

5398 STUDENTS REGISTER AT S.J. STATE IN TWO DAYS

San Jose State College Spartan Daily

FULL LEASED WIRE SERVICE OF UNITED PRESS
VOL. XXXV SAN JOSE, CALIFORNIA, WEDNESDAY, OCTOBER 2, 1946 No. 2

MAJORS SCHEDULE MEET MATH MAJORS MEET TODAY FOUR WILL MEET TOMORROW

Five department heads have scheduled meetings of their majors for today and tomorrow. The mathematics majors will meet in room 107 at 4:30 p. m. today. Those meeting tomorrow will be the English,

home economics, music, and speech majors.

Only freshmen whose departments are holding meetings will be excused from freshmen orientation. "Freshman orientation will be held as scheduled," said Dean Paul Pitman.

The purpose of these departmental meetings is to acquaint the majors with their department and advisors. Department heads will talk to the students and explain the functions of the department.

Meetings are scheduled for 11:30 a. m. tomorrow for the following:

English majors in room 124.

Home economics majors in room H44.

Music majors in room M107.

Speech majors in the Little Theater.

Journalism and advertising majors will not have a meeting on Thursday as was announced on registration day. Another meeting will be scheduled later on in the quarter.

First Quonset

Students who have been curious as to what all the construction activity on the San Carlos turf may now put their minds at ease. Soon to be standing proudly among the conventional campus buildings at the Butler buildings will be the San Jose State's first Quonset hut.

This new Quonset, 40 by 100, will not be a parking garage or recreation hall but the new temporary Engineering building. The exact date for completion has not been determined as yet.

Football Broadcasts

All San Jose football games, both here and out of town, will be broadcast exclusively by station KSJO, "The Voice of San Jose." This station is located at 1590 kilocycles.

KSJO has been cooperating with the college during the past few weeks by broadcasting appeals to local citizens to provide housing facilities for college students. Dean Paul Pitman gave a 15 minute speech on that topic.

COUNCIL MEETS 5:30 TODAY

The Student Council will hold its first meeting of the fall quarter this afternoon at 5:30 in the Student Union. During an interview yesterday, ASB president Marty Taylor expressed the council's desire to have its meetings attended by a representative number of members of the Student Body. "We will welcome any suggestion and ideas that the students may have concerning the organization and execution of Student Body activities, the president said.

The possibility of opening the Student Union and soda fountain to students during the evening hours as well as the problem of smoking in the Student Union are to be among the leading topics for discussion on the meeting's agenda. Other topics of importance to come before the governing board will be the organization of the various committees for the new year of campus activities, the arranging of the budget and the choosing of a Chief Justice and a Senior Justice for the Student Court.

Also to come before the meeting are suggestions for a solution of the ever-present parking problem on the campus. Arrangements are being made to introduce a system of diagonal parking on South 5th street in order to alleviate the now crowded parking on other thorough-fares surrounding the college grounds. The parking of cars in and around the delivery entrance to the Spartan Shop is prohibited and the Student Council wishes to bring the fact to the attention of all drivers on the campus and asks the kind cooperation of everyone in order to avoid any further difficulties. Violators of this rule are subject to action by the Student Court.

WORKERS WANTED

Due to a critical shortage of pick and shovel men, the student housing units at the old tennis club are not ready for occupancy.

Dean Paul Pitman says that any college men who are interested may report to Mr. Perron for work on the project at any hours that are convenient to the students. The wage rate is \$1.15 per hour. "If you have just two or three hours, said Dean Pitman, go on out and say 'Dean Pitman sent me'."

135 Took Tests Today; Will Register Tomorrow With Other Late Comers

West Expects Total of Around 5500; Many New Students Added

A total of 5398 students registered during the last two days, according to figures released by the Registrar's office. Late registrants, including the 135 students who took personnel tests yesterday, will bring the total near 5500.

Dates Set For Play Tryouts

Tryouts for the Duchess of Malfi, an Elizabethan tragedy, will be held Thursday and Friday, 3:20 p. m. in the Little Theater. This will be the first of the Drama department's presentations for the fall quarter and is scheduled to appear November 7, 8, and 9.

James Clancy, assistant professor of the Speech department will direct the play which is elaborate in costuming and design and has a large cast.

Dr. Hugh W. Gillis, executive director of the department announced that season book tickets for the 1946-1947 drama season are now on sale in the Speech office, room 159. Students who made reservations spring quarter for the season book are asked to call for them no later than Friday, October 11. All uncalled for reservations will be released for sale at that time.

Student body cards are necessary in order to purchase the season ticket at \$2.40; general admission tickets sell at \$3.60. Individual tickets are priced at 60 cents and 90 cents respectively.

