relations, recruiting, and a host of other essential jobs. Especially interesting to many San Jose State women will be the fact that many women are being trained for the purpose of teaching the new recruits.

ENLISTMENT REQUIREMENTS

Requirements for enlistment in the Women's Army Auxiliary Corps are that she must be from 21 to 45 years of age, in good physical and mental health, and with no dependents. Applicants (Continued on page 4)

LIEUTENANT BETH VELEY TO SPEAK AT WAR CHEST ASSEMBLY TOMORROW; DRIVE GAINING MOMENTUM

The War Chest drive is slowly gaining momentum and it should finally reach its peak tomorrow morning with an assembly featuring Lt. Beth Veley, a war nurse from Bataan peninsula and former Spartan, states Don DeVoss, chairman.

Yesterday 205 students gave \$306 to the Chest to swell the total to

\$1343. The contribution total yesterday was the highest since the opening day of the drive last Wednesday.

As a fitting climax on the last day of the War Chest drive, Lt. Veley will speak before the largest gathering ever held on the San Jose State college campus. In ad-

dition to the college student body of 2600 it is planned that from 2300 to 2500 students and faculty members from San Jose and Technical high schools will hear Lt. Veley by the amplifying system in the rear quad, weather permitting. Present on the platform in the Morris Dailey auditorium at the assembly hour of 11:12 to 12:00 will be members of the Santa Clara County War Chest board.

What is the matter with the men of our college? Statistics show that only 288 or 26½% of the fellows have contributed money to the War Chest; whereas, 440 or 29 2/5% of the women have contributed. Let's give! There are only two days left.

President T. W. MacQuarrie will introduce Miss Veley.

The drive toward a contribution goal of \$2500 is being augmented by group contributions by all on-campus organizations, at the suggestion of the student council. Ero Sophian, social sorority, has given \$25. Other organizations have given corresponding amounts, states DeVoss. Several fraternities and societies report 100 per cent contributions. Among these 100 per cent contributors are Spartan Hall, men's co-operative, and Phi Kappa Pi, social sorority.

Contributions are being received at the desk in front of the Morris Dailey auditorium. An accurate check is being kept on the names of those persons contributing. There have been several anonymous gifts, among them one of \$31, says DeVoss.

Every cent of the money given by State students to the Chest will be given directly to the County Chest drive. No deductions will be made for administrative costs until the complete Santa Clara county goal has been reached. Then only 6½% will be used for administrative expenses.

Plans Under Way For Football Hop After COP Game

With College of Pacific students as guests and the nation's latest bands playing Saturday night in the first "off the record" student body dance at San Jose State college, Don Campbell, social affairs chairman, states that things are in full swing for a "wow of a time."

ROOTER'S BALL

"Rooter's Ball" is the theme and it will be carried out with goal posts, lowered ceiling, and other decorations conveying the "football" spirit. The dance will be held Saturday night from 9 to 12 o'clock. No stags will be admitted from San Jose State college, although student body card-holders may bring guests for 40 cents.

COP ENTERTAINERS

Campbell announced the possibility of entertainment by several guests from College of Pacific. He stated, "Entertainers from COP will be present at the rally, and we may be able to have them at the dance, too."

Service Men's Hop Scheduled Tonight

A service men's dance will be held tonight at the Student Union.

Mrs. Sarah Wilson asks that girls interested in going to the dance please sign up at the gym today or they will be refused admission.

Every Thursday night from 7 to 8 there is a dance for beginners, followed at 8 o'clock by a dance for all the service men and college girls that would like to attend.

Helen Jacobson Elected To Head Spartan Spears

Spartan Spears, the sophomore women's service organization, elected their new officers at the regular meeting Tuesday. They include: Helen Jacobson, president; Nancy Buckingham, vice-president; Eleanor Fammatre, recording secretary; Carol Purvine, corresponding secretary; Danna Trimble, treasurer; Audrey Backenstoe, historian; Viola Coonradt, reporter; Marie Kurlie, A.W.A. representative; Jeanne Fisher and Barbara Lee Rico, Book Exchange representatives; Sylvia Ronning, Rally Committee representative; and Janet Anthes, Civilian Rationing representative.

