SAN JOSE STATE COLLEGE

VOL. 47

SAN JOSE, CALIFORNIA, WEDNESDAY, OCTOBER 21, 1959

NO. 21

## Approved Housing Need Here Acute

Nearly 1800 students are living in college-approved houses but some 5014 should be, according to Housing Counselor Mrs. Izzetta Pritchard.

The 3115 student discrepancy are single men under 21. According to a college ruling, all single men and women under 21 are required to live in approved houses. But "lack of authorized houses has caused exceptions to this rule," Mrs. Pritchard said.

Under the present ruling, only single women and single freshman men under 21 who are living away from home are required to reside in college-approved housing.

According to Dean of Students Stanley C. Benz, students under 21 not living in houses approved by the college are required to have written permission from their parents on file with the college.

The state-owned dormitories now under construction should fill

the gap, Dean Benz said. The dorms will furnish housing for 1200 students, 600 men and 600 women.

## Jazz Concert Audience Enthusiastic

By MIKE JOHNSON  
Lyke Editor

A full house in Morris Dailey Auditorium last night granted Shelly Manne and men a moderately enthusiastic reception, while giving San Jose State's Smothers Brothers equally favorable applause.

The Shelly Manne group, recognized as one of the best small groups ever to play the modern jazz scene, swung from number to number in its two-hour slice of the program drawing some beautiful solo work from pianist Victor Feldman.

Relatively new in modern jazz, Feldman shows Garner shadings, and often sounds like Red Garland. Solid, yet clean, uncluttered solos reflected true talent, especially in an up-tempo arrangement of Poinciana.

Tenor sax man Richie Kamuca, who, like Manne, graduated from the Kenton band on his way to the top, sounded tired, and a little restrained through most of the program. But blossoming out in "Poinciana" in front of Manne's perfect drumming, Kamuca displayed a pleasing combination of technique and imagination.

Trumpeter Joe Gordon, also rather new in jazz, made his horn weep in "Yesterdays," and drew a brassy, exciting flavor from it in appropriate tunes.

Monty Budwig, who can handle his bass solos with no help from the piano, exchanged four-bar rides with Manne in many of the tunes, making the clumsy instrument respond delicately and often with as much color as the horns.

The Smothers Brothers, consisting of Dick Smothers, bass; Tom Smothers, guitar; and Bob Blackmore, banjo, put on a humorous act with lots of spice.

Billing the Smothers Brothers and Shelly Manne on the same show is an obvious error—clashing the finest in jazz with folk singing. But Manne apparently overlooked the insult.

## Send-Home Daily Sale Begins Today

The Send-Home Edition of the Spartan Daily sale begins today and continues through tomorrow in the Outer Quad in front of the Science Building from 8:30 a.m. until 4:30 p.m.

Regular price is 10 cents; for 15 cents a wrapped, stamped, addressed and mailed edition can be purchased.

Sponsored by Sigma Delta Chi, national professional journalism fraternity, the tabloid prototype of the regular Spartan Daily is designed to give a view of campus activities, pictures of familiar campus scenes and historical information to friends and relatives of Spartaville residents.

It was also prepared to serve as a souvenir edition for Spartans to tuck away in their scrapbooks in remembrance of the beginning of the 1959 fall semester.

SDX president Mike Johnson commented, "This is an issue of the Send-Home Daily that every student will be proud to send home—the pictures convey the spirit of the campus and the stories give a good review of this semester's activities. It's better than a letter home, and you don't have to worry about mailing!"

Only a thousand copies of the special edition have been printed this year.

## Court Shift Sidetracked

Chief Justice Jerry Alexander began presenting his proposed Student Court reorganization plans to the campus legal body yesterday, but was sidetracked by three other pressing items.

First was a proposed Constitutional review on whether the newly elected Freshman Class officers are permanent or temporary. Alexander almost called for a closed meeting to review the ASB Constitution, but decided not to when Prosecuting Attorney Pat McClenahan promised to bring a test case before the court soon.

A second item was the possible resignation of Sharon Clark, senior female justice, from the court. She told the court of conflicting class hours and asked that the possibility of her resignation be discussed by the court in the near future.

The third item was the approval of Janet Ashbrook, a sophomore, as one of the court's two recording secretaries.

TAKE ONE HOME—That's one Sigma Delta Chi take-home edition of the Spartan Daily—not Diane Beggs, SJS sophomore, who jumped into the mail sack along with plenty of take-home Dailys. The souvenir editions are on sale today and tomorrow in the Outer Quad in front of the Science Building.

