ASB Council Hears Mayor Today at Meet

Mayor Robert Welch will likely comment on Seventh St. when he attends today's Student Council meeting at 2:30.

When he exchanges views with the council in College Union this afternoon, it will be his second annual appearance before the SJS legislative group.

ASB Vice Pres. Bob Pisano said that Welch's visits started last year. "The purpose of the Mayor's visit is to help understanding between the city and SJS," commented Vice Pres. Pisano.

In Welch's meeting with the council last year, he commented on Seventh St. and apparently will again this year, as the issue is even bigger.

New Convertibles, Young Ladies To Rip Through Paper Wall

Six new convertibles, decorated with attractive young ladies, will rip through a paper wall in downtown San Jose at 7 p.m. tomorrow.

The "break-through" will open a three-hour celebration marking the official opening of the newly-widened section of San Carlos Street between Market and Fourth Streets.

Besides Mayor Robert Welch and City Manager A. P. Hamann, the celebration will feature 60 brand new automobiles, live band music, Miss San Jose, Miss Santa Clara County, and local dignitaries.

The big event of the evening will be a dazzling two-block display of Detroit's 1964 models. The cars will be grouped by manufacturer on San Carlos Street between Market and Second Streets. According to Forum Associates, "each dealer will have a beautiful hostess on hand to assist the public in inspecting the various new models."

Both the mayor and the city manager will deliver short addresses.

'JUST STUDYING IN THE RAIN'

'THE DAY THAT THE RAINS CAME DOWN'—yesterday's afternoon showers didn't seem to affect the daily routines of these SJS students. Barbara Felten, left, and Penny Furtney "hit the

books" while John Shaw learns about campus activities from the Spartan Daily. The weatherman predicts "fair weather" today.

—Photo by Alan Buckingham

Prof. Putney Thinks U.S. 'Acts Afraid of Peace'

By ALLAN RISON

"Today our government acts afraid to be for peace."

These were the words of Dr. Snell Putney in a talk to about 30 students Monday night in Allen Hall.

"The government acts as if Americans crave war. However, no rational man seeks it," Dr. Putney said.

"But not many men are rational," he added.

Dr. Putney, assistant professor of sociology at SJS, spoke on "Peace, War and Neurosis."

Dr. Putney pointed out two

kinds of neuroses: normal and abnormal.

A normal neurosis is invisible. Most people don't think about it, he explained.

An abnormal neurosis differs from the neuroses that most people possess, according to Dr. Putney.

He described 10 neuroses causing Americans today "to contemplate actions which result in thermonuclear annihilation."

"Perhaps the most dangerous neurosis," Dr. Putney said, "is apathy."

Judges To Interview Homecoming Queen Candidates Today

Homecoming judges will begin interviewing Queen candidates today at 2 p.m. in H1.

A traditional dinner will be held tonight at 17-West from 7:30 to 9 p.m. for the members of this year's judging panel.

Themes for float entries in the parade must be registered at the Activities Office, Adm242, by 5 p.m. today.

ESP Expert From Duke To Speak

"ESP: What Can We Make of It?" will be the topic today when Dr. Joseph B. Rhine, director of Duke University's parapsychology laboratory, speaks at 11:30 a.m. in Concert Hall.

Dr. Rhine began his "psychical research" in the early 1930s and gradually established reliable data which he published in his first book, "Extrasensory Perception," in 1934.

He has been director of Duke's parapsychology laboratory since 1940. Today the laboratory is recognized as the center for pioneering research in ESP and serves as the model for several overseas centers.

Dr. Rhine has lectured at Oxford, Cambridge, London, Utrecht, Copenhagen and other universities. His talk, open to the public without charge, is sponsored by the College Lecture Committee.

Student To Relate Israeli Experience

David Zucker, senior social science major who recently studied in Israel, will tell of his experiences there at 8 p.m. tomorrow at Newman Hall, 79 S. Fifth St.

The talk is under the joint sponsorship of the Student Zionist Organization and the Hillel Club. Zucker went to Israel on a scholarship in September of 1962.

Peace Corps Candidates Continue To Set Record

Prospective candidates for the Peace Corps continued to sign up for the Peace Corps placement tests at record breaking numbers yesterday.

Warren W. Wiggins, Associate Director of the Peace Corps and head of the Peace Corps team on the SJS campus announced yesterday that 266 students had signed up to take the placement tests Monday.

By 3 p.m. yesterday the total for the day was 156.

Monday's total was a first day record for the program and the two day total of 422 at SJS is only 28 less than the national record for the number of students to take the test during a campus visit by a Peace Corps team.

Wiggins remarked that the number signed up to take the tests yesterday was an extremely creditable number and attributed the lower number to the poor weather.

"There is no way to project a probable total for the entire week," said Wiggins. "The weather and other variables make an estimate impossible."

According to Wiggins approximately one of every five or six students who take the tests this week will be serving overseas by next fall. "We will invite about one in four students who take the test to continue; about half of these will accept," he said.

The one out of five or six who eventually will serve in the Peace Corps is below the national average,

Wiggins said, but still a very good number.

The Peace Corps team will continue to man the information centers in front of the Spartan bookstore and the cafeteria from 8 a.m. to 8 p.m. daily until Friday.

Students interested in taking the placement tests may sign up at the centers.

The tests will be given at 10:30 a.m., 1:30, 11:30 and 7 p.m. through Friday.

Movie Preserves Strength, Nobility Of Greek Tragedy

"Antigone," the screen version of the classical Greek tragedy, is the feature film tomorrow in the classic film series.

This film preserves the strength and nobility of the conception of Greek tragedy. "The grand, brooding spirit of the original is maintained throughout by skillful use of lighting and camera angles."

"Nobody has yet solved entirely the problem of filming classic Greek drama without either compromising it by livening it up for the screen, or failing this, hewing closely to the original and bogging down in rhetoric. But 'Antigone' comes close. The camera moves just enough to assure them of life, and avoids excesses."—S.F. Chronicle.

The film, directed by George Tzave, has poetic Greek dialogue and English subtitles.

A shorter film, "The Vision of William Blake," is on the same bill with "Antigone."

This film attempts to illustrate, with the use of Blake's books and pictures, his spiritual struggle to free his soul from a bondage that he thought was the state of man.

This theme, which the makers of the film regard as a touchstone of Blake's thought, is reflected in his work to a degree unique among artists, and the poetry and prose of Blake have been used in the film to amplify his pictures.

Both films of this classic film series may be seen at 3:30 and 7 p.m. in TH55.

Predictor Gets 'Wild Fling Home'

Russ Ries, an industrial technology major from Pomona won last week's Flying Football contest.

Ries hasn't decided on a definite departure date, but says he will be using the ticket in the near future for a "wild fling home."

A blank for this week's contest appears on page 3 of today's Daily and must be turned in at the Spartan Bookstore or the Spartan Daily office by noon Friday.

RUSS RIES

ADENAUER RETIRES AS FIRST CHANCELLOR

BONN (UPI)—The "Adenauer era" came to an end at high noon yesterday as the West German chancellor officially retired from the government and returned to his parliamentary seat as a deputy.

"Der Alte," just three months short of his 88th birthday, thanked the German people for their help, then returned to the seat he left 14 years and one month ago yesterday to become the first West German chancellor.

U.S. CHOPPER PILOTS RACE WEATHER IN ITALY

BELLUNO, Italy (UPI)—U.S. Army helicopters yesterday raced against worsening weather to fly landslide—watching equipment to the top of the Vajont Dam. Italian authorities considered using artillery to bring down unstable masses of earth and rock.

The helicopter pilots, who carried 4,000 persons, 200 bodies and 140 tons of material in 150 flying hours over the past few days, were working to get the equipment on top before a possible rainstorm. Military experts of the Italian army had been taken to the top of the dam to see if guns could be posted there and used to bring down masses of earth hanging precariously over the Vajont reservoir.