Following a dinner next Tuesday the new officers will be installed and will guide the activities of the new Spears for the coming year.

Seats Available For Stage Play

Tickets for "The Male Animal," first stage production of the year by the Speech department, will be on sale today in the Speech office.

Seats are now available for each of the scheduled four nights of production, October 28-31. Prices are 25 cents for ASB members and 50 cents for all others.

All persons are urged by the Speech department to obtain their tickets soon, to insure seats for the popular comedy.

Bids Go On Sale For Annual 'Hop'

Bids for the Alpha Pi Omega annual "Hayloft Hop" went on sale yesterday and are available now through the members of the fraternity.

A feature of the fall quarter's social festivities for the past six years, the dance is scheduled for October 24, with the setting being named as the Swiss-American Barn, on the Almaden Road.

According to Tom Marshall, promotion chairman, the music for the "Hop" will be strictly "Golden Bantam."

Laton Leaves For Washington, D.C., To Write Pamphlet

By DICK FRY

Dr. Anita Laton of the San Jose State Health department will leave today for Washington, D. C., to do special work in collaboration with the Office of Education.

Dr. Laton will aid in the collection of material for a special manual on health education to be used in pre-induction training for high school students throughout the country.

Manuals of this sort are being compiled in several fields under the office of Service and Supply headed by Lieut. - General Summerville. Pre-induction training in radio and agriculture as well as in health are part of the program which will go into effect with the passing of the 18 to 19 draft law.

This training will not only include those eligible for the armed forces but also those who will remain in school or go into industry.

Dr. Laton has spent a large part of the last seven years in New York with the Bureau of Educational Research in Science at the Teacher's College of Columbia university. She came to San Jose this fall.

Dr. Laton will spend two weeks in Washington doing research work before her return to San Jose. During her absence Miss Elizabeth McFadden who, until her retirement in 1939, was head of the Health department at San Jose State and the founder of the McFadden Health cottage, will take over her classes.

JOE WEST SAYS STATE STUDENTS PREPARE FOR WAR

Evidence that San Jose State college students are sincerely interested in preparing themselves for the war effort is seriously demonstrated by the fact that students are going into mathematics and physics courses.

So says Joe West, registrar, who also states that many students refused to continue working in the cannery because they wanted to begin school on time to avoid being detained in their courses.

In order to fill requirements prescribed by the Navy, students have changed from other departments into mathematics, aeronautics, and science courses.

Enrollment in the aeronautics department has risen from 61 students for last year to 150 for this quarter.

Physics courses rose from 93 to 206; trigonometry from 42 to 95;

FOX POP

By KENNY FOX

Attention, Inter - Society: Get that one thousand seven hundred and sixty-fifth star ready! Make it with five points and my name. I want to be hung in Morris Dailey—but that's the only place!

Nope, I don't want to be forgotten. I asked the editor to break out the 96-point circus type to announce my departure but he said there was only one thing he wanted to break out—me.

I was all set to make my farewell address at tonight's rally—they they told me it would have to be made in English.

I've got my bag packed: shaving cream, tooth powder and sixteen letters of recommendation. I wanted to take some other things but they reminded me, none too gently, that where I'm going everything goes by pack—on my back. In fact, I'm rather worried about where I'm going; they said they weren't going to issue me olive drabs—just an asbestos suit.

They even ruled against H. M. S. Repulsive, the town job with the squeaks where the chassis used to be. But it's not the first time the Repulsive's had a ruling against it; the officials ruled it out of a 1916 auto show.

According to one report, they're already waiting for me at Monterey—they need another hurdle for the obstacle course.

I'm going down by train and I do mean by—I'm supposed to pace the Del Monte to Pacific Grove.

But somebody will probably miss me—somebody like San Jose's Credit Bureau. My name's on so many people's books that FDR considers me one of fourteen possible causes of inflation.

I've just about finished my civilian affairs; that is, I've sold my book of scrip back to San Jose City Lines.