## Spartan Round-Up Set for Home Week

By MELVA VOLLERSEN

Homecoming comes but once a year, (in 1959 it's Nov. 7), and when it comes it will bring floats, beauty contests and cheers, and an all-western theme.

So, fella's and gal's, gather round for the Homecoming round-up.

Voting on the 31 candidates entered in the Homecoming Queen Contest will begin at 8 a.m. tomorrow and end at 4 p.m. Friday.

Voting booths will be located in the Outer Quad and in front of the Drama Building between 8 a.m. and 4 p.m. both days.

The Homecoming committee has announced that no posters will be allowed during the election except

those posted by the committee.

Ten semi-finalists will be selected by the voting this week. The semi-finalists will be judged in a fashion show Thursday, Oct. 29, 8 p.m., Morris Dailey Auditorium.

Each semi-finalist will appear in a campus outfit and in formal wear supplied by local merchants. Candidates will be rated on poise, carriage, beauty and general appearance. Three judges will select the queen and four attendants.

FRIDAY, OCT. 30—The queen will be announced at the Coronation Ball at Exposition Hall, Santa Clara County Fairgrounds.

Admittance is free with a student body card. The Coronation Ball is the official opening of Homecoming week activities.

FRIDAY, NOV. 6—Homecoming eve will be celebrated with a Bonfire Rally at Spartan Stadium.

For those who have been hard at work on floats during the week, 8 p.m. is the finishing deadline and float inspection time.

SATURDAY, NOV. 7 — It's Homecoming with open houses and last-minute float patching.

The Homecoming parade begins at 5 p.m. with thirty thousand spectators expected.

Units now entered include 13 floats, three horse groups, seven high school bands from the area and the San Jose State band, 15 novelty entries, the queen and her attendants and two military units.

The final activity of Homecoming will be at 8 p.m. in Spartan Stadium when San Jose State meets the Wyoming Cowpokes. We'll be lookin' for ya', pardner.

## Alpha Eta Sigma Slates Career Talk

Members of Alpha Eta Sigma will hear a talk on careers in accounting by Raymond Frazer, CPA, tonight at 7:30 in the cafeteria.

Alpha Eta Sigma is the honorary society open to accounting majors who have completed one year of accounting.

## Book Talk On 'Plaza'

"The Mackerel Plaza," by Peter De Vries, "one of America's leading humor novelists," will be reviewed by Dr. Roland F. Lee, associate professor of English, at today's book talk, 12:30 p.m. in Cafeteria Rooms A and B.

Dr. Lee describes De Vries as a leading novelist who presents a humorous, satirical treatment of a small Connecticut town. The author satirizes popular scientific and religious views, he said.

The story is about a young minister who wants very much to marry but is thwarted at every turn by well-meaning townspeople who insist on keeping the memory of his first wife fresh.

De Vries also has written "The Tunnel of Love," "Comfort Me With Apples," and "I Saw It at the Movies."

## 'Calypso Holiday'

"Calypso Holiday" is the theme of tonight's Co-Rec from 7:30-10 in the Women's Gym.

Folk singers Dane Hardwick and Paul Arnerich will highlight the evening's program.

Volleyball, badminton, ping pong, card games and dancing will also be available to those attending.

## Goldsmith Play Returns Tonight

By JERRY NACHMAN  
Drama Editor

Back on the boards tonight after a laudable week-end stand, "She Stoops to Conquer" will begin a four-night run through Saturday beginning at 8:15 in the College Theater.

Directed in slick style by Dr. Jack Neeson, associate professor of drama, the Speech and Drama Department's season opener by salty wit Oliver Goldsmith, keeps the audience laughing at a consistently high pitch.

In the People-to-Watch-for category are Gene McCabe as a Disraeli-looking Mr. Harcastle doing a skillful job of acting; Bonnie Shelton as the butter-ball Tony Lumpkin has fun with a funny role; and Carolyn Reed as the morning heiress, nightly bar-maid, rounds out the A-plus trio.

The play is a whimsical tale of what-never-happens in romanticized plays, but what does in the hand of the satirical Goldsmith. One masterful scene between Charles Marlowe, played by Richard Rossmore, and Miss Reed, occurs when Marlowe, who is sup-

posed to be a dashing young suitor, plays the scene with all the charm of Willy Lumpkin.