A massive slide that tumbled into the reservoir Wednesday forced out water at high pressure over the lip of the dam, wiping out eight villages in the Piave River Valley and killing an estimated 2,500 persons.

An informed source said yesterday "the masses of earth pressing toward the reservoir still haven't settled."

PICKETS HANG TITO IN EFFIGY

LOS ANGELES (UPI)—Announcement of a visit by Yugoslavia's Marshal Tito to California has prompted dozens of protests, including picketing, sky-writing, hangings in effigy and even a drowning in effigy.

A group calling themselves the Citizens Committee of California, Inc., Monday night warned Gov. Edmund G. Brown he "may have an international incident" in the state during the visit.

REDS IN LAOS CAPTURE U.S. PLANE CREW

VIENTIANE, Laos (UPI)—Laos' "Red" Prince Souphanouvong said yesterday that the Communist Pathet Lao have taken prisoner the crew of an Air America transport plane shot down in the Tchepone area last month.

The plane was supplying rice to the population in a remote area loyal to the central government when it strayed too near a well known Pathet Lao anticraft battery and was brought down.

There was still no information on the identity of the prisoners. Both Air America and the embassy have maintained a tight lip on the names of the three men who went down with the craft.

Photogs Are Part of Daily Picture; Nine-Man Staff Covers Campus

By MIKE DUNNE
EDITOR'S NOTE: This is the third in a series of articles explaining how the Spartan Daily is produced. The series is being run this week in conjunction with National Newspaper Week, Oct. 13-19.

The click of a shutter isn't the only fast action in San Jose State's photo lab.

For if necessary, a photographer can receive an assignment, shoot, develop, print, and get it to the Spartan Daily office ready for the engraver in less than an hour, according to Joe Swan, director of SJS Journalism and Advertising Department's photojournalism program.

Fortunately for the photo lab's undermanned staff, such pressure is rare. Not only are the Daily's photos the responsibility of the nine-man staff, but Lyke, La Torre, SJS public relations and alumni magazine pictures also fall before their lenses.

A Spartan Daily photo originates with a staff reporter or editor. It is his responsibility to fill out two job orders and a job ticket, on which is placed the time, date, place, and description of the assignment along with the picture size wanted.

Once done, this information goes to Photo Editor Jan Brantley, who

keeps one order form for her records and takes the other, along with the job ticket, to Kathy Carroll, photo lab assistant and secretary.

After she assigns a photographer, it is his job to take the photos, develop, print and have them back to the Daily office by the deadline—or time when they were to be completed.

When the photos reach the Daily office, the reporter or editor who made the picture assignment will write a cutline, which goes under the picture, identifying the action and persons involved.

Around 5 or 5:30 every afternoon an employee of Coast Engraving picks up the pictures for the following day's paper.

Following engraving, the finished photos are taken to Globe Printing Co., where they are placed in forms and readied for printing.

The five photographers who handle Spartan Daily's photo assignments are Allan Buckingham, Anna Lou Dyson, Carolyn Kinet, Dave Depew and Barry Stevenson.

Last year the photo lab staff processed more than 800 assignments, averaging three or four photos each assignment, according to Mr. Swan.

—Photo by Carolyn Kinet

LOOKING OVER—a contact sheet of photographs and trying to choose the best one to use in the Spartan Daily are photographers (l. to r.) Dave Depew and Anna Lou Dyson and Jan Brantley, Daily photo editor. Last year nearly 4,000 photos for numerous SJS publications went through this print dryer.

No Smokes for Sale

Hip, hip, hooray!
The College of San Mateo is saving the souls and bodies of its students.

The president of the college, Dr. Julio L. Bortolazzo, Friday issued an administrative ruling banning the sale of cigarettes on campus. He said, "In the classroom . . . we teach facts concerning the mounting evidence of a cause and effect relationship between cigarette smoking and the incidence of disease. If the administration then permits the installation of cigarette vending machines, we violate the data we teach."

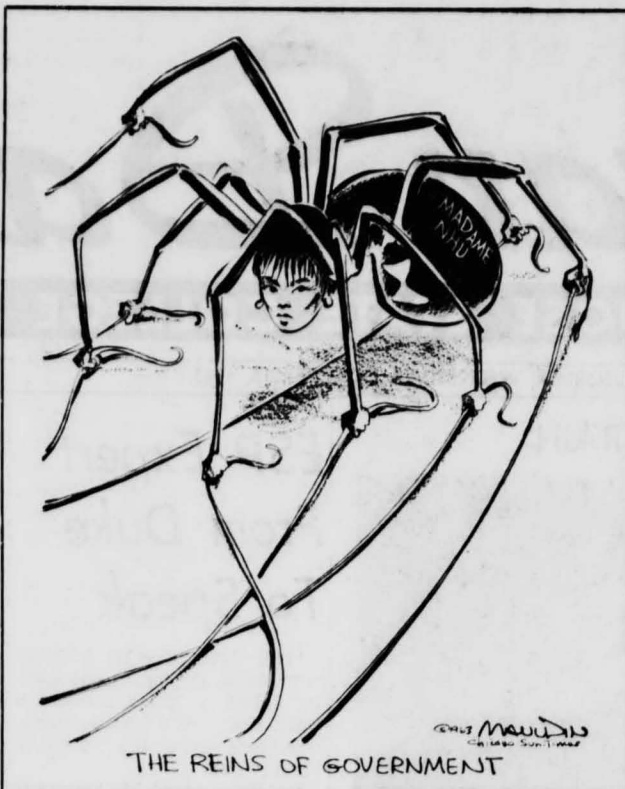

It was a noble move taken by the college administration, but we wonder if it wasn't going a little too far. We imagine the college had the best interests of its students in mind when it made the decision, but we doubt if the college also considered the intelligence of its students.

"Think for yourself," college students are urged. "But let us think for you about cigarettes," the College of San Mateo has added.

If those telling others what they can or can't do are so concerned about the issue, why don't they take, instead, a positive approach? The College of San Mateo should take notice of the San Mateo County Cancer Society, which has just launched a campaign to demonstrate the "dangerous aspects of cigarette smoking" to high school students.

An explanation of how cigarettes can affect a person's health seems far more realistic than ridding a campus of cigarette machines.

When the CSM administration finds out that candy bars may cause pimples, maybe it will then ban candy machines, too.

About 25,000 veterans of the Spanish American War are still living and their average age is 84, says the Veterans Administration.

Lecture Coverage 'Inadequate' --- Prof

Editor:

The time has come to protest the grossly inadequate coverage the Spartan Daily has given to leading speakers brought to the campus by TASC and the Student Peace Union. One inch was the perfunctory allotment last Wednesday and Thursday for the TASC-sponsored talk of J. P. Morray. One inch of space to a former faculty member of the Boalt Hall of Law at Berkeley and the author of three scholarly books which have attracted national notice. Next to the brief mention of this campus event was a long and complete account of a speech delivered by the Louella Parsons of the Washington Press Corps, Drew Pearson. A photo of Pearson accompanied the story. The remarkable part of this coverage was that Pearson didn't even speak on this campus! And, to compound the injustice, the Friday follow-up story on Morray's speech should surely be submitted to next year's competition for "most biased reporting in a news article."

Last year SPU sponsored talks by two men with national reputations—Robert Shutz, an economist and legislative advocate in Washington, D.C., for the Lobby for Peace, and Sidney Lens, well-known international labor journalist and political commentator. The space announcing these two events was about the equivalent needed to list two or three Greek "pin-nings." Consequently, several other persons and I missed hear-

ing about these meetings. Upon inquiry, I have learned from representatives of TASC and SPU that adequate background information on these speakers, together with photos, was supplied to the Daily.