But don't get me wrong; I don't want anyone shedding tears over me. If you've got to shed something just peel off a little lettuce and send it along. It's one thing, I'm sure, that would do a great deal to bolster my morale, and it's easy to carry, too.

survey of mathematics from 109 to 246; radio from 18 to 52; radio code from 16 to 61.

The reverse effect is shown in geology courses. While 44 students were enrolled last quarter, only 16 are included this quarter. Botany received a decrease of 53 students; music appreciation dropped from 118 last year to 67 this quarter; and the news writing class from 29 to 15.

A. S. B. President's Message

It is silly, isn't it? Yes, Monday night there were a few non-thinking students from C.O.P. who took it upon their adolescent selves to paint and burn parts of our campus. Well, it's been done and there is no use yelling about the damage done. Those who took part are being lectured to for their escapade.

I am asking, if not pleading to you male students, to "lay off" any ideas you have concerning retaliation. Leave it up to our team Saturday. We cannot afford any canceling of the game. So, act like students of San Jose State college have acted and are acting—like college students, not "high school kids."

TOM TAYLOR,
Representing the Student Council.

KNICK'S KNACKS

By LOREN NICHOLSON

\$25 CAMPAIGN: Congratulations to the SPARTAN KNIGHTS and the SPARTAN SPEARS. These are the two honorary service organizations of San Jose State college, and they have come through with their donations among the first on the campus. I don't mean individual donations. I mean donations direct from their treasury. This is the spirit that will put OUR War Chest campaign over in a really big way.

ERO SOPHIAN: The first social sorority on-campus to come through with their \$25. We can have the highest respect for the way in which their donation was given. Among a hundred or so envelopes, we dug out one with Ero Sophian on it. It contained \$25. This is the kind of modesty we can truly appreciate, but a million starving allies, American soldiers in prison camps, and needy people of America will want to kiss you. They might like that, anyway.

PHI KAPPA PI: Take a bow. Your donation was the second to be received from a social sorority. We'll send the big man of the drive, Mr. Walter Bachrodt, around to kiss you.

AND THE REST: Donations came in twice from DELTA SIGMA GAMMA, making them the first social fraternity on the campus to contribute from their treasury to the War Chest. BLACK MASQUE is in a class all its own, but they have made their contribution. MU PHI EPSILON, the national music honorary society, takes department honors by being the first department organization to come through for the War Chest.

And the drive goes on. The organizations, by their donations direct from the treasury, plus their individual donations, can make this the greatest drive in the history of San Jose State college. Let's do it!

FRATERNITIES AND SORORITIES: Your meeting was held last night. Did your organization vote to give to the war chest direct from the treasury? If not, are you going to wait until next meeting to decide? Get some of your gang together, and let's not hold up the parade. YOUR donation makes more donations. It is inspiring to the school, to the drive officials, and to the people of this community. We have set a goal for ourselves. That goal can be accomplished only if we give. We shouldn't have to give until it hurts because it shouldn't hurt to give. Add your organization's name to the list on the front page. Your help is vital.

CSTA: The California Student Teacher association will have its first meeting Thursday evening at 7 o'clock in the Student Union. The purpose is to elect officers and plan a program for the quarter. All student teachers are urged to attend. You need not be a member of the association.

Pi Nu Sigma: Meeting at noon today in the anatomy room (S227). Arrangements will be made for welcoming new members. Please come.—Doris Synerson.

JOB SHOP

At least four days of work at local store is offered. Pay is for 52 cents an hour.

Delivery work, preferably in mornings, is offered here at 45 cents an hour.

There is a great need for a washer here on the campus. 20 per cent discount on meals. 45 cents an hour is given.

A local store is in need of a typing clerk from 8:30 to 5 or 6. Students, if interested, could give their time to fit their grams.

Bus boys may apply for a position for Saturday and Sunday work. Pay is four dollars a day and meals.

Concert Tickets Offered Students At Reduced Rate

Season tickets at a specially reduced rate to students will go on sale for the San Jose Concert Series, which will open Monday, October 26, with the appearance of Lily Pons at the Civic auditorium.

Single seats for Miss Pons' performance will go on sale Thursday at the auditorium offices.

