## RIGID NEW RULES FOR ROOTERS

Final plans for activities at the Santa Barbara game were made by members of the Rally committee at their regular Monday night meeting, informs Rally Chairman Betty Louthan.

True to his promise, Card Stunt Chairman Al Raffaelli has produced 12 tricks for this week's game and will follow the same procedure as before in carrying them out. Raffaelli expressed his gratitude for the cooperation given at the Hardin-Simmons game, and promised even bigger and better stunts for the future.

In issuing a plea for greater cooperation, Miss Louthan stressed the following points:

1. White shirts and rooters' caps will be required in order to sit in the newly enlarged rooting section.
2. Will the students please enter the rooting section from the top side only.
3. When the school hymn is sung, will the rooters take off their hats and hold the hats over their hearts. The administration has commented unfavorably on this previous lack of respect.

## HEALEY ELECTED GUILD PRESIDENT

Deane Healey, junior speech major, was elected president of the San Jose State college Radio Guild at Monday afternoon's meeting.

John Ickes will serve as production chief, Jim Caputo will be script editor and secretary, and Don Holladay was selected to fill the office of sound supervisor.

The quartet of officers and Dr. Edgar Willis, faculty adviser, will serve as the executive board of the organization.

The assembled Guild members also ratified a new constitution, making several changes in wording and minor details.

"There is still time to try out for the Guild," announces President Healey. "Those who desire to do so should sign up on the sheet posted outside room 165-C. Writers are especially needed. They should sign up, but will be interviewed instead of being auditioned."

"The Guild will have three shows a week over local radio stations and many original scripts will be needed," concludes Healey.

## VETS GET ASB CARDS TODAY

Veteran students under P. L. 346 who have not received their student body cards may obtain them in room 32 beginning today, according to Edith Graves, cashier in the Graduate Manager's office.

Miss Graves also emphasized that 5 p.m. Monday is the deadline for signing ASB card refund applications under the recent Veterans' Administration ruling allowing free student body cards to veterans attending school under P. L. 346. This applies to vets who bought cards at the beginning of the year.

"Approximately 1000 veterans signed refund applications Monday and Tuesday," stated Miss Graves.

## CAST FOR "EILEEN" SELECTED

Joan Buechner and Roxana Hildreth have been selected for the starring roles in the farce comedy "My Sister Eileen" to be produced in the Little Theater October 30 through November 4.

The role of Eileen will be portrayed by Miss Buechner, whose home is in San Jose. She will be remembered for her appearances in "Kiss and Tell," "The Assassin," "Dear Ruth," and other college productions. Miss Hildreth, also a San Jose girl, will play the part of Eileen's sister, Ruth. She is a senior at San Jose State college, and is well known for her stage activities here.

"My Sister Eileen" is the story of two girls who go to New York City to make their success. The play tells of their difficulties and love affairs, culminating with the hilarious visit of the Brazilian Navy in a conga line!

Supporting players in the comedy will be: Bill Furnell, Vic Viviano, Deane Healey, Derrell Bond, Clark Kirkpatrick, Letitia Kendall, Harold Upson, Francis Lickwar, Ronald Sego, Shirley Mandel, James Forster, Gwen Samuelson, Robert Barmettler, Ivan Van Perre, Clifford Roche, James Jensen, William Nelligan, Donald Holladay, and Ed Williams.

## Spartans Drill For CCAA Opener

By BUD SCHULTZ

Coach Bill Hubbard sent the Spartans through a spirited one hour scrimmage yesterday in preparation for their CCAA opener against the Santa Barbara Gauchos Friday night.

Hubbard indicated more of the same for today, with tapering off drills slated for Thursday.

The line play of Joe Juliano and Ken Blue, and the running of Halfbacks Bill Elam and Rusty Russell stood out in yesterday's practice.

The Spartans are virtually assured of the services of Ends Junior Morgan and Dean Sophia, but the condition of firey Jack Kakuuchi, who was injured in the Puget Sound game, is still doubtful.