Sets by J. Wendell Johnson, combined with rich lighting by Kenneth Dorst and costuming by Miss Bernice Prisk give the stage an atmosphere straight out of a Grimm's illustration.

A lesser role, but one of the play's most hilarious, is Gary Hamner's "Diggory," the servant. His tippy-toe cavorting with fellow servant Joseph Broda as "Roger," keeps the comic effect all the way through the production.

Carole Warren as Constance Neville, and Richard Parks as the suave George Hastings, both come off well.

Judy Blaisdell as Mrs. Harcastle and Robert Sherman as Sir Charles Marlowe are credible. Paul Bucalstein, Charles Latona, Dan Zanvettor and William Barkow are inn-mates of Lumpkin, and Susan Evers and Mary-Jyn Henry play servant girls.

Tickets for "She Stoops to Conquer" may be purchased at the College Theater Box office opposite the Student Union from 1 to 5 p.m. for any of the four remaining performances.

Prices are 50 cents for SJS students and \$1 for all others.

AN EYE FOR AN EYE—Cheryl Del Biaggio as "Pimple," a servant, eyes the wealthy George Hastings (right), played by Richard Parks. In back is Joseph Broda as the dull-witted "Roger" and seated is "Diggory," Gary Hamner. Hastings is a guest in the Harcastle home, though he thinks it an inn.

## Fraternities Given 5 Years

## Presidents Set Bias Deadline

By JIM ADAMS  
Editor

Four fraternities here will be given less than five years to get rid of discriminatory clauses if the State Board of Education approves a state college presidents' proposal passed Monday.

The 14 state college presidents unanimously adopted the measure that will deny recognition to any fraternity, sorority or other campus groups with racial or religious discriminatory clauses in its by-laws.

The proposal will be submitted to the Board of Education at its Nov. 5 meeting and, if passed, will become effective Sept. 1, 1964.

Board approval is almost assured as the state legislature passed anti-discrimination legislation last year and a deadline for bias clause elimination has already been set at the University of California.

FRATERNITIES CAMPAIGN  
The four SJS fraternities with

racial or religious discriminatory clauses in their constitutions or rituals are: Alpha Tau Omega, Pi Kappa Alpha, Sigma Chi and Sigma Nu.

Interfraternity Council President Glen Sparrow emphasized last month that local fraternities had nothing to do with putting the clauses in constitutions and rituals and, in fact, have been campaigning to get them out.

Officers of all four fraternities said it may be possible to get the provisions removed well before the 1964 deadline.

They reported significant progress at national fraternity conferences and conventions indicating that it could be possible to be rid of all bias clauses within two years.

## PROGRESS RUNDOWN

Progress to date:

—Alpha Tau Omega President Jerry Snyder said the national's Committee on Discrimination will recommend elimination of the clauses at a convention this summer. Meanwhile chapters all over the country are submitting reports of the situation on their campuses.

—Pi Kappa Alpha Treasurer Ron Craig said the local chapter has been trying to get bias clauses eliminated for 12 years. "This summer we hope to push it over," he said.

—Sigma Chi President Ron Rock said that at a national convention this summer a proposal to cut out the clauses got a majority vote but not the necessary two-thirds. He indicated the trend is toward a two-thirds vote at the 1961 convention.

—Sigma Nu's delegate to a national convention last year, Glen Sparrow, said a proposal to outlaw clauses was soundly defeated—due to poor wording. He predicted that a better proposal and the developing block of California chapters could put the measure through the next convention.

## Lyke Fails In Chessman Interview Try

Lyke magazine won't be able to interview Caryl Chessman because he is "all booked up" for interviews until his execution, set for Friday morning.

Lyke editor Mike Johnson had "no trouble" seeing San Quentin Warden Fred R. Dickson last Wednesday, but "there just wasn't time" to see Chessman before his execution, he said.

Chessman is allowed three interviews each day.

Unless the U.S. Supreme Court approves Chessman's attorney's application for a stay of execution, filed last Friday, the 38-year-old convict-author will die in San Quentin's gas chamber at 10 a.m. Friday.

Gov. Edmund G. Brown denied clemency for Chessman Monday, and the California Supreme Court refused to delay his execution last week so that he could testify at the conspiracy trial of the publisher of his last book.

Lyke editor Johnson first wrote to the director of the State Department of Corrections in an attempt to see Chessman, but was refused because of the type of interview wanted.