But is this nothing more than simple prejudice against SPU and TASC? May it not actually be something far more serious? Does this situation point to a lack of news judgment on the part of Daily staff members and an inability to recognize speakers who would contribute to a stimulation of campus intellectual life?

and Education

'Not TASC Forum,' Asserts Chairman

Editor:

The article in Monday's Daily on the 7th Street Forum attributed "unofficial" sponsorship

of the forum to TASC. I would like to make it clear that TASC, as an organization, had nothing to do with the forum.

However, TASC feels that it was a healthy demonstration of free speech and free assembly, and we hope that the forum continues on a regular basis. It will be held every Friday from noon until 3 and anyone is welcome to speak on any subject.

Frank Cieciorka
TASC Chairman

SECOND ANNUAL MONSTER CONTEST

SPONSORED BY THE PARKER PEN PEOPLE

NOW OPEN TO
HUMAN BEINGS

FREE TERRIFYING PRIZES

no purchase
required!
see directions
below!

20 Giant, Stuffed Monsters

7 feet tall!! (make ideal roommates—require no care or feeding)

40 Genuine Voodoo Dolls

(Complete with pins and detailed instructions)

100 Eerie, Malevolent Monster Masks

(Your friends will notice the refreshing change in your appearance)

PLUS 200 CLEAN-FILLING, SMOOTH-WRITING PARKER ARROW CARTRIDGE PENS

All you have to do to enter is visit your nearest Parker dealer, fill out an entry blank and mail it to: Monster Contest, Box No. 878, Janesville, Wis. And while you're visiting, why not test-write our newest—The Arrow by Parker. This one loads quickly and cleanly with big Super Quink cartridges. It writes smooth as silk. The point should last you years, no matter how much you use it. The Arrow by Parker costs \$2.95 and can save you important money on cartridges—ours are BIGGER and last longer (each is good for up to

10,000 words).

NOTE: All entries must be postmarked on or before midnight November 8, 1963, and received on or before November 16, 1963. Winners will be notified by mail no later than December 4, 1963.

Open to any college student in the U.S.A. One entry per student. Prizes awarded by drawing. All entries become property of Parker. Decision of judges final. Void in New Jersey, Missouri, and Wisconsin, and wherever else prohibited by law.

Argentina's Dr. Illia Nation's Key Figure

By PHIL NEWSOM
UPI Foreign News Analyst

A white-haired, fragile-appearing country doctor has taken over the job of proving that Argentina can exist as a practicing democracy.

He is Dr. Arturo Umberto Illia, under whom Argentina returned last week to constitutional government. His chances for success will depend in large part upon the control he is able to exercise over Argentina's military factions on the one hand and the followers of former dictator Juan D. Peron on the other.

From the vantage point of a recent visit to Argentina, it is

possible to predict that President Illia is in for some lumps at home and at least occasional clashes with the United States.

For one thing, he has been accused of being a rabid Argentine nationalist. He already has announced plans to annul the foreign oil contracts which helped to make Argentina self-supporting in oil.

He also has been accused of being pro-Communist. This he denies, but he believes Communists should have the right to organize and express their views.

The enormity of his task at home is illustrated by the fact that Argentina's deficit this year will run to around \$200 million, that economic development is at a standstill and that unemployment in a country of around 21 million now is estimated at around the million mark.

Illia says he has a program to restore full employment within a year and at the same time protect wages and currency from inflation.

He will need to be the miracle man of the year.

Contest is open to all members of the SJS faculty and student body, with the exception of members of the Spartan Daily editorial and advertising staffs. Winner will receive a free, round-trip ticket on Pacific Southwest Airlines between San Francisco and Los Angeles, good until June. Winner will be notified by the Wednesday following each contest.

La Torre Senior Color Pictures Now Being Taken

Deadline for the taking of color photographs of seniors to be used in the 1964 La Torre will be Friday. The photos are being taken from 9 a.m. to 5:15 p.m. at 303 S. 9th St. on the second floor in Rooms 4 and 5.

Appointments must be made in the Student Affairs Business Office, B-1. A charge of \$2.80 will be paid the photographer at the time of the sitting. This will also be the sitting for the personal senior pictures.

Senior members of fraternities and sororities will be scheduled with their own organizations rather than for individual appointments.

Persons missing their appointments without previously informing the photographer's secretary at 303 S. 9th St. must pay an additional 50 cents for a new appointment, it is emphasized.

Students may contact John Meyn or John Shaw, J117, for further information.

SCTA Slates

Double Meetings

The Student California Teachers Association (SCTA) will hold two meetings tomorrow in ED325, according to Don Matthews, publicity chairman.

The Membership Committee will meet at 1 p.m. for those interested in working on this committee.

At 1:30 p.m. the Youth Activities and Welfare Committee will meet. This meeting is open only to members interested in promoting the club and San Jose State to schools in the area.

NEW AUTO INSURANCE SAVINGS ANNOUNCED

Savings up to \$100 on automobile insurance are now common for married men under 25 years of age with the California Casualty Indemnity Exchange.

"Married men in this age bracket are generally paying excessive premiums for the degree of risk involved," says George M. Campbell, Spartan Representative for the Exchange.

"We believe that a married man with family responsibilities is a more careful driver, and causes fewer accidents," said Campbell. "Therefore, he is entitled to rates for mature drivers."

For example: A married man, age 22 with Bodily Injury Liability \$10/20,000 Property Damage \$5,000 and Medical \$500 pays about \$169 a year with most insurance companies. With California Casualty he would pay about \$83 less \$14 dividend, or a net of \$69 (based on current 15 per cent dividend). Thus he saves about \$100 with the Exchange. (Other coverages with comparable savings).

Campbell declared that even unmarried men and women with good driving records may save over 15 per cent.

Call or write for full information to George M. Campbell, 1885 The Alameda, San Jose, Phone 244-9600.

CounterGuerrilla Unit To Organize This Fall at SJS

The Army ROTC CounterGuerrilla Unit, formed last spring, will begin its fall semester training this Saturday, Capt. Paul Lasker, assistant professor of military science announced today.

The course will include classes in survival swimming and parachute training.

ROTC students who distinguish themselves in training earn the right to wear the Green Beret, the symbol of the Army's Special Forces.

Four students out of 36 earned the Green Beret last spring.

Three of these students, Louie H. Anderson, Daniel C. Washbaugh, and Ronald L. Lowe, are attending SJS this fall and wear the Beret as part of their ROTC uniform.

Interested Military Science cadets are asked to attend the first meeting of the Unit at 8:30 a.m. at the Men's Gym pool this Saturday.

Student Teaching Signups Start

Signups for secondary student teaching will start next week.

Dr. William B. Spring, coordinator of Secondary Student Teaching, expects from 350-400 students to sign up in his office, ED402, between 8 a.m. and 4 p.m. all next week.

Also included in the signup are those students doing part of their teaching in an elementary school and part in a high school.

Jet Age Seen in Aero Department SJS Plans 'One of Finest Facilities'

By BILL WATSON

Sixty years ago at Kitty Hawk, North Carolina, the Wright brothers made the first controlled and sustained airplane flight.

Today, the Department of Aeronautics at SJS prepares young men and women for careers in the field that the Wrights pioneered but would scarcely recognize.

In contrast to the crowded and crude bicycle repair shop where the Wrights made history, the

feet of air on aircraft surfaces at 3.5 times the speed of sound.

In one of the department's two "Link Simulators," students may experience the sensation of actual flight without ever leaving the ground.

JET ON CAMPUS

The department has also acquired a government surplus F 85 jet fighter which serves as a graphic illustration in instruction dealing with wing structure, land-

ing systems, and other aspects of aircraft construction.