Backfield Coach Walt McPherson, who saw Santa Barbara defeat Occidental, 17 to 14, last week, states the Gauchos have a good backfield but the line strength may be weak.

The Gauchos hold victories over Pomona college and Occidental, and will be pointing for their third straight win Friday night.

"Santa Barbara would rather beat us than any other team in the conference," says Line Coach Bob Bronzan. "We will be ready for a tough contest."

## CONCERT TICKETS

Student-rate tickets for the San Jose concert series are now on sale at the Civic auditorium, announces Dr. Lyle Downey, Music department head.

For a purchase of five or more tickets, students will pay 90 cents, a saving of 10 cents, Dr. Downey was informed. The first concert opens October 20, he adds.

## STUDENTS TO SEE LILY PONS

Dr. William Hermanns, assistant professor of languages, will take a group of students to see the opera Lucia di Lammermoor, starring Lily Pons, Friday night in San Francisco.

Dr. Hermanns, who took a group of students to see the opera Tristram and Isolde Monday night in San Francisco, said the trip was so successful he is planning this cultural excursion also.

Dr. Hermanns has procured 40 tickets for the opera at a reduced rate of \$2.40 each. The group going to the opera will leave Friday afternoon at 5 p.m.

Anyone interested in attending the opera must contact Dr. Hermanns today in room 25A. Transportation will be arranged later.

## AWARD SET FOR POST-GAME HOP

The Jules Bozzi Player of the Week trophy will be presented at Sigma Gamma Omega's ninth annual Football Dance Saturday, October 18, at the Civic auditorium.

This award, an Eversharp "CA" retractable pen, is presented each week to the "Most Valuable and Outstanding Player." Spartans who already have won trophies this year include Fred Mangini, USF game; Herman Knupper, Hawaii game; Jim Jackson, Hardin-Simmons game; and Charles Blackwell, Puget Sound game.

Blackwell and the player chosen after the Santa Barbara game will receive their awards at the Football dance, according to Mert Root, SGO president.

The dressy sport dance will feature music in the modern mood by Marilyn Merle and her all-girl orchestra. Decorations will follow the gridiron theme with ceiling and floor marked off for yardage, goal posts, and a mural of a Spartan on the stage.

"Bids may be purchased near the Library arch or at the door," Root said. "They are in the form of football tickets."

## ADDITIONAL SEATS SET FOR ALL-FACULTY PLAY

"The demand for tickets for the all-faculty production of 'The Guardsman' has been so great that additional seats have been set up in the Studio Theater to facilitate more persons," Dr. Hugh W. Gillis, head of the Speech and Drama department, stated yesterday.

Ferenc Molnar's comedy opened in the Studio Theater October 10 and will complete its nine-night run on Sunday, October 19. Dr. Gillis also stressed that it is useless for students to expect to purchase tickets at the theater door. Tickets may be purchased only in the Speech office, room 57.

## Placement Office

Placement office announces positions available in typing and general clerical work. Salary: \$140 to \$148 a month. Check with Placement office for further information.

## Community Chest Drive Begins On Campus Today

By BETTY McCONKEY

Opening of the campus Community Chest drive begins at 10:30 today with a class-to-class canvass for contributions toward the \$1800 San Jose State college goal, according to Patricia Polk, committee chairman.

Members of Alpha Phi Omega, Spartan Spears, Spartan Knights, the Student Council, and AWS

## INJURY SERVICE CHANGES OKAYED

Approval of revisions to the Associated Student Body injury service was given by the Student Council in its regular meeting Monday night. Tom Wall, member of the Council last year, drew up the changes.

In order to be eligible for benefits under this service, according to Wall, one must be an ASB card holder and currently registered as a regular student.

"The injury must be reported to the college Health office within 48 hours after it occurs. The student must obtain and pay for the proper medical services and present the receipts of payment to the head of the college Health department as a claim for reimbursement," Wall stated.

According to injury service rules, if the claim is passed by the Health Cottage board, the student will be reimbursed one-half the cost of the medical services with a maximum amount payable of \$200.