## Ski Club Plans Ice Skating Trip

Sign-ups for an ice skating trip, the first outing of the year for the SJS Ski Club, are being taken through tomorrow in the Student Affairs Business Office, TH16.

Skaters will meet in front of the Student Union at 7 p.m. Friday and journey to the Belmont Rink by bus, according to Nancy Steger, publicity chairman.

The trip is open to club members and other interested students. The cost will be approximately \$1.80 for members and \$2.10 for non-members, including transportation and entrance to the rink. Skates may be rented or students may bring their own.

### GEN MARSHALL BURIED IN SIMPLE RITES

WASHINGTON (UPI)—Gen. George Catlett Marshall, the soldier-statesman who served his country for half a century in war and peace, was laid to rest yesterday after simple services attended by the nation's great and near-great.

President Eisenhower and former President Harry S. Truman were among the 200 mourners and former comrades-in-arms of the old soldier who attended the Episcopal burial ceremonies in the red brick chapel in nearby Ft. Myer, Va.

Following the half-hour service, Marshall was interred in a hero's grave on a grassy slope in Arlington National Cemetery, near to the tomb of the unknowns and next to the grave of his first wife who died in 1927.

### TEXAS HAS NEW BOAST IN QUINTS

SAN ANTONIO, Tex. (UPI)—The wife of an Air Force lieutenant gave birth yesterday to five tiny girls—the first recorded successful births of quintuplets in United States history.

They were the 47th quintuplets in recorded world medical history. The quints, delivered by a battery of Air Force officers headed by a lieutenant colonel, were born at Lackland Air Force Base Hospital to Mrs. Charles G. Hannan, 27, of Taylor, Tex.

The births were three months premature. The babies were placed immediately in an incubator.

Air Force spokesmen said the tiny girls had good color and responded with cries to the time-honored practice of a spank on the buttocks.

# Low Taxes Good for Business

The only way the United States will be able to keep its present 67 million workers employed and find 20 million more jobs for college graduates is by lowering the income tax structure.

This is the conclusion of Former Under Secretary of the Treasury Roswell Magill in a just-published magazine article.

Roswell said a downward revision of 20 Million New Jobs income taxes would encourage the starting of new enterprise which would in turn need new labor sources. According to the former federal official, some 20 million new jobs will be needed within the next 16 years.

This thinking sounds logical to young college students who soon will be a part of that 20 million needing a job in business.

Roswell favors setting the range of tax rates at a sliding scale from 16 to 64 per cent over the present span of 20 to 91 per cent.

"I know that such a cut in tax rates would encourage economic expansion, for it has done so whenever it has been Expansion tried in the past—a reduction in Increases rates also would produce more Tax 'take' revenue for the Treasury. Business expansion automatically increases the government tax 'take,'" he emphasized.

These are some of the ideas which will be presented at the House Ways and Means Committee hearings beginning Nov. 16.

It would behoove every college student to examine this proposal more carefully. A future job might depend on it.

## Germans Find Popularity In Having a Briefcase

FRANKFURT, Germany (UPI) If you want to get ahead in Germany, get a briefcase.

It doesn't really matter what you put in it—a pack of sandwiches, the day's racing form, a spare pair of shoes, even a newspaper.

But the carrying of a brown leather briefcase has become a true symbol of success in post-war West Germany.

Almost everybody carries one. School children yearn for the day when they are old enough to trade their shoulder-satchels for the more adult briefcase. Teen-agers only feel they are "accepted" by their friends when they carry one.

What Germans stuff into their briefcases is a major mystery to foreigners. Only about one in ten actually uses the article for the purpose for which it was intended—carrying business papers.

Husbands take home the shopping in them. Bachelors take their dirty shirts to the laundry in them. Garage mechanics carry spare parts in them. And thousands of office workers arrive importantly at work in the morning with a briefcase containing sandwiches, some fruit and a beer bottle full of cold tea.

The briefcase has become such a social symbol here that Germans won't part with them.

Traveling on a train, the commuter clutches his briefcase tightly while he opens his newspaper. Lunching he leans it carefully against the table leg.

So many briefcases now are appearing that wise-crackers are claiming the best way to get a job is to buy a new one—even if you don't put anything in it.

Ask me no questions

I DON'T get what you'd call a whole lot of mail. In fact as I rummage through my mail I find only two items of any major importance. One is from a dry cleaner named Marshall Steel, and the other card is from a religious organization guaranteeing my salvation for a small contribution.

