## SPARTANS DRILL FOR AZTECS

By TOM ROWEN  
Spartan Daily Sports Editor

San Jose State college's football team, decisive victors over Santa Barbara college Friday night at Spartan Stadium, 39-0, before an estimated crowd of 10,000 fans, begin drills today for their October 25 nocturnal conference game against San Diego State college at the Border city.

"The boys played well," Coach Bill Hubbard stated after the Gauchos game. "We are going to have plenty of hard work this week preparing for the Aztecs."

### GAUCHOS OUTCLASSED

The Spartans completely outclassed Santa Barbara Friday night. They started out early by racking up two scores in the first quarter. The second quarter brought one San Jose touchdown. Two more were tallied in the third quarter and one in the final quarter to complete the Spartan scoring. Vico Bondetti kicked three extra points for San Jose.

Hubbard praised the work of Bill Perry, Billy Elam, Billy Parton, Gene Barbier, and Marshall DeBisschop. Perry engineered the two touchdown drives in the third quarter for the Spartans.

### PERRY STARS

Barbier scored the fifth score for San Jose by taking a handoff from Perry and galloping 23 yards for a Gold and White score. Perry on a quarterback sneak through the center tallied six points to climax an 80-yard drive in the early moments of the third quarter.

San Diego boasts victories over Utah State and Cal Poly and Hubbard plans extensive drills this week to have his charges ready when the Spartans take the field Saturday night in the southern city.

### SPARTANS SCORE

Pete Denevi made the first San Jose score in the first quarter when he drove through tackle from the two-yard line. Bob Piferini had recovered a fumble three plays before the Spartan score.

The Gauchos threatened in the late part of the second quarter when they drove to the San Jose five-yard line. Bob Mandemaker, Spartan tackle, recovered Glenn Mullaney's fumble and Santa Barbara never threatened San Jose's payoff station again in the remaining quarters.

(Continued on Page 3)

## SPARTANS, 540 BOYS ON AIR TONIGHT

The 540 Boys will be featured on station KEEN's "Spartans on Review" at 8 p.m. tonight, according to Sal Millan, publicity director for the program.

"An Orchid to State" will be the theme and the program has been specially designed to aid the Community Chest drive sponsored by San Jose State college this week.

The show is a public service feature of station KEEN and is written and produced by Jim Caputo, a member of the Radio Guild, who is writing the entire series.

## Chest Drive Will Climax With Dance; \$634 Collected Toward Campus Goal

### REFUND DEADLINE!

Miss Edith Graves, cashier in the Graduate Manager's office, announced that today is the last day for veterans under P. L. 346 to apply for ASB card refunds.

Miss Graves requested that all veterans who are entitled to ASB card refunds, but have not signed refund applications, report to room 32 today.

## STUDENT CAPTURES ARMED THIEVES

Edward C. Moore, San Jose State college sophomore police student, captured two heavily armed alleged auto thieves and Army deserters Thursday while on duty with the Los Gatos Police department.

Moore received a call from the Santa Cruz police that two armed men had stolen an automobile there and were heading toward Los Gatos. Spotting the pair as they entered Los Gatos, Moore forced the automobile off the road and made an arrest.

"They had a .38 revolver and 200 rounds of ammunition with them," reported the student policeman.

A Santa Cruz officer claimed the two men had been AWOL from the Army for two weeks.

## DATE CHANGED FOR F-S MIXER

The date of the frosh-soph mixer was changed from October 23 to October 28 at the regular meeting of the sophomore council held last week.

A committee, appointed by the council, consisting of President Ray Bishop, Al Pinard, Len Frizzi, Marilyn Norton, and Dr. Carl H. Rich, class advisor, was at freshman orientation Wednesday and issued a formal challenge to the frosh.

According to Al Pinard, the frosh responded with much gusto and a fine mixer is anticipated.

The sophomores also decided on their official dress for the occasion, which will be white shirts, jeans, and ties.

## ENROLLMENT SETS ALL-TIME RECORD

San Jose State college, including the junior college, now has a total enrollment of 6855 full-time students, according to Registrar Joe West. This is an increase of 1114 over last year's "record."