Drama staff includes Dr. Hugh W. Gillis, director, James H. Clancy, John R. Kerr, production directors, J. Wendell Johnson, art director, James Lioi, technical director, Marie B. Carr, costume director Theodore J. Balgooyen, publicity director.

ASB CARDS ARE STILL ON SALE

Following a large registration days sale, ASB cards may now be purchased in the Business office for \$12.50.

The main benefit offered to student body card holders, especially valuable during days of crowded hospitals, is the use of the Health Cottage. Card holders will be treated at the Health Cottage, by the college physician at no further charge. If the student prefers to call in another physician, bed space at the Health Cottage is still available.

Admission to football games, student rates to dramatic productions and use of the library are also included in the student body fee.

Jim Gualtieri, ASB treasurer, is in charge of sales. A special card may be purchased for wives of husbands of students, for \$7.50.

Lack of housing and other factors brought the number down from the previously estimated 6000. Students, however, kept the gym quite crowded during the two days of registration according to all observers.

New faculty members have been added to nearly all departments to handle the increased enrollment. A new department, Nursing Education, has been added, headed by Miss Pauline Davis. An extreme shortage of classroom and office space is one of the major problems confronting the administration at this time.

The ratio of men to women has not been worked out as yet, but will probably tell a much different story than the 1943 ratio of one man to seven women.

COMMUTERS !!!

Commuters from Los Gatos or from towns along the Oakland highway who would benefit by the addition of Peerless busses to help them get to 7:30 classes should sign in the Dean of Men's office immediately.

The Peerless bus company has announced its desire to help out in the emergency situation caused by the increased student body.

If all students affected will sign immediately the new busses may be running by tomorrow morning.

GLEE CLASS OPEN

Previously announced in the college bulletin as a course accepting only women students taking an entrance try out examination, the women's glee club class is open to any women student interested in participating in the vocal group.

The class is held on Mondays, Wednesdays, and Fridays, at 10:30 in room 107 of the Music wing under the instruction of Miss Alma Williams, and offers a good elective or activity course to the student.

According to Miss Williams, the glee club will commence immediately for the Christmas program presented annually by the vocal group. The club presents a musical program every quarter, entertaining various clubs and organizations in the community.

Sales Continue

With Registration days sales of the 1947 La Torre highly successful, Bill Ellsworth, newly appointed business manager of the college yearbook wishes to express his thanks and appreciation to the students who ably assisted with the first days sales and to the students for their cooperation and immediate response to the initial sales.

Ellsworth announced that La Torre sales will continue and may be purchased in the Publications office or from any of the staff members. Students who have made a deposit may pay the remainder at their own convenience.

Lone Star State Awaits Flying Spartans

San Jose State's Flying Spartans and the hard riding Cowboys from Hardin-Simmons University get together Saturday night at Abilene, Texas in what is slated to be one of the top contests on the football schedule for both teams this year.

Coach Bill Hubbard and thirty-five Spartans will leave Mills Field, San Francisco, Friday morning via Flying Tiger Air-liners.

Hardin-Simmons boasts an unblemished record so far this season with wins over McMurry and Kansas State in the past two weeks. The Cowboys swamped

McMurry and rolled to an easy 21-0 victory over a highly-touted Kansas State team.

Leading the southern attack are Doc Mobley and Al Johnson, both bruising backs from the 1942 Border Conference championship squad. In the line the Cowboys have Red Cleveland at center, Jack Ellison and Al Milch at guards, Tommy Proctor at one tackle and Bob McChesney holding down one of the wing spots.

In early season speculation, Coach Warren Woodson's big gold team was picked to win the Border Conference with ease and their

showing to date has justified the prediction.

Babe Nomura, Spartan half who stood out in the Willamette game, will lead the San Jose attack. Working with Jim Jackson at quarter and Nomura at half, Hubbard can throw two fine passers at the Cowboys from the same backfield.

From this angle it looks like the Spartans to win their second start. However, Texas is a long way off and the visibility is not too good. KSJO invites everyone to kibitz at 1590 KC's Saturday night.

WOMEN WELCOMED IN QUAD TODAY

A tea to welcome all new women students will be given by the Associated Womens Activities this afternoon at 3:30 in the quad. All new women students, transfer or freshmen, are invited.

Representatives of various campus organizations will answer any questions of the group, and explain the college customs and activities. ASB president Marty Taylor will give an informal talk.

"Come and ask questions and join in the fun," says Chairman Carol Lantz. "Refreshments will be served."