However, I do hear from a small group of persons via face-to-face contact who make serious comments on my work and some of them ask (what they believe are) very serious questions.

They are the only public I have, and since they are a small group they cannot afford to be lost. But I have held my tongue long enough.

1. "HOW DO you think up all that stuff?" (I go up on a high mountain just outside the city every day at 2:27 and kneel at the foot of a Persian god, who taps me on the forehead three times and whistles, "Rockabye My Baby With a Dixie Melody" through his front teeth.)  
2. "What are you going to do after you graduate?" (I thought I'd go lie down under a rubber tree and wait for someone to discover me. Incidentally, you may have noticed the crafty implication in that last query that I probably never shall actually graduate.)  
3. "Is that column all you do?" (No, I also write the volume numbers every day.)  
4. "I used to write for our high school paper." (My, my, my.)  
5. "How do you find time to write all that—?" (I set my clock back an hour and a half every day.)  
6. "Say, your column seems to be slipping lately, old man. What seems to be the trouble?" (It's only a minor blood deficiency. My doctor says I should be up and around in no time.)  
7. "Do you ever run out of ideas?" (Every day.)  
8. "Hey, you're a big wheel on campus, how about fixing me up with some of those good-looking girls you must meet?" (Sure. I've got 'em pounding at the front door every night.)  
9. "Where do you get all your ideas?" (I have a genie in my bottom drawer who comes out with every quarter moon.)

10. "HAVE YOU ever thought of doing a column on our club?" (For "club" substitute either dance, project, trip, queen, cookie sale or handball tournament.) This new project we have is really sensational!!  
11. "No kidding, this new project would really make a funny column." (See "Spartaguide".)  
12. "How much do they pay you for that junk?" (Three units a semester plus all the copy pencils I can chew.)  
13. "I didn't understand yesterday's column. What does it mean?" (There's a hidden significance in the third sentence, fourth paragraph. By sprinkling lime juice over the area, the ink will fade away and a secret message will appear.)

14. "Hey, I've got a fantastic idea for your column. Listen—there's this guy, see, in our boarding house, and—get this—he—he—wears green socks! Doesn't that slay you?" (People with ideas for me will kindly step to the rear of the hackney. Thank you.)  
15. "Do you take any other courses?" (Gracious, no! I get an honorary B.A. for being such a regular fellow.)

# Arizona State, 4-0, Another Rough Go

By GREGORY H. BROWN  
Sports Editor

Toying with relatively weak Fresno State, San Jose State's football team returns to its home ground Saturday night against undefeated Arizona State University.

The Arizonans come to Spartan Stadium with a proud 4-0 record which includes wins over West Texas, Utah State, Montana State and Colorado State. The Sun Devils have scored a staggering 132 points in their first four games for a 33 point average per game.

Incidentally, Colorado State, which fell before the might of the Sun Devil, last week, 24-9, holds an early season victory over College of Pacific.

"We feel Arizona State is one of the best teams in the West," Coach Bob Tichenal said. "They compare favorably in many respects with Washington State and

Oregon. We were unable to beat those two and I know we'll have to put forth our best effort of the year to stay in the ball game with Arizona State."

## LINE SPEED TOO

Arizona State's speed, in the line as well as in the backfield is unquestioned. Many words have been expounded on the talents of their 9.5 sprinter-tackle, Jessie Bradford. He is reputed to be the fastest tackle in major college football.

The Sun Devils' right-half, Nolan Jones is the fourth leading ground gainer in the nation. He is described by publicists as "A hard man to bring down." Jones averaged 5 yards a carry with 488 yards last year and scored 26 points. In addition to his running talents, "Rollin" Nolan is the PAT artist. Jones also kicked a 27-yard field goal last year.

Head Coach Frank Kush, is a firm exponent of the defensive side of football which is borne out

by the mark his team established in past years. Since 1955, Sun Devil teams have held 11 opponents scoreless and allowed another 15 teams just one touchdown.

## OUTSTANDING PASSERS

The multiple offense used by the Sun Devils is geared for a highly potent ground game. Coach Kush, however, indicated earlier this season that the squad would go to the air because of the outstanding passers his team has this year.

"We ran the ball almost 80 per cent of the time last year and our running plays accounted for 70 per cent of the yardage we gained. We've done a lot of work on our defenses this year, and if we can prove to be a tough defensive team, then we're going to be able to take more chances on offense."