Besides Miss Pons' performance this year's concert series will include those of the Carmen Gypsy Dance Company on Tuesday, November 10; the Gypsy Platoff Don Cossack Chorus Tuesday, November 17; the Theater, with a company of and a symphony orchestra on Monday, February 1; and Rod Casadesus, French pianist, on Monday, March 12.

All concerts will begin promptly at 8:15 p.m. in the Civic auditorium.

WATER POLO HEAD FINALLY HAPPY.... HAS EIGHT-GAME SCHEDULE LINED UP

By JOHNNY HUBBARD

Water Polo Coach Claude Horan wore a smile from ear to ear today, and for a very good reason. After two and a half weeks of nothing but dark clouds of worry, the sunshine of success has finally broken through.

All of which is a slightly corny way of saying that at last the mermen mentor has lined up some opponents for his water warriors.

Letters accepting Horan's requests for games have been rolling in the last few days, and at last count an eight-game schedule had been lined up.

OPENER, OCTOBER 24

Stanford will give San Jose its first taste of competition here at the local pool on October 24, and the two will stage a repeat performance at the Indians' pool November 4.

Other games on the list include two with St. Mary's Navy Pre-Flight School, two with the Olympic Club, and two with the University of California.

That's the good news of the day. But Lady Luck does not seem to want to see Brother Horan very happy—so with the glad tidings she also has sent along a little gloom, just to even things up.

PROMISING NEWCOMERS

Lloyd Kidder, one of the promising newcomers who was being counted on heavily to bolster the team, has left school to join the Marines. Kidder had shown himself to be a classy performer and his loss will be keenly felt.

Noon Footballers Tangle Today

Sparta's intramural footballers again resume play in the noon league on the college turf at 12:15 today.

Marvin Sheets and his squad left the field with a 30 to 0 lead over Jack Gottschang's eight at the end of the first half played Tuesday. The other squads, headed by Vern Akamain and Bill Toasperm, ended the first half of their tilts with the scores knotted at 6 points each.

Akamain's team leads the loop with Sheets and Toasperm tied for second place, and Gottschang's warriors are in the cellar.

The playoffs, scheduled to run for five weeks, are now in their second week of play. Each game is divided into two halves. The first half is played on Tuesday and the second half on Thursday. Ivan Olson, senior P. E. major, is in charge of the league.

A new face was noted in the Tuesday game. Billy Smith, winner of the Graham Peake award for the best athlete of the year last spring, has made his appearance on Gottschang's squad. An unusual feature of the league is that the teams are divided into squads of eight men each. Most football teams have the usual 11-men squads or use the six-man system.

Basketball

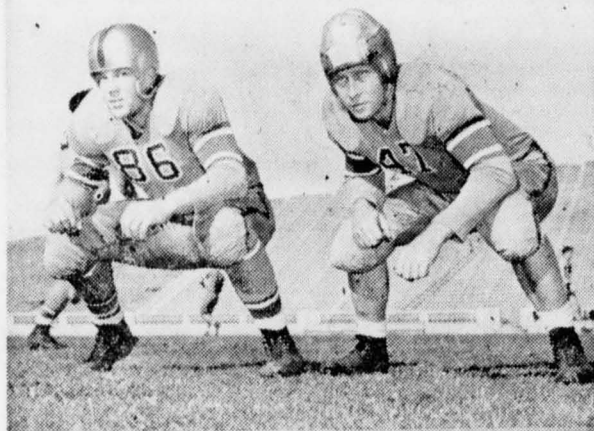

Coach T. E. Blesh will hold a meeting during the noon hour today for all men who are going out for the basketball team this season. A special plea is issued to all football and soccer players who intend to play the cage sport to be there along with any who wish to become student managers.

The meeting will be held in room 24 at 12:15. Practice will begin next week and will probably be held on Mondays, Wednesdays and Thursdays from 4:15 to 5:45.