Beta Cuddle Friday

Bids are going fast to the seventh annual "Beta Cuddle," the first date dance of the new school year, according to dance chairman Ed Hinkle. The dance, which is given by the Beta Chi Sigma fraternity, is being held on Friday, October fourth, at Napradak Club on Lawrence road.

Kenny Taix and his ten piece band have been engaged for the evening which will last from nine to one. The Napradak Club is a new building and the dance floor will easily accommodate 300 couples.

Bids to the "Cuddle" will be sold during the week for \$2.40 tax included. Students are reminded that there will be a limited number of bids printed and it is "first come first served." Attire for the evening will be dressy sport.

Frosh Welcomed

Collegiate Christian Fellowship was host to over 800 incoming freshmen at the "Who's Who-What's What" party which was held in the Women's gym last Wednesday evening.

Games were directed by Phil Philobosian of Fresno State college and Bill Hartman of San Jose State and included wagon races and hat making. The affair was concluded with community singing and a short message from the Clarence R. Sands, one of CCF's pastoral advisors.

Bible discussions meetings will be held on Mondays and Thursdays from 12:30 to 1:20. President Dave Fraley invites all who are interested to bring their lunch and join the group in room 21. The first meeting of the fall quarter will be held Thursday, October 3.

CCF is the local chapter of the Inter-Varsity Christian Fellowship, an interdenominational Bible study group which is represented on the campuses of colleges and universities throughout the world. IVCF meetings are always open to all who are interested.

The Clockwatcher

With CHARLES L. ANDERSON

Monday, September 30

(Soc. Sci. 294) at 11:30 p. m.

Dear Diary:

Toady I went through the registration procedure and spent a pleasant evening afterwards in a convenient padded cell. The business of getting signed up is certainly well-organized. Because there are only long lines for getting your booklets, paying the fees, signing for courses, getting programs approved, and having booklets checked, it's now possible to be finished in eight or ten hours.

The schedules are a bit different this year, and I had a little trouble arranging my classes. (I always plan my program with a definite point in mind—nothing before 11:00 and nothing after 2:00.) Squeezing in enough units can also be a headache. My problems were all solved, however, by Dr. Elder, why put me into Elementary Cooky Cutting (Home Ec. 147) at 7:30 a. m. and Advanced Analysis of the Marxist Theological Dogma

Several unscrupulous sophomores made their spending money for the quarter by selling "Spartan Daily" subscriptions to the new freshmen. These sophs aren't greedy, though; we charged only \$2.50 for sixty issues.

One perplexed fellow was overheard remarking: "I don't know why they want to give me a health examination. Anyone who can get through this registration day ought to be physically fit."

* * *

The students come;
The students go;
The students wander to and fro.
But on reg day
All they say
(And I quote verbatim)
Is "Where's the next line for me to wait in?"

THOUGHT FOR THE START OF THE QUARTER:

As the coffee blender said as he hear the one o'clock whistle, "It's back to the old grind."

Bariteau Leads Golfers in State Amateur Play

Firing a sub-par 71 in the opening round, young Eli Bariteau, San Jose State College sophomore, took medal honors in the California Amateur golf championship which opened over the Pebble Beach course Monday.

Top golfer among Coach Walt McPherson's Spartan club-swingers last quarter and winner of the Northern California Junior title at Lake Merced Country Club in San Francisco this Spring, Bariteau posted a 37-34 for a one under par 71. He bogied the third hole for a shaky start, but came back with birdies on the tenth and 16th for the day's low medal score.

After Monday's qualifying round, the tournament goes into match play with Bariteau shooting against the best in the state for the remainder of the week.

JOB SHOP

For information concerning the following jobs contact Miss Van Gundy in the Dean of Men's office.

Two men for digging and leveling ground, may last several days. \$1 per hour.

Two men to operate dish washing machine and wash sauce pans from 5 to 7:30 p. m. five days a week. 75 cents per hour and dinner.

Position teaching PE grades 4 to 8 one day a week, preferably Thursday from 1:30 to 3 at 85 cents an hour.

Men to work in local fruit packing concern. Hours 6:15 p. m. to 9, 10, or 11 p. m. \$1.15 per hour and time and a half for overtime.

Men to do garden work at 90 cents an hour.

WILLAMETTE BACK RATES SPARTANS TOPS

By DICK FRY

Louis Duino, Sports Editor of the San Jose Mercury Herald, talked to the wrong man on the Willamette squad after Friday night's game.

Mr. Duino quoted one of the Bearcat linemen as saying that the Spartans were good but they weren't the best on the Coast by a long shot and that their blocking and tackling was sloppy between the tackle positions. We talked long and loud with Larry McKeel, the Willamette left-half, after the season opener and he had nothing but good to say about the local aggregation—bar none.