In the facility's well equipped labs and modern classrooms, students study and experiment with the theory of flight, aircraft structures, design, propulsion, aero-dynamics, power control systems and innumerable other intricacies encountered in this highly technical field.

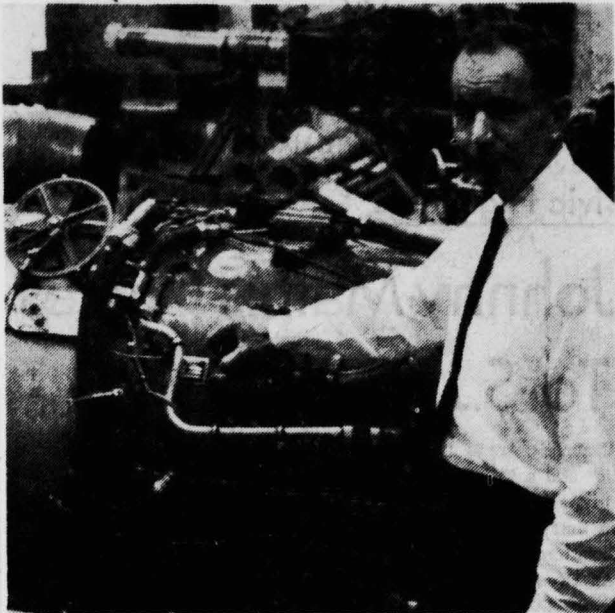

"It's difficult to comprehend the real value of the facility," Prof. Leonard said while standing next to a J 35 jet engine worth about \$85,000. The engine was acquired by the college at a fraction of that cost.

Much of the department's equipment is acquired through government surplus at extremely low rates, Leonard explained. But because certain models and techniques have changed so rapidly, much of this equipment is virtually brand new—like the J 35 engine which had only factory test time on it when it arrived at the facility.

\$150 WHIRLYBIRD

Other government surplus "bargains" include a helicopter worth \$52,000, acquired by the department by merely paying the cost of shipping it to San Jose; a matter of some \$150.

The department awards B.S. degrees in aeronautical maintenance and aeronautical operations. About half of the department's graduates go into the services, states Prof. Leonard. Most of these are ROTC students. The other 50 per cent go to work for private companies. The final contract for a new

—Photo by Jim Quick
\$85,000 ENGINE—Thomas E. Leonard, head of the Aeronautics Department, stands beside one of the department's J-35 Jet engines. The engine is the type used in the F-85 Jet fighter.

SJS Department of Aeronautics is housed in an ultra-modern plant located at the North Campus near San Jose Municipal Airport.

EXOTIC MACHINERY

Here students work with the exotic machinery which powers today's modern jet airplanes and the sophisticated equipment required to build and service them.

Prof. Thomas E. Leonard, head of the Aeronautics Department at SJS, joined the faculty in 1946 when the department was located in the basement of the Science Building. Like the industry itself, the department grew. In 1949, the Engineering Division and the aeronautics department moved into quonset huts where the women's P.E. building is now located.

The department moved to the North Campus location about a year ago, and, says Prof. Leonard, "We're not really completely moved in yet. We still have equipment to be installed and students have to work around the areas which are yet to be completed."

BEST AROUND

"When the facility is complete," Leonard said, "we will have one of the finest of its kind in the United States."

Equipment which is already available to the students includes a wind tunnel with a velocity of Mach 3.5. In addition to its use as an instructional device to acquaint students with its principle and operation, the wind tunnel can be used to experiment with the ef-

Japanese Mandolin Orchestra Stimulates Good Will Relations

By MINAKO IYAMA

Rapport between performer and audience, and good will between America and Japan filled Concert Hall Monday night.

Professor Tadashi Hattori, conductor of Japan Students' Mandolin Orchestra, took three curtain calls. The familiar melody "Sukiyaki" flowed from 45 mandolin strings and the audience started clapping hands with it.

Mitsuharu Fujisawa, young manager, expressed his feeling as "overwhelming."

Mitsu, as everyone calls him,

studied at Delmar High School for a year as an American Field Service exchange student.

Returning to Japan, Mitsu met Professor Hattori, who wanted to introduce mandolin orchestra music to the world. Mitsu decided to bring Professor Hattori's dream to San Jose, his second home.

Sponsored by the Society for International Cultural Exchange in Japan, Mitsu came to America in August for the actual arrangements.

San Jose did not forget him. Every organization he contacted promised cooperation.

For this trip, the Orchestra Society selected 45 out of more than 3,000 student musicians from all over Japan.

Their impressions of America are superb. Masaru Tanaka of Waseda University said, "It is

so much fun that I really can't afford to sleep."

Takeshi Nakagawa of Keio University said, "I know America is big, but I did not realize how big it really is."

Miwako Takenaka of Kansai Gakuin University said, "Americans are good and kind at heart. They like to do things for others."

Professor Hattori said, "Each member has really tried to be a conscientious ambassador through music. When the audience responds to us we feel very happy."

Shinji Toyama of Kobe University of Commerce said "Even in the big cities there is so much green! The streets are clean and beautiful."

Atsushi Shinagawa of Keio University said, "College campuses are so large!"

Tom Thomsen wanted challenging work

He found it at Western Electric

T. R. Thomsen, B.S.M.E., University of Nebraska, '58, came to Western Electric for several reasons. Important to him was the fact that our young engineers play vital roles right from the start, working on exciting engineering projects in communications including: electronic switching, thin film circuitry, microwave systems and optical masers.

Western Electric's wide variety of challenging assignments appealed to Tom, as did the idea of advanced study through full-time graduate engineering training, numerous management courses and a company-paid Tuition Refund Plan.

Tom knows, too, that we'll need thousands of experienced engineers for supervisory positions within the next few years. And he's getting the solid experience necessary to qualify. Right now, Tom is developing new and improved inspection

and process control techniques to reduce manufacturing costs of telephone switching equipment. Tom is sure that Western Electric is the right place for him. What about you?

If you set the highest standards for yourself, enjoy a challenge, and have the qualifications we're looking for—we want to talk to you! Opportunities for fast-moving careers exist now for electrical, mechanical and industrial engineers, and also for physical science, liberal arts and business majors. For more detailed information, get your copy of the Western Electric Career Opportunities booklet from your Placement Officer. Or write: Western Electric Company, Room 6405, 222 Broadway, New York 38, N. Y. And be sure to arrange for a personal interview when the Bell System recruiting team visits your campus.

JOHNNY MATHIS

Civic Highlights

Johnny Mathis Comes To S.J. Tomorrow

"Chances Are" "A Certain Smile" and a "Misty" eye will be on most coeds' faces when they learn that Johnny Mathis will be in town tomorrow night.

"An Evening With Johnny Mathis," performed in the San Jose Civic Auditorium at 8:30 p.m., will also feature Si Zentner and his orchestra and Alan Drake, a Mathis discovery.

Mathis, who got his start in his hometown San Francisco, will sing many of the songs that made him famous—such as "Misty," "The Twelfth of Never," "Chances Are," and "Maria."

Even though he has become world-renowned for his singing, this was not Mathis' ambition during college days. While at San Francisco State College he wanted to become an athletic instructor. His 6-5½ high jump record is still unbeaten locally.

After winning numerous medals, Mathis gained an invitation to join the U.S. Olympics track squad.

Then the singers big day came on Sunday afternoon in 1955. His studies for the weekend completed, Mathis attended an informal jam session in San Francisco's Black

Hawk night club. Many members of the audience were getting into the act, and finally Johnny's friends persuaded him to sing one song.

The most captivated of the audience was Mrs. Helen Noga, co-owner of the club. When Mathis finished the song Mrs. Noga rushed toward him and exclaimed, "I want to manage you."