Spartan Daily Sports

SAN JOSE, CALIFORNIA, THURSDAY, OCTOBER 15, 1942

Spartan Tackles

Pictured above are two of Sparta's better tackles, Walt Purdy, 200-pound freshman from San Fernando, has played good ball but may not see action against the COP Tiger. He has been out of action this week with a leg rash. George Hearn, another 200-pounder, is a senior veteran from North Carolina and he may also be out of the game Saturday because of injuries.

OUT OF THE HUDDLE

By CHARLES COOK

Rooters, attention! Due to a new ruling by the Federal Government, all students planning to attend the USE game or any other contest away from home must first purchase tickets. According to Coach Tiny Hartranft, who received the information today, the government has imposed a tax of approximately 12 cents on all tickets sold to members of a visiting student body.

Therefore, ASB card-holders must obtain their ducats at the Controller's office before they will be admitted to the Don-Spartan clash at Kezar stadium a week from Sunday.

With the big game but two days hence now, the Spartans are faced with an acute shortage of tackles. George Hearn and Frank Roberts, who have played a lot of ball so far this year, are ready for action but after that the plot thickens. Walt Purdy, blond giant from the San Fernando valley, developed a leg rash that has kept him out of practice all week.

The amount of playing he will be able to do Saturday is still up in the air. To complicate matters still further, Gray McConnell, for two years a varsity standby, has been unable to report for scrimmage yet this week and may not be on hand when game time rolls around.

This situation leaves the Spartans with only two experienced men to plug up the key spots in the line. However, the rough and ready Walt Meyer and big Bob Creighton can be counted upon to back up Hearn and Roberts if the going gets too tough.

Featuring a large portion of vicious blocking and tackling in Wednesday's grid drills, the Spartans indicated they are rapidly rounding into mental and physical shape for that 2 o'clock clash with the Tigers Saturday. Yesterday's workouts were largely devoted to defenses to be used against Pacific.

With Coach Gene Rocchi's "COP" eleven shooting passes at them, the varsity managed to break up several of the enemy's best thrusts. With an eye to the future, Backfield Mentor Bud Winter has been drilling his charges on pass defense almost every day.

Fresno's self-styled All-American Jackie Fellows has one of the best pass completion records in the country, and Winter is evidently preparing for the Thanksgiving day clash with the Bulldogs.

Gene Rocchi Appointed Ensign; Leaves For Training Center Soon

Gene Rocchi, former Spartan grid and soccer star, yesterday announced receipt of his appointment as an ensign in the United States Navy.

Rocchi is to report for training as a deck officer at the University of Arizona early in November. Until that time, Rocchi stated, he will continue in his present capacity as assistant football and basketball coach.

As a star halfback for the Spartan grid team under Dud DeGroot, Rocchi received honorable mention on the 1938 Little All-American football selection. Rocchi also was one of the stalwarts on the 1939 championship soccer team.

After graduation in 1941, Rocchi taught a year at Hilmar high school. He came back to San Jose State this fall as assistant backfield coach under Tiny Hartranft. Along with these duties, Rocchi also takes over a PE class in basketball.

He was a member of the Spartan Knights, men's honor fraternity, and received his AB in Commerce in 1941. His younger brother was a member of Tiny Hartranft's freshman football team in 1939. He is now in the Army.

SOCCER SQUAD HIT BY INJURIES AND INELIGIBILITIES AS TEAM PREPARES FOR COMING GAMES

Soccer Coach Roy Diederichsen had a tough time deciding whether to laugh or to cry today — but in keeping with the coaches' tradition, he has landed upon the latter.

Already hit hard by injuries resulting from three days of stiff practice, more troubles were heaped upon Roy's shoulders last night when Gemo Yakubovsky, outstanding inside right man and high scorer, dropped from the team.

In addition to this, two of his most dependable defensive men, Racoosin and Arnerich, both third-year veterans, are out of practice with injured legs. Arnerich is the more badly hurt of the two, being out with a strained tendon which may keep the big fullback on the shelf for some time.

On the other hand, Diederichsen had a few reasons to do a little chortling. Angelo Columbo, first-year right-wing man, is improving rapidly and is already pressing Johnson and Nelson for a starting spot at one of the wings.