Of this total 3224 are veterans, while non-vets hold a slight numerical edge with 3631 registrations. These figures compare respectively with last year's totals of 2846 and 2895.

The junior college has 1761 students, with 485 of them being veterans and 1276 being non-vet. "The big problem facing us," Mr. West said, "is the shortage of classrooms, even considering the temporary buildings which are a great assistance. If we get another 1000 students next year, I don't know where we'll put them—and I don't think anyone else does either."

A dance will be given tomorrow evening in the Student Union from 8 until 11 in an effort to reach the \$1800 Community Chest goal at San Jose State college.

"Contributions last week totaled \$634 from faculty members, organizations, and class-to-class canvassing," reported Patricia Polk, committee chairman, Friday. Approximately \$600 was collected from the student campaign Wednesday carried on by Alpha Phi Omega, Spartan Spears, and Spartan Knights.

Miss Polk added the drive will be continued until Wednesday and barrels will be placed in the Coop, Student Union, and at the Library arch to encourage contributions.

Tickets for the dance will cost 25 cents and Tommy Pratt's orchestra will be supplied through the courtesy of Musicians Union, local 153. The dance is sponsored jointly by Alpha Phi Omega, Social Affairs committee, and the Rally committee. "All funds derived from the dance will help San Jose State college reach its goal," said Miss Polk.

The average contribution of each student is lessened since this year's goal is less than that of 1946. A total of 25 "Red Feather" agencies rely on the proceeds of this annual campaign to support their one of which sponsors the Student Y.

Tonight at 8 o'clock radio station KEEN will devote the "Spartans on Review" program to aiding the chest drive on this campus.

## SEAHAWKS EDGE SPARTAN FROSH

By BARNEY BARNETT

Aided by a soggy field the Santa Cruz Seahawks squeezed out a shaky 13-12 victory over an inspired San Jose State freshman team Friday night at Santa Cruz.

Early in the first quarter the Seahawks recovered a fumble on the San Jose 16 to set up their first score. Scofield bucked it over from the one-yard line but the try for point was wide.

A 21-yard dash by Boone culminated a 64-yard 2nd quarter march for the second Seahawk touchdown. Boone kicked the extra point to put the Seahawks out in front 13-0.

On the kickoff the Frosh came roaring back. A pass from Bill Kogelschotz to Bob Ensensperger connected for 53 yards and a San Jose touchdown. The try for point was not good.

San Jose's Freshmen got their second paydirt march under way late in the third quarter. A 39-yard pass from Dick Finegan to George Persha featured the drive. Gil Mendonsa scored from the six-yard line. The try for point was blocked.

The Seahawks managed to keep the Freshmen bottled up for the remainder of the quarter and the game ended with the Seahawks in possession of the ball on their own 26 yard line.

The hard fighting Freshmen rolled up 308 yards and 11 first downs against the Seahawks' 205 and 9. Playing outstanding ball in the San Jose line were tackles Ed Miller and Mitch Kanalakis, center Bob Keller and end Ed Wil-

### SWIMMING TESTS

Swimming tests will be given to those women who wish to complete their P. E. swimming requirements on the following dates: Tomorrow, October 21, and Thursday, October 23, at 8:30 a.m.; Wednesday, October 29, and Friday, October 31, at 11:00 a.m., according to Mrs. Lenore Luedemann, secretary of Women's P. E. department.

## COUNCIL TO NAME REVELRIES HEAD

Student Council approval of a newly appointed director for the all-student Revelries show of 1948 is expected to highlight the council business schedule at a meeting in the Student Union at 6:30 tonight.

Emerson "Doc" Arends, student body president, explained that Dr. Hugh W. Gillis, head of the Speech department, will recommend a candidate for council approval. The position of Revelries director was vacated when the council accepted the resignation of Deane Healey at last Monday's meeting.

Other council business will include a budget report by the recently appointed finance committee; a report on the National Student Association convention held at Marin recently; and a report on the World Student Service Fund convention held at Madison, Wisconsin, early this month.