Dick Bartels was also appointed by the Council to head the committee which will have charge of producing a Memorial Chapel calendar. The calendar is scheduled to go on sale the first week in November.

Held over for the next meeting were the reports from delegates to the National Students Association convention in Madison, Wisconsin, and the World Student Service Fund convention held at Marin Junior college.

Nominations assemblies will be  
(Continued on Page 4)

## RAIDERS' IDENTITY STILL UNKNOWN

Investigation of the Monday morning pre-game raid on San Jose State college, during which "College of Pacific" was painted about the campus, has failed to disclose the identity of the raiding party, according to word received from Emerson "Doc" Arends, student body president.

Arends indicated that unless positive identification could be established, no official action will be taken by the Student Council.

According to word received from the University of Santa Clara, whose Broncos meet the COP Tigers on October 18, that campus suffered more extensive damage at the hands of the raiders than was inflicted here. The raiders struck at Santa Clara at 4 a.m. Monday morning, following through with their raid here at about 5:30 a.m.

Campus rumors that the COP letters painted on sidewalks and on the Library might have been locally inspired have not been verified, despite the fact that the paint used was not orange or black, traditional colors of the College of Pacific.

will carry on the canvass and manage the contribution barrels placed at handy spots about the campus.

This year's goal is less than that of 1946, and with the increased enrollment the burden of the individual student is lessened, Miss Polk states. However, the hope of the campaign leaders is to get the cooperation of every student on campus to meet the goal as quickly as possible.

Drive collectors emphasize that 25 Red Feather agencies are dependent upon this campaign to carry on with their activities. "This year's Community Chest drive is combining the needs of 25 agencies in one big drive and is saving students from being asked to contribute to each of the 25 groups separately," explains Miss Polk.

"Everybody Benefits When Everybody Gives" is the slogan of the Chest drive, and it well describes the extent of services which can be performed when everyone contributes.

People of all ages are among those who can benefit from Red Feather services, and only with everyone giving can the benefits be fully realized. "Known to every local college student are the extensive services of the city 'Y's', and the Catholic Women's Center—only three of the groups being directly aided by the quarters and dimes we drop in the containers labeled 'Community Chest,'" Miss Polk concludes.

## QUARTERLY DINNER HELD BY COURT

Justices of the Student Court and the court clerks held their quarterly dinner at the home of Senior Justice Jocelyn Capp yesterday evening.

Chief Justice Keith Pope and Mrs. Pope presided at dinner while Senior Justices Capp and Abner Fritz, Junior Justices Melita Hall and Bob Johnson, and Clerks Shirley Anthony and Carol Baumgartner ate their share of the dinner prepared by Mrs. Capp.

The justices had a short informal meeting during which they discussed the purpose and duties of the court, and the revision of the student body constitution that will be made this year, subject to the approval of a vote by members of the Associated Students of San Jose State college.

## DR. PETERSON VISITS

Dr. P. Victor Peterson was at San Jose State college Monday and Tuesday for a conference with the acting heads of the Natural Science department.

Dr. Peterson, head of the Natural Science department, was granted a year's leave of absence to enable him to take the position as acting president of Los Angeles State college.

## GIVE AND BENEFIT

Canvassers will pass among classes this morning in an effort to raise \$1800 for the Community Chest. This one drive takes care of 25 organizations and alleviates that many charity drives.

From time to time we are asked to give part of our material wealth to help those who are more unfortunate than we. It will seem hard to give when we don't seem to have enough to make ends meet. Yet if we look at the plight of those whom this drive will help, our denial of an extra show or a few cups of coffee seems rather insignificant.

Such organizations close to students on Washington Square as the Catholic Women's Center, Student Christian Association, YMCA, YWCA, Boy Scouts, and Girl Scouts are helped by the Community Chest.

All these organizations are closely related to the campus, either by present or past affiliations which Staters have engaged. It will take only a few cents to help out.