The Mercury sports scribe neglected to mention the name of the Oregon lineman he quoted so we can't judge his remarks by his playing ability. However, we can and will judge McKeel's words by the performance he put on Friday. From the sidelines at least, McKeel was the hardest running

back on Coach Walt Erickson's squad and his defensive play was above reproach. In Larry's own words, and we quote, "San Jose has a mighty hot outfit. They are better," catch this. "than the University of Washington team that went to the Rose Bowl after the 1943 season! I played with the Spokane Army Air Depot team that year and we met the Huskies twice so I can speak with some authority."

Now if anyone goes to the trouble of looking up Washington's record in the 1944 Rose Bowl game, he will find that the Huskies took a trouncing from USC 29 to 0. However, the record books don't show that the Navy double-crossed the Seattle team shortly before the Tournament of Roses by lifting most of the V-12 trainees from the U of W and thereby leaving them with the usual wartime talent.

— STUDENT UNION BUILDING —

JUST AMONG OURSELVES

By Dr. T. W. MACQUARRIE

Not many of you are reading this column yet, I can see that—so many blank stares when I say "Hello." Of course if your mother told you not to pick up with strangers, you stick to that; we'll get acquainted in some more

formal manner later, and then I may even rate a smile.

One of our difficulties about housing is that some of us are pretty hard on rooms and equipment. We're not very good housekeepers, and not very considerate

about the neighbors. Yes, I know the trouble is often the other way, with ravenous householders and poor accommodations.

However, will you do your level best to get along? Take the lead in courtesy. More is expected of college people than anyone

else, and that's as it should be. If college men and women don't show some quality, democracy hasn't a chance.

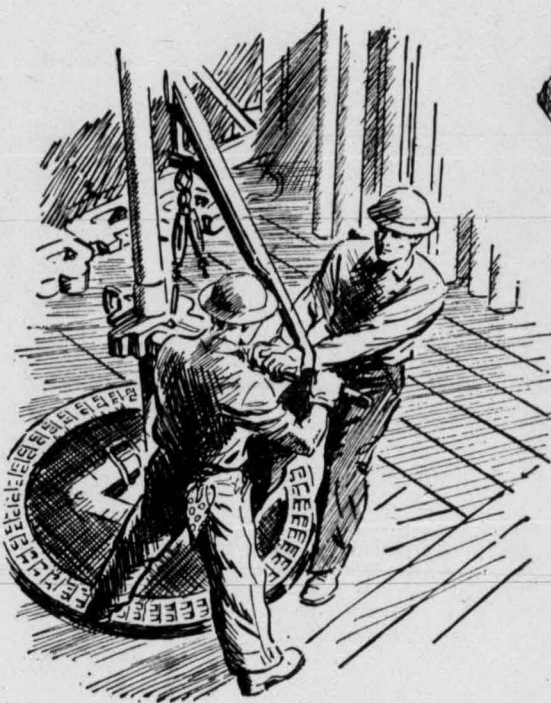

Some of you will not take out student body cards, and that's too bad. Either you will chisel on the rest or you will miss a whole lot of college life. That student body card is a bargain. You'll never get so much for so little.

There's the Daily (it costs ninety dollars a day to get it out), admission to the games, college parties, the Health Cottage, and more. One man told me that the Health Cottage saved him seven hundred dollars when his daughter was ill. (You might be ill some time, you know.) Anyhow you'd better take out that student body card. Earn the money somehow—it isn't much.