The new Mu Delta Pi constitution will be considered by the council and the Sigma Alpha Epsilon constitution will come up for a vote of approval. A provision raising the pay scale of the public address operator also will be voted upon.

## DUCATS ISSUED FOR COP TILT

Students who plan to attend the COP-San Jose State college football game Friday, October 31, must obtain tickets which are to be given out this week, according to Edith Graves, cashier in the Graduate Manager's office.

Beginning Wednesday, tickets will be issued to ASB card holders from a booth located near the Library arch. This ticket entitles the bearer to a reserved seat in the Spartan rooting section. Admission to the game will be by ticket only, Miss Graves emphasized.

Three sections of the stands on the east side of the stadium will be available to student ticket holders, Miss Graves said.

### LIFE SHOW NOW UP

An exhibit of photographs illustrating life in Venice at the height of its power is now on display in the Art department of San Jose State college.

The exhibit was prepared by the editors of Life magazine in connection with a series of articles on the Renaissance period.

## NOMINATE OFFICERS TOMORROW

Candidates for class offices and Student Court prosecuting attorney will be nominated tomorrow, according to members of the Student Council.

Offices to be filled are president, vice-president, secretary, and treasurer of the senior, junior, and sophomore classes. Nominations will be held in class meetings at 3:30 tomorrow afternoon. Seniors will meet in the Morris Dailey auditorium; juniors in room S112; and sophomores in room 124.

A Student Body assembly (classes will not be dismissed) will be held at 2:20 p.m. prior to the class meetings, for the purpose of nominating candidates for prosecuting attorney.

According to Chief Justice J. Keith Pope, petitions need not be filed with the Graduate Manager's office before the nominating assemblies. To be eligible for office, a student must be a member of the Associated Student Body and of the class in which he desires to hold office. He must not be on probation or be a special student, or be more than six units deficient for his class.

A Student Court ruling of last year provides for nomination from the floor of all candidates for all offices. This is regardless of whether or not a petition has been filed in room 32. Deadline for filing of petitions is 5 p.m. Tuesday.

Late Friday afternoon no petitions had been turned in for the offices of senior vice-president, senior treasurer, sophomore vice-president, and sophomore secretary. Many of the other offices had only one candidate each, with only 13 petitions filed for all offices.

Election will be by Australian ballot Friday. The Student Court will be in charge of all election booths, which will be open from 8 a.m. to 4 p.m.

## TRUMAN DOCTRINE DEBATE SUBJECT

The International Relations club will hold a debate on the Truman Doctrine and the aid to Greece this evening in room 20, according to Jack Gregory, president of the group.

Those who are taking the affirmative include Louiss Frangione and Gretchen Kalb. The negative side is being discussed by Tom Malone and Jordan.

An important business meeting will be held prior to the debate. The International Relations Conference which will be held here next month will be the main problem for the evening.

## CAN YOU WRITE?

Members of the Lyncurus staff are in need of contributions from students who can and would like to write short stories, feature articles, poetry, and humorous articles.

Students who are interested in doing any type of writing may either leave their names and phone numbers on the Lyncurus bulletin board in room 17, Publications office, or call Col. 6561. — Lee Stronach, associate editor.

## HAVE YOU HEARD?

By BEA DOOLEY

Announcement of two marriages and an engagement occurred at a recent meeting of the Kappa society.

Betty Lyman, sophomore accounting major from Vallejo, revealed that she will marry her childhood sweetheart, Kenneth Mak, also of Vallejo.

June Graduate Virginia Babcock became the bride of George Mickulin in a ceremony at Sacramento this summer.

Another Kappa member, Betty Kesselwood, exchanged vows with Earl Johnson on October 5.

Margaret Carstens, sophomore journalism major from San Jose, has revealed her engagement to Carl Case, sophomore journalism major from Los Gatos.

The announcement was made at a surprise party. Carl is a member of Sigma Gamma Omega fraternity.

No definite date has been set for the wedding, but it will be in the near future.

Many San Jose State students took part in the summer wedding of Barbara Moore, senior GE major from Alameda, to John Morton, sophomore pre-medical major from Palo Alto.

