

Early Publication Of 1946 La Torre Needs Cooperation

In order to get the 1945-46 La Torre out earlier next year, all organizations are requested by editor Phyllis McDonald to arrange for space and photographs in the yearbook as soon as possible this quarter. Lists of active members of organizations are needed immediately, and space for the pictures may be purchased from Business Manager Bill Shaw.

CONTRACTS ARRANGED

Bushnell's Studio will again do the photography for the annual. The contract for engraving went to the Fresno Engraving company, and printing will be done by the Rosicrucian Press.

"We would like to sell as many of next year's La Torres as we possibly can this quarter," Miss McDonald remarked, "because the more money we have right away, the more money we know we can spend, and the better books you'll get."

STAFF HEADS NAMED

Appointment of the various staffs and editors were made by Miss McDonald at the latest meeting of the entire staff.

Doris Goldammer will be art editor and Phyllis Clayton will be layout editor. Assisting them will be art staff members Marilyn Edner, Joanne Stevenson, Bonnie Lee Hargrave, and Yvonne Bigley.

The index staff will be headed by Claire Canevari and Carmendale Fernandes with Kae Goepfert, Kathie Landis, and Carmel Libonati assisting.

Photography Editor Barbara Stewart will be aided by Mary Lou Meyer, La Verne Knapp, and Mary Walsh.

Betty Doyle will take care of studio appointments, and her staff will consist of June Robertson, Don Dunn, Phil Robertson, Terry Stokes, and Louise Grace.

New PA Equipment Acquired By ASB

A. S. B. sound and lighting equipment has been built up this summer by Dr. Robert D. Rhodes, Student Council adviser, to include two heavy duty, high fidelity record players, a tuner which will be used for airing radio programs over a public address system, and a hand "mike."

THREE P. A.'s

Dr. Rhodes is hoping to get a P. A. system powerful enough to be heard all over the Quad. Its main use will be for rallies and Spardi Gras. A P. A. system will now be possible at football and basketball games because of the lifting of restrictions on materials. At present there are three complete P. A. systems available to organizations.

Other items to be obtained include colored spotlights for use at dances, and a large collection of popular records.

RULES FOR USE

The following rules apply to this equipment: Requests for the use of the equipment must be made in the Business office 24 hours before it is to be picked up. The equipment must be returned before 10 a. m. of the day following its use. If it is used on Friday or Saturday it will be due before 10 a. m. on the following Monday. No charge for unintentional breakage will be made.

Any violation of the rules will be taken up by the Student Court and the violator must pay \$2 an hour for late equipment. If the equipment is not returned, but has to be picked up by the Superintendent of Buildings Byron Bollinger, a flat fine of \$5 is imposed by the court upon conviction.

Spartan Freshmen Drop Opener To Hollister J.C.

Lone Touchdown Gives Winners 6-0 Edge; S. J. Meets Salinas Friday

San Jose State's freshman grid team dropped its opening game of the season to Hollister J. C., last night 6-0. The lone score came early in the second half as Hollister took the kick-off and drove 60 yards to a touchdown. Van Husen led the attack for the J. C. club, finally scoring from two yards out. Spartan back Will Concklin made two long runs on weak side reverses from Davilla. The first came in the opening

Justice Cassidy

Don Cassidy, senior social science major was appointed junior justice by the Student Council, meeting in private session Monday night at the home of Dean of Women Helen Dimmick.

Cassidy now fills the office vacated by Dave Webster when the latter was named chief justice at the beginning of the quarter. The appointment of Cassidy to the Student Court automatically cancels his name from the senior vice-presidential ballot, since constitutional ruling prohibits ASB officers from holding class offices.

"Witch's Waltz" Set For October 26

"Witch's Waltz," the Halloween dance to be given by the Social Affairs committee, will be held in the Men's gym Friday night, October 26, it was decided at yesterday's meeting of the committee.

Benny Glassman's band will play for the occasion, which is to be dressy sport.

Heading the decoration committee will be Kae Goepfert. Patsy Young will be in charge of posters. Phil Robertson will be in charge of refreshments.

Greg MacGregor was elected to the post of secretary at the meeting. Claire Engle, Social Affairs committee chairman, is also assisted by Stephen Voorhees, vice-chairman; Claire Canevari, and Ellen Mattison.

VESPER SERVICE SET FOR NOVEMBER

Discussing plans for an all-student vesper service to be held in November, the board of directors of the College Religious conference met yesterday afternoon at 4 o'clock in room 2.

Combining the SCA and eight Protestant churches, the CRC is an inter-denominational organization. Dean Paul Pitman and Miss Helen Dimmick represent the college on the board. Miss Edna Pearce, executive director of the YWCA, is chairman of the organization.

Other business included the annual treasurers' report by Dr. Harrison Heath. Phyllis Johnson, president of the SCA, and Elizabeth Trueblood made reports on the fall program of the SCA and the college church groups.

quarter when he ran 40 yards before being stopped by the safety man. Again in the fourth quarter when he gained 25 yards on a similar play.

Al Chasuk and Dick Bischoff played outstanding defensive games for the Spartan babes.