She got Columbia Records to sign him on, and his "Wonderful, Wonderful" began his single records sale, which has now passed six million.

I.A. Club To Visit Ford Motor Plant

The Industrial Arts Club is planning a field trip to the Ford Motors plant in Milpitas tomorrow afternoon.

The trip is free to any interested students, according to Bob Balcomb, president of the club.

A bus will leave from the entrance of the IA Building tomorrow at 1 p.m. and will return between 3:30 and 4 p.m.

A sign-up sheet is posted outside the IA department office.

SJS Begins, Ends S.C. Concert Season

San Jose State will begin and end the 1963-64 Santa Clara Philharmonic Orchestra concert season.

Beginning its season will be the college's A Capella choir performing under the direction of William Erlendson, professor of music. The choir will sing Debussy's "Sirenes" on Dec. 6.

Ending the season will be Dr. Edwin C. Dunning, assistant professor of music and a bass baritone, singing selected operatic arias with the Philharmonic on May 1.

Romero Guitarists To Perform Friday

The Romeros, known as "The Royal Family of the Guitar," will appear in a concert at the San Jose Civic Auditorium Friday evening at 8:30.

This family of guitarists consists of Celedonio Romero and his three sons Celin, Pepe, and Angel. Their program for Friday night will encompass five centuries of music, ranging from the classic guitar literature to Flamenco.

During their first tour here, in the spring of 1962, they performed for the New York Phil-

harmonic Society, recorded three albums for Mercury Records, and finished the season with a gala concert at the Seattle World's Fair.

Who's This Ross Barnett Guy?

Some fellow described by the Western Herald as "the nation's most outspoken segregationist" spoke at Western Michigan University some time ago. One thing Ross Barnett said was that he felt United States citizens would vote in favor of segregation if they had a chance. This character talks like he comes from Mississippi or something.

The Daily Aztec of San Diego State reported that all six national sororities at Portland State College, Oregon, have been suspended. Alpha Chi Omega, Alpha Omicron Pi, Alpha Phi, Delta Delta Delta, Delta Zeta and Pi Beta Phi were suspended on charges of racial discrimination. Apparently all six sororities would not accept two "eminently qualified Negro applicants."

Six sororities at Long Beach State were also banned for racial discrimination. Chapters of Alpha Phi, Delta Delta Delta, Delta Zeta, Gamma Phi Beta, Sigma Kappa and Zeta Tau Alpha were suspended.

Coeds at University of Santa Clara planned a "Fun Day." The Santa Clara stated that last Saturday the coeds were supposed to go to Buck Shaw Stadium for the festivities. The girls may have rolled in the grass, played tag, and ran through the sprinklers—just for fun. They probably did have fun.

Giving it the old junior college try, the Associated Men's Student organization at City College of San Francisco attempted to elect coeds into some of their offices. The Guardsman reported that the administration of the school prevented it.

Barrels of Fun

Thousands of San Jose State students will trek to Berkeley Saturday to watch the San Jose State Spartans meet the Cal Golden Bears. After the match, many loyal Spartans, feeling the "spirits" of the game, will disperse to the university's ivy-covered houses of Fraternity Row. Inside the antique structures, cellar-dwellers will wade through the "sky blue waters."

I can imagine the comfort received when, returning to the sanctuary of SJS, one "Old Pro" says to the other: "My, it's lucky when you live in California."

'WE ARE THE ROARING PHI SIGS'

Possibly this was the song they sang after they painted over 250 curbs last weekend. The job, originally planned by IFC and Panhellenic, never got out of the planning stage until the Phi Sigs decided to do some charity work.

Anyway, it's all for a good cause. Proceeds from the paint-out go to Santa Clara County's retarded children funds.

ALPHA CHI OMEGA PLEDGE DANCE FRIDAY

The ladies of Alpha Chi Omega will present their new fall pledges Friday at their pledge dance to be held at the Golden Doors in Los Gatos. Pledges and their dates will receive the traditional pledge paddles and mugs.

KAPPA DELTA INITIATES

Four initiates were activated into Kappa Delta sorority Oct. 6. Receiving honors as outstanding spring pledge was Suzanne Steward. Other initiates include Adrienne Kennedy, Beverly Rauh, and Marty Weichert. Initiation was followed by a banquet at Berry Farm Restaurant in Santa Clara.

PINNINGS

Cheryl Vail, Kappa Kappa Gamma, sophomore clothing and textile major from Atlanta, Georgia to Jim Anderson, Lambda Chi, SJS business graduate now serving with the USAF in Texas.

Sue Davies, Alpha Phi, junior elementary education major from San Jose to Roger Menard, Alpha Tau Omega, senior aeronautics major from San Jose.

Karen Cauhape, Alpha Phi, senior art education major from San Jose to Joseph Calcagno, Alpha Tau Omega, senior industrial arts major, from San Jose.

Darleen Klapperich, Wells Fargo Bank employee from San Rafael, to Bill Miller, Theta Xi, junior accounting major from San Rafael.

Linda Shirey, junior secretarial major from Orinda to Don Howard, Theta Xi, senior industrial management major from Piedmont.

Diane Pahl, Gamma Phi Beta, senior sociology major from Stockton, to Larry Livingston, Theta Chi, senior business major from Los Angeles.

Barbara Roe, Gamma Phi Beta, senior education major from Concord, to Dean Bradford, Pi Kappa Alpha, graduate from Los Angeles.

Roz Starkman, Alpha Chi Omega, junior elementary education major from Orinda to Gary Hartnett, Phi Sigma Kappa, senior engineering major from Whittier.

ENGAGEMENTS

Gretchen Haug, Alpha Phi, SJS elementary education graduate, from Santa Barbara, to Jeff Davis, Theta Chi, senior philosophy and psychology major from Whittier. The couple plan a Jan. 25 wedding. Sharon Weinstock, senior sociology major from Los Angeles to Dennis Harvey, Sigma Chi, sociology graduate from Los Angeles. A February wedding is slated.

Anne Davis, Gamma Phi Beta, senior nursing major from Anaheim, to Dick Roby, Theta Chi, senior business major from Orange. Jan. 25 is the wedding date.

Sally Gorrindo, Gamma Phi Beta, senior elementary education major from Fullerton, to Mike Jewett, Fullerton J.C., from Fullerton. A Jan. 25 wedding is scheduled.

MILITARY WEDDING

Yvonne Agnrs of Hayward to 2nd Lt. Richard R. Dell Acua, chemistry graduate now studying dentistry at the College of Physicians and Surgeons in San Francisco. The couple, married in the First Presbyterian Church in Hayward, were married in August. The couple left the church attended by a saber guard comprised of members of the SJS Army ROTC Drill Team.

Alpha Chi Omega, Alpha Omicron Pi, Alpha Phi, Delta Delta Delta, Delta Zeta and Pi Beta Phi were suspended on charges of racial discrimination. Apparently all six sororities would not accept two "eminently qualified Negro applicants."

Six sororities at Long Beach State were also banned for racial discrimination. Chapters of Alpha Phi, Delta Delta Delta, Delta Zeta, Gamma Phi Beta, Sigma Kappa and Zeta Tau Alpha were suspended.

Coeds at University of Santa Clara planned a "Fun Day." The Santa Clara stated that last Saturday the coeds were supposed to go to Buck Shaw Stadium for the festivities. The girls may have rolled in the grass, played tag, and ran through the sprinklers—just for fun. They probably did have fun.

Giving it the old junior college try, the Associated Men's Student organization at City College of San Francisco attempted to elect coeds into some of their offices. The Guardsman reported that the administration of the school prevented it.

