Challenges

- Software has some limitations and we don't have in-house expertise to modify it
- Some of the more senior faculty see no need as their careers are at the peak
 - Trying to sell them on the "legacy" aspect
- Having the time to go as far as we would like to go with our services
- Getting new faculty to submit their own work

Next Steps

- Continue to develop contextual materials and innovative marketing
- Develop or hire expertise to pull out more useful and user-friendly statistics from the database
- Find funding to provide focused staffing
- Work into the statewide context for archives which uses a different platform