State stopped two touchdown marches in the first half; one on the 6-yard line and the other on the 17.

San Jose's failure to score was attributed to a charging Hollister line which smothered the freshman passing attack.

Friday night State will play Salinas at Salinas and next Tuesday a return game with Hollister is scheduled in the Spartan stadium.

Warren Brady, Sports Editor, covered the game for the Daily and his detailed report will appear in tomorrow's paper.

A.W.A. OUTLINES JINX TODAY

Plans for the annual Jinx to be held October 31 will be discussed at the meeting of the Associated Women's Activities today in the Little Theater at 4 p. m.

"Halloween, with ghosts and goblins, will be the theme of the quarterly event," states Clare Canevari, chairman. Due to the increase of women on campus, the jinx will be held in the Men's gym.

COMMITTEES

Assisting Miss Canevari will be Pat Young and Martha Sturgeon, entertainment; Donna McCarty and Eleanor Budislich, decorations; Barbara Moore and Dorothy Moody, refreshments; Aloha Stokes, publicity; Pat Dunleavy, tickets; Bonnie McWilliams and Arta Williams, games.

Mrs. Sarah Wilson of the Women's physical education department will be present to explain more fully the activities of the folk dance club which AWA is sponsoring. She will also explain what steps must be taken to form such an organization on campus.

FOLK DANCE

A meeting of all women, men, and faculty members who are interested in such a group will meet Thursday in the classroom of the Women's gym. A folk dance club will practice and learn dances used in the California Folk Dance federation and eventually be accepted into this group. After the club becomes a part of the Federation, members will have an opportunity to participate with other such groups in dance festivals.

CLASS OFFICERS ELECTED TODAY

Officers for the college year will be elected by the sophomore, junior, and senior classes today.

Voting will take place in booths set up near the entrance to the Morris Dailey auditorium, separate booths being designated for the different classes.

The polls will be open from 8:30 a.m. to 4:15 p.m., with members of the Student Court in charge. Presentation of the student body card will be necessary to secure a ballot.

Candidates competing in the elections are as follows:

Class Considers Problems Of Peace

"We are groping our way—somehow, somewhere—toward a new social order," stated Dr. William Poytress, head of the Social Science department at San Jose State.

Dr. Poytress' statement is made in conjunction with his new course this quarter entitled "Problems of Peace."

The course is divided into three parts, the first of which is devoted to answering the question, "Where did the whole mess come from?" In connection with this aspect of the situation, Dr. Poytress will outline the institutions and changes of the 19th century, and the disintegration of civilization of that period.

SECOND UNIT

World progress in setting up an international organization will be discussed in the second part of the course. Lectures will include information about the World Court and the San Francisco charter.

The problems of rehabilitation and occupation of countries will be met in the third part of the quarter.

Dr. Poytress states that this course is a sequel to his last year's class in War Aims and Current International Politics which was offered during summer session.

War Chest Drive Lags Behind Quota Despite Sophomores

Struggling spiritlessly into its fourth day on campus, the War Chest campaign is still straggling far behind quotas and offering little hope of reaching a successful climax, the Business office stated today.

Kappa Kappa Sigma is the only campus organization to come through with a group contribution. "It was hoped at the beginning of the drive that a competitive drive would start between all organizations. Kappa has set the pace. Who will come to the aid of the campaign next?" asks Mary Hooton, chairman.

FACULTY LAGS

Faculty contributions have lagged also. With a quota of \$4200 to meet, the faculty has donated only \$2294.30 thus far. Total student contributions come to \$669.68. The faculty-student combined contributions equal about half the quotas originally set.

At a sophomore meeting a special collection was made for the War Chest amounting to \$79.40. The freshmen were to do the same, but no contributions have come in so far.

UNTIL OCT. 25

Dean Paul Pitman stressed in yesterday's meeting for veteran students how much it would mean to the student body if 100 percent donations might be received before the campaign deadline. Contributions will be accepted until October 25 and may be turned in at the Business office or at the booth in the quad.

"Spartan spirit has been too great in the past to let it lapse now," Miss Hooton said. "College students, more than any other people, should be able to visualize the needs of the War Chest—particularly those men who have just been released from active duty. It would be a fine thing if veterans of the campus would get together to make a group donation."

FROSH ACCEPT CHALLENGE

Group A of the freshman class made arrangements yesterday to set up a special booth in the Quad next Tuesday, October 23, to handle War Chest donations from members of the class of '49.

Helen Lehman was elected chairman of the committee which will man the booth from 9 a.m. until 4:30 p.m. "We urge every freshman to make his individual donation to the War Chest drive next Tuesday at the class booth," said Miss Lehman, "every cent you can give will go toward this most worthy cause, and in addition help your class toward acquisition of those vital 25 Mixer point."

Class members were also chosen to meet with sophomore representatives as co-chairmen of the pending frosh-soph mixer. Virginia Russell, Jeff Brewster, and Max Avery will represent the freshman students in the arrangements and planning.

VETERANS' RIGHTS OUTLINED AT MEET

Refreshments and information were the highlights of the veteran's meeting yesterday in the Little Theater. Dean of Men Paul Pitman, along with the faculty composed Veteran's council, was on hand to inform veterans of their rights as students under the various governmental programs.