TALL MAN—This robot-like wooden figure towers over all other displays at the current art exhibit in the College Art Gallery. The work, entitled "Homage to Art Grant," has been created by Art Grant, one of the many prize winning sculptors represented at the exhibit, which is called "Invention and Tradition in Contemporary Sculpture." The show lasts until Oct. 25, and hours are 9 a.m. to 4 p.m. on weekdays and 1:15 to 5 p.m. on Sundays.

Guitarist Appears Tomorrow Night At Folk Theatre

Fred Gerlach, called the "world's greatest 12-string guitarist" by the New York Times, will open tomorrow evening at the Offstage, First St. folk music theatre and coffee shop.

Gerlach starred in the Pasadena Folk Festival this summer and has just returned from an extensive tour of Europe.

Cash For College Contest Begins

College scholarships amounting to \$31,000 plus additional prizes will be given away in the Cash for College Sweepstakes contest sponsored by Libby, McNeill, and Libby, Western Division.

Entry blanks are available at food stores where Libby's canned goods are sold. The contest is limited to residents of California and Nevada.

Prizes include two first awards with a cash value of \$6,692, four \$1,000 scholarships, 10 \$500 scholarships, 32 sets of Compton's 15-volume Picture Encyclopedia, 100 Compton's Illustrated Science Dictionaries and 200 Replogle 12-inch World Globes in relief.

Coronation Ball Date Rescheduled

Jerry Engles, Homecoming Committee chairman, announced yesterday that the Coronation Ball will be held on Saturday, Nov. 2, rather than Nov. 1, as scheduled on the activities calendar.

Other Homecoming activities will be held as scheduled on the calendar.

Barrels of Fun

Thousands of San Jose State students will trek to Berkeley Saturday to watch the San Jose State Spartans meet the Cal Golden Bears. After the match, many loyal Spartans, feeling the "spirits" of the game, will disperse to the university's ivy-covered houses of Fraternity Row. Inside the antique structures, cellar-dwellers will wade through the "sky blue waters."

I can imagine the comfort received when, returning to the sanctuary of SJS, one "Old Pro" says to the other: "My, it's lucky when you live in California."

'WE ARE THE ROARING PHI SIGS'

Possibly this was the song they sang after they painted over 250 curbs last weekend. The job, originally planned by IFC and Panhellenic, never got out of the planning stage until the Phi Sigs decided to do some charity work.

Anyway, it's all for a good cause. Proceeds from the paint-out go to Santa Clara County's retarded children funds.

ALPHA CHI OMEGA PLEDGE DANCE FRIDAY

The ladies of Alpha Chi Omega will present their new fall pledges Friday at their pledge dance to be held at the Golden Doors in Los Gatos. Pledges and their dates will receive the traditional pledge paddles and mugs.

KAPPA DELTA INITIATES

Four initiates were activated into Kappa Delta sorority Oct. 6. Receiving honors as outstanding spring pledge was Suzanne Steward. Other initiates include Adrienne Kennedy, Beverly Rauh, and Marty Weichert. Initiation was followed by a banquet at Berry Farm Restaurant in Santa Clara.

PINNINGS

Cheryl Vail, Kappa Kappa Gamma, sophomore clothing and textile major from Atlanta, Georgia to Jim Anderson, Lambda Chi, SJS business graduate now serving with the USAF in Texas.

Sue Davies, Alpha Phi, junior elementary education major from San Jose to Roger Menard, Alpha Tau Omega, senior aeronautics major from San Jose.

Karen Cauhape, Alpha Phi, senior art education major from San Jose to Joseph Calcagno, Alpha Tau Omega, senior industrial arts major, from San Jose.

Darleen Klapperich, Wells Fargo Bank employee from San Rafael, to Bill Miller, Theta Xi, junior accounting major from San Rafael.

Linda Shirey, junior secretarial major from Orinda to Don Howard, Theta Xi, senior industrial management major from Piedmont.

Diane Pahl, Gamma Phi Beta, senior sociology major from Stockton, to Larry Livingston, Theta Chi, senior business major from Los Angeles.

Barbara Roe, Gamma Phi Beta, senior education major from Concord, to Dean Bradford, Pi Kappa Alpha, graduate from Los Angeles.

Roz Starkman, Alpha Chi Omega, junior elementary education major from Orinda to Gary Hartnett, Phi Sigma Kappa, senior engineering major from Whittier.

ENGAGEMENTS

Gretchen Haug, Alpha Phi, SJS elementary education graduate, from Santa Barbara, to Jeff Davis, Theta Chi, senior philosophy and psychology major from Whittier. The couple plan a Jan. 25 wedding. Sharon Weinstock, senior sociology major from Los Angeles to Dennis Harvey, Sigma Chi, sociology graduate from Los Angeles. A February wedding is slated.

Anne Davis, Gamma Phi Beta, senior nursing major from Anaheim, to Dick Roby, Theta Chi, senior business major from Orange. Jan. 25 is the wedding date.

Sally Gorindo, Gamma Phi Beta, senior elementary education major from Fullerton, to Mike Jewett, Fullerton J.C., from Fullerton. A Jan. 25 wedding is scheduled.

MILITARY WEDDING

Yvonne Agnrs of Hayward to 2nd Lt. Richard R. Dell Acua, chemistry graduate now studying dentistry at the College of Physicians and Surgeons in San Francisco. The couple, married in the First Presbyterian Church in Hayward, were married in August. The couple left the church attended by a saber guard comprised of members of the SJS Army ROTC Drill Team.

Writing Contest Opens For Dick Gregory Tickets

Today through Friday, Oct. 25, winners will be awarded two tickets each for their stories of a 125-word maximum length.

Contestants are asked to put their name, address and phone number on their entries. Entries should be addressed "Dick Gregory Contest" and should be brought to J207.

Comedian Dick Gregory will use the stories in preparation for his show, according to Barry Naman, vice president of Alpha Delta Sigma. ADS, national professional advertising fraternity, is sponsoring the Dick Gregory show and the contest.

Home Economics Fashion Parade Held Tomorrow

"Fashion, Fabrics and You" will be the theme of the home economics fashion parade presented in HEI tomorrow at 12:30 p.m.

Narrating the show will be Miss Helen Wright, special field representative of Simplicity Pattern Co. She will summarize "inside secrets and tips" that lead to homemade garments with a professional look.

Ex-Spartans See Action

Poloists Vie With Olympic Club

Three ex-San Jose State greats will be in the water tonight for the Olympic Club water polo team as they tangle with the Spartans in San Francisco.

Art Lambert, a Spartan hall of famer, Jim Monsees, an All-American in 1962, and Jay Flood, a star in the early 50's will all compete against Lee Walton's crew.

"We are going to have to play over our heads to win against this veteran club," Walton said. "They have so much experience that they overcome their lack of speed."

The Olympic pool is piped with salt water, is dimly lit and takes

on all the qualities of a Grecian bath tub.

"That won't help us either," Walton added.

The locals, hoping to push their seasonal record above the .500 mark, are coming off a 27-9 bombing of Cal.

The Olympic Club took its knocks at the hands of NorCal League leader Stanford Saturday, 15-5. Walton said that the club was without five of its starting seven because of prior weekend commitments.

Larry Loganbill, Jim Adams, Bob Howse and Jeff Logan have been the sparkplugs for the SJS team

the past week and all will start tonight. The team has been stressing defense in workouts, trying to cope with the Olympic team's two-man break.

Walton plans to start Charley Douglas, Bill Parker and either Herman Radloff or Pete Sagues tonight.

Team scoring leader, Gary Read, will see plenty of action.

The freshmen put their perfect 7-0 mark on the line against the Olympic "B" team.

The "B" team is also many

years up on their young opponents in experience.

Greg Buckingham is a doubtful starter due to illness, which could mean the difference in the game. "Buck" is 23 for 31 from the field in six games and his offensive punch would be sorely missed.