The real surprise of the day, however, came with the announcement that Coach Diederichsen may be eligible to play in the conference this season. Due to a quirk in the eligibility rules governing the NCI conference, Roy may play under the coaching of a guy named Diederichsen.

Diederichsen has already used up his three years of play under the old by-laws, but under the present regime, he may get in a fourth year of competition.

The California game, which was to have been played Saturday, has been postponed until November 11.

ORCHESIS START SERIES OF TUESDAY GUEST NIGHTS

Inaugurating the first in a series of Tuesday guest nights, the Orchesis groups were hostess to seven girls who were interested in modern dance. The Junior and Senior Orchesis meet every Tuesday between 7 and 9 p.m. and any girl who would like to participate is invited to attend.

Miss Marjorie Lucas, faculty advisor for the group, and Myrtle Peters, president, will go to San Francisco Sunday to discuss with representatives from seven different west coast colleges plans for the 1942 symposium. Last year, San Jose State was hostess to the dancers from other schools. This year, San Francisco will hold the symposium.

It was decided last night to combine the Junior and Senior Orchesis meetings into one large meeting.

WAAC's Need Women, Is Message Lt. McGlinn Brings Coeds Today

(Continued from page 1)
should write or call in person at 444 Market street, San Francisco, where they will receive the necessary papers and information. Later interviews and a physical examination will be necessary. All papers will be forwarded to the headquarters of the WAACS and as soon as a need arises for a person with her qualifications she will be sent to Fort Des Moines for the basic training of four weeks.

EXPENSES PAID

During this period all expenses for transportation and meals will be paid for by the government. At camp everything is government issue, including all replacements of uniforms and accessories. Units of the corps may be assigned wherever the Army is stationed, either in continental United States or abroad. You are allowed to state a preference and full consideration

will be given your choice.

In her speech today Lt. McGlinn will bring to our campus definite information on the function of the woman's army and life in a WAAC camp. Every woman on-campus should attend this assembly since this is a woman's war as well as a man's war.

SHORT PERIODS

Periods will be shortened for this assembly and following her lecture, Lt. McGlinn will be available in Dean Dimmick's office for the purpose of giving personal interviews.

Before enlisting in the WAACS, Lt. McGlinn served as chairman of the Red Cross Surgical Dressing committee, and chairman of the volunteers for the Fourth Fighter Command in Bellingham, Washington. She is married and her husband is also serving in the Army.

New SJS College Library Wins Recognition In National Journal

"San Jose State College Library," an article by Librarian Joyce Backus, is printed in the October 1st issue of the "Library Journal."

The story is one of the two featured articles named on the front cover of the national magazine. Included with the story are pictures of the library exterior, reference room, card catalogues, and the stacks. Floor plans of the two-story structure are also included.

In part, the article says, "An appropriation of \$500,000 for a library building was made in August, 1938. Several years before, a campus planning committee had designated a plot near the main entrance to the campus for the library."

PLANS DRAWN UP

The shape of the library was influenced by a memorial grove of redwoods on the north side of the library site, the article explains.

"The campus plan also called for a two-story height and modified Spanish or Mediterranean style of architecture in conformity with other buildings on the campus.

"In 1939 the appropriation was cut to \$275,000, so the state architect's office agreed to construct one wing and the book stacks according to the original plans."

NO STRUCTURAL WALLS CHANGED

This decision required considerable alteration of the interior arrangement to convert small rooms and lobbies into reading rooms. The larger reading rooms had been planned for the unconstructed wing. No structural walls were changed, however, and the areas can easily be converted to the original purposes, the article said.

"The building is constructed so that the other wing can be added without seriously interfering with the service of the library during its construction.

FLOATING FOUNDATION

"An unusual problem was met when the ground was tested; the water level was found to be so close to the surface that a floating foundation was required, which prohibited basement space for heating and ventilating equipment, storage and work space."

Because of this, the heating and ventilation equipment is housed in a "penthouse" above the entrance to the library, according to the story.

Speaking of the stacks, the article says, "Provision was made for a book stack of five tiers with a capacity of 150,000 volumes. Four

tiers of the stacks have been installed and also the floor of the fifth tier, permitting use of that space for other purposes until needed.