Whap the volunteers greet you this morning, give generously to help send Sparta over the goal as in the past.

## HAVE YOU HEARD?

By BEA DOOLEY

Engagement announcements continue on into the month of October as Louise Wurfer, sophomore merchandising major, reveals her betrothal to Carl Silvers, a carpenter apprentice in Monterey. No date has been set for the wedding.

Another addition to the ranks of bride-elects is Violette Hilscher, freshman, of San Jose who recently announced her intention to wed Charles D. Bennett, also of San Jose.

Charles served with the navy and attended San Jose State college after his discharge. He now is employed locally.

The couple has set no date for the wedding.

The fall wedding of Ann M. Fanelli and Joseph R. Antuzzi, pre-medical student, ushered another young couple into the newlywed set of San Jose.

Ann, a member of the secretarial staff at San Jose High school, wore a long-trained satin frock and carried streamers of baby orchids on a prayer book which had been presented by the bridegroom.

The couple will reside in San Jose.

Phyllis Edwards, 1947 June graduate, became the bride of James G. Percy in a ceremony at the Evergreen ranch home of her parents. Phyllis is affiliated with La Fidele, Zeta Rho and Sappho. The bridegroom attended Santa Clara university.

The couple will make their home in San Francisco.

Lullabies were ringing out in the Music department this week with the announcement of the births of two baby boys—one to the wife of an instructor and one to the wife of a student.

William Erlendson, Jr. joined the family of the music instructor Saturday. He weighed 6½ pounds at birth. Little William has an older sister, Kristin.

Twelve hours earlier, the wife of Carl Dimeff, music major, presented him with a son.

The Dimeff's will call their first child Carl, Jr.

Beverly Hanson, sophomore home economics major, announced her engagement to Jerry Owens, junior from Santa Cruz, this summer.

## San Jose Symphony Orchestra To Play Contemporary, Classical Music

By JOY GOLDER

"At least one, as yet, unpublished manuscript of a contemporary American composer will be featured at each San Jose State college symphony orchestra concert this year," announced Dr. Lyle Downey, music department head and orchestra leader.

By playing contemporary American music along with the classics, Dr. Downey believes that both students and audiences will delight in enriching their musical repertoire.

"Already the orchestra is in rehearsal with 82 members participating," states the conductor. He added that Thomas E. Eagan, music faculty member, supervises the organizational planning of the symphony orchestra.

Aiding in auditioning for membership are music faculty members, Frances Robinson, Gibson Walters, and Betty B. Dexter.

Students do not have to be music majors to become symphony orchestra members, Dr. Downey

said. He emphasized that talent in playing a musical instrument is the only requirement.

"However," said the podium director, "music majors naturally will get preference in a section that has only a few positions open and has a large number of applicants."

Three concerts, the first being December 9, are scheduled for the college this year, the conductor said.

Dr. Downey revealed that the first of the unpublished manuscripts, which will be played in the December concert, was composed by Robert O. Barkley, an old school chum of his. Mr. Barkley's composition is entitled "Southern Iowa Suite."

"Although the orchestra is already under way," said the music professor, "we still have room for cello players. Auditions are available in Room 1 in the music building. Rehearsals are at 3:30-4:20, Thursdays, and 7-9 on Mondays.

Police students Jess Perry and Gordon McCarley are too busy putting up shelf brackets to notice the cameraman. Perry and McCarley are heading the general redecoration program for the Chi Pi Sigma fraternity house.

## WANTED: ONE HOUSE MOTHER FOR CRIME CHASERS

Women, here is your chance. Chi Pi Sigma, police fraternity,

is looking for a house mother for its establishment. If you qualify the job is yours. You must be able to cook two meals a day for the 28 men in the house, and incidentally be 45 years of age or older. Applications are being taken at 265 North 5th street.

Chi Pi Sigma president, Joe Rowan, is anxious to secure a house mother soon, as he doesn't know how long the boys are going to last without proper meals. At present the boys are cooking their own meals under the supervision of

Jerry Frank, temporary chief cook.