At the close of the meeting, veterans fell into the habitual chow line they had long accustomed themselves to, and ate heartily of milk and apple cobbler served by girls of the Student Council.

CHANGES SEEN IN LIBRARY

By BARBARA CAMPBELL

Our library, a truly wondrous, but of necessity a complex institution, requires a bit more explanation than has been given, both for the benefit of the new student and the old timer; for the first because it's all new and different, for the latter, because things have been changed around quite a bit since last June.

The most simple and concise explanation is this: current periodicals and reference books, pamphlets, and other materials in the subject fields are to be found in each reading room. Note: general periodicals, such as Time, Newsweek, etc. are in the General Reference room.

The Arts Reading room houses the fine arts, music, etc; art prints; sheet music; listening rooms. These materials are numbered in the 700's.

In the Education Reading room are the 100's, philosophy, psychology; the 370's, education; children's books; S, sample textbooks. Included too are pictures, slides, courses of study, units of work, etc.

In the General Reference room are the 000's, general dictionaries and encyclopedias; the 200's, religion; the 300's (except 370's); the 900's, social sciences; the 400's, languages; the 800's, literature.

In the Science Reading room (formerly the Periodical room) are the 500's, natural sciences; the 600's, applied sciences and industrial arts.

The reserve book room contains books placed on reserve for assigned readings.

Yearbook Staff Asks Cooperation

(Continued from Page 1)

Heading the sales staff is Midge Doyle. Her assistants will be Mayella Appelby, Norma Kinmer, Betty Patnoe, Stephen Voorhees, Pat Phillips, and Bud Hooton.

The business staff, headed by manager Bill Shaw, will consist of Walt Fletcher, Barbara Bresani, Lois Baker, and Hugh Johnston.

Miss Goldammer, Miss McDonald, and Shaw have made arrangements to visit an engraving concern in San Francisco to look over other college annuals in order to get ideas for the next book.

NOTICES

SPARTANS IN THE SERVICE

Ensign Elwood Clark, former Spartan athlete, is stationed in Corpus Christi, Texas. He writes he had the pleasure of once again running into the former San Jose State track coach, Bud Winter, who is also stationed there.

Ex-Spartan, Clermont Wheeler, was promoted from major to lieutenant colonel at the fighter gunnery school in Galveston, Texas, where he is serving as base executive. The colonel returned recently from Germany, where he had been a prisoner of war from November, 1942, to April, 1945.

After enlisting in the Army Air Force in 1939, he was graduated from flying schools at Glendale, California, Randolph Field, and Kelly Field, Texas. After being assigned to duty in Egypt and Libya, Colonel Wheeler was named commanding officer of a P-40 squadron and completed 30 combat missions. He has the Distinguished Flying Cross, the Air Medal, and the Distinguished Unit badge.

Colonel Wheeler plans to remain on active duty with the Army Air Forces.

Lt. Col. James Whitman, a one time student here, recently was awarded the Bronze Star Medal for meritorious achievement as deputy chief of operations, Transportation Section, Allied Force Headquarters.

His official citation reads, in part: "As Officer in charge of the Pre-Stowage Group, Transportation Section, Headquarters Service of Supply, North African Theater of Operations, Colonel Whitman by tireless energy, expert knowledge and unflinching cooperation was largely responsible for the successful pre-stowage operation and combat loading of vessels which participated in the Sicilian campaign, as well as the amphibious landings at Salerno, Italy, and the Island of Elba. He was instrumental in the establishment of a system for calling forward equipment and supplies as needed, direct from depot to vessel in minimum time.

"As Officer in charge of Movements Group and, later, as assist-

ant to the Head of Operations Branch, Transportation Section, Allied Force Headquarters and Mediterranean Theater of Operations, he displayed outstanding professional knowledge in coordinating shipping requirements and transportation of vital war materials. His close application to work and devotion to duty resulted in a smooth, orderly flow of supplies and personnel required in support of the Armies without loss of time or shipping space and contributed in a large measure to the successful prosecution of the war against the Axis."

Overseas 30 months, Colonel Whitman was attached to the Sixth Corps in the invasion of Salerno and wears the Bronze Arrowhead for the Salerno invasion and the Mediterranean Theater ribbon with two Battle Participation stars.

Among the graduates of the 36th Athletics and Recreation Course at the School for Personnel Services, Lexington, Virginia, this week were 1st Lt. Barbara Bernard, former Spartanette.

Graduates of the Athletics and Recreation course will aid in bringing the War Department's Special Services program to American troops at home and abroad. The objective of this program is to aid the individual soldier in becoming better adjusted to Army life, and to equip him mentally and physically to be a more efficient fighting man and citizen. As a consequence of the cessation of hostilities in Europe, there is a new objective as well. The period that our soldiers spend awaiting transportation back to this country and the off-duty time of our Army of Occupation will be amply filled by a broad program of Special Services activities.

Athletics, recreation, soldier shows, soldier music, and handicrafts are included in the Special Service program. This program aims to provide the soldier with enough opportunities for participation in activities of his own choosing.