Friday night, the Spartan splashers host San Francisco State in a NorCal league contest. The varsity encounter starts at 7:30.

The Spartababes play the Gator reserves at 8:30.

Bears Remain Undefeated After Stopping Spartans

By TOM O'NEIL

When the gun fired ending the game, there was only one undefeated team remaining on the field. California had defeated San Jose State.

It was a rough, spirited match but Eulogio Tam knocked in the winning goal with 13 seconds left in the contest to give the Bears a 3-2 NorCal League soccer win over San Jose State at Spartan Stadium.

The victory gave the visiting California squad a 4-0 season record and 1-0 in league. San

Jose State now supports a 6-1 mark and 2-1 in circuit competition.

Tam came limping off the bench to lead the Bears' last effort with just 50 seconds remaining and the score deadlocked at 2-2.

Just minutes before Tam had been lying on the ground in pain with an injured knee. He had scored California's first goal early in the final period to tie the game at 1-1 and then came back to haunt San Jose State again.

Byron Kobayashi had assisted the Spartans in scoring their first goal in the second period when he kicked the ball to Dave Kingsley who butted the ball with his head into the California net for a 1-0 lead.

The Spartans fought hard to keep the Bears away from their goal and goalie Valdis Svans made some excellent stops but lost his temper a few times and was finally asked to leave the game by the referee just before the first half ended.

After Tam tied the game in the fourth period, Kingsley passed the ball to Al Korbus who brought the ball into scoring position and passed it to Kobayashi. Left-footed Kobayashi then kicked the ball into the cage for the go-ahead San Jose State goal.

San Jose State pressed the Bears close and kept the ball in California's side of the field but a quick-breaking attack by Cal moved the ball into Spartan territory and a foul gave the Bears a penalty kick.

Paul Nebel booted the penalty shot into the corner of the San Jose State net with 6:11 left in

the fourth period to tie it up at 2-2.

California then won the game on Tam's kick.

In a preliminary match, the Spartan junior varsity defeated California's underclassmen 3-2. It took a goal by Mel Canal with 19 seconds remaining in the game to win it.

Frosh Cagers Have Depth, Will Shoot

The 1962-63 freshman basketball team has a much potential to score points as last year's "dead-eye" yearlings, reports Coach Danny Glines.

Both the frosh and varsity opened practice this week at Spartan Gym. "We've got enough depth where nobody can afford to relax," Glines said.

Steve Schlink (6-5), Pete Conrad (6-4), Roger Stone (6-3), Laurence Hunsaker (6-4) and Tom Smith, 6-3½ head the forwards.

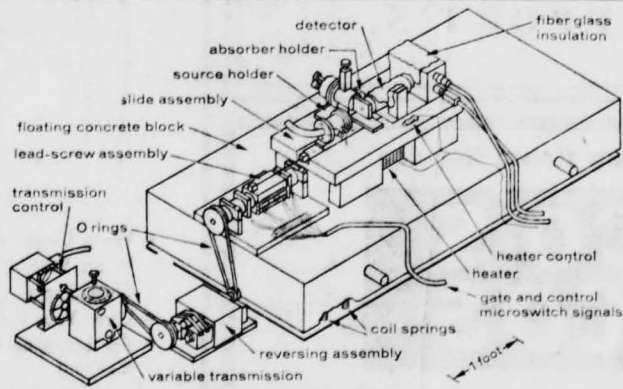

Bruce Beutler (6-8½) and Bill Higgins (6-½) are the centers with John Keating, Mani Gonzalez, Bob Potraz, Pete Sheehan, Kirby Long, Al Kazdin and Larry Keller the guard candidates.

NUCLEAR ENERGY RESEARCH AT LAWRENCE RADIATION LABORATORY

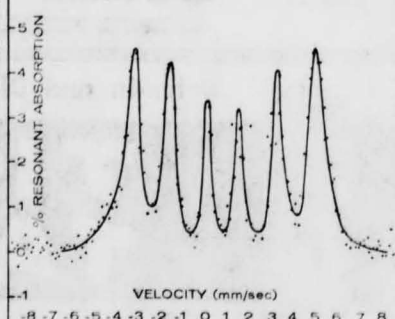

LIVERMORE, CALIFORNIA

MAJOR PROGRAMS NOW UNDER WAY: PLOWSHARE—Industrial and scientific uses of nuclear explosives. WHITNEY—Nuclear weapons for national defense. SHERWOOD—Power production from controlled thermonuclear reactions. PLUTO—Nuclear reactor for propulsion of a ramjet missile. BIOMEDICAL—The effects of radioactivity on man and his environment...far-reaching programs utilizing the skills of virtually every scientific and technical discipline.

This high-resolution Mössbauer spectrometer, used to study nuclear properties and solid state phenomena, is one of many research tools (ranging from the microminiature to the multi-ton) designed and built by LRL scientists and engineers. The spectrometer has less than 2% velocity jitter over a speed range of 100. The functions of the spectrometer are automated so that the resonant absorptions for 160 positive and negative velocities are obtained in a normal run. Data obtained from print-out scalars are processed and plotted by electronic computers.

Magnetic hyperfine splitting of the ^{57}Fe 14-keV transition for a 7 atom percent iron-in-gold solid solution at 4.2°K.

EE, ME, CHEM, MATH, and PHYSICS MAJORS, all degree levels: Laboratory staff members will be on campus to interview students in the physical sciences and engineering Oct. 30, 1963. Call your placement office for an appointment.

Don't Forget! Spartans at Cal Saturday

SJS Harriers Eye Bear Sweep

Cal's George Linn will be the Bear's only hope of preventing a Spartan sweep Saturday when the two varsity harrier squads compete over the Strawberry Canyon course.

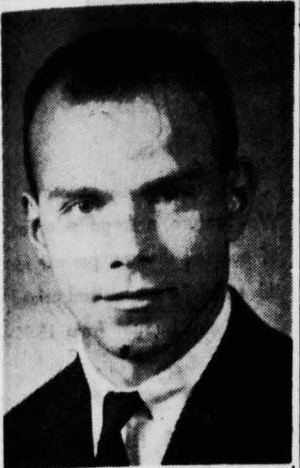

Linn finished ahead of three SJS runners Saturday at Sacramento (Ben Tucker, Tom Tuite and Gene Gurule) and his presence this week will keep San Jose on its toes.

The Bears have been easy prey in past years as San Jose has rolled up a perfect score on them the last six times the two have met.

This will be the last meet for the varsity before they collide with Stanford on the Indian golf course, Oct. 31.

Coach Dean Miller says that fans interested in watching the meet, can get a tremendous view of the whole course from the hillside behind Memorial Stadium.

The meet begins at 10:30 a.m. with the frosh run. The Spartans face Bob Price, who finished first at Sacto State after two locals took a wrong turn.

MR. BEAR—The arm of Craig Morton (4), who's shown here in the Iowa State game, is the complete story of the California offense. Cal's passing is statistically tops in the AAWU, while the running game is last. San Jose State meets Morton Saturday.

Rugged Spartan Line Can Beat Cal—Jones

"We're about even in the backfield. But, if our line can outplay theirs, we can beat them."

This is how Bob Jones, San Jose State's frosh coach, looks at the Spartans' chances of becoming the first SJS football team to beat University of California. Jones scouted the Bears in their 22-22 standoff with Duke Saturday.

"Cal's reserve strength made the difference against Duke," Jones said. "Duke tried to beat the Bears with one team, and just tired themselves out by the third quarter."

Jones spoke positively of the Spartans' chances Saturday. It's a tough job to scout the opposition, and even a tinge of sentiment, when you're plotting against your alma mater. Jones graduated from Cal in 1949.