This fraternity house of Chi Pi Sigma isn't just one house. In these days when a fraternity would be happy with one abode, Chi Pi Sigma has taken over three.

Since the beginning of the quarter, the men have been at work painting, laying concrete in the basements, and cleaning the community yard.

Chief project for next quarter will be the laboratory which will include a dark room, facilities for blood analysis, finger-printing, and plastics work.

## THRUST AND PARRY

### DISGUSTED

Thrust and Parry:

Why not offer a special course in lettering for the benefit of certain feeble minded C.O.P. students?

The lettering now adorning our beautiful campus is atrocious. If certain "Sad Sacks from Stockton" insist on adding to the beauty of our fair college then by all means, let us help them to realize their goals.

Just a little disgusted, I remain,  
 —Bob Wyckoff  
 ASB 4672

### WRITING ON WALL

Thrust and Parry:

The writing on the wall (in fact all over the place) seems to be evidence enough of C.O.P.'s reaction to "Doc's" accusations.

We might want to be adults here at San Jose State college, but I think the first act of an adult is not to accuse a definite institution of an act until proof has been gathered. Every man is

innocent until proven guilty.

How can the Student Body back up its president, when he acts on impulse rather than facts?

## MISSING MAN MYSTERY

The manikin that disappeared from room 37 in the health wing last Wednesday night has been with the school for over forty years, says Miss Margaret Twombly, head of the department.

"It's loss to the department is a great one, both financially and from a teaching standpoint," she said.

In spite of its age it has lost none of its value, and there have been only minor repairs necessary to keep it in perfect working order, Miss Twombly states.

The manikin is used to familiarize hygiene students with organs of the human anatomy. It stands approximately four feet high and is stained red with all veins and vessels denoted in blue.

All the major organs may be disassembled from the body. The heart and lungs are broken down into their respective individual parts and each part is a "piece of workmanship."

It is constructed with papier mache and was imported from France, Miss Twombly continues. The only thing comparable is in plaster of paris which is highly expensive and very inferior in quality.

If the school manikin is not returned the department head will be at a loss to know where to look for a replacement.

Don Schaeffer, varsity tackle, is an excellent heavyweight boxing prospect. He figures high in Coach Dee Portal's boxing plans.

## SPORTLITE

By PAUL VON HAFFTEN

With the upsets and one sided football matches being the order of the past weekend, we start out this fourth week of gridiron entertainment with California, Michigan, Notre Dame and Texas U. taking the spotlight, while San Francisco U. was upset in a 21-14 thriller by Mississippi State.

The four national leaders won their contests with the greatest of ease with Michigan rolling up the biggest score of 69-0 over Pitt. A near riot ensued at the Oklahoma-Texas encounter with the officials being escorted from the field.

Our prize picks of the past week included Cal over Wisconsin, Vandy over Mississippi, and Yale over Columbia, while our prize boners were San Diego over COP, Stanford over Santa Clara, and Northwestern over Minnesota.

## CHANGE AT STANFORD?

Rumblings of changes in the Stanford athletic department were heard throughout the Stanford bowl Saturday. It is, however, too early to make any predictions along this line.

## GOOD LUCK SAN JOSE

The Spartans make their initial 1947 appearance in CCAA competition this weekend against Santa Barbara State which does likewise. Coach Bill Hubbard's men will be seeking their fourth straight 1947 victory and fifth straight conference triumph against these Gauchos. We like them to win it by two touchdowns.

## ALL AMERICANS

Bob Chappuis of Michigan, Johnny Lujack of Notre Dame and Bobby Layne of Texas U. already have practically clinched All American backfield berths due to their splendid performances of last week. Notre Dame, however, must improve their ground game and blocking if she expects to go through an undefeated season this year. Lujack is great but he can't carry the load by himself. If Notre Dame doesn't, the Irish will get dunked by both Army and Southern California.