Members of the bridal party included Dorothy Moody, Justine Reed, Jessie Campbell, Chuck Towner, Richard Robinson, Harvey Kent, and Allen Morton, brother of the bridegroom, who was best man.

The couple exchanged vows at the Stanford Memorial chapel and held a reception at the Paly Community Center after the ceremony.

A formal wedding ceremony at St. Joseph's church will unite Janet Spargo, freshman photography major, from Boston and San Jose, to Richard Smith of San Jose on November 8.

The couple will reside in Santa Cruz. Richard is affiliated with Gamma Eta Kappa, off campus fraternity, and is in business in San Jose.

## THRUST AND PARRY

### NO APOLOGY

Thrust and Parry:

In your article about the cast selection of "My Sister Eileen," you mentioned that Miss Hildreth, one of the leads in the play, was "well-known for her stage activities."

But did you list her activities—no!

Roxanna Hildreth was the cockney maid in "Blithe Spirit," the Swedish maid in "Junior Miss," the Hollywood secretary in "Over 21," the wife of Vauguin in "The Assassin" plus other numerous plays.

Besides in her good talent in comedy, tragedy and dialect parts, Miss Hildreth has worked on the big job of costume committee on many shows.

Apology isn't necessary, but recognition is.

—ASB 2109

Editor's Note: We humbly recognize.

### No Blocking, Please

Dear Thrust and Parry:

Too many students are forgetting that with the increased enrollment, traffic in the hallways is heavy. The congestion that results from the groups that insist on blocking arches, hallways, arcades, doorways, etc., greatly slows the movement of students across campus.

This is particularly "rough" for someone who may have to journey from the science building to the industrial arts area. As a result of the thoughtlessness of the few that have a free period, or are but a few steps from their next class, the efficient movement of the students is slowed more than it should be.

Please, for the sake of those who have more to do than stand and chat, be considerate enough to stand clear of places where traffic must pass through. If you can remember this, many people will

be less "irked" and a lot happier if they don't have to engage in ten minutes of football practice between classes.

—ASB 3666

### LET'S BE SURE

Dear Thrust and Parry:

Our class feels that definite precautions should be taken in case a fire ever should break out here at State.

Remember the words of William Ogden, Chief of the Fire Prevention bureau, that were printed in the Spartan Daily October 8? "Of course, there's danger, plenty of it. When you pack 7000 men and women into six square blocks, the life-hazard shoots way up." He frankly admitted that we are confronted with a bad situation not only because of the fire-vulnerable construction on campus.

Throughout the U. S., there are about 2500 fires yearly in schools and colleges alone, and the number is mounting each year! Who knows? San Jose State may be next!

Here briefly is our plan. 1. Be sure that everyone knows what the fire signal is. 2. Have fire drills periodically. 3. Build fire escapes, especially in the upper story of the administration building. 4. Be sure that fire hoses are put in conspicuous places.

We feel that even though the students have taken Psychology courses, they are very apt to become panicky in case of a fire if things are not organized.

"It's better to be safe than sorry," so let's get something done about this fire situation before it's too late.

Speech 2C class

3:30 Tuesday and Thursday

### WE QUOTE

Dear Thrust and Parry:

To ASB 1054 (critic of 540 boys):

Please drop dead.

—ASB 231

## Instructors Teach Coast to Coast

By NORWOOD MITCHELL

San Jose State college's Psychology department was well represented in various schools and states this summer as it supplied instructors to summer quarter sessions in colleges from California to Florida.

Dr. Raymond Mosher, head of the department, spent his time in the northwest giving instruction at the Pacific coast's second largest institution of learning, the University of Washington.

Mrs. Mary Goff, a recent addition to the department, also taught at Washington this summer.

Dr. Ruth Tiedeman, traveling all the way to the midwest was an instructor at the university of Chicago, while Dr. Donald Glad journeyed to America's dairyland to teach summer session at the University of Wisconsin.

Traveling to the southern end of this state was Elmo Robinson, associate professor of philosophy, who stopped just this side of the border to instruct students at San Diego State college.