## VOID IS FILLED

Despite the loss of three regulars from last year's backfield including the great Leon Burton, the club, by its dazzling mid-season form, seems to have filled the void left by graduates. Actually, half the team is composed of sophomores. The Arizona starting lineup will be composed of eight sophomores, one junior and two seniors.

Speed in the backfield is another of the team's assets. Ed Ellis, the fastest Devil back, runs the 100-yard dash in 9.7. Teaming with Ellis and Jones in the backfield is John McFalls, a real surprise to Coach Kush this year. McFalls, a sophomore, had only three offensive plays from scrimmage for the varsity last year.

Kush's multiple offense, consisting of six basic patterns, should give the Spartans no end of trouble. This will be the first time that San Jose State will meet a team that can both run and throw with equal proficiency.

## TC, ATO, SC Top Greek Grid League

Theta Chi, Alpha Tau Omega, and Sigma Chi maintained their unblemished records yesterday as the Intramaternity Football League moved into its second week.

Unscored upon Theta Chi rolled over Theta Xi 31-0 as quarterback Bud Thompson fired two touchdown strikes. The TC defensive forces turned two interceptions into quick touchdowns for the winners.

ATO had little trouble with Lambda Chi Alpha as it turned in a 32-12 winning effort. Keith Antes threw three touchdown passes, two to Don French, and Mickey Filing ran for two scores for the Tau's.

Mike Howard's scoring pass to Bob Scott proved to be the winning play as Sigma Chi outlasted previously unbeaten Pi Kappa Alpha 6-0.

A last minute touchdown pass from Jim Kless to Ken Robie en-

abled Delta Upsilon to tie previously undefeated Sigma Alpha Epsilon 6-6 in the afternoon's thriller. A first period Roger Weiland to Bren Ferguson pass counted for the SAE marker.

Grant Hornbeak's two touchdown aeriels earned Delta Sigma Phi a 14-0 win over Sigma Nu. Bill Mazzocco and Gill Zaballos were on the receiving end of Hornbeak's throws.

Phi Sigma Kappa hit the scoring column with a bang as they rolled up a 39-0 count over Sigma Phi Epsilon. Mike Flynn fired four touchdown strikes and John Galvin added two more for the Phi Sig's.

## SJS Tests Tough Bear Tank Team

San Jose State's improved water polo team takes on the California Bears in an afternoon splash-fest today at 4:30 in the Spartan pool.

The only common foe that the two teams have met is the San Francisco Olympic Club. Both teams lost, Cal by an 11-10 count and the Spartans by a 19-14 score.

Cal fields a good team every year. Last year the experienced Spartan team dealt Cal their first loss in the Spartan pool.

This year's crew is inexperienced but have a drive and desire to win. They will be a definite underdog in this contest.

Roger Scaife is the offensive gun for the SJS tankers. He is aided by Mike Bozzo and Jim Vincent.

Captain Bill Augenstein is a dependable defensive man who Coach Roger McCandless is very high on. Preston Brunst and Dave Dinelli make up the rest of the backcourt combination.

A pleasant surprise this year is the good job that goalie Merv Donner is doing. He has a hard job in filling the gap left by last year's most valuable player and his own older brother, Rich Donner, now first string goalie for the San Francisco Olympic Club.

## Frosh Trials Raise Hopes

Frosh coach Harry Anderson's Spartababes hope to even their season record at 2-2 this week as they take on the Cal Poly frosh at San Luis Obispo on Friday.

Expressing himself as "highly pleased" with Monday's scrimmage, Anderson stated that if the team plays up to the scrimmage in Friday's encounter they should have an excellent chance.

A couple of position changes in the line figure to strengthen the team with Bob Bass going from guard to tackle and Phil Frias making the same switch.

## National Bow Meet Invites All Archers

Archery enthusiasts of all levels, whether beginners or pros, are invited to participate in the Inter-Collegiate Archery meet being held from Oct. 23-Dec. 1 via mail. Sign-ups for the tourney are being taken this week by Miss Shirley Gorrell, P.E. instructor, in WG17.

The practice sessions began yesterday and will be held each week on Tuesdays at 4:30 and on Fridays from 1:30 until late afternoon on the archery field. It will only be necessary to attend one practice session a week, according to Miss Gorrell.

## Humanities Program Plans Summer European Tour

Plans are now being made for the Humanities Program 1960 summer tour in Europe. The tour will be conducted by Dr. Richard Tansey, professor of Art.