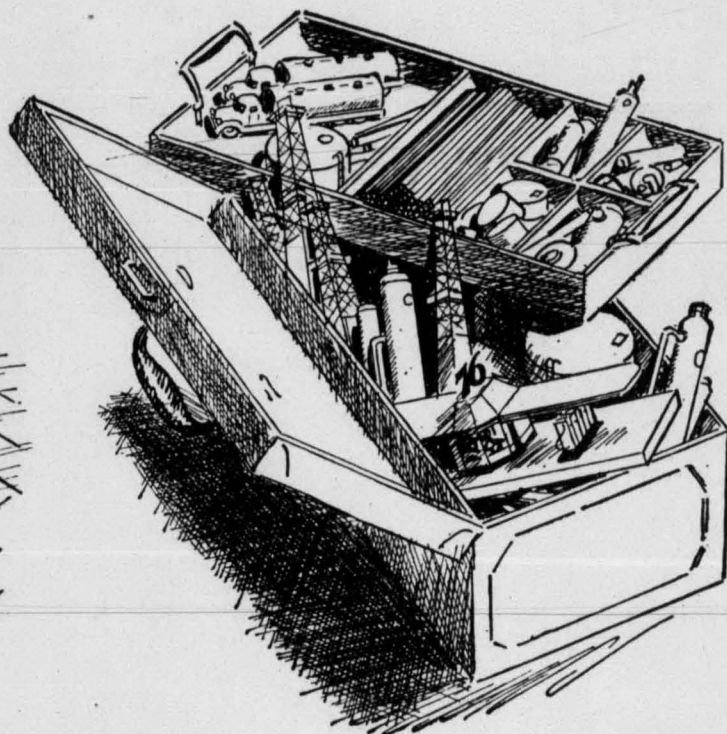

Each Union Oil employee has a \$38,000 kit of tools

1. You may know how to drill an oil well, but you can't do it with a post-hole digger. You may know how to make gasoline, but you can't make it in a coffee pot. The men who drill oil wells and make gasoline have to have "tools." Otherwise, all their skills would be useless.

2. These "tools" in the oil industry have become very complex. Refineries, drilling rigs, pipe lines and even service stations are far more complicated and costly than they used to be. Consequently, it takes an average of \$38,453 worth of "tools," today, for each employee in Union Oil Company.

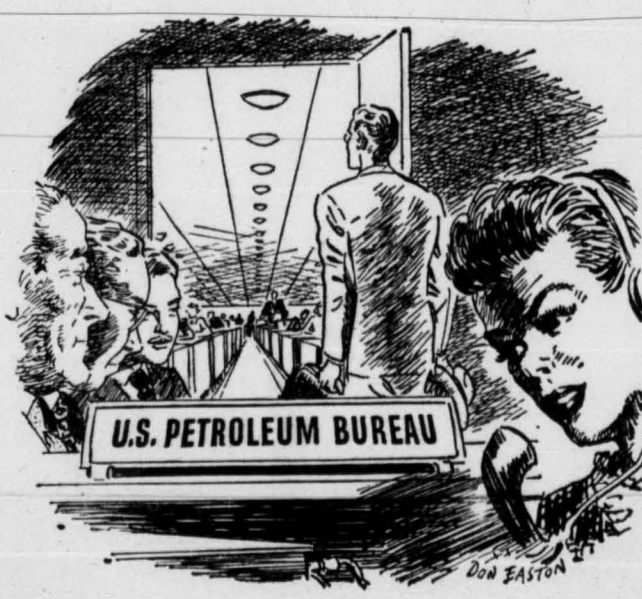

3. Now someone has to finance these "tools"—not just for one but for 9,228 Union Oil employees. Very few individuals in this country could put up that kind of money. So we have pooled the money of a lot of people under a legal agreement known as a corporation. That way we divide the cost among 33,938 individuals—called stockholders.

4. These people, who own Union Oil Company, have chosen to put their savings into "tools" that produce gasoline and petroleum products for other people, instead of spending it on goods—such as automobiles and refrigerators—for themselves. For that reason they are entitled to some compensation.

5. They get this in the form of dividends—when ever the company makes a profit. Last year these dividends averaged \$137.49 per stockholder. In other words, for a very modest share of the proceeds of the business, these owners have "grubstaked" the employees to the "tools" they need.

6. In view of the money required, the only other way oil "tools" could be provided would be through government ownership. But we Americans have chosen to do it under our free competitive enterprise system. For in that way, we can preserve the freedom of the individual, the efficiency of a free economy, and that all-important human incentive—competition.

UNION OIL COMPANY
OF CALIFORNIA

This series, sponsored by the people of Union Oil Company, is dedicated to a discussion of how and why American business functions. We hope you'll feel free to send in any suggestions or criticisms you have to offer. Write: The President, Union Oil Company, Union Oil Bldg., Los Angeles 14, Calif.

WORLD-FAMOUS PAINTER OF THE AMERICAN SCENE

**"51" the world's
most wanted
pen**

"Writes dry with wet ink!"

Parker "51"

● Truly remarkable is the preference for Parker 51's. Recently, American pen dealers, by a margin of 3.37 to 1, named Parker the most-wanted pen. More-wanted than all other leading makes combined. ● Today, more 51's than ever before are being shipped. So see your dealer soon. ● Here is a pen made to true precision standards—not just hurried out. The sturdy tubular point starts writing instantly, smoothly. For the tip is a ball of

micro-polished Osmiridium. ● Only the "51" is designed for satisfactory use with Parker "51" Ink that *dries as it writes!* ● Three colors. \$12.50; \$15.00. Pencils, \$5.00; \$7.50. Sets, \$17.50 to \$80.00. The Parker Pen Company, Janesville, Wis. and Toronto, Canada.