Dr. Harrison Heath, Dr. Joseph Cooper, and William Ewens spent last summer presenting various psychology courses to students here at San Jose State college.

Dr. Brant Clark was a summer faculty member at the Naval School of Aviation Medicine in Pensacola, Florida.

## ODE TO THE TIGER

By DON TITCOMB

I get a funny feeling, Mr. Tiger,  
That you've done an unprecedented thing,  
Imagin' mixing paint and Lucky Lager,  
What an exciting way to have a fling.

Gad, what a humor Mr. Bengal!  
Why I'll bet the cubs at home are laughing too.  
Think of the paint it'll take before you'll  
Get the whole wide world to look like you.

Oh, you're a sly one, Mr. Tiger,  
You really must be tired to say the least.  
Don't be surprised if we're looking daggers,  
When the Spartans smear the lil' beast.

## SGO Has Speaker

Harrett Mannina, Sigma Gamma Omega alumnus, spoke of the advantages of college fraternity life at a smoker held by SGO at the Sainte Claire hotel recently.

Mannina was graduated from San Jose State college in 1942 and is now senior partner of Mannina & Nunes, San Jose attorney firm.

## Putting It Briefly

Recently the campus library arch played host to a bit of collegiate drama.

Two male youths were discussing the attractive skirt Spartan Drum Majorette Pauline Dardorff featured during one of the local football games.

The conversation was rather brief!

## SAN JOSE LEADS STATE COLLEGES IN ENROLLMENT

Thirty per cent of all students enrolled in the six state colleges in California are attending San Jose State college, according to figures released October 5 by the State Department of Education.

San Jose has the largest enrollment, 5,128, an increase of 858 over the number registered on October 5, 1946, this release stated. These figures do not include students enrolled in San Jose Junior college, which is operated in conjunction with the state college here, or part time students in the state college.

Total enrollment in the combined schools is nearing the 7000-mark.

Regular students enrolled in the five other state colleges as of Oct. 5, 1947, were: San Diego, 4,180; San Francisco, 2,906; Fresno, 2,683; Chico, 1,142; Humboldt, 715. Total enrollment in all six colleges amounts to 16,754, compared with 14,303 on the same date last year.

Of the 2,451 increase, 858 is credited to San Jose, 768 to San Diego, 525 to San Francisco, 219 to Chico, 69 to Humboldt and 12 to Fresno. San Jose holds a 948 enrollment edge over its nearest contemporary.

All six colleges showed their greatest percentage of gain between 1945 and 1946, ranging from 133.1 at Fresno to 243.6 at Humboldt. San Jose's figure was 142.2 from 1945 to 1946 and 20.1 per cent from 1946 to 1947.

Approximately half of the 16,754 students attending state colleges in California are veterans, the report shows. The largest number, 2,760, are enrolled at San Jose State.

## Naivete, Freedom In Ceramics Exhibit

By RUTH MCCARTHY

An exceptional ceramics exhibit is now on display in the art wing of San Jose State college, according to Dr. Marques E. Reitzel, head of the Art department. The display contains the work of children from the first grade through high school.

"The naive expression found in pieces created by children in the lower age groups is interesting to note," says Mrs. Eve Carey, ceramics instructor. "The children have a freedom of manner which reflects their free minds, unimpressed by the rules of art."

"The style of the younger children is absolutely free," repeats Mrs. Carey. "They have a soft pliable material with which to express their naive ideas of the world."

Mrs. Carey explains that as a student advances he becomes bound by the restrictions and rules which are a part of his or her society. Thus the work is "tight," it does not have the free play evident in that of a youngster.

"In my ceramics classes most beginning students are so hampered by rules of art that I must teach them to forget their inhibitions and to try for a more unsophisticated style."

The 85 piece ceramics exhibit was brought to San Jose State college from the Palo Alto Junior museum under the direction of Evelyn Moitzo.

Miss Moitzo is a graduate of the San Jose State college art department, and is now an assistant director at the museum.