## LOPSIDED TILTS

We simply can't see these one sided 48-0 and 69-0 matches at all. It is bad for football because

## PRE-GAME HISTORY

## SPARTANS AND GAUCHOS HAVE INTERESTING RIVALRY

By PAUL VON HAFFTEN

The Santa Barbara Gauchos and the San Jose State college Spartans will meet in their ninth renewal of gridiron rivalry which began back in the year of 1927 when the Southerners won the opening tilt by the score of 13-7. Coach year's contest by a 20-0 count.

This 1927 contest was the only one that they have ever won from the Spartans. There have been eight contests and the Spartans have won seven of them. The locals have amassed a total of 170 points to the Gauchos' 59 during the rivalry.

Perhaps the most famous contest was the 1939 game in which the Dud DeGroot-Glenn "Pop" Warner coached Spartans ran over the Gauchos by a 23-7 count. That year the Spartans only allowed four touchdowns to be scored against them.

It was this same year that the San Jose squad had such famous names as Leroy Zimmerman, Bob Bronzan, and Captain Bob Titchenal. Titchenal's brother, Dave is with the Los Angeles Dons, while Zimmerman is starring for the Detroit Lions. Bronzan is the Spartans line coach, and De Groot is the head coach of the Dons.

Incidentally, Coach Bill Hubbard played on the 1927 and 1928 Varsity teams which split with the Gauchos, while Walt McPherson, backfield coach, saw action

the customers, who have to fork up anywhere from two to five bucks a game, expect to see two evenly matched teams fight it out to the finish. They want thrills furnished by both squads instead of merely one team doing it. Unless the athletic directors wake up to this fact, they will lose the fans' interest and money as well.

The heyday of the post-war spending era is over and the fans will stay away if these mismatches are continued much longer. The people like winners, but they also want their money's worth.

As Tom Rowen tries his luck at picking the winners this week, I'll merely throw in a few guesses this time.

UCLA over Stanford.  
Notre Dame over Nebraska.  
San Jose over Santa Barbara.  
California over Washington State.  
Oregon State over Southern California.  
Minnesota over Illinois.  
Michigan over Northwestern.  
Army over VPI.  
Texas over Arkansas.  
San Francisco over Marquette.  
Pennsylvania over Columbia.

## NATORS MEET INDIANS TODAY

This afternoon San Jose State's water polo teams travel to Palo Alto to face Stanford university.

Coach Walker points out that the Indians will doubtless have a very strong team this year. Armstrong and Borchers, returning lettermen, are two outstanding men on their varsity.

Last year the boys from the Farm defeated the Gold 'n White varsity in two contests. The first game ended in a 15-8 defeat for the Spartans, and in the second the "Redmen" triumphed 9-5 over the local splashers.

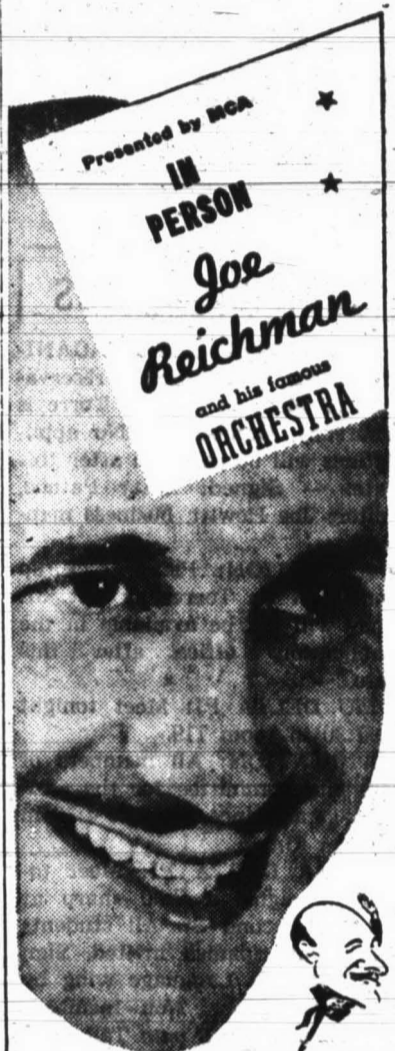

"We expect to give them a much tougher time this year," Walker asserted. "We may even surprise them and put them at the short end of the score."