A meeting for all interested people is set for next Wednesday at 3:30 p.m., TH55. At the meeting information will be provided concerning dates, itinerary, fees, and other data. A representative of the travel agency handling tour arrangements will be on hand to answer questions.

Tentative plans call for the departure of the tour from Montreal, Canada on June 24. The tour will terminate in Paris on Aug. 10.

It will be possible, for students who desire, to arrange to stay longer in Europe on an individual basis.

Preference for enrollment on the tour will go to students and former students of Humanities 1 and 2 classes. However, if there are vacancies, other students may be accepted on the basis of other qualifications.

If enough students wish to make the tour, a second group may be arranged under the leadership of Dr. E. P. Panagopoulos, associate professor of history.

## Management Group Initiation Tonight

The Society for Advancement of Management will hold an initiation banquet tonight at 6:30 at Hawaiian Gardens, 1500 Almaden Rd.

Gordon Ewing, a representative of the H. M. Gousha Company, will speak on the benefits of membership in senior chapters of the society.

Cost of the dinner is \$2.75. The club is open to business majors interested in management.

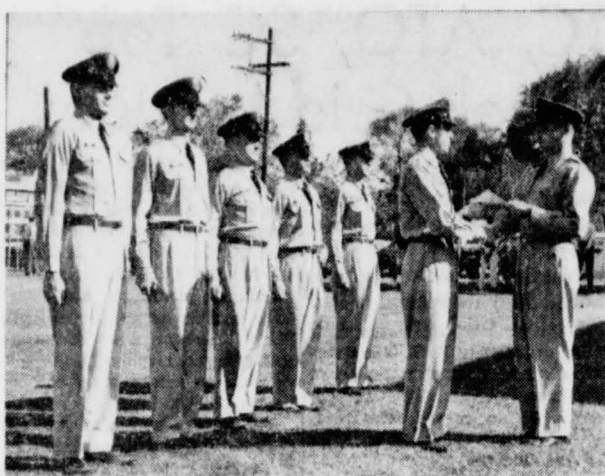

When you see this sign there's just one thing to do—turn around and take a new route. If you've reached a dead end in planning your career, maybe you should do the same.

A few minutes spent with the head of our campus unit will bring to light the many advantages of a career in life insurance sales. Take the time now to look into the possibilities.

**CHANGE OF COMMAND**—Cadet Major Robert Gifford (right) was relieved of his duties as group commander of the 45th Air Force ROTC last week by Cadet Lt. Col. Robert Tice. Other members of the group staff include (left to right) Cadet Majors Jerry Wakley, Woodrow Williams, Cecil Johnson, James Dempsey and Paul Dibble.

## Tice To Command 272 ROTC Cadets

Cadet Lt. Col. Robert H. Tice became new group commander of the 45th Air Force ROTC Group at change-of-command ceremonies last week. He relieved Cadet Maj. Robert R. Gifford.

Tice will head a record number of 272 men this semester. This is 42 more than the previous high of 230 men registered last semester.

The group staff includes Cadet Maj. James C. Dempsey, Administrative Officer; Cadet Maj. Paul F. Dibble, Personnel Officer;

Cadet Maj. Cecil D. Johnson, Operations and Training Officer; Cadet Maj. Woodrow A. Williams, Comptroller; and Cadet Maj. Jerry Wakley, Inspector General.

According to the administrative office of the reserve group, 157 of the total enrollment are freshmen, 57 are sophomores, 30 juniors and 28 are seniors.

The group is made up of four squadrons, each with its squadron commander. Each squadron consists of three flights.

## Omar Khayyám writes a new jingle

A jug of Wine,  
A loaf of Bread  
and Winston's  
Filter-Blend!

Old Omar has come up with another corker of a couplet. Freely translated from the Persian:

It's what's up front that counts  
If it hasn't got it there it hasn't got it

True, the lines don't scan. But what do you expect from a tent-maker—the perfect rhyme of "Winston tastes good like a cigarette should"? We'll admit that something may have been lost in the translation. But when it comes to Winston, nothing is lost in the translation of rich, good tobacco taste. That's because up front of a pure white filter Winston has Filter-Blend—a special selection of mild fla-

vorful tobaccos specially processed for filter smoking. Winston is designed to taste good. Or, as Omar puts it: The Moving Lighter lights; and having lit, Flicks off. Then you draw on IT, And bit by bit smoking pleasure mounts; With Filter-Blend up front, Winston's got what counts!