Harriet Kennedy, June graduate and former Ero Sophian, visited the campus last week. Miss Kennedy spent the summer studying at the University of Mexico. She now has a position in San Francisco.

## FOOTBALL COACH USES TELEVISION AT GAMES

By PAUL CANE

A week ago Sunday afternoon was a notable one as far as sports history is concerned.

Yep, that day will probably go down in history as the moment that science, with all of its hard and cold facts, entered into the nation's sporting picture and began dictating its laws on the football field with the same volume and authority it uses to dictate its laws on an atomic proving ground.

That Sunday afternoon the Los Angeles Dons defeated the Cleveland Browns 13-10 in an All-America professional league football game. Aside from mentioning that the result was a terrific upset, not much else was discussed in the local papers.

Just Dons 13; Browns 10, that's all.

But there were extenuating circumstances concerning this victory, circumstances which had their birth in the scientist's laboratory; for Dudley DeGroot, head coach of the L. A. Dons was using a television set on the sidelines to assist in directing his plays.

DeGroot, former San Jose State college pigskin mentor, claims that looking into the television screen gives him a greater surveillance of the action on the field than he could possibly get from the old fashioned method of "just watching the game."

We queried Bob Bronzan, amiable line coach of the Spartan footballers, as to his opinion of

(Continued on page 4)

## SAN DIEGO HAS SEVERAL STARS

(Continued from Page 1)

The Spartans leave for the Border city Friday evening and will arrive Saturday afternoon. The San Jose contingent leaves San Diego Sunday morning and arrives home late Sunday night.

The Aztecs are led by John Simcox, sophomore quarterback from Long Beach. Simcox was a letterman in 1946 at fullback but was switched this year to the signal calling berth by Coach Bill Schutte. The San Diego backfield ace made honorable mention on the INS All-Coast team last year.

Behind the star Aztec quarterback is Stewart Worden, Barney Newlee, Joe Riccobano, and Dick McKee in the backfield positions. Bob Tomlinson, fleet-footed sophomore halfback, dislocated his shoulder in the Cal Poly game and probably will not be ready for the Spartan contest.

George Brown, senior guard who gained All-American recognition for Navy in 1943, highlights the San Diego forward wall. Larry Berger, sophomore end who received Little All-American honors in 1945 while playing for the Aztecs, capably holds down left end for the Border city crew.

Another outstanding Aztec lineman is Tom Dahms, sophomore tackle who tips the scales at 225 pounds. Headman Schutte considers Dahms a great prospect for All-Conference honors.

## TITCOMB HAS EYES ON WORLD CHAMPIONSHIP

BY BOB SCHULTZ

Don Titcomb has his eyes on the ultimate end of a sports kingdom—a world's championship. Don is a horseshoe pitcher and he is dead serious about the game. He first became interested in the sport when he was in junior high school at Woodrow Wilson. Don entered the city

championship at the tender age of 14 and was soundly beaten in everything but spirit. Spirit and desire added up to four hours practice every day and it payed off like this.

In 1941, while pitching for the San Jose horseshoe team, Don captured fifth place in the Northern California championships held at Golden Gate park, San Francisco.

In 1942, he placed second in the California State playoff, losing only to Guy Zimmerman who is recognized as one of the top three horseshoe pitchers in the world.

Don hung up his shoes for the next 35 months and did his pitching for the United States Marines. He spent 33 of those months overseas, so the horseshoes collected quite a coat of rust.

After being discharged in 1945, Don worked out earnestly again, this time with his eyes on the World's Championship to be held in Salt Lake City in 1946. In the way of preparation he competed in the 1946 California State play held at the Santa Clara county fair. Again he placed second, and again it was Guy.

At the World's Championship, Don placed 15th in a field of 35 veterans of many years play. Don, at 23, was considered an infant in the matches, most of the contestants being twice his age.

Don's best records include 88 ringers out of 100 throws, and 39 consecutive ringers. He throws left handed, and uses a turn and a quarter style.

Plans for next year include an exhibition tour with Guy Zimmerman and practice, practice, practice for that trip to Milwaukee and another crack at a World's Championship.

ter, secretary; Frank DiTomaso, treasurer, and Tom Triena, sergeant at arms.