The frosh will play the preliminary contest at 3:30 p.m. in the outdoor pool at the Farm. Walker will probably use the following men as starters against the Papooses: Pete Wolff, goalie; Fred Henssen, "Mal" Maloney, and Herb Blatt at the back positions; Bob Santos, Bob Hofman,

and Howard Bogie at forwards.

The varsity game will be played at 4:30 and the Spartan mentor will send in the following men against Stanford: Dick Bartels, at the goalie spot; Ed Rudloff, Otis Keeler, and Eugene Foley at forwards; Tudor Bogart, Howard Ruweler, and Dave Thompson at the back positions.

Bogart will captain the San Jose team. Ed Rudloff was high scorer for the Spartans against the Aggies last Friday with five goals to his credit.

STUDENT PLATE 50c

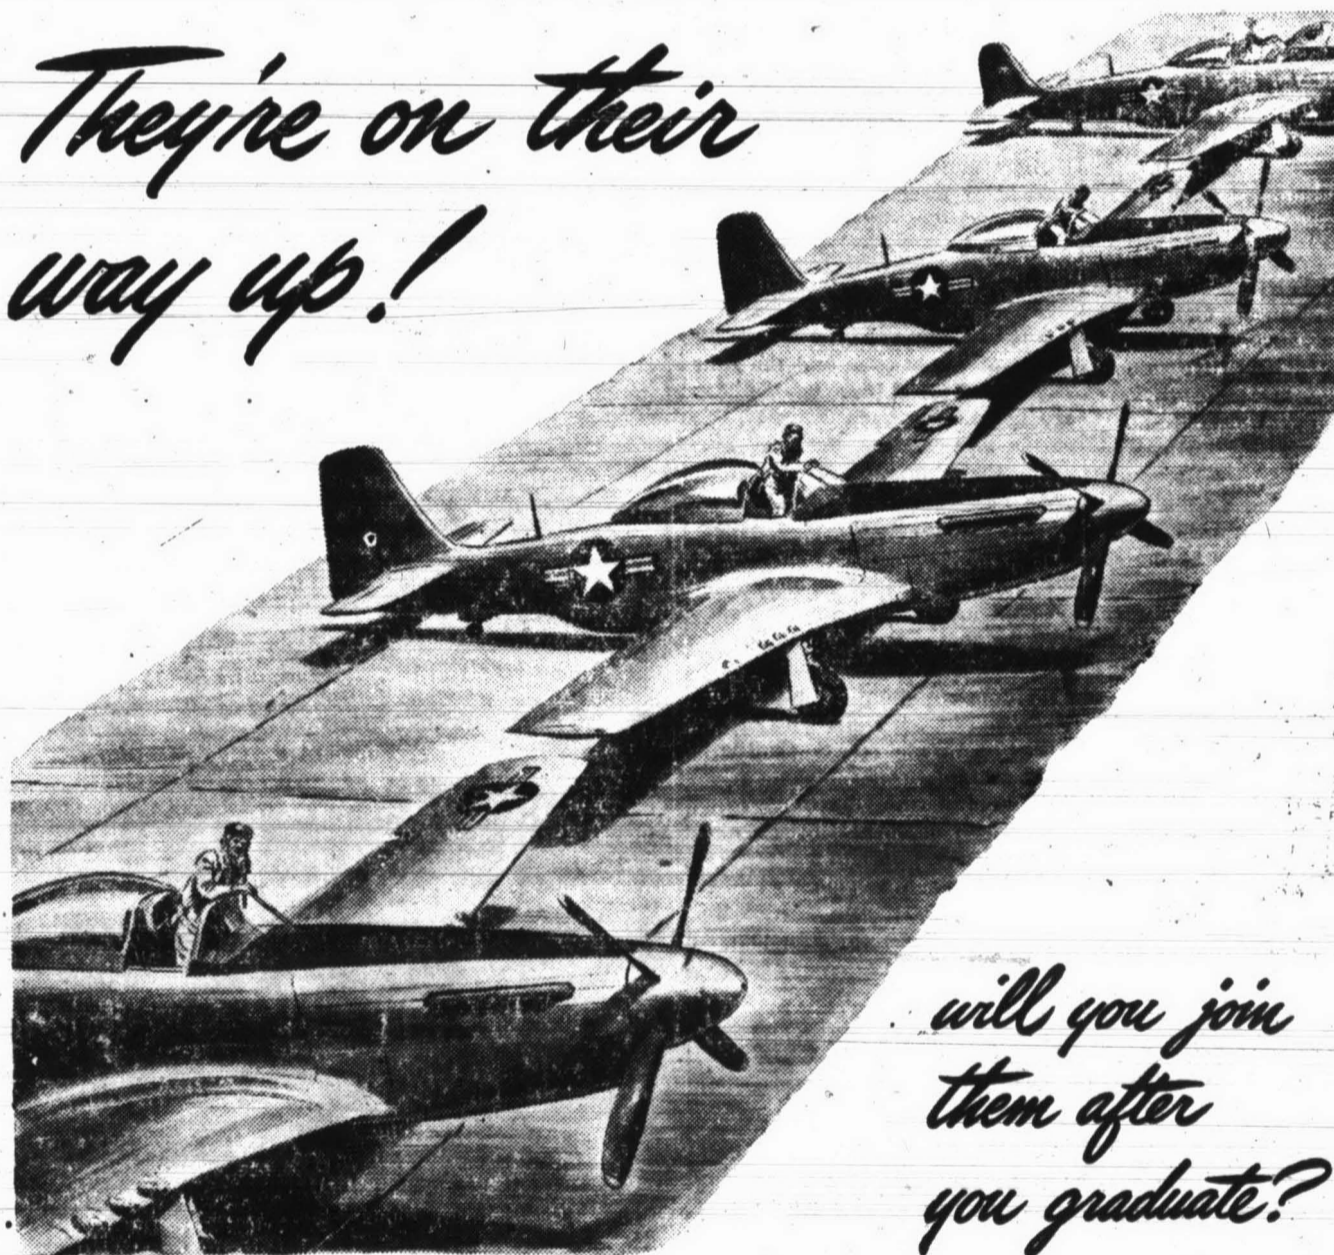

Coffee, cokes, shakes, sandwiches served at the

# COOP

Hours 7 a.m. 'til 8 p.m.

Monday thru Friday

*They're on their way up!*

*will you join them after you graduate?*

**Y**OU probably know a number of men in your class who were pilots in the wartime Air Force. They are the best advertisements for the Aviation Cadet program. Talk with them about it.

Chances are, they'll tell you their service as pilots was one of the most interesting and exciting phases of their lives. Fast action, comradeship, and the chance to serve their country paid them dividends they don't forget . . . added something to their stature and poise that they couldn't have gotten anywhere else.

Cadet life today is no different. As a potential pilot in the new U. S. Air Force, you serve at a time of equal importance to the nation. Freedom, responsibility, the chance to use your own initiative are all yours.

The training you get is the finest your government can provide — \$35,000 worth for every Cadet.

You're taught by skilled instructors, fly the best airplanes. Your living facilities are excellent.

Learning to fly today opens profitable fields to you in aviation — which is expanding more rapidly than at any other time in history.

Pilot training is open, now, to single men, 20 to 26½ years old, who have completed at least one-half the credits for a degree from an accredited college or university — or pass an equivalent examination. Cadets completing the course will be commissioned Second Lieutenants, ORC, and assigned to active duty as pilots with the Air Force. During their tours of duty they will be given a chance to qualify for Regular Air Force Commissions. This is *your* opportunity! Look into it today at your nearest U. S. Army and Air Force Recruiting Station.