"The statistics from the Duke game showed that Cal can either be passed or run on," Jones stressed. The Blue Devils gained 233 yards on the ground and 254

more through the air against Mary Levy's Bears.

"Our line with a good rush on Craig Morton (Cal's junior quarterback) and adequate protection for our own quarterbacks could definitely decide the game."

What about Morton? Is he actually the great team mover Bay

Students can pick up their free tickets for Saturday's San Jose State - California football game at Berkeley, upon presentation of ASB cards at the Student Affairs Business Office (B-1). Ticket deadline is tomorrow.

Area scribes paint him as? "Right now, I'd have to say that Morton is a half-step off the All-American potential he showed last year," Jones declared.

"Cal didn't give him any protection at all in the first half. This has been a foot-in-the-face for Craig all year. Only when they began to protect him—in the second half—did Cal start to move."

Jones warned about the passing team of Morton and Jack Schraub, former high school teammates at Campbell.

Schraub made the game-deciding catch, flat on his back in the end zone, after fighting three Duke men for the ball. It looked even better than the newspapers showed."

The come-through performance of Morton and Schraub, combining for two touchdowns, was the turning point for Cal.

Will Levy be looking over the SJS game for next week's meeting with USC? "Levy said after the game, he's taking them one at a time. He really can't afford to look past us," Jones pointed out.

'Mavericks' Playing Important Role in Recent Grid Success

By DAVE NEWHOUSE

To stand up against a stronger team like Washington State and beat them down like a bully; just to whom does the credit go? Start with the "mavericks."

Vince Darone, Larry Hansen, Tony Machutes and Bob Bonds—first string San Jose State linemen—are all playing new positions for the first time this year.

"You've got to credit the guys who've been switched around in the line for most of what we've accomplished this year," said Coach Bob Titchenal. "The moves have worked out well, for

they're all in better positions to utilize their speed."

Darone was third-string fullback last fall. Bad shoulders have been a constant problem for Vince, and for this reason, Titchenal tried to talk him out of turning out this year.

"You can't say enough about Vince," Titchenal said. "This guy's banged up every game, but still plays like it's the last one he'll ever play."

Spartan trainer Dave Blanchard feels that "last game" should have been last year. Blanchard spends more time with Darone than does his girl friend.

Hansen is the type of player, of which "Titch" would like to have a dozen. Hansen played tackle last year, but his 205 pounds makes him a more suitable guard.

Machutes, as an end in 1962, caught one pass for minus-one yard. As a tackle this year, he has caught one pass for five yards and a touchdown—against Washington State on a tackle-eligible play. Tony keeps getting better every game.

Then there's Bonds. A half-back in 1961, ineligible last year and a fourth-string fullback in spring practice, Bonds had about

as much of a future as King Farouk trying to endorse a car-set.

Bob never said "uncle," and after catching a TD pass against Stanford, moved up to starting end. He's been there since.

Library Closing Slated Saturday

The SJS Library will be closed one hour, 9 to 10 a.m., Saturday for changes in the electrical system.

The library will open before 10 a.m. only if the work is completed, Miss Joyce Backus, college librarian, has announced.

Peace Corps Rep Martha Allhouse Speaks Tonight

Martha Allhouse will speak on behalf of the Peace Corps Team, 7:30 tonight at the regular meeting of the United Campus Christian Fellowship, 300 S. 10th St.

Miss Allhouse is a former SJS student and has been a Peace Corps volunteer for the past two years in the Philippines. She will show colored slides and talk about her experiences of the Peace Corps.

Le Cercle Francais To Meet Today

Le Cercle Francais (the French Club) will meet today at 4:30 p.m. in Room B of the Cafeteria.

Recently elected officers are: Evelyn Dixon, president; Ed Huchaby, vice president; Dave Hutchinson, treasurer; Clayton Condit, secretary; Mark Rosenblum, social chairman.

Anyone who is interested in becoming a member of Le Cercle Francais is urged to attend.

'Little 500' Teams Discuss Bike Race

Team captains of the "Little 500" bike race will meet today in MG205 at 3:30 p.m. to discuss rules, bike specifications, and eligibility of participants.

The second annual running of the 50-mile, 200-lap race, will kick off Friday, Oct. 25, at the south campus track.

Time trials to pick the fastest 22 teams will be held on the south campus track Friday at 2:30 p.m.

All teams, composed of four riders, will compete at the trials. The top 22 teams will be entered in the final competition.

Law School Test Forms Available

Seniors planning to enter law school next fall can obtain information bulletins and application forms for the National Law School Admission Test from the Political Science office, CH146, according to Pre-Law Adviser T. M. Norton.

The test may be taken on Nov. 9; Feb. 8, 1964; April 18, 1964; and Aug. 4, 1964. Norton added that the test was required by most American law schools.

Applications must reach the Educational Testing Service, Princeton, N.J., not later than two weeks before the test date selected, and a \$12 fee must accompany the application.

A description of the test, sample questions and a list of the places where the test will be given are included in the information bulletin.

Job Interviews

Job interviews are held at 303 S. Ninth St. Interested students (January graduates only) are requested to make appointments at the Placement Office (ADM-234) prior to the interviews.

TOMORROW:
Douglas Missiles & Space Division will interview electrical, mechanical, chemical engineering; accounting, and liberal arts majors.
McClellan Air Force Base will interview mechanical, electrical, industrial engineering; aeronautics, business, accounting, and liberal arts majors.
General Electric Credit Corp. will interview advertising majors—male only.

Friday, Oct. 18:
Factory Mutual Engineering Division will interview electrical, chemical, mechanical engineering; general engineering—male only.
Sacramento Municipal Utility District will interview electrical engineering majors—male only.

People's World Reporter To Speak On Negro Freedom

Carl Bloice, young Negro reporter for the People's World, will speak on Negro freedom and the political future of the U.S. tomorrow in TH55.

Bloice will speak as a guest of TASC (Toward an Active Student Community) at 3:30 p.m.

The reporter spent about a month in the South this summer visiting such sites as Greenwood and Jackson, Miss., and Albany and Atlanta, Ga. He also participated in the Aug. 28 march on Washington, D.C.

Bloice, 23, is a resident of San Francisco and has been a reporter for the People's World for three years.

Cigarettes Out, As Students Burn

Cigarette vending machines have been outlawed on the College of San Mateo campus by its president, Dr. Julio L. Bortolazzo.

The ruling by Pres. Bortolazzo was accompanied by a statement that explained his stand:

"In the classrooms . . . we teach facts concerning the mounting evidence of a cause and effect relationship between cigarette smoking and the incidence of disease. If the administration then permits the installation of cigarette vending machines, we violate the data we teach."

Band Featured At Cafe Capers

The Majestics, a five-piece band which plays contemporary music, will be featured at Cafe Capers Thursday in the cafeteria from 2:30-3:30 p.m.

The members of the group include Rich Thaw, drummer; Trini Rivera, bass player; Jerry Scott, piano organist; and Tony Pagan, guitarist.

The Majestics have played at many SJS functions and at such local spots as the Golden Doors, Hyatt House and the Sainte Claire Hotel.

Chess Club Starts New Tournament

The next meeting for the SJS Chess Club is scheduled for Friday at 2:30 p.m. in the Student Union Lounge. A Swiss tournament will be started and a welcome is extended to all who wish to come and participate or watch, said Wayne Fields, chess club president.

A perpetual ladder tournament is under way at present. Anyone wishing to enter the tournament can do so at any time in the Student Union Lounge.

Newly elected officers are:

President, Wayne Fields; Vice President, Ken Shafer and Secretary, Sandy Goss.

FOR THAT . . . SORORITY PLEDGE DANCE

We feature a large selection of cocktail dresses, perfect for this special occasion and priced to fit any budget from 15.95.