## SPARTAN MATMEN HOST IN MEET

The 15th District Olympics wrestling matches probably will be held at San Jose State college this season, according to Coach Ted Mumby.

The District is composed of colleges in Northern California and Nevada. It includes such schools as Fresno State, Stanford, California, College of Pacific, San Francisco State, Nevada, and several colleges.

It is open to any amateur wrestler in this area. There also will be three other areas in which the District Olympics will be held. They include Washington-Oregon and the Southern California regions.

The Spartans were invited to be host to the 15 District Olympics by the San Francisco Olympic Club which sponsors this annual event.

## Theta Mu Smoker

First Theta Mu Sigma smoker of the year was held at the Sainte Claire hotel at which prospective pledges were entertained, according to Bob Thom, president of the group.

Plans for future social events were made. George Hernandez was named captain of the football team, and movies of last year's Spardi Gras were shown to the guests.

Present officers of the fraternity are: Bob Thom, president; Carl Le'jon, vice president; Kerry Cut-

## CASABA TOSSERS STILL DRILLING

The Spartan basketball team enters its second week of practice this week on the hardwoods of the Men's gym. Coach Walt McPherson has been having his casaba squad work out three days a week.

Returning players from last year's casaba squad include Ralph Romero, Ron Staley, Bob Wuesthoff, Bob Hagen, and Stu Inman. Several junior college transfers are working out with the team.

McPherson has the team working mainly on fundamentals at the practice sessions. The squad practices on Monday, Wednesday,

and Friday. The first two weekly workouts are in the evenings while the Friday session is in the afternoon.

## TELEVISION IS NEW ADDITION

(Continued from Page 3)

the television screen. He thought that it had marvelous potentialities, but qualified his statement by adding that, at present, "It isn't suited to college ball because the collegians use many more running plays than do the pros."

Bronzan explained that the 'grid' upon which the televised picture is produced is too small to take in an entire view of the playing field.

"In pro football," he continued, "it is satisfactory because of the greater amount of passing that is done. But if a team uses a great deal of rushing offense, it is difficult for the screen to keep tab on the ball carrier and the line action as well."

"Guess we'll just have to include four years of chemistry and physics in the curriculum for prospective coaches," Bronzan joked.

"Yeah," we agreed, "but that may not turn out to be as funny as you think. We heard that Metro-Goldwyn-Mayer was making a motion picture about the new technique. Gonna' call it 'The End of the Beginning,' or something like that."

## Announcements

INTER-FRATERNITY MEETING: Tonight at 6:30 p.m. Dean of Women's office.

ENTERTAINMENT COMMITTEE FOR AWS JINX: Meet in room 24 at 4:30 p.m.

FRESHMAN CAMP REUNION: Come and see all your friends from Asilomar. First camp reunion is November 6; second camp reunion is November 5. Meet at Student Union at 7:30. Refreshments served. Sign up at Student Y, 220 So. Seventh. Price is 25 cents.

ETA EPSILON: Meet tonight at 7:30 in Home Ec. building, room 2. Bring materials as requested at last meeting.

ALPHA ETA RHO: Meeting tonight at 7:30 at Stickney's.

SWIM CLUB meeting tonight from 7 to 9. All girls welcome. Suits and towels furnished; bring caps. Men's gym.

PI OMEGA PI: Meet today at George Kemp's See bulletin board. ALL STUDENTS who wish to take the "C" section of Drawing and Composition or Design in the winter quarter should sign up in the Art office immediately.

Let's  
Get  
Together

**PHILIP MORRIS**  
is so much  
better to smoke!

PHILIP MORRIS offers the smoker an extra benefit found in no other cigarette. For PHILIP MORRIS is the ONE, the ONLY cigarette recognized by leading nose and throat specialists as definitely less irritating.

**Remember: Less irritation means more smoking enjoyment for you.**

Yes! If every smoker knew what PHILIP MORRIS smokers know, they'd ALL change to PHILIP MORRIS.