"The stack has three stairways, an elevator, telephone and paging systems, and a coat room for students and assistants.

AIR CONDITIONING

"A separate air conditioning unit provides properly tempered air for the book stacks."

The article describes the interior decoration as "simple and practical. A driftwood gray finish was used for the woodwork, except in the Treasure room, where it is walnut. The walls are of soft cream, grays, and greens with simple line decorations."

Frat Has Smoker For New Pledges

Delta Theta Omega, social fraternity, held its first smoker of the fall quarter Monday at the Hotel DeAnza, with thirty-five potential pledges present.

Refreshments were served and movies were shown to the guests, from whose ranks DTO will select its future members.

According to Deane Healey, a member of the fraternity, initiation will begin soon.

— BULLETIN —

Up to a late hour last night, no word was heard by an expectant and hopeful Spartan Daily staff from either Mamie or Joe. It is rumored, however, from an authoritative (strictly - from - hunger and genuine Golden Bantam) source that a glad reunion will take place in the near future.

XMAS PLAY PLANS UNDER WAY NOW, JOHNSON SAYS

Preliminary plans for the school's annual Christmas stage presentation are already being made, it was revealed yesterday by Wendell Johnson, Speech department faculty member and director of the Christmas production.

Plans now, according to Johnson, are to have the Speech and Music departments co-operate on the production, to be in the nature of a pageant.

A list of 10 or 12 possible plays are now being considered, he said, but no selection has been made. The play will have to do with the Nativity.

Tryouts for the play will be held in the near future, Johnson added.

Informal Party Scheduled Tonight For K. P. Majors

"All kindergarten-primary majors are invited to attend an informal get-together at the Student Center, Second street at San Antonio, today between 3:30 and 5:30 o'clock," declared Miss Emily DeVore, acting advisor of Delta Phi Upsilon, national honorary kindergarten-primary society.

Freshmen are especially invited, but everyone is urged to attend and become acquainted with her club. An interesting program has been planned.

This year the kindergarten-primary club is sponsored by Delta Phi Upsilon and will have one professional and one social meeting a quarter with the honorary society. The winter program includes Miss Philoma Goldworthy, art supervisor of San Jose city schools, and Dr. Lidia Verburg, city health doctor, as guest speakers.

Miss Martha Bartholomew is president of Delta Phi Upsilon. Advisors for the society are Miss Emily DeVore, Miss Mabel Crumby and Mrs. Lillian Grey.

Attention, men in the Marine Reserve: There are about 30 of us on the campus, and a couple of us think it would be fine if we formed a social club among future leathernecks.

We're planning a meeting Monday noon in the Student Union. For further details see Chuck McCumby, Johnny Desalernos, or Bill Morrow—or just show up Monday.

There will be a meeting of the Social Affairs committee in the Student Union at 3 o'clock today.

Will the person who found the camel's hair coat in the Student Union Monday afternoon please return it to the Information office?

Phi Upsilon Pi will hold a meeting in room 216 at 10 a.m.

— Vernon Akamian.

Picture Space Must Be Reserved Now For La Torre

All organizations wishing pictures in the La Torre should reserve space immediately. This may be done by coming into the La Torre office between 10 and 3 o'clock daily.

The prices have not been increased this year. They remain \$7.50 for one-half page, \$15.00 for one page, and \$25.00 for a double-page spread, reports Jerry Becker, business manager.

In order to qualify for a double-page spread, the organization must have at least thirty members who will be available for pictures.

"Unless more people buy La Torres," Margery Behrman re-

ART SOCIETY HAS FIRST MEETING; ELECTS OFFICERS

Delta Epsilon, national art honor society, held their first meeting of the year Monday evening and elected new officers for the fall term. Those who were elected are as follows: Fred Triplett, president; Esther Sexton, vice-president; Donna Mae Phillips, secretary.

Jim Daily, retiring president, presided over the meeting in which they made plans for the school year.

ports, "this year's annual will have to be more informal, employing more group pictures instead of individual ones, so don't forget to buy your La Torre before the price goes up Friday, October 22."
